Federal Screw Gets Renewal Of 'E' Award

Local Company Will Receive New Pennant With Star Affixed

About six months ago Federal Screw Works was awarded the Navy "E" pennant "in recognition of outstanding efforts in the production of ordnance materials vital to national defense."

In accepting this pennant from Rear Admiral Henry V. Butler, U. S. N. (Retired), Frank M. Edgar, president of Federal Screw Works, said in part:

"In acceptance of this award, let me pledge to you on behalf of the employees of Federal Screw, that this pennant shall not be looked upon in the light of having completed our contribution to the existing emergency, but rather shall be looked up to as an ever-inspiring symbol of the job yet to be done. And when unfurled, in addition to the Navy's interpretation, it shall also mean to us continued effort, energy, and the ultimate elimination of all enemies."

"We are individually and collectively bending every effort to produce better and more work day by day, fully realizing that the limits of human endurance may at some time restrain us—yet until that ultimate of physical achievement has been reached I offer to you, and through you, to the Government of the United States the motto of Federal Screw Works that shall also be our pledge—'We Won't Do Less.'"

This promise from the management and employees of Federal Screw has been kept, and the company has received notification from the Department of the Navy that "after careful consideration at its last meeting, the Navy Board for Production Awards granted your company a renewal of your award for an additional six months' period dating from July 28, 1942." The new pennant to be received by Federal Screw will have a star affixed, indicating the award renewal.

In his letter to Federal Screw, Admiral H. A. Wiley, U. S. N. (Retired), chairman of the Navy Board for Production Awards, said: "On behalf of the Secretary of the Navy, I congratulate all the employees of your company on their outstanding achievement. This award is not lightly bestowed in the first instance; the requirements for renewal are equally exacting. By being selected for this additional honor you have demonstrated that yours is no half-hearted effort but rather a solid determination to supply the fighting forces with the materials they must have to carry the engagement to the enemy."

The Village of Chelsea salutes and congratulates the management and employees of Federal Screw upon their splendid production record during this national emergency!

Rationing Board Office Open Saturday Nights

The office of the Chelsea Rationing Board is open every Saturday night from 7 to 9 o'clock at the public school building. It will also be open on Friday afternoon, Aug. 14, for the purpose of issuing rationing stamps.

Anyone who has excess sugar is cautioned to use it at the rate of one-half pound per person per week or to can four finished quarts of fruit per pound as the OPA makes these rules mandatory. The local board has no authority to change these requirements.

The board has just been notified that farmers who serve meals to threshers, silo fillers, or other help of this type, may receive sugar at the rate of one pound for every 42 meals served. Please do not apply unless you serve approximately forty-two meals during the season as certificates cannot be issued for less than one pound of sugar.

MRS. WHEELER INJURED

Mrs. William F. Wheeler was injured Friday evening while riding with her sisters-in-law, Mrs. Leo Prendergast of Ann Arbor and Sister Rosetta of St. Joseph's Academy, Adrian, when their automobile was struck by another car at an intersection near Tecumseh. The party was en route from Rockwood to Adrian, with Mrs. Prendergast driving. Mrs. Wheeler suffered a broken collarbone, three fractured ribs and minor cuts and bruises. The other occupants were cut by glass and slightly injured. All were taken to a Tecumseh hospital.

Fed. Screw Employees Get Treasury Award

Through the efforts of the Chelsea Industrial Workers' Association more than 90 per cent of the employees of Federal Screw Works are participating in the payroll savings plan for the purchase of War Bonds, and the company is furnishing a "Minute-Man" flag for each of the local plants and a banner for the Union's headquarters.

Frank N. Isbey, chairman of the War Savings Committee, State of Michigan, notified the CIWA of the Treasury certificate award which signifies that 90 per cent or more of their members are participating in this plan. Mr. Isbey's letter follows:

Chelsea Industrial Workers' Assn., Federal Screw Works, Chelsea, Michigan, Gentlemen:

On behalf of the U. S. Treasury Department, it gives me great pleasure to award to the members of your Union the Treasury certificate signifying that 90 per cent or more of your members are participating in a Payroll Savings Plan for the purchase of War Bonds.

We cannot stress the fact too strongly to you that the right to display the Treasury certificate and flag is dependent upon your having 90 per cent or more of your members participating at all times. If at any time participation is below 90 per cent, it will be necessary for us to ask that the certificate and flag be taken down. We hope that we will never have to do this.

The Treasury Department, effective as of May 1 established monthly sales quotas for every county and city in the United States. These quotas were set upon the premise that in all payroll savings plans the deductions must be in a minimum amount equal to 10 per cent of the total monthly payroll.

Forewarned is fore-armed! Let's keep it voluntary by having every man and woman with an income do their best now. We must have a minimum 10 per cent deduction. We call upon your cooperation and the cooperation of management to see that this objective is reached. The decision depends upon you and your members.

Sincerely yours,
Frank N. Isbey.

Chelsea congratulates the officers and members of the Chelsea Industrial Workers' Association upon their fine achievement!

Local Drive for Scrap Metal Is Under Way

The local drive for collection of iron and steel scrap, brass, copper, zinc, lead, etc. has been started, but results to date are not at all encouraging. The salvage committee reports that some scrap has been collected but that many people who have scrap metal are not cooperating in the drive to obtain metal which is needed in the war industries.

Conrad Schanz will be at his home each Friday during August, where he will purchase the metal or accept contributions of scrap for the local effort. If you have metal which you wish to contribute call 7011 or 5881 and if the quantity is sufficient the committee will send a truck for the pickup. Take time off now to collect your scrap metal which will be so useful in the war effort!

ATTORNEY DIES SUDDENLY

Jerome Freud, Detroit attorney who was representing the Federal Screw Works at the NLRB hearing here, suffered a heart attack at the home of Frank M. Edgar, North Lake, about 6:00 o'clock Tuesday evening. An ambulance rushed Mr. Freud to St. Joseph's hospital, Ann Arbor, but he was dead on admittance.

Blackout Test For This Area Was Successful

Perfect Cooperation Reported By Wardens And Other Observers

The first blackout test of the Chelsea Area, consisting of the village of Chelsea and the townships of Sylvan, Lyndon, Lima and Dexter, was held last Thursday night with almost perfect success, the area being in darkness for 15 minutes.

As the air-raid siren started the three-minute warning sound at 10:12, the turning off of lights started and at the designated time of 10:15 the village and surrounding territory was in complete darkness with the exception of inside factory lights, railroad signal lights, and a few other lights permitted under test blackout regulations.

Air-raid wardens, and auxiliary police and firemen were at their posts well in advance of the signal, and patrolled their designated areas to see that all lights were doused. Only three violations were reported, none of them willful. One was the headlights which were left burning on a parked car and the other two were in homes—one in an unused part of the house, and the other in a home where they had not heard the siren.

Sheriff John L. Osborn, county commander of the citizens' defense corps, Harrison Caswell, chairman of the county defense council, and deputies, from Ann Arbor, were here to observe the blackout and were very enthusiastic over the success of the blackout.

Observers who were stationed on the water tower and in the Federal Screw Works tower on North Main street reported that from those points the blackout appeared to be perfect. Other observers who had witnessed blackouts in the east and west coast areas stated that they had never seen such a successful blackout, which was very encouraging to county and local officials.

Auxiliary wardens who were stationed on highways leading into the village and at the borders of the blackout area on US-12, reported that all motorists were cooperative in pulling to the side of the highway and turning off their lights.

Another similar blackout was experienced here from 10:00 to 10:30 last night when 41 counties of the Lower Peninsula joined with the states of Illinois and Wisconsin in a simultaneous blackout of the greater portion of the Army's Sixth Corps Area.

Victory Party Boosts Sale of War Bonds

The second Chelsea Victory Party, which was held at the Chelsea public school last Friday evening, stimulated the sale of \$4047.95 worth of War Bonds and Stamps. Patrons of this party purchased a total of \$3950.00 worth of War Savings Bonds and \$97.95 worth of Stamps.

A delightful program was played by the Michigan Symphony Orchestra, consisting of light opera and military music. All the patrons appreciated the excellent music of this fine orchestra which was brilliantly conducted by Valter Poole of Detroit.

The committee in charge of this affair, under the chairmanship of H. C. Schneider, wishes to thank the residents of this vicinity for their wholehearted cooperation and for their patriotic purchases of these bonds and stamps. The War Savings Bonds and Stamps purchased at this party were considerably over the \$3822.75 sold at the dance in April, and the residents of the community are to be complimented for their excellent record in this endeavor.

Committee: Henry C. Schneider, chairman; Mrs. A. L. Steger, L. A. Fox, George Doe, P. C. Maroney, Wilbur Hinderer, Carl J. Mayer, R. A. McLaughlin, and George E. Sperling, Jr.

RE-OPENS TOWER CAFE

Chas. Mundhenk has re-opened the Tower Cafe which was destroyed by fire several weeks ago, with much larger quarters and with new equipment and furnishings which are very attractive and convenient. In addition to the room he formerly occupied, Mr. Mundhenk acquired the adjacent room formerly used by A. B. Clark for storage, and including counter space there is a seating capacity for 78 in the new restaurant. The kitchen space has also been enlarged and new sanitary equipment installed. Chris. Koch & Sons did the remodeling work in the building.

NLRB FILES LOCAL CHARGES

The National Labor Relations Board has filed charges of unfair labor practices against the Federal Screw Works, and hearings were started last week at Sylvan town hall. The local company is represented by the law firm of Freud, Marcus & Stuts of Detroit.

THE HOME FRONT IN MICHIGAN

Labor Day isn't very far off, and when it comes it will differ from similar days in the past, at least in one respect. It will be a distinctly feminine note, and this doesn't mean merely that the good ladies of the auxiliary will make the sandwiches. It means that women are playing an increasing part in the production upon which we depend for victory.

Here's the picture right now: There are 13 million employed women in the U. S. A., 600,000 more than there were last January, and 1,750,000 of these are working in war industry. By the end of next year total civilian employment is expected to reach 53 million and of these 18 million will be women.

In other words, we must add between four and five million women to the roster of workers, if we are to reach the estimated peak figure for 1946 employment.

The U. S. A. has pretty well ended all output of things not needed for war but, now and then, WPB still finds places where we can tighten up. September 1 will see an end to manufacture of mattresses containing iron and steel, and after November 1 no more studio couches, sofas or lounges containing these metals may be made.

WPB also practically has stopped civilian use of shellac, an action which will mean fewer phonograph records. (Record makers up till now have been able to get 30 per cent of the shellac they normally use.) The shellac is needed to protect munitions.

The Office of Price Administration continues its unending battle to keep the cost of living down and to prevent evasion of price ceilings. For instance, last week OPA warned bedding manufacturers and dealers to stop combination sales forcing purchasers to buy unwanted merchandise to get an article which could have been bought as a separate unit last March. In other words, no one can insist you buy a bedroom suite to obtain a bedspring.

OPA placed a temporary ceiling price on lamb last week to prevent rapid advance in prices. From now on milk and cream in bottles or paper containers cannot cost more than it did last March, and people selling drinks in paper cups or containers must stop charging a separate price for the cups if they did not charge for them in March.

This year's crop of small grains and beans will be a record one and the Department of Agriculture believes storage on the farm the best means of keeping much of the crop until it is needed.

Here's a case of where blondes are preferred. Blonde hair, if it has never undergone a permanent wave, can be used in precision instruments. Consequently there is a market for it in an eastern war plant. The hair must be 16 inches in length and of fine texture. If it proves satisfactory, it will be purchased. Or, if preferred, a medal will be given instead of cash, the cash being turned over to the Red Cross.

Go easy on the canned fish and meat at your grocer's these days so the supply will last as long as possible. Needs of our soldiers and of the United Nations is reducing these stocks heavily. Take care of stove pipe because indications are that it will be scarce this winter—the government suggests you clean the pipes inside and out with steel wool or sandpaper to lengthen their life. Look for increased dehydration of foods for future use. Requirements and our armed forces—facilities are being expanded so that some 60,000,000 pounds of meat probably will be processed in this way this year—dehydrated meat occupies about one-third the volume and weighs one-fourth as much as lean meat—10 pounds of fresh vegetables weigh about one pound when dehydrated.

How often have you seen people get out of their automobiles on the wrong side? Haven't you seen some fellow drive up to some business establishment, open the car door, and step right into the lane of traffic in getting around his automobile to reach the sidewalk?

This is a very dangerous practice that has caused many accidents as well as fatalities.

Get out of your automobile on the curb side. You will live much longer. It's safer.

DEATHS

John L. Kilmer.

John Lewis Kilmer, 67, died suddenly Thursday afternoon in the office of the Chelsea Hardware Co., of which he was co-owner. He had been in poor health for some time.

A lifelong resident of this vicinity, he was born Aug. 2, 1875 in Sylvan township, the son of John Frederick and Hedwig (Sager) Kilmer.

October 12, 1904 he was married to Helen Haeslewerdt, and they became residents of Chelsea 22 years ago.

Mr. Kilmer was a member of the Knights of Pythias and the Methodist church. He also was a member of the church board of trustees, was secretary of the officers and chairman of the board of ushers.

He is survived by the widow; a brother, Charles Kilmer, of Denver, Colo., and a sister, Mrs. Lydia Faber of Ann Arbor.

Funeral services were held Sunday afternoon at 3 o'clock at the Methodist church. Rev. Fred D. Mumby of Milford officiated, with Rev. Bert Ede assisting. Interment was in Oak Grove cemetery.

August Hilsinger

August Hilsinger, 65 years old, died Friday morning at University hospital, Ann Arbor, after an illness of several months.

Mr. Hilsinger was born Jan. 15, 1877 in Frommen, Wurtemberg, Germany, coming to America when 14 years of age. He lived in Jackson until 11 years ago, when he moved to Chelsea.

He was a member of Olive Lodge 156, F. & A. M., Olive Chapter 140, R. A. M., and St. Paul's Evangelical church of Chelsea; also of the Independent Order of Foresters, Jackson.

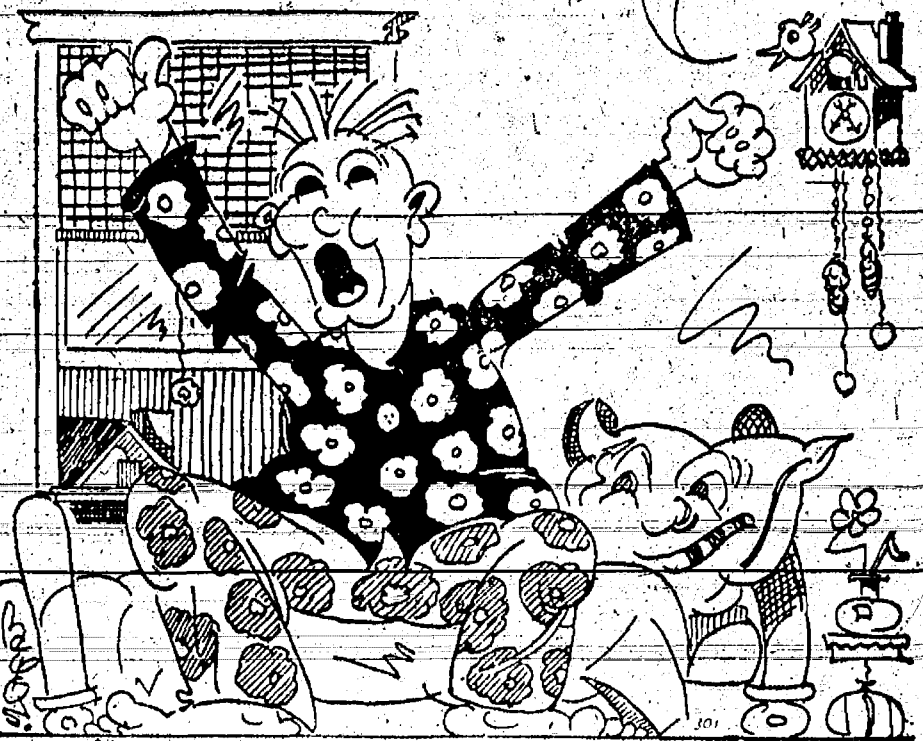

Surviving are the widow, Olla; a

son, Irving Hilsinger, and a sister, Mrs. George Voelker, both of Jackson. Funeral services were held at 2:30 Monday afternoon at St. Paul's church, with Rev. P. H. Grabowski officiating. Interment was in Oak Grove cemetery, with Masonic rites.

PINCKNEY—Mrs. Margaret McCluskey Melvin died at her home, east of town, this morning. Surviving are a son, Mark, and four daughters, Mrs. Tressa Coyle, Mrs. Stapish, Mrs. Rose Howard and Miss Eva Melvin. The funeral will be held at St. Mary's church Saturday morning. Dispatch. She was the mother of Mrs. Ed. Stagnish of this place.

BRIGHTON—Residents of Brighton were more than perturbed Tuesday when they observed the flag on the roof of one of the stores on East Main street. The flag was upside down on the pole—a sign of distress. Radios were hurriedly turned on and headlines of newspapers scanned for any new development in the war situation, but there apparently was no reason to be found there for the distress signal. When the proprietor of the store was requested to furnish a reason for this unusual display of the flag, he hurriedly pulled down the banner and corrected the mistake. So everything is serene on Main street again.—Arkus.

Bomb 'em with JUNK

Let's blast Japan—and Germany—and Italy—with the chain lightning of destruction that can be built from the scrap in our cellars, attics and garages, on our farms and in our places of business.

Scrap iron and steel, other metals, rubber and waste materials. It will all be used to make tanks, ships, planes and the fighting weapons our boys must have. It is needed at once.

Sell it to a Junk dealer—give it to a charity or collection agency—take it yourself to the nearest collection point—or consult the Local Salvage Committee... If you live on a farm, and have found no means of disposing of your Junk, get in touch with the County War Board or your farm implement dealer.

Throw YOUR scrap into the fight!

Final Band Concert Will Be Presented Tonight

The final program to be given this summer by the Chelsea Concert Band will be presented on the lawn in front of the grade school at 8 o'clock tonight (Thursday). In case of rain the high school gym will be used. Both band and audience have been increasing in size, and the program this week is expected to draw many people from surrounding towns as well as from Chelsea. Several special novelty features are being rehearsed, including the popular Drummer's Delight and a baritone solo.

Program for tonight:
America
New Colonial March - Hall
World Events March - Zamecnik
Black Rose Overture - Brockton
True Blue March - King
Trees - Baritone Solo - Rasbach
El Capitan March - Sousa
Drummer's Delight - Drum Solo - Edwards
Alice Blue Gown - Tierney
Men of Valor March - Kiohr
Star Spangled Banner

In planning the band program for this summer several experiments have been tried. Any suggestions that will help produce a bigger and better program for next summer will be welcomed by officers of the Band Parents' Association and by the band director, Marshall F. Richards.

Cookies Wanted For Men At Fort Custer

An appeal to Washtenaw county clubs and organizations for a monthly donation of 500 cookies for men at Fort Custer is being made by the Camp and Hospital Recreation Committee of the Washtenaw County Red Cross Chapter.

The committee, which has been sending the cookies on the last Friday of each month, now needs the assistance of other organizations in order to be able to carry on the project. Any organization interested in this project is asked to communicate immediately with the Camp and Hospital Committee at Red Cross headquarters in North Hall, Ann Arbor.

Ships' Gallies Produce Fats For Explosives

Lansing - Cooks of Great Lakes steamers are turning in cooked fats from their galleys as their ships pass the Soo locks. D. J. McDermott, chairman of the household fats section of the Salvage Committee of the Chippewa County Council of Defense, has arranged with the U. S. Steel Company fleet for salvage of the cooking fats, badly needed now for glycerine used in manufacture of explosives. This material has previously been thrown overboard and wasted.

It is estimated that the 130 steamers of the Steel fleet will produce about 8,000 pounds a week. Arrangements with the Lake Carriers Association are expected to produce from 40,000 to 60,000 pounds of fats weekly from other ships. Collections are being made at Sault Ste. Marie.

Asks Public Help
The Pontiac Council of Defense has asked the citizens of that city to contribute to their own protection by furnishing tools and equipment to be used in fire fighting and air raid protection. The council points out that it is unable to finance purchases of essential material and reminds the public that thousands of volunteers are serving to protect the city against war peril, but are without fire-fighting, rescue and demolition tools.

Truckers Offer Help
Twelve trucking concerns in Battle Creek have offered the use of all their equipment to haul salvage to production centers.

To Address Warden's School
Lt. Col. Owen J. Cleary, State Chief Air Raid Warden, will address an Air Raid Warden Instructors School at Sturgis on Aug. 20. Col. Cleary is serving the State on leave of absence from the presidency of Cleary College, Ypsilanti, an institution founded by his father in 1883. He is a retired captain in the Michigan National Guard and now holds the rank of Lieutenant Colonel in the Michigan State Troops. He is chairman of the Defense Committee of the Michigan Department of the American Legion and is a past commander of the Ypsilanti American Legion post.

Scrap for Scrap
The Michigan Scrap Harvest, designed primarily to scrape the bottom of the junk piles in the rural areas, has turned into urban contests in several Southern Michigan districts. St. Joseph and Niles are the first towns to hurl challenges. Citizens of the lake port city have defied the folks at Niles to produce a bigger scrap pile. Rural residents of the two communities are getting into the fight and threaten to pick every barnyard and farm attic clean of every piece of discarded material, which can be used for war production.

Council Is Approved
Appointment of Mayor Jeffries as chairman and Glenn C. Richards as vice chairman of the Detroit Council of Defense has been approved by Governor Murray D. Van Wagoner. The Governor notified Mayor Jeffries and the forty members of the council that he has acted on the nominations submitted by Mayor Jeffries some time ago.

Pail, Not Ribbon, Is What Pays Cow's Keep

It's the milk pail and not the show ribbons that are paying Michigan dairymen these wartime production months, comments A. C. Baltzer, extension dairymen at Michigan State College. He pays high tribute to the high producing cow, whether she be blueblood or a more ordinary grade. From dairy herd improvement records, Baltzer cites the facts. "Take two cows, he says, and call one Rudy and the other Judy."

Judy is 5 years old and so is Rudy. Judy's milk tests 4 per cent fat as compared to Rudy's 4.3 per cent fat. But Judy pours out 10,800 pounds of milk in 12 months as against only 4,228 pounds of milk produced by her sister Rudy!

From there on, it's simple arithmetic, according to Baltzer. Rudy has produced 186 pounds of butterfat while eating up \$92.46 worth of feed. Judy's product contains 492 pounds of butterfat and her feed cost \$97.61. Rudy failed by \$15.24 to pay for her feed, but Judy had an \$83.88 return above feed cost.

Prevailing feed prices may be favorable to milk and butterfat production, yet Baltzer points out that unless a cow is a good producer her owner may face a loss for his labor, management, feed and for the roof he keeps over the dairy herd.

When Judy eats 100 pounds of corn worth \$1.60, her milk pays back \$2.98, but Rudy only gives back \$1.86. Similarly, wheat at \$1.10 a bushel means \$2.05 worth of milk from Judy but only 93 cents worth from Rudy. Alfalfa worth \$10 gets only \$8.50 worth of milk from Rudy but Judy turns out \$18.60 worth. It pays to know what a cow is producing and whether she's worth her keep, says Baltzer.

DEATHS

John W. Beissel
John W. Beissel, 73 years old, died Monday morning, August 10, at his home in Ann Arbor. He was a former resident of Chelsea, where he was born June 30, 1869, the son of John and Emily Exinger Beissel. In 1899 he married Emma Neebling and they resided in Walla Walla, Wash. from 1912 until 1930, when they came to Ann Arbor. Mrs. Beissel died in 1932.

Mrs. Beissel was a member of St. Thomas Catholic church, Ann Arbor, and was affiliated with the Knights of Columbus.

Funeral services were held at 9:00 o'clock Wednesday morning at St. Thomas church and burial was in Mt. Olivet cemetery, Chelsea.

Mrs. Orion J. Walworth
Mrs. Orion J. Walworth, a resident of Chelsea for the past 42 years, died Tuesday afternoon, August 11, at Chelsea Private hospital.

Formerly Minnie Wright, she was born Oct. 12, 1865 in Eaton Rapids, the daughter of Mr. and Mrs. Kent Wright. She was married to Mr. Walworth on Aug. 19, 1885, and they made their home in Eaton Rapids before coming to Chelsea.

Mrs. Walworth was a member of the Congregational church, was Past Matron of Olive Chapter 108, O. E. S., a member of the American Legion Auxiliary and was a charter member of the Cytherean Circle.

She is survived by her husband; a daughter, Mrs. Geo. S. Bacon of Fort Wayne, Ind.; two sons, T. Kent Walworth and Geo. W. Walworth, both of Chelsea; a sister, Mrs. John B. Cole of Chelsea; four grandchildren and a great-granddaughter.

Funeral services will be held Friday afternoon at 2 o'clock at the Plankell funeral home. Rev. W. H. Skentelbury will officiate, and burial will be in Oak Grove cemetery.

Friends may call at the funeral home.

AUX. PRESIDENTS ENTERTAIN

The Past Presidents of the American Legion Auxiliary entertained their husbands on Tuesday evening at the P. C. Maroney cottage, Cavanaugh Lake. A delicious four-course chicken dinner was served, with covers for Dr. and Mrs. A. L. Brock, Mr. and Mrs. W. M. Hinderer, Mr. and Mrs. J. L. O'Hara, Mr. and Mrs. L. D. Fox, Mr. and Mrs. S. W. Schenk, Mr. and Mrs. P. C. Maroney of Chelsea and Mr. and Mrs. John Bird of Ypsilanti. Mr. and Mrs. Julius Eisele were invited guests. A short business meeting was held after the dinner and cards furnished pastime for the evening.

County Supervisors Hold Annual Picnic

Present and past supervisors of Washtenaw county, with their families, and other county officials, assembled at Dexter-Huron park on Sunday for their annual picnic, and a delicious pot-luck dinner was served, with covers for 200. Patriotic table decorations were carried out with small flags and bowls of summer flowers.

Prof. John L. Brumm of the Journalism department of the University of Michigan, was the principal speaker on the afternoon program, and several musical numbers were rendered. Games contributed to the entertainment.

Officers elected for 1943 are: President—Leigh Beach. Vice Pres.—Luman Seaman. Sec. Treas.—Harry Cole.

WEDDINGS

Schmid-Keene

Miss Clara Schmid and Harold L. Keene, both of Ann Arbor, were married Friday evening, August 7, at the Methodist parsonage, with Rev. Bert Ede reading the service. Miss Ruth Jedele and Harold G. Kistine were the attendants. The couple will reside in Ann Arbor.

Geister-Hand

Miss Dorothy Alice Geister of Benton Harbor and Albert Keith Hand of Niles were united in marriage at the local Methodist parsonage on Saturday, August 8, with Rev. Bert Ede officiating. Attendants were Mr. and Mrs. Amos A. Hand of South Bend, Ind.

Beal-Dowling

Under an arch of gladioli and baby-breath in the yard at the farm home of her parents, Mr. and Mrs. John P. Beal of Sylvan township, Miss Iris Ione Beal became the bride of Robert Junior Dowling of Dearborn, son of Mr. and Mrs. Robert Dowling of Grass Lake, on Friday evening, Aug. 7, at 7:30. The ring ceremony was performed by the Rev. H. J. Salmon of Morenci.

The bride, who was given in marriage by her father, wore a floor-length dress of white net over satin, and carried an arm-bouquet of white gladioli. Miss Julia Beal, sister of the bride, as maid of honor, wore a floor-length dress of aqua net over satin, and carried an arm-bouquet of salmon gladioli. Warren Dowling attended his brother as best man.

The wedding march from Lohengrin was played by Miss Esther Beal, sister of the bride.

A two-course dinner was served to 35 relatives and friends by John Junior and James Beal, Marilyn Kendall and Carolyn Kalmbach. The bride's table was centered by a three-tiered wedding cake.

After a week's trip in the north the young couple will be at home on Reuter St., Dearborn. Mrs. Dowling wore a navy and white silk jersey suit with navy accessories for her traveling gown.

Both Mr. and Mrs. Dowling are graduates of Grass Lake high school. Mr. Dowling also attended Ford Trade School and Mrs. Dowling attended Michigan State Normal College, Ypsilanti.

Mrs. Robert Dowling of Grass Lake entertained at a linen shower on July 26 and Marilyn Kendall and Julia Beal at a miscellaneous shower at the Beal home, in honor of Miss Beal.

From Chance to Science
Trained geologists have largely replaced rule-of-thumb prospectors in exploring for new oil and mineral deposits, but most of the world's known store of metal was first discovered by men who had neither scientific nor technical guidance.

August 3, 1942

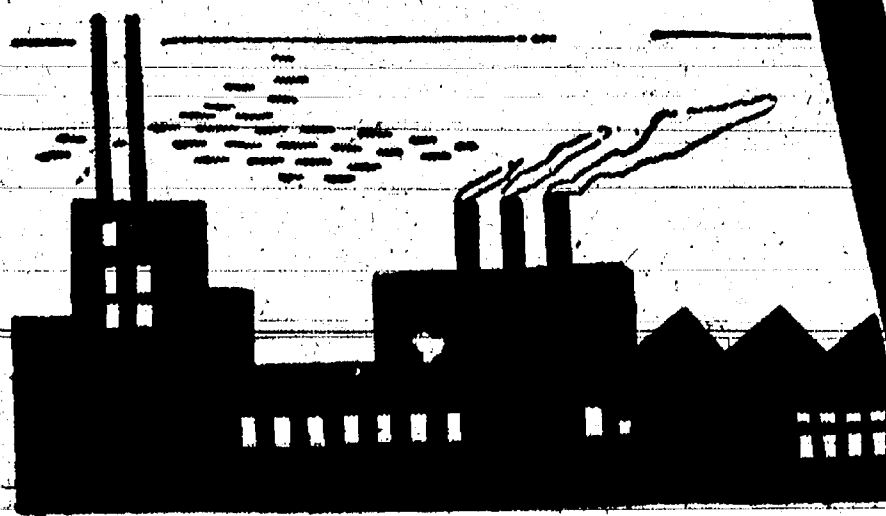

To The Employees of Federal Screw Works
And Their Families
Chelsea Division
Chelsea, Michigan

From behind the front line, the employees of Federal Screw Works have again arisen to meet the self-sacrificing task of helping to successfully prosecute this unsolicited world-wide conflict for the preservation of freedom which has been and is our heritage.

Your labors have been previously recognized by the Navy Department and you were awarded the Navy "E" emblem of "Excellence in Production". Now your purchases of bonds which indicates your willingness to help shoulder the burden of the cost of this war, entitles you to receive the Treasury Department "Minute-Man Flag".

For these accomplishments, we extend to each and every one of you our most sincere congratulations and we urge your continued physical, mental and financial support so we may all share in the ultimate award, that of Victory and Lasting Peace.

Sincerely yours,
Board of Directors
And
Management of Federal Screw Works

Trappers Requested To Report Results

Karl Brushaber, Washtenaw county conservation officer, warns trappers who have failed to report the number of fur-bearing animals taken last fall that they must file this information at his office immediately. The office is located at 125 Fairview, Ann Arbor.

Act 286, Public Acts of 1939, provides that all trappers of fur-bearing animals in the state are required to

fill out a card, stating the kind and number of animals trapped during the season, and the trapping license number. The law requires that these reports be filed before February 15, but many failed to do so, and they will now be required to fill out duplicate cards.

The State Conservation Department has sent a complete list to Officer Brushaber of all trappers who have not filed their reports and the present request will be followed by definite action if necessary, according to Mr. Brushaber.

Schedule
Thursday, Aug. 13—Spaulding Chevrolet vs. Cassidy Lake.
Monday, Aug. 17—Federal Screw vs. Cassidy Lake.
Tuesday, Aug. 18—Chelsea Spring vs. Spaulding Chevrolet.
Thursday, Aug. 20—Central Fibre vs. Kimunity.

Last Thursday, Kimunity and Cassidy Lake went to bat with two very definite ideas in mind. Cassidy, already a cinch for a playoff berth, wanted to show Kimunity just why they were in second place, while Kimunity had to win for a chance at a chance for the playoff. Kimunity did—Cassidy Lake didn't. Kimunity won—that is, George Sperling's Kimunity team won—OK George?

Monday night's game gave way to the elements and a severe case of condensation prevailed.

But Tuesday made up for the previous night's softball lull, with two games being played. Chelsea Spring, playing a postponed game with Cassidy Lake, took another step up towards the playoffs (just around the corner) by coming through to win out in a close game over the boys from Cassidy. And speaking of close games, Federal Screw and Kimunity were certainly putting on an exhibition on the other diamond. John Ford's boys were right out there giving George Sperling's Kimunity team all they could handle (George doesn't want his name linked with Kimunity anyway whatsoever unless they're winning and THEN he's manager and captain). The game progressed with a one run lead shifting back and forth until, with the seventh inning coming to a close, with the game tied up and Kimunity up for their last time at bat Walt LaSavage got one of his fluke hits which put him on base and he crossed the plate with the game in his pocket for Kimunity upon the next hit by a Kimunity player—who "done" it?—I don't know—have seen four Kimunity players this morning (Wednesday) and three of them claimed to have driven in Walt to score and the fourth had his mouth full of coffee and sinkers.

This coming playing week is the last week of our regular schedule and the playoffs are in order—therefore every postponed game still hanging fire or that may develop this week that may have anything to do with a position in the playoff must be played some night this week—before Monday, Aug. 24.
