## Chelsea Collects \$9530 In Red Cross Campaign

Chelsea's drive to raise funds for the Red Cross War Fund ended last week, and the local chapter reports a total of \$9530.00 collected here during the campaign which lasted a month. This amount exceeds by far any collection ever made here in a Red Cross drive, and the per capita contribution is far ahead of any other village or city in the county.

Local industries, employee groups, organizations and individuals were very generous in their contributions, which made such a fine showing, everyone realizing the critical need of the Red Cross for funds with which to carry on their work, both on the home front and on the battlefields throughout the world. Although the list of contributors is too large to be published, an item of special interest is a contribution of \$100.00 from residents at the Methodist Old People's Home.

Officials of the local Red Cross chapter and the committee in charge of the drive extend their appreciation to the canvassers who spent much time in soliciting funds. These workers were:

Mrs. Luella Rogers, Mrs. Reva Rogers, Mrs. Nellie Keusch, Miss Ida Keusch, Mrs. Elmer Lindemann, Mrs. Chas. Williams, Mrs. Herbert Paul, Mrs. M. W. McClure, Mrs. L. J. Paul, Mrs. O. B. McLaughlin, Miss Barbara O'Hara, Mrs. Geo. Hafner, Mrs. Oliver Walker, Mrs. L. Riemenschneider, Mrs. Paul Maroney, Miss Nellie Hall, Mrs. Alfred Mayer, Mrs. Edmund Quirk, Mrs. Frank Edgar, Mrs. Olie Johnson, Mrs. H. T. Moore, Mrs. Armin Schneider, Mrs. John Perine, Mrs. Otto Hindere, Mrs. David Beach, Mrs. David Colquhoun, Mrs. Robert Wagner, Mrs. R. E. Jolly, Miss Jeanne Martin, Miss Sally Conaul, Mrs. B. E. Crocker, Mrs. Blanche Palmer, Mrs. D. A. Riker.

## Cooperative Plan For Gardens Is Suggested

A novel plan for cooperative farm-city gardens has been suggested by the editor of the Country Gentleman. The farmer could provide the ground for a two-family garden and do the plowing and leveling. The town family would do the rest of the work. Most of the tools needed would usually be found on the farm. It would be wholly a cooperative affair, with the details arranged between the two parties. Most town families have cars and "A" cards, and they will have long summer evenings and week-ends for work.

Rationing, high prices, and food scarcities have convinced most thinking people of the need for a successful vegetable garden this summer. Several 40x80 ft. plots in the community garden on McKinley street are still available. This land is now being plowed and fitted, and some garden seeds will be planted this week.

Any farm or city families needing help in making arrangements for a cooperative garden are invited to get in touch with Marshall Richards, chairman of the Chelsea Victory Garden committee. A supply of free garden bulletins is also available for anyone wanting them.

## Michigan Quota In Bond Drive Is \$362,500,000.00

During April, the United States Treasury Department is conducting a drive to place \$18,000,000,000 worth of government securities with the public in order to finance the war effort.

The quota assigned Michigan in this gigantic war financing program is \$362,500,000. Of this amount, the upper peninsula will be asked to subscribe \$5,000,000 worth—the balance of \$357,500,000 will be sought in the 88 counties of the lower peninsula. Of this amount, the banking interests, corporations, etc. will subscribe \$137,500,000 worth, which will leave \$220,000,000 to be absorbed by the general public.

In this program, the Treasury Department has decided to combine the services of the War Savings Committee and the Victory Fund Committee, under the direction of the president of the Federal Reserve Banks.

The Michigan War Savings Committee, of which Frank N. Isbey is the chairman, will cooperate with the Victory Fund Committee in the State; and both organizations will endeavor to carry on the drive to a successful conclusion.

Securities that will be offered include the Series "E" War Savings Bonds; Series "F" and "G" Bonds; the Series "C" Tax Anticipation Notes; 26-year 2 1/2 per cent Government Bonds; 8-year Government 2 per cent Bonds; and Government Certificates of Indebtedness which will carry 7-8 per cent interest.

The War Savings Committee, under Mr. Isbey's direction, is now recruiting an organization known as "The Gallant Sixty Thousand of Michigan". This volunteer army will comprise 1 per cent of the population of each community in the state, and each member of this group is enlisting pledges to sell at least \$1,000 worth of Series "E" War Savings Bonds during the month of April.

Here in Chelsea the local quota in Series "E" War Bonds alone has been placed at two and one-half times the amount that was sold during the month of January. H. C. Schmeider, local War Savings Chairman, reports that canvassers have been recruited to cover the community during the drive.

## Family Night Will Be Held At Public School

Have you made reservations for your family to attend the "Parents' Conference on Family Teamwork", to be held Monday evening, April 12, at Chelsea public schools? If not, phone 2-1511 immediately, so you won't miss this interesting program.

The evening's entertainment will begin with a pot-luck dinner at 6:30. You are requested to bring your dishes, silver, rolls, and one dish to share with others. Coffee, cream, and sugar will be provided for all by the Kiwanis club.

If you do not care to attend the dinner, you are invited to join the group meetings to follow. For the adults, Dr. Howard McCluskey, a noted educator from the University of Michigan, will speak on the topic "Problems Which Home Life Faces Today." This will be followed by discussions led by Ira Smith, Registrar at the University, and Walter MacPeck, Boy Scout Executive for this area.

In the meantime, the children will be enjoyably entertained by Clarence Munn, assistant football coach at the University. His movies on "Camping in the Canadian North Woods" are sure to appeal to all the young people. This evening of fine entertainment has been arranged by the Extension Service of the University of Michigan in cooperation with several Chelsea organizations. There is no charge for admission; the conference is open to all. Don't miss it!

### TOWN AND FARM IN WARTIME

A weekly news digest from the Rural  
Press Section of the Office of War  
Information News Section

Men Over 38 Will Not Be Discharged

The War Department on March 31  
stopped the discharging of men over  
38 years old. Hereafter, such indi-  
viduals will be transferred to an in-  
active status in the Enlisted Reserve  
Corps, subject to the following condi-  
tions:

A. The man must request transfer  
to an inactive status to enter an es-  
sential industry, including agriculture,  
and accompany his request by a state-  
ment from the War Manpower Com-  
mission to the effect that his release  
is desired.

B. The man will be recalled to ac-  
tive duty upon request of the War  
Manpower Commission.

Wives of Service Men To Get  
Maternity Care

Maternity care for wives of service  
men and care for their infants will be  
available shortly for those who apply  
to State Health departments; accord-  
ing to Katharine F. Lenroot, chief of  
the Children's Bureau of the U. S.  
Department of Labor. Following ap-  
propriation by Congress of \$200,000  
to meet estimated need to July, plans  
are being rushed to extend such aid  
to women in the 48 states, Alaska,  
Hawaii, Puerto Rico, and the District  
of Columbia. The care will be avail-  
able to the wife or infant of any  
"back" private, private first class,  
corporal, or sergeant, in the Army  
and comparable grades in the Navy,  
Marine Corps, or Coast Guard. It is  
not available to wives of men in  
higher ranks.

Maximum Prices for Meats

Maximum prices for all retail cuts  
of pork went into effect throughout  
the United States on April 1, and the  
OPA will issue, in the immediate fu-  
ture, similar schedules of maximum  
retail prices for beef, lamb, mutton,  
and veal. Price Administrator Pren-  
tiss M. Brown regards the action as  
a major blow against the black mar-  
ket in meats and a step toward sim-  
plifying retail food pricing.

### THE OLD JUDGE SAYS...

"I was just tellin' my brother Fred this  
morning, Judge...there's never been a time  
in our lives when we got to live up to that  
old sayin' 'United we stand, divided we fall'  
more than we have to today."  
"How true that is, Herb. And for the  
life of me, I can't figure out why, at a time  
like this, some folks insist on raising a ques-  
tion like prohibition. I can't imagine any-  
thing that would tickle our enemies more  
than to get us folks over here taking sides

against each other, arguing about an issue  
like that. We've got a he-man's job on our  
hands to win this war and we can't be  
wasting our minds, our money and our  
strength fighting about something we  
tried for nearly 14 years and found couldn't  
work."  
"I say there's a time and a place for  
everything, and this is no time or place to  
be doing any fightin' except the kind that's  
going to win the war."

## Cook Vegetables

—the  
Waterless  
Way

When you cook vegetables in a small amount of water  
over a low flame you gain in two ways:

- 1—You preserve the important vitamins and minerals  
instead of pouring them down the sink, as is  
necessary when vegetables are cooked in larger  
amounts of water.
- 2—You conserve natural gas, which the government  
is asking every household to use wisely, since it  
is so vitally needed in war industries for the  
manufacture of armour plate, tanks, planes, guns  
and ammunition.

Another way to conserve gas in  
cooking is to roast your meats  
at low oven temperatures. This  
has the important advantage of  
reducing shrinkage and giving  
more savings.

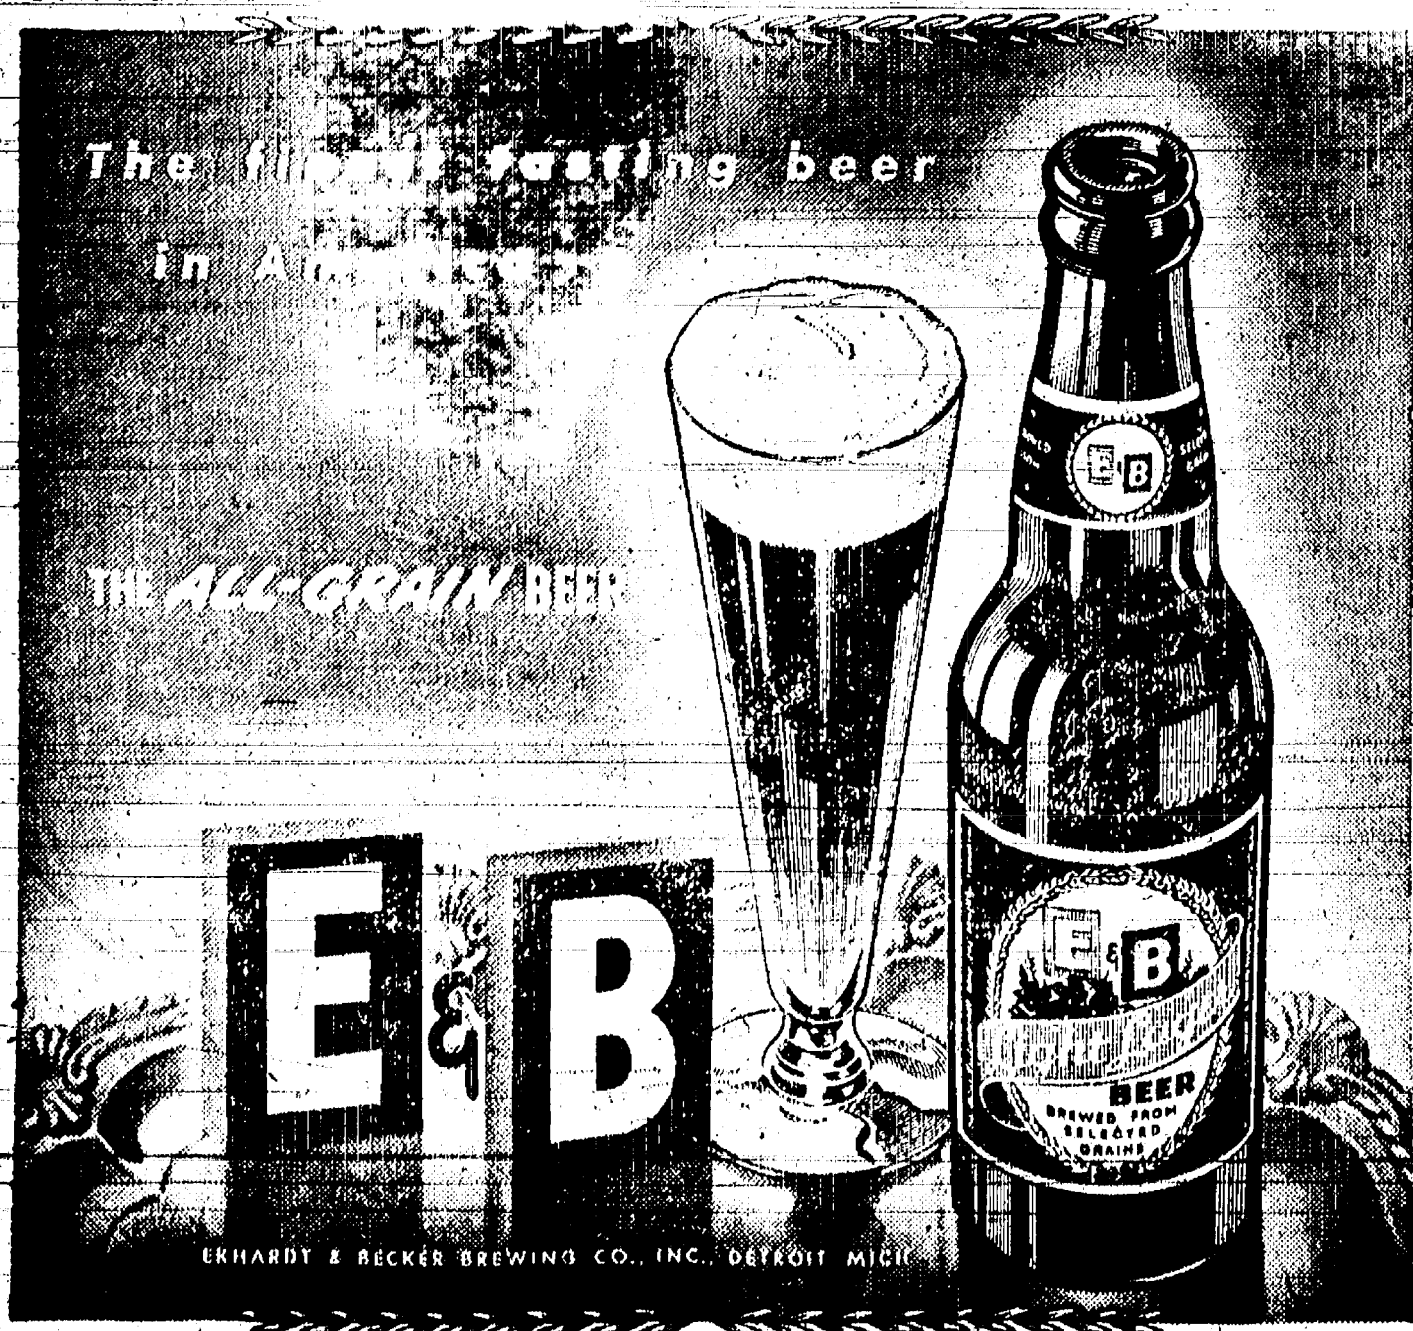

You are requested also not to use the oven of your gas  
range for room heating, to keep the temperature of your  
rooms as low as possible, and to shut off the heat in  
unused rooms.

Everyone will wish to co-operate in every way  
possible in order to speed the war effort and to  
see that our boys on the fighting fronts are not  
handicapped by lack of weapons.

**PLYMOUTH**—Refugee from a fire gutted his home last winter being burned up Wednesday evening by Her- bert B. Salter's fire in the scrap pile back of his garage. He had taken a wheelbarrow to go get another load, and while loading the refuse, a sudden breeze blew sparks into the wooden which set it on fire. So quick- ly did the flames spread that about the fire department could do was to prevent the fire from spreading. Salter thinks two fires in one season is enough for anyone.—Mail.

**BRIGHTON**—Whitmore Lake's five room two-story school was destroyed Thursday afternoon by fire which

originated in the furnace room in the basement and caused damage which has been estimated at around \$25,000. The five teachers of the school, with- out losing for one moment their pres- ence of mind, led the 210 students out in orderly procession as they had done in fire drill many times before—after the alarm had been sounded. There were no injuries or loss of life.—Ar- gus.

**MORENCI**—Roy Edgar Knight of Concord, Jackson county, was sen- tenced Tuesday by Federal District Judge Frank A. Picard to a term of five years and a fine of \$10,000 for a violation of the Selective Training and Service Act of 1940, in that he failed and refused to report for a physical examination as directed by the Local Draft Board Number 2, of

Jackson, on October 12, 1942. Knight had returned his Notice of Delin- quency to the Local Draft Board with the penned notation, "I refuse to be under this present Government of the United States of America.—Observer.

#### Eighth Grade

By Joyce Lentz  
The 8th grade boys played the 7th grade boys Thursday, April 1, at 6:30 p. m. at the Chelsea High school. The 8th grade won and the score was 25 to 16.

Thursday, April 1 we had three tests—History, Science and Arith- metic. They were quite simple but we are all glad they are over with.

Each six weeks we are asked by our teacher, Mrs. Clark, to make some project of our work in History. So far Marceline Hinderer has turned in her project. It is a doll dressed to represent the women of the 1890 period. It has a soft, black velvet skirt on and a white long sleeve blouse with green fringe.

Our stamp sale for this week is \$7.20.

As you all know, April 1 was April Fools Day. Many of the girls and boys in our room played jokes on each other. Many fell for the jokes and others didn't.

Braddon Barlow is doing fine in the

St. Joseph hospital at Ann Arbor. The 8th grade wishes to extend their best wishes for a speedy recovery.

#### Seventh Grade

By Lyle Chriswell

Sale of defense stamps was \$15.15. From an incomplete record, because not all rooms know exactly, it was discovered recently that grade school pupils of Chelsea have purchased over \$1700 worth of War Stamps since September 9, 1942.

We are making joke books for sol- diers for the Junior Red Cross. Mary Paul donated hers.

We had tests in arithmetic, history, spelling and current events, so we feel we earned our vacation.

Boys defeated sixth grade boys 7 to 3 in baseball and lost to grade eight by 21 to 15; girls won in base- ball from sixth grade, 4 to 3. Patty Hopper and Betty Aldrich played the birthday game and lost on Friday.

A yellow cat visited class on Tues- day.

#### Sixth Grade

By Doris Gilson

The class has a science assignment due, in which we have to write about some invention.

On April first, Joyce Crawford, De- loris Elsemann and Doris Gilson made a joke for Miss Martin. They covered some soap with chocolate and nuts.

The sixth grade is third from the highest in the school stamp sale.

For spring vacation Rovena Lentz is going to Milan; Eldon Moore is going to Ohio; and Miss Martin is go- ing to Chicago.

#### Fifth Grade

By Geraldine Hale

In Art class we are all making April calendars.

This week we had an exciting base- ball game with the fourth grade. Our grade won. The score was 12 to 6.

For Geography we are studying about the possessions of the United States. In History we are studying about Loyola and the Jesuits and Martin Luther and the Reformation.

Miss Brown finished the book of "On To Oregon". It was very good.

Our experiments on how plants grow are coming up fine.

We still want people to come and see our castle.

Everybody was present on the af-

ternoon of April Fools day for the first time this year. Most of us get milk each day and are glad we have it.

Driving an automobile is a privi- lege, more so these days than ever be- fore. If you are entitled to drive on an A. B. C. or perhaps T (truck) rat- ing, you should exercise the privilege with extreme caution.

Some states are rapidly revoking licenses because drivers have exceed- ed speed limits contrary to all re- quests by the government to conserve tires. In some instances these people have lost their driving licenses. This is as it should be because regardless of the rules, regulations, and require-

ments, we should drive safely and safely, and thus exercise our privilege of driving an automobile by doing it correctly.

Don't abuse your driving privilege.

### CARD OF THANKS

## U. S. Bond Salesmen's Job Vital In War Effort

The War Finance Committee representatives who will call on American citizens in April to ask them to lend their money to the United States Treasury have an assignment as essential to the war effort in its own way as that of the soldier or the airplane factory riveter.

The War Finance Committee which is assisting the Government in raising the billions of dollars needed to finance the war is reminding the public that the bond sales- man is entitled at least to an interview when he calls. "He represents the United States Government," a Committee representative said. "He is asking no favor but is merely urging his fellow citizens to invest their money in the best security in the world—United States Government securities." These salesmen are recruited from many walks of business life. One may be your banker, another may be an investment dealer or broker, still another may be that sales- man who sold you that shiny new automobile so long ago. Another may be your insurance man. Or perhaps it will be that real estate man who accepted your first down-payment on the house you live in.

The Committee points out that whoever the salesman is the purpose of his call is identical in all cases—to sell United States Government securities; nothing more. Inci- dentally, the salesman has been instructed if he doesn't get an order on his first call to try again. So if he seems per- sistent that is the reason.

The Drive will start April 12.

## State Makes Appeal To Michigan Motorists

Before this year is out, Michigan's passenger cars will be dangerously near the point where they will be inadequate for essential transportation, according to Walter Mohrlock, local administrator of war transportation. The passenger car registration is down and cars are going off the road at a rate of approximately six per cent a year from old age alone, he said.

"Unless the people of Michigan embark on a voluntary and all-out campaign to conserve their vehicles," Mr. Mohrlock said, "there is a possibility that immeasurable harm will be done to the war effort. In addition to old age, there are several other factors removing cars from circulation. Accidents take a heavy toll, more especially at this time when it is becoming increasingly difficult to obtain replacement parts. We all know how scarce rubber is. Unless we take care of our tires, many of us will be walking before the war is over because there just isn't enough rubber for ordinary civilian needs."

"Michigan is producing one-sixth of the implements with which this country is waging war. And 75 per cent of the Michigan workmen who are turning out these products depend on automobiles to get to and from their work. That is how important the passenger car is to this state. Once our cars are gone, we are going to be on foot because the bus lines in most cities are carrying capacity loads at the present time and are incapable of absorbing much more of a burden."

"The situation emphasizes the need for intensified efforts to conserve our remaining cars and tires. Every car owner today is the custodian of a vehicle as vital to the war effort as tanks, planes and guns. Mileage rationing has eliminated much of the non-essential travel, but rationing must be supplemented by the most scrupulous care of our cars and tires, by careful driving and right observance of the 35 mile speed limit, by regular inflation of tires and by prompt repairs when needed. The need for swap-riding is urgent and will grow more urgent as time goes on."

### JERUSALEM SCHOOL NEWS

The fifth term of school for the Jerusalem school closed Friday, April 2. The following pupils were neither absent nor tardy during the term: Donald Barth, Shirley Moore, Robert Norman and Carl Koch, Arlene Haist, Loren and Ralph Trinkle, Joan Koenigter, Clara Lewis.

During this term we bought \$21.10 worth of Defense Stamps.

We have begun putting our music scrapbook together. The lower grades have learned a folk game, "I Sag You." The upper grades have learned more songs and listened to more records and talked about musical instruments.

The president of our Health Club is Wilma Koenigter and the secretary is Doris Trinkle.

The first and second grades have made some picture booklets in connection with seatwork. They have finished several seatwork books. The 2nd and 4th grades are also working on some extra seatwork books to improve on reading.

The beginners, 1st, 2nd, 3rd and 4th grades have worked quite a bit on Holland study. They have made a sandtable project on Holland, and a booklet. We have all made drawings and posters on Holland. Some of us made good tulip posters.

The 3rd and 4th grades made some charts showing "kinds of work" in connection with language. This helped them in writing sentences.

Some of us cut out and painted some wooden pins to wear. Some of us made some spool picture frames.

Many of us have drawn and colored some spring birds. We have studied the bird pictures and charts to help us to better identify the birds when we see them.

We have some pussy willows in our room. We also have several pictures appropriate for the season.

Mr. Thayer visited us during the term. He was much pleased with most of the scores on our standard tests. He commented on the good work we were doing. He discussed the value of the seatwork we have been doing and of the good use we have made of all available material.

Garland Allen, who entered our school last term, has left again. Our enrollment is now 28.

News Reporters—Joyce Eiselein, Raymond Moore, Norman Koch, Carl Koch.

# The 2nd War Loan Starts April 12

## 13 billion dollars must be raised!

**THE GOVERNMENT** of the United States is asking us to lend it 13 billion dollars in the next few weeks. We can do it. And we *must* do it. Every American must realize the truth:

In this, our toughest war, we've made a good start. We've trained a lot of men—made a lot of weapons—built a lot of ships.

But it's only a start. No man or woman among us would contend for a single instant that we're doing enough *now* to win this war!

### We've Got to Build More!

We broke all records building 8 million tons of shipping last year. But grim-faced Army and Navy men will tell you that the 18 MILLION tons we're building this year *still* won't be enough!

### We've Got to Fight More!

From now till this war is won, America must be on the offensive. In ever-increasing numbers, your sons, brothers, husbands must go

into actual battle. Our losses have already begun to mount—and they will not grow less.

### And We've Got to Buy More War Bonds!

Sure we're all buying War Bonds now. But we've got to help pay for our increased fighting and building . . . We've got to match, as best we can, the sacrifice of those Americans who are toiling and sweating on a dozen battlefronts—with the bloodiest yet to come. The blunt fact is this: to keep our war machine going, we've got to dig up 13 billion *extra* dollars this month. 13 billion dollars over and above our regular War Bond buying!

In the next few weeks you may be visited by one of the thousands of volunteers who are contributing their time and effort to this Drive. But don't wait for him. Make up your mind now that before this drive is over, you're going to march right down to your nearest bank, Post Office, or place where they sell War Bonds, and do your duty. And don't ever forget this: in doing your duty, you're doing

yourself one of the biggest favors of your life!

For United States War Bonds are the greatest investment in the world—bar none. They're investments tailored to fit your particular situation. And they give you the chance of a lifetime to order and get the kind of world you want to live in after this war. Every cent you put in War Bonds now will help to guarantee plenty of peacetime jobs making peaceliving for every one of us.

For your Country's sake—for your own sake—invest *all* you can!

## To Hasten Victory

No American wants this war to go one minute beyond the time we can bring it to a victorious end. To hasten that victory—to save possibly the lives of millions of our boys on our far flung fronts—it is imperative that every American do his part in the Second War Loan. There is no investment to it as easy as the most you can do is little enough compared with the sacrifice offered by our boys in service. They give their lives—you lend your money.

Lily stood quaking on the bottom stair while I tiptoed to the sea chest, closed now, and as innocent-looking as when I'd knelt in front of it and tried to wheedle the lock with a bobby pin. Only now the lock hung open.

I played my torch down the space between the chest and the wall. Sure enough, there was the golf club! I didn't want to touch it. The blood was unmistakable. It gave me the jitters.

"Come here, Miss Kendall. Look at this."

She came, quivering, and leaned down to pick it up.
