Where Gems and Gold Are Fairly Sold

THEY GIVE THEIR LIVES... YOU LEND YOUR MONEY

We on the home front face one of the most personal challenges of this war to date. That challenge is whether or not we are willing to sacrifice to a sufficient extent to lend our government thirteen billion dollars within the next few weeks.

To do the job, you and I, and everyone we know, are going to have to dig down in our socks—to dig out some of those dollars we have salted away for a rainy day—as well as to take a good hunk out of this month's pay check.

This is a job that has to be done. Sure, we on the home front are feeling the pinch of war. We have gasoline rationing, food rationing, higher taxes and a lot of other little discomforts. But they are nothing compared with the agonies faced daily by our men—men from this community among them—out there on the fighting fronts of the world.

Yes, we know that this constant demand for more money out of our pockets and out of our paychecks—an increasing amount each month—is monotonous. But so is sitting in a fox-hole or lying in a slit-trench day after day, slogging through the hell of a humid jungle or that of Sahara sand.

Our sons, friends, brothers, husbands and others we know are doing that for us. They are facing something more terrible than cutting down on a few things that we once thought were essentials to the American standard of living in order to do it. As Secretary Morgenthau has said: "Shall we be more tender with our dollars than with the lives of our sons?"

The Second War Loan is an order to the home front to go on a new offensive. Your dollars are the weapons in this attack. They will make possible the passing of the ammunition to those boys up there in the front lines. To win this war is going to cost more and more money—and more and more lives. But the price of freedom is high. We can not, we dare not let our fighting men down.

You can't let George do this for you. You must pitch in with your dollars. Just keep in mind those boys in the front lines. They give their lives—you lend your money! Don't wait for someone to come around and ask you to do it. Do it today—and do it until you feel worthy of them.

14 IN CONFIRMATION CLASS

Examination of St. Paul's Confirmation class was held during the church services on Sunday morning, with the following members taking part: Robert H. Breitenwischer, Eldean J. Elisele, Harry N. START NEW PUBLICATION

Chelsea Industrial Workers' Association, Inc. issued their first number of a new monthly publication on Saturday. The name for the paper, which goes to membership in the union only, is to be selected before the second issue goes to press. Edmund Kayser has been named editor-in-chief of the new publication.

TRANSFERRED TO G. R.

Technical Sergeant Roy G. Ives, son of Mr. and Mrs. Wirt Ives of Chelsea, has been transferred from Chanute Field, Ill. to the new meteorology school in Grand Rapids. He is acting supervisor of the weather observation school there.

DETROIT MAN KILLED

James Edmondson, 35 years old, of 2750 McGraw Ave., Detroit, was instantly killed at 5:15 Monday morning when his car left highway US-12, about eight miles west of Chelsea, rolled down an embankment and crashed against two trees. He received a fractured skull, broken neck and crushed chest when pinned beneath his automobile. Edmondson's wife and Mr. Mrs. Charles Burri of Caro, passengers in the car, were picked up by passing motorists and taken to Eloise hospital for treatment of injuries. Edmondson's body was brought to Staffan's funeral home here.

TWO WAACS HONORED

Mrs. Ralph Anderson and Miss Dorothy Lixey were hostesses at a farewell party given Saturday evening at the Tower Cafe in honor of Misses Dolores Keezer and Ruth Ingram, who are awaiting a call for service in the W. A. A. C. The guests included several employees of the Federal Screw Works, and refreshments were served after an evening of dancing. Gifts were presented as souvenirs of the event.

Dr. and Mrs. A. L. Steger spent several days of the past week in Chicago.

Celebrate Golden Wedding

MR. AND MRS. GEORGE M. WEBB

Mr. and Mrs. George M. Webb, celebrating their 50th wedding anniversary on Sunday at their home on N. Territorial Rd., Dexter township.

Yellow roses, snapdragons and daffodils centered the table, where dinner was served the immediate family, a feature of which was a three-tiered wedding fruit cake, bearing "50th Anniversary" in gold letters.

Mr. and Mrs. Webb held open house from 2 to 9 o'clock, with callers numbering 115, from Jackson, Ann Arbor, Stoughton, Ypsilanti, Clinton, South Lyon, Ann Arbor, Williamston, Dexter and Chelsea.

Refreshments were served, with Mrs. Rudolph Beck of Jackson pouring. During the afternoon violin and cornet solos were rendered by Virginia Joyce and George Webb, grandchildren from Detroit.

Mr. and Mrs. Webb received many gifts in remembrance of the event, including 50 yellow roses from the Ladies' Aid Society of North Lake church, and a beautiful wedding cake from Mr. and Mrs. Herschel Watts.

Mrs. Webb, daughter of Mr. and Mrs. John Faulkner, was born July 6, 1873 in Sharon township, while Mr. Webb, son of Mr. and Mrs. Richard Webb, was born May 1, 1866, on the farm where they now reside. They were married April 13, 1893 at the Congregational parsonage in Chelsea, by Rev. O. C. Bailey.

They have three sons: Clayton R. Webb and Dr. Harmon Webb of Detroit, and Dr. Raymond Webb of Hollywood, Calif.; two daughters, Mrs. Frederick Janke of South Lyon and Mrs. Lyle Engle of Dexter, and 12 grandchildren. Two of their grandchildren, Richard Webb and Raymond Janke, are in the armed forces, the former in the air service and the latter in the navy.

Wake Up, Chelsea!

Chelsea's quota in the Second War Loan drive is \$45,000.00 of "E" bonds to be sold by April 30. The local War Savings Committee reports that so far sales of these bonds amounts to only \$15,000.00. That means that we all must start digging deeper into our pockets if we are going to meet our quota. Don't delay—go to the bank or post office at once—buy your bonds and report to the solicitor who has contacted you. However, if you have not been solicited, that is no excuse for not buying your share of bonds. Our Government needs this loan and needs it now!

Family Night Held At Public School Monday

Many Chelsea parents and children enjoyed a pot-luck dinner and worthwhile programs at the public school on Monday night. Most of the community's organizations were represented at this "Family Night" event. The High School Band and group singing added zest to the evening's entertainment.

Dr. Howard McClusky from the University of Michigan gave a most interesting talk on "Problems Which Home Life Faces Today." He stressed the fact that parents usually take the responsibilities for their own children, but that they should also assume responsibility for the other children in the community with whom their children associate and have an interchange of ideas.

Walter MacPeck, Boy Scout Executive for the area, spoke on the scout program as it works in with the general youth program. Registrar Ira Smith of the University of Michigan closed the adult meeting with a few remarks.

Children who attended the program were entertained with movies, "Camping in the Canadian North Woods," shown by Clarence Munn, assistant football coach at the University.

The purpose of this Family Night program was to stimulate interest in a child care and recreational program. Chelsea has the opportunity to receive Federal funds for a child care program. To get this help, sixty children of war working parents have to be registered, and at present there are only forty-four.

Business Places To Close Thursday Afternoons

Starting today, most Chelsea business places will close at noon on Thursdays until further notice. The reason given for this action is the shortage of help. Other reasons which could be given are the headaches involved in conducting a business because of shortages and Government regulations imposed upon retailers, which makes it very desirable to take a few hours' time during the week for a diversion.

Chelsea State Bank announces that the bank will close at noon on Thursdays and will be open from 6:30 to 8:00 o'clock on Saturday night.

CELEBRATE ANNIVERSARY

The 27th anniversary of the organization of the Pythian Sisters was celebrated at their meeting on Tuesday evening, which was attended by 31 members and guests. Four charter members were presented with gifts, and a passing commensurate from Chelsea Temple was presented.

Retta Wilson, who is leaving this month for her new home in Cleveland. Following the initiation lunch was served, the table being centered with an anniversary cake.

OBSERVE VISITATION NIGHT

Friday night was the annual visitations of district officers to Rebekah Lodge and those in attendance at their regular meeting were: President Flossie Weeks of Hanover; Vice-President Eva Hite of Jackson; Secretary Florence Foster of Brooklyn, and Treasurer Della Ford of Clark's Lake. Also Mabel Pavey, assembly officer, of Jackson, and other guests from Hanover and Jackson.

FIRE DEPARTMENT BUSY

The Chelsea fire department was called on Friday to extinguish a large grass fire in the Wilkinson field, and on Saturday by a grass fire in Ida Helmrich's field. They were also called to the George Klink farm in Sylvan township to extinguish a chimney fire on Saturday, which burned a large portion of the roof.

FAREWELL PARTY

Mrs. George Brettschneider gave a farewell party on Sunday, April 4, in honor of her brother, Leo Francis Visel, who left for army service the past week. Dinner was served at 4 o'clock to guests from Detroit, Dearborn, Ann Arbor, Dexter and Chelsea. Leo was presented with several gifts.

CORRECTION

Leo Francis Visel, who left for army service the past week, was an employee at the Chelsea Spring Co. instead of the Federal Screw Works, as stated in last week's issue.

Doings In Congress

By Congressman Wm. Lemke
Congress has bureaucracy on the
run. As a result of the action of the
125 members of Congress who have
the nation's food supply at heart, the
President ordered sufficient steel to be
allowed the manufacturers of farm
implements. However, the President
is mistaken—these manufacturers
cannot supply all the farmers' needs
for 1943. If it hadn't been for these
members of Congress arousing the na-
tion to the dangerous situation, we
would have found ourselves in a worse
disaster in 1944 than in 1943.

Representatives of two of the largest
farm implement manufacturers
have called on me and asked me to
thank these members for their patri-
otic action. They stated that the
bureaucrats now, at least, are cour-
teous and willing to cooperate where
before they were insulting and vin-
dictive. Another victory for us was
when the President removed Mr.
Wickard as food administrator and
put in Chester Davis. This result was
brought about when we informed the
nation what was going on here in
Washington, when we threw open the
blinds and let in the white light of
publicity.

Chester Davis has held various posi-
tions with the Federal Government.
He has been with the Department of
Agriculture, was a member of the
Federal Reserve Board, and a member
of the First National Defense Com-
mission. Davis knows the agricul-
tural problem and unless he has been
contaminated and corrupted by his
close association with bureaucracy he
should make an excellent man. I can
assure you that Congress will cooper-
ate with him to solve the food situa-
tion.

The board jumpers, some columnists
and radio commentators insist that the
farmers should feed them for less
than it costs to produce the food. In
their ignorance they blame the farm-
ers for the high cost of living. If
these dumb-bells would go to the mar-
ket, they would find that shoulder of
lamb, including the front leg and
neck, is selling at 40 cents a pound;
leg of lamb 50 cents a pound; the
lamb's lungs, liver, kidney and intes-
tines 20 to 40 cents a pound. In fact,
every part of the lamb is sold for hu-
man consumption here in Washington.
Since every part of the live lamb is
utilized and sold for some purpose,
the ultimate consumers now pay all
the way from \$30.00 to \$35.00 for a
hundred-pound lamb. On today's Chi-
cago market lambs are selling from
\$14.50 to \$15.50 per hundred pounds
or 14½ cents to 15½ cents a pound.
Out of this the farmer pays freight

and commission. Surely the high cost
of living is not chargeable to the
farmer nor to the retailer. It is to
be found elsewhere.

The truth is the high cost of living
is caused largely by the fact that our
money in circulation has been in-
creased from \$5,700,000,000 to over
\$16,000,000,000, practically tripled. In
addition billions of credit has been is-
sued in the forms of bonds and certifi-
cates of indebtedness as a result of
cost-plus contracts. This is inflation.
I shall discuss this subject more fully
in my next letter.

Cancer Expert Speaks At District Meeting

The Southeastern Association of
Osteopathic Physicians and Surgeons
held their regular meeting in Milan
on April 4.

Dr. F. I. Rector, M. D., State Can-
cer Consultant and Director of the
Division of Cancer Control for the
State Board of Health, gave an in-
teresting illustrated lecture on "Can-
cer Control." Dr. Rector stated that
there are now known approximately
300 types of cancer and stressed pub-
lic education as the most effective
means of control. He said, "Kidney,
eye and bone cancer are the most com-
mon in those under 20 years of age
and bone cancer the most prevalent
from five to fifteen years of age. Per-
sistent soreness around the ends of
long bones in children are not 'growing
pains' and careful X-ray study
should be done." He advised laymen
to avoid practitioners who advertise
a cure.

In discussing moles, Dr. Rector
stressed the danger of dark moles, if
in a position on the body to be con-
stantly irritated, and that surgical re-
moval is the only safe method in these
cases. He warns women not to have
face lifting and scars or moles re-
moved in a beauty shop.

The time to find, diagnose and cure
cancer is before it becomes cancer.
Delay is dangerous. There is an av-
erage delay of six to ten months be-
tween recognition of the first symp-
toms and the beginning of treatment.
Every week of delay allows the can-
cer to grow and spread and reduce the

chance of cure. Early cancer is cur-
able.

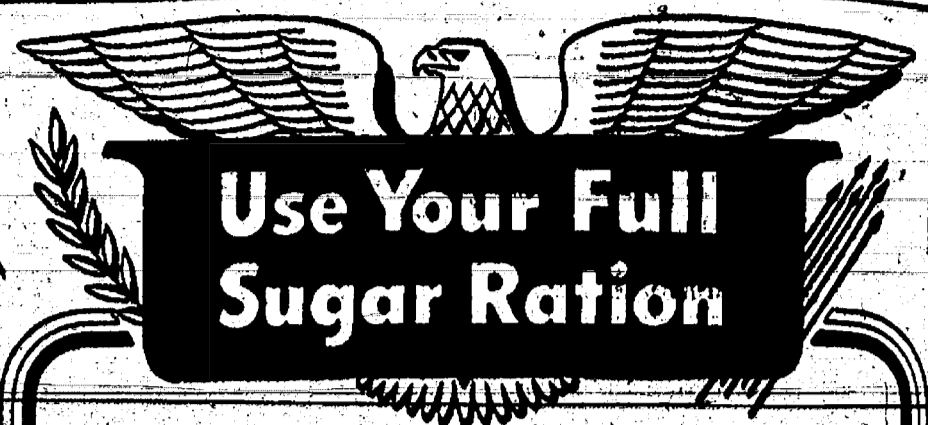

If the facilities and knowledge now
possessed by the medical profession
could be properly utilized, 80,000 lives
could be saved annually in the United
States. No other disease requires
greater cooperation between doctor
and patient.

Cancer of the stomach is more
prevalent than any other member of

the body. Dr. Rector also stated that
exposure to the sun is the most potent
cause of skin cancer and believes that
because of the semi-nude summer
fashions, the recent fad for deep tans
of tan, a good drop of cancer will de-
velop.

He quoted many interesting statis-
tics, stating that cancer holds second
place as the cause of death.

"Sure been a great year for crops, Judge...
best we've had in quite a spell."
"That's true, Henry...all over the country.
As a matter of fact, there's been quite a
surplus supply of grain according to some
figures I saw in one of your farm papers the
other day. But that surplus is being used to
mighty good advantage and is making the
contribution of you farmers to the war effort

more important than ever.
"Here's just one example of what I mean.
The beverage distilling industry alone will
use 100,000,000 bushels of this surplus to

VALUATION:
OVER 200
BILLION
DOLLARS

You can't measure the value of the American family or the
American way of life in dollars.

But we are beginning to understand the price of VICTORY

DEFEAT.

To further in every way possible the effort needed for
Victory is the best investment we can make in the security
of our loved ones.

When a father and mother clearly understand that, they do
not count the cost or deem it a sacrifice to put every possible

NORTHVILLE—Sidewalks or no sidewalks, the popular song of years ago paraphrased for the occasion was "The Sidewalks of Novi" as school children picketed the polling place carrying signs and beseeching the voters to vote "Yes" for a sidewalk. The proposal lost by a vote of 141 to 146 against the proposal for the township to build a sidewalk from the main corner on Grand River to the school building, 840 feet along the side of the Walled Lake-Nowi Road.—Record.

Above All—
We're in the service of those in Service

Men and Women in the Armed Forces and in War Plants Have First Call on Greyhound Today!

Today it's service for the Service first — for all those, in uniform or work-clothes, who are actively contributing to Victory over the Axis. Transportation for these essential travelers is Greyhound's first responsibility under present conditions.

Carrying selectees to examination centers—soldiers and sailors on leaves or furloughs—troops on maneuvers or emergency moves—men and women to their vital work in war plants—this is Greyhound's major wartime job.

And this job is a big one—measured in numbers of passengers or areas served. For Greyhound reaches directly more war plants, military camps, shipyards, air fields, navy bases, big cities, cross-roads towns, farm centers than any other transportation system.

If occasionally you are inconvenienced or delayed, please keep on taking it with a smile. This isn't some other fellow's war — it's yours and ours and we all have to do everything we possibly can to help win it.

Machine-gun cartridges, like telephone wires, are made of copper. If you use copper to make cartridges, you don't have it to make new telephone wires. That's why it is impossible to expand the telephone system to meet all demands.

You, and thousands of patriotic telephone users like you, are directly aiding the war effort when you —

- Make no long distance calls unless they are extremely urgent.
- Avoid especially any calls to people outside Michigan.
- Keep all calls — local and long distance — as brief as you can.

The company then adjourned to the church auditorium, where Mr. and Mrs. Sager renewed their marriage vows at a service conducted by Rev. P. H. Grabowski. The bridal chorus was played by Mrs. Carl J. MERKEL BROS. HARDWARE

THE 2nd WAR LOAN DRIVE IS ON!

America....you've got to get tougher!

AMERICA — Let's be frank about it . . . so far, many of us back home have been fighting this war from an easy chair.

Many of us have bought War Bonds out of extra cash, out of money we didn't miss too much. We haven't been really tough with ourselves.

But this war is a hard, down-to-reality war. And many of our boys are dying in it.

We've got to buy MORE

So your government asks you to buy Bonds and more Bonds — to get really tough with yourself. We're asking you to give up the frills and "extras" for the rest of this war.

We know how human it is not to make sacrifices until the crisis drives us to it. In England they felt the same way until the bombs started falling. Now they can't do enough!

Bombs are such persuasive things. But just as persuasive ought to be the spirit of our brothers, sons, husbands — who are ready to give all. Think now . . . what are your dollars, compared to their lives?

If you could see

Look at it this way — suppose you had a magic carpet that could take you to Africa and New

Guinea. Suppose you could hear the groan of American boys wounded, and American boys dying . . . Say now, how many Bonds would you buy?

That kind of war

THEY . . . are dying. And they will keep on dying until we drown the enemy in an overwhelming torrent of bombs, bullets, guns, tanks, planes, ships, and shells.

That's why we're asking you, in this one month of April alone, to lend Uncle Sam 13 billions of dollars — by buying War Bonds. 13 billions of extra dollars — over and above any buying that you'd be doing anyway!

A lot of money

13 billion dollars is a lot of money. It'll take sweat and tears to raise it. It'll mean going without now. But also — it will mean saving now — to buy later. It'll mean giving up everything you can't square with your conscience, so that we, us, our children, can have a more

decent place to live in when this war is won.

The drive is on

So, if someone calls on you to ask you to buy War Bonds in this 2ND WAR LOAN DRIVE, will you buy to the limit — and then buy more?

Better yet, will you go to your Bank, Post-office, or wherever you're used to buying your Bonds — and buy NOW? Will you lend extra money this month? Money that can hasten the day of Victory? Money that can help to save American lives?

Money buys money

Remember, what you're really buying with your money is still more money. For after all, these Bonds are money! Money plus! Every dollar you put into War Bonds will bring you a dollar plus interest.

So the more Bonds you buy the better for you, Americans — Get Tough — with yourselves — for your country.

What War Bonds Mean

Buying a War Bond is buying a part of the peace. It helps give the boys in the armed services supplies and ammunition so that they may make this a more peaceful world in which to live. It is also helping you to save by loaning your money to the government, because they in return will pay interest on your loan.

Over 88 per cent of bonds sold in Michigan are "E" bonds. That is something to be proud of as Michigan is the only state to accomplish this. Each month this state has bought over their quota so that shows all people are out for peace.

Keep our soldiers happy and buy a War Bond!

Attention!

To what? Spring vacation news. When? April 2-12. What? Done?

Usual things: Attending church, dishes, room cleaning, working at the theater, office work and store work after school, going to bed early, studying hard (?)

Things not usually done: Sleeping until noon, playing tennis all afternoon, shopping in Ann Arbor, Detroit or Jackson for a day or two, visiting relatives or friends, roller skating, boys working on farms for the first time, girls going around in slacks or shorts and skirts, spring house cleaning, a week's time in which time to write our journal.

Accidents: Dick For and Bob Eaton had sore ankles (?) after that group of Juniors, were through skating on Tuesday night.

Bob Edgar, one of those boys working on a farm for the first time, went through the barn floor with tractor so that proves a saying, "Late to bed, early to rise, makes you unhealthy, unwealthy, and tired."

There must have been some accidents over vacation, because not all were present Monday morning at 8:30.

Basketball Game

The Freshmen played the Juniors before vacation. This was not a consolation game but just a game between two classes. The Juniors won, the score being 5-4.

In the starting line-up for the Juniors there were V. Lucht, L. Schloesser, V. Miller, A. Forwards; V. Spaulding, L. Clark and E. Harper as guards. Substitutes were L. Bruck, J. Schmitt, and E. Schmidt. The starting line-up for the Freshmen was D. Perkins, L. Lyons, J. Vail as forwards; J. Eisenbeier, J. Shutes and M. Otto, as guards. Substitutes were E. McCleary, K. Geer and A. White.

Class News

9th Grade
The Freshmen have planned their Freshman-Sophomore return party, which is to be held this coming Friday, April 16.

11th Grade
The Juniors had a very serious discussion on the reception they are giving the Seniors sometime in June. Due to war shortages they were not going to have a formal party but after many objections they have changed their plans. The chairman for the various committees have been chosen.

F. F. A.
The F. F. A. of this school will receive \$50 from the State which is to be awarded in prizes to the members doing the best home-project. At their last meeting they voted to turn this money into the treasury, instead of awarding prizes, so as to be able financially to take a trip this summer.

Graduates of '43 (?)

Thomas Lyons was born on April 23, 1925 in the good old town of Chelsea. Tom has reddish brown hair, green eyes. He weighs 173 pounds and towers 6 feet. Tom likes to play football and to ice skate. His favorite meal consists of steak, french fries and more steak and french fries. Incidentally, Tom is the advertising manager of the Senior Annual.

Another of the male members of the Senior class is Charles Edgar Downer. Chuck was born on April 1, and he doesn't like any remarks concerning April Fool's Day either. He is 5-ft. 7 1/2 inches tall and weighs 149 lbs. Chuck considers himself quite fortunate since he was able to play three years at his favorite sport—football. Chuck also has a hobby—he likes to raise sheep. This summer he intends to work on his father's farm.

"Harmony Hop"

On Friday, April 2 the Chorus members and Mrs. Laudenslager presented their much-talked-about "Harmony Hop."

The gym was arrayed in blue and yellow, with musical symbols as the decorations. The ceiling was trimmed with streamers of yellow and blue paper.

The boys and girls danced to music furnished by the phonograph.

The boys' quartette sang two numbers, "When the Lights Go On Again" and "There Are Such Things". The quartette consisted of Tom Lyons, Bob Strieter, Dick For and Bob Edgar. Rosemary Lyons and Pat Burg sang "Taking a Chance On Love."

The two main attractions of the evening were a musical quiz and the door prize drawing. Tom McCleary and Jeanette May won the two prizes for the musical quiz. Henry Orbring and Tom Lyons held the two winning door prize tickets.

Latin Club

During the last meeting of the Latin Club it was decided that each member should bring 10c for a party to be held in the future. Committees for the party were elected. Many new names have been added to the Service Flag.

Homemaking Club

The Homemaking Club has adopted a motto. The motto is, "We will do our best."

Mary Lou Platt, Shirley Platt and Jane Downer have volunteered to spend extra time this week finishing the Red Cross ambulance pillows.

An exhibit of the Junior Red Cross work in the school is to be set up in a downtown store this week. Anna Marie Armstrong, chairman, Theresa Lyons, Shirley Platt and Madelyn Rowe are in charge of setting up this exhibit.
