War Fund Will Benefit Relatives and Friends

"The biggest point in the National
War Fund Campaign," says H. S. Os-
ler, chairman of the drive for Wash-
tenaw county, "is the fact that almost
every person, man, woman and child,
young and old, has a personal contact
with it, because the agencies for
which monies will be supplied will at
some point in the war-torn world,
benefit directly a relative or friend in
the service."

"No general fund," continues Mr.
Osler, "is doing as many things for
the good of service men; for their
families when in need, and for dis-
tressed peoples of all the war-torn
lands of the world. The National War
Fund is truly a Global Community
Fund."

Incidentally, Edward A. O'Neal,
president of the American Farm
Bureau Federation, recently had this
to say about the National War Fund:
"I earnestly hope farm people in par-
ticular, with our workers and mer-
chants, will support the forthcoming
drive for the National War Fund.
Through this agency are channeled
the funds for USO, and for the official
relief agencies of all the United Na-
tions. Farm people, who are enjoy-
ing the highest incomes in history,
will do everything they should do on
behalf of this great humanitarian en-
terprise."

Aim of the National War Fund is
\$125,000,000, of which Michigan's
share is \$4,500,000. Of this, Washtenaw
county's total is about \$100,000,
with less than \$30,000 allotted to the
areas outside the cities of Ann Arbor
and Ypsilanti. The quota for Sylvan,
Lima, Lyndon, and Dexter townships,
including the village of Chelsea, is
about \$7,000.

"The interest in the campaign is
growing," says Mr. Osler, "and we
have no doubt that the quota will be
very much oversubscribed."

Special Meeting Friday Night

A meeting of solicitors and all
others who are interested in helping
with the War Fund campaign will be
held at Sylvan town hall on Friday
night of this week at 8 o'clock. J. C.
Hendley will address the group, which
will represent Sylvan, Lyndon, Dex-
ter and Lima townships and the vil-
lage of Chelsea.

Red Cross Asked To Train Home Nurses

Because a recent Office of War In-
formation survey shows that one-
third of the doctors and nurses in ac-
tive full time practice in the United
States are now serving in the armed
forces of this country, civilians must
care for a substantial part of future
illnesses at home.

Although the health of the nation
has not as yet been impaired by this
shortage of professional medical care,
there is always the danger of epi-
demics striking as they did in the last
war, and each family must care for
illness with a minimum of profes-
sional supervision.

It is with this in mind that the gov-
ernment has asked the Red Cross to
train at least one person in each fam-
ily in home nursing.

Home nursing classes need no pre-
requisite. They are 24 hours in
length which is usually broken up into
two-hour classes once a week for 12
weeks and are instructed by registered
nurses. Those taking the classes are
taught the essentials of home nursing
care and comfort of the sick, infants,
and the aged. The elements of a
healthy home are taught along with
the danger signals of various diseases.
One learns when it is necessary to
call a doctor or when some simple de-
vice will do; also how to follow in-
telligently orders given by doctors or
registered nurses.

Protect the health of your family,
community, and country by taking an
American Red Cross Home Nursing
course.

Anyone interested in this work
should call Mrs. Dor Rogers, phone
6431.

ADVANCED IN RATING

Dwight R. Gadd, son of Mr. and
Mrs. R. D. Gadd of Chelsea, has been
rated Honorary Petty Officer 3rd
Class in recognition of his drumming

Mr. and Mrs. Cammer Slocum, and has
been an employee of King-Seely Cor-
poration, Ann Arbor. He enlisted in
the Seabees on Sept. 28 and will re-
port in Detroit on October 14. Car-
mer was married to Inogene Smith
of Stockbridge on July 6, 1941. Their
son, Michael Kenneth, is nine weeks
old.

School Superintendents Of County Meet Here

School superintendents and school
commissioners of Washtenaw county
held a dinner meeting at the Tower
Cafe last Thursday evening, for the
purpose of discussing current school
topics and the function of the school
in the present emergency.

Those in attendance were Mr. Cha-
pelle of Ypsilanti, Mr. Rogers of the
Spencer District at Willow Run, Mr.
Schlicker of Milan, Mr. Halsey, Mr.
Carford and Mr. Westfall of Ann
Arbor, Mr. Downing of Manchester,
Mr. Haag and Mr. Thayer of the
school commissioners' office, and Mr.
Johnson of Chelsea.

The group decided to meet bi-
monthly during the school year and to
hold the next meeting in Ann Arbor
in December. A. C. Johnson was ap-
pointed chairman of the group for the
ensuing year.

Registration for Ration Book 4 October 26-27

Registrations for War Ration Book
No. 4 will be held at the Chelsea pub-

in the gymnasium of the public schools
and registrants are asked to register
as early as possible.

Eaton Rapids Woman Killed By Train Here

Mrs. Lillie Brewer, 67 years old,
of Eaton Rapids, who was visiting
her daughter, Mrs. Lloyd Keeney, at
225 East North St., was instantly
killed about noon on Wednesday when
she was struck by a Michigan Central
freight train as she was crossing the
tracks at the intersection of East St.

Besides Mrs. Keeney, she is sur-
vived by another daughter, Mrs. Mar-
lan Boatman of Eaton Rapids and a
son, Claire Brewer of Jackson.

The body was taken to the Staffan
funeral home and later to her home
in Eaton Rapids.

Lieut. John E. Fletcher Marries Virginia Girl

The church of the Good Shepherd,
Meadowbrook, Virginia was the set-
ting for the marriage of Miss Mar-
garet Jane Wright, daughter of Mr.
and Mrs. William T. Wright, and Lt.
John Edward Fletcher, U. S. Army
Air Forces, son of Mr. and Mrs. John
L. Fletcher of Chelsea, which was
solemnized Thursday night, October
7. The ceremony was performed at
7 o'clock by Rev. W. Taylor Willis,
D.D., rector of Christ and St. Luke's
church.

Palms and white cut flowers formed
the church decorations and the wed-
ding music was played by Mrs. E.
Powell Simpson, organist.

The bride entered the church with
her father, by whom she was given in
marriage. Her wedding gown was of
ivory brocade satin, fashioned with
V-neckline, long tight sleeves, and the
fullness of the skirt forming a long
train. Her veil of illusion fell from
a cap of net and was caught with
orange blossoms, and she carried a
double cascade bouquet of gardenias
and stephanotis.

Mrs. John Buxton Maddrey, sister
of the bride, was matron of honor and
the maid of honor was Miss Irma
Meads Moore. They were gowned
alike in pale blue organdy made with
off the shoulder necklines with draped
fichus and very full skirts. Their
crescent bouquets of pink carnations
were matched with flowers worn in
their hair.

The bridegroom was attended by
his father, John L. Fletcher, as best
man and the ushers were John B.
Maddrey and E. Cook Ferebee.

For her daughter's wedding Mrs.
Wright wore a dress of gray blue
crepe trimmed with crystal beads,
while Mrs. Fletcher, mother of the
bridegroom, was attired in pale blue
silk jersey. Their corsages were gar-
denias and they wore a gardenia in
their hair.

A reception was held after the
ceremony at the home of the bride's
parents on North Shore Rd., Loch-
haven. Later, Lieutenant and Mrs.
Fletcher left for a short wedding trip
to Williamsburg, Va. before leaving
for Roswell, New Mexico, where the
former has been ordered for duty.

For traveling the bride wore a gray
flannel suit with matching hat, black
accessories, a silver fox fur, and a cor-
sage of gardenias.

Mr. and Mrs. J. L. Fletcher and
daughter Betty of Chelsea were at-
tendants at the wedding.

Detroit Driven Killed When Truck Overturns

Arthur Leonard Schmidt, 30 year
old truck driver employed by the New
Era Potato Chip Co. of Detroit, was
crushed to death about 6:30 Monday
night when his semi-trailer, carrying
10 tons of potatoes, overturned at N.
Territorial Rd. and M-92.

Schmidt and a friend, Walter Cher-
ry, 56, of Detroit, were returning
from Stockbridge where they had
picked up a load of potatoes and, ac-
cording to Cherry, the accident oc-
curred as Schmidt turned sharply on
to M-92, after he had gone slightly
past the beginning of the intersection
before starting to turn. Schmidt ap-
parently saw that his vehicle was go-
ing to overturn and attempted to jump
clear of the truck, but was crushed
under a corner of the truck cab.

Cherry said he remained in the
truck cab until the machine came to
rest, when he climbed out and found
Schmidt pinned under a section of the
cab. Cherry suffered head and leg
bruises.

Schmidt's body was brought to the
Staffan funeral home here and later
was taken to Detroit.

The 10 tons of potatoes scattered
at the intersection were picked up
Tuesday morning by the New Era Co.

DIESEL SCHOOL GRADUATE

Richard Wahl, son of Mr. and Mrs.
Arthur Wahl of Chelsea, graduated
from Advanced Diesel School at Navy
Pier, Chicago. After completing the
four months course, he was promoted
from Fireman 1st Class to Motor Ma-
chinist Mate 2nd Class. Mr. and Mrs.
Wahl spent seven days visiting rela-
tives and friends in Chelsea, after
which he reported for further train-
ing at the Minecroft Training Pool at
Little Creek, Virginia.

GOOD NEWS!

The following copy was given us by a customer—

Washington—The Office of War Information
Saturday said the Army Censorship Office has de-
cided that phonograph records may now be sent as
Christmas presents to soldiers overseas.

Lifting of the ban followed a recent poll by Yank
Magazine which showed that many soldiers want-
ed records of the latest swing tunes as Christmas
presents.

Postoffice authorities said records should be limited
to the 10-inch size. Only recordings by record
manufacturers will be accepted for mailing over-
seas. Personal message recordings are prohibited.

REMEMBER

Records will be just as acceptable AFTER Christmas!

24 Years Ago

Thursday, October 9, 1919

J. E. Alber has begun putting his crop of onions in storage in Alber Bros. warehouse. He has 3400 bushels of the odorless bulbs, which is the largest crop of an individual grower in this vicinity.

During the five days preceding October 6, farmers of Lyndon township have had between \$500 and \$600 worth of sheep killed by dogs. Two of the dogs were tracked to the homes of their owners and shot but several others are still at large.

Conrad Schanz has purchased of Elmer Beach the residence on West Middle St. which he has occupied for some time.

Soldiers who did not receive their equipment upon discharge are now to be furnished with a full set. Accord-

ing to a statement of the war department this is what soldiers will be furnished: hat, helmet, hat cord, olive drab shirt, service coat and ornaments, breeches, shoes, belt, leggings, slicker, socks, underwear, gloves, gas mask, barrack bag and three scarlet chevrons.

Born on Friday, Oct. 3, 1919, to Mr. and Mrs. Albert Ashfal, a daughter.

Mr. and Mrs. Wm. Lewick have moved from the farm in Dexter township which they recently sold, to their new home on Lincoln street.

34 Years Ago

Thursday, October 14, 1909

The first snow storm of the season reached this vicinity during the night of October 11. By Tuesday morning enough snow had fallen to make sleighing in some sections.

Mrs. Carl Bagge gave a miscellaneous shower in honor of Miss Bertha Alber, who will be united in marriage with John Wallace, of Marshalltown, Iowa, on Thursday evening, October 21.

A 15c New England supper and an apron sale will be held at the Congregational church from 5 o'clock on.

The farmers who raised sugar beets in this vicinity have commenced loading them at the Michigan Central station for shipment to the factories.

Peter Kaimbach, who has been a resident of Sylvan since 1830, died at his home Wednesday evening, Oct. 13, 1909, in the 80th year of his age. He is survived by his wife, one son, Henry, two daughters, Mrs. Peter Young and Mrs. John Bender. The funeral will be held from Salem Grove church.

Potatoes on the E. J. Cooke farm, North Lake, are so large that they split one and use half for dinner and the other half for supper, and this in spite of the fact that potatoes in some areas are a light crop.

Mrs. A. E. Fuls of Great Falls, Mont. is home for a two weeks' visit with her parents, Mr. and Mrs. Herman Daner. Sunday guests at the Daner home were Mr. and Mrs. Richard Braund and daughter of Detroit and Mr. and Mrs. Milford McKeith and daughter of Coldwater.

Mr. and Mrs. Harry A. Prudden, who for 28 years have resided on the Pierce farm, just south of Chelsea, are making arrangements to move to their home on Washington St., Chelsea.

Mr. and Mrs. Robert Lantis and family will occupy the Pierce farm, and have rented their residence at 418 Chandler St. to Mr. and Mrs. V. Kohman.

Building Lagged
Although there was a need for at least 900,000 new homes annually during the period 1931 through 1941, only a yearly average of 350,000 units was actually built.

Francisco

Walter Bohne has been quite ill from blood poisoning resulting from an injury to his hand while working in a defense plant in Chelsea. He has made several trips to St. Joseph's hospital in Ann Arbor for treatments.

Mrs. Jessie Bohne spent most of last week with her niece, Mrs. Clifford Wolfe and family.

Harold Walz and family of Grass Lake spent Sunday with their parents, Mr. and Mrs. Albert Walz and family.

Afternoon visitors were Mr. and Mrs. Barnes and family. In the evening Mr. and Mrs. Walz and Miss Betty Ann attended Mission Festival at St. Paul's church in Chelsea.

The Ladies' Guild of St. John's church will serve the supper to be given by the Eastern Star in Grass Lake on Wednesday evening, Oct. 27.

Mrs. Albert Walz and Betty Ann called on Francisco friends Monday evening.

The Walter Gardner family visited friends at Gillett's Lake on Sunday.

THANK YOU.

I wish in this way to thank my friends and relatives for the many cards, flowers and other acts of kindness during my illness. They were greatly appreciated.

Mrs. George McClure.

The most faithful and indispensable servant you possess is your heart. If it faltered for long you would die. You do not have to think about it, or tell it when to start. Fortunately it is completely automatic, and goes on and on from birth to death.

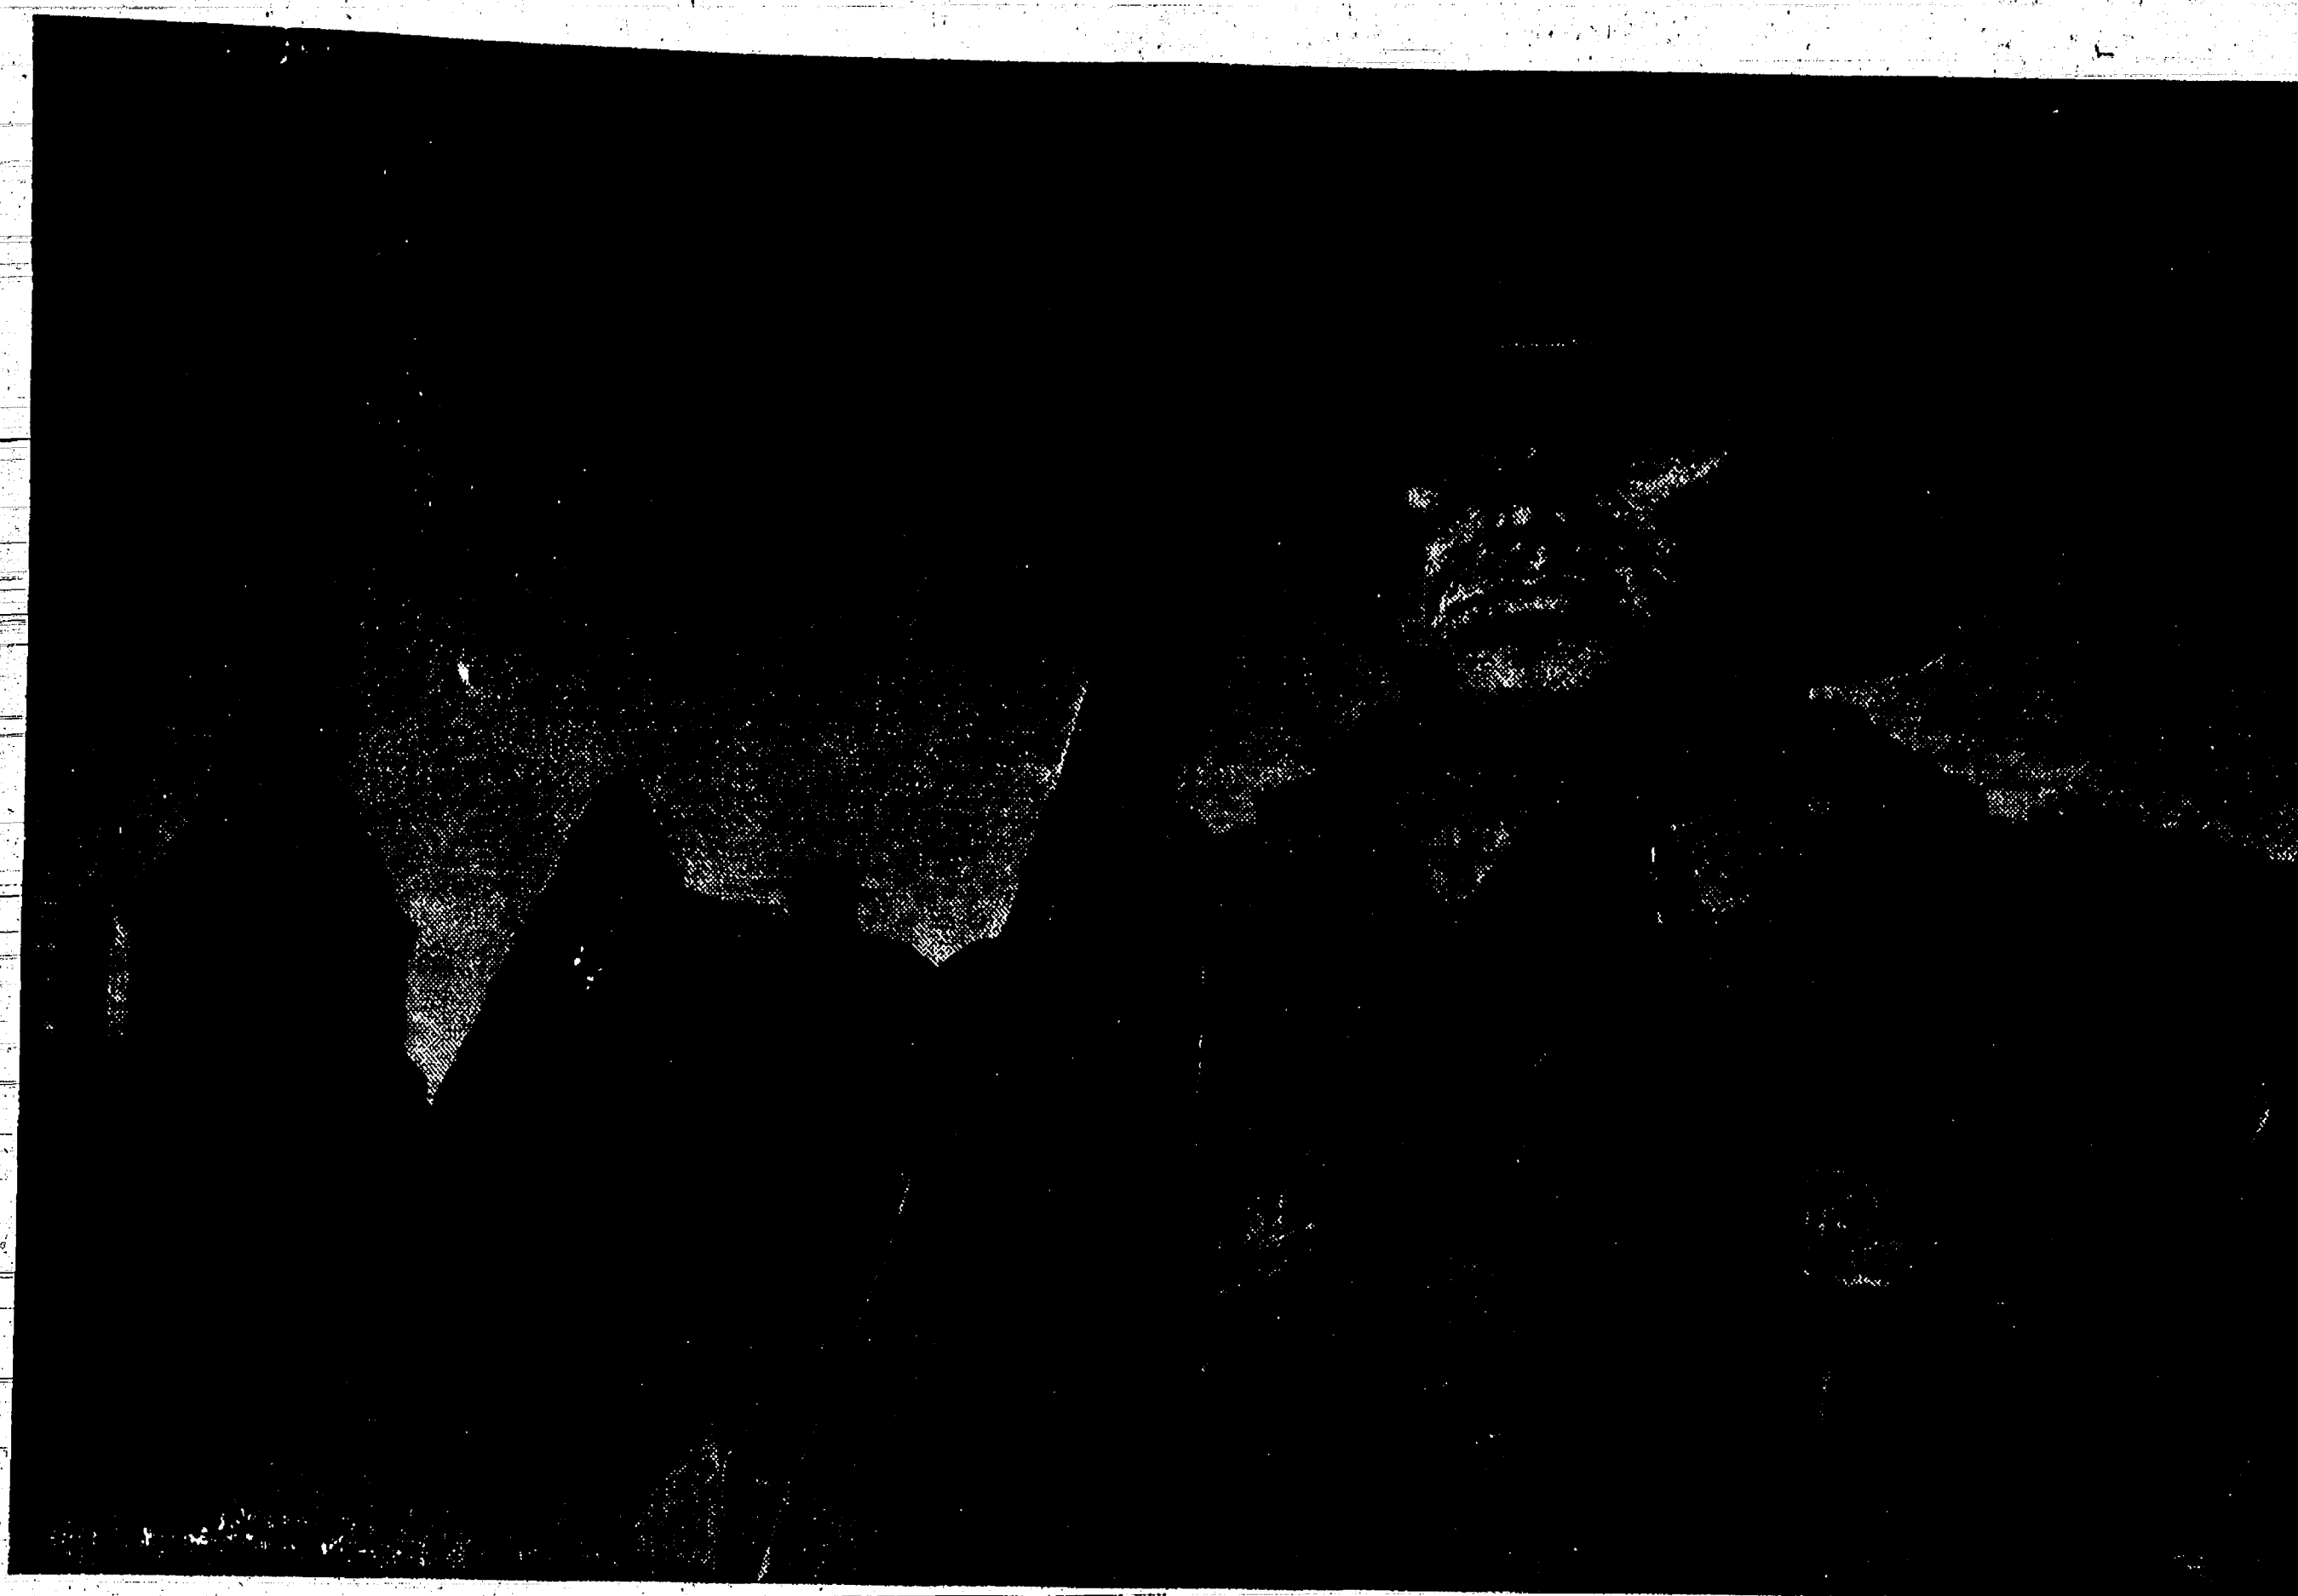

Another silent and invisible servant which works for you faithfully year in and year out is Natural Gas. It, too, is automatic, and always on the job. You do not have to order it in advance, or store it on the premises.

The moment you turn on the faucet it supplies you with hot water. The instant you turn on your gas range burner you have a clean blue flame for cooking. Your silent gas refrigerator operates uninterruptedly without attention because of the constant flame that performs the miracle of freezing.

The Moon is Down...

THERE ARE dark nights in Norway. Nights when Nazi sentries feel uneasy at their posts.

It is not what they hear that disturbs them. It is what they do *not* hear. The deep silence behind a bush. The stealthy quiet around the corner of a house. The terrible hush in the blackness all around them.

For the Norwegians lost their country without ever surrendering themselves. They wait now in the night to strike back at their oppressors.

If they ever *had* really given in, there would be no need of the thousands of Nazi troops now in Norway. They could have been sent to the Russian front. Or Tunisia. *But they couldn't be spared.*

They can't be spared in Holland either. Or Poland or France or Yugoslavia or Belgium. In China, tens of thousands of Japanese troops must also remain. And Axis troops will have to remain in countless countries so long as the people they have "conquered" have the stamina to resist. And it is to our advantage, as Americans, to see that these people—our Allies—are kept in the fight... with help from America.

You can help support *this army already in Europe*—by your contribution to the National War Fund, which you make through our community's own war fund.

For this year, the agencies that can do this job have banded together to make the col-

lection and distribution of funds simpler, cheaper and more effective. Their job is three-fold. To keep our fighting allies in the fight, in unoccupied and—where possible—in occupied countries. To provide, through the USO, friendly help for our men in the armed services. And to relieve distress where it is found here on the home front.

Because all these agencies are now banded together into one organization, you are being asked to contribute only *once* for *all* of them. Because you are being asked to give only *once*, you are also being asked to give *generously*. Add up all you would have given to each of these agencies throughout the year, and then *double the total!* It is one of the most important contributions you can make to victory!

Nimrods Urged To Show Respect For Property

Lansing—Michigan hunters are being urged to earn the right to hunt on farm lands by showing greater respect for farm property.

Endorsing a recommendation by the OGD Recreation Committee headed by Dr. Eugene Elliott, State Superintendent of Public Instruction, Capt. Donald S. Leonard, Director of Civilian Defense, is calling upon county and municipal Defense Councils to persuade the nimrods to avoid damaging farm properties and thereby obtain more liberal use of these lands during the small game season.

The councils will contact sportsmen's organizations and in other ways bring the appeal to their attention.

"Because of gasoline rationing, work schedules and other related factors, hunters will not be able to travel long distances to and from hunting grounds," Capt. Leonard said. "As a result, they are likely to concentrate on lands near the industrial centers."

"In the past a minority have committed acts which have led farmers to prohibit all hunting on their lands."

Farm families have been endangered by wild firing, gates left open, wire fences damaged, unharvested crops trampled down and livestock and poultry killed.

"If more respect is shown for farm property the owners will be inclined to grant hunting privileges, enabling the hunters not only to enjoy their sport, but obtain a supply of non-rationed meat."

Suggestions to the hunter include the following: If convenient don't wait until the first day of the season to find a place to hunt, but make arrangements in advance; do not go on farm lands without first obtaining permission; respect the farmer's property.

THANK YOU

I wish in this way to thank my neighbors, relatives and friends for remembering me with flowers, cards and gifts while I was in the hospital and since my return home.

Progressive euchre furnished diversion for the evening. Mrs. Fred Sager and N. H. Miles holding high score; Margaret Steele and Fred Sager held low. The traveling prize was won by Charles Rabley; door prize by Mrs. Frances Alber.

Following the game a pot-luck supper was served.

Mr. and Mrs. J. Fred Hasley and children, Arlene, Duane and Don, and Miss Bernadine West spent Sunday at McGuffey, Ohio, as guests of Mr. and Mrs. Lawrence Shriver.

NUTRITION TIPS

For variety, serve sweet potatoes, suggests the Washtenaw County Nutrition committee. Sweet potatoes are not home grown commercially, but before the big crop of Michigan potatoes comes into market these southern visitors to our market stalls can add welcome variety as well as much needed nutrition value to our meals.

Sweet potatoes are an especially good source of vitamin A, one of the most important health protective vitamins and one which surveys show is very often lacking in the average diet.

One average sized sweet potato will supply nearly all the needed vitamin A for one day and contains as well good quantities of vitamin C and B-1 and valuable minerals, but most of us eat sweet potatoes because they taste good. They are equally delicious with the main course or as a sweet at the end of the meal. For example, did you ever eat either of these?

Sweet Potato Pie.
2 1/2 tbs. flour; 1/4 tsp. salt; 1-8 tbs. cloves; 1/4 tsp. cinnamon; 1/4 tsp. allspice; 1 cup mashed sweet potatoes; 2 eggs; 2-3 cup sugar; 1 1/2 cups scalded milk.

Cook sweet potatoes in their jackets, peel and mash until smooth. Blend sugar, flour and spices together and add to mashed potatoes. Combine the slightly beaten eggs and scalded milk with the potato mixture. Pour into unbaked pastry shells. Bake in 450 degree F. oven for 15 minutes, then reduce temperature to 300 degrees F. and continue baking for 45 minutes or longer until the filling is set.

Scalloped Sweet Potatoes and Apples
1 lb. apples, cored and peeled
1 lb. sweet potatoes, cooked and peeled

1 cup light brown sugar,
2 tbs. fat,
1/2 cup water,
1/2 tsp. salt.

Cut peeled, cored apples in thin slices. Peel and slice cooked sweet potatoes. Make a syrup of fat, sugar, water, salt. Put alternate layers of sliced apple and sweet potatoes in oiled baking pan and pour syrup over them. Bake in a moderate oven for 1 1/2 hours or until apples are tender.

To get the most out of the flavor of any food it should be served in the right menu combination. Sweet potato combines well with any kind of meat but sweet potatoes and pork are a superlative gustatory delight. Here are two sweet potato dinners that should please every member of the family:

Number One
Shoulder roast of pork,
Baked sweet potatoes,
Green beans,
Raw carrot and green pepper strips,
Baked lemon pudding,
Milk... Coffee... Tea.

Number Two
Sausage cakes,
Scalloped sweet potatoes and apples,
Sliced tomatoes and lettuce,
Whole wheat bread and butter,
Orange custard, ginger cookies,
Milk... Coffee... Tea.

Sweet potatoes are in season and plentiful. If we eat the surplus now there will be storage space for the rest of the crop and none will be wasted, concluded the committee.

BIRTHDAY CLUB MEETS

PRESIDENT ROOSEVELT AND CONSERVATISM

WASHINGTON.—Mr. Roosevelt's choice of his lend-lease administrator, Edward Stettinius, ex-big business man, to the post of under-secretary of state has been commonly interpreted as another surprising evidence of Mr. Roosevelt's swing to conservatism in preparation for the coming election.

It looks more like Mr. Roosevelt, and especially State Secretary Hull, are getting ready for a big worldwide trade development program after the war as perhaps the main theme of peace. Mr. Hull's policy throughout his career has been international free trade. He needed and wanted a man with business experience to help along that line.

The scope of coming policy in this respect has not yet been divulged.

Furthermore, Stettinius is about as close to the Russians as anyone in this government, having been in charge of all the lend-lease arrangements with them. Some of the liberal groups have been complaining that insufficient attention has been paid Russia lately.

Stettinius gets along well with the Russians, without having been converted to their ideology. As a business man, lend-lease and Russian friend, he fills three practical requirements.

These are sufficient basic reasons for the surprise, beyond the advertised political implications.

TREND IS THAT WAY
It is true the entire series of recent presidential appointments has followed the more conservative trend which Mr. Roosevelt established back when he dropped Leon Henderson as OPA administrator. Since then, he has set up the judicial front composed of Byrnes, Vinson and Jones (with Bernard Baruch as official adviser) in charge of practically all domestic planning.

He called in the Wisconsin banker, Leo Crowley, already filling two important government posts, to take over in addition the Wallace-Milo Perkins economic side show and turn it over to a business functioning basis without all the animal acts and reforming ballyhoo. Now he has boosted Mr. Crowley a notch higher, elevating him to control of relief and rehabilitation, since Governor Lehman is preparing to take the bigger international role in that time. (Lehman also being a New York banker.)

All these appointees may be conservative as the liberals rate them, but more important than that, they seem to represent an effort to do a practical job here rather than a political job.

To say that Mr. Roosevelt has gone conservative, however, would be going too far, as he still has all his old most intimate New Deal associates around, Messrs. Hopkins, Frankfurter, Rosenman, Cohen, etc., and, in most government agencies, you will still find New Dealers hidden away in key spots. To me, it seems the President has not gone anywhere politically.

WEIRD ACTIVITIES IN ECONOMIC WARFARE
The weird activities of agents of Vice President Wallace's former Bureau of Economic Warfare in their search for strategic materials, are still being related. Many of his men went into the Amazon jungle area, inhabited chiefly by Indians, who do not even wear a sarong, or at least only in its most abbreviated form.

An effort was made to induce them to gather rubber.

Before the project really got under way, a government shipment of 1,500 sewing machines arrived in the jungle for distribution to the Indians as an inducement to make them work. Just who sent them, or why, was not apparent to those in charge on the ground. They were not used and were sent back. Incidentally the Indians of that area would not do the work anyway and natives had to be imported from another district.

CONGRESS AND BUREAUCRATS
There is much current discussion about how tough congress is going to be with Mr. Roosevelt and the bureaucrats. The truth is congress cannot do much about either.

Mr. Roosevelt obtained most of his powers immediately after the war started, and they are to extend legally, until a short time after it ends.

The annual appropriation bills will not come up until January, and the agenda of congress is light. The tax bill seems to be the major item for consideration, and some authorities doubt that anything will be done even on that subject.

In fact, the leaders already are talking about adjournment, although they have not agreed on a date.

The main power of congress probably will continue to be exerted in a negative way by investigations of various government activities in civilian and military fields.

HONORED ON BIRTHDAY

Twenty-one of Miss Jessie Everett's "grand children," as she usually speaks of them, and their families came Saturday, October 9 to impress upon her mind that she was 80 years old. All fourteen nephews and nieces would liked to have been there, but circumstances prevented some from coming. However, eight nephews and one niece came. Those present were: Dr. and Mrs. Herbert E. Coe, Seattle, Wash., Harry L. Coe, Washington, D. C., Mr. and Mrs. Welland Gay, Cleveland, Ohio, G. Maurice Gay, Pittsburgh, Pa., Mr. and Mrs. Lindsey E. Gay and daughter, Mrs. Margaret Hardin, Detroit, Mr. and Mrs. Wallace McKee, Grand Rapids, Mr. and Mrs. Merle H. Everett and son, Jerry of Kalamazoo, Mr. and Mrs. Clarence J. Everett of Lansing, Mr. and Mrs. Harmon Everett, sons Harmon Jr. and Fred, and Mrs. Myrtle Everett of Lansing. A perfect October day and a very happy reunion.

The "originals" were pleased to get acquainted with the in-laws and talking over childhood experiences in the old Everett home. In the afternoon violin music was provided and all enjoyed singing some old familiar songs.

BIRTHDAY PARTY
Miss Lillie Wackenhut entertained at a party on Saturday honoring the birthday of her cousin, Mary Ann Gage. Prizes awarded in bingo were presented the honor guest.

HOSTESS TO STUDY CLUB

Mrs. Charles Meservé was the hostess for the meeting of the Chelsea Study club on Tuesday evening. The meeting opened with a song fest in charge of the music committee, Mrs. George Walworth and Mrs. Carl Mayer. Mrs. Walworth gave excerpts from "Cheerful Cherub" between the songs "Keep the Home Fires Burning," "Smiles," and "Love's Old Sweet Song."

A business meeting was held. Roll call was Bible Verses. Twenty-five members and one guest were present.

Mrs. Warren Daniels, chairman of the program committee, introduced the guest speaker, Miss Mabel Fox, who gave an interesting and instructive talk on the Caribbean Islands.

Refreshments were served by Mrs. Sidney Schenk and Mrs. Carl Mayer. The members are doing various kinds of Red Cross work at the meetings.

We try to bring that atmosphere of dignity, charm and beauty into every part of a funeral service.

SCHOOLS AT WAR

By Elaine McClear

Never before in the history of our country have the schools of America played such an important role as they have in this war. The need for physically and mentally trained boys cannot be stressed enough and where else but in the school can they be trained?

If you were to ask any man or woman in the service of his country what he considered the most important factor in helping him in his training the answer is almost certain to be, "a better education." Perhaps the three most helpful subjects in this education

are Mathematics, English and Science. No matter what branch of the service one is in there is a never-ending need for knowledge in these subjects and nearly every school in America has made provision to improve these three courses. Chelsea certainly is no exception. Our only hope is that students now will see the need for a better education and truly take advantage of it.

The physical condition of all high school students today is of truly great importance for our juniors and seniors of today will be our fighting men of tomorrow! Is it fair then to send these almost youngsters off to war physically unfit? Once again the schools of America have taken over, Chelsea among them. The physical fitness program of Chelsea high school is one to be proud of.

Although our effort to improve the physical and mental condition are somewhat limited here in Chelsea the students have always let our boys know that we are behind them. Proof is in our letters to servicemen, our service bag, and the buying of defense stamps. A week ago today we had our second War Bond Auction since our entry into the war. It is just one more way of saying—this is our country and our war and we will help keep it ours forever!

STUDENT COUNCIL MINUTES

Meeting was called to order by the president. The minutes were read and approved.

Tom McClear informed the Council that the party scheduled for October 29 must be postponed because the Kiwanis had already engaged the gymnasium for October 29.

These new party dates were scheduled:

October 18—Student Council.
November 5—Chorus.
November 12—Senior Class.

The following rules were adopted: Organizations sponsoring All-Hi parties must give one third of the net profits to the Student Council.

When classes are asked by the Student Council to take charge of refreshments and decorations they shall be allowed not more than \$5.00 for refreshments and not more than \$8.00 for decorations. Any charge in excess of these amounts will be paid by the class.

No one except Donald Alber and Tom McClear may operate the music machine at any time.

L. May gave the following report on the movies: Films have been chosen and sent for. Admission will be 10c. Marjorie Whipple will be temporary treasurer.

Meeting closed.

SENIOR NEWS

The "Forty-Four" seniors, like any other senior class, always has its problems. The present class has the problem of the selection of the senior play on its mind. The committee chosen to select the play consists of Richard Foor, Virginia Spaulding, Donald Schanz and Esther Riemen-schneider. They are considering two plays: a comedy, and a mystery, and have ordered copies of each for comparison. The results of their decision will be published later.

The seniors had the clean-up for the All-Hi party last night.

CLASS NEWS

Juniors

The class rings have arrived and the Juniors are anxiously waiting for them to be passed out. Marjorie Umstead, Willetta Lantis and Alton Guenther have been appointed to the War Council. Angelina Merkel is leading for the girls and James Gaunt and Robert Trinkle are leading for the boys in the sale of Cadet Cards. The Juniors are in charge of decorations and tickets for the All-Hi party, Wednesday night.

Sophomores

The Sophomores are in charge of the pep meeting Wednesday. Joann Moore, Jane Downer, Rose Mary Hummel and Barbara O'Hara are on the committee for planning the meeting. The Sophomores have refreshments at the All-Hi party.

Freshmen

The Freshmen are now planning the Sophomore Return Party which is to be given in the near future.

CHORUS PARTY

—Yes, little chums, a party! But not just an ordinary All-Hi party, understand, it's something more out of this world.

"And what could be better than an All-Hi?" they ask.

Ignoring the question of the title morons, I go on to say that there are three reasons why it is sure to be "dogy" (to borrow an expression from my ancestors).

At this a little moron smiles and I get mad and after that he is dead. I resume:

One reason is that Miss Betterly is the Chorus teacher and advisor. Also she is just out of college (which is an advanced form of high school) and so naturally has plenty of ideas.

Another reason is that it is going to be a "Hard Times Party." This will give us a chance to see everyone at his best worst. And that is sure to prove fascinating!

I now realize that one of the morons is giving me a hot foot. But they have forgotten the hammer I keep in case they do something extra cute like that. After patting him on the head, thus, I give the third reason, which is because of the quality and number of the people in Chorus.

After thinking it over I find that there are several other reasons why no one should miss this colossal party. One is that the famous Triple Trio will sing a few songs. Remember how they had us drooling at the last party?

Also there will be an added attraction. I have to explain at this point to the little morons that an added attraction is something really out of this world. The secret of what the A.A. will be is closely guarded by the whole Chorus. (I wonder what it could be?)

Now I have to think a bit if I have forgotten anything. I have. The date of the party is November 5.

BOND AUCTION

Last Thursday the school had its first Bond Auction of this year. Each grade, 7 through 12, and each club donated some article.

Some of the donations were: potatoes, candy, cider, potato chips, soap figures, teddy bear, box of mixed nuts, stationery, candy bars, comic book, shotgun shells, cookies, dozen cup cakes, gum, and some others.

A free ride to the Saline football game was bought by Dick Dietrich. Andy Modack and Ruth Gracey were also among the goods to be auctioned. Jane Downer bought Andy, while

Bobby Barlow bought Gracey, but not keep—just for dates with them for Sadie Hawkins Tea Dance on Nov. 8.

Don Alber bought a \$37.50 bond after the auction to raise the amount to \$1,310.50.

FFA NEWS

The FFA members picked up potatoes this week and husked the corn that they planted last year.

The corn crop was fairly good. It was sold to the highest bidder, Bob Schanz, for sixty-one cents a bushel.

CONSERVATION NEWS

The Conservation Club held its second meeting Activity Period on Friday.

WAR COUNCIL

A few new members are now in War Council. They are: Willetta Lantis, Marjorie Umstead, Barbara O'Hara, Gertrude Merkel and Alton Guenther.

Stamps will be sold on Tuesday during third hour. Marjorie Umstead and Willetta Lantis are to make a poster on all stamp sales. Barbara O'Hara is to take care of these posters.

Other things were discussed—a USO and an Amateur Hour, but nothing was decided definitely.

HOMEMAKING CLUB

The Homemaking Club is making plans to sponsor a Penny Milk Program in the grade building.

The girls are all very busy making slip-covers for the studio couch in the girls' lavatory.

The girls made cup cakes for the bond auction last Thursday. Jane Downer, Joyce Lantz, Virginia Lesser, Barbara O'Hara, Shirley Platt and Janis Weir were on the committees. Mrs. Downer donated the eggs to the club.

Barbara O'Hara, the president, announced the program and committees for the year.

HERE AND THERE

One day last week while occupying a back seat in first hour study hall (a senior's privilege) my eyes chanced to stray from my English book into Mr. Chandler's room. Quite a bit of excitement prevailed. It seems a bird had entered the room through the window and Mr. Chandler was trying to change its mind about staying.

The Juniors are especially happy. Their class rings have arrived.

Miss McDonald's First Aid students are progressing. At least it looked that way Thursday after school.

I wonder why a certain boy taking American History said "bottle" instead of "bottle."

When you get a whiff of a strange odor coming from Room 15 don't think that Miss Fox is trying to revive her History students. She is only trying to make the flies less numerous.

ORDER FOR PUBLICATION
Sale of Real Estate
No. 33440

State of Michigan, the Probate Court for the County of Washtenaw.

At a session of said Court, held at the Probate Office in the City of Ann Arbor, in said County, on the 23rd day of September, A. D. 1943.

Present, Hon. Jay G. Pray, Judge of Probate.

In the Matter of the Estate of John Pullin, deceased.

Raymond K. Klaassen, Administrator, having filed in said Court his petition, praying for license to sell the interest of said estate in certain real estate therein described, for the purpose of paying debts, charges and expenses.

It is Ordered, That the 26th day of October, A. D. 1943, at ten o'clock in the forenoon, at said Probate Office, be and is hereby appointed for hearing said petition, and that all persons interested in said estate appear before said Court, at said time and place, to show cause why a license to sell the interest of said estate in said real estate should not be granted.

It is Further Ordered, That public notice thereof be given by publication

The Hi-Light

(Continued from page six)
defeated Saline 6 to 0 last Friday, breaking a two-game losing streak.
First Quarter—Chelsea won the toss and chose to kick off. Saline took over and after they had taken the ball a few times they punted to Chelsea.

Chelsea could do no better and both teams battled back and forth until the quarter ended, with Chelsea playing the better ball. Score: Chelsea 0, Saline 0.

Second Quarter—Neither team was doing very well on offense and with Saline fumbling and Chelsea having passes intercepted neither team scored. Chelsea made a good attempt to score when a pass from Gaken to For was just a little too far over Dick's outstretched hands but it would have gone for a touchdown. Chelsea had a pass intercepted on the Saline 4 yard line as the half ended. Score: Chelsea 0, Saline 0.

With the Chelsea cheer leaders there, a lot of cheers came from both sides of the field.

Third Quarter—Saline kicked off to Chelsea and when the local lads were only able to pick up a few yards they were forced to punt. There was a lot of hunking all through the game, but with about a minute left in the third quarter Modack ran 45 yards for a touchdown. The extra point failed as the quarter ended. Score: Chelsea 6, Saline 0.

Fourth Quarter—Saline could not get very far and so the scoring of the ball game had all been done. Saline had Chelsea deep in their own territory when McClure went 35 yards around end as the game ended. Final score: Chelsea 6, Saline 0.

Although the team did not win by the score I said they would my record stands at one apiece. Wednesday, Chelsea played Dundee and I picked Chelsea to win by two touchdowns.

As the next game is way over to Flat Rock I don't expect to see many from Chelsea there but if you can make it the fellows will be glad to see you there.

So far Flat Rock has not been scored on this year but Chelsea will give them a battle all the way.

V. for Victory. See you at the game.

G.A.A. NEWS
We can always distinguish G.A.A. girls from the rest because they will have a slight limp (due to fifteen minutes of Miss McDonald's exercises before each Red Cross lesson) and that "certain" gleam in their eye every time they see a likely-looking prospect to practice their First Aid on.

As far as we can make out the group seems to be doing quite well and it's a very common sight to see a white clad figure, similar to a mummy, tearing down the hall. Let's hope the rest of us keep our sanity during this First Aid course.

ELEMENTARY NEWS
Seventh Grade
(Richard Stewart)

At the high school bond auction, three seventh graders made purchases. Doris Downer bought some cup cakes from the Homemaking Club, Rowena Lentz bid for the Dumbo soap which our grade presented, and Robert Barlow bought himself a date with Ruth Gracey.

These sales do not count on the grade total for the week, which was \$34.15 worth of defense stamps sold.

Most of the seventh graders also got rides in the jeeps which visited Chelsea on a certain never-to-be-forgotten Thursday.

The boys of the seventh and eighth grades played football again with the ninth grade team Monday evening.

In English class, we searched atlases to find the towns named Chelsea in America. We found fifteen in the United States, and one in Canada, so we wrote letters to the seventh grade English classes in each of them. We told something about our school and our town, and hope soon to "learn something about the other Chelseas.

Sixth Grade
Last Thursday we had a Language test which we thought was very hard. On Friday we had a bond auction which turned out very successful. We sold \$57.95 worth of defense stamps.

We made a new rule that if we didn't pay our dues on time we have to pay a forfeit.

Bill Schrader and Marlene Schneider both had birthdays last week. Betty Ingram is back from her visit to Kentucky.

Increase Milk Flow By Watching the Calendar

Michigan's five billion pound milk flow annually could be increased by dairymen if they paid more attention to calendars.

If Michigan cows would bear a calf each 12 months, the total milk production would increase 200,000,000 pounds.

Professor R. E. Horwood, of the Michigan State College dairy department, studies indicate the present average interval between calves is 14 1/2 months for Michigan cows. Studies of calving and its effect on milk production made at the college's Upper Peninsula experiment station at Chatham showed 18 out of 21 cows giving more milk in a year if they calved at intervals of less than 365 days.

Of a copy of this order, for three successive weeks previous to said day of hearing, in the Chelsea Standard, a newspaper printed and circulated in said County.

notice thereof be given by publication

Only three out of six cows bred at intervals greater than a year were able to produce as much as a pound of butterfat per day.

Dairymen, according to Horwood, can profit by using a calendar to correlate breeding programs with desired calving by cows. The calendar is used far enough in advance to force cows into a dry or rest period of six to eight weeks before calving, which occurs nine months after breeding.

Dairy herd improvement association records indicate eight weeks is the most desirable dry period, since longer or shorter vacations for cows result in lower production over a period of years.

Michigan dairymen are searching for breeding males. It is estimated more than half of the dairy cows in the state are bred in the five months of December through April. Pick the best bull possible, says Horwood. The state average of slightly more than 200 pounds of butterfat annually per cow could easily increase to a 300 pound fat average with no more farm labor if more good sires were used on the average farm.

RATION REMINDER
Gasoline—In states outside the east coast area A-8 coupons are now good. Fuel Oil—Period 4 coupons are good through January 3.

Sugar—Stamp No. 14 good for 5 pounds through October. Stamps No. 15 and 16 good for 5 pounds each for home canning through October 31.

Shoes—Stamp No. 18 good for one pair. Validity has been extended indefinitely.

Stoves—Consumer purchases of rationed stoves must be made with certificates obtained at local War Price and Rationing Boards.

Meats, Fats—Brown stamps C, D, and E good through October 30. Brown stamp F becomes good October 17 and remains good through October 30.

Processed Foods—Blue stamps U, V, and W expire October 20. Blue stamps X, Y and Z are good through November 20.

Register for Book 4 in October
Exact dates and places for registering for war ration book four, which will take place during the latter part of October, can be obtained from local newspapers. Persons registering must have a war ration book three for each person for whom they are obtaining book four. Stamps labeled "coffee" in book four were printed before coffee rationing was discontinued. Any rumors that it is to be resumed are unfounded, OPA says.

Army-Navy Tests for Students
The next qualifying test for the army specialized training program and the navy college program will be given in high schools and colleges on Tuesday, November 9, according to "the War Department. The test is open to male graduates and high school seniors in their last semester who will reach their seventeenth birthday but not their twenty-second birthday by March 1, 1944. The test will provide an opportunity for these men to qualify for college training in studies for which the army and navy have vital needs. Graduates of the program will serve as specialists, technicians, and officers in the armed forces.

Regulation of Household Auctions
Auctioneers' sales for householders are no longer exempt from the used consumer durable goods price regulation. OPA announced recently. The regulation originally exempted sales of used goods by householders, whether they were sold by the householder himself or by a professional auctioneer for the householder. At the same time, OPA brought used household sewing machines under the price regulation when sold by an auctioneer.

Reports On War Against Inflation
Prices in the United States advanced only 12 per cent in the first 19 months of the present war compared to 29.6 per cent in the same period in the first world war, Judge Fred M. Vinson, Director of Economic Stabilization, reported on the first anniversary of the Stabilization Act. "The war against rising prices has been a good example of democracy in action," Judge Vinson declared. "It has not been entirely free from selfishness and pettiness and difficulties of many kinds, but for the achievement, he said, goes 'to the workers who have abided by the little steel formula; to the farmers who have not needed the incentive of the price witnessed during the last war to break all production records; to the thousands of businessmen, small and large, who have helped hold prices down; and to the American housewife for her cooperation with rationing and price control.

More Agricultural Fertilizer Available
Plans are being made to increase the supply of ammonium nitrate for use as an agricultural fertilizer, according to the War Production Board. The material has been so improved to prevent caking that orders received for September and October exceed the supply. Additional sodium nitrate became available for agricultural fertilizer last April when government capacity to produce it began to exceed the amount needed for military explosives.

Rubber Particles
Studies by the electron microscope reveal that synthetic latex consists of particles of smaller average size and greater uniformity. In natural rubber latex, the average size of a particle is 10 millionths of an inch. In the synthetic rubber latex it is 2.5 millionths of an inch.

CAN VITAMINS CHANGE GRAY HAIR?

Read the amazing experience of gray-haired people in Calcium Pantothenate tests sponsored by Good Housekeeping magazine.

According to this report:
Age—did not seem to affect results. The earliest response occurred in a 50 year old; the latest in a 73 year old.

Color—began to appear near the roots of the hair. The color may not appear all over the head at the same time. Symmetrical areas, perhaps on the temples or the back of the head, may show traces of color first, after which the color will appear on other parts of the head.

Time—varied from 1 month to 6 months. Results—55% of those tested had positive evidence of a return of some hair color.

Now thousands use GEA VITA, which contains 10 mgm. of Calcium Pantothenate (the same amount used in tests above) PLUS 450 I. U. of Vit. B12, the vitamin necessary to healthy nerves. Try GRAYVITA. See what a difference it makes in the way you look. 30 day supply, \$1.50, 100 day supply \$4.00. Phone write.

Hunters Told Not To Destroy Game Identity

Lansing—State conservation department authorities remind hunters not to destroy the identity of their game birds and animals when transporting them to cold storage lockers.

It is expected that this year, with the war-time meat shortage growing more acute, that more hunters than in previous years will be preserving their game in freezing lockers to help keep the family meat diet up during the winter months.

Although department game experts advise drawing game birds very soon after killing, the feathers should be left on until the birds are delivered to the storage plant, they warn.

The law permits hunters to store small game in frozen food lockers for six months beyond the legal possession limit of 30 days after the close of the season, and deer for six months beyond the 60-day possession limit, under permit from the conservation department. Ducks and geese, however, under federal regulation may

not be kept in the hunter's possession for more than 45 days. Managers of storage plants are required to notify the department of all game remaining in their plants after the expiration date of permits to store game, and such game will then be subject to confiscation.

STATE OF MICHIGAN
The Circuit Court for the County of Washtenaw, In Chancery.
Esther L. Thelen, Plaintiff,
vs.
Willard H. Thelen, Defendant.

At a session of said Court held at the Court House in the City of Ann Arbor on the 12th day of October, 1943.
Present: Honorable George W. Sample, Circuit Judge.

In the above cause it appearing by affidavit on file that the defendant, Willard H. Thelen, is a resident of the State of Michigan, and that a summons to appear and answer has been duly issued in this cause but could not be served upon the said Willard H. Thelen by reason of his continued absence from his place of residence, and from the State of Michigan.

On motion of Jacob F. Fahrner, Attorney for plaintiff, it is ordered that the appearance of the said defendant, Willard H. Thelen, be entered in this cause within three months from the date of this order; and that in case of his appearance that he cause his answer to the bill of complaint to be filed and a copy thereof served upon the attorney for the plaintiff within fifteen days after service on him of his attorney of a copy of the said bill, and in default thereof that said bill be taken as confessed by the said defendant, Willard H. Thelen.

And it is further ordered, that the said plaintiff cause this order to be published in the Chelsea Standard, a newspaper printed, published and circulating in said county; and that such publication be commenced within forty days from the date of this order, and that such publication be continued therein once in each week for six weeks in succession; or that the said plaintiff cause a copy of this order to be personally served on the said defendant, Willard H. Thelen, either personally or by registered mail, at least twenty days before the time above prescribed for his appearance.

George W. Sample, Circuit Judge.

Y. M. CHILD STUDY CLUB
A meeting of the Young Mothers' Child Study club was held on Tuesday evening at the home of Mrs. Stephen Clark. Following the business session the evening was spent in sewing squares donated by the members into a lap robe, which will be given to the Red Cross. The hostess served refreshments.

Meat Producing Area
The 13 states of the corn belt and 12 western states extending to the Pacific coast represent our major meat-producing section. These 25 states produce about 82 per cent of our beef, veal and pork, and about 91 per cent of our lamb, or more than 83 per cent of all our meats.

Malaria Follows Wars
Following every war there have been outbreaks of malaria in regions where malaria was not formerly recognized. Russia had eight million cases after World War I.
