National War Fund Drive Will Open Here On Friday

Called To The Colors

Roland A. White, son of Mr. and Mrs. Clayton F. White, who enlisted in the U. S. Army on October 2, reported for duty October 14 and was sent to Camp Grant, Ill.

Roland was born March 13, 1920 in Durand, and had lived in Chelsea about 17 years. He graduated from Chelsea high school, Class of 1939, and for three and one-half years has been employed at International Industries, Inc., Ann Arbor.

He was married on Dec. 12, 1942 to Miss Eunice Hart of Chelsea.

Girl Scouts And The Community War Chest

It is gratifying to know that the community of Chelsea is assuming its local obligation in the War Chest Drive as well as contributing to the many important war agencies. Certainly it is just as important to provide means for proper activities for our own boys and girls as it is to give financial aid to the many war relief programs.

For the past several years separate campaigns have been conducted to raise funds for Boy and Girl Scout work. The Kiwanis Club has assumed the responsibility for the Boy Scout drive and the Study Club has taken charge of the Girl Scout solicitation.

It is planned to include the Boy Scout campaign for funds in the Community War Chest Drive, thereby eliminating the separate drives at different times of the year.

The local Girl Scout troop is a lone troop directly affiliated with the national organization and not associated with the county organization. There are therefore no county dues and each girl pays her 50c membership fee to the national organization.

In the past several years about \$200 have been contributed by community spirited citizens for Girl Scout work. These funds have been used locally to help establish a Girl Scout camp for one week in the early summer.

Last year \$199.60 was received in the Girl Scout fund drive. The expenses of the camp were: rent and camp personnel, \$197.84; food and supplies, \$201.06. Each girl pays a fee of \$4.25 for the camp, which covers the expense for food for each member.

So a community Girl Scout fund makes a camp possible and helps build morale in the organization.

In planning your contribution for the War Chest, don't forget to include your contribution to the Girl Scout Fund.

—Girl Scout Committee.

SERVICE SCHOOL GRADUATE

Great Lakes, Ill.—Successfully completing his final land phase of navy training, Bluejacket Dudley F. Foster, 24, husband of Mrs. Angeline T. Foster of Chelsea, Michigan, was graduated last week from the Service School for Gunner's Mates, at the U. S. Naval Training Station here. Maintenance of a good scholastic record won for him the promotion to Gunner's Mate, third class.

Selected for this specialized training on the basis of recruit training aptitude test scores, the newly graduated Bluejacket has undergone several weeks of intensive study preparing for his new trade in the Navy.

The newly graduated man is now awaiting active duty orders to sea. He has been assigned to the San Diego naval shore station where further experience will make him eligible for still higher petty officer ratings.

LEAF BURNERS, BEWARE!

Many local residents have been burning leaves in the street, according to reports received by village officials, who state that there is an ordinance prohibiting this practice, with severe penalties provided. Heat from the burning leaves damages the street surfacing, and police officers have been ordered to enforce the law. After most of the leaves fall the village will provide trucks to haul them away if they are raked to the curb.

PROMOTED TO STAFF SERGEANT

Sgt. Victor G. Hindelang, formerly of Chelsea, who is stationed at Percy Jones General Hospital in Battle Creek, has been promoted to the rank of Staff Sergeant.

Pfc. James Barkley is home on a furlough from Moses Lake Air Base, Washington state.

With a quota of \$7651.00, Chelsea and four surrounding townships will launch their drive on Friday to raise this portion of the National War Fund, and a preliminary survey reveals that there is every reason to believe that the quota will be oversubscribed if everyone takes an active interest in the drive.

The reason for this optimism is the fact that each of the four townships (Sylvan, Lyndon, Dexter and Lima), and the village of Chelsea are well organized for the effort. Village President A. D. Mayer, chairman of the Chelsea committee, reports that he will have more than 60 solicitors at work, and heading the drive in the rural areas is the supervisor of each township, who has organized his township so that each school district will be thoroughly canvassed.

President Mayer states that there will not be a house-to-house canvass in the village because of the large number of residents who are employed in local factories, where they will be contacted. The solicitors will be given lists of those who will not be contacted in any other way, thus avoiding duplication.

A meeting of all who will take part in the solicitation, either in the village or in the rural areas, will be held at the Sylvan town hall on Friday night of this week, at 8 o'clock. Jas. C. Hendley will address the group, and supplies for the campaign will be distributed. Village solicitors who are unable to attend this meeting may obtain their supplies from A. D. Mayer on Saturday.

It is planned to complete the drive in one week, and as each solicitor will have only a few names it is believed this can easily be accomplished.

In addition to the seventeen national agencies which will benefit from funds received in this drive, the local collection will also include funds for the Boy Scouts and Girl Scouts, in order to eliminate the necessity for two separate drives to support this work in our community. The above quota includes \$500 for these two groups.

When you contribute to the National War Fund you are giving once for all these agencies: USO (United Service Organizations), United Seamen's Service, War Prisoners Aid, Belgian War Relief Society, British War Relief Society, French Relief Fund, Friends of Luxembourg, Greek War Relief Association, Norwegian Relief, Polish War Relief, Queen Wilhelmina Fund, Russian War Relief, United China Relief, United Czechoslovak Relief, United Yugoslav Relief Fund, Refugee Relief Trustees, U. S. Committee-Care of European Children.

Contribute liberally to this worthy cause. All our boys in the service will benefit in some way through your contribution!

Fiftieth Anniversary Celebrated By O.E.S.

Celebration of the 50th anniversary of Olive Chapter 108, O.E.S. was the occasion for a special meeting held on Wednesday evening. A dinner at 6:30 for Masons, Stars and their families, was followed by motion pictures, shown by Walter Harper.

An appropriate anniversary ceremony called "Love's Service," was rendered by the officers of the O.E.S., a feature of which was a birthday cake in the shape of a star, decorated in the colors of the Order.

This was followed by a drill in which the officers retired the flag.

Olive Chapter received their charter from the Grand Rapids Chapter on Oct. 11, 1893 and was organized with 25 members.

RUMMAGE SALE

The Chelsea Study Club is sponsoring a rummage sale on Saturday, October 23, Monday, October 25, and Tuesday, October 26, at the town hall. The sale will be open from 1:00 o'clock until 9:00 o'clock on Saturday, and on Monday and Tuesday afternoons from 1:00 to 5:00. All funds which are raised from this project will be used for the philanthropic work of the club.

If you have anything which may be used will you please bring it to the town hall on Friday afternoon or evening. Household articles such as dishes, curtains, bedspreads, or furniture are in demand, as well as all kinds of clothing for children or adults. Articles which cannot be taken to the town hall will be collected if you will call Mrs. Paul Maroney, 2-1321. Will you look in your attic or storeroom today?

MUST BE A MISTAKE!

Among the 33 Michigan residents aboard the Japanese exchange liner Teia Maru, which brought American repatriates from the Far East were two persons—Daniel E. Sparks and Ethel H. B. Sparks—whose home addresses were listed as Chelsea, but no people of that name are known to have resided in Chelsea or vicinity.

PROCLAMATION BY THE GOVERNOR

Annually, since 1922, the Nation has observed Navy Day on October 27, the birthday of a great American, the late Theodore Roosevelt, who deservedly will always be known as the father of the modern American Navy.

Since the Navy League of the United States inaugurated the first Navy Day twenty-one years ago, it has annually been officially designated by the Secretary of the Navy to arrange the celebration.

The slogan this organization has selected for Navy Day, 1943, is "Your Navy—Spearhead of Victory"—a slogan that is being transmitted into ringing action daily in the far reaches of the Pacific from Alaska to Australia, in the North and South Atlantic, in the Mediterranean Sea.

Our Navy today is the greatest sea air power on earth—a mighty armada of 14,072 ships and 18,269 planes—thirteen times as many vessels and ten times as many planes as it had three years ago.

Navy Day this year should be an occasion of gratitude and thanksgiving for what our Navy has done and is doing to insure our security and our freedom. It comes as an opportunity for a grateful citizenry to pledge to it, anew and without stint, help and support, confidence and loyalty.

Therefore, I, Harry F. Kelly, Governor of the State of Michigan, do hereby designate Wednesday, October 27, 1943, as Navy Day in Michigan, taken up from the government. The and call upon all of our people to join purchasers are the Bradbury Brothers in the patriotic observance of the occasion—one comes from Iowa and the other from Minnesota. They will accept what they picked up when the fire was first discovered. The property and contents were insured for \$2700.

The Union Bank of Jackson, has commenced foreclosure proceedings against the Millen Portland Cement Co., Four Mile Lake, by filing a bill in the county clerk's office. The company was adjudged a bankrupt August 20 of this year. The amount of the bonds, which are not all due at this time, is \$100,000.

War Increases Party Line Use of Telephone

The Michigan Bell Telephone Company reported this week that the war has increased the number of families using party-line telephone service in its territory by more than 150,000 since Pearl Harbor.

N. J. Prakken, manager of this district, cited the increase in party-line usage as one way by which the Michigan Bell has been able to meet much of the unprecedented demand for wartime service with a minimum use of

Nation Honors Men of U. S. Navy

To men like these will go a nation's plaudits on October 27, when the nation pays a well-earned tribute to the gallant fighters of the United States navy. These smiling recruits at the Corpus Christi, Texas, naval training station are symbolic of a service which traces its origin to 1775, when George Washington commissioned seven ships of war to operate against British supply lines.

A very pretty home wedding took place at the home of Mr. and Mrs. Chas. Lambrecht, South Main St., at 5 o'clock Wednesday afternoon, Oct. 15, when their daughter, Alvena, and Emmett Sargent, of Jackson, were united in marriage. Rev. A. A. Schoen officiating.

John Wm. Rheinfrank died at his home on Park St. on Tuesday evening, Oct. 14, from an attack of heart trouble. He worked all the forenoon at the Screw plant and was stricken between 12 and 1:00 o'clock. He is survived by his wife and two half-brothers.

Two well known farmers on the Territorial road in Lima have sold their farms. Wilbur McLaren sold the farm he bought from Fred Groes; and Harvey Clements sold his farm which has been in family since it was 27, 1943, as Navy Day in Michigan, taken up from the government. The board of supervisors have named the following drain committees: Sylvan—Bockwith, Dresselhouse and Koebbe. They also named the burial committees for deceased soldiers: Sylvan—Andrew N. Morton.

According to the report of the drain commissioner, seventeen drains are now in construction in Washtenaw county. The Mill creek drain is the biggest job of the kind that has ever been put through in the county and will cost the county \$20,000.

The residence of Mr. and Mrs. Herman Fletcher of Lima was destroyed by fire Saturday night. Mr. and Mrs. Fletcher and family had spent the evening away from home and soon after they returned and had retired, they heard something fall in the kitchen. Upon investigation they found that part of the house in flames. They succeeded in saving a part of the contents in the front of the house but were unable to save any clothing except what they picked up when the fire was first discovered. The property and contents were insured for \$2700.

THE OLD JUDGE SAYS...

"You were absolutely correct in making the statement you did, George... not a drop of whiskey has been distilled in this country in over a year."

"That's what I told the boys down at the edge, Judge, but they were so surprised I thought maybe I was wrong."

"No you weren't, George. The truth of the matter is that a year before Pearl Harbor, the beverage distilling industry voluntarily offered its facilities to the government. Many companies started to produce alcohol for war

purposes almost immediately. And just as soon as the government's requirements increased, the distilling facilities of the entire industry were converted 100% to the production of war-alcohol and nothing else. As a matter of fact, the beverage distilling industry is producing about half of the government's needs for this vital war material. And that's a 24 hour a day, 7 day a week job, George."

"I'm glad I told you about my talk with Sam, Judge. You've given me a lot more facts on this subject."

These Thumbs Are Yours!

Who is this child? Just one of millions. One of the millions of starved, weary, sick and weakened human beings who suffer as a result of Axis wrongs.

You cannot banish this small person... and the great legion whom she represents... by saying she's in Athens, Oslo, or Chungking. She's no farther away from you than your own heart.

She... and other children both here and in foreign lands... need your help desperately. They need it for food. They need it for clothes and shelter. They need it for medicines. They need it for guidance. And they need this help *now*.

Help is needed in this country, too. There are

more babies to look after. The children in homes disrupted by the war must be given attention. The alarming spread of juvenile delinquency and its threat to the future must be curbed.

There are American soldiers, too, in foreign lands—away from home and the comforts of home. For the very sake of their morale, they must be brought entertainment and little attentions that mean so much.

How can you help? That is easy. This year, seventeen war relief agencies in this country are banded together in the National War Fund, which has united with our local agencies in a single campaign. You are asked this year to give *just once* for all these. You will not be appealed

to by the individual organizations.

But make your gift big... because the job is big.

Read the list below. Then you'll see how money contributed to this campaign means relief of suffering. How it means food for a hungry, homeless child... a package from home for a prisoner of war... clothes for a shivering, torpedoed sailor... wholesome recreation for a soldier, through the USO... courage and determination and high morale for fighting peoples who are fighting our war *now*.

Then give *twice* what you think you can afford to give.

Your money will never buy more.

Old Man Winter Pays Community Early Visit

With many flower gardens still in full bloom, and with most shrubbery and many trees untouched by frost, Old Man Winter unleashed his frigid blasts in this community over the week-end.

A drizzling-rainfall on Friday was followed by a cold wind that night, and snow began falling early Saturday morning. The snowstorm increased in intensity during the forenoon and by noon several inches of snow had fallen. Slush on the streets was three or four inches deep, and there was much snow on the level. The snow continued intermittently during the afternoon and evening, with the temperature hovering near the freezing point. Although the snow melted quite rapidly, the ground was still covered in many places all day Sunday and Monday.

The weight of this heavy snow, coming before trees had shed their leaves, caused a number of large limbs to break off and in some cases whole trees were ruined when they were almost entirely stripped of their branches.

According to information received from a source which is considered to be reliable, this storm was the result of another New Deal blunder on the domestic front, caused by lifting of the censorship ban on publication of weather reports, which caused such a confusion among the weather forecasting deopsters that Old Man Winter took over to settle the controversies and uncertainties.

Regardless of what the reason may have been for this early wintry blast, we are hoping for a few weeks of nice weather so we may be prepared for the real thing when it comes to stay.

THANK YOU

I wish to thank my many friends, neighbors and relatives for remembering me with flowers, cards and gifts during my stay in the hospital and since returning home. They were greatly appreciated.

Mrs. Melvin Lesser.

Army-Navy To Give Tests On November 9

Navy officers have revealed the type of questions and material contained in the qualifying test for the Army Specialist Training program and the Navy College program to be given in high schools and colleges throughout the nation at 9 a. m. on November 9.

Designed to measure aptitude and general knowledge required for success in college programs, the examination will be two hours in length and contain "best answer" or multiple choice type questions.

Male high school seniors in their last semester and graduates who will reach their 17th birthday but not their 22nd birthday by March 1, 1944 are eligible for the Army's A-12 and the Navy's V-12 programs. Students may express a choice for either program.

The qualifying examination is divided into three parts—the first, tests knowledge of the meaning and use of words; the second, asks questions about scientific matters of general knowledge, and the third consists of problems in mathematics.

Naval officers point out the examination is not a speed test and it is not expected that all students will finish the questions in the time allowed.

"The person who works steadily and carefully, answering each item to the best of his ability, will make a better score than the one who rushes blindly into each section," it was stated.

Students should inquire at their high schools for additional information concerning the exam.

Those selected for the Navy program may express a preference for colleges on the Navy list of contract institutions and the course of study they would like to pursue. Navy V-12 students will be on active duty in uniform. The Navy pays all expenses including tuition, housing, and food.

THANK YOU!

I wish in this way to express my sincere gratitude to my friends for the flowers, cards, candy and other gifts sent me while I was in the hospital.

Governor Asks Local Help on Youth Problem

Letters from Governor Kelly are in the hands of the Judges of Probate in 79 counties of the state outside the metropolitan area requesting them to call together the heads of organizations and agencies in their respective counties which can help solve the problem of increasing delinquency among juveniles.

Determined that every interested group be enlisted at once to cooperate with his State Youth Guidance Committee to ascertain causes and cures for the rise of juvenile delinquency, Kelly said, "I want a realistic and understanding study in our local areas, conducted on a county basis throughout the state."

"I want to know," he continued, "from each and every county just what can be done by the state—by any state department—to cope with the problem of juvenile delinquency. I am a great believer in local rights and local responsibilities, but if any county committee needs help, the state wants to and will assist in meeting this problem. Particularly with reference to law enforcement I want to know what the state can do."

Governor Kelly urges, in those counties where the juvenile delinquency problem does not exist, that a Youth Guidance Committee be created to deal not only with other youth problems but to work for the best in constructive youth development and protection.

The letter received by the Judge of Probate requests that the following persons be called together to tackle the problem: the county school commissioner, prosecuting attorney, sheriff, chairman of the board of supervisors, county welfare officer, the mayors of all cities and the presidents of all villages in the county, the heads of the police departments and such other persons as deemed necessary.

A state-wide general committee is being set up to include representatives of industry, labor, churches, parent-teacher groups, federated women's clubs, boy scouts, girl scouts, YMCA, YWCA, recreational leaders and others.

NAVY DAY PROCLAMATION

Navy Day will be observed throughout the nation on Wednesday, October 27, in patriotic testimony to the brave defenders of Liberty and of our Country, and to help intensify our determination to win this war and restore peace to a crushed world.

This annual observance seems particularly important this year of war, with our Navies and Armies battling desperately around the world.

Therefore, let us, by the observance of this anniversary, demonstrate our devotion to those who have sacrificed themselves and those others who are willing so to do, that all nations may again come to peace and may attain the blessings of liberty that abound here as in no other land.

Given under my hand and the seal of the Village of Chelsea this 20th day of October, Nineteen Hundred Forty-three.

A. D. Mayer, President.

In the Primary class the children have learned to dramatize "The Three Bears," "Henny Penny," "Little Lambkin," "The Gingerbread Boy," "Little Boy Blue," and "Little Miss Muffet."

We are proud of our newly painted walls and also the chairs and piano the school board purchased. We want to thank them very much.

The eighth grade in Science have been studying "Roadside Flowers," "Garden Flowers," and "How Weeds Travel." We also have made charts to illustrate our work. In connection, we went on a field trip one pleasant afternoon. We brought home many interesting specimens for our science nook.

We have two new pupils. They are Joan and Jacqueline Howe. They are in the fifth grade. They came from Frankfort, Indiana. Our enrollment is now seventeen.

Rosemary Steele, Shirley Jean, Richard and Danny Windbigler were not absent or tardy during this six weeks' period.

TEACHERS' INSTITUTE

"Attention, Strenuous Attention, is the most valuable mental power a human being can acquire."

The wool gathering sluggish mind is wholly incapable of this strenuous attention. — Pres. Elliot

This theme seemed to greet all of the students Monday morning after their four-day vacation, for the teachers had been to Institute. How many went to Institute and how many went shopping is a secret, but a few seemed to have managed to attend the convention, for here are some of their opinions.

Miss Fox: "I don't believe that the Institute is worth the trouble that it takes to go to for sitting and sleeping problems are very bad. I don't get as much out of it as I used to—maybe it isn't as exciting as it used to be."

Miss Stevens: "I had been to a Detroit conference a few years ago—but this one impressed me as being very crowded. I found it hard to find a place to sit and then it was very hot and stuffy. I was especially interested in an army man that spoke, for he was a good speaker and his voice carried well. I was disappointed in the fact that the talks were very general—not at all definite and to the point. However, I enjoyed the Institute."

Mr. Richards: "I thought the meeting was better than it has been other years. I attended the farming classes where marketing was the main topic. It was one of the best meetings I have ever attended."

Miss McDonald: "The theme of the Institute was about education in war times. The two main speakers were Dr. Howard McCuskey and Dr. Seabury. They both talked on war education. Capt. Holt, a service man, talked on pre-induction training of boys. I thought the meeting was superior to those of other years, and the attendance was just as good, in spite of the war."

Miss Spence: "I had a super time. The most interesting topic I heard was a speaker talking on race hatred. He said that our country should stress more democracy in its schools. Also, he stressed the importance of appreciating citizenship. The talks were good and I had lots of fun."

FOOTBALL

What has happened to Chelsea's football team in the last two weeks? Did something hit it? For a while there I thought they were not so hot, but the latest results proved I was wrong. By conquering their last two opponents, our team has begun its climb. How far they will go we do not know but "where there's a will there's a way."

The explanation Coach Cameron gave when his boys lost to Milan and Belleville was, I think, a pretty good one. He said that the boys had very little experience. The boys gave no excuses.

I think one main difficulty is the lack of support from the students and the townspeople. I realize that because of the situation we are in today many are too busy to spare the time but to those who have the time I think it will help if you spend those few minutes at each game by cheering for the team. So, let's back up the boys and I'm sure they will put forth their best efforts.

SENIOR NEWS

The play committee has selected "Shadows in the Night" by special arrangement with Samuel French. It will be given on December 3. Characters will be selected next week. The seniors expect to serve some refreshments at the Tim Doolittle dance on Saturday.

JUNIOR NEWS

Hear-ye! Hear-ye! Hear-ye! The Junior class has announced that they will sponsor a very swanky All-High party on December 17 of this year. I am told that this party is not to be just an ordinary All-High party but something extra and new in the field of high school parties. The committees appointed are as follows:

Decorations—A. Merkel, R. Lyons, Nancy Booker and Charles Smith. Program—D. Richards, J. Gaunt, R. Schenk and D. Burman. Refreshments—M. Gilson, T. McClellan, J. Gaken and Ruth Paul. Tickets—J. Hoffman, Joan Pierce, M. Umstead and Melva Myers. Advertisements—Phyllis Hopper, Teas Wengren, Helen Loeffler and Robert Trinkle.

Now children, don't forget this is not like every other party this class has given; this party is going to be very good, and believe me juniors, we

senior classmen are going to hold you to it. The Juniors have sold 271 boxes of cadet cards. Angeline Merkel is the super saleswoman of the class, having sold twenty-seven boxes herself.

FRESHMAN NEWS

The Freshmen had charge of the All-High party Wednesday night. For the entertainment we had an operation performed by Doctor Harold Wellhoff. Because we won the game with Dundee in the afternoon, they all were pretty happy. The Freshman team got to play 30 seconds of the game in which we stopped them from a touchdown by the tackling of our quarterback, Bragdon Barlow. We all are looking forward to the Flat Rock game.

G. A. A. NEWS

The Red Cross has just dropped the age limit for the earning of Standard Red-Cross First Aid Certificates. Previously the age limit was seventeen years of age or a Junior in high school. Now it is fifteen years of age or a Sophomore in high school. This means that the Sophomore girls in G. A. A. will receive a Standard Certificate instead of a Junior Red Cross First Aid Certificate on satisfactory completion of the course.

The girls have completed four hours of the 20 hours necessary for the course.

Most of the girls have had their physical examinations. Those who haven't will get them this week.

WAR COUNCIL

The War Council meets during activity period on Fridays.

The final amount raised at the bond auction was \$1,310.50. Most of the pupils have redeemed their purchases.

Norma Pierson and Jack Winans have been appointed to sell stamps during the third hour on Tuesday. The sale of stamps began last week.

The War Council is looking forward to have permission to give a Stamp Stamp. This will be a dance in the gym with the purchase of a stamp for the admission.

They also hope to have a salvage bank, consisting of tin cans, metal, and paper, in cooperation with the town authorities.

Barbara O'Hara is in charge of putting up posters concerning the recruiting of nurses to help keep the students informed.

F. F. A. NEWS

The F. F. A. has elected officers: President—Dick Beal. Vice-Pres.—Robert Gross. Secretary—Dick Richards. Treasurer—Dean Schweinfurth. Reporter—Duane Luick. Advisor—M. F. Richards.

The F. F. A. has 20 new enrollments, making a total of 37 members. They have made plans for the annual game supper, scheduled for Oct. 19.

ALL-HIGH PARTY

Yes, another All-High, and surprising enough, another big crowd! No one can quite account for these continued big turnouts at our parties this year unless it might be the fact that we have some very sociable and eager young freshmen. It's really surprising though how many freshmen come to the dances and actually seem to have a good time. Let's hope they keep it up!

Perhaps we had better mention right here that the freshmen themselves had entertainment, which may account for their good time, but it really was quite clever. There was dancing, which is customary at most dances (so they tell us) and then during the evening there was a shadow act. Harry Wellhoff made a very convincing wild man behind a white sheet, who proceeded to "operate" on his victim. After this, all the football boys, who were present, walked behind the sheet while an equal number of girls stood down in front and guessed by the shadows who they were. The girl danced with the one she guessed correctly. The rest of the evening's entertainment was dancing. All of you who were fortunate

blowing from the south, Chelsea chose the south end of the field with the wind at their backs.

Dundee then chose to receive, and the game was on. Modack kicked off with Dundee taking over on their 20 yard line. They tested Chelsea's forward wall and when the local lads would not give way Dundee punted. Our boys took over and after a very short time "over the barn" Modack went over for the first touchdown on a line plunge from the four yard line. The extra point failed. Score: Chelsea 6, Dundee 0.

Chelsea again kicked off to Dundee and with the strong wind to back Dundee was able to do nothing. After Chelsea received the punt it looked like the local lads were going to go for another touchdown when they took to the air. A short pass to McClellan looked good, but Tom couldn't hold it. Floor was standing in the end zone for a pass and then the ball went through his hands. So Gaken punted away as the quarter ended. Score: Chelsea 6, Dundee 0.

Second Quarter—Dundee having the wind at their back sent in their star left-hand passer to take them to the promised land, and it wasn't his fault they didn't get there, for he was dropping passes in their mitts on every play until they got to the one yard line. At this point Chelsea took over to make one of the best goal line stands that any team has ever made. With a first down on the Chelsea one yard line Dundee was able to go nowhere on four downs. Chelsea then took over and punted out of danger for the time being. But Dundee started passing and were going places until Gaken intercepted one and that was all the scoring done until the half ended. Score: Chelsea 6, Dundee 0.

Fourth Quarter—After gaining a first down to about the six Chelsea got their second touchdown when Floor went over on a line plunge. The extra point again failed. Score: Chelsea 12, Dundee 0.

Dundee, who was on their way to a touchdown when Barlow, the safety man, stopped them, ran all the way on the next play but they stepped out of bounds as the final gun sounded. Final score: Chelsea 12, Dundee 0. If you remember, last week I picked Chelsea to win by two touchdowns. Well, for once, they did just that—so now my record stands at two right and one wrong.

Next Friday Chelsea journeys over to Flat Rock to play the league leaders. If you will stop here and go back to the standings you will see that Flat Rock is no weak team. Not having the goal line crossed as yet they don't intend to let Chelsea be the first one to do so. But the Chelsea players have a feeling that they are not only going to be the first but they are also going to win. So I pick Chelsea by one touchdown. Fellows, the whole

school is behind you, so go over there and give them all you've got—that is good enough for us!"

V-for-Victory. See you at Flat Rock.

HOMEMAKING NEWS

The second year girls in Homemaking have finished making children's clothing. They will start making wool dresses this week. All the girls are now working on home projects which consists of twenty-two hours of practice at home. Plans are now being made for a style show which is to be given in December.

The first term of school closed Wednesday, October 13. We did not have school Thursday or Friday, so the teacher could go to the teachers' meeting in Detroit.

We had a good attendance during this term. There were only four people absent.
For Art work some of us have made some free hand drawings. We have made some can cover pictures and pin cushions. We are going to make some winter bouquets.

The upper grades and the lower grades have each learned two songs. We have some new library books which our teacher bought with our library money.

We have made some health posters. We have learned how to figure the right amount of calories we should have in our food each day. We are learning about the framework of our body.

The first grade is beginning to learn to write words by sound.
So far this year we have bought \$13.30 worth of defense stamps. We have a scrap pile started.

We have a nice large poster with the U. S. flag on it and the pledge to the flag under it.
We have a scene in the sandbox pertaining to Columbus Day. We made a Columbus booklet with poems, stories, and clippings, and drawings in it. Our teacher read us a new book about Columbus.

The first grade are enjoying their new seatwork books. It helps them in many ways.

95 Per Cent of Soldiers Insured
The National Service Life Insurance program in the army has grown to a \$6 billion dollar enterprise, providing insurance protection to more than 95 per cent of all members of the army, according to the War Department. The program was established three years ago.

Set Record Delivering "Forts"
Crews of the Ferrying Division, Air Transport Command, Army Air Forces have set a new record by delivering eight flying fortresses to England and returning to their home station in the United States, all within 4 1/2 days, according to the War Department. The crews took off from four different stations in this country, some of them well inland, which added to the overall flying distance.

Chinese Diet
Rice and wheat are the staple foods of China, with soy beans, kaoliang, millet, barley, corn, and potatoes next in importance. The nation as a whole consumes little fish and meat, and small quantities of eggs, fruits, and greens, which are considered as subsidiary foods. While it is fairly sufficient in caloric values (in normal years, not in war years), the diet is seriously deficient in protein, calcium and vitamins.

Paradox of Climate
Despite the northern latitude, Finland's climate is moderate. Southwest winds prevail. Coastal waters temper extremes. Winter rules about four months in the south; seven months in the north. Winter temperatures average 25 degrees F. in the south-12 degrees F. in the north. Regional summer averages are 65 degrees F. and 53 degrees F. Seasonal variations in the length of the day are notable.

Lots of Sugar
In a year of sugar rationing almost nine billion pounds of refined sugar have passed to American consumers.

Use Book Four November 1
Housewives will start using green stamps A, B and C from new War Ration Book Four on Monday, November 1. These stamps will be valid through December 20 and will be used for buying processed foods in the same way as the blue stamps in Book Two. The last blue stamps in Book Two (X, Y) remain good through November 20. Book Four is being distributed the latter part of October-the exact time and place being announced locally. One individual may apply for Book Four for all members of his family residing at the same address. The applicant must have a War Ration Book Three with him for each person for whom he wishes to obtain a Book Four.

Ration Tokens In February
Ration tokens are expected to be ready for use by February. They will be red and blue and each will have a value of one point. They will be used by consumers as change for processed foods and meat-fats ration stamps. The blue tokens will be used with blue ration stamps for buying processed foods; the red tokens with the red stamps for buying foods rationed under the meat-fats program. The ration coins, made of layers of vulcanized fiber, will be slightly larger
