## TALL TALK AND SHORT Quality

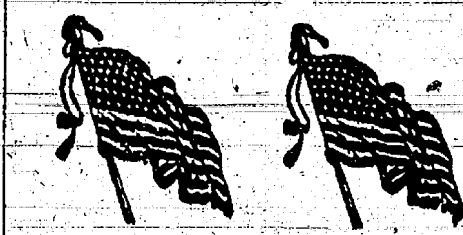

Many a super-duper salesman has been strong on diamond talk but woefully weak on backing it up. Many consumers have learned the bitter lesson of "glittering phrases" in buying diamonds.

What we say about *Loyalty* Perfect Diamonds is backed in writing by a doubly signed guarantee of absolute perfection, by registration, and also by an insurance policy against fire, theft, and loss—all for your protection.

And we do say that *LOYALTY* rings are the finest values in the most beautifully modeled settings offered in perfect diamonds. Quality for quality, they have no peers. Come in—we will gladly prove these statements.

## Called To The Colors

Eldine Frederick Hawley, son of Mr. and Mrs. J. D. Wright, was inducted into the army service on October 5 and after a three weeks furlough he reported at Fort Custer on Monday, Oct. 25.

Eldine was born in Ann Arbor on May 5, 1916, and came to Chelsea in February, 1922. He graduated from Chelsea high school in 1933. He was employed by the Packard Motor Co. of Detroit and the Blair Oil Co. of Grand Ledge, later attending Jackson Business University, graduating in November, 1935.

On May 14, 1939 he married Miss Eleanor Nagel of Jackson. They have one son, Frederick John, six months old.

For the past five years Eldine has been employed by the Jackson Credit Exchange, and their home is in Jackson.

Meryl B. Hufley, son of Mr. and Mrs. Fred Hufley of Sylvan, left for the Great Lakes Naval Training School on Monday, October 25. For the past several months he was employed at the Curtiss-Wright factory in Columbus, Ohio.

## Celebrate 50th Wedding Anniversary On Sunday

About 125 relatives and friends, including guests from Detroit, Jackson, Highland, Tecumseh, Adrian, Manchester, Ann Arbor, Missouri and Texas, called Sunday afternoon at the home of Mr. and Mrs. Jacob J. Bareis, 246 Adams St., to extend congratulations on the observance of their 50th wedding anniversary.

Open house was held from 2 to 5 o'clock. Many lovely gifts were presented the honored couple, including bouquets and potted plants of yellow chrysanthemums, which formed attractive decorations about the house. A white three-tiered wedding cake centered the dining table, flanked by yellow candles. Refreshments were served by the granddaughters.

Mr. Bareis was born in 1869 in Lima township, while Mrs. Bareis, formerly Annie M. Schmidt, was born in Lyndon township in 1872. They were married Oct. 25, 1893 and made their home in Lima township until 1900, when they moved to St. Louis, Mo. In 1920 they returned to Michigan and have resided in Chelsea since that time. Mr. Bareis has spent many years of his life as a contractor and builder.

Both are members of St. Paul's Evangelical church and Mrs. Bareis is affiliated with the Order of Rebekahs.

Of five children born to this union, four are living. They are: Mrs. Bertha Lamson of Tecumseh, Mrs. Louise Townsend of St. Louis, Mo., Mrs. Lorraine May of Lubbock, Texas, and J. Fred Bareis of Jackson. They have seven grandchildren and five great-grandchildren.

## MAIL CHRISTMAS GIFTS EARLY!

There can be no assurance in view of the unavoidable handicaps of war, that gifts and cards mailed in the weeks immediately preceding Christmas will be delivered on time. Such matter must not impede the movement of war materials and personnel and military mail.

The only way, therefore, in which deliveries of Christmas mails can be made on time is by spreading the mailings over a longer period so that available transportation equipment and postal personnel can be used during more weeks.

It will be fairly up to the public to make its own decision. If the decision is to mail early, gifts and cards will arrive on time. If mailings become a last-minute deluge as in peacetime years, it will be physically impossible to deliver them by Christmas in view of the wartime handicaps.

## SEAMAN BYCRAFT VISITS HERE

Robert J. Bycraft, S-10, U. S. N., who has been on active duty, arrived home last Tuesday evening and surprised his parents, Mr. and Mrs. Chas. Bycraft. He came from Seattle, Washington, and is staying until Friday of this week. He has been gone one year and 15 days, and has six stars for battles that have been won.

Bob was entertained Sunday evening by the neighbors and friends. A pot-luck dinner was served, and Bob was presented with many nice gifts. Bingo and cards were played.

### School Opening Hours Changed

The time for the opening of school at the Chelsea public schools for the kindergarten and grades through the 5th, will be changed from 8:30 to 9:00 a.m. starting on Monday, November 1. The first and second grades will be in session until about 11:15 and the kindergarten pupils will be excused at 11:00 a.m. The afternoon session will stay at the old time.

The remainder of the grades and high school will remain on the old opening time of 8:30 a.m.

### STATEMENT FROM GOVERNOR KELLY

It is a striking example of Michigan's humanitarianism and patriotism that counties throughout the state have created their own local organizations, and elected their own officials, to stage a United War Fund Drive.

The raising of \$5,749,425 for the USO and sixteen other war-related agencies is one of the most important contributions Michigan can make to the morale of our Armed Forces, and to lend urgently needed assistance to those of our fellow men who are suffering from the ravages of war. Moreover, it seems to me that the combining of the campaign of wartime agencies with local appeals in one big campaign is an admirable step that will result in greater efficiency, economy and man-power conservation.

The success of the Michigan United War Fund Drive, and of the National War Fund, will not only serve to hasten the day of Victory, but will also establish bonds of fellowship and good will that will prove of genuine and lasting benefit in the days of peace.

As Honorary President of the Michigan United War Fund, I bid you God-speed as you carry on your great work, and I urge every citizen to give your cause his generous support.

Harry F. Kelly, Governor.

### Red Cross Solicitation Delayed Until Spring

If a man, woman or child rings your doorbell and says he or she is soliciting for the American Red Cross, the Washtenaw Red Cross chapter knows nothing about it.

The Red Cross is not soliciting funds now. It is not sponsoring the collection of materials from door-to-door. Anyone who claims to be a Red Cross representative in behalf of such a solicitation or collection lacks the authority of the organization.

These statements come directly from Charles Henderson of Ann Arbor, chapter chairman, who also said: "Our attention has been called of late to instances in some communities where persons said they were collecting money to send cablegrams to prisoners of war. Such a collection would be without Red Cross authorization here. Red Cross expenditures in behalf of prisoners are from the organization treasury."

Mr. Henderson pointed out that no American Red Cross campaign for funds is contemplated before next spring. "By national agreement," he explained, "times have been designated for the two campaigns by those organizations raising funds the country over for war assistance activities. The funds—campaign of National War Fund, Inc., which comprises 17 organizations, is now in progress. The Red Cross has no part in this. But the Red Cross is allotted a month in the spring of 1944 for its great nationwide appeal. This arrangement has the sanction of the President and of the War Relief Control Board which governs nationwide fund-raising in order to avoid duplication of efforts and collisions of campaigns."

"The President has said that the Red Cross should make its membership and its fund appeals directly and separately to the people and should not participate in any joint fund-raising efforts."

### TRAINING AT GREAT LAKES

A new recruit at the U. S. Naval Training Station, Great Lakes, Ill., is Willard A. Carlson, Jr., 17, son of Mr. and Mrs. W. A. Carlson, Chelsea.

Now undergoing "boot" training, he is being indoctrinated into Navy life, and is being instructed in seamanship, military drill, and naval procedure. Soon he will be given a series of aptitude tests to determine whether he will be selected to attend one of the Navy's service schools, or will be assigned to active duty at sea.

Upon completion of his recruit training, he will be granted a nine-day leave.

Everyone, from one to one hundred, is invited to attend the annual Halloween party, sponsored by the Kiwanis club, on Friday evening, October 29. This invitation includes all children and grown-ups from Chelsea and surrounding areas.

Those who wish to participate in the parade are asked to be in the public school gymnasium at 7:00. The parade, which will be led by the high school band, will start promptly at 7:15 in front of the school. The parade route will be as follows: from East to Orchard, west on Orchard to South Main, south to West Summit, to Congdon, to South, to Main, to East Middle, to East street, and then to the school playground where the youngsters will circle around the judges' stand to enable the judges to pick out the three best costumes in each of three classes: the Spookiest, the Neatest, and the Most Original. There will be a huge bonfire and plenty of cider and doughnuts for everyone.

The remainder of the program will take place in the gym, where prizes will be awarded, and Ward, the Magician, will present a program suitable for youngsters and adults. Moving picture cartoons and comedies will be shown, including "Cold Shivers," "The Disobedient Mouse," and "Funny Face."

All Kiwanians will be on hand to assist with the party which they hope will be enjoyed by all. They also hope that the youngsters will show their appreciation of the party by refraining from participation in any of the harmful pranks that have been common in previous years.

### Urgent Appeal Is Made For Surgical Dressings

Our county is faced with the greatest demand that the Red Cross has ever made on our Chapter for surgical dressings. We are asked to make over 100,000 dressings by Dec. 31.

This is a direct request from the War Department, and 100,000 is just double the number we have ever made before in the same period. Perhaps this means a second front soon—if so, we women must not be found wanting to care for our wounded.

For the units that are working in Chelsea, the one group Monday evening from 7 until 9 and the other on Wednesday afternoon from 2:15 until 5, both in the Homemaking room at the public school, this means that we must double our quota of dressings.

The committee in charge is asking all women of the community that are able to help in this worthwhile cause—to please attend either one of these meetings as often as possible. You are asked to come in a wash dress, and bring along a piece of material that the hair may be completely covered.

With such a demand for dressings upon us at this time, we as a community have not failed in any of our war efforts, and certainly we do not want to fail our boys who are wounded.

When we are making surgical dressings, let us keep in mind that we are doing a direct service for our Government under Army and Navy regulations for the Medical Corps. This should be an inspiration to us to want to serve.

We are grateful to our faithful workers who have given us wonderful cooperation during the past two years, and we hope for their continued help.

The committees in charge of these units have been instructed officially by the Ann Arbor Chapter of the Red Cross, and are ready and willing to help you become efficient surgical dressings workers.

Will you help us fill our quota?  
—Committee.

### DOG QUARANTINE CONTINUES

Dr. Clark, State Veterinarian, Department of Agriculture, has recommended to the Washtenaw County Department of Health that the dog quarantine be continued in Chelsea for an indeterminate period. This recommendation from Dr. Clark was made after a careful study of all facts in the case as submitted by Dr. Otto Engleke of the county department. Tests made by Dr. Emerson of the Pasteur Institute, University of Michigan, showed definitely that the dog which bit several people here a few weeks ago was rabid.

### PURCHASE 2ND HOSPITAL BED

The local I.O.O.F. Lodge has purchased another hospital bed, which is now ready for use by anyone who makes proper application to the committee: Raymond Canine, Hazen Lehman or Ross Munro. The Odd Fellows will sponsor a series of dances this winter to pay for the bed. The first dance will be held Nov. 6.

### POPULAR PARTY

The Rebekahs will hold a popular party at the I.O.O.F. hall on Saturday night, Oct. 30, starting at 8:00. 25 games 35c.

## 24 Years Ago

Thursday, October 23, 1919

Mr. and Mrs. John F. Waltrous celebrated the fiftieth anniversary of their marriage at their home in Lima township on Tuesday, October 21.

Miss Alma M. Kaercher, daughter of J. M. Kaercher of Scio township, and Clarence O. Bahnmiller, son of Wm. Bahnmiller of Chelsea, were united in marriage Saturday evening, October 18. Rev. Fred Thurn, pastor of Scio Lutheran church, officiated.

Ezra Feldkamp of Lima township, while operating a wood sawing outfit at the home of John Lucht, Four Mile Lake, met with an accident that cost him the loss of one finger and part of another one. He was tightening a nut on the machine and the wrench slipped, causing his hand to come in contact with the rapidly moving saw.

William F. Riemen Schneider died at the home of his son, Dr. Laverne Riemen Schneider of Detroit, on Monday, Oct. 20. He was engaged in business in Francisco for a number of years, coming to Chelsea in 1886, where he was engaged in various business enterprises until failing health com-

pelled him to give up active business. He served as postmaster of Chelsea, retiring in 1903. He is survived by two sons, Dr. Laverne of Detroit, and Dr. Orrin of Saginaw, three brothers and four sisters.

The board of supervisors appointed O. D. Luick to fill the vacancy on the board of county road commissioners caused by the death of B. C. Whitaker. Auto thieves entered the barn of Frank Davidson, Summit St., Monday night and stole his new Ford auto. This is the second car that has been stolen from Mr. Davidson since July 1.

## 34 Years Ago

Thursday, October 28, 1909

Thomas Fletcher met with an accident Monday afternoon while driving a span of colts which his son-in-law, Ralph Pierce, had just purchased. A dog ran out, frightening the animals, and in the mix-up the buggy overturned. Mr. Fletcher sprained one of his arms and shoulder quite badly.

Sixty carloads of sugar beets were shipped from the Chelsea station of the Michigan Central to sugar factories in different parts of the state. The auditor general announces that the distribution of primary school funds, amounting to \$1.00 for each child of school age, will be made within two weeks.

W. S. McLaren will have the Chelsea high school football team and substitute players as his guests at the Sylvan theatre Thursday evening. The bill is "The Cowboy and the Lady."

The case of W. J. Knapp against school district No. 3 Fr. Sylvan and Lima, in the circuit court was settled Monday. This case grew out of the fact that the school board refused to pay Knapp for supplies that he had furnished while he was a member of the board.

Within a short time the only thing that will be left of the old Boland road will be the right of way. Workmen are engaged in removing the rails and ties between here and Grass Lake. They now have them removed for a distance of five miles west of Chelsea.

Burnett Steinbach has had electric

lights placed in every room of his residence on West Middle St. On Friday, Elmer Lehman of Sharon husked 115 bushels of corn in 10 hours.

## Notten Road

Mr. and Mrs. Norman Peterson who have been spending Mr. Peterson's furlough here have returned to the Army Camp near San Antonio, Texas.

Mrs. Hennon of Chelsea has been visiting at the Earl Notten home.

Mrs. Will Whitaker and son, Herschel of Ann Arbor, visited Mrs. Lina Whitaker Sunday.

Jacob Partner of Ann Arbor called at the Sanderson home Sunday.

Mrs. Jack Arends returned from the Ann Arbor hospital Sunday to the home of her parents, Mr. and Mrs. Wm. Sanderson, with a fine baby boy.

Mrs. Geo. Scherer of Chelsea and daughter, Mrs. Tokopa of Flint, visited at the Whitaker home Sunday.

Mr. and Mrs. Forest Mullenkoff of Grass Lake visited Mr. and Mrs. Dorr Whitaker Sunday.

Mr. and Mrs. Ben Poquet of Ann Arbor visited Mr. and Mrs. Wilfred Sager Sunday.

Some of the neighbors have started to husk their corn by machine.

Early sown wheat is looking good and should go into winter with a good top growth.

Come to the chicken supper at the church tonight. A great big feed and only seventy-five cents.

The W.S.C.S. will meet with Mrs. Max Hoppe, Wednesday afternoon, November 3.

Mrs. Lina Whitaker visited her daughters, Mrs. Henry Glasier and Mrs. Kenneth Rowe at Wayne, Sunday.

## HOLD FELLOWSHIP GATHERING

The Congregational church held its first fellowship gathering last Thursday night. A pot-luck supper was served by the Loyalty chapter at 6:30. The Pilgrim Fellowship reserved a table for their members and were well represented. Rev. and Mrs. Hainsworth and daughter Ann Marie of Dexter were guests.

A few songs were sung and Rev. Skentelbury introduced the speaker of the evening, State Supt. Dr. H. N. Skidmore of Lansing. After telling how he had been a candidate for this church at the time of his graduation from Oberlin, and other personal remarks, Dr. Skidmore spoke on the magic of the church. The church has a magic power to transform the clothes from a rummage sale into medicine and vital resources for sick and needy people; it can transform lumber and buildings into holy sanctuaries for the worship of God; it can transform carelessness and useless lives into happy and useful service; it can transform ideas and dreams into societies of peaceful and brotherly groups and nations.

It was 45 minutes packed full of humor, thought and inspiration and will long be remembered by those who were present.

By PAUL MALLON

Released by Western Newspaper Union.

## AMERICA'S PLACE IN POSTWAR WORLD

Straight from the front comes evidence now which will prick more bubbles of American wishful visting on the war and postwar world. This time it is in a new book, "Report on North Africa," by Kenneth G. Crawford, a sincere, superior reporter.

The troops in the field are encountering minor experiences with the British, French, Arabs, Italians, and others, which will make them even more isolationist this time than before, Crawford thinks.

They will look upon "only Americans as good people, and only America as a good country, and only complete isolation from the rest of the world as a good national policy," he writes. He does not want this, but he is a good enough reporter to recount faithfully the facts he found.

Crawford warns America to steel itself again for the reaction experienced after the last war when we became Uncle Snylock to the world.

"It will be the same again," he says. The British Tommy is inclined to think we came in a bit late, and he has done most of the fighting. The French are thankful for another chance of national existence, but apparently are politically dismembered and confused.

The American soldier looks upon the war, he says, as "an unpleasant job to be got over with, and to quarrel about for years to come—about the question of whether we were suckers or really had to do it. But the British Tommy thinks only of Dunkirk and is fighting for his homeland."

The evidence of this discerning reporter substantiates again in its broad aspects the reports of the five senators from the far Pacific.

It calls again for development of more American self-interest in dealing with allies and more realism in both war and postwar preparations. It completes the picture, the new undeniable, realistic picture which supplants the grandiose notions drawn for us by propagandizing leaders in the early stages of the war.

Mr. Crawford is no propagandist. He was sent abroad by the left-winged of all American newspapers, opposed to state department policy, pro internationalist, etc. What Mr. Crawford found at the front was so irrefutably opposite that he resigned his position with that newspaper and now is associate editor of Newsweek (no propagandist sheet either).

## HOW HOME FRONT REACHED CONFUSION STAGE

How we got into a confused condition, on "the home front" is shown in another new book by that name written by the New York public relations genius extraordinary, David Hinshaw. Books have been raining out of the skies for months, mostly bearing panaceas for postwar or reciting exciting individual adventures.

What this war needs is some good straight reporting and straight thinking, and it seems to me that what the liberal Mr. Crawford has done with North Africa, the conservative Mr. Hinshaw has done at home. From journals, speeches, announcements, and actions, Hinshaw has accumulated a disillusioning record.

His main point is that the Henderson era was founded on distrust of the government for the common sense and integrity of the people and his testimony calls for a renewal of democratic faith.

## AMERICAN SELF-INTEREST

The theme of a postwar peace based on American self-interest and neighborly negotiation without too much trust in Utopian formulas is developing fast. Another globe-trotter, President Johnston of the United States Chamber of Commerce, has returned with a speech advocating just such a course.

Mr. Johnston wants recognition of "our immense stake in law and order, in decency and prosperity all over the planet" but not on the basis of disarming alliances, or tailor-made plans for new world orders. He says a strong, prosperous, self-reliant America can serve as a mighty bulwark of world peace and progress—and he could have said the mightiest.

The plan which would be adopted he rightly predicts will come slowly, painfully, and on a basis of evolution in collaboration among the nations. My own guess is the main inspiration of such an evolution will be a gigantic Hull trade program.

## CONGRESS AND THE MILITARY

Senate defeat of the Wheeler Draft Fathers Exclusion bill was due to circumstances foreseen. Neither house dare stand firmly against the military leaders on a point of military necessity.

On no important phase of the war effort has congress ever overridden the plans of army and navy directors. Farthest congress has gone in that way was in the farmer draft directive last session, but this involved the vital matter of feeding the United Nations.

## Defense Councils Plan For Food Campaign

Lansing—County and municipal Defense Councils in Michigan are completing plans for the "Food Fights for Freedom" campaign, which will be conducted during the month of November to bring to the public a clear understanding of the food situation.

In connection with an operations letter suggesting ways in which each Council might outline its program, Capt. Donald S. Leonard, Director of Civilian Defense, stated that the objective is to give a factual explanation regarding the country's food supplies and point out how each citizen can

help make food fight for freedom and at the same time provide for his individual needs.

"In analyzing the food situation we are confronted with two important factors," Captain Leonard said. "First, there is an increased demand for certain foods because of greater purchasing power. Second, the supply of many commodities has been decreased by the necessity of sharing with our armed forces, our Allies and liberated peoples."

"We hope to show how every citizen can make food aid the war effort by growing more of it, avoiding waste, intelligently selecting available foods for good nutrition and adjustment of diet to scarcities and necessities, and by strict adherence to rationing and price regulations."

"Food Fights for Freedom" month will be nationally observed and it is planned to make the campaign the beginning of an educational program which will continue for the duration of the war. Defense Councils have been asked to carry on the campaign by the Food Distribution Administration of the U. S. Department of Agriculture and the Office of Price Administration.

Refined Aluminum First  
Hans Christian Oersted, a Danish scientist, is credited with refining the first aluminum in 1825, but the operation to recapture the metal was so expensive that at first it was more precious than silver and gold.

## THE OLD JUDGE SAYS...

"Just dropped by to tell you, Frank, I had a fine letter from your son, Joe, this morning. Mighty nice of him to take the time to write me... I know how busy they keep the boys. That's a fine camp he's been transferred to up in New England."

"Yes, Catherine and I had a letter this morning, too. Said he was writing you... he's very fond of you, Judge. Catherine is certainly proud of Joe and proud of the great Army he's a part of."

"She has good reason to be, Frank."

Joe is one fine fellow and the Army he's in is the best disciplined, best behaved in our history. Just last night I was reading an article that quoted a report signed by five chaplains in the very camp where Joe is now training. I remember their exact words which were "there is no liquor problem at this Post." And I understand that's true in camp after camp all over the country. And if Catherine would like to see that report, I'll drop it off at the house tomorrow."

## This is you, lady... on some bright tomorrow

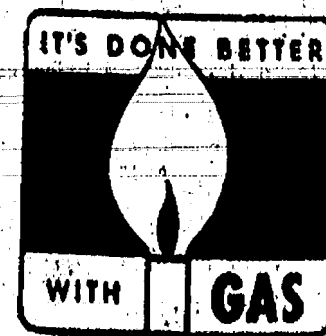

★ Imagine coming home from the store with a package no larger than a lunch box, yet holding enough to feed your family for a week!

That day is coming! For, even now, dehydrated foods are being produced with all water and air removed, condensed down to a fraction of their normal size. Today, these foods are going to war. When peace comes, they will be available for your table... thanks to gas which is used in dehydrating processes.

Gas will do many new and different jobs after the Axis is crushed and the world returns to normal living. It will help American industry to produce the car you drive or the plane you fly. It will aid in turning out the new metals, plastics and other materials born for war and marked for conversion to peacetime uses.

You will find it a still more faithful and efficient servant in your home, too. Features and refinements in the kitchen range, the hot water heater and the house heating system of postwar days will make you want the comforts and convenience that only gas can bring.

Yes, lady, it will be a brighter, happier, more livable tomorrow for you and your family... because of gas!

## More Pork

when hogs are kept on sanitary CONCRETE

A sure way to increase your pork production is to keep pigs on concrete from farrowing to market time.

One farmer who does this reports: "My first crop is gone to market by the time the second is farrowed... average weights around 275 pounds at six months... 100 pounds of pork with 300 pounds of feed."

Hog floors are only one of many improvements that will make your farm more efficient and productive. A new barn floor, poultry house, milk house, milk cooling tank, manure pit or watering trough costs little to build with concrete and will last a lifetime.

Concrete farm jobs require a minimum of critical war materials. Many jobs need just a few bags of cement, and some sand and gravel or stone.

If you need help, get in touch with your concrete contractor or building material dealer. Let us send you free "how-to-build" booklets.

**Q.** Why should oil be changed every two months or at 1,000 miles—whichever comes first?

**A.** Your car produces nearly 1 gallon of water per gallon of gas burned. Short-run driving fails to expel all this water. Some gets into the crankcase and contaminates any oil—especially in cool and cold weather.

### \*Here's your easiest-on-the-battery motor oil!

THE CUE for motor oil selection this fall is—save that battery, protect that engine, stretch those gas coupons. Change to Standard's famous Iso-Via 10 W, the fastest starting, easiest-on-the battery 10 W motor oil you can buy.

At today's reduced speeds, oil consumption is greatly reduced, but batteries are older. Under rationed driving, they recharge less, run down faster. Too-heavy oil increases battery drag, endangers the motor when starting cold, wastes gasoline.

Iso-Via 10 W gives instant lubrication, yet stays tough under heat—gives full engine protection. Get it today. And make an early appointment with your Standard Oil Dealer for complete winter-conditioning... weekdays, if you can, please.

## Cow's Rations Depend On Kind of Hay Stored

How to doctor up dairy rations to fit the kind of hay stored in the hay-mow has been reduced to six simple grain-rations by a dairy extension specialist at Michigan State College.

Varying weather conditions during the hay-making season give farmers some excellent hay and some that doesn't have high quality. Three of the grain mixes are suggested for use with the best quality alfalfa hay—the kind that was early cut, has good green color and is leafy.

For this quality hay, according to A. C. Baltzer, dairy extension specialist at the college, one mix could contain 500 pounds of ground corn or barley, 100 pounds of wheat, 100 pounds of light oats and 100 pounds of dry-cull beans.

Another mix could be 400 pounds of corn and cob meal, 200 pounds wheat, 200 pounds oats and 200 pounds 16 per cent protein commercial feed. The third of the mixes to go with high quality hay could be 200 pounds corn or barley, 200 pounds oats and 200 pounds of the 16 per cent protein feed.

Some farmers will have quantities of coarse quality alfalfa, stemmy, late cut, brown in color and without many leaves.

Such hay goes best with the following grain mixes: 300 pounds corn and cob meal, 100 pounds of oats, 100 pounds soybeans. Another mix contains 300 pounds ground corn or barley, 200 pounds wheat, 200 pounds oats, 200 pounds dry-cull beans and 100 pounds linseed meal. The third suggested mix would consist of 600 pounds ground corn or barley and 200 pounds of 32 per cent protein commercial feed.

To any of these grain mixes should be added salt, one pound to 100 pounds of grain. Another addition should be defluorinated phosphate rock—mineral feed, one pound to 200 pounds of grain. In many sections of the state, according to Baltzer, one ounce of cobalt sulphate to 100 pounds of salt has aided dairy cattle nutrition and health.

**Lose Protein Standing**

Grass or legumes left standing too long have a considerably lower percentage of protein than they would contain if cut at the proper stage of growth. The fiber content of over-mature hay is high, and livestock will waste considerable of the woody, unpalatable portions of the hay. All possible home-grown protein feed should be secured this year, and no feed of any kind should be wasted.

### Good Breads

"I want to know how to make good bread," is a desire expressed often by readers who write in and tell me their problems. Some feel making bread is a matter of good luck, while others are certain that if they just had a good recipe, they could make good bread.

Bread, good bread, is one of the easiest of all baked goods to make. The yeast bread takes longer for the process to be completed, but there is nothing hard about any of the steps. Bear in mind these essentials when baking bread with yeast:

1. Liquids used may be water, milk, diluted evaporated milk, potato water or a mixture of any of these. When using milk, scald and cool to lukewarm.
2. Yeast may be compressed, granular or dry.
3. Sugar is used to help yeast make leavening gas. Salt controls fermentation, gives flavor.
4. Add all flour necessary at the time of mixing, to keep dough from sticking, and to avoid dark streaks in bread.
5. Dough is kneaded until smooth and satiny. Curve the fingers over dough and push into it with the palms of the hands. The first kneading is longest—8 to 10 minutes required, never less than 5. After the dough is punched down the second time, only 2 minutes' kneading is necessary.
6. After the dough is kneaded, it is placed in a greased bowl. Turn the dough over in bowl to grease it entirely and prevent a hard crust from forming. Cover dough with a cloth or waxed paper while rising. Temperature at which dough rises should be 82 degrees.
7. When punching dough down, punch hands into the center of the dough.
8. When dough has been punched down the second time and risen until double in bulk, and the dough retains dents when pressed lightly, it is ready for molding. Knead down and divide in portions for loaves.

Cover and let rest 10 to 15 minutes. To mold dough, flatten into a ball, fold lengthwise, and stretch three times the length of the pan. Overlap ends at center and fold lengthwise; flatten again, fold in thirds; seal edge; roll lightly and place in greased pan, fold down.

### White Bread.

(Makes 4 1-pound loaves)

- 1/4 cup sugar
- 2 tablespoons shortening
- 4 teaspoons salt
- 4 cups liquid, scalded
- 1 cake yeast
- 1/4 cup lukewarm water
- 12 to 14 cups flour

Combine sugar, shortening, salt and liquid in a large mixing bowl.

### Lynn Says:

**Homemade Breads:** Wash the bread box out thoroughly so the bread will stay fresh and moist longer. Every week, the box should have a soapy sudsing, and thorough drying out in the sunshine. Bread sometimes becomes stringy, if a certain germ is allowed to become imbedded in the box through lack of cleanliness.

Have freshly baked rolls often, by making a batch of refrigerator dough to have on hand. Then make a variety of rolls from it to add interest to the menu—caramel rolls, cinnamon twists, poppy-seed rolls, orange-filled rolls, etc.

If homemade bread tends to get that day-old flavor, freshen the loaves by sprinkling a little water in a brown bag, placing loaf of bread in it, and into the oven for several minutes.

Cool to lukewarm, then add yeast, softened in lukewarm water. Add 4 cups of flour and beat thoroughly. Add remaining flour and mix gradually to a dough that won't stick to hands or bowl. Knead lightly on a floured board 8 to 10 minutes. Place in a greased bowl, cover closely, and let rise until double in bulk (2 to 2 1/2 hours). Punch down and knead 2 minutes. Let rise again until double in bulk. Knead down. Divide into 4 portions for loaves. Cover and let rest 10 to 15 minutes. Mold in loaves. Place in greased pans. Cover closely and let set in a warm place until doubled in bulk and a light touch leaves a dent. Bake in a moderately hot (400 to 425 degrees) oven 40 to 45 minutes.

Bread is done when it shrinks from the pan and sounds hollow when tapped with finger. Remove loaves from pans immediately and cool on rack. For a crisp crust, neither grease nor cover loaves when cooling. For a soft crust, brush top of loaves with fat or salad oil after removing from oven.

**\*Refrigerator Rolls.**  
(Makes 3 dozen medium-sized rolls)

- 1 cup milk, scalded
- 1 cup hot mashed potato
- 1/2 cup shortening
- 1/4 cup sugar
- 2 teaspoons salt
- 1 cake yeast
- 1/4 cup lukewarm water
- 2 beaten eggs
- 5 to 6 cups flour

Combine milk, potato, shortening, sugar and salt in large mixing bowl. Add yeast softened in water and eggs. Add 1 1/2 cups flour and beat well. Cover and let stand in a warm place for 1 hour, or until full of bubbles. Stir in 3/4 to 4 cups of flour to make a fairly stiff dough. Knead until smooth on a lightly floured surface. Return to greased mixing bowl. Grease top of dough. Cover and chill in refrigerator. About 1 1/2 hours before serving time, shape desired number of rolls. Place in greased pans; let rise 1 hour. Bake in a hot oven (425 degrees) 15 to 20 minutes. Punch down unused dough and return to refrigerator.

You don't have time to make yeast rolls or bread? Then you will enjoy a lovely quick bread with a cherry-bran combination that is tops:

**All-Bran Cherry Bread.**  
(Makes 1 loaf)

- 1 tablespoon butter
- 1/4 cup light brown sugar
- 1/4 cup chopped maraschino cherries
- 1/4 cup chopped nuts

2 1/2 cups flour  
4 1/2 teaspoons baking powder  
1/2 cup sugar  
3/4 teaspoon salt  
1 egg  
1 1/2 cups milk  
2 tablespoons melted shortening  
1 cup all-bran  
1/4 cup chopped maraschino cherries  
1/4 cup chopped nuts

Melt butter in loaf pan and sprinkle sugar, cherries and nuts evenly over bottom of pan. Sift flour with baking powder, sugar and salt. Beat egg, add milk and shortening and stir into flour mixture. Add bran, cherries and nuts. Pour over cherry mixture and bake in a moderate oven.

Loaf may be baked omitting cherry-nut mixture on bottom of pan.

## America First - But Always American

By RUTH TAYLOR

America first—but always American. We have let the isolationist take the phrase "America First" and pervert it to selfish ends. America first we agree with—but not with the "and to hell with the rest of the world!" spirit. They claim they are the only real Americans, the only true patriots.

But—after all, when we say America first, what do we mean? We mean that we will keep the ideals that have made America first among nations, first in our hearts and in our lives. Not only will we be "from many one"—but one for the many. We will work one for all, not all for one.

We mean that we believe in the equality of all men before the law with equal access to justice in fact. Or as Sumner Welles phrased it, "The equality of individuals, like the equality of people cannot be granted by fiat. Equality depends on their own achievements and upon their own intrinsic worth. But to equality of human rights, and to equality of opportunity, every human being is by Divine Right entitled. That is the essence of our democratic faith." We will put this faith into action by not discriminating against any of our fellow citizens, our neighbors in this America, whether they be rich or poor, Black or White, Jew or Gentile, Americans by birth or by choice.

We mean that we believe in the Constitution of the United States as

## Bill of Rights, and its corresponding bill of duties is not infringed upon by us in any particular.

We mean that we believe in the system of free enterprise under which we have flourished, a system free from compulsory labor, irresponsible private power, arbitrary public authority and unregulated monopolies. We mean that we believe in an opportunity for productive work at a fair wage and under good standards for every man or woman who wants to work.

We mean that we believe in the freedom of the self-governed, the restraints upon our tongue and pen those of self-control and good taste, not the power of a secret police.

We mean that we believe in majority rule and that we will willingly and cheerfully abide by the decision of the majority—until the next election—cooperating with our fellow Americans to build a finer, stronger and more prosperous nation.

We mean that we believe in the great tradition for which America stands. We mean that we believe in an America so strong, so self-contained that it is capable of retaining its individual integrity while living in the brotherhood of hope and union with men of every race, or nationality.

America first—yes—but let us keep it always American!

## WEDDINGS

## Brown-Dickelman

Miss Geneva Brown, daughter of Mr. and Mrs. Rex B. Miller of Chelsea, was united in marriage to S-2C Edwin M. Dickelman, son of Mrs. Margaret Dickelman of Chicago, on Saturday afternoon, October 23. The double-ring ceremony was performed at 5:30 by Rev. Dr. Preston Bradley, pastor of Peoples' Church, Chicago, in his study at the Belden-Stratford hotel.

The attendants at the wedding were Mr. and Mrs. Zeller Lawler, brother-in-law and sister of the bride. Miss Brown wore a Victory blue suit with matching hat and brown accessories and an orchid corsage, while Mrs. Lawler was attired in a black crepe dress with rhinestone trimming and sweetheart roses formed her corsage.

Supper was served the wedding party in the private dining room of Marty's Cafe the guests including Mr. and Mrs. Rex Miller of Chelsea, Mrs. Margaret Dickelman, Mrs. Ila Clausen, sister of the groom and Miss Marjorie Schwab, all of Chicago. A miniature bride and groom surmounted the white wedding cake.

The bride, a graduate of Chelsea High school, class of 1942, is employed at the Federal Screw Works. The groom is attending a radio school at Northwestern University, Evanston, Illinois.

## ENDS 60 YEARS AS BLACKSMITH

When Henry Schumacher closed his blacksmith shop Saturday night to leave for a vacation it marked the end of 60 years of active service at his trade. Even as a child of seven he began to help his father by brushing the flies from the restless horses with the old familiar horse-tail brush and by pumping the bellows, although he had to use a hook to reach the handle.

When he reached the age of 15 and began to shoe horses, he had already learned important lessons about the forge and metals which only time and experience can teach.

With the closing of his shop for the time being, Chelsea loses its last blacksmith shop. At one time there were six of these places going in full force and employing two to three men each.

The demands of this war period and the closing of the other shops caused the burden of the work to fall upon the shoulders of a man of 75 years. His vacation will leave a gap in the industrial life of Chelsea but Henry deserves the rest and change, and we hope that he returns strong and well for the many jobs that we know will be awaiting his ingenuity and skill.

## HOLD ANNUAL PICNIC

Fifty-four members and teachers of the primary department of the Congregational Sunday school held their annual picnic at the Spaulding farm on Saturday, Oct. 23. Some of the special features of the picnic were a hayride, horseback riding, outdoor games, shelling corn in a shelter, and feeding the poultry, also, helping Warren run the milking machine for the evening milking. Refreshments were served.

## S. S. HALLOWEEN PARTY

Mrs. Price's class of the Methodist Sunday school met at her home for a pot-luck supper and Halloween party on Tuesday evening. The class was organized, with Opal O'Dell as president; Patay Mohrlock, vice-president; and Helen Hochrein, secretary. Games were played and a good time enjoyed by all.

## IN MEMORIAM

In loving memory of our dear husband and father, Mr. Bert Combs, who passed away October 27, 1940. Our hearts still ache with sadness. Our eyes shed many a tear. God alone knows how we miss him. As this ends the sad third year. His loving wife, sons, daughters, by all.

Beauty Secret: Closing the eyes eight hours every night keeps away those dark circles.

Mr. and Mrs. Ray Haselschwerdt, Mr. and Mrs. Reuben Haselschwerdt and Mr. and Mrs. Otto Mayer attended the annual Haselschwerdt family game dinner at the Lewis Haselschwerdt home in Lima on Sunday.

Mr. and Mrs. Donald Irwin entertained with a chicken dinner at their home on Sunday in honor of Mrs. Irwin's brother, Frederick Schmidt, who was home on a short furlough. Other guests were the parents, Mr. and Mrs. Otto Schmidt of Jackson and brothers, Edward Schmidt and family of Jackson and Walter Schmidt and family of Algonac.

Mr. and Mrs. Sam Haselschwerdt, who recently sold their farm to their son Elmer, moved to Manchester last week, where they will reside. Mr. and Mrs. Charles Curtis and family of Grass Lake are moving to the farm.

The Ladies' Aid of the Community church will meet with Mrs. Ray Haselschwerdt at her home on Thursday afternoon of this week.

## CARD OF THANKS

We wish to express our deep appreciation and thanks to our friends and neighbors for the many kindnesses they have shown, and the words of consolation and wisdom they have spoken during our bereavement.

Mr. and Mrs. Lloyd Keeney.

## Halloween Party, 1943 Style

Because hundreds of thousands of American boys in army camps here in this country will not be home for the family's traditional Halloween celebration, the National Halloween committee is asking every family to help in organizing a large-scale party or to invite at least one soldier or sailor to a house party. Here is a general Halloween party scene, with the table filled with traditional holiday delectables. Parties similar to this are being encouraged by the committee, a non-profit organization.

## ENTERTAIN HUSBANDS

The members of the Chelsea Study club entertained their husbands and guests at a dinner meeting at St. Paul's hall on Tuesday evening. A delicious dinner was served at 7 o'clock. The tables were arranged in an open square, with decorations in keeping with the Halloween season. The centerpieces were fruit and vegetable plates placed on evergreen sprays flanked with lighted tapers in orange and black. Covers were laid for 44.

Following the dinner the guests were welcomed by the president, Mrs. George Miller. Mrs. Paul Schaible introduced the guest speaker, who was 2nd Lt. Paul Rogers, who is stationed at Bradenton, Fla. Lt. Rogers gave a very interesting talk on army life. The remainder of the evening was spent in playing bingo. The committee who planned this meeting were Mesdames L. G. Palmer, D. L. Rogers and P. G. Schaible.

## DEATHS

Mrs. Lewis D. Allyn. Word has been received here of the death of Mrs. Lewis D. Allyn, a former resident of Chelsea, who passed away on Wednesday, October 20, at her home in Edmonds, Wash.

Mrs. Allyn, formerly Dolly Loomis, was the daughter of the late Mr. and Mrs. Lovell D. Loomis. The family made their home in Chelsea and vicinity before moving to Washington state several years ago.

Survivors include the husband, four sons, three daughters, several grandchildren and great-grandchildren.

Mrs. Allyn was a sister of the late Mrs. R. B. Waltrous, and a half-sister of L. B. Lawrence.

## North Francisco

Robert Ray of Chelsea and Robert Hardy of Detroit spent Saturday at the Miller home.

Mr. and Mrs. John Miller called on Mr. and Mrs. Frank Moore and Mr. and Mrs. Nelson Peterson and family on Sunday afternoon.

Mr. and Mrs. Leonard Loveland spent last Thursday evening at the home of Mr. and Mrs. Dale Loveland and daughter of Grass Lake, and Sunday afternoon they called on Mr. and Mrs. Dillman Wahl and daughter.

Mr. and Mrs. Harold Stroebel and Mr. and Mrs. Fred Scofield of Jackson and Mr. and Mrs. Wm. Seitz were Sunday dinner guests of Mr. and Mrs. Clarence Lehman.

Mrs. Velma Dorr and family of Grass Lake were Sunday dinner guests at the Richards home, and Mr. and Mrs. Earl Behan and mother of Ann Arbor were evening callers.

Mr. and Mrs. Wm. Lehman and son spent Sunday at the home of her mother and family.

Mr. and Mrs. Ed Hennon of Chelsea were Sunday dinner guests of Mr. and Mrs. Eric Notten.

Mrs. Florence Fauser spent Sunday at the home of her parents.

Dewitt Main and son Lynn called at the Erie Notten home Monday evening.

Mr. and Mrs. Herbert Harvey were Sunday dinner guests of Mr. and Mrs. Lawrence Haschle and family of Dexter.

Mrs. Martha Harvey called on Mrs. Victor Moedel of Waterloo on Wednesday afternoon.

Mr. and Mrs. H. Harvey spent Wednesday evening at the home of Mr. and Mrs. Millard Harvey and family of Dexter.

Mr. and Mrs. Geo. Clark of Chelsea spent Tuesday evening at the Erie Notten home.

A special spaghetti dinner is being planned for Saturday evening, Nov. 13 at 6:30, at Camp Newkirk, where a fellowship meeting of Scoutmen will be held under the auspices of the Camping, Activities and Community Service committee of which O. E. Roszel is chairman.

The Ypsilanti District training course will be held at the Ypsilanti high school on Monday evening, Nov. 15 at 7:30, with Leonard Menzi in charge.

## Francisco

A number from here plan to attend the annual chicken supper Thursday night at Salem Grove Methodist church.

A get-together meeting of the former "Friscos Ladies' Club" at the home of Mrs. Herman Bohne honored Mrs. T. J. Worley on Saturday afternoon. After the enjoyable cooperative dinner "Robbers' Ring" created much excitement and merriment.

Besides the group of "Friscos" ladies, Mrs. Bohne's daughters, Mrs. Carl Travis and son and Mrs. Richard Alden and daughter were guests.

Mr. and Mrs. Joe Marantette and Herman Bender of Detroit spent a day last week with their mother, Mrs. Bertha Bender and family.

Walter Bohne's improvement from blood poisoning continues very slowly. He is still confined in a hospital in Ann Arbor.

Mr. and Mrs. Milton G. Bohne of Jackson visited at the Clifford Wolfe home Sunday and also called on Walter Bohne in Ann Arbor.

Mrs. Harold Wahl of North Francisco was a recent guest of Mrs. Edward Willy.

Several from here were in Chelsea on Saturday evening to attend the Tim Doolittle dance and entertainment.

Men from Camp Waterloo unloaded two army tank destroyers from a flat car Thursday evening.

## Four Mile Lake

Mr. and Mrs. S. E. Chaffin and daughter were Sunday dinner guests of Mr. and Mrs. Waldo Drummond.

Mrs. Margaret Kuebler of Freedom is spending some time with her niece, Mrs. Emma Schumacher.

Mr. and Mrs. William Beach and son.

## OFFICE NEWS

A Halloween party for all children will be held in the Chelsea high school gym at 7:15 on Friday, October 29. The Chelsea Kiwanis club is sponsoring this party.

The seventh grade will hold another Community Sing on Wednesday, November 10 at 8 o'clock. The public is invited.

The Chelsea football team will play Romulus here this Friday. Next Friday, November 5, they will play Roosevelt in the last home game of the season.

## EDITORIAL

Last week during last part of 1st hour, students were interrupted by a ringing sound. What could this be but the beginning of our fire drills? Who would think the little red boys on each floor of the school building could cause such a sound?

The fire alarm is a series of rapidly ringing sounds. As soon as this alarm is heard each teacher and pupil must leave the school without stopping to finish what he is doing. He should not take his books along. Although he should hurry out he should not run. The first people out of the school should go far enough away from the school so other persons coming may have room to get out. Everyone should be calm. Students should go down the nearest stairs and out the nearest door. Students coming down the west stairs should go out the north door and those coming down the east stairs should go out the east door.

These alarms are very important to everyone in the building so they should be left alone by everyone except those who have a right to touch them.

## SENIOR CLASS

Owing to difficulty in production the Senior play has been postponed until the latter part of January.

## CLASS OF '44 (2)

Donald C. Alber, best known about that middle name, "Doc" is his nickname and towers about 6 ft. weighs 152 lbs. Before Doc came to C.H.S. he went to St. Mary's grade school on about the 15 yard line. To school. He is one of those boys that everyone's surprised. Flat Rock's at girls say "Oh-h-h." He has black hair that could not go and they punted out blue eyes. After enjoying a good big meal of meat loaf, he is ready for his favorite sport—a game of basketball. I thought most boys went for blue and pale colors, but Doc says he likes red best.

Anna Marie Armstrong was born on the 8th of June, 1927; place, Manchester, color of hair, light brown; color of eyes, blue; weight, 130 lbs.; height, 5 ft. 7 in.; food, Swiss steak; sport, roller skating; color, pink; movie, "Journey for Margaret."

## HOMEMAKING CLUB NOTES

The Homemaking club is sponsoring a penny milk program in school. Joyce Lentz is the chairman. Girls who are assisting in contacting clubs for financial assistance are: Pat Van Riper, Shipley Dorner, Janis Weir and Jane Downer.

The Club is sponsoring the Junior Red Cross in school. Plans are under way for the enrollment of the grades during the first week of November. Jane Downer is chairman of Junior Red Cross work for the year.

The girls are planning a Halloween party. Jane Downer and the committee have thought of a way to stop the initiation party. Jane Downer and Virginia Leeper are the committee.

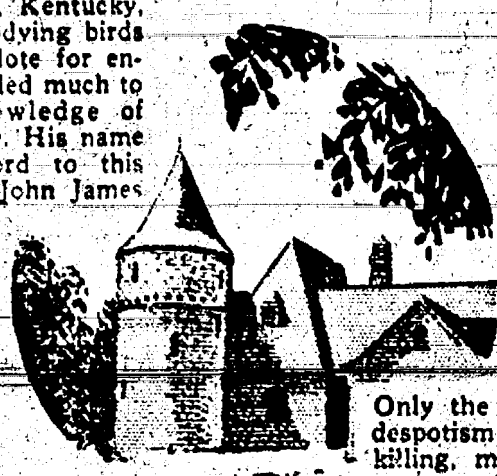

Part of the meeting was spent on the slip cover. Plans are being made to complete it by November 15. The Style Show date has been set for December 8. This will be held in the Gym at 8:00 in the evening. The admission is free.

The girls have passed some of their tests on bandages and the digital pressure points. Next week we are going to start artificial respiration.

## BONDS OVER AMERICA

Early in the 19th century a storekeeper and gristmill operator at Henderson, Kentucky, took to studying birds as an antidote for ennui and added much to man's knowledge of ornithology. His name is a byword to this day. It is John James Audubon.

## CLASS NEWS

The Juniors received their class rings last week and they were very glad to get them. Same are being made over for the new students of their class.

Sophomores—Elaine McClellan, Rosemary Hummel and John Wellnitz are on the committee for class rings. The Freshmen were in charge of the pepmeeting last Friday. The committee was: F. Hale, C. Miller, Braden Barlow, J. Munro, R. Knickerbocker, J. Wellnitz and J. Burg. Further plans are being made for their return party to the Sophomores.

## WAR COUNCIL

The War Council is going to have a box social soon. They are going to auction the boxes off.

## CONSERVATION NEWS

At the last meeting each conservation member was given conservation stamps to sell. They decided to transplant the trees at the Disposal Plant. The date for the night meeting has not been set as yet. They also discussed the plans for the coming year.

## WHAT WOULD HAPPEN IF—

Donald were Fry instead of Cook. Bill were Cider instead of Waters. Joan were Stab instead of Pierce. Phyllis were Jumper instead of Hopper. Ruth were John instead of Paul. Leroy were April instead of May. Peggy were Hanger instead of Hooker. Marie were Summer instead of Winters. Rosemary were Tigers instead of Lyons. Charles were a Carpenter instead of Smith. Richard were Five instead of Four. Joanne were Less instead of Moore.

## SEVENTH GRADE NEWS

Thomas Woolrich  
Twenty-one people, or 58 per cent of our enrollment, bought \$21.95 worth of defense stamps last week.

The next community sing has been set for November 10. A large attendance is anticipated.

English work recently has centered about oral English—announcements, one has received a reply from his letter to another Chelsea.

John B. Shepherd has been absent for over a week.

Mary Caroline Matheny is chairman of our committee to prepare a Halloween play.

We elected officers for the room as follows: President, Beverly Booker; vice-president, Thomas Woolrich; treasurer, Ellen Jane Geddes; secretary, Joyce Crawford.

## EIGHTH GRADE NEWS

Ruth Fox and Wilma Paul  
In Science the class is making posters to show the motions of the earth, what causes the different seasons, temperatures and winds. We also collected cocoons, bugs and weeds over the week-end.

We are planning a stamp auction for tomorrow.

Helen Hochrein and Opal Odell have each brought plans for our room. Miss Claire is going to give us some, too.

Each eighth grade pupil is keeping a vocabulary notebook. Every day he chooses two words which are not familiar to him. For these words he learns the pronunciation, meaning and spelling.

## Slats' Diary

Sunday—I and Jake and Blistera went to S. S. and in the class got to disliking and arguing about what to do in the p. m. in view of school starting at once. We didn't reach no decision except not to spend the time hunting up our books and etc. for school.

Monday—One day of school, and right off the bat the teacher ast me to kongegate the verb swim. Swim swam swim I replied. Jake was next and to him she sed Dum. Jake started and sed Dum but he didident get the job done. Becos he sed the balants was I and Blistera.

Tuesday—Elsys unkel dide and were beryred and I ast her were his life ensured. She repide and sed No he were a totle loss and wassent worth no more dide than he were alive witch wassent nothing.

Wednesday—They were a spesheliat in medisin and doctering that lek-shered at school this evning and as the parent was evited Unkel Hen went. The lekcherer sed eney boddie could ast for infirmashen and Unkel Hen ast how to cure enoring as he are so bad he wakes hisself up. The man sed try sleeping in a nother room witch Unkel codent becos we aint got no other room except in are Henhouse and Pa sed Unkel Hen wood scare the hens to bad so he will half to keep snoring.

Thursday—The teacher wanted to no if any kid was abel to think of some kind of factery whair the strikers wod not set down on there work. Blistera shot a minnit and then held up his hand and repide a tack factery. The teacher sed the anser are verrie good and then Blistera sed it are perfect he thot. So d id I and Jake. I and I think the other kids did aliso. From the way they laft.

Friday—A visetting ladies church worker made a address to our room and ast woodent all us kids like to take part in the big mishenary movement. Elsy arose up and sed she sure would if it anything like jiterbuging. The church ladies frowned so I suppose Elsy showed her dymness. Tho I am not so offie sure.

Saturday—Diddent haft to do much today. The dry weather has stopt the flowers and garden weeds and grass and etc. from growing and they were no hoeing needed and no lon mowink. And it costs 2 mutch to turn the city water on same so Pa says and so Ma seamed worried becos she wasent abel to think of nothing to keep me out of Miss cheef as she says.

By GENE ALLEMAN

Michigan's silver stars are turning in an increasing number, to gold.

The village of Holly, in Oakland county, is typical of hometowns everywhere in Michigan. Within the past few weeks, telegrams from Washington have been delivered at three homes of Holly mothers, fathers and relatives.

Here were the fateful words: "The Secretary of War (or Navy) desires that I tender his deepest sympathy."

Donald C. Hulet, age 23, son of Mr. and Mrs. Ruth Hulet. He was killed in the Pacific South Seas.

Robert Bravender, son of Raymond B. Bravender. He was a co-pilot of a Flying Fortress. And Allan N. McDaniel, who worked with his brother, Harry, in a welding and blacksmith business at Holly. He also was killed in action, over Italy, while on a bombing mission.

Why were these young Michigan boys killed—one at the Pacific front, half way around the globe, and two at our European front?

A lot of Michigan people—especially the fathers and mothers of young men now in World War II—are asking this question. They would like to know the answer.

And many Michigan boys in camps and at our fighting fronts are asking a sequel to it: After we win the war, will we win the peace? Victory without peace seems a cost price for death on a battlefield, tomorrow as yesterday.

The boys remember the discussions at dinner tables, prior to Pearl Harbor, when Dad and Mom said we should keep out of war... mind our own business... let Europe run its own affairs. And, anyway, weren't we 3,000 miles away, safe and secure?

Sure, we minded our own business, didn't we?

Then the dirty Japs pulled a fast one at Pearl Harbor, and the Nazis just laughed and declared war on us—we, the United States of America!

Of course, we got mad. We're still angry. So are thousands of Michigan boys in camps and with MacArthur in the Pacific and Eisenhower in Europe. Some of these boys are sons of men who served in World War I. They know, and so do we, that we didn't save the world for democracy after Nov. 11, 1918. Something happened.

When a paperhanger in Germany wrote a book called "Mein Kampf," the world smiled. But that wasn't new. A carpenter by the name of Jesus Christ received the same reception from much of the world, centuries before. But each man had an idea—although as different as night is from day.

While we Americans were minding our own business, the German paperhanger was telling the frustrated Germans: "Germany was not defeated in the war. Germany was betrayed by the Jews and the Marxists. The allies imposed an unjust peace. Germany, under my leadership, will be invincible!"

Well, we remember what happened—Hitler accomplished exactly what a member of the German general staff said would happen in a talk with Dr. William Seaman Bainbridge, a distinguished American, way back in 1915—two years before World War I began! And here, in part, is what the general staff officer said with remarkable prophecy should Germany lose World War I: "An armistice will come before any hostile army crosses Germany's frontiers. There will be no scars on the fatherland from this war."

Following the war there will be economic hell, industrial revolution. We will set class against class, individual against individual, until the nations will have pretty much all they can attend to at home and not bother with us.

"The greatest struggle will come after the war. The weapon will be propaganda, the value of which we know. The allies will be torn asunder, each will be put at the other's throat like a lot of howling, gnashing hounds. And when they are all separated from France, Germany will deal with her alone."

Then recall how Hitler seized control as dictator in January, 1933. (FDR was elected president in November, 1932). Germany withdrew from the League in 1933; annexed the Saar and adopted conscription in 1935; repudiated the Locarno (security) treaties in 1936; repudiated the Versailles treaty "war guilt" clause, shelved its "Polish Corridor" agreement with Poland and created the Rome-Berlin-Tokyo axis in 1937, and finally annexed Sudetenland by the Munich four-power pact in 1938.

You know the rest—the Nazis' march into other peace-loving nations, always one by one, until September, 1939, four years ago, when World War I became World War II.

Ten years after Hitler started his march to "Der tag," our nation is again at war. In North Michigan and the Upper Peninsula thousands of men and women, airplane watchers, scan the skies 24 hours a day for the silhouette and hum of German airplanes. Squit Ste. Marie is the headquarters for the air defense of most of Ontario in Canada and 17 American states in the sprawling Middle-West.

Why? Because modern air power has annihilated space, changing isolated security of Michigan into a vulnerable target of German planes once they establish a northern bombing base from which to fly over the circle route. Such is the solemn truth, as our highest military authorities vouch for it.

Less than 50 miles from Sault Ste. Marie an important political assemblage was held in September. Governors and congressmen adopted a "Mackinac Charter," pledging post-war cooperation with this country in keeping the peace.

A military alliance with the British was endorsed by Michigan's Thomas E. Dewey and Clarence Budington Kelland. Wendell L. Willkie is for it, and so is Rep. Clare Booth Luce. Winston Churchill assures the absence of partisan opposition in England, and Secretary of State Cordell Hull goes on the radio to confirm official consideration here of such an agreement.

In the House of Representatives at Washington 29 men voted against the Fulbright resolution favoring international machinery to preserve the peace. Five of these men were from Michigan. They came from both parties.

As the casualty lists grow longer, splashing our silver stars with gold, what will we think and do? Will we return to nationalism and its renunciation of world responsibility for winning the peace?

As one Michigan newspaper editor forecast gloomily in an editorial a few days ago, death sentence is being pronounced today on the grandsons of Michigan grandfathers—those kids who are just entering kindergarten or first grades—who will surely die in World War III if history repeats itself and the judgment of that German general staff officer, back in 1915, again becomes the pattern of tomorrow's interlude which we may call peace.

We wonder what those Holly boys—Donald Hulet and Robert Bravender and Allan McDaniel—would want us to do.

We, the people, must give them an answer. There is no escape.

## NUTRITION TIPS

The Washtenaw County Nutrition Committee reminds us that every bit of fat that comes into our kitchens can be used—in cooking, baking, and to contribute our share to fat salvage. This is the housewife's means of furnishing food for the home front and explosives for the battle front.

Of course, we like the flavor of butter, but if it will help win the war we will be glad to do without it for the duration. We can get all the fats we need and all the vitamin A we need, even though they may not come wrapped in the same packages.

We need fats in our diet for energy and heat. Weight for weight, fat supplies twice as much body fuel as any other food. Bacon fat, meat drippings, fat fish, chicken fat and vegetable fats are all good for use in cooking; if they have not been allowed to get stale or rancid. If we make use of all we have we can maintain health standards and save a tablespoon of fat a day for salvage as well. The vitamin A that we find in butter and enriched margarine can be supplied by eating more green and yellow vegetables and fruits: carrots, squash, green peppers and others.

It does not matter what we have been accustomed to use. Now is the time to try out new recipes and new flavors in our kitchens. Did you ever use chicken fat for baking, or rendered beef fat or bacon dripping? Here are some recipes for making use of leftover fats that you will find practical: Wartime Biscuits With Chicken Fat

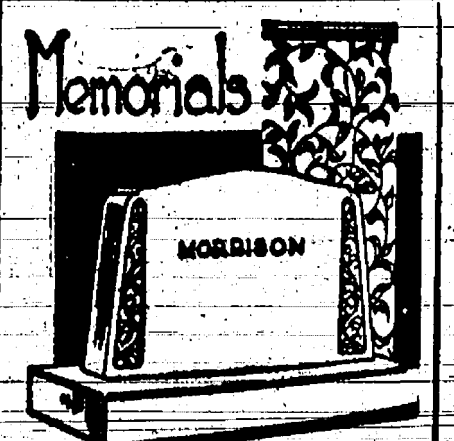

2 cups sifted, enriched flour,  
1 t. salt,  
3 t. baking powder,  
2 t. chicken fat.

3-4 to 1 cup milk.  
Sift dry ingredients together and mix in fat, stir in milk to make soft dough. Drop by spoonfuls onto a baking sheet and bake in a hot oven (425 degrees F.) for about 15 minutes or until lightly browned. This recipe makes about 12 biscuits. The fat may be reduced to one tablespoon in this recipe, but the above makes a crispier and less tender biscuit.

Acorn or Pepper Squash  
Cut in half, remove seeds and pulp. Season with salt and butter. Spread the fat over the yellow surface. It will keep the squash from drying as well as season it. Bake at 400 degrees F. until tender.

Patriotic Piecrust  
5 T. home rendered poultry, bacon or meat fat,  
2 1/2 to 4 T. water,  
1 1/2 cups sifted enriched flour,  
1 t. salt.

Work fat into sifted flour and salt with finger tips or fork until mixture is granular. Sprinkle some of the water over the mixture, combining each dampened part into a dough. Add more water sparingly until mixture is a stiff dough. Divide the dough in half to make two crusts and roll on a lightly floured board. If you use rendered beef or other hard fat, cut it thoroughly into the flour and warm the water before you add it, to soften the fat. Use 6 tablespoons of a hard fat in the above recipe.

BUY WAR BONDS AND STAMPS

## "We Are Buying War Bonds—Are You?"

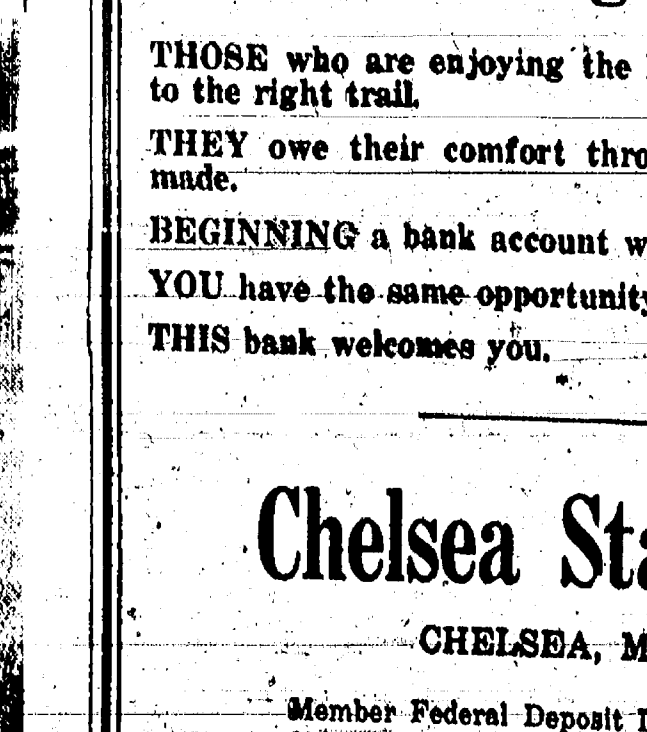

Sgt. Carl Funk, 26, Cincinnati, lost his right eye and sustained a fractured left knee in Sicily. He has been buying War Bonds regularly. He will return to civil life as soon as he is discharged from Halloran Hospital, N. Y.

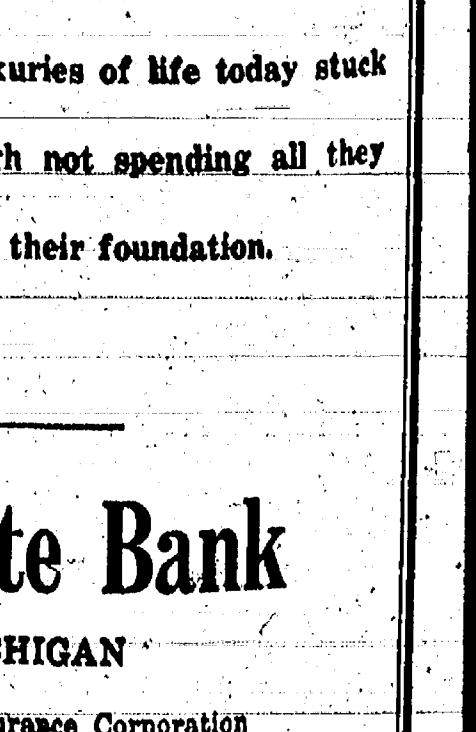

Pvt. Irwin Levinson, Baltimore, was struck by a champagne bottle in the left shoulder at Palermo. The fingers of his left hand are paralyzed. When his father asked if he needed anything, his father replied: "Buy War Bonds." His father bought \$1,000 worth.

Pvt. Thomas Bellarossa, Trenton, N. J., 18th Infantry Regiment, was wounded by shrapnel at El Gualier, Africa, and now must wear a special brace for his left knee. He won the Purple Heart. He buys War Bonds regularly and urges you to.

Pvt. Donat Carlier, Derry, N. H., suffered a fracture of the leg above the knee in Sicily when struck by an 88 mm. shell. He was held prisoner for two days by the Germans, traveling in a tank. He is a regular purchaser of War Bonds.

Pvt. William E. Morris, Long Beach, Cal., is above draft age but has seen three years of service. He lost his left leg below the knee in Tunisia. He wears the Purple Heart and Good Conduct Ribbon and continues his War Bond purchases.

## Draft Delinquents Must Report Or Be Inducted

Michigan's 3284 draft delinquents have until November 1 to report to their local boards and clear their delinquency status or be ordered for induction immediately after that date without further consideration of their cases, it was announced by Brig. Gen. LeRoy Pearson, state Selective Service director, as revised delinquency regulations were issued to local boards.

With 47,457 delinquency cases pending before the Department of Justice throughout the nation, the continuing manpower demands of the war effort make it imperative that Selective Service delinquents be handled more quickly and efficiently than heretofore. The policy which becomes effective Nov. 1 will make available promptly for service in the armed forces or for prosecution every person acceptable to the armed forces who knowingly becomes a delinquent.

The new regulations prescribe that all violators of Selective Service requirements in the age group 18 through 44 will be immediately classified into a class available for service after Nov. 1. Delinquents aged 18 through 37 will then be ordered to report for induction without further delay. If the delinquent fails to comply with such order, his case will be turned over to the U. S. Attorney for prosecution.

Authority is now granted to local boards to proceed with the classification of a delinquent without the aid of his questionnaire or other documents which he fails to file with a local board in the time permitted.

Authority is also provided for the registration of a non-registrant delinquent and his classification and induction by any local board before which he is brought or to which he reports.

A delinquent registrant ordered to report for induction may be inducted by any local board to which he reports or before which he is brought by law enforcement agencies.

Lt. Col. George C. Moran, state headquarters administrative officer, has been appointed by General Pearson to supervise the program in Michigan. He will coordinate the Selective Service work with that of the Department of Justice, cooperating with the U. S. Attorneys John C. Lehr in the Eastern Michigan district and Joseph Deeb in Western Michigan.

Of the 3284 registrants currently delinquent in Michigan, 2128 have been reported from the Wayne county area. It is expected that the new program will result in a general reduction in delinquencies after Nov. 1.

Every effort is being made by local boards prior to that date to clear up those cases where registrants unknowingly have committed violations of the Selective Service rules. All boards have been instructed to release to the press each month a list of their delinquent registrants.

**France's Empire Huge**

Esther L. Thelen, Plaintiff,  
vs.

Willard H. Thelen, Defendant.

At a session of said Court held at the Court House in the City of Ann Arbor on the 12th day of October, 1943.

Present: Honorable George W. Sample, Circuit Judge.

In the above cause it appearing by affidavit on file that the defendant, Willard H. Thelen, is a resident of the State of Michigan, and that a summons to appear and answer has been duly issued in this cause but could not be served upon the said Willard H. Thelen by reason of his continued absence from his place of residence, and from the State of Michigan.

On motion of Jacob F. Fahrner, Attorney for plaintiff, it is ordered that the appearance of the said defendant, Willard H. Thelen, be entered in this cause within three months from the date of this order; and that in case of his appearance that he cause his answer to the bill of complaint to be filed and a copy thereof served upon the attorney for the plaintiff within fifteen days after service on him or his attorney of a copy of the said bill, and in default thereof that said bill be taken as confessed by the said defendant, Willard H. Thelen.

And it is further ordered, that the said plaintiff cause this order to be published in the Chelsea Standard, a newspaper printed, published and circulating in said county, and that such publication be commenced within forty days from the date of this order, and that such publication be continued therein once in each week for six weeks in succession, or that the said plaintiff cause a copy of this order to be personally served on the said defendant, Willard H. Thelen, either personally or by registered mail at least twenty days before the time above prescribed for his appearance.

## NEWS BEHIND THE NEWS

By PAUL MALLON

Released by Western Newspaper Union.

## NEW TAX PLANS

PRESENT SERIOUS PROBLEMS

WASHINGTON.—How the average man will be able to pay a 30 per cent withholding tax, put the customary 10 per cent into government bonds, and live on 60 per cent of his earnings or less, is the main stumbling block to the tax problem which the treasury is pushing off upon congress.

In some instances, as with government workers, an additional 5 per cent goes to retirement, meaning that a single worker earning \$50 a week would have to pay out \$18.00 a week in taxes and live on \$32.00 (allowing for the \$12 a week basic withholding tax exemption).

Wages have gone up, it is true. The official estimate of average weekly earnings (War Labor board) is up 10.7 per cent from September, 1942, to May, 1943. But the post of living is officially calculated to have increased 5.2 per cent in the same period.

National statistics never accurately portray anything more than a cold generalization. Most people think the cost of living, for instance, is up much more than the official estimate, which is weighted perhaps with many things they do not buy and cannot get these days.

Also, the wages of many war worker groups are up much more than 10.7 per cent while those of professional, clerical and white collar classes are probably not increased that much.

But officials say there is approximately \$9 billion dollars of surplus money in circulation in the United States, and it wants to reach that reservoir of funds. The money, of course, is being spent, in banks, business and pocketbooks.

There is no taxation method by which it can be extracted directly, because of the unevenness of its distribution.

In the face of this situation, it is obvious that the treasury tax program will be viewed in congress as a rather theoretical ambition. No one there thinks anything like 10 billion more in money can be raised. It is likely that the bill if finally enacted, will be less than half of the requested amount.

**HOW ABOUT SALES TAX?**  
There is one way in which a large amount of new money could be brought in, from the surplus cash reservoir, but it has not much backing. This method, of course, is the sales tax.

Mr. Roosevelt has always shared the common liberal viewpoint that such a tax lays more heavily on the poor than the rich. The fact is it now would catch those who have the money and are spending it.

In normal times, the liberal argument has a better foundation, but in these days when the surplus money is largely in the hands of war workers, the liberal position seems to me to be antiquated. However, in view of Mr. Roosevelt's opposition, it cannot be enacted.

Clearly, the present income, corporation and excise taxes are near the workable endurance limit. You read and hear some liberal and union claims continually that corporations are making big war profits, but these again the national averages are somewhat misleading. The big war producers like United States Steel, General Motors and others are making less.

Contract renegotiation is cutting still further into war plants income. The national over-all figure is bulged by such sensational increases as those of the railroads, for instance, which are making more money than ever in history.

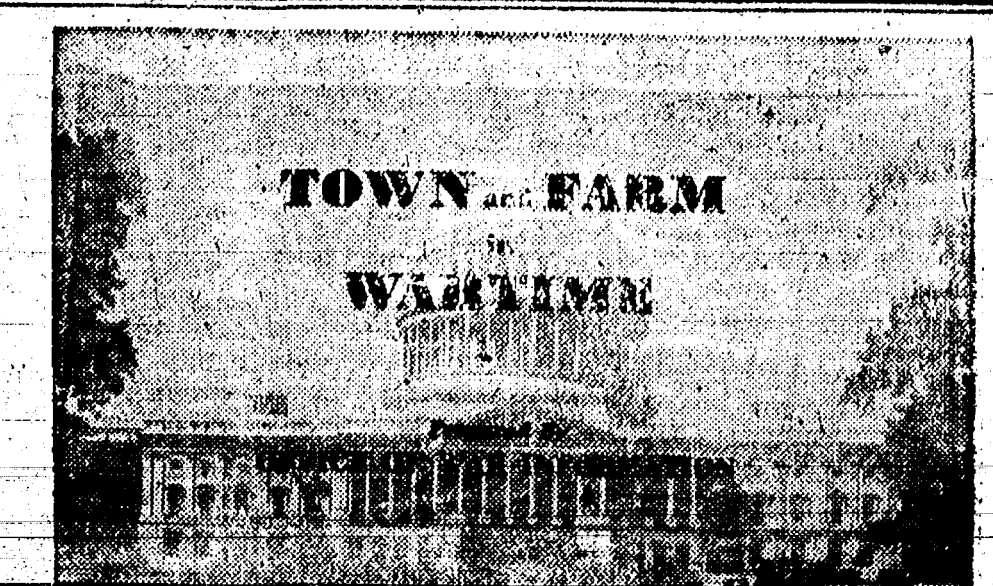

Consequently, it would not be surprising if congress failed in the end to enact any tax bill at all.

**IS LABOR DRAFT BILL DYING ON THE VINE?**  
The Austin-Wadsworth compulsory labor draft bill is dying on the vine. The only one who could possibly revive it and put it through is Mr. Roosevelt. His persistent silence has discouraged the backers of the legislation. They now know they cannot get the measure out of either the house, or the senate military affairs committee even as far as the senate floor for public discussion.

The only administration authorities who have forcefully advocated the measure are War Secretary Stimson and his assistant, Patterson. Congressmen have heard rumors that at one time the entire Roosevelt cabinet wanted the bill, but apparently not now.

**WAVES STAY AT HOME**  
The senate naval affairs committee killed the provision permitting WAVES to go overseas, largely on the private recommendation of some naval officers.

The committee members made some personal investigations of the WAVES organization during their recent vacation travels, and brought back splendid reports. However, to transport them overseas would involve complications of housing which probably would cost more than their transportation would be worth.

## RATION REMINDER

Gasoline—In states outside the east coast area A-8 coupons are now good through January 3.

Sugar—Stamp No. 14 good for 5 pounds through November 1. Stamp No. 29 in Book Four becomes good November 1, and will be good for 5 pounds through January 15, 1944.

Stamps No. 15 and 16 good for 5 pounds each for home canning through October 31.

Shoes—Stamp No. 18 good for one pair. Stamp No. 1 on the "Airplane" sheet in War Ration Book Three becomes good for one pair November 1.

Meats—Fats—Brown stamps C, D, E, and F good through October 30. Brown stamps G, now good, expire December 4. Brown stamp H becomes good October 31 and remains good through December 4.

Processed Foods—Blue stamps X, Y, and Z good through November 20. Green stamps A, B, and C in Book Four become good November 1 and remain good through December 20.

**To Provide More Soap**  
An increase of about 9 per cent in the nation's soap supply, without using additional fats and oil, is expected under adjusted soap formulas recently prescribed by the War Food Administration. The formulas call for a larger use of domestic non-fat materials, principally rosin, as a substitute for fats.

**Buy Higher Analysis Fertilizers**  
Farmers purchasing mixed fertilizer can save money and at the same time contribute substantially to the war effort by buying higher analysis fertilizers, according to War Food Administration officials. Higher analysis fertilizers will cost more per 100 pounds than those of lower plant food content, but the cost per pound of plant food is lower. To help the fertilizer distribution program, farmers should apply for fertilizer needed for fall and next spring as soon as possible and take delivery of it during the fall and winter months.

**Get Points To Send Food Overseas**  
Persons who wish to send a package of rationed food overseas may get the necessary points by applying to OPA. Those who wish to have the dealer from whom the food is bought arrange for shipment, may make the purchase without giving up ration stamps, since OPA will replace the point value of the foods the dealer exports. When extra ration points are issued, a copy of the Export Declaration or a Certificate of Mailing must be turned over to the OPA office which granted the points.

**To Produce More Household Goods**  
Increased production of cast iron skillets, kettles, Dutch ovens, and flat irons for household, institution, commercial, and other uses is permitted under a recent revision of WPR Order L-30-C.

**To Collect Old Clothing, Rags**  
A nation-wide collection campaign for discarded clothing, used fabrics, and rags is being planned to meet heavy industrial and military requirements for wiping cloths, according to WPA. Officials emphasized that they do not want clothes that the owner will wear again or can use. The discarded clothing also can be used for local relief and relief and rehabilitation purposes abroad. Materials collected will be separated and classified for best possible use. It is expected

that the collection program will be handled by individual states and communities.

**Urges Farmers To Collect Scrap**  
In support of the all-out "Victory Scrap Bank" drive to collect iron and steel scrap, Marvin Jones, War Food Administrator, has urged farmers to comb their farms for all possible scrap. Pointing out that next to industry, the greatest source of heavy scrap is the American farm, Mr. Jones said: "American farmers are doing the greatest food production job in history. However, if we are to insure ample steel for wartime production, millions of tons of scrap iron and steel must come from our farms in the next six weeks."

**Report On Third War Loan**  
Final figures for the Third War Loan showed \$18,943,000,000 worth of bonds sold. Under Secretary of the Treasury, Daniel W. Bell, reported recently. Sales to individuals, the first objective of the drive, exceeded the five billion dollar quota by 377 million dollars.

**Grow Goldenrod for Rubber**

**CAN VITAMINS CHANGE GRAY HAIR?**

Read the amazing experience of gray-haired people in Calcium Panthoteate tests sponsored by Good Housekeeping magazine.

According to this report:

Age—did not seem to affect results. The earliest change occurred in a 50 year old; the latest in a 23 year old.

Color—began to appear near the roots of the hair. The color may not appear over the head at the same time. Symmetrical areas, perhaps on the temples or the back of the head, may show traces of color first, after which the rest will spread to other parts of the head.
