Large Crowd Attends Halloween Festivities

A crowd estimated at almost one thousand people attended the annual Kiddle's Halloween party at the public school last Friday evening.

The affair opened with a huge parade in which several hundred children in costume participated. To add a military touch and also provide additional interest for the kiddies, two armored scout cars from Camp Waterloo were entered in the parade. Upon their return from the parade the youngsters, joined by their parents and other grown-ups, gathered around a huge bonfire on the school grounds and were served elder and donuts by members of the Kiwanis club, sponsors of the event.

By this time the children were ready for the program in the auditorium, which was packed to capacity to enjoy the thrilling tricks of Ward, the Magician, followed by several reels of moving pictures.

The Kiwanis club regrets that they were unable to provide noisemakers for the occasion, but such articles are another war casualty, and the party was apparently enjoyed without the usual noise.

Prizes were awarded for costumes in three groups, with first prize being \$3.00 in war stamps, second, \$2.00, and third, \$1.00. Mary McDonald, Henry H. Fenn and Mabel W. Fox were the judges, and the following received the prizes:

Most original costumes—(1) Mr. Cornstalk, Reuben Lesser, Jr.; (2) Mr. Modern Cannibal, Donald Pearson; (3) Boy with a Hustle, Frank Robards.

Neatest costumes—(1) Lady with a Long Dress, Sandra Baldwin; (2) King Cross Nurse, Louise Walz; (3) Dutch Couple, Sara Lynn Cook and Irvin Knickerbocker.

Spookiest costumes—(1) Frankenstein Monster, Ronald Gentry; (2) Scarycrow, Jimmy Sauer; (3) Ghost, Triscilla Hopp.

None of these were "ready-made" or "purchased" costumes.

Community Sing Will Be Held Wednesday

The second in a series of community singings will be held in the gymnasium of the Chelsea public school at eight o'clock on the evening of Wednesday, November 10, with the children of the seventh grade acting as sponsors. Paul (Jerry) Niehaus will act as Master of Ceremonies, and the accompaniment will be supplied by Mrs. Niehaus.

Admission is really free, as the only price is the purchase of at least one defense stamp, which the purchaser keeps.

Songs to be used fall into all classifications—patriotic, popular, sacred, comic, and just plain silly, as well as the "old songs" which have become standard favorites.

Everyone who likes to sing, or who likes to hear others sing, is sincerely invited to attend. Those who attended the first singing enjoyed themselves sufficiently so that they voted to have another meeting. Others may like to enjoy the affair. The seventh graders ask you to "please come!"

ANNUAL FAIR AND CAFETERIA SUPPER

At The Methodist Church
The Annual Fair and Supper will be sponsored by the women of the Woman's Society of Christian Service on Friday evening, Nov. 5. The supper will be served from 5 p. m. until all are served.

The menu will be as follows: Roast Beef, Chicken Pie, Salmon, Casserole, Baked Beans, Macaroni and Cheese, Mashed Potatoes, Squash, Rutabagas, Cold Slaw, Head Lettuce Salad, Pies, Cake, Ice Cream, Coffee.

Plan to buy your Christmas gifts at the Fair. You will find children's garments, kitchen articles, toys, linens, plants and many other practical and pretty articles for sale.

Free movies will be shown in the church auditorium at 7 p. m. These will be on South America and will be presented by Mr. Walter Harper.

Don't miss this delightful evening, Friday, November 5.

ATTEND DISTRICT MEETING

Mr. and Mrs. E. W. Eaton, Mr. and Mrs. Paul C. Maroney, Mr. and Mrs. Julius Biele, Mr. and Mrs. Lyle Christwell and Mr. and Mrs. Edward Frymuth and daughter Rowena attended the Second District meeting of the American Legion and Auxiliary, which was held on Sunday in the high school building, Ypsilanti.

BANNS PUBLISHED
The banns of marriage of Mary Jane Doll, daughter of Mr. and Mrs. Albert Doll, and Sgt. Albert E. Joergens of Orlando, Fla., son of Mr. and Mrs. Joseph Joergens of Lima township, were published Sunday at St. Mary's church.

News and Views of Chelsea Men In The Armed Forces

NOTE—With this issue we are starting this department devoted to Chelsea's men who are in the armed services. We solicit contributions from service men in camps or overseas, as well as from parents or relatives who can give us news of interest about advancement or activities of the service men.

Donald Houle Writes
Camp Peary, Va., Oct. 26, 1943.
The Chelsea Standard,
Chelsea, Michigan.

Dear Sirs:
Since I have been in the service of the U. S. Naval Construction Training Center in Camp Peary, Williamsburg, Virginia, I have found out for myself what we boys in the service are fighting for.

Sometimes a fellow gets down in the dumps, sort of a down and out feeling; anyone does, I believe. But a little thinking in the right way sets a fellow back on his feet. That's what Americans do; we have a lot to be thankful for.

Did you ever stop to think why we are in this scrap? I think we service men know the reason. We want to live our life unmolested by Japs or Germans. We want to go back in the woods and throw a line in the creek and pull out a beautiful speckled trout, or we want to hunt rabbits during hunting season and not turn the game over to Hitler. We want to jump off that old spring board by our house in the country or sit on the porch with our sister, brother, father and mother. We want to read the newspapers and listen to radio programs, any of them, not only those that Hitler says we can have.

Or maybe we'll want to take our kids by the hand and show them our boyhood playgrounds or take them to a football or basketball game where competitive sports are played in fun. Or perhaps we'll want to drive our own car for pleasure—not an armored one.

We'll want to get our wife and kids in a circle and tell them how we helped win this big fight.

That's why we're in this scrap, with God Almighty. Doesn't that make we Americans stand up on our two feet and take anything that comes that will help win this war?

Sincerely yours,
Donald Houle, F-1C.

Slackers Assailed

Pvt. Joe Hale, son of Mr. and Mrs. Vincent Hale of Chelsea, who is stationed at San Diego, Calif., sent a clipping from a West Coast newspaper which includes a letter from a veteran of the South Pacific. After 18 months of service this man has a

medical discharge because one leg is gone and one eye has practically no vision.

He had a home, a business, and a girl to whom he was engaged when he went into the war. He sold the business. When he came home, he found his mother had died in his absence. His sweetheart had not only married another man but confessed to an immoral life.

"But I am not crying in my beer about my personal sorrows," he writes. "I am just wondering when the U. S. A. is going to wake up."

"Are people crazy, thinking we are winning the war, that it is to be over in a few months? People still go joy-riding, still get drunk Saturday nights, still spend money recklessly. Transportation, coal and factory strikes, seem to be the order of the day. Women have gone khaki-wacky. Draft boards are taking older men with families while pool halls and beer joints are still full of loafers, slackers and so-called defense workers."

"They are drafting actual defense workers, men vitally needed, skilled workers."

"We hear everywhere that there is a labor shortage, but you can't get a job if you have no experience, or if you can't pass the physical examinations. There are lots of things I could do in spite of my handicaps, but nobody wants me."

"It is true we are producing munitions, guns, tanks, planes, etc., in large quantities. I want it put in capital letters that WE ARE NOT PRODUCING ONE HALF OF WHAT WE NEED TO FIGHT THIS WAR IF WE ARE GOING TO WIN."

"There is too much red tape. It takes too long for materials to get to the front."

"People say we are winning the war, but at what a cost."

"You haven't seen the wrecked and destroyed equipment, costing thousands of dollars, every day like I have. You haven't seen all the dead soldiers. Guys with their legs and arms and heads blown off or their guts blown out. Guys like you and me who once lived and hoped and worked for something. Men burned and bombed beyond recognition. Kids still in their early twenties, kids that never had a real chance at living, who will never be coming back."

"After being discharged from the army hospital, I tried to get a job in a defense plant. They won't have me. No one will take me."

"I have a medal, a citation for bravery. What does that count? My life is over. I am not griping for myself, but for all those boys out there who won't be coming back and for all those who will, and will have to face what I am facing."

F.F.A. Club Plans For 1944 Victory Gardens

The Chelsea F.F.A. club has already started to make plans for its 1944 Victory Garden program. The experience gained during the past two years will be very valuable in correcting some mistakes that have been made and in expanding certain activities.

The greatest need is for a school vegetable garden of several acres that will produce large quantities of food. It will be cared for from planting to harvest by F.F.A. members.

Anyone having suitable garden land for rent is asked to contact any member of the club, or Marshall Richards, their adviser.

Last year there was a serious shortage of tomato and cabbage plants. If greenhouse or hot-bed facilities can be obtained the club will plan to produce a quantity of these plants.

John P. Keusch Called To Active Naval Duty

John P. Keusch, who received his commission as Lieutenant (J.G.) U. S. N. R. on June 16, was called to active duty on Tuesday, November 2, reporting at U. S. Naval Air Station, Quonset Point, R. I.

The son of Mr. and Mrs. Edwin Keusch, John graduated from St. Mary's school with the class of 1927, and graduated from the University of Michigan Law School in 1933. He has since engaged in the practice of law in Chelsea.

He married Madeleine Boller of Alpena on October 5, 1940, and they have a daughter, Ellen, two years old.

O. E. S. CARD PARTY
Last year Olive Chapter No. 108, O. E. S. held a public card party and auction. Those who attended had a good time so it has been decided to have another on Wednesday evening, November 10, at 8:00 o'clock at the Masonic hall. The public is cordially invited. Card games will be played from 8:00 to 10:00. Lunch will be served at 10:00, followed by the auction. All O. E. S. members please come and bring your friends.

War Fund Chairman Reports On Campaign

A. D. Mayer, local chairman of the United War Fund drive, reports that total pledges reported now total \$57,870.00. This figure is for the village of Chelsea only, as the four townships included in this district have not reported their results in the campaign. The quota for Chelsea, and the townships of Sylvan, Lyndon, Dexter and Lima, is \$7651.00.

Mr. Mayer believes that contributions will exceed the quota when reports are received from all solicitors. It is hoped that the campaign will be completed within the next few days.

DON'T SEND CHECKS OVERSEAS

Don't send a serviceman overseas a check drawn on a bank in the United States. This warning was issued by Mrs. Edwin Engel, home service chairman of the Washtenaw Red Cross chapter. The best way to send money to servicemen abroad is by post office money order, she advised.

American Red Cross workers overseas report that soldiers are constantly asking them to cash checks sent from this country. Cashing them is almost impossible and soldiers receiving such checks find them valueless. On the other hand, post office money orders can be cashed wherever there is an army post office.

NOTICE
Charles Menefee, an attorney with offices at 205 Wolverine Bldg., Ann Arbor, will take over my work. He will be in Chelsea on Monday and Friday afternoons until further notice.

John P. Keusch.

2826 RATION BOOKS ISSUED
There were 2826 Ration Book Four issued at the Chelsea public schools last week. The school wishes to thank all the people who volunteered their services during the rationing.

How To Have Good Government

By RUTH TAYLOR

The responsibility for good government in a democracy rests upon all of us who are citizens—that is, directly upon you and me. We are the ones who make the choice. We are free people who select our own candidates. If they are bad, we have no alibi, for we chose them. If they are good, we can take the credit.

The choice of our leaders is our responsibility. We must not elect a mediocre man because we like him, or because he feels entitled to the job. We have done that too often in the past, at too high a price. We must select our candidates not from the bias of party, but on the basis of past record, ability and character.

But we must not only select. We must be willing to act. The express obligation of all men is to exercise their right of franchise. Furthermore, we must be willing to serve. If able men say they are "too busy" to run for local offices they have only themselves to blame if they find themselves the incumbents at whom they rail because of their inefficiency.

Popular government can only be maintained if the people are able to govern themselves. This is a republic consecrated to the ideals of democracy, not a master state. Any attempt of the state to rule would mean the death of the nation.

The men of our choice must like the prophets of old, be capable of inspiration, leadership in times of peace and in times of crisis alike. "We must," according to the words of the prayer book, "make choice of wise legislators, who, soberly and faithfully, shall, with a godly spirit, may enact things just and wise and merciful."

ful for the benefit of all people." They must be men whom we can trust—so that we can confidently follow them. There has been too much pleading and not enough leading in government.

Great is the need for leaders. Great is the need for men of vision who can face facts with courage, see things realistically, state truths honestly, accept responsibility humbly—and never lose sight of the unalterable ideal upon which this nation was built—a government of the people, by the people, and for the people.

"O Thou, who didst touch the prophets' lips with fire, send us Thy prophets for our dreadful days."

10,000,000

FIGHTERS' VOTES

There are going to be about 10,000,000 in the fighting services.

Whoever controls those votes should win the next election. While there has been no public discussion of this most important matter, the forward-looking men in the political business here have been devoting thought to it.

Coming forward now with a complete plan of how to do it, is Senator Theodore Francis Green, Democrat of Rhode Island, whose autobiography reveals him both as an instructor in Roman law at Brown university back in 1941-42, and a delegate to all Democratic national conventions since 1912.

Mr. Green dropped a bill into the senate committee on privileges and elections last week to provide for gathering our fighters' ballots, but which inadvertently disclosed the extent to which he, as a Democrat, would like to capture them.

All in very high-toned legal language and fair-sounding words, is his trick bill. He would have the voting conducted by five commissioners to be appointed by the President, with senatorial confirmation, saying "at least two shall be Democrats and at least two shall be Republicans." This would simply allow the President to select three New Dealers and two Republicans or, say, the Winant school of New Deal thought, to conduct the election.

To help them in their work, the Green bill would destroy all state rules for qualifications of voters as to age, eligibility, registration and poll taxes.

Not only fighters would be allowed to vote illegally but also all civilian employees of the government away from home, mostly political appointees of course. The Merchant Marine Communist suspect, is also especially mentioned as being allowed these extra-legal rights.

Indeed, the bill throughout gives "other branches of government," the right to manage and collect votes of all non-military men, beyond army or navy jurisdiction. (The government politicians thus managing their own re-elections.)

Source of information: The war and navy secretaries are alone to furnish the fighters "information as to candidates." Messrs. Stimson and Knox are particular types of Republicans in this Democratic cabinet who will not be in the Republican cabinet if Republicans win the next election. No provision is made for any opposition political factions of this country to submit their cases to soldiers.

Other details of the proposal reveal an equally elephantine insensitivity to any semblance of political justice generally associated with elections, in laws and theories at least.

Now everyone knows 10,000,000 fighters must be allowed to vote; also the Merchant Marine and government officials in various parts of the world. But a fair presentation of the political alternatives and a just collection of the ballots must be offered.

The governing commission may contain two Republicans and two Democrats, but should be chairmaned by some nonpolitical legal personality such as the chief justice of the supreme court.

The ballots must be cast under the state election laws in order to be legal. Local election agencies should mail out ballots to the men in the armed services and the votes should be cast by mailing back the marked ballots to the local officials. Opportunities to qualify should be offered by mail by local authorities.

The names of eligibles could be obtained from draft boards and the war department could furnish addresses, in accordance with recognized absentee ballot procedures in most of the states. In states having no absentee ballot system, special state laws should be passed or regulations adopted to allow soldiers to vote.

Information as to candidates should be presented by both sides to the controversy, the Republican and Democratic candidates. They should have equal radio time, equal space in any OWI political propaganda, and allowed equal quantities of printed material. Any election gained under the circumstances which the Green bill provides would not be worth much to the winner if he be in the party Mr. Green represents. Such an election would only further destroy faith.

ABOUT TAXES

In truth, the great bulk of wartime increases is going to what was formerly the lowest income groups. The incomes that have doubled and trebled are those of certain war workers, the lowest skilled and unskilled labor, the carpenter, etc., and special groups of labor.

There is one way, only one, by which these swollen war incomes could be trapped. The people who have the money are spending it. A sales tax would certainly reach them.

By GENE ALLEMAN

Governor Kelly's 1942 campaign pledge of a soldier's bonus is currently spotlighting Michigan's post-war employment problem.

Like the side show to the main tent, the question of providing compensation for veterans of World War II is linked inevitably to the big problem of absorbing Michigan's augmented industrial army of war workers into peace-time production. The Michigan unemployment compensation commission recently announced, following a statewide survey, that 350,000 persons had been added to industrial payrolls since April, 1940.

Approximately 400,000 Michigan men and women have joined the armed forces.

Thus, it is apparent that the heaviest unemployment load ever experienced in Michigan will accompany the re-conversion of Michigan industrial facilities to normal production at the close of the war. From July, 1937 to March, 1938, the rate of increase in Michigan unemployment was 301 per cent—five times greater than the rate for the country as a whole. Just as sure as night follows day, Michigan is due for the worst unemployment slump in its long history when our two-oceans wars come to an end.

Records of World War I show that 175,329 Michigan citizens served in armed forces. Of this number, 4,295 died in the service.

In 1921 the State of Michigan, by referendum of the voters, issued \$30,000,000 in bonds to provide a "bonus" to returning veterans. State records show payments were made to approximately 166,000 individuals, or an average of \$180 per veteran, although some of the men received as much as \$300 to \$400 because of length of their military service.

Records of World War II show that slightly more than 400,000 Michigan men and women are in armed services today. If the war continues several years and replacements are required annually by the army and navy, state officials estimate today our military rolls may reach 500,000.

On the basis of 400,000 veterans, a World War II "bonus" would involve an expenditure of \$72,000,000; a half million veterans, \$36,000,000—just three times the bond issue of 1921. Incidentally, the last bonus bonds will be paid off in 1944—just in time, perhaps, for another war's compensation.

It has never been the belief of Governor Kelly that the state of Michigan, through action of the legislature or approval by the people of a special bond issue, should provide post-war compensation to veterans regardless of what the federal government decided to do.

The amount of such compensation has always been contingent, in the mind of the governor, on the decision by Congress as to what the federal government should do. Such action has not been taken to date at Washington.

"If our returning soldiers are forced to wait for several years to receive this token," the governor said in Chicago April 2, 1943, "its point is lost in the time elapsed; its force is spent. That such will happen is a foregone conclusion UNLESS provision is made in the not-too-distant future, with the federal government coming to a point of determination of what its SHARE shall be. It is only after such action is taken that the several states can proceed with plans for ADDITIONAL funds that may be necessary to meet the situation in an adequate manner."

Senator Arthur H. Vandenberg announced last week he would propose creation of a social security advisory committee to study the question of extending unemployment compensation benefits and old age insurance to veterans of World War II.

"As the law now stands," said Senator Vandenberg, "the civilian who stays on his job builds up insurance benefits while the man in uniform does not increase his benefits while he is in the service."

Michigan men and women who were employed prior to their entrance into war service, in work covered by unemployment compensation benefits (those being paid by the employer) will be eligible for payments upon their return home. But many others—boys who are only 18, 19 and 20, for example—will not be eligible to receive these benefits, and it was this inequality which Senator Vandenberg has in mind. Compensation of this type was not available to veterans of World War I. If it is extended to cover all veterans, obviously the federal government must play Santa Claus in footing the bill.

The spectre of long relief lists, new WPA projects, and kindred government doles is not pleasant to contemplate.

And especially so when Michigan is enjoying the greatest prosperity spree in its industrial history. Earnings of the average factory worker in Wayne county (Detroit) are more than double

what they were in 1940. Even after income tax deductions and War Bond purchases (10 per cent), the family income each week is estimated to be 64 per cent above that of 1940, as calculated by the Detroit Board of Commerce.

Nationally, wages have increased from 85.6 cents an hour on Sept. 15, 1942 to 96.3 cents an hour on August, 1943. The hour rate rise has exceeded the rise in the cost of living index, as determined by the U. S. Department of Labor.

If the national administration accedes to demands of organized labor for additional earnings, prices are bound to rise, and further inflation will be inevitable. Washington observers doubt that the administration will resist such pressure at the eye of a 1944 national campaign.

Results of the Detroit mayoralty election, this Tuesday, are bound to be interpreted in various ways. The Grand Rapids Labor News (AFL) said on Oct. 22 that the Detroit primary success of a "genuine union labor candidate" (Frank Fitzgerald) has inspired the CIO in Grand Rapids to sponsor its own slate of municipal candidates.

With the National War Labor Board favoring check-off of union dues from workers' paychecks, organized labor has plenty of funds to spend. Unions are in proverbial clover. The CIO in Detroit contributed \$30,000 to the Fitzgerald chest.

Unfortunately or otherwise, labor is not united. Last year the CIO tried to go all-out for Van Wagoner while the AFL leaned heavily toward Kelly. Nationally today the AFL is reported to be deserting the Roosevelt bandwagon, while the CIO is still loyally plumping for a fourth term.

Yet the trend continues: Labor is not likely to lose its legislative benefits regardless of whom the American people elect for president in 1944. Recent utterances of Willkie and Dewey, for example, indicate this beyond a question. Labor may be checked locally by the voters when irresponsibility of leadership is evidenced, but it is here to stay.

Seed to Grain

Alfalfa fields that have suffered severe winter-killing should be seeded to small grain or used for a cultivated crop for two or three years before being seeded again to alfalfa. This will give the soil a chance to get into condition for putting in another crop of alfalfa. In no case should an attempt be made to patch up old fields by reseeding winter-killed areas.

Cut Machine Gun Cost

The .50 caliber aircraft machine gun, which used to cost \$1,000, is now produced for \$400.

Patching Spots in Floors
Unless the patching is very carefully done, a more uniform and satisfactory effect in restoring the finish on small portions of the floor is obtained by refinishing entire floor boards, instead of just spots. All old wax should be thoroughly removed with turpentine, mineral spirits or other effective solvents and two thin coats of the original finish applied to the wood, with sanding between coats.

Determines Weather

Weather in the northern half of the United States is largely determined by the great low pressure atmospheric area south of the Aleutians.

Hint in Ice Making
Manufactured ice has a tendency to crack and shatter if frozen to too low a temperature. This difficulty is eliminated if free carbon dioxide is introduced into the water being frozen.

Meat Production in U. S.
The estimated production of meat in this country last year was 22 billion pounds, or 6½ billion pounds more than was produced during the average year of World War I.

Dutch Live on Land
One-fifth of the people of Holland earn their living on the land, mostly on small farms of less than 50 acres.

When he's ready
to "turn in"
his shovel

* Someday, those lads of ours over there are going to "spade under" the last hope of the Axis. Then, they'll be home, expecting to enjoy the comforts of home... and deserving them.

It's going to be what seems the small things that give them the biggest kick. Things like getting out to the trout stream again. Like going to the ball game. Like a pleasant poker session in the recreation room where just a glance at the automatic gas heating unit is a gratifying reminder that shoveling days at home are over, too.

If yours is one of the homes fortunate enough to have gas heating—protect your investment by having the equipment serviced when necessary. If you have not yet enjoyed the comfort, convenience, cleanliness and economy that gas heating can bring into your home, make up your mind now to install gas equipment as soon as the war is done.

Do it for yourself, your family, and for the boy who'll be coming back to his comfy slippers, his easy chair... and to "turn in" his shovel for good and all.

By action of the owners of about 80 per cent of the stock of the Chelsea Steel Ball Co., the entire plant and real estate of the concern was absorbed by the Hoover Steel Ball Co. of Ann Arbor. Through the terms of the purchase the Hoover Co. is given immediate possession.

Fred Hall, Jr., had a very narrow escape when the Michigan Portland Cement company's auto which he was driving was overturned at the culvert west of the Alvin Baldwin residence. There was a dense fog and the ma-

chine struck the north railing of the culvert, turned over and landed at the foot of the embankment, and the young man was caught under it. His right forearm was broken and he was badly bruised. He freed himself from the wreck, but it was nearly an hour and a half after the accident before he was discovered and brought to Chelsea.

Adam Eppler, who has conducted a meat market in Chelsea for twenty-seven years, has sold his market to Fred G. Loeffler and Herbert Roy, both of whom are well known to residents here. Mr. Eppler retains the buildings used in connection with the business. Messrs. Loeffler and Roy will

take possession of the business Monday, November 10. Both men are at present employed by E. C. Klingler and have had considerable experience in the meat business.

Friends and relatives of Jas. W. Speer were entertained at his home on Railroad street Friday evening at a 6:00 o'clock dinner. The event was in honor of the sixty-eighth anniversary of his birth. Mr. Speer has been an employee of the Michigan Central railroad for forty-four years.

Miss Minnie Allyn has resigned her position as teacher of the fifth grade of the Chelsea schools, and Mrs. Ford Axtell has taken her place. Mrs. Mary-Degew has been engaged to fill

vacancy in the first grade, caused by the resignation of Mrs. Nellie BeGole.

John J. Rafferty returned to Chelsea last Saturday from a three-months trip through the West, visiting many interesting points on the Pacific coast.

Justice Witherell's court was kept busy Wednesday afternoon by the case of Wackenhut vs. Cerewin. M. J. Wackenhut claimed Cerewin sold him mixed onion seed, claiming them to be pure. The jury brought in a verdict of no cause for action.

Peter Easterle of Sylvan has made arrangements to exchange his 80 acre farm with Detroit parties for a house and lot in that city and a cash consideration of \$2,000.

R. S. Whallan of North Lake lost a work horse Monday. Mr. Whallan drove the horse to town Saturday morning where it was taken with spasmodic colic followed by paralysis.

Charles Kaercher has just completed for G. M. Stephens a very fine wagon, which he will use in his medicine business.

The Stevenson brothers of North Lake have the greatest yield of potatoes about here for over fifty years. They have four men digging and two picking up. There are no small ones and many of them weigh two pounds and over.

The following is taken from the Princess Theatre ad—Pros. Western and Ceddes—The management has been very fortunate in securing Gertrude Ashton in her very sensational and spectacular electrical transformation act. The best and only act of its kind ever seen in Chelsea. Along with this electrical posing act will be sensational motion pictures, "Wilbur Wright's Aeroplane," a colored trick picture, very good. On Friday there will be Serpentine and Butterfly dancing.

Factors in Egg Production

Clean surroundings, well-ventilated houses without draft, abundant supplies of fresh water, and a feed consisting of common grains, supplemented with an equal amount of high protein mash, will result in egg production of from 140 to 200 eggs per hen.

Paper Has Many Uses

Paper is now used in making alarm clock and flashlight cases, clothes hangers, buttons, string, porch chairs, rugs, garbage pails, dustpans, mail boxes, blankets, and many other articles in order to save more essential materials.

Best Sap Producers

Only sugar maple trees that have a live crown of branches at least one-fourth the total height of the tree will produce enough sap to be worth tapping this year.

New Spin Machine Tests

Fuses for Army Shells

The possibility of "duds" being used in artillery barrages is now as remote as the thought of Mussolini leading a triumphant procession through the streets of Washington.

Through its design of a spin test machine that simulates the action of a shell in flight, Willys-Overland motors has destroyed the apprehension of gun crews on every front that they may be unwittingly loading projectiles with defective or non-operating fuses.

The use of the "spinner" at the Toledo war plant, where it was conceived as an assembly-line method of inspecting volume production of fuses for 40-mm. anti-aircraft shells, has reduced rejections from an original figure of 20 per cent to one-tenth of 1 per cent, according to Joseph W. Frazer, president.

At the same time, he disclosed, approximately 150 of these machines are installed in government loading stations and munition plants throughout the country to test millions of different type fuses monthly.

In explaining the operation of the spinner, which weighs 55 pounds, Frazer pointed out that the two army units of a 40-mm. fuse, the firing pin and the rotor assemblies, are designed as safety features that prevent the shell from exploding because of bumps or jars while in storage, transit or handling. As a result, he said, the fuse cannot be detonated until centrifugal force due to the spinning action of the shell as it passes through the rifling of the gun arms both units.

Marine Experiences Four

Seasons in Single Week

Col. James McE. Huey, a retired marine corps officer, is credited with the unusual distinction of having experienced four seasons in less than one week.

The incident occurred in March, 1937, while Colonel Huey was aboard a coastal ship cruising in equatorial waters.

On March 22 the vessel crossed the equator at 1:30 a. m., going from winter in the northern hemisphere to summer in the southern. The sun crossed the equator at 5:30 the same morning, changing the season from summer to fall.

Six days later the ship, traveling northward, crossed the equator again and ran into spring. Ships, it is claimed, rarely are in that particular position during the passage of the equinox.

Cuttings Often Root

Cuttings of green growing branches frequently root within a few hours. Wood of the size of a pencil usually is about right, although larger and smaller pieces are used. Removing all leaves close to the stem except two at the top helps the cutting to get started, and placing three-fourths or more of it under ground helps form a root system.

Light summer pruning of shrubs tends to check growth of twigs and leaves, and aids the plant to form a crop of fruit and flowers for next spring. Pruning should include removal of dead or diseased limbs and the cutting back, not too heavily, of branches which are obstructing other plants, or getting in the way of pathways or windows.

Pruning below ground—if not done too heavily—as well as above ground, also encourages formation of flowers and fruit, Miss Hatfield says. This operation, called root pruning, is performed by sinking a sharp spade into the ground and cutting a portion of the root. This may be done up to July 15. It may be tried on healthy fruit trees and shrubs which do not bloom as freely as they should.

Syrup Improves Juice

Natural fruit flavors are more pronounced when a syrup is made of the crushed fruit or juice, rather than using water. One very good method of preparing the juice is to crush and heat some of the smaller and riper fruit to boiling, using very low heat in order to prevent sticking and scorching. When the juice flows freely, strain and sweeten to taste. This can be cooked with the sugar to make a syrup or added to the fruit unsweetened.

Another point worth remembering when canning fruit with little or no sugar is to preheat the fruit in the juice or syrup. This not only improves the flavor but makes it possible to get more fruit into the jar, which is good wartime economy in glass jars, caps and shelf space. Avoid packing the fruit too tightly, for a good proportion of fruit to juice is desired in the finished product.

Confucius Advocated Spectacles

Confucius, who is reputed by the Chinese to have been the inventor of spectacles, is said to have taken a pair of shoes to a cobbler for resoling (just as American men now take their shoes for tapping after giving their ration coupons to their wives). When Confucius called a few days later the shoes were unfinished. The cobbler and his wife had quarreled and she had thrown red pepper into his face, which had so inflamed his eyes that he could not do his work. Confucius gave the cobbler a pair of spectacles to wear, the legend goes. These not only overcame the effects of the red pepper, but they also cured him of a ailment he previously had.

Mrs. Lewis Lambert and daughter were in Jackson Monday on business. The pupils of our public school enjoyed a Halloween party at the school house Friday evening.

Louis Kalmbach of Detroit spent a day recently with his mother, Mrs. Emma Kalmbach and other relatives. Mary Hartman, 10, was taken to a Jackson hospital last week for treatment.

Walter Bohne, who has been suffering for weeks from blood poisoning, had his index finger amputated last Friday in St. Joseph's hospital, Ann Arbor, where he has been a patient for some time.

Mrs. Raymond Hamill of Grass Lake observed her birthday on October 25 by visiting her mother, Mrs. Bertha Bentler and family. Mrs. Bentler is now able to be up part of the afternoon after a long summer of poor health.

Mrs. Ross Gillette issued ration books No. 4 to the residents of the school district last week. Monday was the only day there was no school.

Mrs. Elmer Sager is home from the hospital in Jackson where she was confined a number of weeks.

Francisco School News

We didn't have school Monday or Friday. Monday, Mrs. Gillette gave out Ration Books, and Friday was Teacher's Institute.

Tuesday night at 7:30 o'clock we had our Halloween party. Most all of us dressed up. Robert Pelton won a prize for his costume.

Mariann Hartman is at Jackson in the hospital.

HOLD COSTUME PARTY

Mrs. J. C. Dreyer and Mrs. Fred C. Klingler were co-hostesses at a Halloween costume party given by the Women's Relief Corps on Monday evening at the home of Mrs. Dreyer. Mrs. Nellie Whitmer was awarded the prize for the most original costume and Mrs. Lyle Christwell for the funniest costume. Bingo furnished the entertainment, the winners receiving prizes. Lunch was served, with covers for 20.

SPECIAL SERVICES

Rev. Wm. Burgess of the Mennonite Brethren in Christ church, Flint, will conduct services at 3:00 on Sunday afternoon and 7:00 o'clock Sunday evening at the public school auditorium.

Waterloo

Choir practice this week Thursday night at the home of Donald Beeman. Bible study this week Tuesday evening at the home of Mrs. Geo. Beeman.

Mr. and Mrs. Harry Hess and daughter spent Sunday at the home of Mr. and Mrs. Zimmerman at Portage Lake.

Mrs. Blair is returning to her home in Florida after spending several weeks with her daughter, Mrs. Schade and family.

Mr. and Mrs. Ezra Moeckel and daughter, and Mrs. Mary Barber were Sunday dinner guests of Mr. and Mrs. Phillip Seitz in Lima.

Mr. and Mrs. John Dykema, Mr. and Mrs. Vern Garfield and son of Jackson spent Sunday with Mr. and Mrs. Leigh Beeman and Mrs. Lizzie Beeman.

Mr. and Mrs. Herbert Stafford of Detroit spent Saturday night and Sunday with his parents, Mr. and Mrs. Dallas Stafford. Mrs. Stafford returned home with them to spend the week.

Mrs. B. J. Austin is helping care for her niece, Mrs. Wm. Woolley, who has returned from Foote hospital in Jackson and is convalescing at the home of her parents, Mr. and Mrs. Walter Veary.

Mrs. F. White entertained the Happy Workers last Wednesday at her home at Sugar Loaf Lake. A delicious pot-luck dinner was served and nine members present. The afternoon was spent in quilting.

Mr. and Mrs. Maurice Walderne of Grass Lake, Mr. and Mrs. Clarence Longstaff of Adrian and Mrs. Milton Barber of Waterloo and Mrs. Grace Kushman of Waterloo and Mrs. Lloyd Harb of Munnith visited Mrs. Jennie Prentice on Sunday.

HONORED AT PARTY

Mrs. Wilbur Bollinger of East Dearborn entertained at a party honoring Mrs. Alvin Rheinhardt at the home of the latter's parents, Mr. and Mrs. Gottlieb Bollinger of Sylvan, on Friday evening. Crazy bunco furnished the diversion for the evening, and prizes were awarded to Mrs. Elsie Snyder, Mrs. Irene Busa and Mrs. Irene Kalmbach. A delicious lunch was served buffet style, at a very prettily decorated table lighted with candles. There were 35 guests present.

National Girl Scout Week Being Observed

Girl Scouts all over the United States are observing Girl Scout Week from October 31 to November 6. October 31 is the birthday of Juliette Low, the founder of the Girl Scout movement in the United States and this annually marks the beginning of National Girl Scout Week.

In token that service to God comes first in the Girl Scout Promise, all Girl Scouts attend church the first Sunday of their festive week. The Chelsea Girl Scouts attended church service in a body at St. Paul's church on Sunday. Rev. Grabowski cordially welcomed the group and made special mention of them in the service. It is planned to have the troop attend one of the churches in Chelsea in a body each year during National Girl Scout Week.

A special program was conducted at the regular Girl Scout meeting Monday evening, with Mrs. Albert Johnson officiating. The meeting was opened with a Flag Ceremony. Marguerite Fersch, Nancy White, Jean McClure and Peggy Schable acted as color guards. The leader, Mrs. Johnson, then reminded the girls of the meaning of their membership in the Girl Scouts. The Girl Scout Promise and Laws were then repeated by the troop in unison, after which membership certificates were presented to all the members. Mrs. Paul Schable, the troop committee chairman, was then presented, and spoke briefly to the girls on their responsibilities as members of Girl Scouts.

In commemoration of Girl Scout Week a Service Days Ceremony was read by members of the various patrols.

Speaker 1, Virginia Christwell, "Introduction and Service to God."

Speaker 2, Helen Jarvie, "Monday: Homemaking and the Girl Scouts."

Speaker 3, Delores Walker, Tuesday: Citizenship Service Day.

Speaker 4, Mary Jane Jarvis, Wednesday: Health and Safety Service Day.

Speaker 5, Mary K. Palmer, Thursday: International Friendship Service Day.

Speaker 6, Doris Gilson, Friday: Arts and Crafts Service Day.

Speaker 7, Helen Hochrein, Saturday: Out-of-Doors Service Day.

This program was followed by relay games directed by Mrs. Johnson and community singing directed by Miss Betterly.

GUESTS OF METHODIST HOME. The Home Circle of the Methodist church entertained the W. S. C. S. on Wednesday, October 27. A delicious dinner was served at 6:30 by Mrs. Augusta Hollidge and Mrs. Leroy Lord to the twenty-five members present.

The business meeting and program were conducted in the main lounge. Circle chairmen reported various activities. Philathea is sending cookies to convalescent soldiers at Percy Jones hospital, Battle Creek. Philathea also reported that the Servicemen's committee had sent out the "Reader's Digest" and "Upper Room" to the boys from our church. Mrs. Philip Olin, chairman for the fair, which will be held this Friday, Nov. 5, reported plans were complete but reminded members to be sure to turn their articles for the fair over to their respective chairman or bring them to the church Friday afternoon. Articles to include produce, plants, grab bag, linen, baby, kitchen, juvenile and food.

After devotionals, conducted by Mrs. W. G. Price, the society's president, Mrs. Maynard Knickerbocker, gave an interesting talk on "Labor Safeguards for Children in Wartime."

DEATHS

Orrin L. Hoffman
Orrin L. Hoffman, 80 years old, died Tuesday morning, November 2, at the home of his daughter, Mrs. Waldo H. Kusterer, 223 Harrison St., after a brief illness.

Mr. Hoffman was born February 13, 1863 in Indiana, Indiana county, Pa., coming to Michigan in 1886. He was a printer by trade and for many years was employed in the office of The Chelsea Standard. He retired from the printing trade in 1922 and was later employed at the Chelsea Screw Company.

On March 19, 1891 he was married to Emilie Griebach and to this union were born four children. A daughter, Nada, and a son, Lloyd, passed away in 1918. Since the death of his wife on July 10, 1923, Mr. Hoffman had made his home with his daughter.

He is survived by two daughters, Mrs. J. N. Strieter and Mrs. Kusterer, both of Chelsea; four grandsons and a great-granddaughter.

Funeral services will be held at the Kusterer residence at 3 o'clock this afternoon. Rev. P. H. Grabowski will officiate and burial will be in Oak Grove cemetery.

Mrs. Fred Roberts
Mrs. Fred Roberts, 29 years old, dependent over ill health, took her own life about 9 o'clock Monday morning at her farm home in Lyndon township.

Formerly Mattena Neebling, daughter of Mr. and Mrs. Edward Neebling, she was born in Ann Arbor on Sept. 17, 1914 and was married to Mr. Roberts on Oct. 20, 1931. For about six years they have resided on the old George Miller farm in Lyndon township.

Survivors include the husband; five sons, Frederick, Dorsey, Raymond, Donald and Franklin Delano; and a daughter, Mildred, all at home; her parents, Mr. and Mrs. Edward Neebling, of Seco township; two brothers, Paul and Walter Neebling, both of Ann Arbor, and a sister, Mrs. Matilda Rohde of Unadilla.

Funeral services were held at 2:00 o'clock Wednesday afternoon at the Staffan funeral home, with Rev. C. B. Strange officiating. Burial was in Oak Grove cemetery.

OFFICE NEWS

The Copeland District Boy Scout committee will hold a meeting at the school November 9.

Miss Rogers, dental hygienist, is to spend November 9 at our school. Miss Rogers is being sent by the county health department.

We play our final home football game of the season against Roosevelt tomorrow.

The chorus group is sponsoring a rather special All-High party tomorrow night.

The public is invited to attend the other community singing at the Chelsea Public School.

STUDENT COUNCIL

The meeting was called to order by the president. The minutes were read and accepted.

It was decided that the Varsity operators will be appointed by the Student Council.

Andrew Madack reported that Miss Bettler agreed to have a duplicate key made to her room to be used to get the Victoria.

Ray Knickerbocker suggested that something be done about assemblies.

Andy M. Ray and Diane M. were appointed to plan an assembly about pre-induction courses and army life which is to be given Thursday, Nov. 4.

The football team had charge of the pep meeting Friday. The seniors have charge of the night pep meeting for the Manchester game.

Marjorie W. Letta K. and Donna R. are to plan the Sadie Hawkins Day which is November 5.

Miss Hammond said that bills charged to the Student Council had not been paid. She suggested that we insist on purchases so that there will be no bills.

The meeting was closed by the president.

NOTES ON FOOD

Something new has been added for several weeks everyone at the pep meetings has been entertained by a new feature. This added attraction is another Senior band from the Senior Trio.

Donald Alber, Dick Four and Henry Orthing were their sweetest deep in our territory. The teams were not stopped until the ball was in our hands.

The teams were not stopped until the ball was in our hands. The teams were not stopped until the ball was in our hands.

Accompanied by Maestro Robert Eaton at the piano, the crooners tell of their delicious hot dogs (without ration points), pep-cola, green spot, and other mounds. In a serious mood, Maestro Padewski Eaton opens with an operatic selection which the trio solemnly chirps. However, most of the time the boys are in a gay mood and their music wings out far and wide, with piano Eaton fairly "up in the air."

The music (21 songs) to be enjoyed by all and we hope that in the future we shall continue to be entertained by these original songsters.

CLASS NEWS

The Freshmen class is sponsoring a party for the Senior class on November 19. The party will be at the Chelsea Public School.

Entertainment will be provided by the Freshmen class. The party will be at the Chelsea Public School.

Refreshments—Edith Caplan, Helen Vail Jack Merck, Harry Walker, Boris Trinker.

Clean-up—Dick Schanz, Edith Caplan, Loren Mung, John Daniels, Jerome Burg, Barbara Lulek, Nancy Loose, Eunice Lehman, Clara Miller, Wilma Koenigster.

CLASS OF '41 (2)

Richard Clarence Babington was born on Dec. 4 in 1926. He is a dear old Chelsea. Dick has brown eyes and hair. His favorite sport is swimming but now he will settle for basketball since there isn't much time to go to Ann Arbor for swimming. He has the same ambition as most of our Senior boys, and that is to be a professional basketball player.

His favorite food is sauer kraut and from the back of him he ate a lot of it when he was a little boy because he stands 5 ft. 10 in. and weighs 155 pounds. Dick preferred "We Never Been Licked" to all the other movies he has seen. Although his favorite movie was "On Wisconsin" for the song he likes.

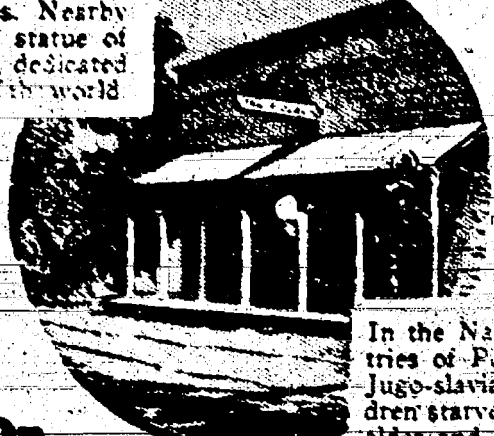

Harold Balmer is another of our Senior men. He tips the scales at 175, and is in our taller group, rising from the floor 69 inches. He has brown hair and blue eyes, but you wouldn't be prejudiced would you, Harold, since you also said your favorite color was blue? Harold likes football and surely is fast on those legs of his when he is playing. His pastime is just plain work which he does plenty of and then he is ready for his most important task and that is eating.

During which time he wants just Spanish Rice and more Spanish Rice.

Let's all go out and see Chelsea play their last home game of the season against Roosevelt on Friday.

pick Chelsea by two touchdowns. V-for-Victory. See you at the Senior stand.

First Quarter

Romulus kicked off to Chelsea and State was towed on the 10 yard line.

Chelsea started with a first down, the Romulus defense and Chelsea was forced to punt. Immediately a march toward the Chelsea goal line was started and was not stopped until the ball was in our hands.

The teams were not stopped until the ball was in our hands. The teams were not stopped until the ball was in our hands.

Second Quarter

After both teams battled back and forth several times, Chelsea started to march toward the goal line of Romulus. After completing a short pass they gained a first down on the Romulus 13.

In about two plays they had another first down on the two. After taken tried the line twice and failed, Madack went over and then he kicked the extra point. There was not much time before the half. Score: Chelsea 7, Romulus 0.

Third Quarter

Chelsea kicked off to Romulus and neither team scored in this quarter. Both teams were in a threat at all times. There were many thrills and spills before the quarter ended. Score: Chelsea 7, Romulus 0.

Fourth Quarter

With the referee handing out many penalties for rough playing and with Romulus player put out for fighting, it was a long quarter.

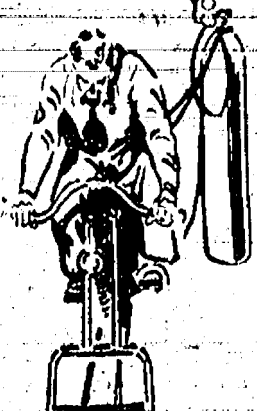

There was no scoring until the game was two minutes left in the game when a Romulus boy ran 30 yards for a touchdown. Several Chelsea boys

and a shot at him but he twisted and fought his way to the goal line. Then the fireworks started. In an attempt

What You Buy With WAR BONDS

Prevents the "Bonds"

Before our fighting pilots take to the air for stratosphere flying they must be "suped-up." To do this the pilot just before he takes off pedals a stationary motor driven bicycle to reduce the amount of nitrogen in his blood. Otherwise gas bubbles would collect in his blood stream.

The stationary bicycle is an inexpensive piece of equipment, but the vast quantities of this and other materials of war make it imperative for all of us to keep our fighting men well supplied by greater and greater purchases of War Bonds.

SEVENTH GRADE NEWS

By Deloris Joy Eisenmann

Fifteen people, or 41.6 per cent, bought Defense Stamps last week. The total amount was \$25.65.

John B. Shephard, who has been visiting Royalton, Kentucky, for a couple of weeks, has returned.

We had a double assignment the other day. For Current Events we read the first story, and for English we made an outline of it.

In Geography we were issued maps of the United States. We had to put on all the belts and put products that were grown in the United States in the states they are grown. We had a test in Geography on Friday.

We had a test in Home-making on Friday about the foods we should eat

every day, and how cupboards should be arranged. We had to know how to spell "condiments." We had to name fifteen condiments, know how to spell them, and know what they are used for.

The class has been making posters for the second community sing, which is scheduled for November 10. It is hoped that all who came to the first sing will come again, with at least one guest, and that many other people will come, too.

Last week an error crept into our report of elected officers, for which we sincerely apologize. Mary K. Palmer is our treasurer instead of Ellen Jane Geddes. We have already voted upon dues, and have started to collect them.

Our Junior Red Cross membership drive started Monday. One hundred per cent membership is our goal.

FOURTH GRADE NEWS

The members of the fourth grade presented a Halloween play, "Halloween Fun," last Friday afternoon in the gymnasium for their parents and grades one through six. After the play all the boys and girls participated in group singing which was directed by Miss June Bettler.

Some drivers seem to feel that a stop light is a nuisance and is put in to delay traffic. A stop light is put up for your protection and for the protection of others. It gives pedestrians an opportunity to cross busy intersections, and is a big help in getting you through the same intersection safely.

Remember that serious accidents are caused by cars piling up at intersections simply because some drivers think that the caution sign, or a yellow light, is a "go" sign.

At those intersections where there is no traffic light, most of the responsibility must be assumed by the drivers themselves. To assume that the intersection is clear and that no one is coming in opposite directions is taking a chance with death. Slow down at these crossings and be sure the way is clear on both sides before you proceed.

In addition, a very important driving rule, and one that requires a little courtesy on your part, is to give the right-of-way if you feel that an accident can be avoided and confusion may result because of cars piling up at intersections because some one, or all of them, thought they had the right-of-way.

Drive carefully.

NUTRITION TIPS

The canning season for fruits and vegetables is about over, and the results of the summer's work in Victory Garden and kitchen can be looked upon with pride. The stores of canned, frozen, dried, pickled and stored vegetables and fruits are a real tribute to the housewife's abilities, declares the Washtenaw County Nutrition Committee. But now that we have garnered our harvest and preserved it, we must make sure that none of the good food and the hard work that produced it shall be wasted. The following suggestions should be remembered by the thrifty housewife:

Where have you stored your canned goods? Are they in a cool, dark room? Are you careful to pick the jars up from the sides? Taking hold of the top often distends the rubber; breaks the seal, and causes spoilage.

By planning ahead, the home preserved food supply can be made to stretch over the winter and through the early spring months. A quart of vegetables will make about eight servings. So if fifteen quarts of green or yellow beans were canned for each member of the family, each could have ninety servings between now and the time when the next spring crop appears. That would mean about three servings of green or yellow beans each week.

It is evident, then, that home rationing is a much better plan than eating them every day until they are all gone.

There are about six servings of fruit in a quart jar, so thirty quarts of any variety of berries and cherries would provide six servings each week. Thirty quarts per person of cherries and berries sound like a large quantity, and you probably have peaches and other canned fruits as well. But if we follow the Basic 7 food guide we must have a serving of fruit every day, and most of us will have to supplement our home canned stock with fresh, dried, frozen or commercially canned fruit.

When you serve home canned food, don't just open a jar. Plan to serve foods in a variety of ways to lend interest to your meals.

If you have an accumulation of leftover vegetables, for example, you can combine them in many appetizing ways.

Vegetable Pie with Cheese Crust

1 cup onion, sliced.
1 cup carrots, diced.
1/2 teaspoon salt.

1 cup peas.

Clean Soot
Interior walls, especially in kitchens and in rooms with fireplaces, are likely to acquire a greasy or sooty film which should be thoroughly removed by cleaning before the walls are repainted. If this is not done, the new paint can not be expected to adhere properly, and if light tints are used, the soil may result in blotches in the new paint job.

Repair Rips Immediately
Before starting the week's ironing, thread two needles, one with black thread and the other with white. Stick these in the end of the ironing board, and then as a small rip occurs here and there, repair it immediately while the garment is still on the ironing board. Obviously, this is practical only for the very tiny rips and tears.

STATE OF MICHIGAN

The Circuit Court for the County of Washtenaw, In Chancery.

Esther A. Thelen, Plaintiff,

vs.

Willard H. Thelen, Defendant.

At a session of said Court held at the Court House in the City of Ann Arbor on the 12th day of October, 1943.

Present: Honorable George W. Sample, Circuit Judge.

In the above cause it appearing by affidavit on file that the defendant, Willard H. Thelen, is a resident of the State of Michigan, and that a summons to appear and answer has been duly issued in this cause but could not be served upon the said Willard H. Thelen by reason of his continued absence from his place of residence, and from the State of Michigan.

On motion of Jacob F. Fahrner, Attorney for plaintiff, it is ordered that the appearance of the said defendant, Willard H. Thelen, be entered in this cause within three months from the date of this order; and that in case of his appearance that he cause his answer to the bill of complaint to be filed and a copy thereof served upon the attorney for the plaintiff within fifteen days after service on him or his attorney of a copy of the said bill, and in default thereof that said bill be taken as confessed by the said defendant, Willard H. Thelen.

And it is further ordered, that the said plaintiff cause this order to be published in the Chelsea Standard, a newspaper printed, published and circulated in said county, and that such publication be continued within forty days from the date of this order, and that such publication be continued therein once in each week for six weeks in succession, or that the said plaintiff cause a copy of this order to be personally served on the said defendant, Willard H. Thelen, either personally or by registered mail at least twenty days before the time above prescribed for his appearance.

George W. Sample, Circuit Judge. JACOB F. FAHRNER, Attorney for Plaintiff, Business Address: Ann Arbor, Mich. Oct14-Nov25

What You Buy With

WAR BONDS

Wags!

No quadruped of the K9 contingent used by the Marines, the Army or the Coast Guard is purchased. They're strictly volunteers for the duration, trained by their masters and mistresses. These dogs are taught to hear and smell and see enemies where humans cannot. They are invaluable at night.

Several K9 training stations are maintained by various branches of our fighting services. You may not have a dog to send to war but you can send your money. Buy War Bonds.

What They Do:

The basic seven food requirements are so made up as to take care of the body's demand for certain types of food.

For example, proteins, minerals and water are all essential to building torn parts of the body and keeping them in repair. They are needed for tissues, bones, muscles, blood and other fluids.

Energy for breathing, heart action, circulation of the blood, and other bodily functions is supplied by fuel foods—foods rich in fats and sugar.

To keep up the body's resistance to disease, to keep it in good running order, is the function of regulation and protective foods—these are the vitamins, minerals, water and roughage.

Freights Travel Farther Under wartime operation, railroad freight cars must travel about 16 per cent farther on the average haul.

HOUSEHOLD MEMOS... by Lynn Chambers

Plan Day's Meals Using Basic Seven As Your Guide

ing this and you can meet the requirements of both.

Now, here is some concrete help to stretch those red points:

*Sausage and Succotash Pie. (Serves 4 to 6)

1 pound pork sausage meat

3 cups cooked, dried or fresh lima beans

1 1/2 to 2 cups cooked corn

2 tablespoons red pepper, chopped

2 tablespoons shortening

4 tablespoons flour

2 cups milk

Lightly fry sausage. Drain well. Combine with vegetables. Make blending flour in to melted shortening. Add milk slowly, stirring constantly. Cook until thickened. Season, then add to meat mixture. Pour into baking dish. Top with pastry. Bake in a hot oven (425 degrees) 30 to 40 minutes.

Pork and Apple Turnovers. (Makes 4 to 6)

Combine 1 cup chopped apple with 1 cup chopped cooked pork. Roll pastry thin and cut in 6-inch squares. Heap half of square with pork and apple mixture. Fold over diagonally. Moisten edges and press together. Prick top. Bake in a hot oven 30 to 40 minutes.

These ham and asparagus cutlets give a new twist to congenial and favorite foods.

Group I. Green and yellow vegetables. At least one of each kind should be included daily to meet vitamin and mineral requirements of the diet.

Group II. At least one serving of oranges, grapefruit or tomatoes to get enough Vitamin C in the diet. A good time to get this requirement in is during breakfast—with the fruit.

Group III. Potatoes or other fruit and vegetables to add more minerals and vitamins to the diet.

Group IV. Milk or milk products. This may be in the form of milk (1 pint per day for adults, 1 quart for children), fresh or evaporated, and cheese.

Group V. Meat, poultry, fish, eggs or dried beans, peas, nuts or peanut butter. This group is needed to build and repair body tissue.

Group VI. Bread, flour and cereals are required to meet energy needs and the vitamin B needs of the body. Be sure that any of these that you use are whole grain, enriched or re-enriched. You would have to eat four times as much ordinary bread, for example, to get as much nutritional value as one loaf of enriched bread contains.

Group VII. Butter or fortified margarine. Use some of either every day to give energy and vitamin A. That's the plan. Use food out of every group every day.

The best way to divide the groups into three balanced meals will run something like this:

For breakfast: Citrus fruit, cereal, eggs, milk or beverage, toast.

For lunch or dinner: Meat (poultry or fish, etc.), vegetable in either group I or III, milk or milk products.

For dinner or supper: Meat, poultry or fish, vegetable or fruit from groups I, II, or III. Milk or milk product, and also bread and butter from groups VI and VII.

An easy way to plan the menus is to write down the foods and the corresponding number of the group of food from which it comes. If you do not use one or two of the groups during one meal, pick them up at the next. No chance for slips, here! Keep one eye on the plan and the other on the ration books while doing.

Stuffed Pancake Rolls. Ham and Asparagus Cutlets or Hamburgers are low in point-value but give plenty of zip and stick-to-the-ribs quality to your meals. Have them often to give variety to menus.

Ham and Asparagus Cutlets. (Serves 6)

1 1/2 cups cooked, chopped asparagus

1 1/2 cups diced, boiled ham

1/2 cup fine bread crumbs

2 tablespoons shortening

4 tablespoons flour

1 cup milk

Mix asparagus with ham and crumbs. Melt shortening, blend in flour. Stir in milk. Cook until thick. Add to first mixture, season to taste. Chill. Shape mixture to resemble chops. Dip in crumbs, then egg diluted with water, again in crumbs. Heat enough fat in skillet to cover bottom of skillet generously. Fry cutlets slowly until golden brown. Serve with Cheese Sauce. Melt 2 tablespoons shortening, blend in 3 tablespoons flour, stir in 1 1/2 cups milk. Add 1/4 cups grated cheese. Cook until cheese melts.

Stuffed Pancake Rolls. (Serves 4 to 6)

2 cups flour

1 1/2 teaspoon salt

1 1/2 teaspoons baking powder

1 beaten egg

2 cups milk

Country of Castles

A country of castles and abbeys as well as factories, the Wuppertal region of the German Ruhr is part of the Bergisch Land, a pleasant plateau country sloping toward the Rhine. Through its core of lofty, wooded hills rivers have cut deep, winding valleys.

Workers on holiday and travelers eager for sight-seeing were charmed by the romantic valleys, saw in old place names the fame of medieval iron smiths. Look their ease in comfortable inns, and rubbered at the railway bridge near Mungsten, 340 feet above the Wupper, Germany's highest.

Focus Lengthens

At 10 years, a child normally can see, with a little effort, an object about three inches from his eyes. At 20 years this point of clear vision, called the near point, is about four inches. At 30 years it moves out to about 5 1/2 inches, and at 40 the near point is 8 1/2 inches. From then on it recedes rapidly, standing at approximately 16 inches at 50, and 40 inches at 60 years. Because of this normal moving outward of the point of near vision with advancing age, most eyes require the aid of glasses for reading and other close visual tasks between the 40th and 50th year.

Use Oil Sparingly

Too much oil on the bearings of an electric motor is as bad as too little, because the excess oil soaks into the working parts where it collects dirt and destroys insulation.

99.5% Survive Early Appendectomy

In an operation within 12 hours of the first attack of appendicitis, chances of recovery are 99.5 per cent.

AMERICAN LEGION AUXILIARY The American Legion Auxiliary held a regular meeting on Tuesday evening in the home economics room at the Chelsea high school, with 19 members attending.

Reports were given by the various committee chairmen—Mrs. William Weber, rehabilitation; Mrs. W. M. Hinderer, war activities; Mrs. Merle Barr, child welfare; Mrs. Leon Fox, Girl Scouts; and Mrs. A. L. Brock, surgical dressings. The latter stressed the need for more workers.

The sale of stamps amounted to \$15.00.

Mrs. E. W. Eaton gave a very complete and interesting report on the Second District meeting held in Ypsilanti on Sunday.

It was voted to contribute to the War Fund drive and the Milk Fund.

The members also voted to assist the American Legion boys in serving the Armistice Day dinner.

At the close of the meeting refreshments were served by Mesdames E. J. Quirk, Edward Frymuth and Don Cutler.

IN MEMORIAM In loving memory of our dear son and brother, Elmer Trinkle, who passed away seven years ago the first of November:

When God called our dear one away, Our hearts were broken; Our tears were wiped away.

We knew that our darling, couldn't stay; One look at his sweet smiling face, We knew in Heaven was his place.

Mr. and Mrs. Walter Trinkle and daughters.
