ARMISTICE DAY 1943

By RUTH TAYLOR

"Here lie we dead because we did not choose
To shame the land from which we sprung;
Life is perhaps no great thing to lose,
But young men think it is,
And we are young."

We, who remember the casualty lists of the last war, walk with ghosts today. Besides the soldiers on our streets, we see those other lads whose lives were far too short, who loved life too greatly to be miserly with it when their country called.

In the Armistice Day pause this year, there are new heroes to remember. Pearl Harbor, Bataan, Corregidor, Wake Island, Guadalcanal, North Africa, Sicily—before this article appears there will be as many other places all over the globe hallowed by heroes who could say as did A. E. Housman in the "Epitaph for the Fallen"—"Here lie we dead because we did not choose to shame the land from which we sprung."

They have given their all—and it was so much! Who knows what great things they might have accomplished, what great good might have come to the world if they had been allowed to live, what things they might have created, discovered, invented, taught!

We have to face the fact that before this war is over, thousands upon thousands of these, our finest, will have died. They will be Americans—maybe rich, or poor, maybe Black or White, maybe Protestant, Catholic or Jew; but NOT German-American, Russian-American, Italian-American; not a "son of the American Revolution," not an immigrant—but just citizens of the UNITED STATES—Americans who loved their country, and its ideals of freedom and equality enough to offer their lives that these ideals of justice and democracy might not perish.

We, too, though we cannot fight, must not "shame the land from which we sprung." We have a duty as binding upon us as that of any soldier as long as this war lasts. Afterwards we have another duty, too—that of seeing to it that they did not die in vain, that the promises made in the Four Freedoms are at last fulfilled for all the people of all the earth, and that those who come after may live as free men, unafraid in a free world.

Pooling of Gas Rations Is Forbidden By Ruling

Depot—Deer hunters will not be allowed to pool A gasoline ration for deer hunting trips as was erroneously rumored throughout certain sections of Michigan because it would be a direct violation of gasoline regulations which cannot practically be altered, said Charles J. Schreiber, Regional Rationing Executive.

Section 3177 is to the effect that rations are not transferable. Section 8159 is to the effect that the transferor must require presentation of coupon book and must detach coupons. Transfer must be made only into the fuel tank of the vehicle identified on the coupon book.

"If coupons were to be pooled for deer hunting, the whole matter of pooling gasoline would be thrown wide open for all A book holders for any other reason," said Schreiber. "We would have to allow pooling for vacation trips, conventions, fishing trips and all other forms of hunting."

Schreiber also pointed out that it would encourage stations to violate regulations in accepting loose coupons and would open the way for abuse of the regulation that all gasoline coupons must be endorsed.

The first basic reason, Schreiber reported, is that the interchangeability of rationing required by pooling would greatly complicate the task of eliminating black market operations. Second, the encouragement given to long trips would result in increased gasoline consumption through use of coupons that would not otherwise be had.

District Over Top In War Fund Drive

With the United War Fund drive completed in Chelsea, A. D. Mayer, chairman, reports total pledges and cash contributions of \$67,440. Chelsea's quota was \$56,651, including \$500 for local Boy and Girl Scouts.

Of the four townships in this district, Lyndon reports the collection of \$417; Lima, \$584; Dexter, \$157; and Sylvan, \$348. The total quota for these townships and the village of Chelsea was \$7651, with total contributions and pledges amounting to \$8275.

Included in the village territory for this drive was all of School District No. 3 P, which takes in a portion of both Sylvan and Lima townships, which was responsible to quite an extent in reducing the collections for the committees having charge of rural solicitation. Another factor was the solicitation in local factories of workers who reside in nearby rural districts. However, the goal was for the combined areas to raise the amount set as our quota, and this amount has been exceeded, thanks to the splendid cooperation of the solicitors and those who were asked to contribute to this most worthy cause. Very few refusals were reported, and these, in most cases, were from those who could well afford to give.

Other nearby townships reporting (not included in the Chelsea district) were: Freedom, \$500; Sharon, \$405.

792nd MP Battalion Moved To Fort Custer

Assigned to a special mission at Fort Custer, the nature of which was not disclosed, four companies of the 792nd Military Police Battalion, including approximately 800 men, left Camp Waterloo in Waterloo township on Wednesday morning. Only the civilian staff, including firemen and others essential to the protection of the camp, remained there, and the commanding officer, Major Clyde Hodge, was unable to say whether or not Camp Waterloo would be abandoned.

Since the 792nd was moved there from Texas, only a portion has been stationed at camp at the same time. The battalion returned Sept. 10 after touring as part of an Army show, and later was sent to Camp River Rouge for a brief period. Recently, units from the camp have been assigned to guarding German war prisoners on farms near Benton Harbor and Caro.

Camp Waterloo, which is located a mile west of Clear Lake, consists of about 50 buildings, principally of the temporary barracks type, a modern water pumping plant and a sewage disposal plant.

WILL MOVE TO ARIZONA
Mr. and Mrs. Earl B. Combs and children are making arrangements to move to Phoenix, Ariz. in the near future. For three years Mr. and Mrs. Combs have taken police and fire telephone calls for the village and have been ever faithful and courteous in the performance of their duties.

Business Discontinued By E. J. Claire & Son

Inability to obtain sufficient merchandise for the efficient operation of his store has prompted D. J. Claire, owner of the E. J. Claire & Son electrical appliance store, to discontinue business for the duration. Mr. Claire has disposed of his entire stock of merchandise and fixtures, and closed the store Saturday night.

Established in 1922 by the late E. J. Claire and another son, O. J. Claire, this firm was the first radio agency in Chelsea, and one of the first out-state Kelvinator electric refrigerator agencies. Other electric household items were added as they became available and the business attained a large volume through the energetic efforts of the owners. D. J. Claire joined his father and brother in the business in 1926. O. J. Claire withdrew from the firm in 1930 and E. J. Claire died four years ago, leaving D. J. Claire as sole owner of the business.

Conversion to the manufacture of war materials made it impossible to obtain electrical appliances, and Mr. Claire has carried a large stock of paint, Firestone accessories and other items, but has found it increasingly difficult to purchase the merchandise necessary to carry on a business.

Mr. Claire has made no plans for the immediate future, but states that he will remain in Chelsea. It is hoped that he will resume his place in the business life of the village after the war. His many friends wish for him a successful interlude in the meantime.

Eschelbachs Celebrate Fiftieth Anniversary

The golden wedding anniversary of Mr. and Mrs. John Eschelbach of Freedom township, which occurred on Tuesday, was celebrated with a family party at their home on Sunday afternoon, followed by a six o'clock dinner, with covers for 26. Guests were present from Ann Arbor, Grass Lake and Chelsea and vicinity. During the afternoon, congratulations and good wishes were extended by Rev. M. W. Brueckner in behalf of the assembly.

Two wedding cakes in white and gold featured the table decorations and yellow chrysanthemums, arranged about the house, were the gifts of friends.

Mr. Eschelbach, 74 years old, and Mrs. Eschelbach, formerly Christine Koengeter, who is 73, were married Nov. 9, 1893 and have spent their entire married life in Washtenaw county. Both are members of Zion Lutheran church, Rogers Corners.

They have two sons, Leon and Herbert, both residents of Ann Arbor, and four grandchildren. A grandson, Pvt. Allen Eschelbach, is with the armed forces in Africa.

NOTICE TO DAIRY FARMERS
There is a dairy feed payment available to the dairy men of Washtenaw county for the month of October. This payment will be made by the A.A.A. committee, and for the benefit of the milk producers of the townships of Sylvan, Lyndon, Dexter and Lima, there will be meetings at the Sylvan town hall, Chelsea, on November 19 and 20, for the purpose of signing applications for payments.

The coal situation in Chelsea is not a very favorable one and is causing some worry on the part of the manufacturers and the dealers. Unless the fuel administration releases two cars that are in the yards of the Lewis Spring and Axle Co. they will not be able to operate their factory but a few days. The Chelsea Elevator Co. has about enough coal to last this week. The Wm. Bacon-Holmes Co. have a fairly good supply of soft coal and coke, but no hard coal. The Michigan Portland Cement Co. uses about three carloads every twenty-four hours. They have fifty cars in transit, and have 150 cars bought at the mines, but are in doubt about their being able to get them through. They have in their yard enough for three days.

President Wilson, in setting aside Thursday, Nov. 27, as Thanksgiving Day, said the country looked forward with confidence to the dawn of an era where the sacrifices of the nation will find recompense in a world of peace.

Herbert E. Snyder has opened a plumbing shop in the rooms in the Hatch & Durand building vacated by J. E. Alber who has moved to the basement of the Wilkinson building.

L. B. Lawrence has purchased the Fuller residence, on Jefferson St., of J. N. Dancer.

John Frymuth has sold his farm to Bert White, of Pontiac, Ill. Mr. White

will take possession of the farm about March 18.

R. G. and Bert R. Foster have opened a cigar store in Ann Arbor, where all Chelsea friends are welcome.

34 Years Ago

Thursday, November 11, 1909

On November 3 the children of Mrs. Simon Weber, Sr. met at the home of her son, Simon, in celebration of the 91st anniversary of her birth.

Mrs. L. D. Loomis died on Monday, Nov. 8, aged 70 years. She is survived by her husband, one son, L. R. Lawrence of Sharon, two daughters, Mrs. L. Allyn of Washington, Mrs. R. B. Waltrous, and one brother, Charles Fish. Interment in Maple Grove cemetery, Sylvan Center.

Mrs. Agnes (Wash) McKune was born in Sylvan on July 8, 1940 and died at her home in Chelsea on Nov. 10, 1909. The deceased was united in marriage with Timothy McKune on March 4, 1867. She is survived by two sons, J. E. and Herbert McKune, both of Chelsea. The funeral was held from the Catholic church with Rev. Fr. Considine officiating.

A very enthusiastic meeting was held at Firemen's hall for the purpose of organizing a Chelsea Business Men's Association. Over forty business men being present. Everyone interested in the welfare of Chelsea will be solicited to join. Fred Belser was chosen temporary chairman and Howard S. Holmes, secretary.

In this issue of The Standard, W. P. Schenk and Co. carried a page ad. Some items of special interest are: Up-to-date neckties, 10c; men's handkerchiefs, 10c each; men's black socks, 3 pair 25c; best bleached sheeting, 25c per yd.; bed spreads, from 89c to \$1.50; cotton and woolen blankets, 50c; all linen bleached crash, 10c; umbrellas with assorted bronze, silver and wood handles, steel rod and frame; best satin cover, 15c; ladies' Queen Quality shoes at \$1.30 and \$2.00.

A. E. Winans & Son have had several fine silent salesmen showcases placed in their jewelry store.

A. G. Faust and Charles Kaercher have commenced making up their line of bobbleheads for the winter trade. The Farmers & Merchants Bank has added a new Burroughs adding machine to its equipment.

The average Utah farmer has a farm valued at \$6,074, with a per acre value of \$21.14. His age is 47 years.

DEATHS

Thomas E. Wall

Thomas E. Wall, 80 years old, died Sunday noon at St. Joseph's Mercy hospital, Ann Arbor, after a brief illness.

The son of Mr. and Mrs. Patrick Wall, he was born in Ann Arbor on Oct. 15, 1863. For 40 years he was employed in the U. S. mail service as postal inspector, retiring 10 years ago. He had made his home in Ann Arbor, Detroit and St. Petersburg, Fla., and had spent the past summer in Chelsea, residing in the Palmer apartments at 146 Park St. His wife, formerly Rose Leonard, died in 1936.

Mr. Wall was a charter member of the Knights of Columbus, Ann Arbor, and was also a member of the B.P.O.E., Ann Arbor.

He is survived by a sister, Mrs. Mary Tobin, and a niece, Mrs. Fred W. Bell, both of Chelsea; also several other nephews and nieces.

Funeral services will be held at 10 o'clock this morning at St. Mary's church, with Rev. Fr. Lee Laige officiating. Burial will be in Mt. Olivet cemetery, Chelsea.

WEDDINGS

Doll-Juergens

A very pretty wedding was solemnized Saturday morning at 10 o'clock in St. Mary's church when Mary Jane Doll, daughter of Mr. and Mrs. Albert Doll, became the bride of Sgt. Albert E. Juergens, son of Mr. and Mrs. Joseph Juergens of Lima.

The nuptial wedding mass was celebrated by Rev. Fr. Lee Laige. Mrs. J. Vincent Burg sang Rosewig's Ave Marie at the Offertory.

The bride was given in marriage by her father and the bridal party approached the altar to the strains of Lohengrin's Wedding March.

The bride was lovely in a white gown of slipper satin with shirred bodice and sweetheart neckline, with tight-fitting sleeves extending in points over the hands. Her bridal veil of three-quarter length was fastened to a beaded Juliette cap and she carried a shower bouquet of Snow White roses and sweet peas.

Lillian Honeck, as maid of honor, was attired in a floor length gown of blue chiffon with a bodice of blue and silver lame. She wore a short veil and Juliette cap of silver sequins, and carried raptures roses and sweet peas in pastel pink. Donald Doll, brother of the bride, acted as best man, and the ushers were Anthony and Leo Juergens, brothers of the groom.

Mrs. Doll, mother of the bride, wore a gown of black baronet crepe with white lace collar and cuff trim, and Mrs. Juergens chose a blue crepe for her gown. Both mothers wore matching corsages of Talisman roses and baby nuns.

A wedding breakfast was served at noon at the Doll home on Van Buren St., for forty guests. The bride's table was centered with a bowl of pale yellow and white baby nuns, with white tapers in crystal candelabra on either side. The three-tiered wedding cake, decorated with a miniature bride and groom, occupied a serving table at one end of the room.

Sgt. and Mrs. Juergens left for a short trip and on their return will make their home in Orlando, Fla.

The bride is a graduate of St. Mary's school and Chelsea high school and was employed at Federal Screw Works. The groom is a graduate of St. Thomas high school of Ann Arbor and is now stationed at Pine Castle Air Base, Orlando, Florida.

Out of town guests attending the wedding were from Detroit, Owosso, Jackson, Manchester and Ann Arbor.

A pre-nuptial party and personal shower honoring Miss Doll was given by Miss Lillian Honeck on Tuesday evening, October 20, at her home on Garfield St. Prizes in games were awarded Miss Doll and Gertrude Honeck. A wedding cake centered the table, where lunch was served to nine guests.

On Friday night, October 22, Mrs. Joe T. Merkel entertained a group of relatives at a dinner and miscellaneous shower in honor of the bride-elect.

PERSONALS

Mr. and Mrs. Martin E. Miller announce the marriage of their daughter, Marion R. Miller, to Darwin David Bush, son of Mr. and Mrs. Joseph H. Bush of Stockbridge. The ceremony was performed at Bowling Green, Ohio on Saturday, Nov. 6.

Mr. and Mrs. Bush are employed at the Chelsea Spring Co. They will make their home in Chelsea.

E. E. Winans made a business trip to Toledo on Monday.

H. B. Murphy is a patient at St. Joseph's Mercy hospital, Ann Arbor. The Desert Bridge club was entertained on Monday at the home of Mrs. R. E. Jolly.

CARD OF THANKS

We take this way of extending our many thanks to our friends, relatives and the Zion Ladies' Aid for their kindness on our golden wedding anniversary.

Mr. and Mrs. John Eschelbach

Francisco

There was a good attendance at the bi-monthly Guild meeting Wednesday at St. John's church school house.

John Bohne was home on a week's furlough last week. He left Saturday night for Virginia, where he is receiving special training at William and Mary College.

Walter Bohne, who recently lost a finger, returned Friday from St. Joseph's hospital, Ann Arbor.

Earl Walz, who has not been as well as usual for a few weeks, is improving.

Mrs. Goetz of Plymouth is spending a few weeks with her daughter, Mrs. Wm. Horning and family.

Mrs. Herman Bohne, who was ab-

sent from her work in Chelsea a few weeks and while her son was home, resumed work Monday and will work days, instead of the shift she had been working.

HI-NEIGHBOR CLUB MEETS

The Hi-Neighbor club held a social party on Friday evening at the home of Mr. and Mrs. Leon Chapman. Following a short business session, progressive euchre was played, with Mrs. Frances Alber and George Macomber holding high score; Mrs. Hatt and Leon Chapman held low. The traveling prize was won by Margaret Steele; door prize by Shirley Macomber. A pot-luck supper was served.

THE OLD JUDGE SAYS...

"Yes, I'm afraid there's no denyin' it, Judge. Jeeps and trucks and other kinds of motorized equipment have taken the place of the good old horse in modern warfare."

"It's true of lots of things in this war, Eben. Every day we hear of new tactics and requirements and new uses of products. For instance, take the alcohol that is used for war purposes. In World War I, this vitally needed product was used mostly in making smokeless powder, chemical warfare materials and medical supplies. Today it must do

far more... it must provide the base for such indispensable products as synthetic rubber, shatterproof glass, lacquers, plastics and many other of our requirements so essential to victory.

"As a result hundreds of millions of gallons are required every year... half of which is being produced by the beverage distilling industry. But you didn't know that, Eben."

"As a matter of fact, I didn't, Judge. That's a mighty important war contribution that had escaped me completely."

The finest tasting beer in America

How many boys from **CHELSEA** won't come back?

NOBODY knows the exact number. Nobody. But—

The number who do come back—on their own two feet instead of in a flag-draped box—will be in *exact proportion* to the job we do here at home.

For every minute that we can help shorten the war will mean *more* lives saved. (213 Americans were killed in the final day of the last war, and 1,114 were wounded before the 11:00 o'clock Armistice took effect.)

Now one way all of us can help shorten the war is to tighten our belts and buy more War Bonds. Yes, *still* more. And . . .

If you think you're buying all the War Bonds you are able to, imagine—for a minute—that it's after the war . . .

. . . you're standing at the station . . . a bunch of home-town boys, still in uniform, climb off the train . . . one of them kisses his wife and grabs his kid in his arms . . .

. . . and then he turns to a young woman beside them, a girl who looks like his wife's sister, and you overhear him say . . .

"Catherine, I don't know how to tell you how sorry I am . . . it's such a shame about Joe . . . it makes me sick all over when I think how he'd be here today if the war had only ended a week sooner."

Think it over. Can't you buy a few more War Bonds to help end the war that week or month sooner? Sure, it may mean giving up something, but what's that compared to what *they're* giving up?

And remember, always—the money you "can't spare" may spare a soldier's life!

Local Option. If the Barry county seat of local option indicates anything, it is this: Four out of seven voters were of the conviction that county prohibition is not the answer to the alcoholic beverage problem. Fact: 170 business and professional people seized control from prohibition-minded tavern operators and beer dealers, discarded the vote fancy advertising copy and literature prepared in Grand Rapids, and even studied New York distillers who sought to spend huge sums in flashy campaigns. They united on one appeal: County prohibition isn't the solution. The county seat newspaper, which declines to accept beer or liquor advertising, asked the local business committee in preparing grass-roots advertising copy, all of which was paid for by Barry county citizens who had no selfish interest in the outcome. Drys are encouraged by the revived interest in improving home-rule enforcement and in stricter control.

Racial Issue. Detroit's race riot last June was reflected in the re-election of Mayor Edward J. Jeffries and the defeat of Frank Fitzgerald who had been proclaimed by CIO and AFL to be the "union labor candidate." Actually, labor did not stand united behind Fitzgerald. At the last minute the racial issue overshadowed the labor-capitalist issue which had been fostered fervently by Fitzgerald followers. The Michigan Chronicle, Negro newspaper in Detroit, announced the unanimous endorsement of Fitzgerald by Negro organizations, while Jeffries' advertising emphasized that he was opposed to mixed housing of Negroes and whites. In Hamtramck a suit had been filed by Negroes, claiming that the city had entered of Negro families in a fast tempo whereby Americans.

Hatreds. The racial issue in the Detroit campaign again has led observers to predict that unless Detroit acts to provide better housing, parks and playgrounds for Negroes, Parkside Valley is apt to be the scene of a repetition of the disgraceful riots of last June. Counter to this remedy, which acknowledges the use of segregation, is an aggressive attitude of Negro leaders, encouraged by Communist propaganda, in part to demand racial equality in housing, parks, schools and other facilities. In other words, mixed occupancy and use, a policy which Detroit's southern-born whites will never approve. Hence the emotional clash of prejudices, climaxed by the re-election of Jeffries.

Murder. To prevent political issues used in unmitigated labels, contrasted as white and black, is an old campaign device. The Michigan CIO News summed up the question of the mayoralty drinking more milk than ever! milk campaign by branding Jeffries as a "puppet mayor," a front for the Detroit Board of Commerce whose membership consists of employers and industrialists.

trialists, capitalists, and so on. The CIO News said that many manufacturers in Detroit "can be morally charged with the murder of thousands of American boys on the battle front because of their failure to convert their plants to war production." Motive for this lack of patriotism, continues the CIO News, was "the mad scramble for dollar profits." This antagonism of labor against industrial management has been accentuated during the past ten years. Today labor demands a larger share of industrial war profits—too often unmindful that its own earnings have increased 88 per cent since Pearl Harbor, while corporation profits rose 15 per cent, according to an October statement by Michigan-born President M. Brown, retiring OPA administrator. And now for Michigan statistics. We quote from an article in the November issue of Michigan Labor and Industry, written by a General Motors economist: "Since January, 1941, Michigan factory workers' weekly earnings increased 81 per cent, and their hourly earnings increased 87 per cent. Weekly earnings have increased over twice as fast as have weekly expenses."

Reconversion. That Michigan's post-war reconversion period will bring the biggest unemployment headache in history is generally conceded. Industry has stopped its plants of peacetime machinery. Restoring the plants to former productivity, plus the expense of re-equipping equipment and maintaining payrolls, will require plenty of cash. Cash can be provided by war-time profits or out of the pockets of stockholders. If you believe that stockholders should foot the bill, you walk right into government ownership and control. According to studies of the U. S. Treasury Department, U. S. corporations will have a total of \$11,500,000,000 in net profits at the close of these war years—1941, \$2,435,000,000; 1942, \$3,500,000,000; 1943, \$4,500,000,000. You'll probably hear more about war profits in 1944.

Tired Americans. At the West Michigan Tourist and Resort association conference in Grand Rapids, the president of the Grand Hotel at Mackinac, W. Stewart Woodruff, predicted that Michigan's resort and recreation centers would continue in 1944 to perform a vital war service. The government financed housing project work harder, and at longer hours, increases the importance of vacation resorts where workers and executives find rest and relaxation. Woodruff pointed out: The play-boys, idle rich and social drones were absent last summer from Michigan vacation land. Instead, the vacation-seekers were sober, tired Americans who rested much better, found an emotional and physical safety valve in the natural health benefits of Michigan resorts. Hence, health-restoring recreation is vital to the war effort.

Milk. Michigan Milk Producers association meeting at Michigan State and local equality in housing, parks, schools and other facilities. In other words, mixed occupancy and use, a policy which Detroit's southern-born whites will never approve. Hence the emotional clash of prejudices, climaxed by the re-election of Jeffries.

Standard Liners Bring Quick Results

Deer Hides Are Needed For Military Equipment

Lansing—The state conservation department has issued an urgent appeal to deer hunters to turn all deer hides obtained this season into commercial channels for the manufacture of military equipment.

Department officials reminded hunters that this year's deer can furnish much-needed gloves and mukluks (Arctic shoes) for our troops stationed in cold climates, as well as fill out the family meat ration.

Although revised federal regulations do permit that a deer skin may be processed for the owner's personal use or for a gift, hunters are urged to see that the greatest possible use is made of their war-time deer hide by directing it into commercial channels so that it may be used for the armed forces.

Department officials pointed out that the response of hunters to a similar appeal last year was very disappointing, and that from the approximately 62,000 deer killed in Michigan last year, only about 20,000 deer skins were turned in.

In order that no skins will be wasted, hunters are urged to use care and good sense in removing and preserving their skins and preparing them for the leather market.

After the hide is removed, it should be rubbed with salt and stretched, department game men declare. After the salted skin has dried out, it should be draped, hair side out, in a small bundle and shipped immediately to a hide dealer or a tannery.

Permits to sell or ship deerhides may be obtained from any conservation officer, hunters are reminded. The department will also furnish hunters with the names of authorized fur dealers in Michigan to whom they may sell their hide at the market value.

CHELSEA STUDY CLUB

The Chelsea Study club met at the home of Mrs. Wibur Hindorfer on Tuesday evening, November 9. Twenty-seven members and one guest were present. The music committee introduced Miss June Betterly, who played two Chopin Preludes. Roll call was Thanksgiving Thoughts. After the business meeting, Mrs. A. C. Johnson and Mrs. Charles Meservy presented their program, the Vertical File. The members had many interesting articles and clippings on varied topics which they brought in to add to the Vertical File at the Public Library.

A social hour was enjoyed and delicious refreshments were served by Mrs. L. D. Fox and Mrs. D. L. Rogers.

ATTEND NATIONAL GRANGE

Mr. and Mrs. P. M. Broesamle, Mr. and Mrs. N. W. Laird and Mr. and Mrs. Roy J. Ives of North Sylvan Grange, Mr. and Mrs. F. W. Notten of Cavanaugh Lake Grange, Mr. and Mrs. Geo. T. English, Mr. and Mrs. Lewis Grossman, Mrs. V. G. Price and Mrs. Anna Storms of Lafayette Grange and Mr. and Mrs. Clarence Buss of Pleasant Lake Grange will attend the sessions of the National Grange, held in Grand Rapids from Thursday until Saturday.

Automobile drivers are supposed to make all their turns good ones. I get burned up about some of the terrible and dangerous turns people make at intersections.

When you want to make a right turn, get into the right-hand traffic lane before you reach the intersection; signal properly; watch out for pedestrians; then turn.

For a left turn, get into the traffic lane nearest the center line of the street and give the correct signal before you turn.

There is nothing difficult about this, yet thousands of people seem to feel that they are on the street all alone and can turn in any direction from any lane without causing any difficulty to others. This is not only stupid, but very, very discourteous.

Turning demands common sense and courtesy.

One good turn deserves another.

THANK YOU

I wish to thank the members of the Salem Methodist church, Grange, friends and neighbors for the many cheery cards, calls, and flowers, during my stay at the hospital.

Tighten Jars When Hot

Jar covers should be tightened while the food in them still is hot, and this rule applies to any method of canning. Tightening covers after the food is cold breaks the seal and permits entrance of unsterilized air which carries bacteria and fungi spores. Non-acid vegetables can be preserved by the water bath method of canning but a pressure cooker will save many regrets. If vegetables, other than tomatoes, are canned by the water bath method, they should be cooked for 10 minutes when the can is opened and before the food is tasted.

Chrome Gives New Edge

Some tools can be re-equipped for many hours of production by the addition of only one to three thousandths of an inch of chrome or one-thirtieth the thickness of a human hair. The heaviest plate used, principally on gauges, is five thousandths to six thousandths of an inch in thickness.

News and Views of Chelsea Men In The Armed Forces

There may be tougher jobs.

But there are none more dangerous than the job performed under fire by personnel of the 318th Medical Battalion—the soldiers without guns—of the 88th Infantry Division now undergoing intensive training throughout the Fort Sam Houston (Texas) military reservation. Pvt. Paul Werner of Chelsea, son of Mr. and Mrs. Henry Warner, is a member of this division.

Unarmed but unafraid, these soldiers with the red crosses on their arms march with the infantry, roll with the artillery and roam the front lines under constant enemy fire, rendering first aid to comrades wounded in the fight or evacuating men hit and injured seriously.

Forbidden to carry weapons by rules of international warfare laid down at the Geneva conference, the "pill rollers" only safeguard is the Red Cross arm-band, but it's a symbol that all too often is used as a light-setting target by enemy snipers.

Their motto, "Ferio Sed Sano," is one contrary to the general idea of war and battle, the idea of kill or be killed. Translated, the motto of the 318th is deeply humanitarian and its words give comfort to those who advance unarmed into enemy fire. "I strike but I heal," is their guiding rule.

Called the "hiking outfit" in the 88th, soldiers of the medical battalion receive a thorough training in infantry tactics and defense of the individual soldier during their basic training days.

Since a major part of their work will be done on foot with litters and stretchers, physical fitness is stressed, and to insure their being able to keep direction and locate under difficult conditions the units to which they may be attached, or the field hospitals treating their patients, a lengthy and complete course in map reading is given them.

Obstacle courses, road marches, speed marches and camouflage are but a few of the items on the training schedule, backing up the more important and more advanced medical and first aid tactics they must employ. Only last week the battalion conducted a comprehensive demonstration and lecture on all aspects of night warfare—the newest and most deadly form of battle.

Guests at the special demonstration held Thursday night, Oct. 14, were members of the 88th Signal Company and 304th Signal Battalion of Third Army.

The "Medics" learned all the fine points of night scouting and patrolling, night sounds and lights and breaking through barbed wire entanglements. And they will put that training to use when they march beside the line troops in battle.

More than 34 doctors and dentists are included among officer personnel. Other officers, graduates of the Medical Administrative Officer Candidate School at Carlisle Barracks, Pa.—now

located at Camp Barkley, Texas—handle the physical training and "paper work" essential to the smooth functioning of the outfit. Enlisted men include chiropodists, optometrists, pharmacists, laboratory technicians, and, to keep the battalion's ambulances and other vehicles rolling, truck and ambulance drivers, mechanical, motor maintenance and garage men.

In battle, men of the collecting companies are assigned to each combat team, advance with the troops and work with the medical attachments of the various line units and artillery battalions, picking up the casualties, treating the slightly wounded and evacuating by litter or ambulance the more seriously hurt.

Through training in first aid for all types of wounds it is possible for every wounded man to receive some treatment from any medical corps man who picks him up. Many of the wounded are evacuated from dugouts or shell holes in No-Man's-Land itself, mere yards from enemy positions.

Unglamorous perhaps, and unpublishable, the work of the medical men receives little attention from their comrades in garrison. In battle, however, their work is as important as the deadliest rifle or cannon and the little red crosses are right up there where the going is toughest.

It's a tough job, a dirty job, a dangerous job—but it's a job the men of the 318th wouldn't trade for any other job going.

Arrive in South Pacific

Mr. and Mrs. Ed. Miller have received word that their son, S-2C Jack Miller, has arrived safely somewhere in the South Pacific. Jack enlisted in the Navy on January 9, 1942, and has been assigned to small landing craft operations. Ensign Tom Bust, a former agriculture teacher in the Chelsea public schools, was on the same transport to the South Pacific.

Mr. and Mrs. Lynn Kern have received word from their son, "Dick," that he has arrived safely somewhere in the South Pacific.

Completes Course

Richard D. Schmidt, S-2C, has completed the prescribed course of study in Gunnery at the Class A Service school, U. S. Naval Training Station, Great Lakes, Ill. Graduation exercises were held on Monday, Nov. 8. Richard was the guest of his parents, Mr. and Mrs. Norman H. Schmidt, on Sunday.

Promoted to 1st Lieutenant

Word has been received here that 2nd Lt. Paul D. Rogers, stationed at Bradenton, Fla. has been advanced to the rank of 1st Lieutenant.

Promoted to Corporal

Pvt. Victor Winter, stationed at Camp Polk, Louisiana, has been promoted to Corporal.

Members of the class of '44 of the School of Nursing, they have pledged themselves to serve as nurses in essential fields for the duration.

ENROLL AS STUDENT NURSES

Patricia Lee Richards of Chelsea has enrolled as a student nurse in the University of Michigan School of Nursing. She is one of the 132 new enrollees who have signed as a member of the U. S. Cadet Nurse Corps program. Her class-mates 150 others gathered Gladys Marie Russ of Chelsea has also enrolled in the class.

NEWS BLIND THE NEWS

By PAUL MALLON

Released by Western Newspaper Union

CONGRESS HAS PLENTY TO KEEP IT BUSY

WASHINGTON.—As this is written congressional leaders are planning to quit until January, allowing a six or eight-week mid-war vacation for themselves.

They have been saying (not very loudly, of course) there is little important legislation to be handled before the big appropriation bills come up in January, and that the trouble with the country now is, there are too many laws.

No more important work could be done than to have the members of each congressional committee assigned to meet daily from now until January solely in search of waste in expenditures. An earnest effort might save billions.

Example: The Breakers hotel at Palm Beach, huge, world-famous, was taken over by the war department a year ago at an annual rental of \$350,000. The rent, of course, was not made public, nor has any mention been made of the detailed use to which the hotel has been put, except for its acquisition was that it would be used as a hospital. Now, nearly a year later, approximately \$300,000 has been spent on it. I understand, but only three floors have been occupied and never has the place accommodated more than 150 patients.

The waste is obvious, colossal, inexcusable, every cent of that money could have been saved by using vacant civil hospital space in that area.

A week ago, the army site board had a meeting at the Breakers and decided to make this lavish, rich man's hotel into a permanent army hospital, although a few miles away at Boca Raton, the army already is paying \$50,000 a year rent for a project which would make an inexpensive and ideal substitute. The Boca Raton club has about 400 rooms, spacious grounds on the ocean, low rental, and is quiet. The army, apparently, always does things the hard way.

This incident no doubt can be duplicated a million times in a million different phases of the war effort. The details of such waste naturally are not publicized by the army, in fact are covered by supposedly military censorship, although no military information is involved. Only if congressional committees start pursuing inept officials may the truth be known.

With taxes nearing the endurable limit and repeated bond drives necessary to raise money for the vast expenditures (amounting to \$277,400,000 a day in September), the necessities of economy assume an importance beyond any other pending subject.

The appropriations committees have hired additional clerical help to sift expenditures for waste, but the drive for economy has lacked the energy necessary to make it mean something substantial. This is a job not for one committee or clerk, but for the whole congress, represented on every committee, dealing with civilian as well as military expenditures.

Other duties will be shirked if congress ships away. Appearance of CIO's Philip Murray seems to have slowed down or stopped the movement for a sales tax, at least temporarily, but something should be done about the present incomprehensible tax system. Congress cannot just go away and let the tax complexities gather dust on the committee desk.

The question of food subsidies also must be straightened out. A compromise settlement between congress and the administration probably will have to be made.

The lend-lease investigation must be ardently pursued. Congress does not lack business, but rather the will to work out the business it should do.

INVASION OF BURMA

Our heavy bombings in Burma have caused a general expectation of invasion. True, the Indians and Chinese have been training and building armies for some time for the purpose. But invasion will require an enormous store of equipment which can be accumulated only gradually. Comments from India are apt to be more accurate. They suggest our air activity is directed mainly toward breaking up an expected Jap attack on India. The Japs recently moved a considerable force from east to west Burma, as if to threaten an attack.

Guiding fact to be remembered about the Stalin-Hull news from Moscow is that the Russian newspapers exist, not primarily for the purpose of giving out news, but to further the interests of the Soviet government. Commenting upon the trend of the talks, therefore, probably will remain quite useless until official announcements are issued afterward by the participants.

Mr. Hull is primarily interested in trade, not in military matters, and Russia will need goods of every character after the war.

Post-War Plans for Servicemen Studied on 25th Armistice Day

Telegraph keys clicked the magic words from coast to coast: "The Armistice has come! The war's over!" Probably the greatest outpouring of American emotion in history was unleashed. Big city streets were blackened with yelling celebrants. They paraded, danced, embraced, beat on wash basins, and shot off guns above a chorus of automobile horns as saloon keepers rolled out barrels of wine for the street mobs.

And in many dwellings quieted by the absence of a loved one, women thankfully murmured: "He's coming home."

Thus, America reacted to the end of World War I on November 11, 1918, and thus we probably will react to the end of World War II. Our debts to our nation's warriors no doubt will be felt keenly on this, the 25th anniversary of Armistice day, as they battle for the same principles their fathers fought for.

This annual day of remembrance, with its speeches and parades, helps the homefront worker to say "thanks" to the lads who advance through the mud and jungle of the Solomons; who crouch in dirt holes near enemy lines in Italy as shells from both sides burst about them; who are tossed into icy, oily sea water by enemy torpedoes; and who send Axis planes plummeting earthward despite howling, screaming enemy fighters, rattling anti-aircraft and glaring, sweeping searchlights.

Planning for the future. But America's appreciation for her warriors is not being shown merely by one day of celebration. Quietly working behind the scenes of this wartime drama, the national government, state governments, and patriotic societies have been planning peacetime jobs, education and security for all the Johnnies who will come marching home.

According to President Roosevelt: "Among many other things we are, today, laying plans for the return to civilian life of our gallant men and women in the armed services. They must not be demobilized into an environment of inflation and unemployment to a place on a bread line or on a corner selling apples. We must this time, have plans ready—instead of waiting to do a hasty, inefficient and ill-considered job at the last moment."

The Master Plan. "I have assured our men in the armed forces that the American people would not let them down when the war is won. The least to which they are

entitled, it seems to me, is some thing like this:

"1. Mustering-out pay to every member of the armed forces and merchant marine when he or she is honorably discharged, large enough in each case to cover a reasonable period of time between his discharge and the finding of a new job.

"2. In case no job is found after diligent search, then unemployment insurance if the individual registers with the United States employment service.

"3. An opportunity for members of the armed services to get further education or trade training at the cost of their government.

"4. Allowance of credit to all members of the armed forces under federal old-age and survivors' insurance, for their period of service. For these purposes they should be treated as if they had continued their employment in private industry.

"5. Improved and liberalized provisions for hospitalization, rehabilitation, and medical care of disabled members of the armed forces and merchant marine.

"6. Sufficient pensions for disabled members of the armed forces."

Other Post-War Measures.

On the heels of this statement the National Resources Planning board released a 98-point demobilization and readjustment plan which included similar post-war benefits for service men and women.

Among the state governments, Oregon is reported to be planning college education and the financing of homes or farms for its returning World War II veterans.

Selective service boards are reported to be getting ready to reverse their present function after the war, and will become a job finding agency for men leaving the military forces.

Government benefits, however, are only part of the opportunities greeting American fighters when their heroism and sacrifices have brought victory and peace. Thousands of new and fascinating jobs may be expected to accompany industry's swing to peacetime production. Some new and startling scientific advances have been put aside temporarily during the war. Other innovations have been discovered during wartime, necessity for speed and durability. They include the fields of television, aviation, plastics, farm chemistry, the automotive industry and many others.

Soldiers' Allowance Payments
Soldiers' dependents must fill out and return a new one-sheet dependency certificate to benefit by new rates provided by recent servicemen's allowance legislation, the War Department announced. All dependents now receiving family allowances are being sent copies of the new form. These should be filled out, witnessed, and returned to the Office of Dependency Benefits as soon as practicable to avoid possible discontinuance of allowances. Until new accounts can be set up, dependents now receiving family allowances will continue to receive their checks in the old amounts. After an account is converted, any sums accrued as a result of an increase in allowances will be included in the first check. The conversion from old to new accounts will take several months.

Peanut Butter Prices Down
Reduction of consumer prices for peanut butter from 33.1 cents to about 26.5 cents per pound, effective November 1, was recently announced by WFA and OPA. The reduction is part of the wartime program to increase use of peanuts in making peanut butter and increase consumption of easily produced foods of high protein content.

30 Days' Notice On Stamp 18
The public will be given 30 days' notice, should it become necessary to terminate shoe ration stamp 18. This announcement was made recently by OPA to "kill" scare-buying rumors that the validity period of stamp 18 might be cancelled with only 24 hours' notice to consumers.

Set Price Range On Cattle
The allowable range of prices for which each grade of live cattle can be sold at slaughterers has been set by Judge Fred M. Vinson, Director of the Office of Economic Stabilization. Within each grade price may fluctuate \$1. Price ranges per hundred weight for various grades at Chicago are: choice, \$15 to \$16; good, \$14.25 to \$15.25; medium, \$12 to \$13; common, \$10 to \$11; cutter and canner and bologna, \$7.45 to \$8.45. The Price Administrator and the War Food Administrator are to determine and publish prices at other points in line with Chicago prices.

cago prices. As soon as practicable, the War Food Administrator is directed to put into effect a system of allocation of live cattle to slaughterers and feeders to maintain "equitable distribution of available supplies."

Mail Christmas Cards Now
Christmas cards to soldiers overseas should be mailed at once, the War Department says. They must be sent in sealed envelopes as first class mail. Christmas cards mailed now will reach even the most remote APOs by December 25, according to the Army Postal Service.

Predict Apple Coffee for Duration
"Coffee supplies in the U. S. should remain ample for the duration," according to George C. Thierbach, President of the National Coffee Association. Imports into the U. S. this year were in excess of any prewar year except 1941. Recently Chester Bowles, General Manager of OPA, said "There is not the slightest idea of rationing coffee again." Coffee stamps in Ration Book Four were designed and sent to the printer months ago when coffee was still being rationed.

Farmers Produce Enough Food
American farmers are producing enough food this year to provide civilians with a nutritious diet and meet military and lend-lease requirements, the Office of War Information reported recently on the basis of data from the War Food Administration. Everyone in the U. S. could have more nutrients than are essential for health, with the exception of riboflavin, if the supply of food available for civilian use were distributed equitably and prepared without loss of value.

550,000 Honorably Discharged
Approximately 550,000 officers and enlisted men were honorably discharged from the army between December 7, 1941 and August 31, 1943, according to the War Department. Approximately 200,000 men over 35 years of age were released to accept employment in essential industry or agriculture. Of the remaining 350,000 discharges a large majority was for physical and mental disability.

STUDENT COUNCIL MINUTES

These standing committees were appointed:

Social—M. Whipple (chairman), J. May.

Assembly—E. McClellan (chairman), A. Modick.

Clean-up—D. Baran (chairman), P. Schanz.

Constitution—L. Kohsman (chairman), D. Perkins, M. Whipple.

Victrola operators—Senior: A. Modick, D. Albert; Junior: J. Stassen, B. Richards, Sophomore: C. Stane, T. Smith.

Freshmen: J. Burg, H. Wehner.

Donald Albert will teach these people how to run the Victrola at a dance, or when he finds time.

Next Tuesday there will be an assembly. Miss Rogers, a dental hygienist, will be present.

Mr. Whipple gave a report on the plans for Sam's Hawkins and they were approved by the members.

The cheer leaders were to have charge of the pep meeting on Friday, November 5.

The Speech class will present a play and the chorus will give a program on November 24.

Mr. Johnson suggested that something be done about assembly etiquette. We will do this next week.

Mr. Richards suggested that we play music in the morning before school starts.

The meeting was closed by the bell.

CLASS NEWS

Senior

The Senior stand made its appearance on the football field for this season last Friday. The Senior play has been postponed until the latter part of January and the play committee is choosing a new play with more female characters, because there are few boys able to take part in the play. A short class meeting was held on Monday, November 1, at 3:30, purpose of which was to choose between blue and the grey graduation gowns. The majority wanted the blue gown set off with yellow tassels.

Junior

The Junior class is working on their party. Their campaign on cards ended Monday, November 1. They sold 295 cards, making a profit of \$59.00.

Freshman

The Freshman class is busy with their return party to the Sophomores. The entertainment committee has finished its plans.

CLASS OF '44 (?)

Richard Beal was born in the town of Chelsea on January 19, 1926. He has dark brown hair set off with the most gorgeous brown eyes. He stands 5 feet 10 inches and weighs 168 pounds. Dick likes everything but fish and baseball stands as his favorite sport. His favorite color is a delicate light blue.

Irina Ruth Brueckner made her appearance in Chelsea, Michigan on July 9, 1927. Irina is almost the baby of our class. She has medium brown hair with baby blue eyes. She stands 5 feet 3 1/2 inches tall. She's quite timid about her weight, saying that she weighs 100 plus. Oscar (that's her nickname), eats anything distinctly as food. Her favorite sport is basketball. She likes red as her color.

ASSEMBLY

The student body was entertained during a busy period on Wednesday by the light. Finnegan of Camp Waterloo, Lieut. Finnegan gave an interesting talk on his branch of the service—the Military Police. Originally from New York, he told of his induction and his experiences. He traveled through Michigan with the Military Police Caravan, and he was also stationed in Detroit for a while after his discharge.

Lieut. Finnegan also spoke on the organization of the Military Police. He told how differently the men are selected in this war. Contrary to the tradition in World War I, now the men are selected for their ability, whereas they used to be chosen when they were not fitted for other service. 800 men are enrolled at Camp Waterloo, but about half of them are guarding soldiers or doing various jobs in Michigan.

He also stressed the point that boys should not quit school unless it is absolutely necessary. In the service, unless boys have actually graduated, they are listed as having only an 8th grade education. The same distinction is made of college boys unless they have graduated from college; they are considered as high school graduates.

We also learned of the strict routine that the men must endure. The speech was enjoyed by all and the hour closed with group singing led by Miss Botterly.

HOMEMAKING CLUB

The Homemaking Club is going to have a Halloween and Thanksgiving party together on November 10. The new members will be initiated then. The club had a campaign for new members. They were divided into two groups. The group that got the least members has to serve the refreshments at the party.

HOMEMAKING NEWS

Thursday, Mrs. Aiba Anderson visited the Homemaking room. She looked at the different work the girls were doing and was very interested.

Schedule:

Chelsea vs. Manchester (today) — there.

Roosevelt 13, Chelsea 7

Chelsea elected to kick off and Roosevelt took over on their 20-yard line. After Roosevelt ran the ball pushed as far. Her favorite sport is basketball. She likes red as her color.

Chelsea. The Chelsea boys were able to go nowhere, and so punted to the back from Ypsi. Then Chamberlain passed 25 yards to Geddes for the first score. The conversion was good. Score: Roosevelt 7, Chelsea 0.

Second Quarter

Neither team scored in this quarter and neither team threatened. Both teams found it hard running and the ball hard to handle, therefore many fumbles occurred.

Third Quarter

Chelsea received the kick-off and went for a few first downs when they punted to Ypsi. After Roosevelt could do nothing they punted to Chelsea.

Modick then took the ball on his own 20 and with the aid of a beautiful block by Stane went all the way for a touchdown. Stane then ran over for the extra point. Score: Chelsea 7, Roosevelt 7.

Fourth Quarter

With Roosevelt driving hard to regain the lead they received a first down on the 11-yard line. Then they went to the two-foot line on a pass and after three plays gained a first down on the one-foot line. It took them four downs to get their touchdown but Chamberlain plunged over. The extra point failed. Final score: Roosevelt 13, Chelsea 7.

It has finally come. The game of all games. This is with Manchester, at Manchester, on Thursday, Nov. 11. Chelsea hopes to take over where they left off last year when they defeated Manchester 47-0. Let's have a big crowd out to cheer the boys on to victory.

V-for-Victory—see you at Manchester.

HI-Y

An initiation was held for the new Hi-Y members on Wednesday night, November 3. Six new members were formally initiated into the club. The following day, as part of their initiation the boys wore a large sign indicating that they were new members of the club, and two handkerchiefs pinned to their backs. The handkerchiefs represented wings and not parachutes, as many students believed.

After the initiation a business meeting was held. Jim Gaunt was chosen as Service Chairman; Bob Eaton, Ser-

geant at Arms; Tom McClellan, Chairman; and Dick Richards, Publicity Chairman. It was decided that another initiation would be held, permitting other boys who were unable to attend the November 3 meeting a chance to join Hi-Y; this date will be announced later. The club will also sell Christmas cards this year as in previous years.

CHORUS PARTY

Well Chorus, it's all over with but the shouting—and this is the shouting. Hard times are over and here

we are back in school (of course you realize there are two forms of hard times). Everyone had a lot of fun at the affair and they won't forget it. At least no one will forget things like:

The decorations of pumpkins, corn shocks, leaves, and corn. Mostly corn.

The refreshments of cider and doughnuts and Mr. Cameron looking his usual well-fed self.

Phil with his hands and/or arms full. The cute alumnae (class of '39) that danced with Tom R. when girls had their choice.

The usual wolves that are impossible to forget. And who wants to forget?

The Triple Trio who sang "Manhattan Serenade," "The Man I Love," and "Pistol Packin' Mama."

The square dance (if your mind forgets, the scars will remind you), with Miss McDonald "yelling."

And oh yes! The contest where "Father" Bob Eaton played songs and a few kids had to guess what they were. (I could have told them it was

no use. He didn't know them either). Esther R. took the prize, with Jerome Burg a close second.

The end of the party, with a lot of laughing and silent rejoicing of the ones who weren't on clean-up.

CHORUS NEWS

Chorus is now being held three days a week, on Monday, Wednesday and Friday. They are soon going to start practicing and preparing for the Christmas Concert.

WAR COUNCIL

In order to raise money for a working capital for expenses, the War Council is going to sponsor an old-fashioned box social party sometime in the near future, at which the girls will bring lunches packed and the boys will bid on the boxes which will be sold to the highest bidders. The time will be given later.

G.A.A.

The girls are working on artificial

respiration. Miss McDonald timed them for the number of respirations per minute. This week they intend to start on fractures.

SHOP NEWS

The boys are working on many things and have finished the following articles: 6 chicken feeders, 2 rabbit pens, a farm gate, 2 occasional tables, a table lamp, 2 hog troughs, 6 shower floor racks, a trolley, a shoe shine box.

The boys are making the shower floor racks for the girls' shower room, which is to be fixed over.

F.P.A.

A practice meeting was held last Thursday. For the F.P.A. initiation that will be held in the near future the following committee chairmen were appointed:

Formal Initiation—D. Luick. Informal Initiation—R. Gross. Refreshments—A. Guenther. Program—R. Trinkle.

**"IT'S TOUGH
NOT
TO KNOW"**

IN MICHIGAN, a thousand miles away, his young wife is in the hospital. Ever since he got excused from drill he's been waiting by the public telephone—waiting to get a call through to the doctor—hoping to hear him say, "It's a boy, and they're both doing fine!"

But the wires are crowded with

calls that move armies and speed war production, calls from servicemen to the folks back home—and many civilian social calls.

So—patiently he waits. Waits and looks at his watch with a lump in his throat. And finally he'll have to go back to his barracks—to go to bed, but not to sleep.

If you want to do a good turn for soldiers and sailors, leave the long distance lines clear for their calls in the evening between 7 and 10. That is usually the only time they can telephone. And if you have a man of your own in the service, remember it's better to let him call you. If you try to reach him by long distance, he's often difficult to locate.

Order for Publication
At a session of said Court, held at the Court House in the City of Ann Arbor, in said County, on the 29th day of September, A. D. 1943.

Present: Honorable George W. Sample, Circuit Judge.

On reading and filing the bill of complaint in said cause and the affidavit of Frank A. Stivers attached thereto, from which it satisfactorily appears to the Court that the defendants above named, or their unknown heirs, devisees, legatees and assigns, are proper and necessary parties defendant in the above entitled cause, and,

It further appearing that after diligent search and inquiry it cannot be ascertained, and it is not known whether or not said defendants are living or dead, or where any of them may reside if living, and if dead, whether they have personal representatives, or heirs living or where they or some of them may reside, and further that the present whereabouts of the defendants are unknown, and that the names of the persons who are included therein without being named, but who are embraced therein under the title of unknown heirs, devisees, legatees and assigns, cannot be ascertained after diligent search and inquiry.

On motion of Frank A. Stivers, attorney for the plaintiffs, it is Ordered, that the said defendants and their unknown heirs, devisees, legatees and assigns, cause their appearance to be entered in this cause within three months from the date of this order, and in default thereof that said bill of complaint be taken as confessed by the said defendants, their unknown heirs, devisees, legatees and assigns.

It is Further Ordered, that within forty days plaintiffs cause a copy of this order to be published in the Chelsea Standard, a newspaper printed, published and circulated in said County, this publication to be continued therein once in each week for six weeks in succession.

Geo. W. Sample, Circuit Judge.

Countersigned:
Luella M. Smith, Clerk of the Court.

Take Notice, that this suit, in which the foregoing order was duly made, involves and is brought to quiet title to the following described pieces or parcels of land situate and being in the Township of Scio, County of Washtenaw and State of Michigan, described as follows, to-wit:

At a session of said Court, held in the Court House, in the City of Ann Arbor, on the 23rd day of August, A. D. 1943.

Present, Hon. George W. Sample, Circuit Judge.

In the above-entitled cause, it appearing that the defendant, Donald R. Walz, is not residing in the State of Michigan, and it cannot be ascertained in what state or country he is now residing, as is shown by the affidavit now on file in said Court and cause, executed by plaintiff; that plaintiff is unable to obtain personal service upon defendant of any writ from said Court, and it cannot be served because of his continued absence from the State of Michigan.

Therefore, on motion of James C. Hendley, attorney for plaintiff, it is hereby ordered that the defendant, Donald R. Walz enter his appearance in said cause on or before three months from the date of this order, and that within forty days the plaintiff cause this order to be published in the Chelsea Standard, a newspaper printed and circulated within said County. Said publication to be continued once in each week for six weeks in succession, or unless personal service can be obtained on said defendant.
