## 'Honor Camp' Opposed By Local Petitioners

The Standard contacted Governor Kelly and Warden Harry Jackson on Tuesday and they both give assurance to the people of this community that every possible precaution has been taken to conduct the honor camp at Cassidy Lake in a manner which will not in any way endanger anyone or interfere with their peaceful existence. They state that there are five guards at the camp which is under the supervision of Lt. George Parrish. All prisoners are carefully screened before they are accepted as inmates of the camp, according to Warden Jackson; they are men who have no vicious records, and are short termers now eligible for parole. The men are not allowed to leave the property and are under strict control at all times, according to Governor Kelly, who states that he and Warden Jackson pledge that every possible step has been, and will be, taken to make this honor camp a safe institution in the community. The Governor also stated that if anyone can show how improvements can be made an effort will be made to follow the suggestions, and that if it can be definitely shown that the camp is a detriment to the community the project will be abandoned.

Expressing emphatic disapproval of the State Corrections Commission's action in establishing a trade school and reclamation center for prison inmates at the former Cassidy Lake NYA camp, hundreds of local residents have signed petitions which will be delivered to Governor Harry F. Kelly this week.

Headings on the petitions set forth three reasons why the signers object to operation of such a camp in this community. The petitions read as follows:

"We, residents of the community adjoining and surrounding Cassidy Lake Camp, Lyndon Township, Washtenaw County, Michigan, do hereby petition you to abandon and discontinue the proposed Honor Prisoners Camp for the training of prisoners prior to their release, for the following reasons:

"1. The proposed camp will not be properly guarded in order to guarantee that prisoners will not escape.

"2. Chelsea has several defense plants that operate around the clock (Turn to Honor Camp—page four)

## Confine Lighting To Inside Christmas Trees

The American people have been asked by J. A. Krug, Director of the Office of War Utilities, to confine Christmas lighting decorations to Christmas trees inside private homes.

Mr. Krug asked that street decorations, community Christmas trees, exterior home decorations and interiors and exteriors of commercial establishments, dispense with decorations this year insofar as lighting is concerned.

"Government and industry have combined in a nationwide conservation campaign to save critical fuels and materials necessary to produce and consume electricity," he said.

"I am asking the American people to refrain from their Christmas lighting custom as a part of that campaign. Electric light bulbs are particularly short at present and strict conservation of them is necessary. Widespread consumption of bulbs during the Christmas season merely will mean a greater scarcity later on.

"Because of the shortness of daylight over most of the country at Christmas time, necessary consumption of electricity is at its peak. Everything we can do to avoid any additional load will mean direct savings of fuel, manpower, transportation and materials."

Mr. Krug said no mandatory order was contemplated because "the American people realize the necessity of this conservation and will do it."

**KIDDEES' CHRISTMAS PARTY**  
WILL BE HELD DECEMBER 18

The American Legion Kiddees' Christmas Party will be held at the Sylvan Theatre on Saturday, December 18 at 2:00 o'clock. Watch next week's Standard for the full program.

**HOUSE DAMAGED BY FIRE**  
Fire of undetermined origin considerably damaged the residence property of P. M. Brosamle, 122 Orchard St., about three o'clock on Sunday afternoon. The entire roof of the upright was burned and a portion of the ceiling. The fire department extinguished the flames but the building and contents were damaged by water. The lower floor was occupied by Miss Nellie Kelly, while Mr. and Mrs. Albert Hopkins occupied the second story apartment.

**RATIONING BOARD MOVES**  
The War Price and Rationing Board has moved from the town hall to the Geo. Doe barbers shop, next to Burg's drug store, N. Main St.

The son of Mrs. Mina Wiseman and the late George Wiseman, he was born July 17, 1915, and is a graduate of Chelsea high school. For nine years he has been in the employ of the Packard Motor Co., Detroit.

On March 22, 1941 he was married to Miss Helen Baxter of Chelsea.

## Error By War Dept. Causes Sorrow for Day

Local Boy Reported  
Killed In Action; Has  
Only Injury In Hand

LT. SWICKERATH

An error by the War Department, which seems almost inexcusable, caused a home in Chelsea to be blanketed in sorrow for more than a day last week, until a message was received to correct the error. Although the task of sending out official releases from Washington is immense and there is always the possibility of error, it would seem that casualty lists should be withheld until there is no doubt that information is authentic.

Sorrow came to the home of Mr. and Mrs. Carl H. Swickerath on Thursday evening, Dec. 2, when they received the following telegram from the Adjutant General's office, Washington, D. C.:

"The Secretary of War desires that I tender his deepest sympathy to you in the loss of your son, First Lieut. Carl H. Swickerath. Report received states that he was killed in action on Nov. 8 in Italy. Letter follows."

In a second telegram received by his parents on Saturday morning, the War Department advised Mr. and Mrs. Swickerath—page four

## MECHANICS SCHOOL GRADUATE

Keesler Field, Hixson, Miss. — Pfc. Amos P. Binder will graduate this week from the Liberator bomber mechanics school here and will be ready for line duty or further training under the Army Air Forces Training Command. He is a nephew of Mr. and Mrs. Elmer Lindemann, Chelsea, Mich.

Now qualified as a B-24 mechanic, Pfc. Binder will join the ranks of the green-clad army maintaining the big four-engine aircraft, be sent to a factory school for further specialized training, or go to one of the Training Command's aerial gunnery schools.

The course of approximately 17 weeks here taught him the intricacies of electrical and hydraulic systems, propellers, instruments, fuel systems, engine operation and aircraft inspection. For eight days before graduating, he applied what he had learned under simulated battle conditions at "Fort Liberator," a branch of the airplane mechanics school.

## FOOTBALL BANQUET

By "Doc" Alber

On Monday evening, December 13, the Chelsea football team will be honored at a supper given by the local Kiwanis club at the Tower Cafe.

Art Valpey, coach at the University of Michigan, will be the principal speaker. He will also show pictures of the Michigan vs. Northwestern game.

Coach Cameron will present the players with their letter awards and the captain for the coming year will be presented.

## NOTICE

Both rationing boards will be closed on Friday, December 24, the day before Christmas.

## Nutrition Facts Given By Chelsea Committee

The local Nutrition Committee is trying in their small way to keep before the public "Food" and its important place in winning the war.

To emphasize the importance of "Food" and how we must make it work in helping to win the war, we must ask for the cooperation of every housewife, retail outlets of all types of food, distributors of food, wholesalers, hotels, restaurants and all eating places.

To play square with our food, we must respect it for what it is—vital to the Nation's health, and vital as a war weapon. We must produce more food, conserve more food, share our food with the armed forces, Allied nations and liberated peoples, and observe strict rationing and price regulations.

In the observance of "Food Fights for Freedom" month in which the State and Nation has had an intensive educational program, we here in Chelsea have contributed to that program by placing special posters in the business places, by adding new material to our Nutrition files in the Library—new recipes on Michigan grown vegetables that you may take with you, booklets on all the facts of bread-making, and quick breads—a leaflet on the use of your pressure cooker, and many more.

With limited space in our local paper it would be impossible to place before the public all these valuable recipes and Nutrition tips.

When you visit the Library look over our Nutrition files—they may help you to add a new recipe, or a thought on how to make "Food Fight for Freedom."

The Home Making class in our local school contributed to the program by placing in Loeffler's window a display of enriched products, showing what products were enriched, why we need them, and what they contained. They had several posters, breads, flours and cereals to remind the public always to buy enriched products since these products contain Vitamin B plus iron, essential to good health.

The Nutrition committee is proud to say that a one hot dish meal is being served at present to our school children, under the able supervision of Miss Davies, the Home-Making teacher. To Miss Davies goes much appreciation from parents and the Nutrition chairman for this worthwhile project.

To the Home Making class for their window display and their contribution to the "Food Fights for Freedom" month, the Nutrition chairman wishes to extend thanks, and hopes for their further interest in our Nutrition program.

—Chelsea Nutrition Committee.

## War Films To Be Shown At Methodist Church

Two outstanding war moving pictures will be shown in the auditorium of the Methodist church on Tuesday evening, December 14 at 8 o'clock, under the auspices of the Fellowship club. The public is invited to see these pictures—"The World At War" and "Battle of Britain" and there will be no admission charge.

"The World At War" film opens with the bombing of Pearl Harbor, and also shows action on various battlefronts—"The Battle of Britain" is one of the most exciting films to come out of the war—the picture story of the Luftwaffe's terrible assault on Britain.

The Fellowship club will hold their regular monthly meeting preceding showing of the films, with a pot-luck supper at 6:30.

## PLACE TIN CANS AND PAPER AT CURB NEXT WEDNESDAY

The flattened tin cans must be in containers and newspapers and magazines must be securely banded. Loose paper will not be collected—even if in cartons, because of the bulk. Please cooperate with the salvage committee in this collection.

## 24 Years Ago

Thursday, December 4, 1919

During the high wind Saturday night considerable damage was done in the town and vicinity. The lighting circuit on the east side of the village was put out of commission, windows were blown in, outbuildings overturned, limbs broken from trees. East of town telephone poles were down, apple trees uprooted, barn doors blown off and chimneys demolished. A barn on the farm of P. M. Broesamle in Sylvan township was blown down. Considerable damage was done to the house and barn on the George Lindauer farm in Lima.

Miss Nina Beeman of Lyndon and John Dykema of Jackson were married on Wednesday, December 3, 1919.

Mr. and Mrs. Emerson Lesser have purchased a piece of land on West Middle street of Mrs. F. P. Glazier. Chelsea experienced a touch of real winter Tuesday night when local thermometers registered all the way from five below zero to five above zero.

The Lewis Spring & Axle Co. shut down this morning owing to a shortage of coal.

The fuel administration on Wednesday confiscated five carloads of coal that were on the track at the plant of the Michigan Portland Cement Co. The loss of this coal places the company in a position where they will have to close the plant in two or three days.

Miss Mabel Geyer of Freedom and Elmer Feldkamp of Saline were married on Thursday, Nov. 27, 1919.

Mrs. Fred Niehaus of Lima township has sold her farm to Fred Reichert of Scio township.

## 34 Years Ago

Thursday, December 9, 1909

A large number of bogus silver dollars are in circulation.

Charles Young, is moving from Lyndon township to his farm in Sylvan which he recently purchased.

John Wise, who has had charge of the cream station at this place for several years, has resigned his position and with his son will leave for California next week.

The Holmes and Walker's Hardware and Bazaar was entirely destroyed by fire early Friday morning. The Standard office was also badly damaged. The Standard has rented the building south of the hotel and are getting their equipment in shape as quickly as possible. In the meantime the Standard is using the Chelsea Tribune presses. Other concerns who suffered loss by water and smoke were J. J. Rafferty, Miller Sisters, the offices of Drs. Palmer and Gulde, Dr. H. E. Doffendorf and Kalmbach and Beckwith.

The high wind of Sunday afternoon blew down the windmill on the farm of M. L. Burkhardt in Lima. Mrs. Patrick Farrell of Dexter township died on Thursday evening, December 2, 1909.

## THE OLD JUDGE SAYS...

"Never knew that before, Judge... I would have sworn it was just the other way round."

"No, Arthur, the grain used in distilling war-alcohol is not wasted. In an efficient distillery up to 29% of it is reprocessed and is returned to farms like yours in the form of premium-quality livestock feed."

"Remember, this nourishing remainder is plumb full of protein, vitamins and carbohydrates and becomes a highly-prized feed concentrate."

"By developing new products from this processed grain, the modern distilling industry has taken a leading part in solving the vital shortage of cattle and poultry feed ingredients which are rich in vitamins B-1 and B-2, so essential to satisfactory growth and production."

"And what I have told you about the absence of grain waste in making war-alcohol, Arthur, also applies in the making of whiskey, although not a drop has been made in this country for over a year."

## Irrigation \$37.25 an Acre

The average Western Washington State irrigation system represents an investment of \$1,162 a farm and \$37.25 an acre. Studies have shown that systems costing more than \$40 an acre are not generally as profitable as less expensive outfits.

Natural Gas is doing an enormous war job in plants both in Chelsea and throughout the nation. It is proving a vital fuel in the production of war materials because it is dependable, gives instant, intense heat, and is adaptable to many different applications.

In homes too, Natural Gas functions as the silent, invisible servant. It heats the house, cooks the meals, provides instant hot water, and operates the refrigerator with "the flame that freezes."

Because of the many demands placed on Natural Gas today, the Government requests every family to use it wisely in the home.

# Merry Christmas, everybody?

**T**HIS YEAR, when you wish everybody Merry Christmas, think of the millions of American boys who aren't having such a merry time.

Think of the wounded soldiers in Italy, the half-frozen sailors on the Atlantic, the marines in Jap-infested jungles, the American captives behind Nazi barbed wire —

You'll find it a little easier to think about them if you're

doing everything you can do to help the cause they're fighting for.

**How can you help?**

By buying **extra War Bonds**.

Buy **extra Bonds** for Christmas gifts.

Buy **extra Bonds** for the boys overseas.

Buy **extra Bonds** for yourself and your family.

**And remember this:**

Every time you buy an **extra Bond**, you not only help pay for the guns and ships and planes that these boys must have — you also help bring nearer the day when they, like you, can gather around the Christmas tree with their wives and children and mothers and sweethearts and friends and say, "Merry Christmas, everybody!"

## SWICKERATH

(Continued from page one)

Mrs. Swickerath that the first telegram was in error and should have indicated that their son was slightly wounded. "Deeply deploring that er-

ror was made in such a serious matter and sincerely regretting the anguish it has caused," the Adjutant General added that "you will be advised as reports of condition are received."

In Saturday morning's mail the Swickeraths received a V-mail letter

from their son, written November 15, a week after November 8, when he was reported to have been killed. He told his parents that he was wounded in the hand, was in a base hospital and expected to be back in full duty status in a few days.

His uncle, Henry Swickerath, received a report in Washington that he was injured in the left hand by a mortar shell fragment.

Lt. Swickerath, who was inducted into the Army on April 3, 1941, first served with the Army Air Force Medical Corps at Camp Grant, Ill., and at Middletown, Pa. He received his second lieutenantcy in July of 1942 at Fort Benning, Ga. and was promoted to first lieutenant in September of 1942 at Camp Gordon, Ga. He also served at Fort Dix, N. J. before going overseas in August. He is attached to the intelligence division of the infantry, Fifth Army.

## HONOR CAMP

(Continued from page one)

and families (wives and children) are left home during the night. The workers are refusing to work the night shifts which, will seriously disrupt production schedules that must be kept at a peak. Many workers are women and must drive on the public highway near the camp at late hours in order to reach their destination.

"3. This community will be unsafe and undesirable as a place to live. Prospective purchasers of property will not locate here, but will look elsewhere for homes, because they will not care to have their families exposed to the dangers and influences of such a camp. People residing in this community will desire to sell, all of which will depress the value of real estate."

Although the camp was placed in operation last week when a group of prisoners were taken there to start training, Gov. Kelly is reported to have stated that the camp might be used to better advantage as a center for rehabilitation of wayward and delinquent children. Sponsors of the petitions objecting to the "honor camp" for prisoners indicate that they would also object to the latter program unless proper methods were employed to confine the camp inmates to the premises.

Merits of either program to be carried on by the state are unquestioned, but laxity in supervision and confinement cause the local objections, according to the petitioners. They believe that merely placing prisoners on their "honor" would not insure behavior which would make this a safe community in which to live.

**GIFTS FOR MEN IN SERVICE**  
The American Red Cross has pledged itself to see that no soldier or sailor in Michigan unable to receive a furlough for Christmas, will be without a gift this Christmas.

Washtenaw County Chapter's quota is 500 wrapped gifts. Mrs. John Worley, chairman of Camp and Hospital Committee of the Red Cross, is making this appeal to all residents of Washtenaw county, and so that the packages will be fairly uniform she asks that they be not less than \$1.00 in value and not over \$2.00.

Mrs. Worley suggests such things as playing cards, small games, cigarettes, cigars, small hard candies, a bill fold, stationery and pencil, handkerchiefs, toilet articles, army ties, puzzles, etc.

Each donor is asked to wrap the gift box in bright Christmas wrapping, enclosing name and address for the soldier's benefit, and those in Chelsea should be taken to Mrs. A. L. Steger or Mrs. Philip Olin on or before December 17.

Let's help our boys have a nice Christmas.

He gave a brief talk on the subsidies, and as all farmers who are acquainted with Mr. Atchinson know that the Michigan Farmers' Guild "does not stand for this subsidizing program."

## OFFICE NEWS

The fifth and sixth grades will present a Christmas program in the gymnasium the evening of December 21.

Tomorrow afternoon the Student Council is sponsoring a Clean-Up Day for the high school building and gym. St. Paul's play, "Henpecked Henry," will be presented tomorrow night in the gym.

The Pinckney boys and girls basketball teams will play here on December 14. The girls game will be played at 4:00 p. m. and the boys second and first team games will be in the evening.

## GET ACQUAINTED

Among the students of our school are too many unacquainted people. Many of the students think that as long as they know the members of their own classes they are well-acquainted. Too many people have their own private little groups, and refuse to go outside of these for friends. It would be well for every pupil to try and make one new acquaintance each week. Participation in extra-curricular activities aids in this a great deal.

Several methods of mixing students have been accomplished at parties. All of these help to make the pupils feel more at ease in school. Instead of soberly walking through the halls, try to speak to all whom you meet. This will create a more genial attitude of Chelsea students toward each other. A better atmosphere and greater cooperation will result, so see how soon you can identify every face that you see at school.

## STUDENT COUNCIL MINUTES

The president opened the meeting. The minutes were read and approved. The president asked for committee reports.

Donna Burman, chairman of the clean-up committee, reported that Mr. Johnson had approved the clean-up day plans, but he said it should be for half a day and on the last day will be given if possible. The committee must be sure that the clean-up day is held in the future.

Marjorie Whipple, chairman of the social committee, reported that parties for the rest of the year have been scheduled. She also reported that social dancing may be taught any time outside school hours. She is to see how many are interested in the plan before anything is done.

Claire McClellan, chairman of the assembly committee, did not report. Marjorie reported that the speech class will give a play Dec. 14. The committee is to plan a good Christmas program and more assemblies.

## CLASS OF '44

Richard Robert Fox was born on October 22, 1926. He is 5 feet 9 inches tall and weighs 165 pounds. Dick has his own recipe for his favorite dish, which is filled noodles and let me tell you it doesn't sound very enticing. He hopes to join the Air Corp which accounts for his favorite subject, mathematics. His pastime hobby, are you in for a surprise, is playing the sax or piano.

Lois Elmer Portman was born September 28, 1926, in Lima Township. Lois is one of the smaller girls in the Senior Class, being 5 feet 3 inches tall and weighing 104 pounds. She has brown hair and blue eyes. Her favorite food is salads of all kinds and she likes light blue particularly. Lois has no subject which she favors.

Chelsea 36—Grass Lake 25  
 The Chelsea varsity defeated Grass Lake by the score of 36-25.

Chelsea started with Modack and Bahnmiller at forwards, Othring at center, Alber (captain) and Gaken at guards.

Chelsea got an early lead on a basket right after the tip-off and at the end of the first quarter they were out in front 10-3.

Then Grass Lake started rolling and cut Chelsea's lead to two points. The score was 11-9 at the half.

It looked as though Chelsea was all done as the third period started, as Grass Lake got away to a 16-11 lead. After a time out Chelsea was able to tie the score 18 all at the end of the third quarter.

Then Chelsea started to roll by putting in 18 points in the last quarter while holding Grass Lake to 7. Nothing but the clock could stop Chelsea as they put in basket after basket. With the guards getting the ball down the floor fast and with some fine playing by Modack and Bahnmiller, the local lads had little trouble. Modack collected 17 points while Bahnmiller got 13 points for a busy evening.

On Tuesday, Dec. 14 Pinckney comes to Chelsea for the local lads' first home game. So let's have a club.

"No, this is not O'Toole's Garage!"

POOR LADY! This morning she got a call from Ben's Men's Haberdashery. And yesterday one for Larry's Bowling Alley. Judging from the piece of her mind she gave the last caller, her peace of mind is definitely disturbed. Unfortunately, mix-ups like these are bound to occur when people trust to memory in calling telephone numbers.

Even more unfortunately, a wrong number means an extra call on the already overburdened telephone system to correct the mistake. You will get fewer wrong numbers—and every one will benefit—if you will follow these practices:

1 If you are not absolutely sure of a number, check it in your telephone directory.

2 If you compile and use your own telephone list, go over it once in a while and eliminate obsolete numbers... write in the correct ones.

## VISION and SUCCESS

Vision is one of Nature's greatest endowments. Not alone the perception of objects with the eye but the vision which enables us to create high ideals, strive for greater things, and take the proper steps toward success.

Successful men, men with vision, learned long ago that a connection with a strong, reliable banking institution was essential for success.

We believe we fulfill the requirements for men with the keenest of vision and cordially invite you to allow us to cooperate with you.

## HERE AND THERE

Did you happen to hear the lo protesters-in the locker rooms Wednesday night after school? What happened? Report cards, of course. Then after the kids got home a meekly submitted the cards to the

parents there were some more p  
tests but on the part of the pare  
this time. Of course it's always  
teachers' fault that marks went do  
but sometimes its rather difficult  
convince parents of this. Many  
the kids whole heartedly wish t

there weren't little numbers to be card to signify the student's citizenship (especially the Latin II class).

The First Aid girls thought it had a victim when Gaunt's face so red in Mr. Chandler's English class. What was the reason for sudden blushing, Jim?

Flash! Latest development in Guenther-Freshman girl case. The whole convoy was seen at John's other night after school. Come on! let's not monopolize the Freshmen girls.

What was that horrible noise? someone getting murdered? No, only the girls taking showers at basketball practice. Was the water too hot, Rhea?

We always knew that Eleanor was an economical girl but trying to do a quarter's worth for a nickel in a juke-box didn't work, did it Eleanor?

The Board of Experts in Six Hour After-School class thought it out to be really EXPERT on Friday or did they?

Thursday morning most of our teachers lectured to us--and about report cards, too.

The Lost and Found Department at CHS seems to be doing a big business.
