Lieut. Stewart Writes From Burma Station

Mrs. Eric Stewart received the following letter from her husband, Lt. Eric L. Stewart, who is stationed somewhere in Burma. Lt. Stewart's work takes him from place to place along the supply line to China. He is with the Chinese army, with several other American officers. Mrs. Stewart and daughter, Lynne Maria, are making their home with her parents, Mr. and Mrs. Floyd Boyce.

Somewhere in Burma,
November, 1943.

Dear Ruth:
Greetings from the front over here to the home front. I hope you two girls and all your family and relatives and friends sleep safe and warm to night with no planes overhead except friendly passenger planes, and no people outside except friendly, neighborly ones. It is not always so with us. Life is busy and interesting here, but I can't tell you much about it. We did have turkey the day after Thanksgiving. Those wonderful planes dropped it here on Thursday evening and the cooks dreamed us up a real meal of turkey, sweet potatoes, mashed potatoes, gravy, cranberry sauce, peas, fried bread, dew berries and tea. Best meal I've had in a long time and the lads out here really appreciated it. Blackberry jam and canned butter too quite spoiled us.

I want to tell you about the first burial of an American boy I have witnessed over here. Chinese are buried almost every day but somehow or other one doesn't feel so deeply about them. This was one of our lads in one of the camps along the way out here, who had gotten malaria and came into the field hospital here. He was almost through his quinine-atabine course and was feeling quite well, eating in the mess hall, walking around and all. But late one night he developed a severe headache, went into a coma and was dead at 7:00 the next morning.

Over here we have no undertaking parlors so we bury people the same day and in this case we had not even an American cemetery, so Col. Willey and Doc Simmons and I picked one out and scheduled the funeral for sixteen-thirty. We got Mr. Case, who is a former missionary, and our garden expert, to conduct the service and a bugler to play taps. The entire hospital turned out and we had a very impressive service, with the men standing at attention and the shadows long (Continued on page four)

Fourth War Loan Drive Will Open January 18

The quota for the entire nation for the Fourth War Loan is \$14,000,000,000. The drive will start January 18 and end on February 15.

Chelsea's quota is \$325,000, of which \$75,000 is to be in "B" bonds and \$250,000 in all other types of bonds.

Solicitations during this bond drive will be made under the same plan as in previous drives. All persons working in manufacturing plants will be solicited in the plant in which they work, by fellow workers appointed to do this soliciting.

The downtown area will be divided, as previously, into smaller areas, and a solicitor assigned to each of these areas. This solicitor will see every person working in his area, and also every person living there unless the person works in some plant.

Teachers and all employees of the public schools will be solicited by someone appointed from among their number.

Another group of solicitors will see all other persons in the village and in School District No. 3 F.F., Sylvan and Lima townships.

The chief merit of this plan is that it avoids duplicate solicitation, thus saving a great deal of time for both the subscribers and the solicitors.

The War Bond Committee recognizes that under any plan, some persons may be missed, but if you will notify the chairman, H. C. Schneider, phone 2-1431, prompt attention will be given to any suggestions you may wish to offer.

CHELSEA MARINE WINS MEDAL
Pfc. Joe Hale, son of Mr. and Mrs. Vincent Hale, came in fourth place in the Marine Base championship meet and sixth in the 11th Naval District annual cross-country 3 1/4 mile championship meet at San Diego, Calif. He was awarded two ribbons and a 72-hour pass. His picture appeared in the Marine Corps Chevron, holding one of the two trophies awarded his team. The champs are going to Spokane, Wash. by plane for the Pacific Coast championship meet. Following the trip to Spokane they will end the season with a banquet served at the Club Shallmar in San Diego.

INSTITUTIONAL FOOD USERS!
Any business, church, lodge, or other organization already registered as an institutional user must re-register before January 15, 1944, if it wishes to continue to obtain food allotments. The blanks may be picked up at the local rationing office. This is important.

Press Breakdown Handicaps Standard

Due to a breakdown of The Standard's newspaper press, our paper is being printed temporarily in the shop of the Plymouth Mail, and as our type forms must be taken to Plymouth on Wednesday morning, it is necessary that all news items and advertising copy reach our office not later than Tuesday night.

We have purchased another newspaper press, which will be shipped from Cleveland the last of this week. It is expected that this new equipment will arrive on Monday, and that it will be erected and ready for our use the following week.

We appreciate the courtesy of our good friends, Bill Canfield, publisher of the Northville Record, in placing at our disposal the mechanical facilities of his plant to complete our run last week, and Elton and Sterling Eaton, publishers of the Plymouth Mail, for printing our paper this week and until our new press is installed.

There's a bright side to most everything—and the bright side of our misfortune is the fact that about nine tons of scrap metal will go to help knock the it out of Hitler and Hirohito.

Hart's Garage Sold To Lyman Dyer, Jackson

Geo. W. Hart, who has been in the garage business here for the past 16 years, has sold his business to Lyman R. Dyer of Jackson, who is now operating under the name of Dyer's Garage, the repair garage and gasoline station at US-12 and M-92, two miles south of Chelsea.

Starting in Chelsea in 1927, Mr. Hart later moved to old US-12, where he enjoyed a good business as a day and night truck stop and emergency service. His most popular piece of equipment was the large wrecker, sometimes called "Big Bertina," which has never failed to handle any wreck job to which it was put, often going to Three Rivers, Tekonsha, Lansing, Monroe and other points within a 90-mile radius.

When the highway was relocated in 1939, Mr. Hart moved with it, erecting a garage building large enough to do all truck work inside. Many truck drivers have said that George Hart was one of the best mechanics between Detroit and Chicago, and it is Mr. Dyer's ambition to become as well and favorably known along US-12. We bid him welcome to the community and wish him the best of success.

George says he has no plans for the immediate future, as both he and Mrs. Hart are very busy trying to regain their health, for it has been no easy task in these war days to "keep 'em rolling."

Finance Committee To Audit Village Books

At the regular meeting of the village council on Monday evening it was voted to place the auditing of the village books in the hands of the council's finance committee, with authority to obtain other help, if necessary. This action was taken due to the difficulty in obtaining an auditing firm to do the work, and also as an economy measure. The audit must be completed by March 1.

E. W. Eaton, who was appointed by President Mayer to fill the council vacancy caused by the resignation of John O'Hara, assumed his new duties Monday night. Mr. O'Hara's resignation was prompted by his inability to attend the council meetings due to his night employment in Ann Arbor.

TRAINING AT INSTITUTE
Cookville, Tenn.—Private Theodore R. Combs, 21, of Chelsea, Michigan is training at Tennessee Polytechnic Institute, for course of instruction lasting approximately five months prior to his appointment as an Aviation Cadet in the Army Air Force Flying Training Co., and. During this period he will take numerous academic courses, as well as elementary flying training. Upon completion of the course he will be classified as a navigator, pilot or bombardier and go on to schools of the Flying Training Command for training in these specialties.

SCOUTS TO COLLECT FATS
The Girl Scouts will collect waste fats on Saturday, January 8. Please have the fats ready for collection.

Herman H. Dignan, Secretary of State, has announced that a branch office of his department will be established in Chelsea and that he has named A. D. Mayer as manager of the local branch.

This branch office will be located in Mr. Mayer's office and will be opened in the very near future, according to Mr. Dignan, who states that he is convinced that this is a much needed service to the citizens of Chelsea and surrounding community, especially in the matter of license plates.

Residents of the community will welcome this action by the Department of State, as it will be a real convenience in the purchase of plates, transfer of titles, etc. It also represents a saving in the use of gasoline and conservation of tires to be able to purchase plates here rather than driving to Ann Arbor to obtain them.

As the new 1944 car license plates are now on sale throughout the state, Mr. Mayer expects that action will be taken within a few days to have the local branch in full operation.

Farmers' Week At MSC Will Be Held Feb. 1-2-3

Built around the theme of "Farm Battlefronts for 1944," the 29th annual Farmers' Week, Feb. 1, 2, 3, at Michigan State College lists 104 scheduled events in spite of a streamlined version squeezed into a three-day program.

More than three thousand soldiers are in training on the campus, plus another three thousand students, yet more than a score of state associations will hold their annual meetings during the three-day period.

Plans announced by E. L. Anthony, dean of agriculture and general chairman, and R. W. Tenny, program chairman, indicate the highlights of each day. Most farm families, if they eat, will bring thermos bottles and baskets of lunches.

Tuesday, Feb. 1, general sessions will feature Prof. Floyd W. Reeves of the U. of Chicago, describing post-war education programs, and Mrs. Mark W. Clark, wife of the commander of the American Fifth Army, "When Our Boys Come Home." Five dairy breed associations, cow testers, sugar beet growers and horse breeders will meet. Agricultural departments will offer information on efficient wartime production on Michigan farms.

Wednesday, Feb. 2, Lewis Bromfield of Lucas, Ohio, is to discuss "Our Heritage, the Land." Sheep breeders, lamb feeders, Master Farmers, short course graduates, the state crop improvement association, beekeepers, muck farmers, rural educators, sociologists, state institutional herdsmen and the Michigan Dairy Goat association are scheduled for meetings.

Thursday, Feb. 3, will include sessions of beef cattlemen, muck farmers, Michigan State Grange, farm managers, state farm superintendents, turkey growers, milking shorthorn breeders and park foresters. In the afternoon H. P. Rusk, U. of Illinois dean of agriculture, will indicate how farmers can face 1944. In the evening Demaree Bess, war correspondent, is to describe "The War As I See It."

One lone session will be held Friday, Feb. 4, when the Michigan Essential Oil Growers' association holds its annual meeting.

United States census enumerators will begin their work Friday, Jan. 2, 1920.

A. K. Collins, F. L. Davidson and Roy Dillon, while on a hunting trip, became tired and discouraged and sat down on a blown-over tree. Suddenly they discovered that they were in the midst of a swarm of bees. After numerous stings and considerable labor, they secured between thirty and forty pounds of honey from the tree on which they had been sitting.

Mrs. Maria Backus, Sargent, who died last week at the home of her daughter, Mrs. Herman M. Woods of Ann Arbor, was one of the first settlers in the village of Chelsea. Her father, Lewis Backus, was the first person to die in Chelsea, and her son, Eddie Sargent, was the first child born here.

The stockholders of the Farmers and Merchants Bank were paid last week by a receipt of a 3 per cent dividend. The bank also placed \$1,000 in the surplus and added the same amount to the undivided profits.

Geo. Taylor, aged 64 years, died from an aneurysm on Dec. 27 at Goshen, Mich., and was buried in Oak Grove cemetery. He spent about 20 years in active business life in Chelsea.

James Tallman is nursing a smashed finger as the result of too intimate acquaintance with a die press at the State Works.

Standard Liners Bring Quick Results!

By GENE ALLEMAN

"It was the best of times, it was the worst of times, it was the age of wisdom, it was the age of foolishness, it was the epoch of belief, it was the epoch of incredulity, it was the season of Light, it was the season of Darkness, it was the spring of hope, it was the winter of despair, we had everything before us, we had nothing before us, we were all going direct to Heaven, we were all going direct the other way—in short, the period was so far like the present period, that some of its noisiest authorities insisted on its being received, for good or for evil, in the superlative degree of comparison only."

When were these words written? No, guess again.

Possessing all the timeliness of 1944, they were written in 1860 by Charles Dickens. The words form the initial paragraph of Dickens' greatest work, "A Tale of Two Cities," a story of the French revolution 70 years earlier.

Approaching events of history cast their shadow ahead. On the basis of current information, we predict for 1944:

BUSINESS. Another boom year!

The curve of the industrial index is climbing higher. It makes the pre-war years look like the first steps of a tall ladder. Back in 1929 when they say we had prosperity, the peace-time record was \$48 billions. The estimated sales total for 1943 is \$63 billions, and the experts insist that higher prices in 1944 should boost this dizzy sum to around \$65 billions! As long as Germany holds out, American arms production generally must continue at high level.

FAIR INCOME. Cash farm income is expected to rise 5 to 10 per cent in 1944 for another new record. Yet the sale of goods to farmers may decline due to shortage of merchandise. Farmers are accumulating surplus earnings for the post-war period. They will be heavy buyers of consumer durable goods (refrigerators, etc.) when the situation eases. Watch for a farm land boom. It's already on the way.

INVASION. The big channel invasion is likely to take place between April and June. The Balkans invasion, probably a diversionary thrust may come earlier. Invasions will bring new gasoline restrictions for American motorists. Casualties will grow. The time is here for frontal attack by the doughboy, supported by air and land artillery. Air power alone will not knock out Germany. We predict: Unconditional surrender of the Nazis by late autumn.

POLITICS. President Roosevelt will be a candidate for a fourth term, and the Republican national choice will be either Thomas Dewey or Wendell Willkie. Vanberg's pro-MacArthur boom is a tactical move only. Michigan Republicans are confident that Harry E. Kelly will be re-elected, and this cocksureness is enhanced by uncertainty among Democrats as to their leader. Inability of soldiers and sailors to vote in the 1944 election, due to lack of time, handicap of distance and inadequate legislation, appears to favor G.O.P. chances.

LEGISLATURE. Michigan's special session of the legislature will convene about Feb. 1 at Lansing for consideration of limited fiscal and war needs. With \$50 millions in sight for post-war planning and the sales tax assuring continued revenue throughout 1944, legislators will be inclined to be generous. The governor's program of long-range planning and year-to-year spending will be put to practical test in 45 days.

gram of long-range planning and year-to-year spending will be put to practical test in 45 days.

GRAND JURY. Michigan law definitely provides for dual responsibilities: To Judge Leland Carr of Lansing; full responsibility for the grand jury investigation and indictments; to Attorney General Herbert J. Rushton, full responsibility for trial prosecutions. We predict: That when the facts are revealed WHY Jay Linsey of Grand Rapids was named prosecutor, Rushton will emerge stronger than ever in public confidence.

LOBBYISTS. The grand jury investigation has resulted in indictment of several legislators and a few individuals who were interested in pending legislation at Lansing. Hence, the so-called lobbyists are vulnerable in 1944 to legislative reform. Any severe restriction would affect legislators as well as lobbyists, for it is ethically possible for an attorney to serve both the people and a private client when he votes as a member of the house or senate. We predict that the legislature will impose mild regulations, if any.

TIMBER. Forests of Michigan are being depleted rapidly of valuable timber. The Lake Superior region once supplied from a quarter to a third of the nation's total lumber cuttings. Today, it possesses less than 4 per cent of the nation's standing timber, and one-half of this is held by big corporations such as General Motors, Ford Motor, and Calumet Hecla. The state planning commission recommends that the state acquire the largest unbroken tract of virgin hardwood timber in the United States—130,000 acres comprising the Porcupine Mountains in Gogebic and Ontonagon counties. This is a beautiful and spectacularly scenic region. Lumberjacks are now at its borders. Action by 1945 may be too late.

AUTOS. General Motors reports it is possible, with government cooperation, for Michigan automobile plants to reconvert and retool in three

Tightening Up On Non-Fathers

Local Selective Service Boards are tightening up on non-fathers, lessening the number of agricultural and occupational deferments for them, and at the same time increasing the number of these deferments for pre-Pearl

Harbor fathers. It was revealed by a comparison of local board reports for October 1 and December 1 by Selective Service National Headquarters. Total deferments in agriculture, December 1, were 1,606,681 of which 602,252 were fathers. This was an increase of 28,674 agriculturally deferred fathers between October 1 and December 1. Selective Service figures it will be required to furnish between 1,900,000 and 2,100,000 men to the armed forces between December 1 and July 1—thus providing 700,000 to 900,000 replacements and bringing total

months and to effect full production in six months. Defeat of Germany by mid-summer could mean partial production of automobiles by Thanksgiving. We predict: New automobiles not later than spring of 1945 for essential war workers.

RESORTS. Our third summer in war, plus nerve jitters from invasions, will stimulate public demand for rest and relaxation. Michigan's northland resorts should have a fine season, if their facilities are adequately publicized.

strength of all forces, including the WAVES and WACS, to 11,800,000. During October and November, an estimated 150,000 men were reclassified out of IV-F for reexamination by the armed forces.

Public Wants Alarm Clocks

What are some of the shortages which have bothered you most? Nearly 5,000 persons throughout the country were asked this question, in a recent survey of consumer requirements made by the Office of Civilian Requirements. The most serious inconvenience and hardship is caused by the shortage of alarm clocks, although shortage of food affects the greatest number—followed in order of numbers by elastic, galvanized wire, some textile products, and alarm clocks. "Most of the needs brought out by this survey can and will be met," Arthur D. Whitehead, vice-chairman of OCR, said.

Bowles Summarizes OPA Work

Chester Bowles, OPA Administrator, recently summarized the job OPA has done in 1943 in holding down the cost of living and in distributing rationed products. A year ago, Mr. Bowles said, round steak was 3 cents higher a pound, pork chops were 5 1/2 cents higher, lamb chops 2 cents higher, and leg of lamb 1 1/2 cents a pound higher. Today "Meat in gen-

eral is averaging about 7 per cent under the figures of Christmas, 1942." In general, Mr. Bowles said, "Average out almost exactly the same as last March. Rentals have also remained about the same for the last year. On clothing... prices are up by 5 1/2 per cent since Christmas a year ago. Today, the cost of living stands approximately where it was eight months ago. That is a record the whole country can be proud of, because it was the first time since January, 1941, three years ago, that the cost of living has been held so stable for so long."

OPA Honors Volunteers

The OPA War Service Award certificate will be presented during the week of January 2 to 85,300 men and women who have served 100 hours or more as volunteer aids on local rationing boards during the two years the boards have been in operation. Distinguished Service pins will be awarded the 9,060 volunteers who

have served 500 hours or more. In addition to certificates for board assistants, the 6,000 board members will receive lapel buttons with the inscription: "War Price and Rationing Board—OPA—Meritorious Service."

Address Ration Books

Hundreds of lost ration books dropped in the mails by the finders are being sent to the Dead Letter Office every month because owners failed to fill in their addresses on the covers, according to OPA. Every holder of a ration book should make certain that his current address is plainly written in the space provided for that purpose on the cover.

Advertising Near Week-end

Food consumption is about the same every day in the week, but 80 per cent of food advertising in newspapers is done on Thursday and 88 per cent of all food advertising in newspapers appears on Thursday or Friday.

ON TIME
ALL THE TIME

Natural Gas is doing an enormous war job in plants both in Chelsea and throughout the nation. It is proving a vital fuel in the production of war materials because it is dependable, gives instant, intense heat, and is adaptable to many different applications.

In homes too, Natural Gas functions as the silent, invisible servant. It heats the house, cooks the meal, provides instant hot water, and operates the refrigerator with "the flame that freezes."

Because of the many demands placed on Natural Gas today, the Government requests every family to use it wisely in the home.

OFFICE NEWS

The Chelsea high school boys' basketball team will play the alumni tomorrow night.

The high school team will play at Dexter on Tuesday, January 11.

The senior play is to be presented on Saturday evening, January 29.

STUDENT COUNCIL MEETING

The meeting was opened by the president. Minutes were read and accepted.

Leota reported that Ruth Ann Schenk could probably get a Santa Claus suit.

Andy Modack suggested that Senior

pencils be given to those persons who weren't here to draw names.

Members were assigned to inspect the doubtful presents.

Donald Perkins and Tom McClear will take care of a tree.

Leota suggested that some Council member visit some other school's Council after Christmas vacation.

The meeting was closed by the president.

GRADUATES OF '44 (?)

Dorothy Geraldine Grau was born on March 12, 1926 at Chelsea. She arrived with blue eyes and brown hair, and, accidentally, has kept them up-

to-date. Her favorite color is blue, and although she quite often doesn't have time for breakfast, she is always ready to eat scalloped potatoes.

Dorothy hopes to get involved in some type of office work after graduation. Duane A. Haffey arrived September 28, 1926 in Sylvan. He is 5' 7" in. and has blond hair with blue eyes.

Even though his favorite color is bright red, he is one of the quietest boys in school. He hopes to join the Air Corps after graduation.

HOLIDAY VACATIONS

Every year everyone looks forward to Christmas and the vacation which follows, and then before they know it, it is all over with and they find themselves back at school.

This year due to the war traveling conditions weren't very desirable so many chose to stay home during their vacation, and get a little extra rest and catch up on their reading. A few, however, spent their vacations out of town.

SENIOR SHORTS

The various committees for the play, which will be given January 29, have been selected. They are:

Buildage Face Three Games in Next Two Weeks

On Friday, Jan. 7, Chelsea's basketball team will face a strong alumni squad. The Alumni is out for revenge for their defeat at the hands of the high school boys of last year, so for a full evening of entertainment come to the gym on Friday to see one of the best games of the year.

Chelsea vs. Dexter, Jan. 11 (there)

On the following Tuesday our boys go over to the town of Dexter to face a veteran Dexter squad. With a lot of boys returning, Coach Wilber should have a strong team.

Chelsea vs. Saline, Jan. 14 (there)

For their first game in the Huron League in defense of their Western Division championship, Chelsea plays Saline. Although Saline ended up third in last year's race they always have a tough team to beat.

So for three good basketball games in the next two weeks keep these dates open:

January 7—Alumni, here.

January 11—Dexter, there.

January 14—Saline, there.

For a complete schedule see some Senior and buy a pencil.

V-for-Victory. See you at the Senior stand.

ELEMENTARY GRADES

Seventh Grade—Helen Jarvie

We were very happy on Monday because our attendance was very good. There were only two people absent.

Some of the people in our class went away during Christmas vacation. Thelma Joseph went to Chicago; Bill Lyons to Zanesville, Ohio; Beverly Booker to Nashville, Tenn.; Ellen Moore to Sylvania, Ohio; Rowena Lentz to Columbus, Ohio, and Edward Adams to Milliken, Mich.

In geography we have an assignment that is very interesting. We may take anything in the means of travel, transportation and communication and give a report on it. The reason for this is to help us to get better acquainted with each of those.

We had a Christmas party which turned out very well we thought. We had refreshments and entertainment. Also exchanged gifts and had a happy time. Miss Fox gave everyone four pencils with our last and first names on. We were very pleased to receive them.

Last Week's Seventh Grade News

David Knickerbocker

Our stamp sale was \$12.70, bought by six people.

We are using protractors and compasses in arithmetic. We are not doing so well with them.

The girls made rolled cookies for Home-Making. They were very good.

Most of the boys in Shop are making bread boards or tie racks.

ENTERTAINS KIDDIES

Miss Ida Keusch entertained at a kiddies' party on Wednesday afternoon in honor of her nephew, Robert Weber of Battle Creek and her niece, Ellen Keusch of Cavanaugh Lake.

Miniature Christmas trees furnished the decorations and the story of the first Christmas was read by Miss Keusch, after which Christmas carols were sung and refreshments were served.

How about doing something for him?

He's away at camp and he wants to telephone home.

How about giving him a break?

There will be a better chance for him if you will limit your own night-time Long Distance calls to those that are really urgent.

This is especially important between 7 and 10 o'clock each night.

over the hills as we lowered them into the ground, and Mr. Case threw in the rich brown earth of these hills and pronounced "ashes to ashes," etc. Some of the lads had wet eyes.

It is particularly awkward for a boy to die over here other than a violent death for a soldier's lot in time-honored tradition is to go down nobly and bloodily on the field of combat. Yet because this is more than ever in history a war of supply and communication lines and so many men must man and guard them some of the lads will find their last resting place far from home in just such a manner as this one.

A peculiar thought occurred to me during the ceremony, though. One of our transports came in to drop supplies in the middle of the service and looking at it I thought that here was a parable of our mission in this war. As one of the number falls and is properly taken care of still others continue on their ceaseless job of supplying bread and wine to sustain life for the remainder. In war we do not close up shop and suspend activities even for an hour to care for those departed, but rather add the additional duty of services to our previously assigned ones which is in reality no different from peace time.

Thinking of this lad and the pilot who came out of the jungle is reassuring because it is proof that our buddies and Uncle Sam whom they represent are interested in each individual regardless of the millions of replacements waiting back home. This may be a bit sombre but I wanted to get it off my chest, so thanks for listening.

ORCHIDS for your Standard Oil Dealer? Well, he wouldn't expect them. And yet the vital character of his job and the steadfast way he is doing it are worthy of real recognition. Without his services on the home front, the war effort would be impeded. For instance—millions of war workers have no way of getting to work except by auto. At some plants 80% of employees get to and from their jobs by car. 2,211 U. S. cities with 11,162,000 population have no trolleys, buses, or other transit facilities—depend on private cars.

The rationing system recognizes the necessity for a minimum amount of driving on the part of all motorists.

be an address by Larry Knox, Chief of Police of Wayne, and State Commander of the American Legion; and a well-known radio personality, Jerry McSafely, the "Charlie McCarthy" of the Detroit Police Department. The conference will be directed by John S. Bugas, Special Agent in Charge of the Detroit field office. A talk on Selective Service will be presented by a special agent of the FBI, and a new film of battle scenes in Europe will be shown. This film has just been released.

Invitations have been extended to all law enforcement officers in Monroe and Washtenaw counties, as well as to all railroad police officers and prosecuting attorneys. Invitations have also been extended to all auxiliary police officers through their various departments in a further effort to consolidate law enforcement bodies in the area to meet any emergency in the war program which may develop in the future.

AMERICAN PEASANT

The civil dream known throughout the world as the UNITED STATES OF AMERICA is based on the ideal of individual free enterprise bounded, for the common good, by equity and fairness for ALL.

Equity and justice are determined by arbitration at common law. The common law foundation is provided for in the CONSTITUTION OF THE UNITED STATES. Common law is promulgated and established by the Congress which is composed of men and women like you and me. If any law favors some special group among all of us, that law is inequitable and has no rightful place in the American scheme of things. Every American subscribes to this arrangement either jealously or involuntarily. It is his heritage.

An increasingly large body of American industrial workers is being deliberately led away from this thesis by opportunist leaders who seize upon the widespread lack of understanding among us to further their own special interests at the expense of everyone else.

You, who are only indirectly affected by this menace, MUST help us. To us, who have held our line consistently since the beginning of these thrusts, the need is obvious. The alternative is: eventual submission of the AMERICAN DREAM to a system of autocracy, emanating from those MIS-LEADERS who would set-up independent kingdoms for themselves among us.

Have you read the PREAMBLE lately? Read it with us and think about it with us right now:

"We, the people of the United States, in order to form a MORE PERFECT union, establish JUSTICE, insure DOMESTIC TRANQUILITY, provide for the COMMON DEFENSE, promote the GENERAL WELFARE, and secure the BLESSINGS OF LIBERTY TO OURSELVES AND OUR POSTERITY, do ordain and establish this Constitution for the United States of America."
