Congregational Church Observes Anniversary

The 95th anniversary of the organization of the Congregational church was fittingly observed by its members and friends on Sunday.

At the morning service special music was rendered by the choir, and Rev. Ray W. Barber of Dearborn assisted in the service of worship. The pastor spoke on the subject, "Our Heritage." The Sunday school was held as usual, with all classes well represented.

The fellowship dinner followed at one o'clock and was attended by more than 175 members and guests. The 2-15 chapter had charge of the tables and serving. The decorations were in yellow and green, using foliage with daffodils and yellow candles.

After the dinner, several of the old songs were sung and Rev. Skentelbury spoke a few words of welcome. The High School Triple Trio, under the direction of Miss June Betterly, sang several very pleasing numbers.

The history of the church was given in chronological order, with Miss Bertha Spaulding recounting the early history of the church in its beginnings in the '30s and '40s, when services were held in Lima and Sylvan under Presbyterian leadership.

Henry C. Schneider carried on the interesting story with the organization in 1849 to the time when a fire destroyed the first edifice in 1893. L. P. Vogel gave a vivid account of the village in that day and the fire which was such an outstanding event in the church's history. Mrs. Otto Hinderer took up the narrative from this date to the present time.

The brief reminiscences by Mrs. Wm. Davidson, Miss Nina Crowell and Mrs. Henry Schneider were full of interest and humor, and gave the listeners a clear picture of those early days. Mrs. Davidson is the oldest member of the church in point of service, having joined in 1876.

Letters of congratulation, as well as regrets for not being able to be present, were read from State Supt. Dr. Skidmore of Lansing, Rev. E. A. Carnes of Bloomington, Rev. A. E. Potts of Grand Rapids, and Clarence J. Chandler of Detroit.

Out of town guests were Mr. and Mrs. Casper Glenn and Mrs. Wm. Wright of Stockbridge, Dr. and Mrs. Dunstone and family of Milan, Mrs. Elizabeth Johnson and Miss Audrey Phillips of Dexter, Mrs. Edward Scheppner of Ypsilanti, Rev. and Mrs. Ray Barber of Dearborn, Roger Hinderer of Grand Rapids, Mrs. C. S. Kern and Miss Ruth Skentelbury of Detroit.

Home Nursing Class Holds Final Meeting

The final meeting of the Home Nursing class, taught and conducted by Mrs. Esther McCleery, R. N. of Ann Arbor, was held Thursday evening in the home economics room at the public school. Brief talks were given by Mrs. Walter Pomeroy, county chairman of the Home Nursing unit, and Miss Mabel McDonald of the school faculty. The latter spoke concerning accident prevention in the home.

The eight members who completed the course and will receive their diplomas are Mesdames L. E. Riemen-schneider, B. E. Peterson, Hugh E. Sorensen, I. Baldwin, W. Davidson, A. Mayer, Adolph Duerr and W. H. Franklin.

Another class will be started in two weeks. For any information regarding this, call Mrs. D. L. Rogers, phone 6431.

World Day of Prayer Will Be Observed Here

Members of the WSCS of the Methodist church will act as hostesses to the women of St. Paul's and Congregational churches at a World Day of Prayer union service, to be held at the Methodist church on Friday, February 25, at 2 o'clock.

The World Day of Prayer is an international interdenominational service instituted by the United Council of Church Women. Christians in 50 other countries will observe this same prayer service on that day.

Women of the various churches of Chelsea will take part in the worship service. Mrs. John Osterle, of St. Paul's church, will provide special music. Rev. Everett Major of the Methodist church will give a brief address.

A hearty invitation is extended to all women of the community to join in this world-wide day of prayer.

UNION LENTEN SERVICES

Union Lenten services are being held by the Protestant churches each Wednesday evening at 7:30. Next week the service will be held at the Congregational church, with Rev. L. I. Lord the speaker.

Pfc. Charles Bahnmeier, who has been stationed in the South Pacific for the past year, arrived on Monday to spend a 30-day furlough with his parents, Mr. and Mrs. Clarence Bahnmeier.

Red Cross Drive Starts March 1; Goal Is \$4000

Beginning March 1, Chelsea will again take part in a nation-wide campaign to raise money for the War Fund of the American Red Cross. Chelsea's quota is \$4,000.

The committee met at the home of Mrs. A. L. Steger, general chairman, last Thursday night, and made their campaign plans for a house to house canvass to begin on March 1.

Members of the campaign committee who will work with Mrs. Steger in the War Fund Drive include Mrs. Walter F. Kantlehner, Mrs. J. E. McKune, Mrs. D. L. Roberts, Mrs. Stuart R. Booker, Mrs. M. W. McClure and Mrs. D. D. Wolverton.

Kiwanians To Sponsor Woodworking Project

In an effort to interest boys of school age in acquiring a limited amount of woodworking experience, the Kiwanis club is sponsoring a project which will be carried on in the shop department at the public school.

According to the committee in charge of the project, any boy of school age may join the group, which will meet each Wednesday night from 7 to 9 o'clock. Any member of the group may bring old toys or other articles which he wishes to repair for himself with the aid of the supervisors in charge of the work, and new toys may be constructed from materials which will be furnished.

As a part of the project, the Kiwanis club is asking for the donation of old toys which will be repaired or refinished and taken to the crippled children at University hospital next Christmas. Anyone having such articles may telephone the public school and members of the Kiwanis club will call for them.

Capable instructors will be present each Wednesday night to supervise the work, and it is believed the project will provide a worthwhile pastime for many boys in the community who desire to learn to do work of this nature. All boys interested in joining the group should contact Supt. Johnson this week, as the first session will be held in the shop room next Wednesday night.

Day Care Worker Will Maintain Office Here

In answer to invitations from members of this community, Miss Frieda Huggett, County Day Care worker, has arranged regular office hours in Chelsea, starting February 29, to receive inquiries and look into local conditions. Miss Huggett will be at the Chelsea Electric & Water Dept., North Main St., on Tuesday from 4:00 to 5:30 p. m. Mrs. E. R. Dancer, 142 South St., phone 6421, has consented to take messages during the week for Miss Huggett.

From recent interviews Miss Huggett says she understands the greatest need in Chelsea at the present time is for Foster Day Homes for preschool age children of employed mothers. Quote: "When a woman feels that it is her patriotic duty to take employment during the war emergency, her problems are greatly simplified if she knows where to turn to find a reliable home for her child during her working hours." Unquote.

BAKE SALE
The Savage school club will hold a bake sale on Saturday, Feb. 26 at the Chelsea Hardware Co., starting at 8 o'clock.

Fourth War Loan Total Reaches Sum of \$459,243

Weekly sales of all bonds other than the ones to corporations have been as follows:

Jan. 1 to 17—224 sales ... \$ 7,031.25
Jan. 18 to 24—316 sales ... 28,437.50
Jan. 25 to 31—430 sales ... 39,356.25
Feb. 1 to 7—296 sales ... 30,062.50
Feb. 8 to 14—375 sales ... 36,189.50
Feb. 15 to 22—334 sales ... 18,437.25

Total—1975 sales ... \$159,514.25
Adding the sales to corporations of \$299,729.00, our grand total is \$459,243.25. We will get credit for all sales made between January 1 and February 29, so you still have time to help get the total figure nearer the half-million mark.

You will note that the average sale per person, not counting the corporation sales is \$80. Perhaps you are below this average, and if you are, you can help by buying another bond to bring the average up to \$100, where it should be for each person who is able to invest that much at this time.

The \$159,514.25 figure is the total of sales to individuals and covers all sales of E, F and G bonds. Next week, when we have the complete figures for the Fourth War Loan, we will break this figure down so we will know just how much we went over the top on E bonds, where the government is most anxious to have purchases concentrated.

Chelsea War Bond Committee.

Use of Ration Tokens Will Start On Sunday

Ration Tokens In Use Sunday
During the three-week period, February 27 through March 20, in changing from the old rationing program to the simplified token plan, two sets of stamps, green and blue, will be used for processed foods, and two, brown and red, for meats and fats. The old stamps, brown and green, will be used exactly as in the past at their regular value through March 20. The token plan will be fully in effect on March 21. Beginning then, processed foods can be purchased only with blue stamps and blue tokens, and meats, fats, and oils only with red stamps and red tokens. The blue and red stamps, effective February 27, are valued at 10 points each. All tokens are valued at one point each and will be given for change only when a purchase is made. No more than nine tokens need be given as "change" in one transaction.

BLOOD PLASMA DRIVE
The Women's Relief Corps is sponsoring a Blood Plasma drive and every one, who possibly can do so, is urged to contribute to the fund.

This is not a project confined to the members of the W.R.C., but everyone interested in helping to build this fund for the processing of blood is privileged to contribute. The money is used for a wonderful cause, and who knows but it may be the means of saving the life of one near to you.

Anyone wishing to contribute to this fund, please send contribution to Mrs. Harold Bair, 521 W. Middle St. or 8 o'clock.

You can't see the time it takes to bring Fox De Luxe to the peak of flavor perfection, but you can taste the result in every delightful sip and swallow of this fine beer. Yes, it's the slow, patient ageing that blends the mellow goodness of the malt with the zippy tang of the hops to a perfect balance of delicious flavor. That's why Fox De Luxe is never bitter—never sweet, but always "just right."

An innovation was instituted recently by the government, when, for the first time in the history of the country, Uncle Sam began the printing of his own postal cards. The work is done at the government printing office. Until all the presses are installed, the issue will be approximately 1,500,000 a day; afterward it will aggregate 3,500,000 a day.

The tenth anniversary banquet celebrating the dedication of the Methodist church will be held February 25 at 6:30 o'clock.

Frederick Oesterle died at his home in Sylvan on Saturday, Feb. 19. He was united in marriage with Miss Kathren Lehman in 1865. He is survived by the widow, five sons and two daughters. Interment in Oak Grove cemetery.

Mrs. Lydia K. Hollis died Feb. 23, after an illness of several weeks. She was born near Lisbon, Ohio, Aug. 3, 1842, and was married to J. H. Hollis, Sept. 14, 1865. For the past eighteen years she has been a resident of Chelsea. She is survived by her husband, and one daughter, Mrs. L. T. Freeman.

The Baptist church has extended a call to Rev. Frank Blanchard of Norvell. Mr. Blanchard occupied the pulpit Sunday and pleased all of his hearers with his discourse.

The Empire Theatre Co., which was billed for the Sylvan, didn't look very good to Mgr. McLaren when they arrived, so the dates were cancelled and the house has been dark for a week.

John Jensen has moved to his father's farm about two miles south of Chelsea.

The horse attached to a cutter in which the son and daughter of Eugene Smith of Cavanaugh Lake were riding, ran away in the village Wednesday morning, throwing the young people out and badly wrecking the cutter.

Otto J. Weber of Sylvan sailed from New York on Wednesday for Panama, where he will enter the Canal Zone Fire department.

George Mast, Sr. had the misfortune to fall Wednesday afternoon, striking in such a manner as to break his right leg.

BACK THE ATTACK—BUY BONDS

By GENE ALLEMAN

Michigan's soldier-sailor ballot plan, calling for the primary election July 11 and filing of candidates' petitions by May 16, is already speeding-up state politics.

Certain people must make up their minds.

For example, the Kelly-Keyes situation which is the current A-1 question in the Republican party. Will Dr. Eugene B. Keyes, lieutenant governor, abide by his 1943 pledge not to oppose Governor Kelly in the 1944 election or will he listen to voices of dissident partisans who would like to chastise the governor now?

In the Democratic camp the absence of a strong candidate is causing concern. Judge Frank Picard is adamant to please that he should forsake the federal bench for state politics. Former Governor Murray D. Van Wagoner is reported to be disinterested in the hazards of the gubernatorial two-year term and, on the other hand, very gratified by his substantial earnings as a consulting engineer.

Governor Kelly is a candidate for renomination and re-election. He has the support of a solid front of Republican officials: Secretary of state, state treasurer, attorney general and auditor general—all of whose terms end also next Dec. 31.

These men have the advantage according to the party in power. Their acts are being publicized almost daily by performance of public duties, as contrasted to the Democrats' handicap of awaiting-for nominees to emerge. The single possible threat to Kelly's

renomination in the July 11 primary is the independent and politically ambitious Lieutenant Governor Keyes who apparently has not made up his mind whether to run for governor in 1944 or in 1946. Last spring he authorized an interview statement, verified in writing, that he would not oppose Kelly for re-election in 1944. Recently he is said to have advised friends that he would not run for renomination as lieutenant governor in 1944. As these two statements are at

cross purposes, it may be assumed that Dr. Keyes has not reached a decision but will do so within the next ten weeks.

The Kelly-Keyes situation is not new in Lansing.

Governor VanWagoner found his running mate to be an attorney, virtually unknown upstate to party leaders, who possessed by happenstance the charmed and magic name of Frank Murphy. The two men had little in

common, and the lieutenant governor was not summoned frequently for consultation at the governor's office. Dr. Keyes and himself in much the same position of his democratic predecessor. During the 1943 legislative session he was not invited to the governor's office for counsel, probably for the reason that Kelly thought it more practical to get advice from other state leaders because of their background of experience.

GOOD?

They've got to be good!

And your gas appliances ARE good for a long war.

Simply and durably made, with reasonable care, they will continue to give you satisfactory service.

Clean the burners of your gas range regularly to assure a clean blue flame and even distribution of heat.

Avoid slamming the oven door, or dropping the burner parts.

The enamel surfaces can be kept looking new by removing spots and stains immediately.

Defrost your silent gas refrigerator every week. Be careful not to wrench the ice trays loose when they are frozen tight. Avoid overcrowding of shelves, which interfere with free circulation of air.

About once a month drain off a few quarts of water from the bottom faucet of your water heater to remove any sediment that may have collected.

What happens when your hat comes down?

SOMEDAY, a group of grim-faced men will walk stiffly into a room, sit down at a table, sign a piece of paper—and the War will be over.

That'll be quite a day. It doesn't take much imagination to picture the way the hats will be tossed into the air all over America on that day.

But what about the day after?

What happens when the tumult and the shouting have died, and all of us turn back to the job of actually making this country the wonderful place we've dreamed it would be "after the War"?

No man knows just what's going to happen then. But we know one thing that must *not* happen:

We must *not* have a postwar America fumbling to restore an out-

of-gear economy, staggering under a burden of idle factories and idle men, wracked with internal dissension and stricken with poverty and want.

We must *not* have breadlines and vacant farms and jobless, tired men in Army overcoats tramping city streets.

That is why we must buy War Bonds—now.

For every time you buy a Bond, you not only help finance the War. You help to build up a vast reserve of postwar buying power. Frozen Food Locker Plants Are Explained

In frozen food lockers—compartments arranged in refrigeration plants like safety deposit boxes in a bank—families can store perishable foods like meat, poultry, eggs, butter, fruits and vegetables.

The locker plants got their start in the middle west on a solid scale in the mid-thirties until now, about 1,500,000 families have food lockers in approximately 5,200 plants located throughout the country.

The War Production Board and War Food Administration have permitted about 1,000 plants to be built since Pearl Harbor. More are being built. More will be.

It is considered by health officials that the freezing of food is the most healthful way of preserving meats and vegetables. However, the modern locker plant goes beyond the mere storage of meats and vegetables. It is a modern packing plant. There are chilling rooms to remove animal heat. From there meat goes into an aging room to await processing, or in the case of beef, to be aged properly. The person who hangs his meat in a barn or garage to freeze and thaw with the change of outdoor temperature loses much of the flavor thus retained. Processing in a locker plant includes a multiple of services. Meat is cut into its various categories and wrapped in family sized packages with moisture-proof paper. It is then placed in a sharp freezer at 20 below zero. This process eliminates moisture separation, thus keeping the meat in its natural condition. Trimming cuts are ground into hamburger, thus eliminating all waste.

To those who desire, hams and bacon are cured and smoked. This service is rendered to many who do not have lockers in the plant. In the modern locker plant lard is rendered in steam heated kettles to prevent scorching and to maintain a much finer texture. Hams and bacon are cured in refrigerated rooms at constant temperature to assure the best quality possible, and then are placed in a heat controlled smoke house. Tenderized hams may be obtained if desired.

Normally, fruits and vegetables are packed at home in special containers obtained at the locker plant, then brought to the plant to be sharp frozen and stored.

Enthusiasm with which the use of locker plants has been accepted is shown by the long waiting list of people held by locker operators. Many plants have doubled and tripled their capacity and are still unable to supply the demand.

Lenten Menus

You can keep your menus interesting during Lent if you serve well-cooked, good combinations of favorite foods. Keep in mind the same balanced menu patterns that you use during the rest of the year so that the family will be well fed and happy. That pattern includes a good protein food such as fish, cheese or eggs. Add to this a supplementary nourishing food like macaroni, noodles or spaghetti and milk, and use plenty of vegetables in the diet.

These sample menus will give you an idea of what the balanced meal should consist:

Spaghetti with Mushroom and Tomato Soup Sauce
Grapefruit and Endive Salad with French Dressing
Pickled Beets Mixed-Pickles
Whole Wheat Rolls
Pineapple Upside-Down Cake
Beverage

Carrot Puffs Creamed Asparagus
Chopped Spinach Salad
Hot Yeast Rolls
Lemon Chiffon Pie
Beverage

Here are recipes for two of the main dishes in the above menus:

Spaghetti with Mushroom and Tomato Soup Sauce.
(Serves 6)

1 8-ounce package of spaghetti
1 can condensed mushroom soup
1 can condensed tomato soup
1 soup can of water or milk

Hard-boiled eggs
Combine soups with milk in top of double boiler. Cook until mixture is thoroughly heated. Cook spaghetti in boiling salted water until tender. Drain and arrange on platter for serving. Garnish with quarters of hard-boiled eggs. The tomato-mushroom soup sauce may be served from a side dish or poured directly over spaghetti before serving.

OFFICE NEWS

The Copeland District Boy Scout Court of Honor will be held at the school next Tuesday evening. Parents' Night will be held on Friday evening, March 31. Both boys' and girls' basketball teams play at Pinckney tomorrow afternoon and evening.

CLASS OF 44

A smiling blond baby was born in 1926 in Detroit to Mr. and Mrs. William Rademacher. Tom's favorite dish is hamburgers and coke; his favorite sport is baseball, and his pet subject is physics. He has recently applied and has been accepted in the Army Air Forces enlisted reserve and plans to enter as soon as he is eighteen. Tom's favorite color is blond and his favorite recreation is hanging around John's.

August 15, 1926 was the date that a screaming, bouncing blond with blue eyes made her first appearance in this world. Esther Riemenschneider's favorite foods is sweet potatoes and her favorite color is blue. Her favorite movie was Pygmalion and she just adores football and basketball. Esther has no plans for her immediate future after graduation but she likes school very much so she'll probably continue it.

ENGLISH 12

Mr. Chandler's English 12 class enjoyed a movie on the life of William Shakespeare last Thursday morning. The picture lasted about fifteen minutes and it is believed that it was enjoyed by all.

JUNIOR CLASS NEWS

The Juniors are busy working on the various committees for their class play, "Hook, Line and Sinker." This will be presented Saturday, March 25. Play practice is held every night after school.

NOT RESPONSIBLE

Last Friday at 6:30 the annual pot-luck supper, this year being sponsored by the Athletic Board, took place in the high school building. The Athletic Board has declared themselves not responsible for any ill effects of the supper.

Plenty of food was seen by the one first in line, namely Mr. Cameron, who has been a bachelor for the past week and therefore has been on a diet. When the end of the line came there wasn't much of a selection left. For those of you who were at the end of the line here's what Mr. Cameron viewed: dishes of escalloped potatoes, potato salad, macaroni and tomatoes, macaroni and cheese, pickles, celery and carrot sticks, plenty of jello, pans of sandwiches and cookies, and lots of cakes.

Since the Athletic Board is made up chiefly of boys and since they would have to wash dishes, you might have known people would eat off from paper plates. If the boys could have found paper spoons and forks everyone would have used them.

The Seniors had a stand and sold chocolate milk, green spot, coke, and really did some business.

All in all though the supper was swell and if the sponsors didn't lose any silverware or pans they can claim an absolute success and be really proud of themselves.

CHS. PEPS TEAMS

Two rousing, roaring pep meetings were held in study hall last week. One was held Tuesday, February 5, with the Juniors in charge and Jim Gaken as chairman. This was to pep the boys up for the Dexter game that night. Cheers were led by the cheerleaders, speeches were given by Coach Cameron, Don Alber, Bragdon Barlow and others. The Senior girls sang and the meeting ended with the singing of the school song.

The second pep meeting was held Friday, February 18. This was for the girls' game with Saline and the boys' game with Grass Lake. Miss E. McDonald, Mr. Cameron and Mr. Johnson were among those who spoke a few words. I must not forget that the pep meeting was in charge of the Sophomores with LeRoy May as the chairman. Cheers were given, the Senior Trio sang and the meeting closed with the singing of the school song.

STUDENT COUNCIL

The Student Council is giving a Shamrock Shm Dig party soon. LeRoy May is to invite the Dexter high school people. Marjorie Whipple is to find out who the sponsors are for the rest of the year.

GIRLS' SPORT DEPARTMENT

Chelsea vs. Saline

The girls played their last home game on Feb. 18 with Saline, and won, 21-9.

The starting line-up for Saline was: Riba, Steiner and M. Owen at forward; Kohler, Jordan and T. Owen at guard. For Chelsea, playing forward were Vail, Brueckner and Eisenbeiser; at guard, Harper, Clark and Winter.

It was a fast moving game with Chelsea keeping a lead over Saline the whole game. Score at half time: Chelsea 11, Saline 4, but the third found a raise in both scores and when the quarter ended Chelsea was leading, 19-9. In the final quarter there was mostly stalling and when the whistle blew the game was Chelsea's, 21 to 9.

Eisenbeiser was top scorer for Chelsea, getting 10 points, with Vail next, collecting 7 points.

This was the last home game for seven Senior girls: Lucht, Brueckner, Harper, Clark, Spaulding, Schmidt and Kohnman.

The girls played Friday without their captain, Virginia Lucht, who had the misfortune to break a bone in her ankle. E. Harper was acting captain.

Tomorrow afternoon the girls play their final game of the season at Pinckney; the last time they played the game ended 16-10. This time the local girls are out to win since it means the last game for most of the first team, who are Seniors.

TO THE HOME EC DEPARTMENT

Few of us who go through the line each day to receive our hot lunch ever stop to think of the people who make this wonderful opportunity possible.

If we did, however, we would find that the Home Ec girls with the assistance of Miss Davies, make up the almost entire staff. The food is prepared, managed, and planned by the girls of Home Ec III. This includes such things as marketing and bookkeeping.

Katherine Geer is treasurer of the Hot Lunch Program and handles more money than any other treasurer for any school organization.

Miss Davies organized what is known as the "Clean-up Squadron." This consists of Marjorie Ferguson, Janis Weir, Amelia Hess, Ruth Stone, Doris Trinkle, Gloria Fautey, Genevieve Hafner, Violet Vanderpool, Vivian Yokum, June LeVan and Catherine Fauser. These girls serve the food, take the dishes back to the Home Ec room, rinse the plates, wash and dry them, and store the dishes. All of the silverware is boiled for fifteen minutes to insure absolute cleanliness.

These girls that take part in preparing the food volunteer by the week and receive their meals free.

This project not only benefits the students themselves, but is an important factor in the war effort since it helps to contribute to the good health of the students. The girls and Miss Davies deserve much credit.

Buy War Bonds! Americans are still fighting—that means that we at home must still be buying war bonds.

The 4th War Loan Drive is over but the war is not, and unless we continue to buy bonds and defense stamps the war will not be over for a long time.

Nothing is lost when one buys bonds—in fact, an investment is made—an investment in the soundest thing in the world, the United States. Sure, Americans have faith enough in their country to loan her money when she needs it most.

LONG DISTANCE RATES REVISED

Estimated savings of \$400,000 a year will accrue to Michigan long distance users as a result of rate revisions effective March 1.

Under the new schedules, night rates begin at 6 p.m. instead of 7 p.m. as at present. Overtime rates on teletypewriter exchange service also are reduced.

The revisions first were authorized for interstate service, in negotiations

between the Federal Communications Commission and the American Telephone & Telegraph Company. The Michigan Public Service Commission and Michigan Bell Telephone Company agreed to make rates and practices between points within Michigan conform.

Can You Picture MICHIGAN without Schools

Michigan's youngest generation is hard at its wartime job of learning to be good and useful citizens. We've all come to think of a good education for our children as the natural birthright of young Americans—but building up and administering a school system as fine as Michigan's is a gigantic task.

Well over a million students are enrolled each year in Michigan's schools and colleges. There are 8,226 primary schools, 1,002 secondary schools and 70 colleges and universities. The range of studies runs from kindergarten games through the three "R's" to the most advanced scientific and sociological research. Thousands of teachers are devoting their lives to this work—and to them goes much of the credit for its success, as well as to the administrators

of each institution, to local and county school boards, and to the Michigan Department of Public Instruction.

We of the Greyhound Lines take the same pride as all others in Michigan in our State's educational achievements. We know that our own organization is aiding the school system both with tax support and transportation service. Those of us whose children are benefiting directly from the splendid schooling afforded them feel doubly proud.

In wartime even more than in peacetime, the things that draw us all together, that unify our efforts, that make us good neighbors in every sense, are the things that count most heavily. Both good education and good transportation have decisive parts to play in shaping the present as well as the future of Michigan in the post-war world.

(Continued from page two)

Whether Kelly intended it to be such is mere speculation, but the fact remains that Kelly has not received the spotlight of public attention which his personal ambition has craved. He feels that he should be more than the presiding chairman of the state senate. In fact, as the potential governor of Michigan in the event of the death of the governor, he should be an active partner in making decisions of government.

Unfortunately for Dr. Keyes, it has not worked out that way. It didn't work out that way for Lieut. Governor Frank Murphy. And there are observers who might add that the function of the lieutenant governor, under the state constitution, was never intended to be otherwise. For years the lieutenant governor has been regarded more as part of a political combination to woo the voters. The late Luren Dickinson possessed unique political virtue among upstate church-dry voters and was renominated almost biennially for second place of the state ticket.

To a man of Kelly's well-defined logic it would be more sensible to provide in the constitution that one of the state elective officials—secretary of state for example—should succeed the governor in event of the latter's death. Kelly's experience in state government was as secretary of state. State Treasurer D. Hale Brake and Auditor General Vernon J. Brown both received valuable training in the state legislature.

The new governor then would be a man who had experience as a state administrator, who was familiar with current problems, and hence was in an intelligent position to act with wisdom.

As it is today, the lieutenant governor is not a very important position. The new governor then would be a man who had experience as a state administrator, who was familiar with current problems, and hence was in an intelligent position to act with wisdom.

Roll call: Yeas all. Motion carried.
Moved by Staffan, supported by Beach, that Mrs. Harry Owsley be granted a permit to park a trailer at the rear of 527 W. Middle St.
Roll call: Yeas all. Motion carried.

Moved by Eaton, supported by Riker that the Village buy 5 one-thousand dollar Series G War Bonds from the General Fund.
Roll call: Yeas all. Motion carried.

Moved by Beach, supported by Heydlauff, that the following resolution be adopted by the Village Council:

BE IT RESOLVED, that the Village of Chelsea hereby agrees to furnish fire service to Chelsea sewage disposal plant, it being expressly understood and agreed that such fire department response is binding upon the Village of Chelsea at all times except in the event that the fire department is unable to respond for reasons beyond its control;

And Be It Further Resolved that the Village of Chelsea shall provide for response to fire calls to Chelsea sewage disposal plant with the same apparatus and men as if the forementioned property were located within the Village limits and that the fire department will respond to such fire calls without delay and under the same conditions as to fire alarms within the Village limits;

nor devotes perhaps one day each week to his duties of office except for the period of the legislative session at Lansing when he presides as chairman of the state senate. This isn't the fault of Dr. Keyes; it is just the official system.

Dr. Keyes' viewpoint is probably as follows: Another two years of limited opportunity to serve the public would automatically impose denial of self-expression. He would attend sessions of the state administrative board. In brief, his chances for leadership would remain limited, while elective officials would have the accumulative benefit of the public spotlight because of their full-time services.

This dissatisfaction with his role may have led him to embrace the political opportunism of making a personal attack on Governor Kelly before the township supervisors, a move said to have been countenanced by Melvin McPherson. Mayor George Welch of Grand Rapids was unable to persuade the governor for diversion of sales tax to municipalities, and he also utilized Keyes as a handy threat of retaliation. County road commissions also remember the governor's veto of the 1943 highway act.

Other pressure comes from the C.I.O., for example, who condemn the governor for failure to do this and that. Any special session puts the governor on the spot, for he is responsible alone for inclusion of sub-

ject matter in the official call. Because of the personalities involved, the Kelly-Keyes clash was, and is, inevitable.

As the time nears when petitions must be filed, Dr. Keyes must make his decision—either to abide his time until 1946, as he pledged he would do in an authorized statement in this column last spring—or risk his political future in 1944 with a win-all-lose-all showdown with Governor Kelly.

Pride, an emotional factor, may prompt him to assume the risk now. Or cautious judgment may lead him to reaffirm his original decision which would bring the fateful test to 1946, a non-presidential election year.

The day of decision is drawing near.
