## Village Election Will Be Held Next Monday

Chelsea's annual village election will be held next Monday, with two complete tickets in the field for the first time in several years. Although a heated campaign was anticipated, it seems that many of the candidates are unwilling to put forth much effort to win the coveted positions in the village government and the campaign has developed into more or less of a stalemate. However, with several days remaining before the trek to the polls begins, it is believed there may be some political oratory about the streets before Monday.

Although a number of candidates who were named at the caucuses on February 21 withdrew their names, the vacancies were quickly filled by the party committees, so that both the People's party and the Independent party are presenting complete tickets.

Following are the lists of candidates:

**People's Ticket**  
President—H. T. Moore.  
Clerk—Norman C. Phelps.  
Treasurer—Lyle Christwell.  
Assessor—George Walworth.  
Trustee (two years)—Claude Spiegelberg.

Trustee (two years)—D. A. Riker.  
Trustee (two years)—Robert W. Wagner.  
Trustee (fill vacancy)—Dillon D. Wolverton.

**Independent Ticket**  
President—Walter D. Mohrlock.  
Clerk—John Ford.  
Treasurer—Lottie C. Martin.  
Assessor—Edwin Keusch.  
Trustee (two years)—Roy Harris.  
Trustee (two years)—Wilbur Hinderer.  
Trustee (two years)—Jay Tuttle.  
Trustee (fill vacancy)—Edgar Gall.  
Mrs. Warren R. Daniels and Philip Olin are unopposed as candidates for the Library Board Directors for three years.

## Red Cross Workers On The Home Front

Unless more trained women of our community who are not already engaged in a war-time job, come out to help make surgical dressings, we will not be able to meet our quota for the month.

We must have 50 women present at Monday night meetings and at least 35 women present at Wednesday afternoon meetings. We especially are asking that our Wednesday meetings be attended by more women.

A total of 1100 dressings must be made every week during the month. Won't you make every effort to help? We already have women working who have given up in the hundreds of hours of service in this most vital cause. Although they are able to accomplish much, they cannot carry all of the responsibility that belongs to the community as a whole.

Interminable folds of gauze For those whom we will never see— Remember when your fingers pause, That every drop of blood to stain, This whiteness falls on you and me, Part of the price that keeps us free From shame that other women know; Of Saviors, that we have never seen, Forgive us that we are so slow, God—if that blood should cry in vain And we have let our moment go.

A. J. Burr,  
Chairman Surgical Dressings.

There will also be a film on the Holland Tulip Festival. There will be no admission charge.

## RETURNS TO N. C. CAMP

Pvt. Robert Reed of the U. S. Army Parachute Troops, has returned to Camp Mackall, N. C. after spending a 10-day furlough with his parents, Mr. and Mrs. Frank Reed.

## Called To The Colors

James Edward Visel, who enlisted in September for service in the United States Navy, reported to Detroit on Monday morning.

The son of Albert Visel and the late Mrs. Alice Visel, he was born March 21, 1922 in Sylvan township, graduat- ing from Chelsea high school in 1940. He has since been employed as a machinist at the Federal Screw Works.

Donald P. West, son of Mr. and Mrs. Harrison West of Sylvan town- ship, will leave Ann Arbor on Tues- day, March 14 for Fort Sheridan, Ill. He was born in Sylvan, April 24, 1924 and graduated from Chelsea high school in 1943. He has since been em- ployed at the Chelsea Milling Co. and the Kroger grocery.

Harold and J. D. West, brothers of Donald, are serving with the armed forces in the South Pacific.

## PROCLAMATION

Michigan Victory Gardeners in 1943 produced a half-million tons of food valued at \$20,000,000.

Their efforts, combined with the ef- forts of Victory Gardeners in the other states of the Union, not only pro- vided food directly for millions of families, but permitted the reduction or removal of ration points of many canned vegetables, thus making ad- ditional amounts of these foods avail- able to all families.

The demand for food is greater in 1944 than in 1943. There must be more food for our armed forces, more for lend-lease, more to take care of the people of reoccupied countries. There must be more home grown foods if shortages of the civilian sup- ply are to be avoided and ration points are not to increase.

The 1944 Victory Garden goal is a 10 per cent increase in the number of gardens and a 25 per cent increase in production. This means that in Mich- igan there must be 792,000 gardens in 1944. This will be a 25,000,000 bush- els of food.

Remembering the great contribution made to the 1943 Victory Garden pro- gram by the people of Chelsea, and realizing their common and ardent de- sire to do all that they can to help win the war, I do now call upon each and everyone to observe Victory Gar- den Week beginning March 19th by making plans and preparations to plant a garden in 1944, to the end that we shall do our part in achieving the State's new goal and prudently guard against a lack of food affecting the war effort on both the battle front and the home front.

Given under my hand and the seal of the Village of Chelsea this 6th day of March in the year 1944.

A. D. Mayer, Village President

## Branch License Office To Be Continued Here

According to A. D. Mayer, manager of the local Secretary of State's of- fice, many people think the Chelsea office was established for the tem- porary sale of automobile license plates prior to the February 29 dead- line. This is not the case, however, as Mr. Mayer will operate the branch office as a year-around proposition, for the sale of license plates, and the transfer of titles.

Opening of the local office by the Secretary of State has been a real convenience to the people of this com- munity during the past few weeks, saving many miles of driving and much time in obtaining plates. Con- tinuance of the office permanently will make possible a service which will be appreciated by everyone having oc- casion to take advantage of the services offered.

## IMPORTANT FARMERS' MEETING

The Michigan Farmers' Guild will present a cost of production program on milk and other farm products, at the regular meeting of Sylvan, at the regular meeting of the Guild at St. Mary's hall, Chelsea, on Tuesday, March 14, at 8:30. An open discus- sion of this subject will be carried on by authoritative speakers. Ernest Gamo of the Gamo Hybrid Seed Corn Co. will speak on Michigan grown hy- brid seed corn. You are invited and urged to attend.

## RECEPTION FOR NEW PASTOR

The congregation of the Methodist church is having a reception and tea honoring the new pastor, the Rev. Mr. Major and his family, who have re- cently moved here. This will be held on Sunday afternoon, March 12, from 4 to 6 o'clock, in the church parlors. An invitation is given to the people of the village to meet Mr. Major and to offer to him and his family the greetings and good wishes of the com- munity.

## Auto Accident Fatal To Carl F. Gross of Lima

Carl F. Gross of Lima township died Monday forenoon in St. Joseph's Mercy hospital, Ann Arbor, from in- juries received in an automobile ac- cident shortly after noon on Saturday when his car collided with a truck on Parker Rd. just north of US-12.

Sheriff's deputies who investigated the crash said the accident occurred during a blizzard as Gross was re- turning from Dexter to his home, 300 Dancer Rd. The Gross car was head- ed south and the truck, driven by Os- car B. Wilcox of Tecumseh, was trav- eling north, when the left side of the Gross car hit the truck and rolled over four times. Gross never regained consciousness and physicians said death was caused by an inter-cranial hemorrhage.

Carl was born in Lima township on Dec. 7, 1918, the son of Mr. and Mrs. Adolph Gross. He graduated from Dexter high school in 1936. He mar- ried Gladys Hinchey of North Lake on Oct. 6, 1940. He was a member of St. Andrew's Evangelical church, Dexter, and served as secretary of the church council.

Survivors include the wife; his par- ents; a brother, Harold Gross, of Lima township; a sister, Mrs. Charles Lev- erette, Abilene, Texas, and the mater- nal grandmother, Mrs. Bertha Lesser, Dexter.

Funeral services will be held at 2 o'clock Friday afternoon at St. An- drew's Evangelical church, with Rev. Edward W. Drews officiating. Burial will be in Forest Lawn cemetery, Dexter. Friends may call at the home of his parents until 12 o'clock noon on Friday, after which the body will lie in state at the church until the hour of service.

## Chelsea's Fourth Loan Total Exceeds \$550,000

Face value of bonds purchased in Chelsea during the Fourth War Loan Drive exceeded \$550,000, according to final tabulation of figures.

Weekly sales of all bonds other than the ones to corporations, have been as follows:

Jan. 1 to 17—224 sales	\$ 7,031.25
Jan. 18 to 24—210 sales	28,437.50
Jan. 25 to 31—430 sales	39,356.25
Feb. 1 to 7—296 sales	30,062.50
Feb. 8 to 14—375 sales	36,139.50
Feb. 15 to 22—334 sales	18,427.25
Feb. 23 to 29—84 sales	37,043.25

Total—2050 sales—\$196,557.50

Adding the sales to corporations of \$299,729.00, our grand total is \$496,286.50, issue price.

The 2,050 sales were as follows:

2—2 1/2% Treasury Bonds	\$ 2,000.00
5 "F" Bonds	4,495.50
33 "G" Bonds	22,200.00
1989 "E" Bonds	167,862.00

As our quota for "E" bonds was \$75,000, Chelsea purchased about two and one-quarter times its quota in these bonds, which are the ones that the government is most anxious to have us buy. The face value of the "E" bonds purchased by Chelsea in the Fourth War Loan amounted to over \$223,800.00.

The citizens of Chelsea, which in this case includes all persons who purchase their bonds in this area, are to be congratulated on this excellent showing of a duty well done. The Gallants who helped to bring about this showing can also feel well repaid for the great amount of time devoted to this work.

#### FARMERS' GUILD SEEKS TO DOUBLE ITS MEMBERSHIP

Kenneth C. Webber of Brighton,  
state organization director of the  
Michigan Farmers' Guild, spent sev-  
eral days with members of the Sylvan  
and Lima Local 254 of the Guild, as-  
sisting in the campaign to double its  
membership in western Washtenaw  
and eastern Jackson counties.

The campaign is now in progress  
and will continue for several weeks.  
Excellent results have been obtained  
to date. Most farmers have been  
aroused as a result of attacks made  
upon them by politicians, labor lead-  
ers and others, for opposing subsidies  
in lieu of cost of production. Nine out  
of every ten farmers thus approached  
have signed with the Guild. Teams of  
volunteer solicitors are to contact ev-  
ery farmer in this and the surround-  
ing territory and thus enable them to  
join in the Guild's fight for the cost of  
production for the farmer, and also  
to carry on the fight against regimen-  
tation of American farmers.

The Guild is not only opposed to  
subsidies but to the entire AAA pro-  
gram on the theory that the farmer  
is a natural producer knows his own  
farm better than any bureaucratic of-  
ficial, is patriotic and a hard worker,  
and therefore does not need an AAA  
commitment or bureaucratic em-  
ployee to tell him what to do. The  
farmers' production record in World  
War I and so far in this war stand  
for proof of this fact.

The Guild led the fight against the  
wheat penalty in Michigan, and more  
recently was foremost against a move  
to create parks and recreation areas  
in the Sharon Hill and Sylvan Center  
districts. On the theory that inas-  
much as the State Conservation De-  
partment has only had control of the  
Waterloo area for less than one year,

we would like to see what they mean  
in their plan of development of that  
area before they try to acquire more  
land in the surrounding territory.  
Most farmers and residents of the  
Waterloo park area have in their  
minds the governmental waste and in-  
efficiency while it was under National  
Park control.

(Signed)

Harold Widmayer, President,  
Farmers' Guild, Local 254.

Can You Picture  
MICHIGAN  
without Doctors?

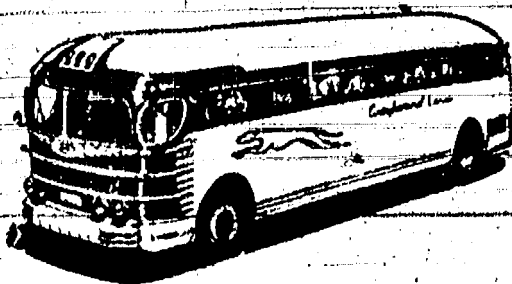

Today, Michigan's doctors and nurses  
by the hundreds are serving with our  
Army and Navy from Alaska to Iran,  
from Australia to Italy—bringing back  
to health the men who are helping win  
Victory for the United Nations. But on  
the home front, other thousands of doc-  
tors and nurses are fighting doubly hard  
to keep their fellow-citizens of Michigan  
in good health—doing everything in  
their power to prevent or minimize  
interruptions in our State's war effort.

In a very real sense the well-being of  
all of us in Michigan is in the capable  
hands of approximately 6,000 physicians  
and surgeons and about 14,000 nurses.  
A their disposal are the facilities of 252  
hospitals which have beds for nearly  
60,000 patients at one time. In an av-  
erage year more than 525,000 patients  
are admitted to these institutions. To  
the Michigan Department of Health

goes well-deserved credit for the high  
standards of medical care prevailing in  
our State.

We of the Greyhound Lines pay tribute  
to these fellow-citizens of ours who are  
doing so much to make our State a finer  
place to live in. They're doing a big job  
—a vital one. Greyhound's job is quite  
different—but vital, too! Providing safe,  
convenient transportation service is  
particularly important now. By making  
near neighbors and good neighbors of  
all the communities we serve in Michi-  
gan, we are helping unify the war efforts  
of this State—keeping them rolling  
toward Victory!

### THE OLD JUDGE SAYS...

"Judge, would you mind tellin' Charlie here  
what you told me the other night walkin'  
home from lodge. I can't word it just the  
way you did."

"Sure thing, Tim. Here's what I told him,  
Charlie. There's no such thing as votin' a  
nation, a state, a county, or even a com-  
munity dry. We had proof enough of that

during our 13 years of prohibition. What  
you really vote for is whether liquor is going  
to be sold legally or illegally... whether the  
community is going to get needed taxes for  
schools, hospitals, and the like, or whether  
this money is going to go to gangsters and  
bootleggers. That's the answer, boys...  
simple as A-B-C."

## Roast Loin of Pork...

Pork is a valuable food. It is a rich source of complete proteins, an  
excellent source of the B vitamins, contains a good supply of iron and  
phosphorus, supplies fat and stimulates the appetite and makes us feel  
well fed.

Pork should always be thoroughly cooked. If you will follow the time  
and temperature given in the recipe below for Roast Loin of Pork  
you can be assured of a nicely browned, well cooked roast.

1 Three-pound loin pork roast (about 3 ribs)  $\frac{1}{2}$  Teaspoon salt  
 $\frac{1}{2}$  Teaspoon pepper

1. Sprinkle meat with salt and pepper.

2. Make a small incision in the fat covering and insert roast-meat thermometer  
so that the bulb is in the center of the thickest part and does not rest on  
other fat or bone.

3. Place meat, fat side up, in an open roasting pan.

4. Roast meat uncovered at 300 degrees F. for about 3 hours.

5. The roast-meat thermometer will register 165 degrees F. for a well-done  
roast. This requires about 1 hour per pound for a 3-pound roast.

6. A 6-pound roast also requires about 3 hours, or about 30 minutes per pound.

Crew-chief...

Nameless hero of the A.A.F.

Other guys wear the wings and ribbons. Other guys plaster Berlin with bombs and shoot down enemy fighters. But that's O.K. with the crew-chief. His job is to keep his ship up there in the air.

He works all night on her motors, patches up her wounds, gasses her, racks her bombs, cleans her guns, taxis her out to the line and watches his crew take her off. Then he stays on the ground and "sweats it out" until he hears her coming back.

That's how most of us must fight this war... by "sweating it out" at home... by getting the bombs, guns, food and fuel to the men on the fighting fronts. And the closer they come to Victory, the tougher that job will be!

We on the railroads know in advance how much more we must do.

We know, though passenger service

was upped 60% in 1943, military needs will demand at least another 10% this year.

We know the stepped-up pace of war will require at least another 29 billion ton-miles of freight and war supplies—over and beyond that of last year's record-breaking volume.

That's why—when you use the New York Central, or any railroad—we urge you to remember that every inch of freight and passenger space is more important today than it has ever been in the past...

And that only with even greater cooperation and understanding, on the part of shippers and receivers of freight and the traveling public... only by "sweating it out" together... can this bigger job be done!

## GIVE TO THE RED CROSS

By Barbara Eaton

Now and then it's fun to remember old times, and so a group of you get together over some cokes and it doesn't take long to start the ball rolling.

"Remember when we were Freshmen and we—" and you go on and on about the good old days when you were Freshmen and your teachers wished you had died at the age of three.

"And remember that Latin banquet we went to when we were Sophomores and during the program that Junior flashed out a stalk of celery and ate it?"

"Remember So-and-So?—Gee, he always had fun wherever he went—and he got around plenty, too!" Sure, you remember him—and also wonder if he's having fun where he is now in the Marines.

To yourself you kind of wish So-and-So was there reminiscing with you. Also that Junior who ate the celery and is now in the Navy. And remember that kid who sat across from you in Study Hall last year and traded all those dumb moron jokes with you? You wonder what all of them are doing now, knowing darn well that they aren't sitting in booths with old friends, talking over some cokes, unless it's in their dreams.

You certainly wish you had a chance to do something for those boys, don't you? This month you have that chance. In Chelsea high school, Miss Elizabeth McDonald takes the money which you are giving to help that boy who used to be in Study Hall, who wears a regulation pilot's jacket now, and that Sea-Bee whose face was always lit up like a pinball machine.

You personally help these when you give to the Red Cross.

★ BACK THE INVASION WITH WAR BONDS ★

"GIVE 7 TO 10  
TO THE  
SERVICE MEN"

INTERPRETING THE NEWS

By GENE ALLEMAN

Michigan is getting a more realistic picture of 1944, the year of invasion and perhaps of decision. Selective service is now reclassifying a quarter of a million men—many of them fathers of possible military duty. Already an estimated half million men are in uniform. Casualty lists appear to be long, yet the big channel invasion has not started! What will be the effect of heavy invasion losses and a sustained continental battle on Michigan public opinion? If the 300 German divisions are able to withstand the Allied double assaults on two fronts without collapsing prior to the American elections in November, the effect of invasion and battle casualties cannot be underestimated. Nearly all straw voters taken among American soldiers at fighting fronts disclose a substantial trend towards re-election of their commander-in-chief, the President.

We are now told that the army was short 200,000 men from its 600,000 man quota for the last four months of 1943. Hence the need exists for elimination this spring of many occupational deferments. What we tend to forget, however, is the exacting and arbitrary necessity of replacing each man who is killed, wounded, or incapacitated by illness or nerves. This need of military replacements is announced by the war department to be 75,000 to 100,000 men each month. War is like a modern football game; it's the reserves that count.

The sobering effect of the new drain on Michigan's manpower serves to remind us also that neither Prime Minister Churchill nor President Roosevelt has ever uttered assurance that 1944 will bring victory. In fact, the British and American commanders-in-chief recently cautioned their respective nations against optimism that the war will be won in 1944. If war workers accepted such a realistic view of the task ahead would they persist in quitting their jobs through unauthorized strikes?

Edwin E. Witte, retiring chairman of the Michigan regional war labor board, blames the increase of Michigan industrial disputes on the 1944 state of public thinking. "The basic cause is that here, as elsewhere in the country, victory seems to be taken for granted. More and more people are thinking of the post-war situation and are getting ready for what they believe that situation will be."

Gen. Peyton C. March, chief of staff in the first World War, via Associated Press, on his 79th birthday: "This country is in for a shock when the able-bodied soldiers start pouring out and the wounded start pouring in. The war hasn't even started. Wait until Germany and Japan both begin fighting on their own soil! . . . We can lose this war right here at home thinking it is almost over."

Capt. Michael Fielding, news analyst, told Detroiters that the United States has lost the equivalent of 50 divisions of men because of a high percentage of neuro-psychiatric casualties. Why? "Too much molly-coddling."

The latest bit of over-optimism is that the Japs may be defeated first. We tend to forget the statements of Admiral Nimitz, General MacArthur and General Stilwell—men who know that without China bases we cannot defeat Japan. We have yet to regain the Philippines. We are still far from Japanese factories and her main supply bases. Illusions of such wishful thinking seem to be that we can defeat Germany from the air and Japan on the sea. Actually each step is preparatory to land invasion—getting and holding land bases from which men and machines may operate.

The senatorial splendor, suave confidence, and snappy retorts of Special Prosecutor Kim Sigler in the Lansing legislative graft hearing are the talk of Lansing. Kim delights reporters by wearing a different suit each day. Results: columns of newspaper publicity as writers portray a Hollywood-like personality. Lansing expects many more indictments, the total running perhaps to 60.

Secretary of State Herman Dignan has two sons, Tom and Jim, both in the U. S. army air corps. Hobbies: Serving as starting judge for harness horse races, watching a good boxing match, and playing pitch. He belongs to the Masonic Fraternity, the Elks, Owosso Country club, and the Shrine. Makes friends easily.

Governor Kelly has received from the American Red Cross a barrage of impressive evidence to substantiate the qualifications of Dr. William DeKleine of Grand Haven as Michigan commissioner of public health. When the legislature convenes this month for final adjournment, the Senate is expected to confirm the appointment. The governor's office sprung the appointment late in the special session, caught senators by surprise.

The Upper Peninsula's mineral resources include millions of tons—almost a limitless supply—of low grade iron ore ingrained with Jasper rock. Practically every major iron mining company in the Lake Superior district is experimenting to discover a practical procedure of separating the iron ore from the rock.

The Michigan Unemployment Compensation commission expects to have a kitty of \$270 millions piled up to meet the post-war "storm" of unemployment.

Among the headaches in this: What is going to happen to the 350,000 "in-migrants" who flocked to Detroit from other states for war jobs? One bright spot is the assured demand for new automobiles. This will provide re-employment for many war workers.

While Mayor George Welsh of Grand Rapids was demanding a share of the state's sales tax surplus for municipal post-war needs, Mayor LaGuardia of New York City was asking a House committee at Washington for \$880 millions of federal funds to assist New York City in carrying out a projected billion-dollar post-war program. Unloading local governmental responsibilities upon Lansing or Washington is becoming almost a custom. A prominent Kansan once remarked: "nobody wants to be without a bowl when it's raining soup."

**Will Review Deferments**  
Local selective service boards have been directed to review cases of all registrants 18 through 37 years old and deferred in classes 2A, 2B, 2C and 8C. Particular attention will be given registrants under 26 years of age in view of the President's statement that agriculture and industry should release the younger men for military service.

**If You Made a Mistake**  
If you find you made a mistake in your Income Tax return and already have filed it, what do you do? If you made a mistake in your income or deduction entries, contact the office of the collector where you filed your return. You may need to file an amended return.

**Single Ration Book for Food**  
After food shoppers have used their Brown Y and Z stamps, they do all their food shopping with ration Book Four. The ration token plan now in effect eliminates use of stamps of four denominations (8, 5, 2, and 1 points) and uses stamps of one denomination (10 points) with one-point ration tokens for change.

**Serial Numbers On Gas Coupons**  
A strip of serially numbered coupons in a cardboard folder will now be issued to renewal applicants of "B" and "C" supplemental gasoline rations, and new "E" and "R" rations for gasoline-powered equipment. Serial numbering of coupons is one of OPA's strongest weapons against the gasoline "Black Market." Motorists must still endorse their coupons.

## Acquisition of Land for Recreation Under Way

Lansing—Acquisition of lands in the Porcupine Mountains and in the Proposed Southeastern Michigan Recreation Area will begin immediately, P. J. Hoffmaster, Director of Conservation, announced following an appropriation of \$4,000,000 made by the special session of the Legislature. The appropriation includes \$1,000,000 to be spent during the next 16 months for the purchase of approximately 49,000 acres in the Porcupine Mountains area in Ontonagon and Gogebic counties, and \$3,000,000 to be spent during the next three years as the start of a 100,000-acre recreational land acquisition program near the densely populated sections of Southeastern Michigan. Funds were made available immediately.

The legislative appropriation of \$4,000,000 with which to begin acquisition of recreation lands in Southeastern Michigan is a substantial start toward the Conservation Department's plan to acquire about 100,000 acres at an aggregate cost of \$9,000,000 to be spent over a seven year period. The appropriation permits the expenditure of \$1,500,000 during the next 16 months; \$1,000,000 during the fiscal year 1945-46, and \$500,000 during the fiscal year 1946-47. Acquisition crews are now being organized to begin taking options on property at once.

The areas to be purchased, as outlined by the Conservation Department, lie along the moraines from the southern part of Lapeer county to the northern part of Hillsdale county. They are within an hour's driving distance of three-fifths of the state's population.

"We want to get as much of the land in state ownership as possible before the end of the war," Hoffmaster stated. "We will then be in a position to utilize a large amount of labor for development should there be a postwar public works program. However, we plan to open the land to public use just as quickly as it is purchased despite the fact there will be few if any developments."

Hoffmaster said that in the formulation of detailed plans for development, the Conservation Department is consulting with municipalities and organizations in Southeastern Michigan to obtain assistance in determining what types of improvements and facilities are most needed and wanted. "We want to make those areas just as useful and serviceable as possible to meet the greatest public needs," he said.

FRED W. BRAUN

The Safety Man

Some people have the mistaken idea that most of our automobile accidents occur on bad roads, under adverse weather conditions, and on curves and hills. It is true that some of our most serious accidents occur at these spots and under such conditions, but here are some facts that have been developed by the National Safety Council on a nationwide basis:

Four out of five accidents occur on a straight stretch of road.

Four out of five accidents occur on dry roads in clear weather.

Some of the causes for these accidents are:

1. Exceeding the speed limit or driving too fast for existing conditions.
2. Driving on wrong side of the road.
3. Disregarding stop sign or signal.
4. Cutting in.
5. Passing on curves or hills.

Check these five causes. How often have you been guilty of these violations?

## SURPRISED ON ANNIVERSARY

## Record Termites' Rattle

Wood preservers, using a salts preservative for resistance against decay and termites, report that termites make a rattling sound so faint that amplifiers developed by the Pacific Telephone & Telegraph company and others must build up the ampulse one to ten million times before it will actuate a loudspeaker. Then the noise sounds like rice grains dropping on a hard surface.
