Intangibles Tax Expert Will Be Here Tuesday

P. J. Hendricks, field examiner for the Michigan Department of Revenue, will be in Chelsea on Wednesday, March 22 for the purpose of assisting local taxpayers in the preparation of intangibles tax returns for 1943. He will be at Chelsea State Bank from 9 a.m. to 3 p.m., Eastern War time.

Intangibles tax returns for 1943 must be filed not later than March 31, 1944 to escape interest and penalty charges. Bank accounts, cash on hand, mortgages, land, contracts, stocks, bonds, building and loan investments, matured annuities, accounts and notes receivable, and other similar investments are taxable as intangible personal property. Bank accounts and building and loan investments are exempt to the extent of \$3,000.00. War Bonds, as well as all other types of U. S. Government Bonds, are exempt from the tax. Postal savings, however, are taxable.

On non-income producing intangibles the tax is one-tenth of one percent of the face, par or contributed value. Income producing intangibles are taxed at 6 per cent of the income therefrom but in no case less than one-tenth of one percent or more than three-tenths of one percent of the face, par or contributed value. Each taxpayer is allowed a flat deduction of \$10.00 from the total amount of the tax due.

Further information may be obtained by contacting Mr. Hendricks at the time given above or by writing the Michigan Department of Revenue, Intangibles Tax Division, 200 Tussing Bldg., Lansing, Mich.

Public School Will Hold Open House March 31

Residents of Chelsea and environs are invited to the Chelsea public school on the evening of March 31, which will be the occasion of the annual "visiting day" of the public school system. This year the general tone will be distinctly informal. Teachers will be available for consultation; exhibits will be found in some rooms, and demonstrations in others. Physical fitness, first aid, music, play production will be demonstrated in the gym, while work more suited to class rooms will be exhibited or demonstrated in the various rooms.

More definite announcements, with exact time-schedules, will be made available later; right now the people of Chelsea are urged to reserve the date, March 31, for a visit to their public school.

WILL RETURN TO DUTY

Pfc. Chas. W. Bahnmiller, of the United States Marine Paratroopers, who has spent a 90-day furlough with his parents, Mr. and Mrs. G. O. Bahnmiller, will leave Saturday for Camp Pendleton, Calif. Pfc. Bahnmiller spent the past year on duty in the South Pacific.

GRADE CLASSES START AT 8:30

Kiwanians Celebrate Twentieth Anniversary

Celebrating the twentieth anniversary of the founding of their club, Chelsea Kiwanians entertained as guests at their meeting on Monday evening, their ladies, the Dexter club and their ladies, charter members of the group who have withdrawn their membership, and representatives of the South Lyon and Jackson clubs.

About one hundred attended the gathering, which was held at the Tower Cafe.

President Lowell Davison presided at the meeting, and A. D. Mayer was in charge of the program which followed the dinner. Group singing was led by P. F. Niehaus, with Mrs. Niehaus at the piano.

Wirt McLaren of Jackson, a former Chelsea resident, and a member of the Jackson Kiwanis club at the time that club sponsored organization of the local group, spoke briefly on the "good old days" in Chelsea, including a few remarks which brought happy memories to the minds of a few "old timers" who were present.

Keith Arms of South Lyon, Lieutenant of Clinton, a charter member of the club, also spoke briefly on the early days of Kiwanis in Chelsea.

Governor of the Six Kiwanis Division, presented attendance pins to eleven members of the club who have attended 50 or more consecutive meetings.

DANCES DISCONTINUED

The modern and old-time dances which have been sponsored by the Kiwanis club and the I.O.O.F. lodge of Chelsea during the past fall and winter, have been discontinued for the remainder of the Lenten period.

Tim Doolittle and his Pine Center Gang have been engaged for a dance to be held Saturday night, April 29, which will bring to a close the dance program for the season.

The committees of both organizations feel that something has been accomplished in providing entertainment during the winter months, and an effort may be made to continue the dances next season if popular demand for them is great enough.

ADVANCED IN RANK

Mr. and Mrs. Chas. Bycraft received word from their daughter, Yeoman Rita Urbany, stationed at Seattle, Wash., that she has been promoted to the rank of 3rd Class Petty Officer in the Spars. The message also stated that when her brother, Robert Bycraft, S-1C, was on leave from sea duty recently, they were guests at the homes of Mr. and Mrs. Ray Krontz and Mr. and Mrs. A. K. Richards, former Chelsea residents now residing near Seattle.

'Moms of America' Unit Is Planned for Chelsea

All mothers of sons or daughters in the Armed Forces are invited to attend a meeting at the public school, in the home economics room, at 8:00 p.m. on Tuesday, March 21. A representative speaker of "Moms of America," Mothers-of-Men (and women) in service, will address the meeting, and if desired, help the mothers of Chelsea to organize a Unit of Moms.

"Moms of America" was organized two years ago, and its growth has been spontaneous. There are now over forty Units in Michigan, and ten states in the United States are now organized under this name. The main objective of the organization is unified efforts toward a permanent world peace. Is there a mother who is not interested in preventing another war such as our sons are now experiencing? No—sons have been raised to be peace-loving citizens of a free country! Sons are fighting to preserve the freedom which is ours when we are at peace.

"We, as mothers, if united into one huge army will create a voice for peace which will be heard and heeded, if we unite, if we work together," states Mrs. Frank E. Phelps, co-founder and state organizer for the organization. "If the millions of mothers the world over speak as one, our prayers, our plea for right will not be disregarded."

"Every mother in the United States is needed; there is work for each of us. Our sons must come home to better conditions than their fathers did twenty years ago. We must protect their interests. The old adage, 'In unity there is strength,' is as true today as when it was written.

"Come to this meeting and learn some of the things which must be corrected before we are to realize the freedom of a true democracy, and also learn what you as a mother of a serviceman can do to help."

Victory Garden Night Is Sylvan Theatre Event

An unusually fine movie program has been planned for Victory Garden Night at the Sylvan Theatre on Tuesday, March 21. The feature picture will be "Henry Aldrich—Haunts a House." A cartoon, "Barney Bear's Victory Garden," and a Pete Smith specialty, Bob Benchley's "My Tomato," will also be included.

The Chelsea Chapter of the National Organization—Future Farmers of America is sponsoring the program and will use the profits in promoting its Victory Garden program during the coming summer. Three garden judges will be appointed and worthwhile prizes will be awarded to those having the best garden in the Chelsea Victory Garden Area. People winning these awards will also be eligible to compete for any State and National Victory Garden prizes that may be announced.

All profits over the quota used for the Victory Garden prizes will go to William Van Riper to help defray expenses as the result of an accident that occurred to him in school a short time ago.

The F.F.A. boys urge everyone to attend this Victory Garden Night program at the Sylvan next Tuesday night.

Dog Quarantine Now Effective In Washtenaw

Following an announcement by Dr. Otto K. Engelke, county public health officer, all Washtenaw county dogs went under quarantine on Saturday and owners must keep their animals tied up or otherwise confined on their own property.

The quarantine was made necessary by the increase in the number of rabid animals in widely separated areas of the county. Dr. Engelke revealed that at least 12 persons are now receiving Pasteur treatment to prevent rabies after having been bitten by rabid dogs.

Violation of the quarantine carries penalties involving jail sentences of from ten to 30 days or fines of from \$10 to \$100, or both fines and jail sentences.

The state agricultural department will determine the length of the quarantine.

REP. WARNER TO SPEAK

Michigan State Representative Jos. E. Warner, of Washtenaw county, is to be the speaker of the evening at the Western Washtenaw Farmers' club at the Methodist church on Thursday evening, March 23. Members of the club may invite guests to the dinner provided they notify Mrs. Edwin Gaunt.

The general public is invited to hear Mr. Warner, who will speak to the club at 8:00 p.m. There will be no admission charge.

GOODYEAR'S

ANN ARBOR

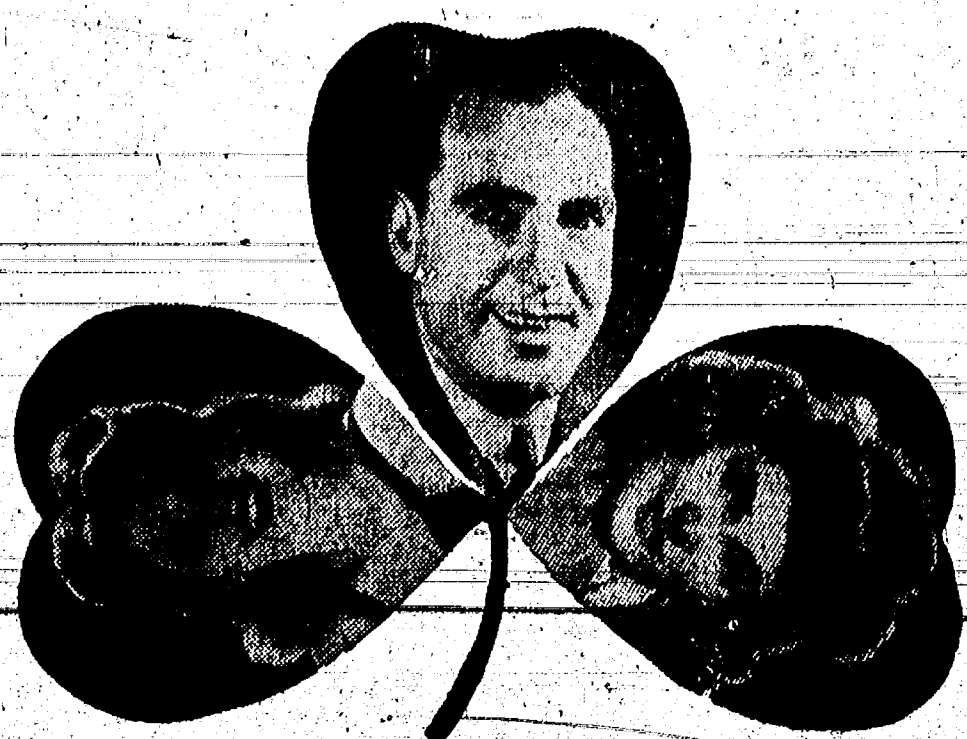

By GENE ALLEMAN

Memories of old-time melodramas are being re-lived at Lansing, the state capital.

The reason: Prosecutor Kim Sigler, State's Witness Charles Hamans, et al., and their sensational disclosures of purported graft in the state legislature.

In the Gay Nineties era that preceded the flickering silver screen, a traveling troupe of actors would present in the town opera house such thrilling dramas as "East Lyna" and "The Midnight Express." The villain would conspire to wed Little Nell at the threat of foreclosing on the family homestead, or Little Nell would be rescued just in the nick of time from

Shades of St. Patrick

While the sons and daughters of Erin are looking ahead to the observances which traditionally mark St. Patrick's day on March 17, these three dyed-in-the-wool Irish motion picture stars stop to say "Top o' the mornin'" to everyone. Center, Pat O'Brien; left, Dolores Moran, and right, Maureen O'Sullivan.

the path of a thundering midnight train.

And then there was the tear-jerker, "Uncle Tom's Cabin, or Life Among the Lowly," that propaganda masterpiece from the inspired mind of Harriet Beecher Stowe which was produced in an earlier day, about 1850, and became an ever-popular perennial. Nick Carter, too, was a part of this period in American history.

We do not want to suggest that the Lansing hearing before Judge Leland W. Carr smacked of theatrical melodrama and illusion. It was no laughing matter.

But the disclosures, nevertheless, possessed the allegorical spirit of those sensational plots in which Little Nell found herself entangled, the sweet, innocent heroine pitted against a harsh, cruel world.

Examine the characters of the drama, if you please. The people elected representative, members of the state legislature, who were entrusted with responsibility of making the laws under which we, a commonwealth in a democracy, govern ourselves. They travel to the state capital, Lansing, and take their places on the stage.

Next, on the list of characters, is the lobbyist. He represents what is commonly labeled the "vested interest" and hence is usually portrayed in the role of the villain, seeking to dispossess Little Nell of her home or tie the gal to the rails.

The "vested interest" furnishes the tainted money whereby the lobbyist was to corrupt the people's representatives—or permit them to corrupt themselves.

The role of the hero is found individually, as the characters enter the stage, in the judge who is determined to see justice triumph over evil, and in the prosecutor who seeks in turn to ferret out the conspiracy and to save Little Nell.

The heroine, of course, is the People of Michigan who would be wronged by such misdoings.

All of this takes place in the first act, to be sure. You must wait until the third act, hanging breathlessly to your chair, to get the denouement just before the final curtain falls with a bang.

In the Lansing melodrama, however, the characters are not defined with ready acceptance by the audience through contrasts of ink black or snow white.

The lobbyist, who should be the villain, insists that he is the hero, an innocent victim of a system that exists at the state capital. In fact, he declares he has been a victim of "extortion" whereby the legislators forced him to part with the tainted money, etc. Furthermore, it is dis-

closed that the lobbyist, as a payoff man who turns state's witness, is to receive immunity from punishment. Is he the villain or the hero? All this is a bit disconcerting to an audience that likes its drama presented by obvious characters. Further confusion follows when the witness makes charges of attempts at counter-corruption and even allegations that his life has been threatened—broad melodrama with a capital M.

This is high drama, to be sure. But it was, after all, only the first act. The trial is to follow, and since justice must prevail, then the innocent will be acquitted and the guilty will be punished in a good, old Anglo-Saxon way. As sensational as the first act proved to be, the audience should be reminded that the remainder of the melodrama is yet to come and that those who are accused should not be prejudged of their guilt or innocence until the evidence is presented by both sides and the jury announces the verdict.

Another bit of Lansing drama, that is currently engaging the audience's attention, concerns the well-publicized "boss" of the Michigan Republican party. Here is a man of professed mystery who has emerged unscathed from the fires of a federal court trial, and remains today the titular representative of his party, its national committeeman.

For years the boss, portrayed traditionally in the character of a villain, has been the target of party reformers who declare him to be an artful Simon Legree. Each state convention has become the scene of "anti-boss" crusades until the party itself has become well factionalized. Defenders of the boss loudly proclaim him to possess the strength of wise leadership, while his critics smartly denounce him in words equally fervent.

Now comes, in the hero's role, the governor of the state as a chosen leader of the people. He issues a courageous statement declaring that "certain conditions exist in regard to national committeemen that do not tend to create unity and call for a new selection in that office."

This, too, comes in the first act.

Yes, Lansing, the capital city, is being treated to high drama in 1944.

The next acts are being awaited amid sizeable suspense by the audience—the people of Michigan.

Will Little Nell be saved from the clutches of the villain, or the hero, or whatever he is?

Will the big bad boss be toppled from his throne?

Well, hang on to your seats, folks. Until the last acts of the dramas when the curtain crashes down, you'll probably have to wait for the answers.

victory tax for 1944 on or before April 15—single persons (or married persons who have separated) who expect to receive more than \$2,700 of wages subject to withholding or more than \$100 from all other sources, provided total income is expected to be \$500 or more; married persons if they expect to receive more than \$5,500 of wages subject to withholding or more than \$100 income from all other sources, provided that their combined total income is expected to be \$1,200 or more or his total separate income is expected to be more than \$624. Blank forms are to be distributed by the Bureau of Internal Revenue late in March.

New Farm Gasoline Rules

To aid in the drive against the Black Market in gasoline, the Office of Price Administration announced that after April 1 the five-gallon "R" coupon will be invalid at filling stations and may be used only by those who buy gasoline at bulk plants or who have it delivered into storage tanks on their premises. Farmers buying most of their gasoline at filling stations have until April 1 to exchange at local boards their "R" coupons for "E" coupons, which will be accepted at filling stations. After March 16, "R" and "E" coupons in all cases must be endorsed whether for gasoline delivered into storage tanks or picked up at filling stations. How-

ever, to ease the task of endorsing these coupons, the consumer buying a large quantity of gasoline may endorse a whole strip or block of coupons with a single signature and address written across the required number of coupons given as a unit for his single purchase. For one gallon he continues to endorse one "E" coupon.

More Pork

when hogs are kept on sanitary CONCRETE

A sure way to increase your pork production is to keep pigs on concrete from farrowing to market time.

One farmer who does this reports: "My first crop is gone to market by the time the second is farrowed... average weight around 275 pounds at six months. 100 pounds of pork with 300 pounds of feed."

Big gains are only one of many improvements that will make your farm more efficient and productive. A new barn floor, poultry house, milk house, milk cooling tank, manure pit or watering trough costs little to build with concrete and will last a lifetime.

Concrete farm jobs require a minimum of critical war materials. Many jobs need just a few bags of cement, and some sand and gravel or stone.

If you need help, get in touch with your concrete contractor or building material dealer. Let us send you free "how-to-build" booklets.

Check booklet subject, parts on penny postal and mail today.

Kiwanians Celebrate Twentieth Anniversary

(Continued from page one)
ings. Those honored are as follows: 50 meetings—L. R. Heydlauff, Martin E. Miller; 100—H. H. Fenn, Lowell Davidson, R. A. McLaughlin, Tom Smith, George Doe and H. T. Moore; 150—H. C. Schneider; 200—A. D. Mayer; 450—Paul F. Niehaus.
Two vocal solos were rendered by

Miss June Betterly, with Mrs. Niehaus as accompanist, and other musical entertainment was provided by Chelsea High School Senior Trio, consisting of Don Alber, Henry Orthing and Richard Poor, with Bob Paton at the piano.
The principal address of the evening was given by Professor John Myles, University of Michigan, whose subject, "Words," was expounded very cleverly in both humorous and serious lines of

thought, dealing principally with Americanism as we know it and the methods we must use to preserve it.
The Chelsea Kiwanis club was organized in March, 1924, with 35 members. Although the membership fell far below that number during the early '30s, there are now 37 members of the group, with four in the armed forces of the United States.

There are many accomplishments credited to this club, many of which stand as monuments to the progressive spirit which has guided its membership. Included in these accomplishments can be named the aggressive campaign for a wider South Main street pavement, which was constructed a number of years ago; erection of the Chelsea illuminated sign at the corner of South Main and old US-12; united support of the campaign to erect the public school gymnasium; sponsoring of 4-H club work in this area, as well as the Boy Scout organization; annual contributions to the crippled children at University hospital in Ann Arbor, contributing to the milk program at the public school, sponsoring cigarettes for soldiers campaign, support of the community recreation program, and many other projects which can be successfully achieved only through the united effort which is symbolic of Kiwanis.
Kiwanis is the oldest civic group in Chelsea. With a continuance of aggressive leadership its achievements will be felt in the everyday life of this community.

AN APOLOGY
We regret that due to lack of space we must omit a number of news items this week. This news will be included in our next issue.

Pvt. F. W. Bell Tells Of Kiska Island Invasion

Pvt. Frederick W. Bell, son of Mr. and Mrs. Fred A. Bell, is home on furlough after eight months in the Aleutians. He relates:

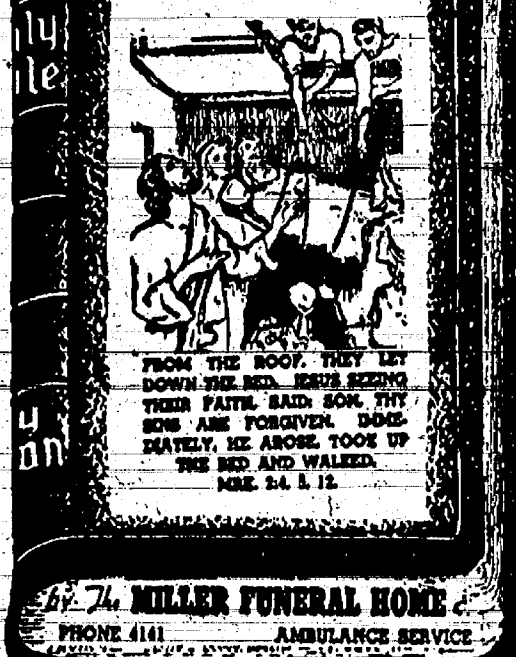

"We left San Francisco the tenth day of July on the Haywood. We reached our destination, which was Adak, the 22nd day of July. We were there for about three weeks, then we were sent on a six-day maneuver to Great Sitka. That was just a final check-up to see if we were ready for active duty. After the maneuvers were over, we went back to Adak for about a week, before we left to invade Kiska. We disembarked from the boat at Kiska on Sunday morning, August 15, to find that the Japs had all evacuated the island. Of course we didn't know that they had all left, so we were looking for an attack at any time.

"The Japs must have been aware of the attack, because their meals, consisting of rice and tea, were still warm, indicating they had left a short time before. More than ever we thought they were still on the island and we were looking for an attack. For the first four days we slept in fox-holes with mud for covers, and about once a day we would receive K-rations.

"There were a number of dead Japs

lying around who were killed when the American planes flew over the day before we landed. It was five days before we were sure the Japs had all evacuated the island. Then we proceeded to set up our own installations."

Fred described the island as being about 80 miles long and in the widest place three miles wide. Kiska is a rocky island with no trees and it is very windy there. Pvt. Bell is now stationed at Camp Bowie, Texas, awaiting further orders.

It won't be long till dealers, short on coal, will be busy trying to get their friends back.

GIRLS' CLASS TOURNAMENT

Seniors Defeat Sophs
The Senior girls defeated the Sophomores last Tuesday in the first game of class tournaments. The Seniors started Clark, Brueckner and Miller at forward. Their guards were Harper, Spaulding and Kohnman. Forwards for Sophs were Vail, Lyons and Eisenbeiser.

Guards were Ottomann, Shutes and Moore.

The Seniors, for some reason or another, maintained the lead throughout the whole game, and won, 14-9.

Clark got 8 of the Seniors' points, while Schmidt got 3. Eisenbeiser got 5 of the Sophs' 9 points.

Junior forwards were sick, so they played at a disadvantage. The Freshmen started at forward, Lindauer, Ulrich and Gordon, who got 6 of their 13 points; at guard, Fouty, Howard and Luick. Juniors started Loeffler, Pickering and Lyons, who were high point girls, collecting 6 of their 12 points. Winter, Pierce and Geddes played guard. The final score was 13-12 in favor of the Freshmen.

(Boys)

On Monday of last week at 3:45 the first game of the class tournaments got under way with the Sophomores taking the Freshmen to the tune of 45-25.

After a slow start in which the Freshmen kept on their heels all the first half the Sophomores finally got clicking to pull away from the Freshmen for an easy victory.

M. Dietle did some fine work under the basket to keep the Sophomores on the offensive the whole game.

At 4:45 the Seniors defeated the Juniors by the score of 84-24. The Senior boys kept the ball on the move all the time and although the Juniors put up a swell fight the Seniors had no trouble in gaining their victory.

This game was a clean, fast game all the way, with both teams being a threat at any time.

On Wednesday night the game that everyone was waiting for was played with the Seniors being the class tournament champions by defeating the Sophomores, 42-32.

The Seniors, only having five players, and with Alber and Eaton having three fouls apiece early in the first

half, things looked bad for the upperclassmen, but with the Seniors fighting all the way and the Sophomores shooting the ball from about anywhere, the Seniors went on to win.

This game was rough and 20 fouls were called during the 32 minutes. The Juniors and Freshmen had a game at 4:45, with the Juniors winning, 28-24.

The Freshmen were down only two points at the half but the Juniors poured in the points in the second half to win.

On Friday night the faculty defeated the Seniors in a hard fought contest by the score of 31-27.

With both teams playing clean ball (just ask Mr. Alpervitz) and moving the ball fast it was nip and tuck all the way.

Early in the ball game the Seniors had trouble finding the range while the faculty was hitting them, but when the Seniors got their eye the game became more closely contested.

The faculty states that their speed (?) won the game. Anyway it was a good game and everyone had a lot of fun.

Next week I will bring you the summary of the season and also the team and individual records. Watch for them.

V for Victory.

CLASS OF '44

(Five foot two and a light bru-

nette). Born Jan. 27, 1927 in Detroit, Michigan, Thelma Schrier first saw the light of day. Since that time she has moved to the vicinity of Chelsea and has attended Chelsea public school for the last six years. Her favorite sport is baseball and blue is her color. She doesn't care much for movies but "Gone With the Wind" wasn't exactly the worse one she has ever seen.

Genevieve Valant was born in Hamtramck on July 18, 1925 and moved to Chelsea seven years ago. She is five feet three inches tall and tips the scales at 125 pounds. Blue is her favorite color and she likes all movies in general. Genevieve has no plans for her immediate future.

SIXTH GRADE NEWS

By Geraldine Hale

During the week we had two birthday parties. One was Nancy White's and the other was Peggy Schaible's.

We also had a spelling bee. It was a contest too. There were two sides—Danny Maroney and David Myers were leaders. David's side won. Peggy Schaible won the dictionary given by the Detroit News for spelling "down" the room. She won by being able to spell quantity.

Our teacher is reading us a good book called "The Mystery of the Ivory Charm" by Carolyn Keene.

We raised \$12.80 at our last bond auction.

THE OLD JUDGE SAYS...

"Sorry Judge, my shipment of suspenders still hasn't come in. Some articles are mighty scarce these days. I don't get anywhere near as much as I could sell."

"With the war going on, Frank, we've got to expect those things. It's true of luxuries just as it is of necessities. Take whiskey, for example. There's a real shortage in that. It's to be expected when you realize there hasn't been a drop of it distilled in this country since way back in October, 1942."

"The only thing distillers have been making during that time is war-alcohol for the Government. So, I wasn't surprised a bit to read how bootlegging and black markets have sprung up around the country as a result of the dwindling supply. Our 13 years of prohibition proved that if folks can't get legal whiskey, they'll get illegal whiskey. Sure hope the shortage doesn't last too long. I'd hate to see this country turned over to the bootleggers again."

SEVENTH GRADE NEWS

By Helen Jarvie

Twenty-four per cent of grade seven bought \$13.95 worth of defense stamps. Our percentage could stand improving.

In arithmetic we have been working with areas; in history, with colonial wars; in science, air; and in English, diagraming.

We have been planning for parents' night; some have submitted very good ideas. We took up a collection to buy a Red Cross membership.

We turned in to Junior Red Cross two afghans last week. One was sewed by Mrs. A. B. Stewart, one was sewed by Mrs. R. Lentz, and our next will be sewed by Mrs. E. Christwell. We already have sixty-six of the ninety-six needed for our third one.
