## Sharon Man Killed In Crash of Army Bomber

Second Lt. Wayne Roedel Alber, son of Mr. and Mrs. Lewis Alber of Sharon township, was one of 11 officers and men killed Wednesday night, March 15, when an Army training bomber crashed into Bull Mountain in southwest Virginia.

Lt. Alber was born June 9, 1921 on the farm where his parents now live, and was a graduate of Manchester high school with the class of 1940. Active in athletics, he was a member of the school's baseball, basketball and football teams. Prior to his enlistment in the Army Air Forces in October of 1942, he was employed at the River Rouge plant of the Ford Motor Company. He reported for duty at Jefferson Barracks in February, 1943.

On January 15 he was commissioned at the West Texas Quadrangle school of the Army Air Forces training command, Big Springs, Texas. Lt. Alber was stationed at the Charleston, S. C. Army air base. He was last home about three weeks ago to attend the funeral of his uncle, Matthew Alber, at which time announcement was made of his engagement to Miss Rosemary Schwab, Ann Arbor.

Lt. Alber is survived by his parents; two brothers, Robert, a member of the Merchant Marine, who is on active duty, and Raymond, at home; and three sisters, Mrs. Russell Abdon of Chelsea, and Ruth and Norma, at home.

## Gardeners Warned To Check Left-Over Seeds

Victory Gardeners who are planning to use seeds left over from last year are warned by M. E. Richards, Chelsea Victory Garden Chairman, that all such seeds may not be good. Certain seeds such as onions, parsnips, parsley, salsify and sweet corn do not retain their vitality much over two years. Other vegetable seeds, on the other hand, may be good from three to five years or even longer. Cucumber and endive seeds, provided they are properly stored, retain their vitality for as long as ten years.

Left over seed, Mr. Richards points out, should be examined for insect injury and should be given a germination test to determine whether it is worth planting. To make such a test drop ten to 50 seeds on a piece of blotting paper which has been placed on a plate and slightly moistened. Cover the seeds with another blotter and invert a second plate over the first one. Set the plates in a convenient place where the temperature is about 70 degrees Fahrenheit.

Most seeds will start to germinate in from four to five days, although some, such as parsnips, may take two or three weeks. If 50 per cent or more of the seed germinates, it can safely be mixed with seed purchased this year. A mixture of new and old seeds will result in a growth which will require less thinning.

Cassidy Camp Will Be  
Used For Delinquents

(Last week's news)

State and county officers held a conference on Thursday at Cassidy Lake youth training camp, at which plans were formulated for the commitment of youthful delinquents 17 to 21 years of age by probate judges to the Corrections Commission for specialized corrective treatment.

Use of the former NYA vocational training camp, located five miles northwest of Chelsea, is considered by corrections officials to be "the most forward step taken in this state in many years" and is the first facility for training of such youth provided in Michigan.

The question of separating those committed by probate courts as juvenile offenders and equally young offenders committed to prison by circuit courts will be the greatest problem facing camp administrators.

Probate judges were urged to commit boys to the institution only after corrective measures had failed. The commission will submit youthful offenders to careful clinical examination to determine whether they should be

kept at the camp or given less restricted treatment, possibly boarding in approved private homes.

N. F. Prudden has had a new light wagon built which he will use in his well business.

Frank Leach, H. Feldkamp and E. Fitzmiller each purchased windmills which they will have erected on their farms.

Miss Mary Spinnagle has accepted a position as pianist and vocalist at the Princess Theatre, and will be present each evening.

The firm of Van Riper & Chandler, who have been in the meat business for the last two years, has been dissolved. E. H. Chandler has sold his interest to Floyd Van Riper, who will conduct the business.

All the stock of the Chelsea Stove and Manufacturing Co. was sold to Detroit parties who will continue the business in the manufacture of oil and gasoline stoves. It is hoped that by all pulling together we can have the biggest oil stove factory in the world.

Mary E. Kempf was born in Lima, Mich., Nov. 8, 1837 and died in Detroit, March 16, 1910. Her parents were Alvah and Phoebe Freer. She was married to Chas. H. Kempf on Oct. 8, 1855. Surviving are the husband; two sons, George and Wilbur, and a daughter, Myrta K. Chandler; a sister, Mrs. J. P. Wood, and five grandchildren.

Texan Now Texan

Texan is the term commonly used today. Early settlers usually referred to themselves as Texans and since many of them came from Missouri, Kentucky, Georgia, the Carolinas or Tennessee, it is understandable that they should include the "T" as was customary in their native states. This fell into disuse after the Civil war and the briefer "Texan" was adopted.

## Report to the Nation:

# When the 4<sup>th</sup> War Loan Ended— Our Fighting Men Kept Firing!

**N**ews that the 4th War Loan goal of \$14,000,000,000 has been reached and passed will cheer American boys from Italy to the Marshalls. But they will hear the news not only over sputtering radios but over the din of battle.

For the war still goes on with ever mounting fury. And that means that our War Bond buying must go on unabated, too.

To the millions who bought extra War Bonds in this drive, all America gives thanks.

To the 5,000,000 and more volunteer workers who contributed their time and abilities to help make the drive a success, your Government and your fighting men give thanks.

To the thousands of patriotic newspapers, magazines, radio stations and networks, members of the motion picture industry, the outdoor industry, advertisers and agencies, retail stores, banks, post offices, credit unions, building and loan associations, labor unions, fraternal organizations and farm credit associations, the Nation gives thanks.

Once again Americans have proved their determination to "back the attack" to the full.

### But the attack goes on

Look at Italy. When the 4th War Loan drive ended at midnight February 15, the drive on Rome was still going on. American boys were still crouching in water-filled foxholes—clinging with bitter and bloody tenacity to a

beachhead the Germans were equally determined to take back. Thus on the same midnight that witnessed the end of the 4th War Loan drive, the hands of the clock met like shears to snip the lives of scores of American boys engaged in the March on Rome. *And the fight goes on.*

Look at Japan. At the same hour that saw the end of the 4th War Loan, the "March of Death" that shocked all America to a realization of Jap brutality to American prisoners of war—that march was still going on.

To liberate those heroes of Bataan and Corregidor before it is "too late," other American boys stormed and took the Marshalls on the road to Tokyo.

But that March to Tokyo—still 2,000 miles away—that march goes on.

### And we on the home front

—can we afford to stop now that the 4th War Loan is history, while our all-important job of supplying and financing this costliest war of all time still goes on? We have won a home front battle here, yes.

But just as our boys continue even more vigorously once they have established a beachhead, so we must continue to build on the success we have already achieved.

### Our job goes on

The Bonds we bought last week and the week before are today's exploding bombs and shells, and spent bullets can never be used again. We must provide for tomorrow, too. The need for new guns, planes, ships and tanks *still goes on.*

For the war still goes on with ever mounting fury. So while all of those on the home front who have bought Bonds and have worked so hard to make the 4th War Loan drive a success have earned the Nation's thanks, none of us can afford to forget that our home front job, including Bond buying, *also still goes on!*

## CUB SCOUT NEWS

The newly organized Cub Scouts held their first Pack meeting Monday night in the high school gym, beginning with a pot-luck supper at 6:30.

It was very gratifying to have such a splendid gathering at this initial meeting, about seventy being in attendance. (A Pack meeting is for the Cub Scouts, their parents and leaders, with the emphasis on parents.)

Following the dinner, Mr. MacPeck, Scout Executive, gave a short talk to the Cub Scouts and parents, and commended the Den Chiefs (chosen from the Boy Scout ranks) for their fine work. He then introduced the Den Mothers and Chiefs, after which the Cub Scouts gave a short program.

There was a very nice display of handiwork completed by the boys, which included carving (both wood and soap), Den gadgets, scrapbooks and other articles.

While the Cub Scouts, under the supervision of the Den Chiefs, played games, the parents met with Mr. MacPeck in a roundtable discussion. The greatest problem seemed to be the one of acquiring material for handiwork, and it is hoped if anyone has odd bits of lumber laying around which he does not need he will contribute it to this worthy cause.

Emphasis was placed by Mr. MacPeck on the parents' part in Cubbing, stressing the fact that if a boy could not have suitable relationships between himself and his parents, those relationships would be set up between the boy and other adults, thus robbing both the boy and his parents of something precious in the growing and developing years.

Much has been said and written about delinquents. It is a known fact that in Cubbing there are no delinquents. Cubbing builds future Scouts. Is your nine, ten or eleven year old son a Cub? If not, why not let him visit a Den and, if he likes it, join?

Plans are in the making for a kit contest to be held before the next Pack meeting, which will be on April 28.

**Y.M. STUDY CLUB ENTERTAINS**

The Young Mothers' Child Study club entertained their husbands, also the members of the Chelsea Study club, with their husbands, at an enjoyable meeting on Tuesday evening at the home of Mr. and Mrs. R. W. Wagner.

The speaker of the evening was Dr. W. H. Kraus, of the University of Michigan, whose topic was "After Hitler, What?" He spoke concerning the working of the Nazi regime and its influence on the people, and explained that the Nazi party was never popular with the majority, but was enforced upon them. He predicted a revolutionary movement within Germany before the Allied army invades. He stated that the only possibility of internal collapse would have to originate with high army officials, which was unlikely, because of the threat to the families of these officers.

An interesting discussion followed his talk. Refreshments were served by the hostess and her committee to 87 members and guests.

## Plans for 1944 Revealed By Michigan Farmers

With an eye on weather prospects, the average Michigan farmer already has decided to grow more feed grains in 1944, to plant fewer navy beans, to keep fewer sheep and raise fewer pigs, to have 12 per cent more laying hens and about 6 per cent more dairy cows than 1943.

These estimates were obtained in a statewide survey conducted by the farm management department at Michigan State College.

Answers were logically based on patriotism, good management, profit and individual problems of labor supply, feed supplies, available machinery and other factors. An analysis of the 620 answers comes from E. B. Hill, head of the MSC farm management department.

An increase of 16 per cent in intentions to plant corn falls short of the 30 per cent increase over 1943 recommended in a statewide conference in October. Even greater variation appears in the estimate that bean acreage will fall 10 per cent under 1943, in contrast to the suggested 26 per cent increase.

Soybeans, where they can be grown profitably in southern counties, will increase 24 per cent to add protein to feed rations and to make up for low acreage planted in 1943 because of wet weather.

Potatoes probably will occupy 4 per cent more land than in 1943. Sugar beets may be cut 15 per cent from 1943, although many farmers are still deciding. Oat and barley acreages will increase 13 per cent. Wheat, in the ground since last fall, occupies about 45 per cent more land than a year ago. Fall weather was ideal for sowing winter wheat and farmers can save labor and restock granaries with this crop.

Farmers with beef breeding herds intend to keep more beef cows, but farmers intend to purchase and feed about 12 per cent fewer feeder cattle. Similarly fewer spring pigs and fewer ewes in the sheep flock are planned. Feed shortages and egg prices make the poultry outlook uncertain for comparison with the record production in 1943.

**SYLVAN FARM BUREAU ELECTS**

**FARM GUILD NEWS**

A letter from Leroy K. Smith, of Washington, D. C., Director of the North Central Division of AAA, states as follows:

"In all cases the final authority for issuing the fuel coupons rests with the local Price Rationing Board. We would also like to point out that it is not our policy or intention to require farmers to participate in AAA programs in order to receive their fair share of off-the-highway fuel."

This letter was sent to the Farmers' Guild by request.

Fred W. Kennedy.

**LAFAYETTE GRANGE**

The March meeting of Lafayette Grange was held at their hall on Tuesday evening. Following the business session, a quiz contest was conducted by Miss Helen Sias, the program chairman, after which games were played. "Battle Hymn of the Republic" was sung in closing. There were 11 members present.

**AGRICULTURAL GRADUATE**

Among the March graduates at Michigan State College was Donald J. Cook, son of Mr. and Mrs. John P. Cook of Chelsea, who received his Bachelor Degree in Agriculture on Saturday, March 18. Donald has taken a position as instructor in vocational agriculture at Coldwater.

**HOLD GET-TOGETHER**

**Mrs. and Mrs. Norbert Eisenman and son, Corky, and Mr. and Mrs. Frank Webb and granddaughter, Carolyn Webb, of Detroit, were Sunday guests at the home of Mrs. Kate Hawley and daughter Dorothy.**

Income Tax—Declarations of estimated 1944 tax are due by April 15.

Longer Periods for Food Stamps—Under the ration taken plan, three red (meats-fats) 10-point stamps become good every two weeks, on Sundays, and five blue (processed fruits-vegetables) 10-point stamps become good on the first day of each month.

To reduce last minute rush buying just before stamps run out, the Office of Price Administration increased the period for which stamps may be used. Thus, the 60 red stamps and 50 blue points which become good each month may be used at any time during a period of from 10 to 12 weeks.

**Changes in Gasoline Rules**

Beginning April 1, the five-gallon "A" gasoline coupon for non-highway users will be good for purchases at "authorized filling stations," as well as for gasoline purchased at bulk plants or delivered to private storage tanks, OPA announces. The "A" ration for motorists is now two-gallons weekly in all parts of the country. On the Pacific Coast, the "B" ration has been cut from 460 to 400 miles a month.

**Farm and Garden Speakers**

Town and city groups—victory garden clubs, farm labor committees, schools, and other groups—desiring farm or garden speakers at their meetings, should give their requests to the county agricultural agent, the War Food Administrator advises. The best time for such meetings is during "Grow More in '44" week, scheduled in most sections for April 2-8, before farmers get busy with the start of planting season, he suggested.

**Ammunition Saved for Farmers**

While it is possible that by fall there will be sufficient rifle and shotgun ammunition for game shooting, the WPA said that for the time being none can be spared from supplies needed by farmers to protect crops and livestock. No ammunition will be made available for amusement purposes.

**More Income Tax Information**

While the majority of the nation's 50 million taxpayers will find their 1944 federal income tax obligations taken care of through withholding by their employers, an estimated 15 million will be required to file declarations of their estimated 1944 tax by April 15. Declaration forms are being mailed by the Bureau of Internal Revenue to all persons who filed declarations last fall. The first quarterly payment of estimated tax shown to be due on the declaration should be made at the time declaration is filed; the other payments to be made on or before June 15, September 15, and December 15. Farmers who receive more than 80 per cent of their income from farming, may postpone filing their declarations until December 15. However, if they wait until December they must pay all of their estimated tax at that time.

**EDITORIAL**  
The use of good speech is something which everyone should check himself on every so often.

In the younger generation, especially boys, we find that many of them feel that if they can use a lot of slang and so-called wisecracks, older people will notice them and consider them to be quite grown up. This however, is not the case. It is true that people do listen to your speech and the type of language which you use, but have you ever wondered just what they were thinking? If people would think of this before they speak, perhaps many of the things spoken would be left unsaid.

So, let's all think before we speak, and try and use the best of speech we know how, shall we?

## OFFICE NEWS

The Juniors will present their play, "Hook, Line, and Sinker," on Saturday, March 25, in the high school gymnasium at 8:00.

Plans are being made for Parents' Night on March 31.

School will close at noon on Good Friday, April 7, and will remain closed until April 17, for Spring vacation.

## SHAMROCK SHINDIG

The Chelsea high school gym was a scene of merriment last Friday night. Music, laughter, and fun were all included. A large body of students and teachers gathered to celebrate St. Patrick's Day.

The gym was beautifully decorated in green and white. Streamers were hung from the balcony to the floor. The entrance was practically solid with strips of green and white crepe paper leaving a vacant space for the door. The white backboard of the

basket was covered with green shamrocks. Along the sides the chairs were placed in "V" shape and set off in booths, which were separated by streamers. The orchestra was placed on imitation grass below the stage.

Everyone was dressed in their Sunday go-to-meeting clothes. Green was the color of the evening. Those representing the Irish were not O'Toole, Sullivan and O'Leary, but McClellan, O'Hara and Von Rademacher.

Erwin Helber's orchestra played almost continually until midnight. Mr. Harper showed some very interesting movies. Playing cards and an outboard were in the agriculture room.

Although we were a little disappointed because just a few students from Dexter came, everyone had a wonderful time.

## SPRING (?)

Yes, this is the first week of Spring, at least that is what the calendar tells us. Although the wind is whistling around the corners of the building and the temperature is still rather low, Spring will come eventually. Various signs, welcoming this season, have been seen, including: three robins who were hopping around with a chilly air about them, boys playing baseball, children roller-skating, pupils sleeping in study-hall (mild cases of spring fever), and everyone looking forward to spring vacation.

## LET'S ALL HAVE FUN

There is one commodity that will never be rationed and that commodity is laughter! No, there are no priorities on good, clean fun. That's why we are urging everyone to leave his problems and his worries at home and join the merry throng that will assemble at the public school auditorium on the evening of March 25, 1944 when the Junior class will present the new and popular farce, "Hook, Line, and Sinker." If laughter serves as a tonic, and we have always been led to believe that it does, then there are several bottles of healthful restoration contained in the three acts of Miss Loring's latest farce. You'll die laughing when you see James Gaunt in the part of Happy Jordan; Angel Benedict is played by Helen Loeffler; Mrs. S. Sinker, played by Rose Marie Clark; Septimus Sinker, played by Richard Richards; Harvey Hook by Tom McClellan; Mrs. Amelia Crossword by Joan Pierce; Cherry Raymond by Joyce Hoffman; Bonita Smalley by Angeline Merkel; Lester Line by James Gaken, and Mrs. Mabel Hallem by Marie Winter.

## LETTERS FROM SERVICEMEN

The Journalism club received letters from Thomas Lyons, Bill Rademacher and Dwight Gadd. The boys enjoy their letters and ask for address sheets of other fellows in service. Sometimes the news letter that the Journalism class sends has had a little trouble catching up with the fellows, but as Tom said, "It's a good paper and it found me." The boys are interested in the football games and the things they took part in when they were at CHS. Dwight is sorry about our team having had luck this season, "especially with the Flying Dutchmen." Tom is worried about what the seniors will eat on their trip as all they had was fish (or so he says).

## GIRLS' TOURNAMENT GAMES

Seniors Defeat Freshmen.  
Last Tuesday the final class tournament game was played between the Seniors and Fresh, with the Seniors winning 1-2.

The Seniors started as forwards, Clark, Brueckner and Miller; at guard, Harper, Spaulding and Kohnman. The Fresh started Gordon, Lindauer and Ulrich at forward; Rauty, Lueck and Howard were their guards.

Two of the Freshman points were made by Gordon and the other one by Lindauer. Brueckner made 8 points for the Seniors and the rest were made by Clark.

**Juniors Lose To Sophs**  
The Juniors lost a hard fought game to the Sophs, 25-16.

The Sophs started Perkins, T. Lyons and Vail at forward; Shutes, Ostrom and Moore as guards. Vail made 12 points, Perkins 7 and Hummel 4 for the Sophs.

**Class Ratings for the Girls**

Seniors ..... 2  
Juniors ..... 0  
Sophs ..... 1  
Freshmen ..... 1

The faculty will play two games this season, one with the Juniors and the other with the Seniors. These games will be played sometime next week. Watch for the results. They ought to be good.

## CHS SPORTS DEPT.

By "Doc" Alber  
The following teams are the state champions for the basketball season just completed:  
Saginaw, Arthur Hill, Class A.  
Marshall, Class B.  
Lansing St. Mary's, Class C.  
Benton Harbor - St. Johns, O. D.  
Scores:  
Saginaw Arthur Hill 44, Kalama-zoo Central, 39.

Marshall 34, Traverse City 32.  
Lansing St. Mary's 50, Cass City 23.  
Benton Harbor St. Johns 31, Leroy 25.

Saginaw, the tourney favorite, had little trouble in winning their title. Marshall and Traverse City had quite a battle before Marshall finally came out on top. Lansing had no trouble at all with Cass City to win the Class C title. Leroy, who had won 84 straight victories, was upset by Benton Harbor in the finals at Lansing. This was the only upset in the state finals.

## Basketball 1943-44

On Nov. 26 about 30 boys came out to greet Coach Cameron for the coming season.

With only four days' practice Coach Cameron sent his boys into a game at Grass Lake. The local lads won their first game by the score of 36-25. Both teams played even ball until the end of the third quarter, when the score was 18 all. Chelsea rang up another 18 in the last quarter to gain their victory. Score at the half was 11-9 in favor of the Bulldogs.

On Dec. 14 Chelsea played their first home game and before a fairly large crowd defeated Pinckney by the score of 51 to 40. With every man on the team scoring, Chelsea had no trouble with the Pinckney lads. Score at the half was 24-10 in favor of Chelsea.

After Christmas vacation came to an end the Bulldogs lost their first game to the Alumni by the score of 27-20. Although the high school lads led at the half, 13 to 9, the Alumni had too much power and went on to victory.

On Jan. 11 the local lads went over to Dexter to gain their third victory by the score of 41 to 31. Chelsea was behind 20 to 16 at the half and 29 to 28 at the end of the third quarter, but finally got clicking and went on to win.

On Friday the Bulldogs gained their only Huron League victory by defeating Saline by the score of 48 to 30. Chelsea was never in trouble and held a 28-11 lead at the half time.

On Jan. 18 before the largest crowd of the season, Manchester nosed out the Bulldogs by the score of 35-33. Manchester held a 14-18 advantage at the half, and also throughout the second half they were never behind. Andy Modak of Chelsea, who was called to the army, poured through 22 of Chelsea's points.

On Jan. 28 Milan defeated Chelsea by the score of 30 to 15. Milan, who led most of the game, had a 10-5 advantage at half time. The local lads, however, played a better game than the score would indicate.

The following Friday, U. High handed the local lads their second Huron League setback by the score of 44 to 21. They also led at the intermission by the score of 18-13.

On Feb. 11 an underdog Chelsea squad battled Ypsi Roosevelt to a 30-30 tie at the local gym. Chelsea led most of the way, although the game was tied at the half time at 16 all.

On Tuesday, the 15th, Dexter made a return trip to Chelsea and again the local lads defeated them by the score of 40 to 25. Chelsea led throughout the game and never in trouble at any time.

Grass Lake also was defeated for the second time by the Bulldogs, the score being 42 to 31. Chelsea again proved to be the better team by leading all the game and scoring just about when they wanted to.

Manchester defeated the local lads for the second time, the score being 37 to 28. Manchester led all the way, having a 16-5 lead at intermission.

On Feb. 25, Pinckney turned the tables on Chelsea and defeated them 40 to 24. Chelsea couldn't get used to the small floor and were never in the lead.

Chelsea drew the tournament championship to be and went down to defeat, after putting up a grand fight, by the score of 28 to 21. Bahn Miller poured in 18 of Chelsea's points.

The team record stands as follows:  
Won 6, lost 7, tied 1. Scored 197 field goals and made 54 free throws for a total of 448 points. Their opponents scored 185 field goals, made 73 free throws for a total of 453 points. Not a bad season at all.

The individual record follows:

Bahn Miller	14	87	17	24
Modak	6	84	7	18

## When the War Is Over

That much yearned for, almost legendary, day will mark a new era for transportation, as it will for everything else.

And our railroads will be ready.

We have plans for that day—plans that are realistic, forward looking, surprisingly progressive.

Michigan's railroads will join in the great change ahead.

They are picturing a future of improved plants, changed equipment, faster schedules, more efficient operation of both freight and passenger services.

The railroads have learned many things during this war period. America will benefit from this new "know how" in the days to come.

"When the war is over" America will move at an increased tempo. But no matter how much faster life will be, or how much greater will be the demands upon transportation, the railroads will be in the forefront, carrying the bulk of America's increased and accelerated passenger and freight traffic, and doing it with smoothness and efficiency.
