Ration Board Workers To Receive CD Awards

Eight volunteer workers at the
Chelsea Branch Rationing Board office
have been recommended to the State
Civilian Defense Office for Civilian
Defense awards. It has been an-
nounced by Harrison H. Caswell,
chairman of the Washtenaw County
Defense Council.

"The recommendations have been
made in recognition of the long hours
of faithful service these volunteers
have given to their community in war-
time," said Mr. Caswell, "and similar
awards will be made in the other
towns in the county as soon as the
necessary information is available."

Mrs. Kent Walworth contributed
1000 hours of volunteer work. The
volunteers honored for 600 hours of
work are Mrs. David A. Beach, Mrs.
Herbert Loehner, Mrs. Gerald Luick,
Mrs. L. J. Paul, Henry Schneider,
Mrs. Lawrence Wacker, Mrs. B. L.
Peterson, who has not been a member
of the staff as long as the others, will
receive an award for 150 hours of
work. Mrs. W. H. Skentelbury, the
most recent volunteer in the office,
has not yet completed the hours re-
quired for an award.

Most of these volunteers began
their work on rationing at the time
of the first sugar registration. Since
the fall of 1942, the office has been
under the supervision of Professor
A. E. R. Boak, a member of the Washtenaw
County Gasoline Panel. In
commenting on the work done by the
volunteers, Prof. Boak says, "I feel
that the community owes a great debt
to these volunteers because of their
faithful, loyal and competent service."

Chelsea Branch Rationing Office has
had many homes but has always been
maintained without expense to the
county, state or government. The
first office was set up in the public
school; later it was moved to Doe's
barber shop; and then to the town
hall. The present quarters at the po-
lice station are furnished by the Vil-
lage of Chelsea and have been occu-
pied since January, 1944. Ration
books and coupons have always been
stored in the vault of the Chelsea
State Bank. The office has been open
regularly every Friday afternoon and
when necessary in the summer, on
Wednesday, Friday and Saturday
nights.

The office, under new OPA regula-
tions, will continue to be open to fur-
nish blanks and to give information,
but ration books and coupons will be
mailed from the Washtenaw County
War Price and Rationing Board Office
in Ann Arbor.

Parents' Night Event Attracts Crowd of 700

"Parents' Night," held at the Chel-
sea public school last Friday night,
was very successful, with about 700
people attending. Various demonstra-
tions were put on by the high school
students from 7:30 to 8:30 o'clock.
Some of these demonstrations were:
a physical fitness demonstration by
Mr. Johnson's third hour gym class;
an explanation of some types of in-
struments which have been studied by
the Physics class; a speed and rhythm
demonstration by the typing students
under the direction of Miss Hammond;
and a discussion of gardening by Mr.
Richards and his F.F.A. boys. All of
the rooms were open for inspection to
the public.

Grade pupils did not hold any
demonstrations, but in their rooms
there were many very good exhibits.
The first grade had a zoo made in
their sandtable and also a doll house
made out of cardboard. The second
grade children set up a large farm out
of cardboard and made a small gar-
den in a box. The third grade dis-
played various things concerning their
social studies, while the fourth grade
had some of their original poems post-
ed in the room. In the fifth grade the
main attraction was the medieval
castle and village made out of oatmeal
boxes and cardboard. This was made
by last year's class and Geraldine Hale
made all the people and animals.

At 8:30 o'clock a program was
given in the gymnasium, consisting
of a welcome by Mr. Johnson; num-
bers by the band, chorus, triple trio,
and drum majorettes. A reading was
given by Leota Kohman, a first-aid
demonstration by three of the G.A.A.
girls, a Hi-Y announcement, and a
play and songs by the grade children.
After 9:30 o'clock the teachers re-
mained in their rooms to meet the
parents and to talk over any problems
they might have in connection with
school.

From all reports it is believed that
Parents' Night was most successful
from all points of view—pupils, teach-
ers, and parents alike.

MEETING FOR DAIRYMEN
Mastitis infection in dairy cattle
will be discussed at a county-wide
meeting Monday evening, April 20,
8:15 o'clock at the Ann Arbor high
school, room C-1, third floor. Dr. C.
S. Bryan and Prof. Russell Horwood,
outstanding authorities on milk secre-
tion and Mastitis, will discuss these
subjects. All interested dairymen are
urged to attend.

PROCLAMATION

To the People of Chelsea:

According to an ancient practice in
Christian civilization, Christian peo-
ple have reverently observed the an-
niversary of the death of our Lord.
From time immemorial on the day
called "Good Friday" they have re-
flected upon the truths connected with
His death.

To make it convenient for all Chris-
tian people of Chelsea to attend their
respective places of worship, and to
lend encouragement to such a whole-
some practice, I, Walter D. Mohrlock,
President of the Village of Chelsea,
request that on Friday, April 7, in the
year of Our Lord, 1944, all commercial
enterprises discontinue business from
twelve o'clock noon until three o'clock.
By Order of Village President,
Walter D. Mohrlock.

Friday for U. S. Naval Hospital at

Health Dept. To Hold Series of Free Clinics

The Washtenaw County Medical
Society and the County Health De-
partment will conduct another series
of free clinics for the immunization
of small children for smallpox and
diphtheria similar to the clinics con-
ducted last year. Diphtheria immu-
nization should be given starting at 9
months of age. The clinic program
will be as follows:

All children up to and including 10
years of age will be given serum to
prevent diphtheria if they have never
had this serum before, or if they have
not had serum in the last three years.
Children 11 years of age and older
who have not been tested in three
years will be Schick tested to see
whether serum is necessary. These
children are then to be taken to their
family physician who will look at the
test and see if more serum is needed.
Those who need serum will be given
serum by the family physician. He
will charge his usual fee for this
service. Children of all ages from
six months to and through high
school age will be vaccinated at the
clinic to prevent smallpox unless they
have been vaccinated and have a scar
that is less than five years old. No
charge is made for services given in
the clinic.

In many cases new schools have
been selected for the clinics this year.
Physicians who practice in each area
will do the work. Vaccinations and
serum injections for diphtheria will be
given at the same time. This practice
is recommended by child specialists.
In addition to the clinics conducted in
each township, there will be clinics in
the consolidated or village schools.
There will be at least one clinic in
every township. Ask your school
teacher about the time and place for
the clinic nearest you.

The Health Department is particu-
larly anxious to immunize children
who are not old enough to be in
school. Parents who have no chil-
dren in school can bring their children
to any one of the clinics. There they
will receive slips to be signed if they
have not already been secured. The
children will then be immunized with-
out delay.

The tentative schedule for the
Chelsea area is as follows:
Collins Plains School—Apr. 13, 9:30.
Jepusalem School—Apr. 18, 1:30.
Smith or North Lake School—April
18, 1:30.
Riemenschneider School—April 18,
9:30.
Chelsea Public School—May 11, at
9:30.

Gunner Reported Lost Over France Is Safe

Staff Sgt. David L. Butcher, 25, who
left for overseas duty in England in
May, 1943, and in July was reported
missing in action after a raid over
France, has been found and is alive
and well, according to a communica-
tion received by his mother, Mrs.
Mary Butcher, of Oak Park, Ill.
Sgt. Butcher, who enlisted as
ground-mechanic in the Air Corps in
August, 1940, was the first young man
to enlist from Washtenaw county.
During his freshman and sophomore
years he attended Chelsea high school,
making his home with his brother,
Raymond T. Butcher and family in
Sylvan township. Later he graduated
from Oak Park high school. Before
his enlistment he lived for two years
in Ann Arbor, and during this time
he was employed at the DeLuxe Win-
dow Shade Co.

Sgt. Butcher received his training
at Scott Field, Ill., at Las Vegas, Nev.,
and at Salt Lake City, Utah. He was
tall gunner on the "Flying" Fortress
which failed to return from a mission
on July 4 over Noyon, a small town
65 miles northeast of Paris.
A short time ago his mother re-
ceived a second telegram stating that
her son, who was alive and well, was
proceeding to his home base and was
hoping to see her soon.

Birch of Chelsea. Pvt. Birch, a mem-

on Los Negros Island in the Admiralty
group. He is 22 years old, is only
five feet, two inches tall, and was re-

Coast Guard, after which he enlisted
as a cavalryman on Aug. 20, 1942.

Cabbage, Apple
and Raisin Salad

There is nothing better than a good tasting, crunchy salad to pep up a meal.

Color, texture and flavor are points to remember when planning meals. According to doctors and dietitians, some raw foods should be included in the diet every day because Vitamin C might be lost in ordinary cooking of fruits and vegetables. A deficiency of Vitamin C will result in sore gums and a possible tendency to bruise easily. Sufficient Vitamin C in the diet helps to promote strong bones and teeth and helps the formation of supporting tissues.

Good sources of Vitamin C include citrus fruits (oranges, lemons, grapefruit and limes), tomatoes and raw cabbage.

During the next few weeks there will be a plentiful supply of cabbage in the local stores. It is relatively inexpensive and an excellent food.

CABBAGE, APPLE AND RAISIN SALAD	FRENCH DRESSING
(6 Servings)	6 tablespoons salad oil
1/3 cup seedless raisins	3 tablespoons vinegar
2 cups shredded cabbage (1/2 pound)	1/4 teaspoon salt
1 cup diced apples (2 medium-size)	1/10 teaspoon pepper
	1/2 teaspoon paprika
	1/2 teaspoon sugar

1. Cover raisins with hot water; allow to stand 5 minutes; drain.
2. Combine cabbage, apples and raisins.
3. Add French dressing; mix well; chill.
4. Drain before using.
5. Serve on a bed of shredded lettuce.

FRENCH DRESSING

1. Put all ingredients into a jar, cover and shake well.
2. Store in refrigerator.
3. Shake before serving.

OFFICE NEWS

School will close Friday noon for Good Friday services, and will remain closed until Monday, April 17, for spring vacation.

The school superintendents in the county are meeting at Ypsilanti tonight.

STUDENT COUNCIL

The committee working on the Student Council Constitution made a report on their progress.

A discussion on Student Council election finished the meeting.

ATHLETIC BOARD

An assembly was presented by the Athletic Board, featuring a "trick-shot artist."

The baseball uniforms that they ordered have arrived.

Tennis balls were sold by members of the Board.

SENIOR STATISTICS

At last a Chelsea has been found whose favorite sport is not football. Rosemary Wallace, born on June 1, 1927, is firmly convinced that skating tops the list of her favorites. Having found that much out I was eager to know more. Her favorite food is fish, her favorite color green (could she be Irish). She stands five feet three, and her weight "unknown." Her favorite song is "I Love You" and believe it or not she plans to attend teachers' college after graduation.

Mary Katherine Weber, born on December 10, 1925 in Jackson, Mich., is another football fan, with the exception of one difference—her musical interest. She's no "hep-cat," this gal. Her favorite composer is Strauss and her favorite song, "Voices of Spring," by Strauss. She is five feet, two inches tall and tips the scales at 115 lbs. Her favorite food is fresh fish and her favorite color dark green. After graduation she plans to take a commercial course at the U. of D.

ANY TIME, ANY SCHOOL-DAY

Two high school girls meet in the hall and begin discussing a certain matter:

Miss A.: "It is really a mystery to me. Can you figure it out?"

Miss B.: "The only reasonable solution I can think of is this, the Chorus members must be practicing in Room (typing room)."

Well, girls—and boys, let me enlighten your minds. It is only Miss

Hammond's students typing to music furnished by records. Have these typists got rhythm? Well, I guess so—you should hear them beat it out to the tune of "The American Patrol," "Dixie," and others.

CHORUS

Chorus will sing Friday at the Methodist church.

TRICK SHOT ARTIST

Chelsea High assembled Wednesday afternoon to observe Wilfred Hetzel, trick-shot artist, perform some 50 odd trick basketball shots. Some of his harder shots were banking the ball from the floor, shooting underhanded with the left hand, and drop-kicking the ball into the basket.

Mr. Hetzel did not handle a basketball until he was in the seventh grade and did not practice excessively until a senior. Since that time he has attended the University of Minnesota and given a great many performances of his ability to shoot the ball from almost any position, leaving his hands free with a high average of baskets.

HOME MAKING NEWS

On Tuesday of last week Doctor Mable Reugen of the Vocational department spent the day with the Home Making classes. Dr. Reugen is interested in community health.

The Home Making girls are busy with spring house-cleaning and the closing up of the hot lunch department. Eva Harris is inventory keeper of all the ingredients which are left over.

Baseball

There's not much that can be said at present for the coming baseball season. The schedule has not been completed as yet, but there are six Huron League games carded for the month of May.

As soon as the weather permits practice will begin outside. Most of the squad has been working in the gym, trying to work their arms into shape.

Tennis

A tennis team is being organized again this year. The new coach is Mr. Janke. As yet a complete schedule has not been arranged, although there are two meets carded with Lincoln. Several boys return from last year's squad and with a little practice they should have a good team.

BACK THE ATTACK—BUY BONDS

HANDS BEGIN TO FLY

when the fleet moves in or it's payday in the Army

Then the boys rush to the telephone—a whole, eager bunch of them all at once—to call the folks back home.

Your casual Long Distance call at such a time could mean that some soldier or sailor would have to wait—or maybe not have time to get his call through at all.

Will you please help—by leaving 7 to 10 P. M. for the service men?

It's especially important in these off-duty hours.

MICHIGAN BELL TELEPHONE COMPANY

BACK THE INVASION WITH WAR BONDS

"GIVE 7 TO 10 TO THE SERVICE MEN"

NOTICE

To that small minority among you who stray so far from your own job of furthering the war effort through your privilege of being an active part of the Federal Screw Works (whose war production record all Chelsea is proud of) that you may worry as to the draft status of the few young men who have not yet been awarded a place on Chelsea's Honor Roll. Be it here known—

I have passed my physical at Detroit (Jan. 31). Chosen the Army over the Navy; and am awaiting induction notice subject to 5-day call, any time within the three months following my physical, which time is rapidly drawing to a close—April 30 being the dead line.

When the Board sends my induction papers I can tell you social misfits the exact hour of my departure. Just leave your name at my home or call 6972 for information which undoubtedly will clear up your misguided minds. There was a paper hanger named Hitler—no doubt he did painting, too. Which brings up the \$64.00 question.

Did Hitler do his painting in the day time, out in the open—or did he pick the wee-small hours of a Sabbath morn when all prying eyes are closed in sleep?

(You can take it or leave it—I'll be around for a few days yet.)

I may be able to find the answer to this question during the time I am away from Chelsea, if so my report will be forthcoming.

I would like to ask one thing of my Home Town of Chelsea—Be fair to the boys who are not in the Armed Forces yet. Perhaps they are physically unfit—their work might be more important to the war effort than their presence on the front lines—they might be awaiting their induction call—Give them a break—Ask THEM for the true facts.

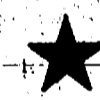

Then YOU get on your job 100%. Let the Army—Navy and the Draft Boards run this war from the personnel standpoint. Let them worry as to what boys they want—when they want them—and where they want them to go.

Thanks, Folks,

ROLLY SPAULDING.

Hoffmaster Tells Plans Of Conservation Dept.

In an effort to clarify the policies of the Department of Conservation in regard to acquisition of lands for the Southeastern Michigan Recreation Area, P. J. Hoffmaster has released the following communication to newspapers:

To the Editor:

This Department has in recent months received many letters raising questions relative to the Department's plans and policies in the acquisition of lands within the Southeastern Michigan Recreation Area. Believing that the people living in or near the area are entitled to know what the Department has in mind, I am setting forth in this letter a statement of such policies and trust that you will help us and your readers by publishing this letter, or at least excerpts from it.

The Conservation Department has been buying lands for many years, and particularly within the last few years has purchased thousands of acres within areas in the southern part of the Lower Peninsula. The policies set forth herewith have been formulated as a result of this experience.

In selecting the Southeastern Michigan Areas, the Conservation Department chose areas within which the lands for the most part are better suited for recreation than for agriculture. The purchase boundaries were set on the basis of land character and use without knowledge of the ownership pattern. They are not fixed, but flexible, and subject to change. Adjustments can readily be made where a boundary line may bisect a property, in which case purchase of a part of the property may destroy its usefulness to the owner.

Following a policy of proper land use, land whose best use is in agriculture will not be acquired except in exceptional circumstances. Private recreation uses and ownerships, such as summer cottages, boys' and girls' summer camps, bathing beaches, golf courses and riding stables, will not be disturbed except where such private holdings might seriously interfere with the intensive development of an individual purchase.

In purchasing the land the Department has always proceeded on the basis of negotiation with the owner after a careful appraisal of the property by an experienced appraiser. It has set no price ceilings or standards but expects to pay what the property is reasonably worth, considering all the circumstances. On the other hand, it does not propose to pay unreasonable prices and will resort to condemnation if that should prove necessary. As evidence of the Department's desire and ability to purchase by negotiation, it can be stated that only twice in its history of thousands of land purchases, involving hundreds of thousands of acres of land, has the Department resorted to condemnation.

Where land is to be purchased which is occupied by people who have lived there for a long period of years and who desire to remain there for the rest of their days, it is the policy in school and road costs as well as increased revenues to local residents and businessmen through providing food, lodging, and other services to recreationists. We feel also, that the stabilizing effect that purchases and dedications of this character has on adjacent real estate is going to be of material benefit to that property.

The above may not answer every of the Department to provide such persons with lifetime leases and permit them to remain there.

It is quite true that lands acquired by the State are not subject to taxation and that the tent cents per acre payment required under the statutes in lieu of taxes will not compensate for the loss of tax revenue to local governmental units. However, judging from experiences of a similar nature in this state and other states as well, it is our belief that values of private property adjacent to state owned areas will greatly increase. Too, there should be some reduction question that may be asked. In fact, I am sure it does not. However, I believe it will answer the more perplexing ones, and I trust it will assure residents of the area that it is the desire of the Department to be just and reasonable in its operations.

Very truly yours,

P. J. Hoffmaster,
Director of Conservation.

The home of Mr. and Mrs. J. H. Gordon M. Kleiner of Fort Bragg, N. C. and Lt. and Mrs. Stanley Kleiner of Drew Field, Fla., who were here on furlough. Learn something about your War Bonds from this fellow!

THE BEST THING a bulldog does is HANG ON! Once he gets hold of something, it's mighty hard to make him let go!

And that's the lesson about War Bonds you can learn from him. Once you get hold of a War Bond, HANG ON TO IT for the full ten years of its life.

There are at least two very good reasons why you should do this. One is a patriotic reason . . . the other a personal reason.

You buy War Bonds because you know Uncle Sam needs money to fight this war. And you want to put some of your money into the fight. But . . . if you don't hang on to those War Bonds, your money isn't going to *stay* in the battle.

Another reason you buy War Bonds is because you want to set aside some money for your family's future and yours. No one knows just what's going to happen after the War. But the man

with a fistful of War Bonds *knows* he'll have a roof over his head and 3 square meals a day no matter *what* happens!

War Bonds pay you back \$4 for every \$3 in 10 years. But, if you don't hang on to your Bonds for the full ten years, you don't get the full face value, and . . . you won't have that money coming in later on when you may need it a lot worse than you need it today.

So buy War Bonds . . . more and more War Bonds. And then *keep* them. You will find that War Bonds are very good things to have . . . and to hold!

We are definitely in the processed chick business. By that we mean that we are equipped to start your chicks under ideal conditions for five, seven, ten or 14 days for you.

When they go out into your brooder house, they are well under way, they are double sorted, and they are big husky, healthy fellows and you can forget about the usual worries of the first few days of brooding. The cost for this service is very nominal.

We usually carry a stock of these chicks on hand. Occasionally we have a bargain if a lot of chicks get beyond the age where we wish to carry them in our brooders longer.

MOST PASSENGERS USE BUSES—More than half of all passengers using any form of public transportation between cities last year rode on the country's 23,474 highway buses, the National Association of Motor Bus Operators announced.

Passenger traffic on intercity buses reached a record-breaking high of 963 million in 1943, according to the association's findings. This total represents a gain of 39.1 per cent over 1942 and is two and one-half times the riders of any peacetime year.

One hundred and seventy-five of the nation's major bus lines accounted for 783 million of last year's passengers, while smaller operations contributed another 180 million. Reports of the larger operators show that while they carried 42.1 per cent more passengers, their operating mileage increased only 11.3 per cent.

The figures are based upon conservative projections of Interstate Commerce Commission reports which have been completed through November, 1943.
