ENTERTAINS FOR ARMY SON

Mrs. Herman Pierce entertained at a family dinner on Sunday in honor of her son, Pfc. Charles Pierce, recently of Bellair Camp, Niagara Falls, N. Y. Pfc. Guests at the dinner included Hiram Pierce of Jackson, Mr. and Mrs. Paul Pierce and family and Mr. and Mrs. Charles Wortley and sons of Chelsea.

Nutrition Meeting Held Thursday At C. H. S.

Women of the community who attended the nutrition meeting and program at the Home Making room of the high school last Thursday night were well rewarded for their efforts.

The room contained several interesting displays of food and many free booklets on planning and cooking good meals.

Mrs. A. L. Brock, nutrition chairman for Chelsea, told of the many things she has done for the past three years in Nutrition. Miss Julia Davies, Home Economics teacher at the high school, introduced Miss Catherine Fauser and Miss Rose Marie Clark, who conducted a panel discussion on the hot lunch program as it was conducted in Chelsea. This was exceedingly interesting in that all of the work—plans, menus, marketing, serving and records—was done by the students in advanced home making.

Rev. W. H. Skentebury then presented an inspiring talk on gardens. He did not tell how to grow bigger and better vegetables but he did say that no garden can be a failure if besides the vegetables the gardener grows he also gets strength and health and enjoyment.

Miss Frieda Huggett, Washtenaw County Nutrition chairman, reported on how Washtenaw compared with other counties of Michigan. This county is the only one in the State where the Clean Plate program is being carried out in all the schools.

Mrs. E. J. Quirk gave a report on nutritional activities in St. Mary's parochial school, which included the penny milk program.

Mrs. George Walworth, librarian at the public library, invited all to visit the library and inspect or borrow pamphlets on good eating and gardening.

"Secret Weapon," a movie, was shown following these talks by A. C. Johnson, superintendent of schools. The secret weapon is sound health, promoted and protected by balanced meals.

Delicious refreshments were served the group, with Miss Fauser and Miss Clark pouring.

It is hoped that a large crowd will attend this gala affair.

Pillar Keeps Motorist From Entering 'Home'

A motorist and his four passengers tried very hard to make a forced entrance into the Methodist Old People's Home about 2:00 o'clock Wednesday morning, rather than awaiting their old age and entering in the regulation manner.

According to police officers the car, driven by Milton O. Draper, 27, of Jackson, was travelling at terrific speed on West Middle street and failed to make the turn just east of the entrance to the Home grounds. The car followed the Home driveway, climbed the steps to the porch elevation and stopped as it struck a large wooden pillar on the porch. The pillar landed across the car as it came to a stop.

All passengers in the car were injured, some seriously, and they were taken to St. Joseph's Mercy hospital, Ann Arbor. With Draper were his wife, Mr. and Mrs. Arthur Sanford, and Eva Webb, all of Jackson.

The car was almost completely demolished.

Mrs. John Schleferstein.

WEDDINGS

Boysie-Gall

The farm home of Mr. and Mrs.
Wirt C. Boysie on M-92 near Stock-
bridge was the scene of a lovely wed-
ding at 8 o'clock on Friday evening,
April 14, when their youngest daugh-
ter, Vera Katrene, became the bride
of Albert C. Gall, son of Mrs. Mary
Gall of Saline.

Lohengrin's wedding march was
played by Mrs. Vera Woolfitt of Flint,
an aunt of the bride. Two solos, "Oh

Promise Me" and "I Love You Truly"
were sung by Orrin Girbach of Ypsil-
anti, a cousin of the groom.

The Reverend Mr. Wittbracht of
Saline officiated at the double ring
ceremony, before a background of
ferns and Easter lilies. The bride
was given in marriage by her father,
and was attended by her sister, Mrs.
Shirley Watson. Stanley Gall acted
as best man for his brother, Little
Carol Martin, niece of the bride, acted
as flower-girl.

The bride chose for her wedding
a floor-length gown of white marquis-
ette and lace. Her finger-tip veil of
illusion, tulle and lace was held by a
coronet of orange blossoms. She car-
ried a bouquet of Johanna Hill roses
and fregias. Mrs. Watson was at-
tired in rose moire taffeta and carried
sweet peas and daffodils. The little
flower girl wore a yellow frock and
carried a basket of flower petals.

During the reception which fol-
lowed the ceremony, colored movies
were taken by Miss Annice Sutton of
Pontiac.

A buffet lunch was served from a
table covered with silk damask, cen-
tered with a beautiful white three-
tiered wedding cake between candi-
dabra. The lunch was served by
neighbors and friends. The guests,
numbering about 75, included rela-
tives and friends from Webberville,
Flint, Pontiac, Detroit, Ypsilanti, Sa-
line, Ann Arbor, Hillsdale and Litch-
field.

For her going away costume, Mrs.
Gall chose a suit of mist green with
accessories of luggage-tan. The young
couple left for a short trip amid a
shower of rice and the good wishes of
their friends. They will be at home
on a farm near Saline.

The bride is a graduate of Stock-
bridge high school and until recently
has been employed in Ann Arbor. The
groom, a graduate of Saline high
school, is a well known farmer in his
community.

THE OLD JUDGE SAYS...

"We can't argue with the Judge on that
point, can we Mabel? It's not fair to penalize
the many for the actions of the few."
"That, folks, is exactly what we would be
doing in this country if we ever voted for
prohibition again. Authorities who have
made a careful study of the problem, report
that only about 5% of those who drink
abuse the privilege occasionally... 95% drink
sensibly. Probably doesn't compare with
the number of folks who overeat and do
other things to excess. Prohibition certainly

isn't the answer. It's not that simple. We
had nearly 14 years proof of that, didn't we?
"The real answer is education and better
control. In fact, the responsible members of
the distilling industry are working con-
stantly toward that end. They don't want
anybody to abuse the use of their product
any more than the three of us do."
"If everybody would take that sensible
attitude, Judge, and cooperate as more and
more are now doing, we'd be a lot better
off a lot quicker."

GOOD?

They're
so good!

And your gas appliances ARE good for a long time.

Simply and durably made, with reasonable care, they will
continue to give you satisfactory service.

Clean the burners of your gas range regularly to assure a
clean blue flame and even distribution of heat.

Avoid slamming the oven door, or dropping the burner parts.

The enamel surfaces can be kept looking new by removing
spots and stains immediately.

Defrost your silent gas refrigerator every week. Be careful
not to wrench the ice trays loose when they are frozen tight.
Avoid overcrowding of shelves, which interferes with free circula-

EDITORIAL

This year our government has asked more people to have Victory Gardens. Food is a very important thing in this war. Our fighting men must have food so that they will have strength to fight. Our war workers, hospital workers and Allies must have food. People in America do not realize what it is to go without food. It is up to every one of us Americans to supply the fighting forces and the home front. So let's help by making Victory Gardens.

LATIN CLUB BANQUET

Thirty-two Roman students met in the C.H.S. gym on Wednesday evening. They were dressed in their everyday togas. At a little after 8:00 p.m. dinner was served. They sat on the floor and ate from a table minus its legs. This did not agree with all students, as some found it hard to reach in this position. The food was very delicious. It consisted of Italian spaghetti, olives, celery,

carrot sticks, ice cream, cookies, rolls and (believe it or not) butter. Following the meal everyone joined in and dishes were done away with. Games and dancing made up the evening's entertainment.

SNOOPIN'

What is spring doing to our Seniors? The other day I found a group of them and of all things, they were adding, subtracting and dividing, and they all agreed on one answer—26 more days of school for them. (That was Monday).

Our Freshmen boys aren't saying much, but the girls are out in the school yard yelling and playing baseball. This is the season of a few years ago, but girls will be girls.

With warm weather in the offing, "spring fever" has hit the study halls, but no one knows just how much unless it's the teacher.

The boys can say what they want about girls and their chatter, but whenever you go up to John's around the pinball machine there is a group of boys discussing who will start in the next baseball game, etc.

Have you heard of the latest dream gown? Well two great minds have completed the season's hit. Rhea and Helen have made known the formula as follows: 5 yds. of purple corduroy cut in half and pinned at the shoulders; 2 yds. of orange oilcloth cut into dots and then pasted on the dress; put a blue belt around the middle and add a pair of green shoes. Boy, will you be a mess for the Reception.

SEVENTH GRADE NEWS

(Ellen Jane Geddes)

This week we are having reviews in language in cases and tense. In spelling we have a sectional review of one hundred words.

We voted to spend the rest of our money for yarn. We have almost enough squares for another afghan and are searching for someone to sew it together for us.

We planned a stamp auction this week in which the articles will be wrapped so that we won't know what is in them.

We wish to express our thanks to Mrs. Loeffler and Helen for giving us thirty-six blocks for our afghan. They

not only knit, but provide the yarn, for the blocks.

Doris Downer wrote us that she would be unable to come to school this term. We extend our sympathy to her. John Copren and Mary Jane Jarvis have also been ill.

TOWN AND FARM IN WARTIME

Motorists Keep Tire Records

Tire inspection records must still be presented to ration boards whenever application is made for gasoline or tire rations, the Office of Price Administration said in explaining the need for saving the tire record form. The tire record must be kept with the automobile and transferred with the car if sold. Operators of trucks, buses, taxicabs and other types of commercial motor vehicles are still required to have their tires inspected periodically, although passenger car tire inspections are no longer required.

Tires for Small Trucks

Small trucks delivering essential foods, laundry, drugs and medicinal supplies and dry-cleaning apparel, and trucks operated by medical or dental laboratories will be able to obtain new truck tires of eight or less ply and all sizes of new passenger tires, OPA announced. Delivery trucks for beverages, ice cream, retail stores, confectioners and tobacco products, heretofore ineligible for any tires, will now be able to get used passenger tires, used truck tires smaller than 7.50-20 and obsolete sizes of new passenger tires.

Counterfeit Stolen Gas Coupons
More than 90 per cent of American motorists have endorsed their gasoline coupons, OPA said in reporting the progress made in stamping out counterfeit and stolen gas coupons. Since January first, 928 counterfeiters, peddlers and persons who had robbed local boards were arrested, and 611 motorists who bought gasoline illegally lost their rations. Also, 20,061 filling stations had to turn in valid coupons to make good the illegal sale of more than four million gallons of gasoline, and 1,140 other stations were denied the right to buy or sell gasoline for periods varying up to the duration of the war.

Farm Film for Local Groups

A two-reel technicolor and sound film, "Farm Garden," produced by the U. S. Department of Agriculture, is available for local groups and organizations interested in the fundamentals of farm and city gardening. The Office of War Information reports. The 20-minute film depicts planning, planting, cultivating and harvesting, and the control of garden pests and diseases. Persons interested may write the OWI Bureau of Motion Pictures, 1400 Pennsylvania Ave., N. W., Washington 25, D. C., or their State Extension Service, for the name of a local distributor from whom they may get the film.

To Train Men for Sea Duty

Men 28 years of age and over are needed especially during the next 10 weeks to be trained for service aboard merchant vessels, the War Shipping Administration announced. Physically fit, honorably discharged veterans and men classified 4-F or 1-C, 17½ years of age and over, will be accepted for training. Men with previous sea experience may apply for refresher courses, upgrade training or officer-candidate courses. Applicants may register at maritime service enrolling offices in major cities or inquire directly of the U. S. Maritime Service, War Shipping Administration, Washington 25, D. C.

Cheap Gains

The cheapest and most economical gains are made by young animals. Because of this, it is essential to give calves a good start and then to keep them growing rapidly and continuously.

There was a drop of 5,000 in traffic deaths in 1943 as compared to 1942, a reduction of 18 per cent in traffic fatalities in one year. There is no question but what the drop in traffic deaths is due in a large measure to driving restrictions. Also, most people are paying a great deal more attention to conserving their tires.

Speed burns up rubber. The reduction of speed not only conserves tires but reduces accidents. Since speed is one of the dominating factors in our traffic toll, it is natural that with reductions in speed as well as in travel, the toll of traffic deaths should be materially lowered.

Does this not point to the fact that when wartime restrictions are eliminated we should continue to drive at a safe and sane speed? Should we not develop habits now that will make it unnecessary for state legislatures to enact laws with greater restrictions on the motorist in the post-war era?

Let each of us ask himself these questions and then resolve to drive more carefully and courteously in the future.

Oat Rust Damaging

Crown rust of oats is carried in alternate years by the buckthorn shrub. Common barberry is an alternate host for black stem rust of grain, and wild currant and gooseberry are alternate hosts for the white pine blister rust. The new disease of peaches is spread through the orchards from nearby chokecherries.
