Chelsea Pauses For 'D-Day' Observance

Chelsea fittingly observed the opening of the European invasion on Tuesday, when at 10 o'clock the church and school bells tolled and the siren was sounded for 90 seconds. Traffic was halted by police officers for a period of about three minutes. Factories and schools observed the occasion with a period of silence and business was at a standstill. With about 400 boys from this community in the armed forces throughout the world, and many of them participating in the invasion, prayers were offered for their safety in the dark days that lie ahead, and for victory in this tremendous military operation.

These boys are giving their all—back them up with War Bonds—and also, ladies of the community can render a real service to the boys by assisting the surgical dressings group. Read the appeal of this committee in this issue!

Red Cross News

Blood Bank July 6
The Chelsea Red Cross Blood Bank is scheduled to take place at the Methodist church during the afternoon of July 6. Any person between the ages of 18 and 60 may contribute. However, it will be necessary for people of ages 18 to 21 to have with them a written permit from a parent or guardian.

Chelsea must have 800 blood donors. Anyone wishing to be a donor please register with your factory, or call Mrs. A. L. Brock, Mrs. Paul Maroney or Mrs. A. L. Steger.

Chelsea Red Cross has been asked to make 50 more Solder Kit Bags.

Two afghans have been made by the Chelsea Study Club.

We are in need of 42 more knitted squares to complete another afghan. If you have yarn or squares will you kindly turn either in to Mrs. J. E. McKune?

The Dessert Bridge club was entertained on Monday at the home of Mrs. Eva Cummings.

Chelsea Softball League

The League got under motion last week when the high school and Cassidy met at the local athletic field. The score will be in next week's paper. This week the following games are scheduled:

June 13—Cassidy Lakers vs. UAW-CIO.
June 15—Chelsea Bulldogs vs. Community.

United In Prayer

In these days of sacrifice, trial and victory, as every day, our thoughts and prayers are always for you and those we all love. If we can be of help in any way, please know that we are both willing and ready.

We earnestly pray, as we hope you do, that the right shall prevail, and that war shall cease, but that from out the pain and sacrifice a new and better world shall be born wherein men may live in peace, and God and Christ be adored, worshipped and glorified everywhere. God love you always.

As these lines are written the world has heard the news that invasion of Fortress Europe is under way. During this tense period we can do no better than take stock of our civilian war efforts by evaluating what we have done, what we are doing and what we can do. Having done that each of us should individually renew our pledges to apply all of our energies and efforts to home front tasks to the end that we may help shorten the conflict and save thousands of lives.

There is no denying that home front support is not as vigorous as it once was. True, our industries are turning out tanks, guns, ships and planes in tremendous quantities and have more than met their goal, but that is not the whole story of support. There are other activities, too, such as blood plasma donations, War Bond purchases, and SURGICAL DRESSINGS, the latter having fallen down national (Continued on page two)

Cub Scouts Collect Ten Tons of Waste Paper

The Cub Scouts have completed a second pick-up of waste paper in Chelsea and really are to be commended for their efforts. They have made a valuable contribution to the war effort as they have collected more than ten tons of paper.

In order that everyone who contributed, either with paper or the work of collecting, may know what this will do, we are listing below what ONE ton will do, then multiplying the figures by ten and you will see what it actually means to our boys "over there."

From one ton of waste paper can be made:

- Protective coverings for 4,000 containers of blood plasma.
- 28,000 boxes for emergency lifeboat supplies.
- 18,000 cartons containing Army "K" rations.
- 58,000 cartons, each containing 10 cartridges which are used for inflating life rafts.
- Cartons to carry enough yellow fever vaccine to inoculate 2,400,000 men.
- 400 protective bands for 250-pound bombs.
- 340 bands for 500-lb. bombs.
- 220 bands for 1000-lb. bombs.
- 1,000 casings for 75 millimeter shells.
- 2,000 casings for average shells.
- 22,000 cartons to hold 15 fifty-caliber bullets each.
- 40,000 cartons to hold five 45 caliber bullets each.

The Cubs will continue to pick up paper as they are notified that paper is ready.

Fifth War Loan Quota For Chelsea Is \$875,000

BULLETIN
The following telegram was received on Tuesday by Warren Cook, Washtenaw County War Bond Chairman:

"This is to say as far as we are concerned, the 5th War Loan starts today. We want the entire war finance organization to go all out on the people themselves today, to voluntarily buy bonds like they have never bought bonds before, without being asked to."

(Signed) Frank N. Isbey,
State War Bond Chairman.

Buying of bonds in the Fifth War Loan Drive has started. All bonds purchased in Chelsea from the first of June to the last of July will count in this drive, although the stated period of the drive is to be from June 12 through July 2.

Chelsea's total quota for all types of bonds is \$875,000, or \$50,000 more than in the previous drive. Chelsea has far exceeded its quota in all previous loans and should do equally well in this one.

George Doe, our executive chairman, has his organization completed, and all members are ready for the real beginning of the drive which starts next Monday, June 12.

The plan of solicitation will be about identical with our previous ones. All persons who are working in Chelsea plants will be solicited by gallants selected from among their own number; persons working in the downtown area and persons living there who do not work in one of our plants, will be solicited by gallants who have been assigned to obtain definite sections. The schools and the Methodist Home have their own gallants. All other persons will be solicited by gallants who have had their names assigned to them.

Some of the gallants have quite a number of persons to see, and you can help them by buying your bonds and giving them the serial number. In most cases you will be solicited by the same gallant who solicited you in the last drive. If there is any change, he can tell you who is to see you in this drive.

All gallants should make it a point to finish their soliciting very early in the drive; see every person during the first week, even if you merely remind the person that you are seeing them again in a few days. In the meantime every person should buy his bonds, and give the serial number to the gallant who has solicited or is to solicit him.

We will again try to keep you posted as to the progress of the drive by giving the sales figures each week.

Quota Figures

The Nation	\$16,000,000,000
Michigan's part	\$26,000,000
Chelsea's part	\$875,000

Chelsea's quota is divided as follows:

"E" Bonds	\$ 75,000
"F" and "G" Bonds	93,000
Corporations	203,000

While the assignment of quotas is purely arbitrary, it is quite possible and the larger the proportion of "E" bonds is, the better it will please the government financiers.

Chelsea has always excelled in "E" bond sales, and it will again be necessary to stress the sale of this type of bond in order for us to make the best possible total sale.

Chelsea War Bond Committee.

Old-Timer Recalls Icy Decoration Day—1891

When Bill Schatz went to Adrian with a sawed-off shotgun on Decoration Day the intensive heat reminded him of the contrast in temperature when compared with Decoration Day in the year 1891. At that time Bill, a youthful barber 10 years of age, was working in Adrian. He recalls that it was very cold in the morning of that Decoration Day, in fact it was necessary to have a good fire in the barber shop (those were the good old days when you could get a haircut even on a holiday).

It became so cold in the afternoon, according to Bill, that it was necessary for the band to stop playing, as some of the instruments froze, making their operation impossible. Accompanying the cold was snow and hail in the afternoon.

Although we don't doubt Bill's story, we would like to hear from other old-timers who might remember that 80th day of May, 1891. As Chelsea lies to the north of Adrian, perhaps there was good skating on the surrounding lakes that day. Come forth with your story!

FAIR WARNING

BEHIND the clouds of war and rushing industry lurks a danger that may rob you of the fruits of final victory—the joy of seeing and playing an important part in the bigger, more beautiful things to come.

Eyesight is paying a heavy penalty for our success—but only because of a lack of proper eye care. In fairness to yourself, before great damage is done, give your eyes the benefit of necessary frequent examinations.

Surgical Dressings
(Continued from page one)

ly by volunteer workers until there is only two months' supply of dressings in reserve.

The Army looks to the Red Cross for eight different types of dressings, all of which must be made according to military specifications. Because the types of dressings most urgently needed by the armed forces vary from time to time, new quotas are assigned each month.

Some 3,500,000 women in the Red

Cross Production Corps must supply a large proportion, 90 per cent, of the Army's requirements for dressings. These dressings, all made by hand, represent the time and careful efforts of volunteer workers whose production efforts seldom make news. Their work is responsible for filling the quotas which cannot be met by industrial facilities these wartime days.

Volunteer workers are now producing 3,000,000 dressings a day as the Allied invasion gets under way. Virtually all such dressings go overseas to provide stock wherever United States troops are in action.

Are you already one of these 3,000,000 volunteers? If not, would you not like to be numbered among them, to help our wounded boys?

Washtenaw County Chapter is in the Mid-Western Area. This area's quota of dressings is 30,000,000 a month, with 985 chapters to produce that number of dressings.

When a chapter does not meet its quota it must be turned over to another chapter to complete the work.

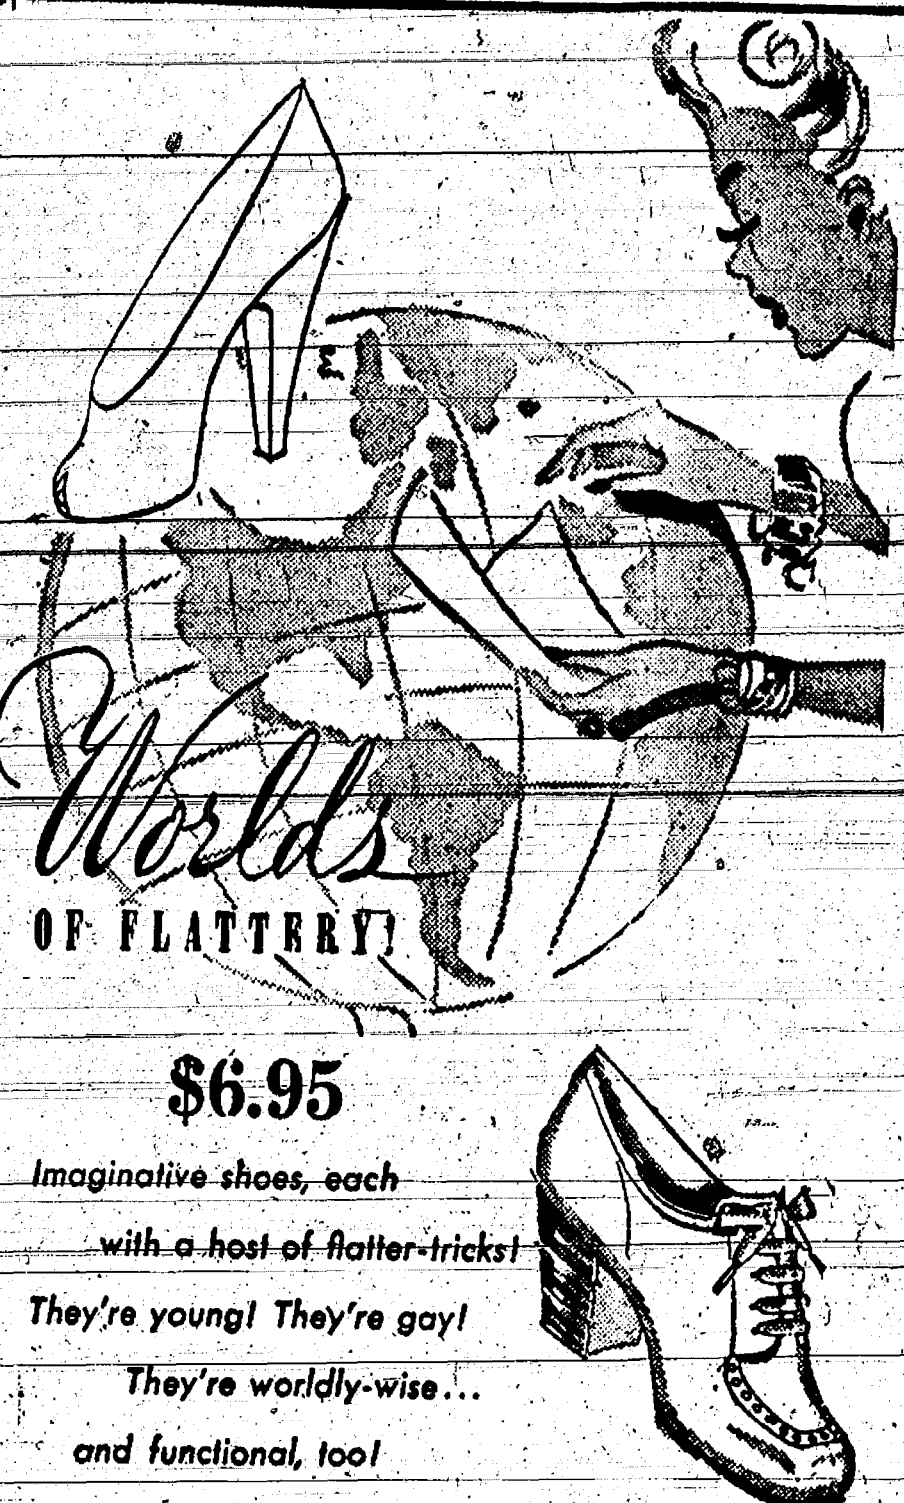

The quota for Washtenaw county at this time has been raised 25 per cent higher than ever before. Chelsea's share of that quota is 4800 dressings during the month of June. This means more dressings than we have ever made—1200 each week.

To complete those 4800 dressings this month is a real task. It is a responsibility for each of us to do, and we can't afford to become indifferent or take time off or just chuck it overboard. And if we don't do what we can to help, then all of the excuses and explanations one can think of will not shorten the war, and getting our boys back safely is not great enough to make us move out of the comfortable orbit of life as usual.

Chelsea has a record to be proud of in the production of surgical dressings. Since we stand the highest in our population and percentage of dressings given to make.

This is the kind of news we like to send along to our fighting men. Will we be able to say we have completed this month's quota and still keep Chelsea on top of production? What can you say to our boys who are wounded and sick? Will it be "I helped to keep Chelsea on top of production in Surgical Dressings?"

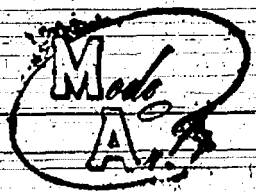

Pvt. Robert Randolph, recently returned from overseas, Mrs. Randolph and Mr. and Mrs. Andrew Eppler and daughter of Battle Creek, Miss Genevieve Eppler of Bowling Green, Ohio, Miss Augusta Harris of Ypsilanti, and Quentin and Kermit Klein of Dearborn were week-end guests of Mr. and Mrs. Adam Eppler at their summer home, Blind Lake.

When G. I. Johnny comes marching home from Alaska, it's a cinch-bet that he'll make a perfect five-point landing in a hot tub. A HOT tub, mind you, and what's more, it'll take more than a sergeant's whistle to get him out of it.

That magical blue flame—GAS—is going to make Johnny's Home-of-Tomorrow a true castle of comfort and in it, he'll find that hot-water is supplied in modern, automatic style,—ready when he is,—as hot as he likes it,—and as much as he wants,—for himself and all his family,—for dish-washing, laundering and every cleaning job.

He'll find that one of the preferred post-war appliances is Ruud, the automatic GAS water heater that keeps hot-water crystal-pure and free from rust in a tough, rugged, time-defying tank of solid Monel.

It's worth putting on your post-war list!

OFFICE NEWS

Commencement for the Class of 1944 will be held at the high school gymnasium tonight at 8:00 o'clock. John H. Muyskens of Ann Arbor will deliver the address.

Report cards will be given at 9:00 o'clock tomorrow morning.

SENIOR TRIP

Last Wednesday morning at 10:24 the 44 seniors of this year's graduating class met at Burg's and boarded the bus for Detroit. At 2:00 everyone was on the boat and about 2:15 the boat pulled away from Detroit.

First night out everyone thought it was wonderful, but about the second day we were all tired of water and longed to be back at Chelsea.

Breakfast was served 7 to 9 and dinner was at 11:30 for the first sitting and supper at 6:30. Naturally having Mr. Chandler along we had first sitting tickets which we were all thankful for. The meals were wonderful so we can't kick there. The weather was cloudy and cold and it rained several times.

Every night at 7:30 there were movies, then a program and dancing in the ball room, with a very good band. Friday night there was an amateur hour which naturally was good because of the boys' trio song and Pat Burg's song, "Long Ago and Far Away." Several tap dancers, accordion player and a piano player took part.

The boat was supposed to go up a distance in Lake Superior but because there was fog up there the boat didn't go up and we docked at Mackinac Island the night before we were supposed to.

Everyone had a grand time and we hope that next year's seniors may have as nice a time as we did. Even to the extent of feeding Mr. Chandler, who added his bit to the fun, "olive oil mustard pretzel" sandwiches.

SEVENTH GRADE NEWS

On Thursday the seventh grade boys defeated the eighth grade in a baseball game, seven to four.

Stamp sale was \$1.55, with 17.6 per cent buying. Our yearly sale was \$1,574.80. We tried to discover the building total, but found that some salesmen didn't make yearly reports. We did find a grade total of \$4,155.00, however.

Doris Downer came back to school Monday after 29 days' absence, just in time for reviews and exams.

Ellen Jane Geddes is the only person with a perfect attendance record. Thanks to Mrs. Chiswell, we have finished our fifth year of the year. We have nearly enough squares for our sixth one.

ST. PAUL'S LADIES AID

St. Paul's Ladies Aid Society held its June meeting on Friday afternoon at the church hall. Following the devotional service by Rev. P. H. Grabowski, he also gave a talk on the day's topic, "Our Responsibility in Government." FOR THE
TELEPHONE
SHORTAGE.

This is the inside of a Navy Patrol Bomber. All four men are using telephone equipment. Consider that this country is building over 100,000 planes of all types every year, and you get some idea of wartime telephone needs in the air alone.

Land and sea forces use far greater quantities of communications equipment... must have more and more as time goes on.

Naturally, it has become increasingly difficult to fill telephone service requests here at home. In supplying a quarter of a million more telephones since the beginning of the Defense program, our reserve

facilities have been about used up. Orders for telephones essential to the war effort are filled promptly. Other requests for new service are handled under a definite procedure as present users give up service. But there is a long and growing waiting list.

We are confident you want war needs to be met ahead of all else. If you are inconvenienced, we trust you will understand.

"Family Day" Observed At Cassidy Honor Camp

By a Camp Member

Cassidy Lake Honor Camp again sets a precedent new in the annals of prison history—for Tuesday, May 30, was declared "Family Day" at this camp. Warden Harry H. Jackson with his staff officers, Deputy Warden G. I. Francis and Lieut. Geo. F. Parsh made welcome to mothers and other close relatives of men undergoing technical training here. In so doing, these modern penologists have shown their faith in this form of rehabilitation, where the utmost trust under minimum supervision is being stressed.

This technical honor camp was founded for the purpose of giving youthful first offenders the opportunity to learn a trade of their own choice, while being trained in social ethics and responsibility. Since its inception, the program as outlined by its creators has proven worthy of their belief in this advanced form of modern penology, for the behavior and attitude of all men given the privilege of becoming members of this honor camp has been beyond reproach. All have shown by their own actions and public opinion in favor of more camps such as this, where young men who once made a mistake may prove through hard work and proper social decorum that they are ready to again play the part of good citizens.

Our many thanks go to Rev. P. H. Grabowski and the St. Paul church for their gracious help in bringing basket lunches to students who were unable to share in the happiness of visiting relatives. This day they will long remember, for the delicious dinner and friendly manner of their hostesses was truly goodness personified.

NORTH SYLVAN GRANGE
A meeting of North Sylvan Grange was held at the home of Mr. and Mrs. Roy Kalmbach on Tuesday evening. A program was given as follows:

Song—"Hail To the Flag"—Assembly.
Piano solo—"The Lonely Dance"—Donna Lou Kalmbach.

Defense Councils Asked To Help Get Farm Labor

Lansing—County and municipal Defense Councils throughout the state have been asked by Capt. Donald S. Leonard, State Director of Civilian Defense, to assist again this year in solving the farm labor problem.

In a directive issued this week he points out that, in establishing the Emergency Farm Labor Program, Congress assigned responsibility for its activation within the states to the Extension Services of the agricultural colleges. To aid in developing a broad program in farm production, harvesting and food processing, he suggests that Defense Councils set up agricultural committees.

Realizing that the farm labor program this year may be even greater than it was a year ago, Capt. Leonard said, "we assume that you are eager to assist in solving it and have accordingly assured the Extension Service of Michigan State College that it may expect your full cooperation. Last year you had an Agricultural and Youth Farm Labor Committee which was a joint committee of the Extension Service and the OGD. We are suggesting that the OGD members of that committee, if available, be the nucleus of this year's committee."

Agricultural committees will work in conjunction with their Defense Council, its Civilian War Service Board, its Civilian Defense Volunteer Office, the chairman of Neighborhood War Clubs, chairman of Speakers Bureau, Information chairman, and others, to ascertain what facilities can be made available and arrange for their use. They will provide volunteer assistance in specific mobilization campaigns, in dispatching workers from central points, in aiding individual workers to secure gasoline rations during emergency farm labor peaks, and in furnishing typists, telephonists, and supervisors of youth labor groups. In acute emergencies, Neighborhood War Clubs or block organizations will be used to recruit agricultural or food processing groups.

Coordination of the OGD program with Extension activities through the County Agricultural Agents in Michigan's 83 counties will be directed by C. V. Ballard, County Agent, leader and chairman of the Agricultural committee of the Michigan Office of Civilian Defense.

Women's Land Army To Aid In Harvesting

More than a thousand women from 16 to 60 and up are expected to enroll for the Women's Land Army work camps to be operated at Allegan and in the Traverse region in July and August, according to Miss Ruth Peck, state supervisor.

School teachers, school girls, office and war plant workers are invited to enroll with housewives in helping harvest cherries, peaches, snap beans, and other crops.

Agencies cooperating with the Michigan State College extension service in enrolling workers and campers include the OGD, the U. S. Employment Service, Y.W.C.A., and war information centers such as that operated in the Detroit Public Library. The OGD is helping arrange transportation including the use of buses.

Those who enroll for the work will pay their own transportation to the camp, but will receive transportation home if they work two weeks. The workers will receive established rates of pay, averaging about 50 cents a day for cherries and two cents a pound for picking snap beans. They will be paid 25¢ a day for board.

A Michigan Idea called the "poor worker rule" will be maintained at the camps. Any worker who fails to earn her keep three days in succession, when three-fourths of the other women in the camp do earn their board, is subject to return home.

"These camps will not be resort havens," comments Miss Peck. "Temporary work camps are established to take care of the emergency that faces Michigan farmers in harvesting crops." Enrollment blanks can be obtained from any county agricultural agent or by writing Miss Peck, 818 Morrill Hall, Michigan State College, East Lansing.

Record Number of Cows On Farms In Michigan

Michigan's cows contribute their efforts in keeping fighting and civilian morale high, with a record number of 1,059,000 cows on farms in the state reported for June, national dairy month.

A tribute to the average cow and to the dairymen who feeds and milks her comes from A. C. Baltzer, extension dairyman at Michigan State College. He reminds consumers, as the June flush production eases market restrictions, that milk producing costs for feed have risen 40 per cent in the past six months, although the retail price of milk in Michigan has advanced only 14 per cent in three years.

Under normal times the average family uses 22 cents of each food dollar for milk and dairy products. Leading scientists, medical and dental authorities have agreed that under wartime conditions not less but more, or as much as 30 cents of each food dollar could go for dairy foods.

In addition to the 21 per cent increase in dairy cow population in Michigan, cows have increased in other states. The total cow population in the United States is estimated at 27,607,000 animals, the largest number ever kept on American farms.

In 1943 the cows produced a total enough for 820 pounds of milk for every person in the United States, of which about one-eighth or 100 pounds went to military needs from each civilian's share.

We read so much about post-war planning for industry, for returning servicemen, and for the welfare of each and every community. Much has been said and written also about post-war planning for our highways.

Highway safety engineers and other experts feel that the traffic toll on our streets and highways in post-war years may be even greater than in the past decade. During the past ten years we killed 93,440 persons and injured 11,000,000 others in automobile accidents. This is a terrific toll and if the figure is going to be higher in years to come, something drastic must be done to curb this waste of human life and energy.

What are some of the reasons for this prediction of increased auto accidents? For one thing, authorities estimate that the number of licensed drivers in this country will exceed 50,000,000. A large group of younger

drivers will have had little chance to practice before applying for their licenses. And road instruction in the high schools is almost at a standstill because of gasoline restrictions during these war years.

Another thing, our average automobile is already eight years old. Even if car manufacture were to be resumed tomorrow, it would take six

years to replace out-moded automobiles at the pre-war production rate. Thus, we are faced with the continued menace of a large number of automobiles which, because of age, are in an unsafe condition.

Also pre-war standards for maintenance of roads, highways, and streets have had to be lowered because of shortages of materials and men.

What can we do about this situation? There is one simple solution to all these problems—safe driving habits! It is the responsibility of each and every driver to drive carefully and courteously, to be aware always of the part he can play in cutting down America's toll of deaths and suffering due to traffic accidents.

It's time to turn to A&P FOOD STORES

Happy's home-coming on a busy day won't fluster you... if you shop in one stop... at one store... your A&P Food Store.

A&P's ability to give consumers exceptional value for their money is the key secret of A&P's growth from a single "one store" to "Grocery to a Nation."

A&P does endless things to bring its customers more and better food for their grocery dollars. To mention but one, many of the good things to eat your A&P offers are made in its own factories, plants, canneries, and bakeries. And they are marketed in a direct "line" route from producer to you. Thus, many expenses of handling and transportation are cut from their cost... and the savings are shared with you.

For good eating... and savings... millions agree... it's time to turn to A&P.

THE INVASION IS ON!

The 5th War Loan Drive Starts NOW!

WHEREVER your invasion forces are fighting—at sea, in the air, on the ground—they're working together for victory. They know that they must depend on each other, for only by coordinated teamwork will they win through to final victory in the earliest possible time.

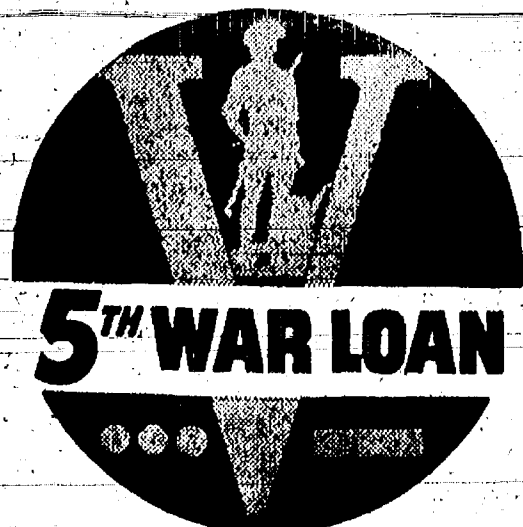

The Fifth War Loan starts next week. It's going to take teamwork—a lot of it—to put this drive over the top. For we've got a job to do. As the tempo of invasion rises every one of us must mobilize for support of our fighting men.

In every city, town and hamlet men and women like

yourself have banded together as War Bond Volunteer Workers, giving their time to taking your subscriptions for Bonds. Support them. Give them the kind of teamwork our boys are giving to each other on the fighting fronts!

When your Volunteer Worker calls, double your War Bond subscription. It's their job to help raise \$16 billions of money for victory during this Fifth drive, \$6 billions from individuals like yourself.

Make up your mind to welcome your Victory Volunteer with a friendly smile and an open checkbook—remembering that it's teamwork that does it!

NOTICE OF MORTGAGE SALE

Defaults having been made (and defaults having continued for more than ninety days) in the condition of a certain mortgage made by FRANK RASH and wife, of the City of Ann Arbor, Washtenaw County, Michigan, to HOME OWNERS' LOAN CORPORATION, a Corporate Instrumentality of the United States of America, dated May 23, 1934, and recorded in the office of the Register of Deeds for Washtenaw County, Michigan, on page 201, as amended by extension agreement dated March 22, 1940, and recorded in the office of the Register of Deeds for Washtenaw County, Michigan, on March 21, 1944, (Liber 289 of Mortgages, on page 289), and said mortgage having extended to the entire principal and accrued interest thereon due, which election it is hereby exercised, pursuant to which there is to be due and unpaid on said mortgage at the date of this notice four thousand one hundred eighty-eight dollars and ten cents (\$4,188.10) and no suit or proceeding, law or equity having been instituted to recover the debt secured by said mortgage on any part thereof.

NOW, THEREFORE, by virtue of the power of sale contained in said mortgage and pursuant to the Statutes of the State of Michigan in such case made and provided, NOTICE IS HEREBY GIVEN that on August 25, 1944, at 10:00 in the forenoon, Eastern Standard Time, at the south of Huron Street entrance to the Court House in the City of Ann Arbor, County of Washtenaw, Michigan, that being the place of holding Circuit Court in said county, said mortgage will be foreclosed by a sale at public auction to the highest bidder of the premises described in said mortgage, and such thereof as may be necessary to pay the amount due as aforesaid, and any sum or sums which may be paid by the undersigned, with interest thereon, pursuant to law and to the terms of said mortgage, and all legal charges and expenses, including attorney's fee, of \$35.00, which premises are described as follows:

That certain piece or parcel of land situated in the City of Ann Arbor, County of Washtenaw, Michigan, more particularly described as:

"Lot number one in Sauer and Lohr's Subdivision in the City of Ann Arbor, excepting and reserving therefrom the southwesterly 40 feet thereof, according to the plat of said subdivision recorded in the office of the Register of Deeds in Liber 2 of Plats, page 19, subject to restrictions of record."

Dated: May 19, 1944.

STATE OF MICHIGAN

In the Circuit Court for the County of Washtenaw, In Chancery.

Opal Chavis, Plaintiff, vs. Lloyd Chavis, Defendant.

At a session of said Court held at the Court House in the City of Ann Arbor in said County on the 3rd day of May, A. D. 1944.

Present: Hon. George W. Sample, Circuit Judge.

In this cause it appearing from the Bill of Complaint on file that the whereabouts of the Defendant, Lloyd Chavis, are unknown:

Therefore, on motion of Carl H. Stuhberg, Attorney for Plaintiff, it is ordered that the Defendant, Lloyd Chavis, cause his appearance to be entered herein within three months from the date of this order and in case of his appearance that he cause his answer to the Plaintiff's Bill of Complaint to be filed, and a copy thereof to be served on said Plaintiff's attorney within fifteen days after service on her of a copy of said bill and notice of this order; and that in default thereof said bill be taken as confessed by the said Defendant.

And it is further Ordered, That within forty days the said Plaintiff shall cause notice of this order to be published in the Chelsea Standard, a newspaper printed, published and circulated in said County, and that such publication be continued therein at least once in each week for six weeks in succession, or that she cause a copy of this order to be personally served on said Defendant at least twenty days before the time above prescribed for his appearance.

Geo. W. Sample, Circuit Judge.

STATE OF MICHIGAN

In the Circuit Court for the County of Washtenaw, In Chancery.

Alexander E. Schluppe and Mabel Schluppe, Plaintiffs, vs. Ezra Platt, James E. Platt, John B. Dow, Catherine McCabe, Lucy Gore, Mary O'Hern, Frank O'Hern, George O'Hern, Mary O'Hern, Clara O'Hern, Stella O'Hern, Lulu O'Hern, Lucy O'Hern, Nell O'Hern, Herbert O'Hern, William O'Hern, Peter Hammell, Patrick Hammell, William Hammell, James Hammell, Anna Ryan, Catherine Dunn, Edward Hammell, and their and each of their unknown heirs, devisees, legatees and assigns, Defendants.

At a session of said Court continued and held at the Court House in the City of Ann Arbor, County of Washtenaw, Michigan, on the 28th day of April, A. D. 1944.

Present: Hon. George W. Sample, Circuit Judge.

On reading the verified Bill of Complaint of the Plaintiffs, it satisfactorily appears to this Court that the whereabouts of the said Defendants and their and each of their unknown heirs, devisees, legatees and assigns is unknown.

Therefore, It is Hereby Ordered that the said Defendants and their and each of their unknown heirs, devisees, legatees and assigns cause their appearance to be entered in this cause within three (3) months from the date of this Order, and that in default thereof said Bill of Complaint be taken as confessed.

It is further Ordered that within forty (40) days this Order shall be published in the Chelsea Standard, a newspaper published and circulated in said County, and that such publication be continued therein at least once each week for six weeks in succession.

Geo. W. Sample, Circuit Judge.

Countersigned: Irene A. Seitz, Deputy Clerk.

To the Said Defendants:

The above suit involves title to certain lands and premises and is brought to quiet title to the following described lands situated in the City of Ann Arbor, County of Washtenaw, and State of Michigan, to-wit:

"The west half of lot six, block one north of Huron Street, range two east, according to the Original Plat of the City of Ann Arbor, Washtenaw County, Michigan."

REGISTRATION NOTICE

For General Primary Election TUESDAY, JULY 11, 1944

To the Qualified Electors of the Township of Sylvan, Precincts No. 1 and 2, State of Michigan.

Notice is hereby given that in conformity with the Michigan Election Law, the undersigned Township Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township not already registered who may apply to me personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the Twentieth day before any regular, special or official primary election and the day of such election.

The last day for General Registration does not apply to persons who vote under the Absent Voters' Law.

Notice is hereby given that I will be at Sylvan Town Hall on June 14, 1944, or at my office any time to June 21, 1944, and on Wednesday, June 21, 1944—Last Day—the twentieth day preceding said election (as provided by Sec. 3, Chapter 8, Part II, P.A. 306, 1929 and Sec. 1, Chapter 8, Part II, P.A. 1939, and Act 31, P.A. 1941) at Sylvan Town Hall, from 8 o'clock a. m. until 8 o'clock p. m. on each said day for the purpose of reviewing the registration and registering such of the qualified electors in said township as shall properly apply therefor.

The name of no person but an actual resident of the precinct at the time of registration, and entitled under the constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

Registration of Absentee by Oath

If any person whose name is not registered shall offer and claim the right to vote at any election or primary election, and shall, under oath state that he is a resident of such precinct and has resided in the township twenty days next preceding such election designating particularly the place of his residence, and that he possesses the other qualifications of an elector under the constitution, and that, owing to the sickness or bodily infirmity of himself or of some member of his family, or owing to his absence from the township on public business or his own business, and without intent to avoid or delay his registration, he was unable to make application for registration on the last two days provided by law for the registering of electors preceding such election or primary election, then the name of such person shall be registered, and he shall then be permitted to vote at such election or primary election. If such applicant shall, in said matter, wilfully make any false statement, he shall be deemed guilty of perjury.

Provision in Case of Removal to Another Precinct

Any registered and qualified voter who has removed from one election
