Diplomas Awarded To Forty-four Graduates

Forty-four members of the 1944 Chelsea high school graduating class were awarded diplomas at the Commencement Day program held in the gymnasium last Thursday evening. The diplomas were presented by E. W. Eaton and J. V. Burg, members of the Board of Education, and Supt. A. C. Johnson.

The address of the evening was given by Prof. John Muyskens of the Speech Department at the University of Michigan. The theme of his address was largely on the changes that have taken place in secondary education and the opportunities school pupils have in present-day schools. He pointed out the wide range of pupils' choice in selecting courses and activities as compared with the curriculum of high schools years ago. His colorful presentation of humorous incidents amused the audience and helped to keep them in a happy state of mind.

Musical selections were presented by the high school band and chorus and the invocation and benediction were given by Rev. Everett Major and Rev. Wm. H. Skenebury respectively.

Twenty of the forty-four graduates are planning to continue their formal education either in a college, a university or a business school. Nine of the boys expect to be called into military service and the remaining fifteen plan to go to work. At the present time there are twenty-one former members of this class in military service.

Called To The Colors

John C. Langowski reported in Ann Arbor this morning for induction into the U. S. Navy. John was born Nov. 6, 1920 in Detroit, son of the late Mr. and Mrs. William Langowski. Most of his life has been spent in Chelsea, where he attended St. Mary's and the public school. He was married Aug. 30, 1941 to Helen Umstead of Jackson and they have one daughter, almost two years old. Mrs. Langowski and daughter will reside with her parents in Jackson.

Corbin Joseph was born Jan. 30, 1911 in Prestonburg, Ky. In 1920 he went to McGuffey, Ohio, where he resided until 1930 when he came to Chelsea. For five years he has been employed at the Federal Screw Works. He was married March 11, 1933 to Laura Howard, and they have three children, William, Charles and Barbara. Mr. Joseph enlisted April 29 as Machinist Mate in the U. S. Navy and will report this morning for induction into the service.

Other Navy registrants from Washtenaw county who are leaving this morning include the following from Chelsea and vicinity: Samuel J. Baxter, Paul W. Bodell, Beecher Osborne and Gordon L. Sanders.

Bond Sales Off To Good Start In 5th War Loan

During the first twelve days of June, the people of Chelsea purchased 189 bonds totaling \$25,577.50, invested of which 181 purchases were "E" bonds amounting to \$9,337.50, and eight purchases were "F" and "G" bonds amounting to \$16,240.00.

The above figures indicate that Chelsea is off to a good start in this drive, and there is every reason to believe that this community will do its part as it has in all previous efforts. In many projects there is a tendency to hold back until the last days, with the idea that the person will make a good finish, but in a drive like this the incentive should be to go all out at the beginning, so that extra efforts can be put forth in the last days of the drive to clean up certain loose ends that are bound to be left, no matter how carefully one has planned his work.

As previously stated, Chelsea will get credit for all sales made during June and July, but the real drive lasts from June 12 through July 8.

Gallants should see their assignments as early as possible, and all citizens of Chelsea can help a great deal by making their bond purchases early and giving the bond serial number to the gallant who has their name.

Please keep in mind that your War Bond Committee reports the results as rapidly as the sales figures are available, and nothing is kept back. All bond sales in Chelsea are made at either the bank or the post office, and we merely get their figures daily, and summarize and report them for your information.

Note again that Chelsea's equitable share of the total quota in the 5th War Loan was determined as:

"E" Bonds	\$75,000
"F" and "G" Bonds	93,000
Corporations	207,000
Total	\$375,000

Chelsea has shown itself to be par excellence as an "E" Bond sales producer, and that is just what the U. S. Treasury Department is pleased to recognize. In fact, in their language they would be glad to talk "E" bond sales exclusively as long as "F" and "G" bonds to individuals are also in the same class as hedges against inflation.

State Health Dept. To X-ray Factory Workers

A Mobile X-ray Unit of the State Health Department will arrive in Chelsea on Wednesday, June 21 for X-raying of employees of local industries cooperating in the county-wide project sponsored by the Washtenaw County Health Department. Local industries cooperating are Chelsea Spring Co., Fenimur Furnace & Foundry Co., Central Fibre Products Co., and Dexter Machine Products, Inc. This service is without charge to employer or employee.

According to Dr. Otto K. Engelke, Director of the County Health Department, this unit is for chest X-rays only, and will show some heart ailments, practically all lung ailments, including tuberculosis, and other abnormalities of the chest.

The purpose of this survey, according to Dr. Engelke, is to discover early tuberculosis before symptoms develop, and also to detect advanced cases of the disease. Between one and two active cases of tuberculosis have been discovered in each 100 employees X-rayed.

Dr. Engelke states that practically all industries in the county have cooperated with his department in this project. The unit will complete the work locally in about two days, and will move to Dexter for final tests in this county.

USE STAMPS ON SALE

Postmaster H. D. Witherell announces that the Federal motor vehicle use stamps are now on sale at the local postoffice. These new stamps must be affixed to motor vehicles by July 1.

PROMOTED TO CAPTAIN

Mrs. Erle L. Stewart has received word that her husband, 1st Lt. Erle L. Stewart, has been promoted to the rank of Captain. Capt. Stewart is stationed in Northern Burma.

ARRIVES IN ENGLAND

Mr. and Mrs. Justin Wheeler have received word from their son, Sgt. Donald Wheeler, that he has arrived safely in England.

TRAINING IN ENGLAND

An Air Service Command Station (Somewhere in England)—Lt. George E. Winans, son of Mr. and Mrs. Elmer E. Winans of Chelsea, Michigan, is now overseas and has participated in a course designed to bridge the gap between training in the states and soldiering in an active theatre of war. At one of the Air Service Command Stations known as Control Depot, Lt. Winans was carefully processed by classification experts who make certain that he was well fitted for the job assigned to him.

Security training, personal hygiene, a talk by a Special Service Officer informing him of facilities for health, recreation and a lecture by the Chaplain are all in turn a part of the soldier's preparation for duties overseas. His next station will be one from which America's fighting planes take off to smash the Nazi war machine.

Before entering the Army he was employed as a War Ordnance Inspector by the U. S. Government.

OFFICERS ELECTED BY I.O.O.F.

The I.O.O.F., at their meeting on Wednesday evening of last week, elected the following officers for the year 1944-45:

N. G. LaVerne, Conk.
V. G. Arthur, Smith.
Secretary—Raymond Canine.
Financial Secretary—Lorenz Wenk.
Treasurer—Hazen Lehman.
Dist. Depy. Grd. Master—Clifford Wolfe.

Clifford Wolfe was chosen as delegate to the Grand Lodge to be held in Flint in October.

RECEIVES RELATED ROSES

Mrs. Frank Abdon received two dozen red roses on Wednesday of last week, as a belated Mother's Day present, cabled to her from her son, Pfc. Robert V. Abdon of the U. S. Army, who has been in the South Pacific area for over two years.

DANCE

The Recreation Council will sponsor their first dance of the season tomorrow night from 9 to 12, at the high school gym. The public is invited.

Recreation Program Will Start On Monday

Chelsea Recreation Council announces that the children's playground will open Tuesday, June 20, under the supervision of Miss Wilma Schweinfurth, and will continue for ten weeks, according to A. C. Johnson, chairman of the Recreation Council. The public school playground will be open to children of all ages from 10:30 a.m. to 5:00 p.m. each week day during the ten-week period.

The Council will also sponsor the softball leagues for men, women and boys, and will furnish balls and bats as well as pay for the services of umpires for all games.

Concerts will be given by the High School Band on Saturday evenings, dates to be announced later, and the young people's programs which were so popular last year will be continued every Friday evening this year under the supervision of Miss Schweinfurth and other capable chaperons. The first party will be on Friday evening, June 24 from 9:00 to 12:00 o'clock in the high school gymnasium.

The Recreation Council wishes to thank the industries and civic organizations in Chelsea who have so generously contributed to the support of the Council's program for the season's activities.

Juan Tenorio, of an illustrious four-
teenth-century Seville family, killed
Commander Ulloa after seducing his
daughter. His faith lost by his life
of excesses he brazenly visited the
commander's tomb and invited him
to dine with him. The statue ac-

Juan off into the infernal regions.**Cut Early**We know that early cut, properly

By a Camp Member

The opening game of the season
turned out to be a headache for team
and coach of the Cassidyites, for the
Chelsea Bulldogs proved they were
properly named when they tenacious-
ly held the Cassidyites within striking
distance for six long innings. Then
to the surprise of all (pleasantly it
seems) they put on a last inning rally
to win by a score of 9 to 8. So it is
with eagerness that the Cassidyites
welcomed the Chelsea Kiwanis soft-
ball team to this camp Monday, June
12. A win over them would in a
small measure have helped to redeem
their lost prestige in the eyes of the
oldtimers. However, we had another
surprise (see Kiwanis News).Our thanks of the week goes to the
Methodist church, Chelsea, and its
pastor, Rev. Everett K. Major, for the
generous gift of New Testaments
which are to be placed in the camp
hospital for use.June 14th will be like any other day
at this camp in outward appearance,
but in the hearts of many there will
be a longing for those loved ones who
are now serving The Flag, and a si-
lent prayer will be offered for their
safety and well-being. For "Flag
Day" and what it means to be an
American can best be expressed by
one who is numbered among the mem-
bers of Cassidy Lake Honor Camp—
"OUR FLAG". A mere piece of beau-
tiful cloth—woven by human hands,
completed, it becomes a living thing,
pulsing with the throbbing ardors of
humanity, glowing with the fervor of
immortal hopes. It is a song—the
song of upward looking men. It is an
altar fragrant with sacrifice. It is a
garden where from a nation grew—
watered by the pure blood of heroes.
It is a heaven wherein the sanctified
are gathered. It is the home where
free men dwell.It is a voice that speaks with elo-
quence of graves where sleep those
who died to make it mean Purity and
Righteousness. He who looks on that
flag beholds within its folds the valor
and the faith of Lexington and
Gettysburg—the clarion death cry
above the ruined Alamo—the prayer
of Washington at Valley Forge—the
agony of Lincoln as he paced the mid-
night hours—and, crowning all, the
silent, but peaceful expression of
those boys who died today along the
bomb and bullet-smitten battle-fronts
of our small world.The flag of the United States is the
glory of the Almighty shining in the
faces of those who dream of a world
made clean enough to be the dwelling
place of God. It turns our sorrows
into exultation and our sacrifices into
services of love. For such a flag good
men will always nobly live—for
such a flag true men will always
gladly die. So with humble pride let
us thank the Divine Creator of All,
for allowing us the privilege of call-
ing it "OUR FLAG".**KIWANIS NEWS**Chelsea Kiwanians were guests at
the Cassidy Lake Honor Camp for
their regular meeting on Monday
night. Following a fine dinner, pre-
pared and served by members of the
camp, the Kiwanians were escorted on
a tour of inspection by Lieut. Geo. F.
Parish, who is in charge of the camp.
The highlight of the evening was a
baseball game between the Cassidy
boys and the younger Kiwanians in-
terspersed with a few "old-timers"
like Dillon Wolverton, Vic Kohnsman
and Jerry Niehaus who served mostly
as ballast for the team.Scouts for the Kiwanis club who
watched an early workout by the Cas-
sidy team predicted that the men
from town would be defeated by a
score of at least 18 to 1, with that
"one" being handed to them for a lit-
tle good-will.However, after the Lakers collected
eight runs to two for the Kiwanians
in the first two innings with Doc
Sharrard pitching, Dillon Wolverton
took over the Kiwanis pitching duties
for two innings and stopped the op-
ponents in their tracks. In addition to
his deceptive curves (on the ball)
Dillon proved to be one of the two stars
of the game, getting two hits, the first
one with two men out sparking a rally
that netted the local men seven runs
to put them in the lead, 9 to 8, in the
third inning. Dillon also displayed
great acrobatic ability, entertaining
the spectators with his agility in be-
ing able to get up after frontal and
rear-action falls, as well as a mar-
velous hook-slide in stealing second
base. The other star was Al Johnson,
who got his customary home-run,
clearing the bases and putting the Ki-
wanians in the lead.The final score was 12 to 9 in favor
of the Kiwanis club.The Kiwanians appreciate the splen-
did hospitality of Lt. Parish and mem-
bers of the camp. The boys were all
good sports, and certainly did their
part to show the club a good time,
but they expressed a desire to meet
the Kiwanis baseball team again this
summer in an effort to get even for
that humiliating defeat.**Francisco**Mrs. Carl Travis was a Jackson

MICHIGAN
without Transportation?**Public transportation—by highway and
skyway, by railway and waterway—is
one of the most vital industries of this
State of ours. It represents far more
than a vast array of terminals, equip-
ment, repair shops and cold statistics
about moving manpower—it's the link
that joins Michigan's cities and towns
and rural communities to each other
and to the rest of the Nation. In these
tense times, it is the means of bringing
boys home on furlough—of getting
workers to the war plants—of keeping
on the move all those people whose
travel is essential to Victory.An estimated 75,000 of our fellow-
citizens of Michigan are hard at work
on the 34 railroads and the 3 airlines
serving Michigan, on boats, barges, huge
fleets of trucks, and on the 104 inter-
city bus lines which operate 860 buses
along 12,201 miles of routes within our
State borders. No small share of the
credit for the efficiency of this excellent
transportation system belongs to theMichigan Public Service Commission
and the O.D.T.We who keep Greyhound buses rolling
across our State are conscious of the
importance of our particular job—to
the whole system of wartime transpor-
tation. Without the buses doing their
share of the job other transportation
would be burdened beyond capacity.Many of our people today are serving
in the Armed Forces—the rest of us
are doing our level best to keep essen-
tial highway travel safe and efficient.
But we're also thinking about and plan-
ning for the post-war days, when pleas-
ure travel will return and when such
travel in new and finer Super-Coaches
will be a greater pleasure than ever.**Back the Attack!

**ORANGE BREAD**

No. 83 of the Nutrition Series

For a refreshing change in the lunch-box, try some sandwiches of orange bread.
It is delicious and easy to make. Just spread some butter or margarine between
slices, or perhaps some cream cheese, and you will have a treat. Orange bread
is also a good tea-party bread. If sliced thin, it makes dainty sandwiches and
adds variety to the sandwich plate.The flavor of the bread is excellent, since fresh orange juice and rind are used.
The texture is delicate and light, yet firm and crunchy because of the addition
of chopped nut meats. Treat your family to orange bread soon.

(1 loaf 9 x 5 x 3 inches)

cups sifted all-purpose flour 1
teaspoons baking powder 1
teaspoon baking soda 1/2
teaspoon salt 1/2
cup chopped nut meats 2
cup grated orange rind 1
teaspoon vanilla extract

1. Sift flour, baking powder, baking soda and salt together three times; add nut meats and orange rind and mix well.
2. Beat eggs until light and fluffy; add sugar gradually, beating constantly.
3. Add orange juice, water, melted shortening and vanilla extract to egg mixture; mix well.
4. Pour liquid all at once into dry ingredients and mix lightly.
5. Pour batter into a greased loaf pan and bake at 350 degrees F. about 1 hour, or until done.

Why Vernon J. Brown for Lieutenant Governor?

His qualifications are unquestioned. The Republic of Michigan has a right to demand such a man in this important office. Responsible Republican leadership, as well as rank and file, throughout the State, believe that Vernon J. Brown is the one man in the Party who, as Lieutenant Governor, can function as a cooperating member of the Republican team. In recognition of the need for his services as Lieutenant Governor, and as a consideration of the wishes of the Republican Administration, the State, he believes the Lieutenant Governor is entitled to the services of the administration in the public interest. Such an attitude certainly deserves the sincere consideration of every Republican on Primary day, July 11.

HERE'S WHY THERE AREN'T ENOUGH TELEPHONES TO GO 'ROUND

Those huge coils you see are telephone wire... hundreds of miles of it for combat communications.

Perhaps it seems a far cry from a South Pacific Island to your home or office telephone. Yet it takes wire to connect your telephone to the central office. And it takes wire to enlarge switchboards for additional telephones.

Wire is only one of many vital telephone materials that just can't be spared today for civilian comfort and

convenience. As a result, many applicants for telephone service have had to wait.

Orders for telephones essential to the war are filled promptly. Other requests for new service are handled under a definite procedure as present users give up service. But there is a long and growing waiting list.

We're sorry we can't provide service for everyone who wants it. But we feel sure you'll agree that war needs must come first.

Dear Editor:

In compliance with your request of last week, would state that I will remember that cold Decoration Day of 1891.

It was so cold that the memorial service that had been arranged to take place in the cemetery was held in the town hall, and while you could see the lips of the speaker, who delivered the memorial address, move, you could not hear a sound. The speech actually froze. Some of the older residents who have not died, moved away or are out of jail and were present, will verify my statement. And over four hundred persons now in Chelsea witness the same phenomena when they attend the movie of "The Lost Horizon" in May, this year. It was so cold on the Plateau of Tibet that while you could see the lips of the actors move you could not hear a sound. The plot of the play actually froze.

I know what became of that frozen memorial address but the paper situation being what it is and as my wife thinks I am too communicative anyway, I will take up no more of your valuable space but if any curious subscriber wants to know I will inform him, but do not telephone. Write, enclosing a Thomas Jefferson stamp, not necessarily for publication but as an evidence of good faith. On account of wire situation the telephone company has connected me up with the war industries west of my home so do not use the phone and interfere with the war effort.

If you don't publish this my conscience will not mortify me, as I can take it as well as give it, but you know you asked for it.

Respectfully,
Archie W. Wilkinson.

Philip Seitz of Lima township reports that he doesn't remember the 1891 Decoration Day mentioned by Bill Schatz, but that he does recall that date in 1894, which must have been just about as cold. Phil says he was working for Gottlieb Hutzler at the time. He and Mr. Hutzler were re-planting corn in the forenoon of that Decoration Day, and there were snow flurries all morning. Mr. Hutzler started cultivating in the afternoon and about two o'clock he sent Phil to the house for his overcoat. It snowed so hard that his boss looked like a snow man, according to Philip.

Another cold spring day is also recalled by Phil. In 1902, when he was working for Mark Lowry, about four inches of snow fell on May 10 and it was so cold the snow was on the ground for two days. Phil says that he and Earl Lowry discovered a barrel of cider in the basement and thought a little "snort" might help keep them warm. They found that there was a large chunk of ice in the barrel but this obstacle didn't stop them as they drilled through the ice and worked at it all afternoon to keep the cavity from freezing. (The rest of the story is better untold).

ST. PAUL'S MISSION CLUB

St. Paul's Mission Club met at the home of Mrs. Fred Sager on Thursday, June 8. After the opening devotionals, conducted by Mrs. Louis Eppler, a reading, "The Dollar and the Penny" was given by Mrs. John Osterle, and "Missionary Chatter," by Mrs. Eppler. Members spent the afternoon in mission work, and lunch was served by the hostess.

Invasion Cuts Civilian Supplies

Recent shortage of many civilian supplies may be attributed to military demands of the forces of liberation. Examples are radio tubes and parts, gasoline and oil. In spite of a radio manufacturing output over 10 times as great as pre-war, military demands for radio tubes and repair parts have increased. This explains why civilians are finding it hard to get these items, the War Production Board says. Every military plane has radio equipment, some as much as \$100,000 worth each. Ships, tanks and other mobile equipment also use radio equipment. A five-month supply of 100-octane aviation gasoline is required for each of the 11,000 planes backing up Allied liberation forces, the Petroleum Administration for War reports. Heavy and imperative demands for oil by General Eisenhower as early as last winter almost made New York, Boston, and Philadelphia the first indirect

Invasion Casualties. Increased production by East Coast refineries, the "big inch" and "little big inch" pipelines, and emergency deliveries helped avert civilian shortages of oil and gas in the East.

More Farm Implements
Certain small manufacturers are permitted to produce unlimited quantities of any farm machinery, equipment and repair parts made entirely from surplus materials or materials needing no allotments or priorities assistance higher than AA-4 preference rating, WPA announces. Items most manufacturers will be able to produce under this relaxation include corn shellers, food grinders, pitchforks, hand cultivators, rakes, hoes, shovels and barnyard and poultry equipment.

Turkey Poults

The adult turkey is able to maintain a constant body temperature even though subjected to a wide range of environmental temperature. The body temperature of the frog, on the other hand, goes up or down with the environmental temperature. The newly hatched poult is much the same as the frog, because its temperature-regulating mechanism has not been perfected. If the body temperature of the newly hatched poult is to remain where it should, the brooder temperature must approximate 90 degrees.

Victor Schoen Ordained At Dexter On Tuesday

During ceremonies held Tuesday evening at St. Andrew's Evangelical church, Dexter, Victor H. Schoen, son of Mr. and Mrs. Victor H. Schoen, was ordained into the Christian ministry, with his father as the ordaining pastor.

Also taking part in the ordination service were Rev. Edward Drewe, pastor of St. Andrew's church, and Rev. Theodore Eisen, Niles.

Rev. Harry Scherer, of Webster Groves, Mo., where Mr. Schoen was pastor for two years, preached on the subject, "Persistent Pioneering."

Mr. Schoen is a native of Chelsea, where he was born in 1919. The family moved to Dexter when he was about eight months old.

He graduated from Dexter high school and from the University of Michigan in 1941. He prepared for the ministry during a three-year course at Eden Seminary, Webster Groves, Mo., and finished his theological studies June 6. He will spend the summer as activities director at summer schools in Hanover, Ind.; Sequim, Tex.; Alton, Ill.; Dunkirk, N. J.; and Camp Mack, Ind., and late in August will become pastor of the Redeemer Evangelical and Reformed church at Hamilton, Ohio.

Several from Chelsea were in attendance at the ordination, including Dr. and Mrs. A. Gulde, Mrs. Louis Eppler, Mr. and Mrs. Arthur Grau and family, and Rev. and Mrs. P. H. Grabow and daughter Helen.

Attending the ordination from Chelsea were Rev. and Mrs. P. H. Grabowski, Dr. and Mrs. Andros Gulde, Mr. and Mrs. W. M. Hinderer, Mr. and Mrs. Arthur Grau and family, Mrs. Louis Eppler, Mrs. H. J. Paul, Mrs. Lena Schmidt, Mrs. Lydia Davis, Misses Dorothy Pelemier and Betty Seitz, Mr. and Mrs. Paul Niehaus and son, Mrs. Christine Nicolai and son Paul, and A. J. Pelemier.

SALVAGE MATERIALS NEEDED

The following telegram has just been received by George H. Gabler, Washtenaw County Salvage Committee chairman:

"Invasion means the use of huge tonnages of supplies. In addition, vast quantities may be destroyed by the enemy. Our boys are today paying the supreme sacrifice for our country's future. Prayer and good

wishes are not enough. If there ever was a time when our help was needed it is now. Tin is needed for machinery, food and munitions. There is no other way for us to get it other than from tin cans. Also fats for parachutes, rubber, munitions and medicines; paper for bomb fuses, foods and munitions. The invasion has started over there, now we must start over here."

Kenneth M. Burns, Chairman, Michigan State Salvage Com.

Good Luck Is Predicted For State's Fishermen

Lansing.—Hook-and-line fishermen should have better-than-ordinary luck with the opening of the bass and bluegill season June 25, according to conservation department fish authorities. Department spokesmen, however, are even more happy to report that recent warmer-than-normal temperatures should have advanced the hatching of bass and bluegill spawners, with consequent likelihood that spawning fish may be off the beds, except in northern lakes, by the opening day of the panfish season.

Factors which should have contributed to increased panfish populations in Michigan lakes, according to department authorities, were relatively high temperature levels of the last winter and consequent reduction in the winter kill of fish which die from lack of oxygen in water when heavy ice and snow surfaces on lakes shut the sun's rays, the present relatively higher lake levels, and the fact that war's restrictions have limited fishing in recent seasons.

UAW-CIO	0	1

Schedule

June 20—UAW-CIO vs. Dexter Machine Prod.

June 21—Chelsea Spring vs. Cassidy Lake.

June 22—Kimunity vs. Chelsea Bulldogs.

In the opening game of the season the Bulldogs pulled one out of the fire by scoring eight runs in the last two innings to win from Cassidy Lake by the score of 9 to 8.

There were a lot of hits as well as errors to make this game interesting from start to finish.

On Thursday, Grossman of Spring and Allen of the CIO wound up in a pitcher's battle only to have errors provide both games with most of these runs. The Spring Co. finally winning, 6-3.

Here I go out on a limb for next week's game.

CIO over Dexter.

Spring over Cassidy.

Bulldogs over Kimunity.

Watch for the results and let's have a large crowd at all these ball games.

What news will Gen. Eisenhower get from us?

You know now what we've heard from him.

We've heard that Eisenhower and his Americans have hurled themselves like a thunderbolt against the bristling defenses of Hitler's Wehrmacht!

We've heard that they are smashing at our foe — sparing neither steel nor sweat nor blood in one final, furious assault that marks the supreme military effort of this War!

And what news do Eisenhower and his men expect from us?

Men and women of America — what the Invasion is to our fighting men, the 5th War Loan is to us at home!

For us, as well as for them, this is the crisis — the time for tremendous, overwhelming effort! Make no mistake! The 5th War Loan will undoubtedly be the biggest, most vitally im-

portant financial effort of this whole War!

If the 5th War Loan is to succeed, each one of us must do more than ever before — must buy double . . . yes, *triple* . . . the Bonds we bought last time.

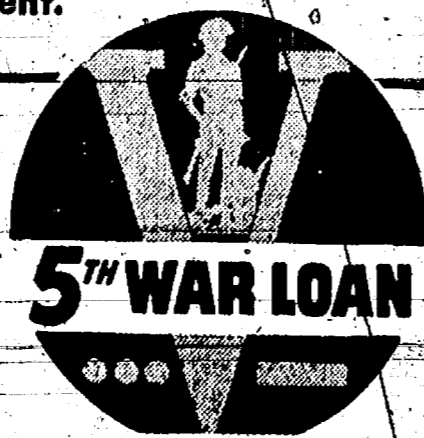

Our men expect to hear that we are buying double — that we are matching their sacrifice as best we can — that the American nation, soldiers and civilians together, is making one gigantic effort to win this War!

That's the news our men expect to hear from us.

Will you personally see that they get it?

And here are 5 More reasons for buying Extra Bonds in the 5th!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 in 10 years.
3. War Bonds help keep prices down.
4. War Bonds will help win the Peace by increasing purchasing power after the War.
5. War Bonds mean education for your children, security for you, funds for retirement.

Back the Attack! — BUY MORE THAN BEFORE
