2nd Battalion of the 31st Infantry To Conduct Practice Maneuvers at 2 P. M.; Public Urged To Be Present for This Event

Chelsea will be "taken over" by the Michigan State Troops on Sunday, July 2! However, the village will be given back to its rightful owners within an hour or two after it is taken, so there really isn't anything to worry about.

According to Col. Owen J. Cleary, Commanding Officer of the 31st Regiment, Michigan State Troops, the 2nd Battalion will move into the village from four directions at 2 o'clock Sunday afternoon, merely as a practice maneuver, assuming that a situation existed here which required use of the military.

Called To The Colors

Thomas R. McCleary, son of Mr. and Mrs. Mark McCleary of London township, will report on Monday, July 3, for Air Cadet training at Knox College, Galesburg, Ill. Thomas was born Jan. 2, 1927 in Pinckney. He attended Chelsea high school and was a member of this year's Junior class. He enlisted in the Army Air Corps Reserves on March 10.

Chelsea's 5th War Loan Sales Now Over \$119,000

Up-to-the-minute figures for the sale of bonds here are as follows:

June 1 to 12—189 sales	\$25,577.50
June 13 to 19—272 sales	15,512.00
June 20—38 sales	7,377.50
June 21—40 sales	7,637.50
June 22—23 sales	2,643.75
June 23—34 sales	2,493.75
June 24—22 sales	1,162.50
June 25—22 sales	19,662.50
Total—665 sales	\$82,727.00

Chelsea's proportion from State of Michigan 34,000.00
Chelsea's proportion from Mich. Bell Telephone Co. 3,000.00

Grand total to date \$119,727.00

Again we can report that if you will look up your records of previous drives, you will find that Chelsea is bettering its past achievements.

We still have a long way to go, but the daily sales are averaging very well, and show that everyone is doing his part.

A word of explanation about the \$34,000.00 allotted to Chelsea as its proportion of the bonds purchased by the State: The State purchases in one lump, and this is proportioned out to each community in proportion to the quota that community has assumed. This is also true of the purchases made by large corporations who do business in many communities, hence the amount credited to Chelsea from the Michigan Bell Telephone Company's purchase of bonds.

We are glad to get these sizeable amounts from outside as our proportion, but the real story in Chelsea is told by the 665 sales totaling \$82,727.00 which is the best measure of what Chelsea itself is doing.

Escaped Convict Killed By Detroit Policeman

Marion Buczynski, 25, one of a pair of convicts who on the morning of June 16 escaped from the newly established honor camp at Cassidy Lake and abducted Patrolman George Stauch of Ann Arbor, using his uniform, car and gun to aid in their escape to Detroit, was killed Sunday as he attempted robbery in a Detroit bar on Grand River Ave.

Inspector John O. Whitman, who was off duty at the time, heard the bartender ask Buczynski not to shoot as the convict threatened him with a gun. The officer shot once in the bar and twice more as he followed the wounded man into the street.

The convict was carrying Stauch's gun, which was empty, although several bullets were taken from Stauch at the time of the abduction.

The body of Buczynski was identified by Stauch, who with Police Chief Sherman H. Mortenson of Ann Arbor were called to Detroit on Monday.

Since Buczynski, with Nelson King, escaped from the Southern Michigan detail at Cassidy Lake, he had been identified in three Detroit holdups. Both had been serving terms on charges of robbery armed.

Tin Can Collection Set For Thursday, July 6

Residents of Chelsea and vicinity who have been saving tin cans will have the opportunity of contributing them to the war effort next Thursday, July 6, when the Chelsea Salvage Committee will provide trucks to collect the cans.

Paul C. Maroney, chairman of the committee, requests that cans be placed at the curb before 1 o'clock p.m. on Thursday. Cans that have been thoroughly cleaned and removed, and flattened will be accepted, and they must be in pasteboard containers. Waste paper will not be collected in this drive.

Anyone in the area outside the village who has cans to contribute may leave them at the Chelsea Lumber, Grain & Coal Co. on Thursday.

Chelsea's collection is in connection with a county-wide drive to be conducted next week. The cans collected here will be taken to Ann Arbor for shipment from that point.

NOTICE

Because of the Fourth of July holiday next Tuesday, all announcements, church notices, wants ads and news items should be in our office on Monday. We will appreciate your cooperation.

Washtenaw county farmers
are short 2,000 men. High wages of-
fered in the city and the shorter
hours of labor have attracted tenants,
owners and farm youth to all of the
industrial centers, where houses are
so scarce that people are living in
tents and garages.—Ann Arbor Times

John Sullivan of Lyndon has pur-
chased a motor truck which will be
used in marketing the products of the

will reside in Chelsea.

Congressman Earl C. Michener of
the second district has appointed Her-
bert Vogel, son of L. P. Vogel, to
West Point, and the young man left
for that place Tuesday morning.

Andrew N. Morton was born in
Calhoun county, Aug. 22, 1844 and
died at his home on Jefferson St., June
26, 1920. He was a veteran of the
Civil War, having enlisted Aug. 4,
1862, and was honorably discharged
at Jackson in 1865. He was wounded
at Spottsylvania Court House in 1864.

In 1867 he was commissioned a second
lieutenant at the Grand Review in
Washington, D. C. From 1889 to
1917 when he resigned, he was in the
railway mail service. He was united
in marriage with Betty Norman Con-
don, youngest daughter of Elihu
Condon, one of the founders of Che-
lsea. They were four children, Ed-
ward J. and Harry of New York, Mrs.
Thompson of Connecticut, and the
late Ward D. of Detroit.

The little son of Mr. and Mrs. Her-
man Fletcher sustained a broken leg

a wagon.

will take a special course of violin in-
struction under the noted teacher and
soloist, Bernhard Listemann.

Chelsea will soon assume metropol-
itan airs, as the council has ordered
the electric light committee to have
the streets in the business portion
lighted by incandescent lamps sus-
pended from arches. This system of
lighting is very effective and presents
a beautiful appearance.

The sanitary drinking fountain that
was ordered installed by the village
council was put in the first of the
week by Geo. H. Foster and Son. It
is located on the southwest corner of
Main and Middle streets.

A fine watering trough for horses will soon
be erected on the northwest corner of
the same streets.

Bert M. Snyder, who represents
this district at the U. S. Naval
Academy at Annapolis, has completed
the junior year with high ranking
honors. He has sailed with his class
on a practice cruise to England,
France and Italy, which will last un-
til September. Next summer, after
graduation he will go for a trip
around the world.

married Aug. 16, 1846 to Mrs. Betsey
Ann Fenn, and a second time to a sis-
ter of his first wife, Miss Susan Mc-
Intyre. He is survived by his only
son, Adelbert Baldwin, several neph-
ews and nieces. Rev. F. I. Blanchard
officiated and burial was in Vermont

Tuesday was a lively day for Frank
Adair, station agent of the Michigan
Central at Chelsea. The yards as-
sumed quite a metropolitan appear-
ance, there being 95 cars on the var-
ious side tracks. Of this number, 25
cars were loaded with outgoing freight
—10 cars stoves, 3 cars scrap iron, 2
cars livestock, 4 cars hay, 2 cars
grain, 4 of merchandise. Of the in-
bound freight there were 4 cars ma-
chinery, 3 cars lumber, 2 cars cement,
2 cars merchandise and 3 cars hard-
coal. The remaining cars were load-
ed with material and laborers working
on the Hoppe crossing grade.

Cassidy Lake News

The Cassidyites have again come
through, for in the first week of Bond
and Stamp sales here, we have more
than met our quota. The exact
amount and number of men who have
made purchases in this drive will be
published at a later date. But we are
sure of getting the greatly coveted
Treasury Department's "100%" cer-
tificate of citation, for we are sure of
doubling our quota from sales that
will be made at the Bond Show rally
which is to be held here Thursday
evening, June 29. The special attrac-
tion of the evening will be the draw-
ing for a \$25.00 Bond, given to the
holder of the lucky number picked at
random by someone chosen from the
audience. This, plus a double feature
picture show, should be ample attrac-
tion to bring every man in camp to
the rally.

The Cassidyites have won their first
League game, something to be very
proud of when one considers it was by
defeating the league-leading Chelsea
Springers. This win has given the
team a greater determination than
ever to be in the play-offs, for they
know now that they have only to play
the brand of ball displayed against
the Chelsea Spring club and they'll be
in the finals next August. And, "be-
lieve it or not" the old timers are pull-
ing for them to win.

Our thanks of the week goes to our
own Camp Supervisor, Lieut. Geo. F.
Parish, for it was through his untiring
efforts that suitable prizes were ar-
ranged for and will be given to con-
testants who participate in contests
and events which will be held here on
July 4. The program is scheduled to
get under way at 8:00 a.m. and con-
tinue throughout the day. Every man
in camp will have an opportunity to
take part in some event, for the con-
tests have been so arranged as to per-
mit the old timers as well as the
younger men to take active part in
the day's activities.

A Hot Tub with Built-in Music

G. L. Johnny's taking his baths on the run right now and counts
that day a lucky one when he has even a small chance for a
clean-up. So it's easy to understand why his thoughts are
often on those back-home baths,—good and hot,
—baths with built-in music.

Johnny and thousands of others have their
post-war sights trained on their personal Home
of Tomorrow and the many conveniences that
only GAS and its magical blue flame can give.
Automatic hot-water is one of these and a most
important one. Hot baths and shaves, carefree
dishwashing and laundering,—hot water comfort
at its tip-top peak,—these are "musts" in Johnny's
post-war program.

So that he won't be disappointed, the Ruud

after the war and it will again be fitted with a rust-

It deserves a place in your own program!

FOR PEACE ON EARTH—BUY WAR BONDS

Mich. Bell Has Large Waiting List of Orders

The Michigan Bell Telephone Company announces that it has a waiting list of more than 75,000 orders for telephone service that it cannot fill because of the demands of war for communication facilities.

L. R. Stipe, manager for the company, said the backlog of unfilled orders is increasing at the rate of nearly 1,000 a month, with no prospect that the situation will improve for some time. He pointed out that Western Electric Company, manufacturing unit of the Bell System, has confined virtually its entire output since November, 1942, to military and war-production needs. Western Electric is making more than a third of all communication facilities manufactured in this country for war.

The announcement said that there are 33 delayed orders in the Chelsea exchange area.

The situation is so critical at most points in the company's territory, Stipe continued, that service can be granted only if it is essential to the war, public health, or the public security, as defined by regulations of the War Production Board. If spare facilities are available after meeting that priority, orders are then filled on a first-come, first-served basis.

Recent announcement by the Western Electric Company that it has been authorized to resume the limited manufacture of telephone sets for civilian use, beginning next fall, will have no appreciable effect on the shortage situation for some time, according to Stipe.

Every effort has been made and will be made to spread our overtaxed facilities so as to serve the greatest possible number of applicants with the least possible delays. But there can be no delays in meeting the communications needs of war industry and of our armed forces. They cannot be put on any waiting list," Stipe concluded.

More Rags Needed To Avoid Army Shortage

Unless renewed effort to salvage waste rags results in substantial increases in collections within the next few weeks the Army and Navy may by August face a serious shortage of wiping cloths, according to Kenneth M. Burns, chairman of the State Salvage Committee of the Michigan Office of Civilian Defense.

"The rag situation is rapidly approaching a critical point," Burns said. "The War Production Board tells us that 15 million pounds of rags are used monthly for wiping cloths. Of this amount 52 per cent goes to the Army and Navy and the remainder to war plants."

"The demands of the Army and Navy by August are going to be at least a quarter greater for wiping. These rags must come from the homes. A wiper is any cloth at least 12 inches square, which can be used to clean guns, polish metal, or remove grease from industrial parts."

In addition to wiping cloths, 45,000,000 pounds of rags are needed each month for building material. At present, 90 per cent of all roofing material is of asphalt, owing to the lumber shortage. Rags are required to act as a binder in the asphalt. Formerly 90 per cent of all roofing material made was used in building military cantonments and barracks. Today only 10 per cent is used for such purposes, 85 per cent goes for essential civilian housing under priority regulations, and four per cent is provided for lend-lease.

"The need for rags is great. Collection is seasonal, and if we don't get them now, when house cleaning time is just about over, we will not get them for months. So we are asking for special cooperation from the public. Salvage committees and charitable organizations are equipped to handle rags from homes having accumulations."

LETTER FROM MRS. IVES
Tucson, Ariz., June 14, 1944.
The Chelsea Standard:

As we have a number of friends who might be interested I would like to ask the favor of you printing a short letter in your paper.

I would also like to say that your paper is like a letter from home that we look forward to every week.

We are having hot weather but our house is cool, considering the heat of the sun. Wirt is installing a cooler and we are going to have the ceilings insulated. The walls are solid brick. So I feel we will be comfortable even when it gets hotter. The official temperature yesterday was 98 degrees high and 86 degrees low. The nights are always cool.

We bought a small house of modern construction and arrangement. We moved in last week and are all settled. We like it very much. After living in a two-room cottage a person knows how to appreciate a nice bedroom.

Our house faces the Santa Catalina mountains at the north. They look as if you could walk to them in a short time but they are 12 or 15 miles away as the crow flies. From here it looks as if the peaks were covered with moss. This moss is giant pine trees. Wirt measured one at 7500 feet, one that was eight feet in circumference. They are much larger at a higher altitude. It is colder there than in Michigan.

Being able to see these high mountains of 8000 feet to over 9000 feet from this street, it is called "Alta Vista." Spanish for altitude, or high vision. Our street number, in case

An Editorial

We don't like to be too critical of conditions as they exist in Chelsea regarding the "dog situation," but we do believe that some determined effort should be made by someone to get the town of dogs which are roaming the streets day and night.

Much has been said and published about this condition, yet very little has been done to correct the situation. There is a quarantine in effect which provides that a fine may be assessed against the owner of any dog which is allowed to roam at random. Under the provisions of this quarantine, dogs may be impounded or liquidated. Yet even a blind man would have difficulty in going down any of our streets without seeing a number of such animals on the loose.

We realize that our police officers have a great many responsibilities and may not have time to devote to enforcement of the dog quarantine. If not, the village authorities should appoint a dog warden with full power to act in enforcement of the law. If enforcement is not to be attempted, the quarantine might better be lifted!

WRITES FROM SICILY
Mr. and Mrs. Frank Reed, who had not heard from their son, Robert, for almost a month, received the following letter from him on Monday:

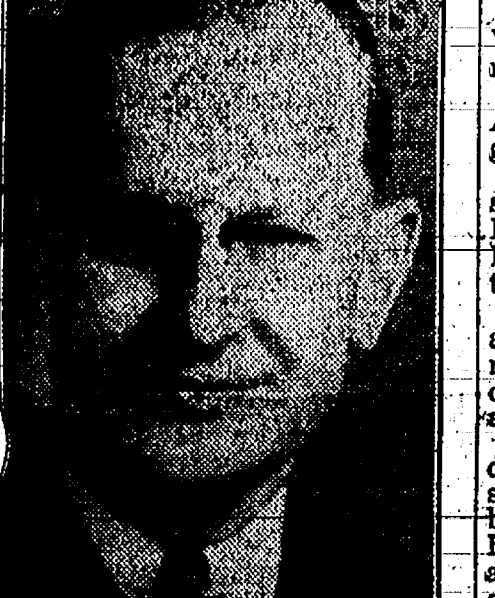

Sicily—June 15, 1944.
Dear Mom and Dad:
Just a few lines to say hello and let you know that I am feeling fine and hope you are the same. Well, yesterday and today we had our first mail call. I got quite a lot of letters and was sure glad to get them. I got five letters and two cards from you and Dad and one letter and a card from sister, one from Elsie Parsons, one from Cousin Elsie and two bulletins from the school.

It rained here Tuesday but after it quit, it was just as hot as ever. I am sitting down writing this letter and waiting to beat the devil. I haven't written to anybody for quite a while. They have been keeping us busy day and night too. It is getting pretty close to time to fall out for the afternoon.

When you mailed those letters out I was on my way across. Haven't gotten the pictures you were talking about.

They are calling for everybody to fall out so I'll hurry up and mail this letter right away. Write soon.

From a loving son—Bob.

KIWANIS NEWS

Conrad Noll, Jr., Republican candidate for State Representative was guest speaker at the Kiwanis meeting on Monday evening.

Mr. Noll, who is a resident of Ypsilanti and an engineer-attorney, was presented by Fred Battelle, Ypsilanti, who had previously been introduced by Warren Daniels.

Mr. Battelle, in stressing the fact that Mr. Noll was a young man, expressed the opinion that his candidacy was particularly timely. He pointed out that the trend nationally was following Michigan's lead in seeking out and electing younger qualified men to public office.

In his discussion, Mr. Noll reminded his listeners how too often legislative representatives were elected by the people, sent to Lansing or Washington, and nothing more heard from them until up for re-election. He advocated periodical written reports on matters pending before the State Legislature, to be made by the State Representative to his constituents. These reports to be directed to city and township officials and to heads of civic groups, thus permitting analysis and

discussion of these matters by the people in time for the legislator, as their representative, to be advised of their attitude.

Earl Gotberg, well-known Blue Network ventriloquist, and his boy Oscar were introduced by Mr. Noll. Mr. Gotberg's performance closed the program.

YOUR INVASION!

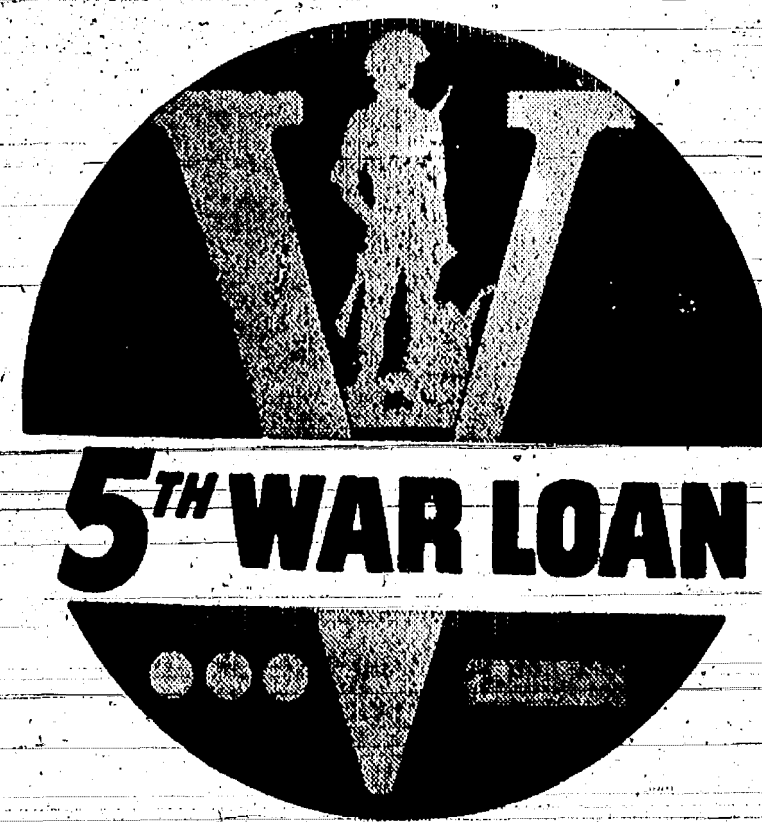

FROM General Bradley, leading the Invasion ground forces, right through every rank, American men now face a brutal, desperate, able enemy. For this invasion has only begun—before our fighters lies a hard and bloody task, one that demands all *their* courage, backed by *all your faith* in their ultimate victory.

That faith will be tested many times in this invasion—in grim struggles, set-backs, possibly even temporary defeats. It will be up to you to remember that early victories

usually only mean more savage opposition from a foe made more bitter, more ruthless as the shadow of his doom grows larger—up to you to keep that faith in days and nights of gloom as well as in hours of triumph.

There is little that you can do to show that you realize what *they* must face, perhaps for many months. But one thing you *can* do—back the attack with every dollar you can spare! Let the Bonds you buy in this greatest of Drives be the measure of your belief in their ultimate victory!
