Lt. George L. Winans Is Missing In Action

On Saturday evening, July 1, the following telegram was received by Mr. and Mrs. Elmer E. Winans:
"The Secretary of War desires to express his deep regret that your son, Second Lt. George L. Winans, has been reported missing since June 20, over Germany. If further details or other information are received, you will be promptly notified."

The Adjutant General,
Lt. Winans, 22 years old, was appointed to pilot training Aug. 27, 1942.

LT. GEO. L. WINANS

receiving his primary flight training at Cimarron Army Air Field, Oklahoma City, Okla., and basic flight training at Garden City Army Air Field, Garden City, Kansas. He was commissioned a Second Lieutenant as Pilot in the Army Air Forces and received his wings on January 7, 1944 at Pampa Army Air Field, Texas.

Lt. Winans was co-pilot and bailed out of a bomber which was disabled in May, the story of which was published in the June 22 issue of The Standard.

According to a letter received by his parents last week, he had been on a number of missions over Germany.

Sylvan Township Will Regulate Junk Dealers

In an effort to eliminate some unsightly conditions which exist within the township, and to control the situation in the future, the Sylvan Township Board has adopted a resolution providing for the licensing of junk dealers within the township.

According to terms of the resolution it will be unlawful for any person, firm or corporation to engage in the junk business without having first obtained a license from the township board. This regulation applies to those now engaging in the junk business as well as to any who might wish to start such a venture.

Licenses granted will be subject to rules and regulations imposed by the township board, and those who fail to comply with rulings of the board will be subject to a fine or imprisonment. The full text of the resolution will be found on page seven of this issue.

The township board is to be commended for this action, the only criticism being for the delay in taking action to rid the community of some very unsightly conditions which have existed for years. It is hoped they will vigorously enforce the provisions of the resolution, which will be a benefit to the community at large, and especially to those who have nice homes in the vicinity where junk yards are operated.

Failure To Observe Stop Sign Causes Collision

Cars driven by Mrs. Gertrude Howard of Stockbridge and Nathan Collins, Madison street, collided at the corner of East Middle street and East streets late last Wednesday afternoon.

According to police officers, Mrs. Howard failed to observe the stop sign as she was driving south on East street and her car collided with the one driven by Collins, who was going west on East Middle street. The Howard car went across the curb and broke the fire hydrant front of the O. J. Walworth residence. Both cars were badly damaged, and Elsie Risher, a passenger in the Howard car, suffered face cuts. Mrs. Howard was given a reckless driving ticket.

Similar accidents are to be expected unless motorists are made to observe stop signs. Very few come to a complete stop before crossing or entering streets where there are stop signs, and some even fail to check their speed at all when they come to such a sign. Many warnings have been given motorists by local police officers, but presentation of traffic violation tickets might be much more effective.

TIN CAN COLLECTION TODAY!

Don't forget the collection of tin cans in Chelsea today (Thursday). As announced last week the trucks will start the collection at 1 o'clock and all cans must be at the curb by that time. Cans must be clean, flattened, and placed in cartons for easy handling.

Paul W. Schneider graduated on Tuesday, June 27 from the Midshipman School at Camp McDonough, Plattsburg, N. Y. and received his commission as Ensign in the Navy. At the close of an eight-day tour, he will report to a base on the East coast.

Prisoner Takes Short Leave From Waterloo

Heinz Eschweiler, a German prisoner of war camp Waterloo, escaped from the camp early Monday morning and was at liberty only a few hours when he went to the farm home of Ernest Riemenschneider, three miles north of the camp, and gave himself up.

Eschweiler had created a disturbance in the camp and was being taken to the guard house about 4 a.m. when he eluded his guard and escaped into the woods.

Jackson county sheriff's officers, state police, FBI agents and military police from Ft. Custer all joined in the search. Riemenschneider, accompanied by two farm hands, was on his way to the camp with the prisoner when he met state police and turned the man over to them.

ATTEND REUNION

Mr. and Mrs. Howard Flintoft and son, Miss Joan Walworth and Ensign Paul Schneider attended the Larnber family picnic, held Sunday at the cottage of Mr. and Mrs. Edmund Zeeb, Little Silver Lake.

Chelsea has again gone over the top! To date purchases of bonds here totals \$396,245.75 in the Fifth War Loan drive, which is \$21,245.75 over the quota of \$375,000.

The primary part of the drive runs until July 8, but Chelsea will get credit in this drive for all bonds purchased during June and July, so there is still time for you to swell the total figure toward the half-million mark.

June 1 to 12—189 sales	\$25,577.50
June 13 to 19—272 sales	15,812.00
June 20 to 26—204 sales	41,897.50
June 27—24 sales	2,881.25
June 25—49 sales	1,612.50
June 28—40 sales	2,755.25
June 30—18 sales	7,275.00
July 1—21 sales	950.00
July 3—78 sales	6,093.75

Total—396 sales \$396,245.75

Total to Corporations \$292,000.00

Grand Total to date \$396,245.75

From now on, we will probably have to increase our total figures by working up the 396 sales which now total \$396,245.75. We should make several hundred more sales, and increase the total to individuals by at least \$75,000.

Gallants should make certain that they have called on all of the persons assigned to them, but every bond purchase can help the gallants by making their purchase, and then giving the bond serial number to the person who has been soliciting them.

Very heartening word comes from many sources as to sacrifices that some people are making in order to do their part as they recognize what their fair share of the burden is. News that is very encouraging in many ways, comes from Lieut. George Parish who tells us that the boys who are in the Honor Camp have purchased over six times their quota of bonds, and they receive only a small token wage to cover cost of such items as tooth paste, soap, etc.

Chelsea War Bond Committee.

Crowd Disappointed At Maneuvers of Troops

A crowd estimated at more than two thousand lined Main street Sunday afternoon to witness what they thought would be a colorful event when the Michigan State Troops moved in to take over the village for an hour or so, but the maneuvers of the troops proved to be far from spectacular and there was a general feeling of disappointment about the affair.

These troops, members of the 2nd Battalion of the 31st Regiment, were brought here as a part of their training for actual riot duty, assuming that a situation existed in the village which would require their presence. Instead of the 250 men promised for the demonstration, there were only about 100, because of the holiday week-end, and according to officers accompanying the troops.

Entering the village about 2 o'clock the troops went through maneuvers as scheduled, with a heavy smoke screen and various formations which would be used when an actual crisis existed.

Co. Owen J. Cleary, Commanding Officer of the 31st Regiment, who accompanied the troops here, expressed regret that the entire personnel of the regiment was not present, but said the maneuvers as demonstrated here would be considered successful from a training standpoint under assumed circumstances.

In addition to the men participating in the activities on Main street guards were stationed at all approaches to the village, near all public utilities headquarters in the village at the bank and at the federal building.

Annual School Meeting To Be Held On Monday

Palmer.

Other matters pertaining to business of the district will also be submitted to voters at this meeting.

A comprehensive financial report of the receipts and expenditures for the district during the past year is published in this issue of The Standard. Annual meetings will also be held in rural districts next Monday night.

MRS. WERNER INJURED

Mrs. Harry Werner suffered a broken arm and other injuries on Saturday when she fell down the basement stairs at her home on Middle St. She was taken to St. Joseph's Mercy hospital, Ann Arbor.

A very serious accident happened Wednesday evening on the south crossing of East Michigan and East streets, that resulted in the death of Willis, the 12-year-old son of Mr. and Mrs. Wilbur Van Riper. The boy was returning home on his bicycle and ran into the buggy of Jacob Alber. The street light was not yet turned on and as Mr. Alber was driving slowly from the south and the boy going east they were unable to see each other in time to avoid the crash. The injured boy was taken to the Hammond residence and Drs. Gulde and Palmer were called, but he died about an hour later. It is believed his stomach was ruptured by the blow. Rev. M. L. Grant officiated at the funeral.

The two biggest disasters in the history of the United States were the Galveston, Texas, tidal wave in 1900, when 6,000 were killed, and the Johnstown, Pennsylvania, flood in 1889, which cost 2,200 lives.

The sum of these two disasters is a figure only a few hundred more than the average number of persons killed every month by accidents in the United States.

Why do we become so horrified over the loss of life in one of these large disasters and pay no attention to the annual toll of accidents in the country?

These day-by-day accident deaths are just as horrible as if the victims had been killed by floods, fires, and hurricanes.

Accidents are caused by thoughtlessness and carelessness—two characteristics which can be controlled. By controlling them we can stop this needless loss of life.

Let's start today.

Browning Qualities

Soybean flour gives a very pleasant flavor to pastry and increases its browning qualities desirably. It is especially popular for prune pie or tarts. The soybean flour can be used in proportions of 12 to 15 per cent which, when translated into home-kitchen terms, means a substitution of 2 tablespoons of the soybean flour for 2 tablespoons of white flour in each cup of flour used.

THE OLD JUDGE SAYS...

"The men overseas don't mince any words about the way they want to find this country when they come marching home... do they, Judge?"

"They certainly don't, Herb... and they shouldn't. They're doing a masterful job fighting over there to protect our rights and they have good license to expect us to protect theirs back here at home. One thing they're mighty clear on is their stand on prohibition."

"Their position on that subject was stated very emphatically in a poll taken recently among American service men in England by the British Institute of Public Opinion. When hundreds of men were asked point blank how they would vote on prohibition, 85% of them stated, in unmistakable terms, that they would vote against it. There's no doubt about it, Herb... the men overseas don't want any action taken on that subject while they're away."

"And they're 100% right, Judge, because I know how I felt when I came home after the last war—only to learn that we had been over there fighting for so impractical a thing as Prohibition."

... for this too ... we buy war bonds ...

To preserve a Free Press in America... to read the newspaper of our choice, without fear or threat... to bring into our homes whatever magazines and books and newspapers our families choose... to live in a land that permits a newspaper to say what it pleases, however bitterly it may criticize the government... to be a citizen of a Democracy where official bonfires of banned books are unknown... to recognize that a people can qualify for self-government only when every shade of opinion is freely expressed and currently published...

... for this we must all in this year of trial buy war bonds in ever-increasing amounts, to provide the means for all-out Victory.

HELL DIVING'S HIS JOB ..LENDING IS YOURS!

WITH GUNS BLAZING and a prayer in his stout heart, this American fighter is hell-bent on destruction of our enemies. HE is not thinking of how little or how much he's doing to help win the war. For him, the chips are down; but his fighting spirit is as high as the heavens from which his plane is diving.

In cramped foxholes and disease-infested jungles, on sun-scorched beachheads—under and over the seven seas—other Americans are matching his courage. And their name is legion. They KNOW that war is a bloody business; that their lives, as well as yours, are

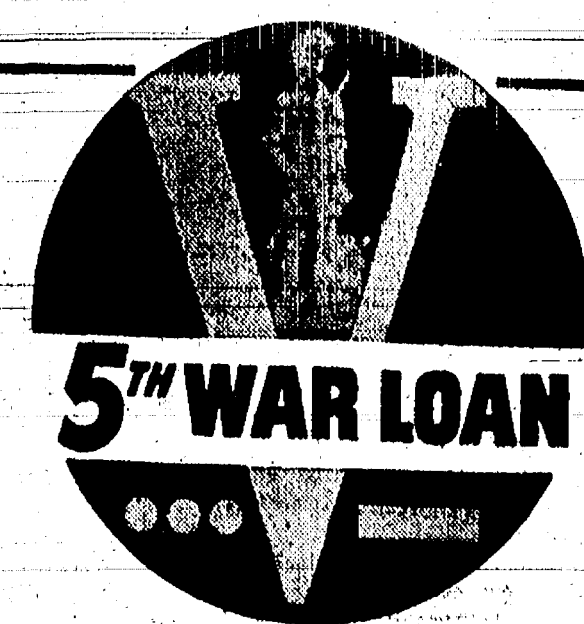

now at stake. You cannot—you must not—let them down.

Is it asking too much of you to back these men up by buying more, and still more, War Bonds? There can be but one answer. You'll find it in your own heart.

And remember, too, as you dig deeper than ever before into your pocketbook or cash surplus, that the Fifth War Loan MUST raise 16 billion dollars. It is the greatest financing drive the world has ever known... to back up the greatest invasion drive the world has ever known.

And Here Are 5 MORE Reasons for Buying EXTRA Bonds in the 5th!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 in 10 years.
3. War Bonds help keep prices down.
4. War Bonds will help win the peace by increasing purchasing power after the war.
5. War Bonds mean education for your children, security for you, funds for retirement.
