Where Gems and Gold Are Fairly Sold

## Chelsea's 5th War Loan Purchases Over \$439,000

All purchases of bonds during July will be credited to the Fifth War Loan. The general drive ended on July 8 when Chelsea's purchases totaled \$439,375.50, which is more than 17 per cent above Chelsea's quota of \$375,000.

Chelsea can be proud of the fact that its record is better than that of the nation as a whole, especially because Chelsea will also get credit for payroll deductions in some sizeable amounts which cannot be estimated accurately at this date.

The record of sales to date is as follows:  
June 1 to 12—189 sales...\$25,577.50  
June 13 to 19—272 sales...15,812.00  
June 20 to 26—204 sales...41,337.50  
June 27 to July 8—381 sales...21,513.75  
July 9 to 12—238 sales...18,099.75  
Total—1234 sales...\$122,345.40  
Total to Corporations...\$17,000.00

Grand Total to July 8...\$439,375.50  
The sale of "F" and "G" bonds in Chelsea is not quite as high as the quota set for us and the "F" bond sales are still under the quota. The "F" and "G" bond sales total \$48,695.50 and the "E" bond sales total \$73,650.00. These were purchased in 1234 sales as mentioned in the table above and together total \$122,345.50. This is better than the record of the whole nation, but Chelsea should recognize that with our war industries are in a more favorable position than many communities which were not in a position to convert from civilian to war work to as high a degree.

Realizing this fact we should help in every way possible to make up in purchases what these other communities cannot take.

Keep in mind that each gallon is to report sales before the end of July and if you will buy your bonds and give the serial number to the person who has your name to solicit, it will be a great help in making this drive especially successful.

## Improvement Is Sought In Sanitary Conditions

A typhoid fever case occurring in the village of Chelsea two or three months ago has precipitated a survey of sewage disposal facilities within the village. A thorough survey was made by village officials and the Washtenaw County Health Department to determine the location of outside toilets serving homes in areas where the municipal sewage system was available to the property. This survey revealed that within the village limits there are over 35 homes with outside toilets although the municipal sewers are available to these homes.

Health officials regard outside toilets within a municipal area as a menace to the health of the community. The Washtenaw County Health Department is sending a letter to every person who has an outside toilet on his property where sewers are available, requesting him to install flush toilets and make the proper connections to the municipal sewage system. All persons are asked to cooperate in this matter.

No connections should be made to the sewer without first obtaining a permit from the Village Council as required under Ordinance No. 21 of the Chelsea Village Ordinances.

County health officials realize that six months ago such request would have been impossible due to priorities on plumbing equipment. At the present time necessary plumbing fixtures are available without priority release.

No other cases of typhoid fever have been reported in the village of Chelsea since the occurrence of the case which brought about the survey of sewage disposal facilities.

## Street Work Started By T. P. Flynn & Co.

Chelsea's street improvement program for this year is well under way with T. P. Flynn & Co. of Detroit the contractors in charge of the work.

Equipment was moved here last week and work was started on Monday. According to village officials a number of streets will be improved, with some new surfacing, some re-surfacing, and considerable repair work.

However, officials are unable as yet to state just which streets will be improved. It is expected that the Flynn company will complete their work in about four weeks.

In addition to the street work, the village will carry on an extensive curbing program throughout the summer, and a number of sidewalks will be repaired.

## TRAINING AT GREAT LAKES

Great Lakes, Ill.—Thomas J. Rademacher, 18, son of Mrs. Nancy Ann Rademacher of Chelsea, Mich., is receiving his initial naval indoctrination at the U. S. Naval Training Center here.

His "boot" training consists of instruction in seamanship, military drill, and general naval procedure. During this period a series of aptitude tests will be taken by the recruit to determine whether he will be assigned to a Naval Service School or to immediate active duty at sea.

His recruit training completed, the seaman will spend a period of leave at home.

## Called To The Colors

Miss Audrey Gilbert, daughter of Mr. and Mrs. Henry Gilbert of Lynx township, has joined the Waves, and left for Hunter's College, N. Y., on July 12, where she will receive her training. She was born January 15, 1923, and was graduated from the Chelsea high school, class of 1941. At the time of her enlistment, she was employed at the Physicists Research, Ann Arbor.

A delightful farewell dinner honoring Miss Gilbert was arranged by the ladies of the WSCS of North Lake Methodist church and served in the church dining room on Sunday, July 2. Following a delicious chicken dinner, a presentation speech was made by Rev. Harvey G. Pearce and the honored guest was given a \$20.00 bill as a gift from her friends.

Rohn Waltrous Miller, son of Mr. and Mrs. Jess F. Miller of Jackson, and grandson of R. B. Waltrous of Chelsea was born in Ann Arbor, Feb. 16, 1928. He attended Chelsea high school and was graduated from Jackson high school in June of this year. In November, 1943 he enlisted in the Army Air Corps and reported for duty at Fort Sheridan, Ill., on July 7. On July 14 he will begin his training at Shepherd Field, Texas.

## Blood Bank Unit Was In Chelsea Thursday

Chelsea's second Blood Bank, set up here on July 6, was even more successful than the first.

The Detroit Unit conveyed all necessary materials to local headquarters at the Methodist church. Peter Boehm, Wilbur Riemenschneider and Homer Nixon aided them in installing their equipment. In the unit were twenty workers. Under the direction of Chairman, Mrs. Paul Maroney, the local canteen served a hot luncheon to the visiting workers. The canteen volunteers served orange juice to the blood donors previous to the donation and sandwiches following each completion.

The Detroit unit demonstrated to the local assisting nurses the form and function of the Dry Plasma obtained from the blood of the volunteers. They then relayed this information to the Chelsea donors so that they might completely understand the efficiency of this donation.

Two hundred seven pints of blood were received. There were three hundred forty registered volunteers. The efficiency of all committees, with the congenial cooperation of the local factory, chairman, made the visiting Blood Bank function very easily and systematically. The Detroit unit was most pleased with Chelsea's excellent response from blood donors and all volunteer workers.

The Chelsea Red Cross greatly appreciates the assistance of all who participated in the outstanding success of the second Blood Bank.

## School Band To Present Third Concert Saturday

The Chelsea High School Band, conducted by Henry E. Busche, will present its third concert of a series of six this Saturday night. Several men from the University of Michigan School of Music are aiding the band in the presentation of these concerts. It is hoped that for the last two concerts that special music from the University may be obtained to further the enjoyment of the concert.

The concert program for Saturday night will be as follows:  
"Our Band"—March.  
"Moonlight Madonna"—Fibich.  
"Down South"—American Sketch.  
"Warming Up"—March.  
"Black Rose"—Overture.  
"Alice Blue Gown"—Waltz.  
"Little Giant"—March.  
"Old Church Organ"—A Reverie.  
"True Blue"—March.  
"Our National Anthem."

## COMPLETES RADAR COURSE

Dwight R. Gadd, S-1C AMM, son of Mr. and Mrs. R. D. Gadd of Chelsea, has completed his course in Radar at Memphis, Tenn. and is being transferred with the entire group of an enlisted personnel to an aerial free gunnery training unit at Virginia Beach, Dan Neck, Virginia. Dwight will be stationed at this base for five weeks.

## SCHOOL STARTS SEPT. 5

The opening date for the Chelsea public schools has been set for Tuesday, September 5, with teachers' meetings in the morning and enrollment of pupils in the afternoon. A complete calendar for the school year will be published in later editions of The Standard.

## NOTICE

The Chelsea Standard will close on Friday, Saturday and Monday, July 21, 22 and 24, so we may enjoy a brief vacation. The July 27th issue will be published one day late, for Friday morning distribution.

## Pvt. Neil Foster Killed In France, Says Report

Mr. and Mrs. Terrance Foster have received several messages during the past week which provide only bewildering information concerning the fate of their son, Pvt. Neil J. Foster, who was with the United States forces invading Normandy.

The first message about Neil's whereabouts came in a telegram from the Adjutant General on July 6 which stated that their son had been wounded in action in France on June 6. On Sunday, July 9 they received another telegram from the same source stating that Neil had been killed in action in France on June 6. On Monday, a letter came from the war department giving the information that Neil was seriously wounded during the invasion.

Authenticity of the telegram received Sunday, telling of the death of their son is questioned by Mr. and Mrs. Foster because of the fact that they received a letter from Neil last week, telling them that he was in a hospital but that he was feeling alright. This letter was not dated, however, and may have been written before the invasion and delayed for a few weeks.

The telegram received Sunday stated: "The Secretary of War desires that I tender his deep sympathy to you in the loss of your son, Pvt. Neil J. Foster, who was previously reported seriously wounded in action. Reports now received state that he was killed in action June 6 in France. Letter follows." (Signed) The Adjutant General.

So Mr. and Mrs. Foster, as well as everyone in the community, are hoping that good news will still come out of the confusion and that Neil is only wounded and recovering.

Neil was born October 2, 1920, in Lynx township. He was inducted into the service on August 29, 1942, and went overseas in August, 1943.

## Rural School Districts Hold Annual Meetings

Annual meetings of school districts in the Chelsea area were held on Monday evening. Following are the officers who will serve on the various boards for the coming year and the teachers who have been employed:

District No. 4, Fr., Sylvan and Lima: Director, Lester Schulze; Moderator, Elba Gager; Treasurer, Chas. Myers; teacher, Miss Jane Schlosser.

District No. 4, Sylvan: Director, Oscar Kambach; Moderator, Roy Kambach; Treasurer, George Hailey; teacher, Miss Bernice Harris.

District No. 2, Freedom: Director, Harold Eisenman; Moderator, Walter Beuerle; Treasurer, Leroy Heller; teacher, Miss Hildegard Pontana.

District No. 10, Fr., Sylvan and Lima: Director, Reuben Lessner; Moderator, Carl Heller; Treasurer, none elected; teacher, Mrs. Norine Whipple.

District No. 8, Lyndon: Director, Ralph Keezer; Moderator, Frank Klobuchar; Treasurer, Geo. Bauer, Jr.; teacher, Mrs. R. D. Gadd.

District No. 10, Sylvan: Director, Gottlieb Bollinger; Moderator, N. W. Laird; Treasurer, none elected.

District No. 1, Lima: Director, Fred Koch; Moderator, Clarence Koenigster; Treasurer, Clarence Trinkle; teacher, Miss Helen Sias.

District No. 2, Fr., Sylvan and Sharon: Director, Donald Irwin; Moderator, Mrs. Lula Gardner; Treasurer, Homer Lehman.

District No. 7, Waterloo: Director, Herbert Harvey; Moderator, Wm. Henry Lehman; Treasurer, Dillman Wahl; teacher, Miss Madge Neidhardt.

District No. 2, Sylvan: Director, Albert Schweinfurth; Moderator, Clarence Lehman; Treasurer, Mrs. Clara Hoppel; teacher, Mrs. Leona Bee-

District No. 3, Fr., Sylvan and Sharon: Director, Oscar Kambach; Treasurer, Wm. Mayer; Moderator, Henry Helm.

## School District No. 3 Fr. Holds Annual Meeting

The annual school meeting of District No. 3 Fr., Sylvan and Lima, was held Monday night in the school auditorium with an attendance of 38.

Estimated receipts and expenditures for the coming school year were discussed, and the group unanimously approved the budget as proposed by the board of education.

### 24 Years Ago

Thursday, July 15, 1920  
Frederick J. Hawley died Saturday night following a short illness. He was married to Miss Cora Faldkamp of Lima on Nov. 26, 1914. His wife and two small children, Lucile and Eldine, survive him. Mrs. Elmer Klunpp of Manchester is a sister and Miss Elizabeth Monks of Chelsea, an aunt. Interment was in Mt. Hope cemetery, Freedom.

The large barn on the farm of Bert White was discovered to be on fire about 9 o'clock Saturday night, and with all of its contents was burned to the ground.

About two weeks ago a stranger appeared in Chelsea, taking orders for tablets which he claimed would make a first-class whiskey. He sold his product at \$3.50 a package and made over \$200 while here. He collected his pay when he took the order, and said the little joker would be shipped from some place in Canada. The buyers are still anxiously awaiting the arrival of their purchases, but some of them are beginning to become a little faint-hearted.

Miss Leona Bolser, daughter of Mrs. F. H. Bolser, was united in marriage to G. J. Diekema, of Holland, on Saturday, July 10, 1920 at the home of Mrs. Frances Browning of Holland. Mrs. F. H. Bolser, Mrs. F. E. Bolser, Paul and George Bolser attended the wedding.

The Chelsea Screw Co. added two new automatic screw machines to the equipment of their factory Saturday. The screw company now has forty-two automatic screw machines in operation.

Born, on Friday, July 9, 1920 to Mr. and Mrs. E. E. Winans of Highland Park, a son.

### 34 Years Ago

Thursday, July 14, 1910  
Gertrude, the youngest daughter of John Clark of Lyndon, died at St. Mary's Academy, Monroe, July 11, 1910. The remains were brought to Chelsea and taken to the home of her aunt, Mrs. C. E. Whitaker. The funeral was held from the Catholic church, with Rev. W. P. Considine officiating.

Fred Notten of Sylvan is having a dairy house built on his farm.

Born, Thursday, July 14, 1910 to Mr. and Mrs. Howard Brooks, a son. Geo. W. Beckwith has taken the contract to erect a one-story addition 20 ft. in depth, for Messrs. Taylor and Hollis to their store building occupied by Dancer Bros.

A very exciting horse race took

### V DAY DRIVE TO VICTORY

By Frank Marasco—Milwaukee Sentinel

### KOENIGTER REUNION

The annual Koenigter reunion was held on Sunday at Portage Lake, with about 60 representatives attending from Lansing, Ann Arbor, Dexter, Chelsea and vicinity.

Mr. and Mrs. Harold Eschelbach, Mr. and Mrs. Norman Buss and Mr. and Mrs. Waldemar Buss were chosen as a committee to arrange for next year's reunion.

A pot-luck dinner and supper were served, and games were enjoyed, prizes being awarded as follows: Peanut race—Leon Eschelbach, Mrs. Max Ziegler.

Weight guessing—Arthur Koenigter, Mrs. Edward Buss. Straw race—Arthur Koenigter, Mrs. Herman Scheve.

Children's games: Throwing can rubbers—Grace Haab. Orange race—Wilma Koenigter. Treasure hunt—Karen Chase. Straw race—Joan Koenigter. Clothespin race—Max Ziegler, Jr. Horseshoe—Max Ziegler, Jr.

Pounding race—Johnny Buss. Ring race—Johnny Buss. Throwing ball and kicking football—Moritz Ziegler, Janet Schoettle and Michael Buss.

### Coal for Antiaircraft

Twenty-five tons of coal is required for steel to make one three-inch antiaircraft gun.

Back The Attack—Buy More Bonds

### TOWN AND FARM IN WARTIME

#### Ration Reminders

Meats, Fats—Red stamps A8 thru Z8, good indefinitely.

Processed Foods—Blue stamps A8 thru Z8 and A8, good indefinitely.

Sugar—Sugar stamps 30, 31 and 32, each good for five pounds indefinitely.

Sugar stamp 40, good for five pounds of canning sugar thru February, next year.

Gasoline—A-12 coupons good thru September 21.

Fuel Oil—Period 4 and 5 coupons good thru September 30. New Period 1 coupons, now good.

Shoes—Airplane stamps 1 and 2, good indefinitely.

#### Black Marketeers Sent To Jail

In the first five months of 1944, the Office of Price Administration Enforcement Program against the gasoline black market sent 28 car owners

to jail, convicted 159 car owners of buying gasoline with counterfeit or stolen coupons or without coupons, took away rations from 775 car owners, suspended gasoline selling rights of 1,538 filling stations, put 156 filling stations out of business and gave jail sentences to 236 counterfeiters, peddlers and gasoline dealers.

Save Travel by Cancelling Meets To release transportation facilities for essential war needs, 70 organizations—business, labor, religious, social, etc.—have cancelled their respective conventions, and 80 organizations have drastically cut down attendance at their conventions, the Office of Defense Transportation announces.

Free Maternity and Infant Care Service men's wives eligible for emergency maternity care are urged to apply at the beginning of pregnancy so that their health and that of the child can be better safeguarded, Katherine F. Lenroot, Chief of the Children's Bureau, Department of La-

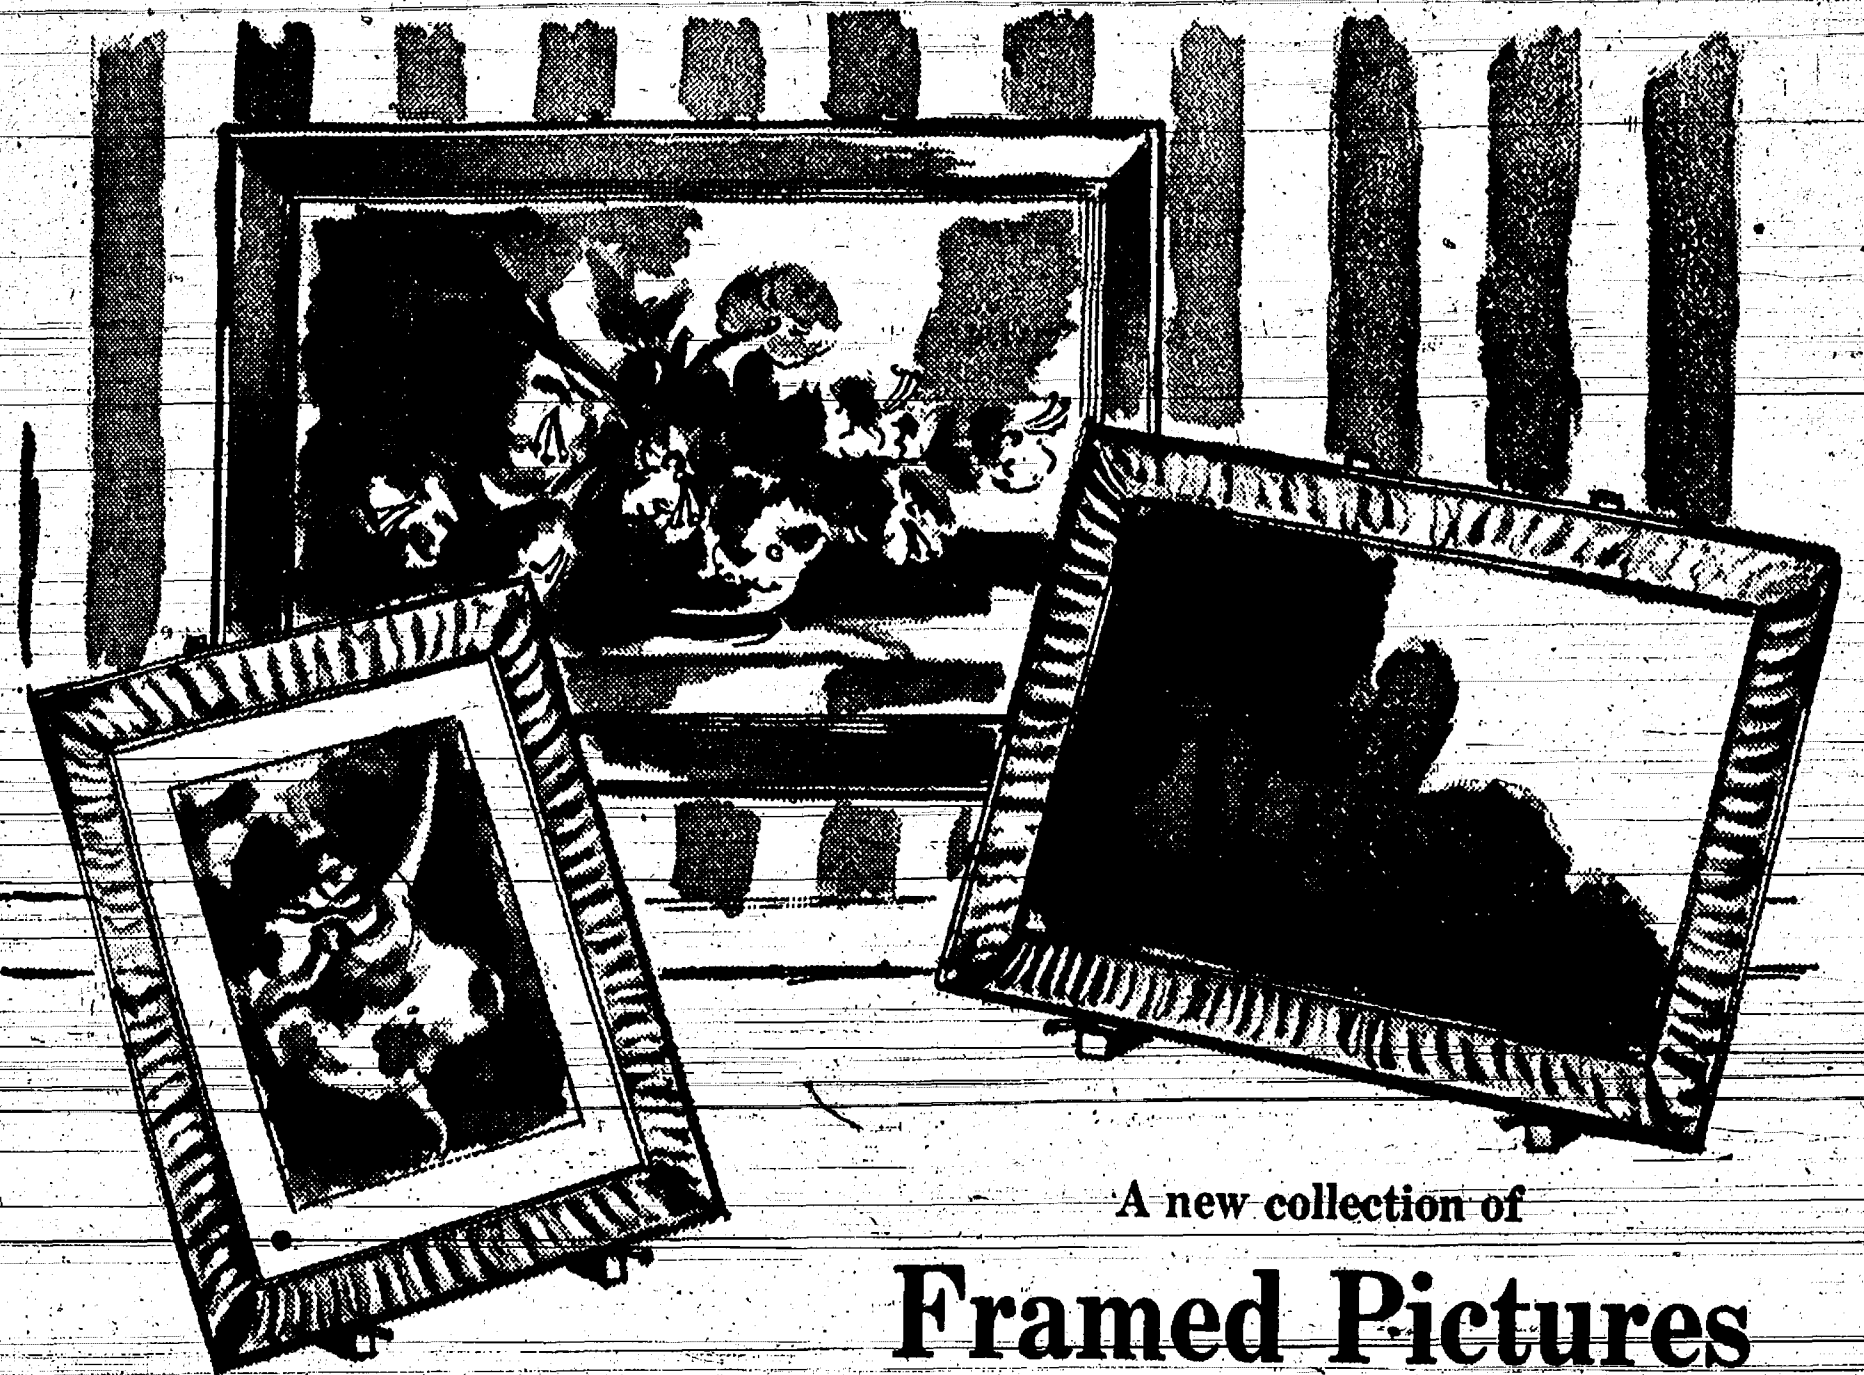

bor, says. Medical, nursing and hospital care for the service man's wife are provided during pregnancy, childbirth, and for six months after childbirth, and for the infant throughout its first year, all without cost to the service man or his family. Application blanks for this care may be obtained from a physician, the local Red Cross or local Health Department.

Fertilizer Restrictions Eased Farmers may fertilize their general crops with as many pounds of fertilizer as recommended by the "Appropriate State Experiment Station" or at the rate customarily used in the area. Whichever is greater, the War Food Administration says. WFA has eliminated restrictions on acquisition and use of organic nitrogenous fertilizer materials such as tankage, fish scrap, bonemeal, processed manure, peat and humus. Restrictions remain on edible oil-seed meals.

Swap Help Across Border Farmers are used to swapping help,

but this summer two countries, the United States and Canada, will swap grain harvest help back and forth across the border, the U. S. Department of Agriculture announces. With border crossing formalities suspended, Canadian threshing outfits will help harvest the western great plains crops until September 15, and American machines and crews later will reciprocate in the Canadian prairie provinces until December 15.

Modern Bedrooms Bedrooms are taking on a new and popular style in the present era. The bedrooms with flowery back-ground walls and sedate furniture have been replaced with plain backgrounds studded with colorful, figurative furnishings. Ornamental leg posts, headboards and footboards have disappeared, and beds are now admired for pretty striped or figured spreads, often with ruffles of flounce to the floor.

## A new collection of Framed Pictures

for your own home... for gifts

Small pictures to hang in groups

priced at 2.00 to 5.95—medium

sizes are 6.50 to 15.00—large

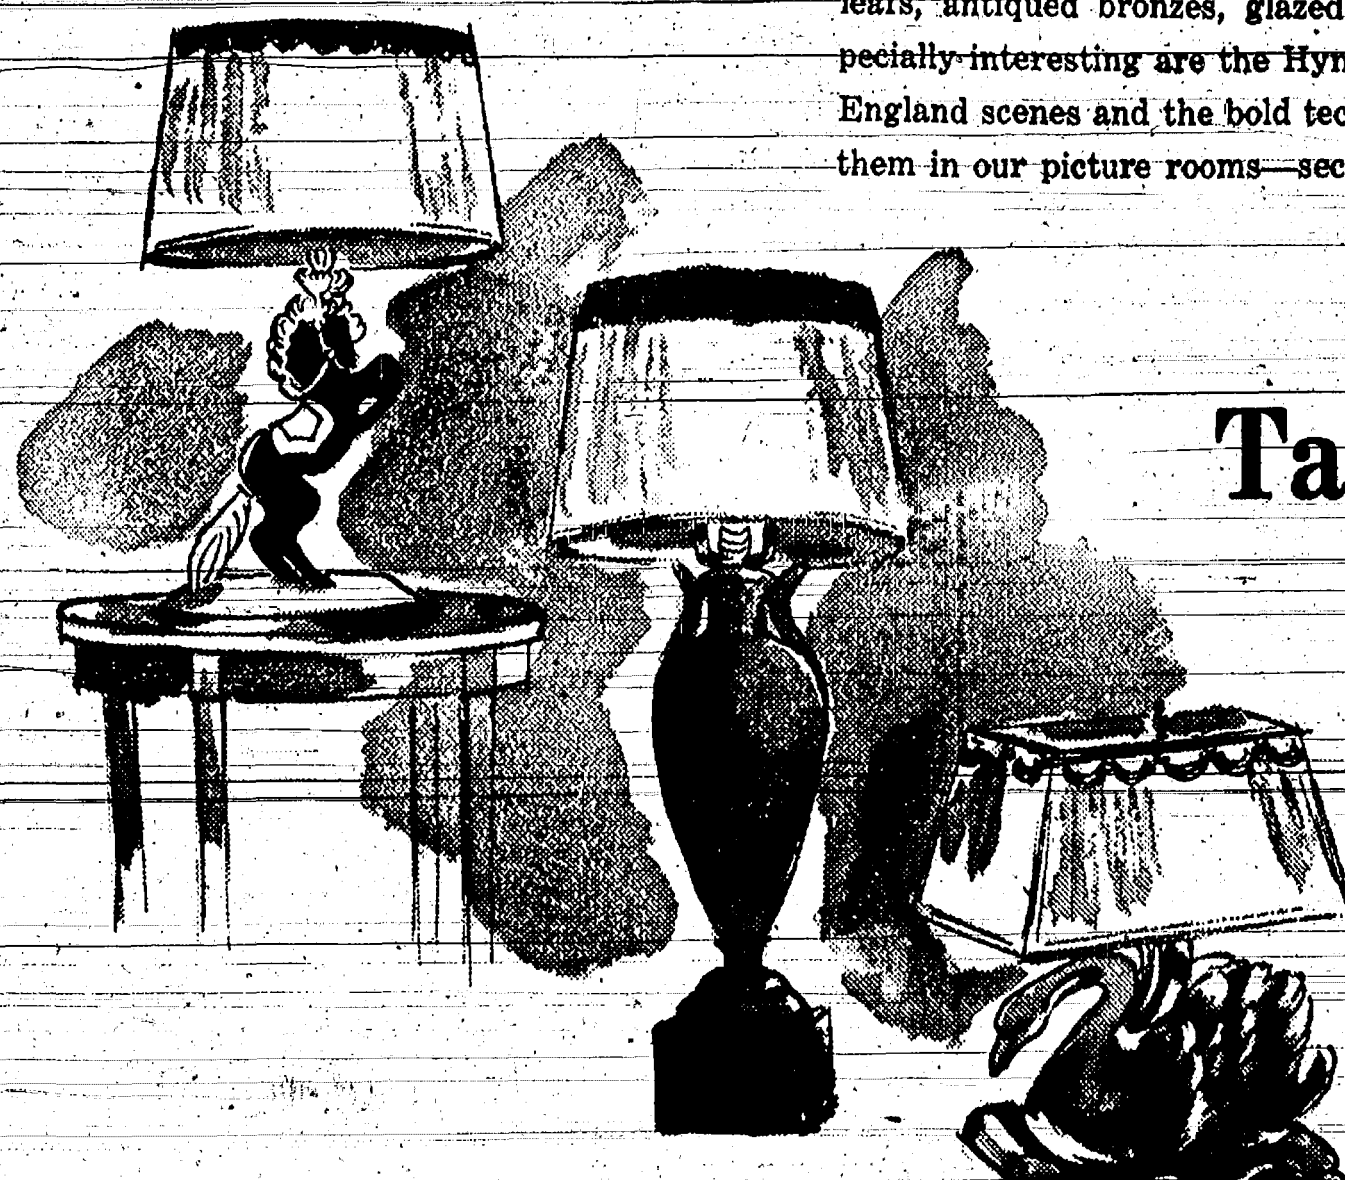

pictures at 16.50 to 37.50.

Many new subjects... reproductions of the old masters; Gainsboroughs, Carols, de Hoochs, Monets, etc.; and copies of the work of living artists; Winslow Homer, Marguerite Pearson, Marc and others. ## G. I. Johnny does some Post-War Planning

Battle-zone shaves are apt to be rough and tough, so don't frown down the wishful thinking of this stubble-chinned private as he uses the cold-water, scrape-and-pull method.

He's thinking now of the civilized comforts of his own Home of Tomorrow and the magical conveniences that will be his from that little blue economy-flame—GAS!

High up on the list of his dreams-to-come-true is that happy time when hot-water will speed his "once-over-lightly"... when hot tub-soaks will revitalize tired nerves and muscles... when K.P. will be but a memory... and a clean shirt will not be an event.

G. I. Johnny's home comforts will be many but none more welcome than the quick-flowing, always-hot water he'll get from his post-war Ruud Automatic Gas Water Heater that keeps hot water pure and rust-free in a long-lasting tank of solid Monel.

It's worth planning for!

### Your Committee of Three

This is your post-war planning committee for your hot water supply in your own Home of Tomorrow. All three—Gas, Monel and Ruud—are now in their country's service, but at the war's end you'll find them together again, working to a common purpose—to give you a perfect, low-cost hot water service.

## Michigan Consolidated Gas Co.

211 East Huron Street Ann Arbor

## College Holstein Herd Wins National Award

For the fourth consecutive year, Michigan State college, East Lansing, has been awarded the coveted Progressive Breeder's certificate by the American Holstein association of America. Only 64 breeding establishments in the nation have received this honor. Eight of these are in Michigan and three of these herds have received the award for four consecutive years. This is the highest award made to a herd in the national association of breeders in recognition of a well-planned herd improvement program developed over a period of years. The Michigan State college herd has been tested for production in the herd improvement registry program of the National Holstein association for 15 years. The last test year was completed June 30, 1943, with the 11 cow herd averaging 495.2 pounds of butterfat and 13,841 pounds of milk in 317 days on a three-times-daily milking schedule. The 1943 average for the nation's Holstein herds on official test was 399.6 pounds of butterfat from 11,436 pounds of milk. The herd also has been classified for type and scored 81.3 as compared with the average score of 80 for all the nation's Holstein herds officially classified to date.

The current award is based on a herd of 28 animals of which 17 have been freshened. Sixteen of these are home-bred animals bred and developed at the college farm.

The purpose of the Progressive Breeder's registry is to stimulate interest in breed improvement and to give recognition to those herd managers and owners whose practices in Holstein breeding have met the high standards set by the national association.

Other Michigan owners who have been so honored are: B. A. Eldridge, Crystal; Ionia State Hospital, Ionia; Sarah Van Hoesen Jones, Rochester; Michigan Reformatory, Ionia; State House of Correction and Branch Prison, Marquette; State Prison of Southern Michigan, Jackson; and the Upper Peninsula Experiment Station (an agency of Michigan State college), Chatham.

## Waterloo

Ruth Ann Barber spent the week-end with her grandmother, Mrs. Jennie Prentice.

Mr. and Mrs. Henry Mollenkopf of Rives spent Sunday evening with her mother, Mrs. Mary Mollenkopf.

Miss Kathleen Miller, who is attending school in Chicago, spent the week-end with her family here.

Dr. and Mrs. H. E. Fogt of Detroit spent several days at the home of her sister, Mrs. W. Vicary and family.

Mr. and Mrs. Don Linsinger and sons attended the funeral of their mother-in-law in Detroit on Thursday.

Rev. and Mrs. Clark Adams and family visited at the Arthur Walz and Emory Runciman homes the past week.

Mr. and Mrs. Francis Marsh and family of Jackson spent Sunday with their parents, Mr. and Mrs. Elmer Marsh.

The Ladies' Aid will meet at the town hall on Thursday afternoon, July 20, at 2 o'clock. All members are urged to attend.

Prof. and Mrs. McMurry of Ann Arbor, Mr. and Mrs. Clayton Jones of Grass Lake were recent callers of Mrs. Theresa Koelz.

Mr. and Mrs. Fred Sager and Mrs. Helen Kilmer were Saturday evening callers of Mr. and Mrs. Leigh Beeman and Mrs. Lizzie Beeman.

Relatives and friends received word of the death of Ervin Hitchcock at Garden City, Mich. on July 6. Those from here attending the funeral were Allen Hitchcock, Mr. and Mrs. Louis Ramp, Tommy Moffatt, Mrs. Stafford and Mr. and Mrs. W. Vicary.

## RETURNS TO FORD ORD

Corp. Harold R. Alexander, stationed at Fort Ord, Calif., returned by plane on Saturday after spending a 14-day furlough with Mrs. Alexander at the home of her parents, Mr. and Mrs. Fred Alber in Sharon township. Mrs. Alber, who spent the past year in California, accompanied him to Michigan, and will remain here for some time. On Thursday evening, a party and steak roast was given in his honor at Clear Lake and was attended by Mr. and Mrs. Alexander, Mr. and Mrs. Fred Alber and family, Mr. and Mrs. D. C. Sweeney and sons, and Mr. and Mrs. Allen Alber of Sharon, and Mr. and Mrs. Earl Alber of Manchester.

## YOUR STAKE IN THE FUTURE

## Francisco

Robert Sager will leave next week to be inducted into the Army.

Mr. and Mrs. Clyde Cady visited at the Cadwell home Sunday afternoon.

T-Sgt. Austin Artz and wife are home on a fifteen day furlough from his camp at Ozark, Ala.

Christopher Benter of Detroit, Mr. and Mrs. Morgan Esch of Sharon and Marie Benter of Ann Arbor spent the 4th with their mother, Mrs. Carrie Benter.

Mr. and Mrs. Truman Lehmann were in Ann Arbor recently to see Mrs. T. G. Riemenschneider, who is in a hospital there recuperating from a fractured knee.

Robert Notten, who spent a couple of weeks with the home folks, returned to Detroit last week, accompanied by his sister, Miss Carrie Notten, who returned the next day.

Miss Evelyn Gardner accompanied her uncle, Klinegard, to Tennessee. She will return in a week but Mr. Gardner will remain for a month.

While building fence last week John Kaiser met with a painful accident when two fingers were caught in a chain. He lost one finger at the first joint but the other finger was saved.

## Four Mile Lake

Mrs. John Fischer and Mrs. Vincent Ives and son Kenneth were in Detroit on Thursday.

Miss Thelma Chaffin of Jackson is spending some time at the home of Mr. and Mrs. Waldo Drummond and family.

Mr. and Mrs. Clarence Bareis and family of Lockport, New York are spending some time at the home of his mother, Mrs. Bertha Bareis.

Mr. and Mrs. Robert Gilbert attended a family reunion on Sunday which was held at the home of Mr. and Mrs. Henry Gilbert of North Lake.

Sunday dinner guests of Mr. and Mrs. Joseph Ball were Mr. and Mrs. Duffield Ball and sons of Manchester, Miss Vida Farmer of Dexter, Edgar Zuber and Richard Zink of Detroit.

CAVANAUGH LAKE GRANGE

The July meeting of Cavanaugh Lake Grange was held on Tuesday evening, July 4, at the home of Mr. and Mrs. Peter Young. After a short business meeting, the following program was given:

Roll call—Memories of a past 4th of July.

Group of songs—Jayne Proctor, Jean Ruth Schweinfurth, Donald Proctor.

Description of Keesimier Monument in Florida—Chester Notten.

## Michigan Man Heads Kiwanis International

An advertising executive and former newspaper editor, who long has been one of America's top spokesmen for the free enterprise system of government, will guide Kiwanis International's more than 2,000 clubs and 132,000 members throughout the United States and Canada during the coming year.

Ben Dean, of Grand Rapids, known by thousands of Kiwanians from coast-to-coast, came up the ladder the hard way and previous to his election

BEN DEAN

as president of the international service organization played an active role in the movement of business, industry and agriculture to preserve and protect their constitutional rights.

A Kiwanian for 16 years, Dean has not allowed the national picture to undermine his civic responsibility in

Grand Rapids, where he is chairman of the Better Business Bureau, director of the Chamber of Commerce, a trustee of the Baptist church, a former chairman of the Red Cross chapter and one time president of the board of education.

Dean was elected president of Kiwanis International at its 1944 war-time convention in Chicago. His selection was hailed by leaders in all walks of life for he speaks a language calling for a stable world economy after the war.

As the head of Kiwanis, he will urge clubs to continue their work on behalf of underprivileged children and among boys and girls. He will stress the importance of maintaining cordial relations between the United States and Canada. He also will advocate the need for vocational guidance, support of churches in their spiritual aims and constant vigilance in public affairs.

If every driver operated his car throughout its lifetime with the same care and consideration he used during its first one thousand miles, accidents on the highways would be cut to a minimum.

We are all so proud of that new automobile when we first get it and we pride ourselves on being capable drivers. Yet as soon as we feel that it is "broken in," we violate all the rules of courtesy and common sense in driving.

We forget that in that large piece of moving steel we have terrific power that can create considerable damage and death if driven recklessly.

Let us all realize when we drive our cars that the preservation of not only our own lives but those of our fellow motorists and pedestrians is the responsibility of each and every one of us.

Let us not forget to drive safely and sanely.

—V—

Ships as a rule are launched stern first. However, they have been launched upside down, in sections, and sideways.

responsibility of each and every one of us.

Let us not forget to drive safely and sanely.

—V—

Ships as a rule are launched stern first. However, they have been launched upside down, in sections, and sideways.

Early Boom Town

Silver made the high Andean plateau of Bolivia the boom land of the New World soon after Spanish conquerors found the mines of Potosi. The cold lofty city became the seventeenth century metropolis of both Americas and swayed the world's money markets by the volume of its silver output.

## Conservation Dept. Is Ready To Buy Land

Lansing—The conservation department is ready to start buying 100,000 acres of land in the southeastern part of the state to provide play spots for city dwellers.

Real estate men who know local land values will work with the department in closing deals.

First group of realtors named by local real estate boards and vouchered for by the Michigan Real Estate Association is being instructed in department policies and procedures before its members begin talking with property owners.

Three million dollars was voted by the legislature in special session last February for the purchase of land near big population centers in southeastern counties for recreational uses. Each million dollars of state money will be matched by \$200,000 from the conservation department's game protection fund which is built up by the

sale of hunting licenses. The department plans to complete purchase of the 100,000 acres over a three-year period.

All deals arranged by local realtors will be subject to approval of conservation department land appraisers. A schedule of commission payments to realtor agents that is somewhat lower than those earned by them when working independently has been approved by all parties to the arrangement.

Lands that will be bought lie within 24 projected units in a belt 50 to 60 miles from downtown Detroit. Largest projected purchases will be in the Pontiac area.

The recreational area program will provide hunting lands, fishing waters, park and playground spaces.

**HALF-YEAR PLATES ON SALE**  
A. D. Mayer, manager of the local Secretary of State's office, announced that last half license plates will go on sale July 15. Until August 10, first half plates must be turned in when obtaining new plates.

## WEDDINGS

Edgar-Solberg

The altar of St. Matthias Episcopal church, Detroit, was decorated with palms and baskets of white flowers for the wedding of Martha Jane Edgar, daughter of Mr. and Mrs. Frank M. Edgar of Detroit, formerly of Chelsea, and Lt. Gordon Arnold Solberg, USNR, son of Mrs. Jennie Solberg of Manistee, which took place at 4:30 on Saturday afternoon. The marriage service was read by Rev. Ernest E. Piper.

For her wedding the bride chose a gown of eggshell satin with a fitted bodice and long sleeves. Seed pearls embroidered the sweetheart neckline, while the yoke was filled in with sheer chiffon. The finger-tip veil of illusion was caught in a tiara of seed pearls and the bridal bouquet was of white roses and carnations centered with a white orchid.

Mrs. Frank M. Edgar, Jr., sister-in-law of the bride, as matron of honor, and the bridesmaids, Mildred Liebeck and Jeanne Meserva, both of Chelsea, were attired in satin bodices and full marquisette skirts, the former in blue and the bridesmaids in pastel pink. They wore lace mitts and tiny caps of marquisette and carried white carnations with streamers to match their gowns.

Lester Solberg was best man for his brother, and Ward Solberg and Lt. Frederick Dietrich seated the guests.

Mrs. Edgar wore a gown of grey crepe and a white flowered hat in heliotrope, with gloves to match. Mrs. Solberg wore pastel blue and white. Both wore orchid corsages.

A reception at the D.A.C. followed the ceremony, after which the couple left for New York. They will make their home in Washington, D.C.

Attending the wedding from Chelsea were Mr. and Mrs. D. L. Rogers, Mr. and Mrs. Thomas Tuel, Mesdames A. A. Palmer, C. Meserva and S. W. Schenk.

Jurecki-Kastl

Veronica Jurecki, daughter of Mr. and Mrs. Anthony Jurecki of Sylvan township, became the bride of Pfc. Joseph J. Kastl, USMC, son of the late Mr. and Mrs. Edward Kastl, at St. Mary's church on Monday, July 3, with the Rev. Lee Laige officiating. The altar of the church was decorated with flowers of the National colors and white tapers.

The bride, who was given in marriage by her father, was gown in white net, fashioned fitted bodice, with a full skirt which extended into a long train, her finger-tip veil falling from a tiara of orange blossoms. She carried a spray of white roses and gypsophila.

Mrs. Helen Wahl, sister of the bride, was matron of honor. She wore a powder blue gown of jersey and net with a matching tiara, and carried a spray of pink roses, delphinium and gypsophila.

Lehman Wahl assisted the groom as best man.

A wedding breakfast for the immediate families was served at the home of the bride's parents.

Pfc. Kastl will return on July 17 to Marine Air Station, Cherry Point, North Carolina. Mrs. Kastl will remain at the home of her parents.

CARD OF THANKS

I wish to express my sincere thanks to the Women's Relief Corps and the Central Circle of the Methodist church for the two lovely baskets of fruit sent to me during my recent illness.

Mrs. Jennie Atkinson.

Poor Freshening

An animal freshening in a thin, run-down condition seldom if ever hits her stride in milk production during the following lactation period.

## WARTIME ESSENTIAL—YOUR OWN HOME-CANNED TOMATOES

Photo Courtesy, Ball Bros. Co.

Let there be no doubt about it, loss of home-canned tomatoes is unnecessary at any time and inexcusable in war-time, unnecessary because spoilage is caused by carelessness in selecting, preparing, packing, and canning, or by not following the manufacturer's instructions for using jars and caps, inexcusable because wasting food is wicked.

Glady's Kimbrough, Home Service Director for Ball Brothers Company, advises home canners to put up large quantities of tomatoes and explains how failures can be avoided.

First of all, use jars that were made for home canning and use them according to the simple step-by-step instructions furnished by the manufacturer—commercial cast-offs are expensive in the long run. Get the jars and caps ready before preparing the tomatoes.

Next, get your water-bath canner ready. Any deep kettle, large metal bucket or pail, or wash boiler will do if it has a cover and something to keep the jars from touching the bottom. A home-made wire or wooden rack will serve the latter purpose. The water in the canner must be steaming (not boiling) when the jars are lowered into it, and deep enough to cover the tops of the jars one or more inches.

Use locally grown, garden-fresh, red-ripe tomatoes. Examine every tomato. Those having small spots or raw weather cracks may be set aside to use in chili sauce but should not be used for canning. Wash the tomatoes clean—before they are scalded for skinning and scalding at a time to fill two quart jars and no more.

Scalding takes from one-half to one minute and the easiest way is to put the tomatoes in the center of a square of cheesecloth, then gather up the cloth by its four corners and lower the tomatoes into a kettle of boiling water. Suit your own taste about dipping the scalded tomatoes into cold water. They are a bit more comfortable to handle if cold dipped. Cut all the cores and any healed weather cracks out of a tomato, then slip off the skin, remove the black spot at the blossom end and any green or white spots that remain after the skin is off.

Drop the tomato into a clean hot jar. Cut it into two or more pieces if it is too large to go through the

mouth of the jar. After two or three tomatoes are in the jar, press them gently with a wooden spoon until they crack and their juice fills the space between them. Continue skinning, packing and pressing the tomatoes until the jar is filled to within one inch of the top, then add one or two teaspoons salt, and close the jar according to the manufacturer's instructions.

Work quickly until you have enough jars packed to fill the canner, then put them in the canner slowly. Bring the water to boiling as quickly as possible. When bubbles are dancing all over the top of the water, begin counting canning or processing time and lower heat. Keep the water boiling steadily but quietly for forty-five minutes, then take the jars out and set them several inches apart and out of a draft to cool.

This is known as the cold pack method and gives a canned product of superior flavor, but the tomatoes tend to shrink a good bit in cooking and there is usually some waste space in the jars. If you object to wasting a small amount of jar space, you should select and prepare the tomatoes as suggested, then cook them in a covered pan until they are boiling hot before putting them into clean hot jars for processing fifteen minutes at boiling in a water-bath canner.

Although the water-bath is the preferred method, cold-packed tomatoes may be processed in a steam pressure cooker for ten minutes at five pounds pressure. It is best to forget about the old-fashioned open kettle method, but if you must use it, remember to work at the stove so that everything—jars, caps, lids, rubbers, and food—can be kept boiling hot and every jar filled and sealed in double quick time.

Don't risk canning tomatoes in an oven and, please, remember that the quick methods such as the "blanket" are likely to trick you.

## Chelsea Library Gets Grant from State Fund

The Chelsea Public Library Board received a check this week for \$148.07 from the State Board for Libraries according to Mrs. Jean L. Eaton, Treasurer. This represents the final payment of a grant of \$284.41 from the General Library Fund.

Chelsea's library receives this bonus because the local tax support is being maintained. If the local tax support drops, the library would not be eligible for this additional assistance.

The library board decides how these grants are spent so the projects are designed to fit the library, Mrs. Eaton explains. Only capital expenditures are prohibited.

This grant is part of the State Aid to Public Libraries Fund set apart by the Legislature for the development of Michigan libraries. The 1944 special session appropriated \$300,000 for the 1944 fiscal year which will help libraries hold the line under wartime conditions.

SALEM GROVE WSCS

Salem Grove WSCS met with Mrs. Nelson Peterson on Wednesday afternoon, July 5.

Mrs. Dillman-Wahl led the devotions and Mrs. Geo. Heydlauff had charge of the business meeting.

A letter from Lt. Geo. Parish, thanking this society for the cookies sent to the camp boys was read.

An invitation to attend a meeting at the home of Mrs. John Haar on Thursday, July 6 was received from the Munnth WSCS.

The treasurer's report was read and approved.

Reading—National Challenge for Christian Relations—Mrs. Dillman Wahl.

Reading—Christian Medical Work in Africa—Mrs. Geo. Heydlauff.

Closing prayer in unison.

Farm Plans for War Vets

In formulating principles of guidance for establishment of veterans, war workers and farm youths on farms after the war, the Interbureau Committee of the Department of Agriculture points out that most of the rural agricultural land in the United States already is in farms. Approximately one and one-half million veterans with farm experience will be demobilized following the war, many of the three million war workers with farm experience may wish to return to farming, and thousands of farm youths will be looking forward to a place in agriculture. The committee reported, "Intensification, improvement and further development in productive land areas" might make \$50,000 family farms available during the five years after the war, and if additional farms are needed, perhaps \$500,000 more could be developed within 10 years through reclamation, the committee said.

## OFFICIAL MINUTES OF ANNUAL MEETING, SCHOOL DISTRICT NO. 3 FR., SYLVAN AND LIMA

July 10, 1944.  
2 FR., SYLVAN AND LIMA townships, was held in the public school auditorium on Monday evening, July 10, 1944 at 8 p.m.

The meeting was called to order by President Henry Schneider.

The minutes of the annual meeting of 1943 were read and approved.

Mr. Schneider addressed the assembly, stating the usual procedure of business and asked for questions regarding the annual report.

A motion was made by P. G. Schable and supported by P. M. Broesamle that the report be accepted. Motion carried.

The estimated income and expenditures for the year 1944-45 were read by the secretary, P. G. Schable asked a question regarding the legal taxes and Mr. Eaton responded with an explanation. H. T. Moore made a motion that the report be adopted. Supported by P. G. Schable and carried.

There being no further business the meeting proceeded with the election of two Trustees for a period of three years to fill the expired terms of J. V. Burg and Dr. L. J. Paul.

M. Broesamle asked that the rules be set aside and that the vote be taken by acclamation but President Schneider thought it advisable that ballots be cast.

The names of J. V. Burg, David Miller and Dr. L. J. Paul were presented. The ballots were passed and counted, showing that the two vacancies had been filled by J. V. Burg and Dr. L. J. Paul.

There being no further business the meeting was adjourned upon the motion of P. G. Schable with support of P. M. Broesamle.

Dr. L. J. Paul, Secretary.

BAUER REUNION

The Bauer family reunion was held Sunday, July 9 at Dexter-Hin Park with fifty in attendance from Chelsea, Dexter, Ann Arbor, Albion and Detroit. After a pot-luck dinner the following officers were chosen for the coming year:

President—Mrs. Carl Guenther, Detroit.

Vice Pres.—Robert Mast, Dexter. Sec.—Treas.—Mary Lester, Dexter.

The afternoon was spent in playing games and visiting. Adam Bauer, 82, of Ann Arbor was the oldest present, and Melvin Seltz, four, of Ann Arbor, the youngest.

Mrs. Tena Nicolai, son Paul, John Bauer, of Chelsea, accompanied by Mr. and Mrs. Clarence Nicolai of West Francisco, attended the reunion.

Convoy Travel

A round trip in convoy to England requires 24 months to India seven months. A general average for turn-arounds on war service is four months.

## DEATHS

James Plunkett  
James Plunkett, 82 years old, died Saturday at the Methodist Home. He was born April 24, 1862 in Centerline, and was married to Catherine A. Armitage. They entered the Home on October 7, 1942, coming from Ypsilanti. Mr. Plunkett was a retired Grand Trunk Railroad conductor. He is survived by the widow.

Funeral services were held at 9:00 o'clock Tuesday morning at the Methodist Home, with Rev. Everett R. Major officiating. Burial was in Highland cemetery, Ypsilanti.

Mrs. Earl Combs  
Word has been received of the death of Mrs. Earl Combs at Tucson, Ariz. on Monday. Mr. and Mrs. Combs resided in Chelsea for about six years, and moved to Tucson in December, 1943.

Mrs. P. H. Riemenschneider was the guest of Mr. and Mrs. Geo. Heydlauff on Sunday.

Mr. and Mrs. Frank Gleske spent Sunday at Hillsdale with Mr. and Mrs. Harry Einhart.

Mr. and Mrs. Martin Miller of Chelsea visited Mr. and Mrs. Oscar Kalmbach on Friday evening.

The annual school meeting of District No. 6 Fr. was held at the Proctor home on Monday night.

T-Sgt. Austin Artz and wife of Alabama spent Monday evening with the Chester Notten family.

Mrs. Carrie Fahrner, who spent the past week here, returned to her home in Grand Rapids on Sunday.

Mrs. Emmet Dancer and Mrs. Edgar Leja and son Richard visited at the Chester Notten home Wednesday.

Mr. and Mrs. Kenneth Proctor and family spent Sunday with Mr. and Mrs. Lonie Van Sianbrook of Bass Lake.

**PERSONALS**

Evelyn Notnagel of Wayne is the guest of Mrs. A. D. Baldwin.

Mrs. Katherine Henry of Pinckney is spending the week with Mrs. William Geddes.

Mrs. Eldine Hawley and son of Jackson spent Saturday with Mr. and Mrs. J. D. Wright.

Mrs. and Mrs. Wm. Roach of Detroit were Sunday guests of her mother, Mrs. Anna Reichert.

Mrs. Louise Ritterskamp had the misfortune to fall and fracture her hip on Tuesday, July 4.

Mrs. Rose Whitaker submitted to a minor operation on Sunday at University hospital, Ann Arbor.

Wm. Hawley of Lapeer spent Monday and Tuesday of last week with Mr. and Mrs. J. D. Wright.

Mr. and Mrs. Ray St. Charles of Whitmore Lake were recent guests of Mr. and Mrs. Floyd Collins.

Mrs. and Mrs. E. L. Little Creek was a Sunday guest of her parents, Mr. and Mrs. L. B. Lawrence.

Mr. and Mrs. Clayton Artz of Detroit were Sunday guests of her parents, Mr. and Mrs. David Alber.

Miss Betty Whipple of Jackson spent the first of the week with her grandmother, Mrs. Anna Whipple.

Mrs. J. J. Burt submitted to a major operation on Thursday at St. Joseph's Mercy hospital, Ann Arbor.

Mrs. Mary Faust is spending several days in Detroit with her son and daughter-in-law, Mr. and Mrs. Austin Faust.

Mr. and Mrs. Morris Alperwitz will occupy the Shutes apartment, corner East and Orchard Sts., when completed.

Mrs. Bruce Plankell and daughter Janet of East Lansing are guests at the home of Mr. and Mrs. Wilbur Hinder.

Mrs. Theodore Hart of Detroit came Saturday to visit at the home of her parents, Mr. and Mrs. D. L. Rogers.

Reuben Mayer of Detroit visited his father, Lewis Mayer, on Sunday at the home of Mr. and Mrs. Elmer Schiller.

Mrs. and Mrs. Donald Barden and children of South Haven were guests of her mother, Mrs. F. E. Storms, on Monday.

Mr. and Mrs. W. J. Beutler were Sunday guests at the home of their son, Loren Beutler and family of Jackson.

Mrs. and Mrs. William Wheeler and children of Walled Lake spent Sunday with his parents, Mr. and Mrs. W. F. Wheeler.

Mr. and Mrs. Guy Loney of Hillsdale spent several days of the past week with Mr. and Mrs. Fred Riemenschneider.

Sgt. Carl Otto is spending a 21-day furlough with his mother, Mrs. Eva Otto, at the home of Mr. and Mrs. Coral Combs.

Pvt. Andrew Modak, stationed at Camp Stewart, Ga. is spending a two weeks' furlough at the home of Mrs. Anna Reichert.

Mrs. and Mrs. N. E. Phelps and family and Miss Ruth Paul returned Sunday from a two weeks' vacation at Coldwater Lake.

Mr. and Mrs. Richard Beissel and daughter and Miss Lena Foster of Ann Arbor were guests of Mrs. Edward Beissel on Sunday.

Mrs. and Mrs. Ray Davidson, Mrs. E. E. Willett and daughter Lucille of Detroit were Sunday guests of Mr. and Mrs. R. W. Wagner.

Mr. and Mrs. J. D. Hayden of Manhasset, Long Island, New York were guests last week at the home of her mother, Mrs. Anna Reichert.

Mrs. and Mrs. John Burgess and Mrs. Frank Burgess of Gregory were entertained on Sunday at the home of Mr. and Mrs. Wilbert Greib.

Danny Maroney, son of Mr. and Mrs. Paul C. Maroney, received several bruises on Sunday when he ran his bicycle into a tree on East Middle street.

Sgt. and Mrs. Glenn White of Pecos, Texas, have arrived to spend a week's furlough at the home of his sister, Mrs. Albert C. Johnson and with other relatives.

from Tuesday until Thursday of last week with Mrs. Wood. On the Fourth they were entertained at the home of his brother and wife, Mr. and Mrs. Wallace Wood. Pvt. Wood was accompanied to Pennsylvania by his father, Chas. C. Wood, who spent several days in Harrisburg.

**Extra Safety**  
Tire chains should be applied to the wheels of your automobile when roads get slippery. They help in starting and stopping, and drivers should know how to use them. They should not be applied too tightly and tires never should be deflated to put them on and then inflated to tighten them. When the need for chains is past, they should be taken off to conserve them and to make driving easier and smoother. Even with chains, fast starts and sudden stops should be avoided. Chains should be allowed to provide the extra safety which they can.

**Ancient Rope**  
When rope was invented, no one knows; we do know that sections of rope, 3,000 years old, have been found in Egyptian tombs—rope made of flax, papyrus and rawhide, still strong and flexible.

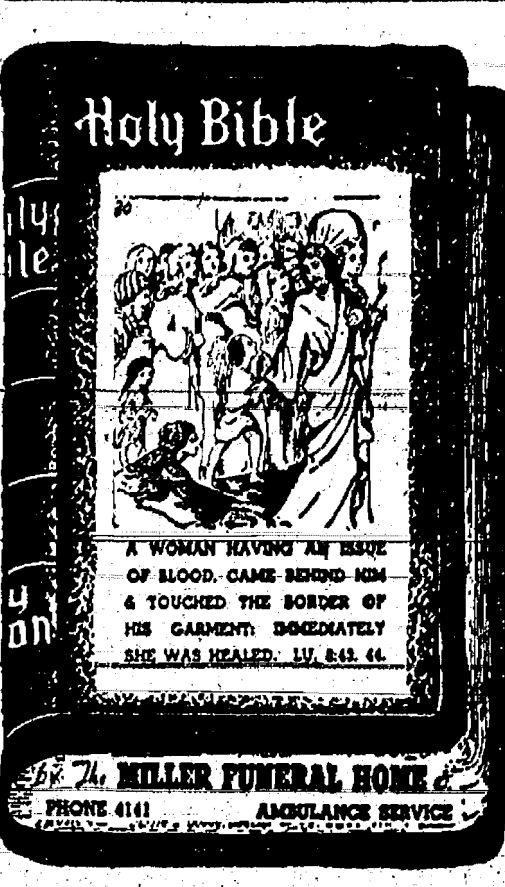

**Mills Bros. Circus To Appear Here July 26**

James Dewey, general representative of the Mills Bros. traveling circus, was in Chelsea last week, completing final arrangements for the appearance here of one of the outstanding organizations of the outdoor show world, now on tour. Mills Bros. circus will move to be a show well worth the money to the circus-going people of this section, said Mr. Dewey. A vast tented city with innumerable performers, animals and all the varied attractions that go to make the circus, a favorite "must-see" on your amusement list.

Wednesday, July 26 is the date, and 2 and 8 p.m. is the time performances will start, at the circus grounds, North Main St. Main entrance opens at 1 and 7 p.m. on circus day.

The circus is being sponsored by the Chelsea Kiwanis club, and through special arrangements with the sponsoring organization, a special student's ticket will be placed on sale ten days in advance of circus day. A special low price has been placed on these student's tickets, but they must be purchased before circus day. Remember the day, date and place. Don't fail to see "Big Burma," the world's largest performing elephant.

Rev. Harvey G. Pearce of North Lake is acting as a supply for the Pinckney Congregational church.

## Mom and Pop and the Car...

"That reminds me, George—we must have the Standard Oil Man grease the car tomorrow!"

Mom's been hearing car squeaks lately, and to her ears that means it's time for a lubrication job. It's easier to replace worn-out grease than worn-out parts—and a lot cheaper.

Any motorist—man or woman—can keep a car running right, running longer, and running farther on every gallon of gasoline. Just take it to a Standard Oil Dealer. He's trained in wartime car-saving service.

Remember, it's going to be a long time before you can replace your car. Don't neglect it.

Follow your Standard Oil Dealer's 3rd-War-Year Service Guide and keep your car at its best always.

**Standard Liners Bring Results**

This poster "Fire Away" shows a scene aboard the U. S. Submarine, "Dorado." The artist, the celebrated American painter Georges Schreiber, has caught the action during the very tense moment before the passing craft is identified as friend or foe.

The painting is authentic in every detail for the artist was actually aboard the Submarine at sea. He ate and slept with the crew. He worked with the men and stood watch with the officers. A short time after leaving the Submarine, it was lost with all hands.

Home-Canned Cherries When Pastures Fail  
Need Not Lose Color Cows Need Other Feed

Home-canned cherries need not lose their attractive color if the housewife observes these suggestions, including that of low-temperature storage, says Ruth M. Griswold, assistant professor of foods and nutrition at Michigan State college.

1. Use cherries as soon after picking as possible. If convenient, soak the fruit for three hours in cold, running water before pitting. Wash fruit if it has not been soaked.  
2. Heat glass jars in boiling water or a steamer for at least 20 minutes. Process the jar tops in this way unless they have a flanged-on type of gasket which is harmed by much heating. Dip rubber rings in boiling water just before use.  
3. Prepare a 40-45 per cent sugar sirup by adding 3 1/4 to 3 3/4 cups sugar to one quart of water.  
4. Pit cherries. A hand-operated household pitter is convenient, but a sterilized hair pin or a knife may be used. Fill hot jars with pitted cherries. Use no more jars than can be handled promptly.

5. Bring sirup to a boil, and pour over cherries to a level one-fourth inch from the top of the sides of the jars. Adjust rubber rings and partially seal jars.  
6. Immerse jars in a container of boiling water having a rack in the bottom. The water should extend one or two inches above the tops of the jars.  
7. Process jars 25 minutes after boiling has resumed.  
8. Remove jars from water, and complete seal.  
9. When cool, put jars in a cool, dark, dry place. A low storage temperature is very important in maintaining quality.

These recommendations are the result of a research project just completed by Miss Griswold, in which various methods of cherry canning were studied to determine the best way to preserve color and palatability. In her experiments, Montmorency cherries grown in the college orchards were used. Examinations were made over a 17-month period.

Eighteen tons of coal is required for steel to make each four-ton army truck.

Supplemental hay feeding, or increasing the protein content of grain mixtures will assist in maintaining milk production during the hot and dry summer months when pastures fail, says R. C. Scheldenhelm, extension specialist in dairy husbandry at Michigan State college.

Such extra-feeding is needed to overcome the effect of heat and drought on the growth and character of pasture grasses. A winter dairy ration program may be necessary to keep up milk production, Scheldenhelm suggests. This would include the use of hay, either old or new, and some sort of protein supplement such as soybean oil meal, cottonseed oil meal, or other high-protein mixed feed. Detailed directions may be obtained from your county extension office or from Michigan State college extension folder F-49, a copy of which may be obtained by sending a postcard request to the Michigan State College Bulletin Office, East Lansing.

More and more Michigan dairymen are finding that an alfalfa-brome grass pasture mixture helps them to extend the period of usefulness of the spring pasture into the summer months. For example, Scheldenhelm reveals that in May, 16.6 per cent of the cows in Michigan dairy herd improvement associations were on alfalfa-brome grass as compared with only 5.3 per cent in 1941.

In order to stretch feed supplies as far as possible, Scheldenhelm suggests that dairymen consider culling low-producing cows now because beef salvage values for cows will likely be lower by fall. Those to be culled, in addition to the low-producers, are cows with badly diseased udders and those of considerable age or which are not good breeders.

## Source of Carotene

Whether or not to grow and feed silage is a question to be decided individually by each farmer according to which form, succulent or dry roughage, will supply nutrients at the lower cost. Silage is a good source of carotene. This is important, especially when poor quality hay must be fed.

## U. S. AIR TRANSPORT COMMAND

The following interesting information is taken from a broadcast of May 29 by Major General Harold L. George, on the Fulton-Lewis, Jr. broadcast:

The air transport command was started in 1941 as a means of expediting planes from American factories to foreign countries where they were needed. It has been expanded into a freight and passenger transport system, carrying everything from medical supplies to mules and jeeps.

General George has been a flying officer in the United States Air Corps since the days of the first world war. The growth of the service has been in the past two years. It now operates a great air transport system to all parts of the world, carrying everything needed by the military forces.

Last year it carried about 386 million letters overseas; in one day last year it carried over three million letters to England alone. It flies mail to Britain, Africa, India, China, Australia and other remote places, operating 135,000 miles of airways.

One route is via the Caribbean to Brazil, across to Dakar, across Africa to Arabia and India.

To Britain there are three routes; one is direct from Newfoundland to England; another is via Labrador, Greenland and Iceland; another is via Bermuda and the Azores. The Pacific routes are California to Hawaii, Penryn, Funafuti, Fiji, New Caledonia, the Solomons, New Guinea and Australia.

## Dick Tracy

By  
Chester Gould

In all of these places are very large fields to accommodate many planes at the same time, including loading facilities, weather services, etc. The schedules are across the Atlantic every 22 minutes, day and night; across the Pacific routes every one hour and 42 minutes; over the Himalayas from

India to China every 12 minutes, day and night; the latter run carrying food and ammunition to General Chenault and the allied forces in China and Burma.

Instances of the value of the service have been—Flying a wounded soldier from Kunming, China to a Washington, D. C. hospital in 82 hours; injured soldiers have been flown from South Pacific fields to Washington hospital in 36 hours.

A few weeks ago they had notice of urgent need of vital radio equipment and they moved 30,000 pounds of the metal to the United States within 88 hours, and production was continued on needed equipment.

More recently they received notice of need in England of 55,000 pounds of bomb fuses, and were told they must be in England in four days. The materials were picked up at factories in the United States and inside of 48 hours were landed in England.

Finally, General George said, "The future planes will be even larger and air transport in the future will replace ocean transportation. One instance will be a regular freight service from Los Angeles to New York in six or seven hours."

Acid Soil  
In apple orchards where large quantities of sulphur are being used, without lime, the soil becomes so acid that the growth of ordinary grasses and weeds is greatly reduced.

## THE OLD JUDGE SAYS...

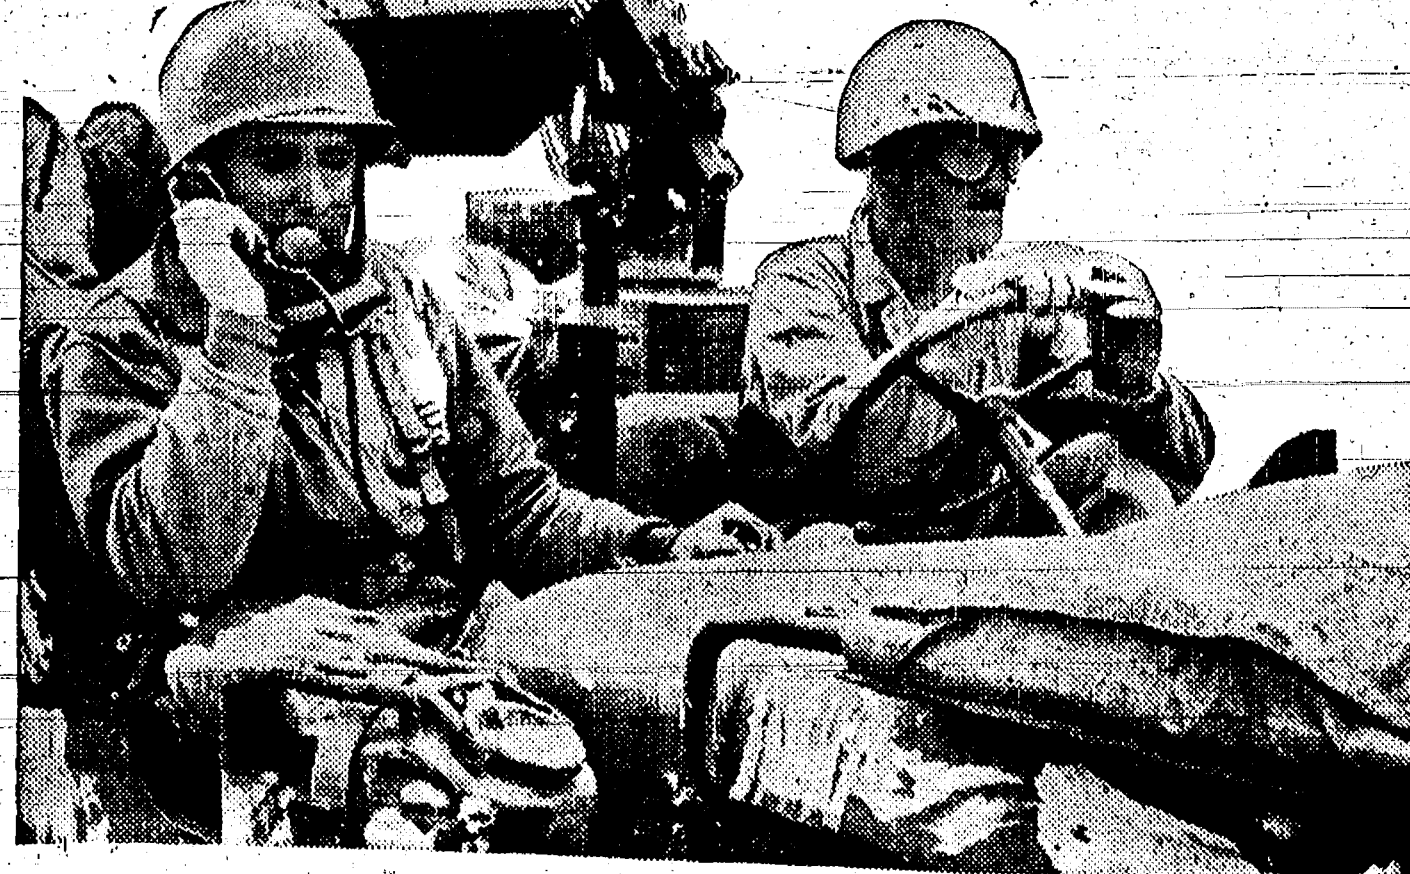

"Judge, I've had a lot of calls for that book you took out last week... Tell the Boys Back Home. How did you like it?"  
"Fine, Sarah, fine... it's just the kind of book I like to get hold of... I enjoyed every word of it. Wish I could have been along with the author myself... actually living with the men right on the fighting fronts. He got mighty close to them and they certainly opened up their minds and their hearts to him."

"There were lots of new things in the book I hadn't seen in any other reports from front-line writers. But there was one question the men asked the author that I have seen time and time again in these stories. That was 'Are you going to put prohibition over on us soldiers again... and without getting our vote?'"  
"I noticed that, too, Judge, and I think the least we can do for those fighting men who are doing so much for us is to respect their wishes on that subject."

## CALLING FOLKS WHO ARE WAITING FOR TELEPHONES

Yes, even the rugged jeep is "wired for sound." Not all, but a good many of them are equipped with 2-way radio-telephone apparatus.

In fact, there is scarcely a vehicle used by our armed forces that doesn't require some form of telephone equipment. Warships, merchant ships, submarines, tanks, planes, landing barges, reconnaissance cars—just to mention a few—place a staggering load on telephone manufacturing facilities. As a result, many requests for telephone service cannot be met without long delays. There is a large and growing

Orders are filled promptly for telephones essential to the war or necessary to public health, welfare or security. Other orders can be filled only as present users give up service. A uniform and fair procedure, approved by the Michigan Public Service Commission, applies to the handling of all orders.

No one will be more pleased than we when conditions again permit us to meet every request for service, whenever and wherever wanted.

Upon request, we shall be glad to mail you a folder which answers questions about wartime telephone restrictions and tells how the procedure applies in different cases.

### STATE OF MICHIGAN

In the Circuit Court for the County of Washtenaw, In Chancery.

Earl B. Sawyer, Plaintiff,

vs.

Clara Lillian Sawyer, Defendant.

At a session of said Court held at the Court House in the City of Ann Arbor in said County on the 21st day of June, A. D. 1944.

Present: Hon. George W. Sample, Circuit Judge.

In this cause it appearing from the Bill of Complaint on file that the whereabouts of the Defendant, Clara Lillian Sawyer, are unknown.

Therefore, on motion of Carl H. Stuhberg, Attorney for Plaintiff, it is ordered that the Defendant, Clara Lillian Sawyer, cause her appearance to be entered herein within three months from the date of this order and in case of her appearance that she cause her answer to the Plaintiff's Bill of Complaint to be filed, and a copy thereof to be served on said Plaintiff's attorney within fifteen days after service on her of a copy of said bill and notice of this order; and that in default thereof said bill be taken as confessed by the said Defendant.

And it is further Ordered, that within forty days the said Plaintiff shall cause notice of this order to be published in the Chelsea Standard, a newspaper printed, published and circulated in said County, and that such publication be continued therein at least once in each week for six weeks in succession, or that he cause a copy of this order to be personally served on said Defendant at least twenty days before the time above prescribed for her appearance.

Countersigned:

### STATE OF MICHIGAN

In the Circuit Court for the County of Washtenaw, In Chancery.

Katie Madden, Plaintiff,

vs.

Curtis M. Madden, Defendant.

Order for Appearance and Publication.

At a session of said Court, held in the Court House, in the City of Ann Arbor, on the 22nd day of June, A. D. 1944.

Present: Hon. George W. Sample, Circuit Judge.

In the above-entitled cause, it appearing that the defendant, Curtis M. Madden, is not residing in the State of Michigan, but is living in Hardin County, Kenton, Ohio, as is shown by the affidavit now on file in said Court and cause, executed by plaintiff; that plaintiff is unable to obtain personal service upon defendant of any writ from said Court, and it cannot be served because of his constant absence from the State of Michigan.

Therefore, on motion of James C. Hendley, attorney for plaintiff, it is hereby ordered that the defendant, Curtis M. Madden, enter his appearance in said cause on or before three months from the date of this order, and that within forty days the plaintiff cause this order to be published in the Chelsea Standard, a newspaper published and circulated within said County. Said publication to be continued once in each week for six weeks in succession, or unless personal service can be obtained on said Defendant.

### STATE OF MICHIGAN

In the Circuit Court for the County of Washtenaw, In Chancery.

Dorothy S. Helms, Plaintiff,

vs.

Francis Helms, Defendant.

Order of Publication.

Suit pending in the Circuit Court for the County of Washtenaw, on the 9th day of June, A. D. 1944.

It appearing to the Court by affidavit on file that a summons has been issued out of and under the seal of said Court for the appearance of said defendant therein, and that the same could not be served on or before the return day thereof because the said defendant, being a resident of said State of Michigan, was absent from the State of Michigan, and said summons having been returned with the certificate of the sheriff of said county thereon, endorsed showing that after diligent search and inquiry the said defendant could not be found in said State of Michigan on or before the return day of said summons, on motion of Victor H. Lane, Jr., attorney for said plaintiff, it is ordered that the said defendant, Francis Helms, cause his appearance to be entered in said court and cause within three months after the date of this order, and that in case of his appearance he cause his answer to the plaintiff's bill of complaint to be filed, and a copy thereof served upon the attorney for the plaintiff within fifteen days after service upon him of a copy of said bill, and notice of this order, and that in default thereof, the said bill be taken as confessed by said defendant.

And on like motion it is further ordered that within forty days after the date hereof, the plaintiff cause a notice of this order to be published in the Chelsea Standard, a newspaper printed, published and circulated in said County of Washtenaw, and that such publication be continued once in each week for six weeks in succession, or that she cause a copy of this order to be personally served upon said defendant at least twenty days before the time herein prescribed for his appearance.

## Future Farmers Put Food Profits in Bonds

Throughout the nation the FFA boys are making a substantial contribution to the war effort through the production of the all-important food supply and purchase of War Bonds with their profits. Shown here are some instances. No. 1 shows Robert Hill of the Welcome Chapter FFA, North Carolina, with three of his eight registered dairy calves. North Carolina FFA boys owned 9,299 dairy cows and invested profits in War Bonds totaling \$308,650. No. 2 shows two Wilson County, Tennessee, boys of the Green Gale Chapter at Lebanon repairing farm equipment. At an auction of this farm equipment a total of \$55,000

By GENE ALLEMAN

Yes, suh! You should be glad to live in Michigan.

Influx of many Southerners into Michigan during the current World War II industrial boom is a social movement that is bound to aggravate our post-war problems. It also should re-awaken in Michigan natives a greater appreciation of their own state.

Too often we take for granted the things that are highly alluring to outsiders.

The significant fact that Michigan possesses a unique combination of qualities which make it the state outstanding among all others in the Middle-West is often forgotten or overlooked. This is not chamber of commerce "blue sky." As an adopted son who resided previously in Indiana, Wisconsin, and Illinois, not to mention a sojourn in the East, we write this with personal conviction and sincere gratitude.

Take the Southerners' viewpoint; if you please.

Dr. Henry F. Vaughan, dean of the University of Michigan's school of public health, recently discussed a new health problem that is arising from the war-time migration of Southerners to Michigan.

"Through no fault of their own, many southern workers have had to exist on a relatively low living standard," he was quoted in the press. "Economic conditions precluded the cultivation of the more nutritious food crops for the sake of producing the maximum yield of cotton. As a rule the diet has been lacking in many of the protective foods."

"Overcrowding and lack of sanitation further lowered the general health rating."

"It must be recognized that many if not most of the workers from the southern states who came to the northern war plants in response to a demand for manpower will NOT return to their former homes."

"Many for the first time are enjoying and adequate income which should insure the necessities of life, at least."

Can you blame the Southerners for wanting to stay in Michigan?

Diversified Michigan offers an astonishing array of natural resources: Vital protective foods, such as dairy and poultry products, beans, peaches, potatoes, cherries, apples, canteloupes, carrots, cucumbers, celery, strawberries, peppermint, spearmint, maple sugar and maple syrup, grapes, buckwheat, onions, tomatoes, pears, beets, asparagus, sugar beets and fresh lake fish.

Plus: Minerals such as iron, copper, and gold. (Yes, a gold mine in the Upper Peninsula produced more than \$900,000 of the precious metal.) Also: Coal, gypsum, salt, oil, sandstone, limestone, natural gas and timber.

Charles E. Stone, manager of the American Dairy Association of Michigan, reports that Michigan ranks sixth in milk production, fifth in butter, fifth in evaporated and dried milk, fourth in cottage cheese, and

sixth in ice cream.

This food diversification presents a problem in growing organization which most state agricultural authorities believe must be solved if Michigan food products are to compete successfully with foods from other well-organized states in post-war years.

It does emphasize Michigan's important role in the field of health-inducing foods and the farm-to-store benefits available to Michigan consumers.

The economic importance of Michigan is indicated by the United States trade census of 1935 which listed Michigan as seventh in the entire nation for retail sales and fifth for industrial wages. States that outranked Michigan in retail sales were: New York, Pennsylvania, California, Illinois, Ohio and Massachusetts. States with higher payrolls: New York, Pennsylvania, Illinois and Ohio.

Placing seventh and fifth, respectively, among the 48 states is an indication of what Dr. Vaughan is speaking about when he concluded that "many if not most" of the Southerners, who have come to Michigan during World War II, are "for the first time enjoying an adequate income."

It is this earning power that makes possible our splendid educational institutions, our superior highway systems, of state and county governments, and our many other public services.

Michigan also possesses an amazing array of recreational facilities—all within a comparative easy access of Middle-West millions by train, bus, automobile and airplane.

Michigan leads all other states in miles of coast shore. Constituting two peninsulas, Michigan possesses the singular benefit of 1,715 miles of land along the shores of Lakes Michigan, Huron, Superior, St. Clair and Erie. The number of lake cottages along these miles of sandy beaches runs into the tens of thousands.

Our 5,000 inland lakes offer some of the finest bathing beaches in the world—barring none—plus the healthful recreation of fishing and boating. We are famous nationally for our deer hunting.

Michigan's cool summers are nature's gift from the global flow of winds across the Great Lakes. It is a blessing to the fruit grower, the factory worker, and the vacation-seeker. The exhilarating climate is a recognized factor in the industrious spirit of our inhabitants.

ests, we wouldn't blame the Southerners a bit for wanting to stay.

Honestly now—would you?

### Slats' Diary

Friday—Ant Emmy has been hearing pa talk a hole lot about Babe Ruth and eat-and today she said she wandered if that girl wood ever Grow up and if she did she thot it wood be a sin and a Shame if they key on Calling her Babe.

Saturday—I went down to Bli-teresses hous for supper-tonite after noon and they had chicken for supper and Blisteresses ma ast me what part of the chicken I wood like and I sed about a forth wood be satisfactory. Ma told me I used very bad etaket.

Sunday—Jake ast the Sunday skool teacher if they had Dispepsy in Moseses time and she sed she dident no, and Jake sed he red where Moses tuk 2 Tablets 1 time.

Monday—well skool will soon be out and a good-time will be had by all. I hope. Tonite I ast pa what part of Speech was Woman any he looks around to see where ma was at and then he answered and replied: Woman is not a part of speech and I sed well what then and he sed Woman is 100 per sent of speech. ma was out in the yd working in the flour Red.

Tuesday—Pa helped the PTA put on a intertainint last Saturday and today they had a big peace in the paper about him and when ma red it she rimarked to Ant Emmy it sound- ed like meebby pa was a corps and they was a Printing his Abituary.

Wednesday—Ma and pa went to a Wedding tonite and when they cum home ma was a telling Ant Emmy that the Bride shurely did look Stun- ning and she sed to pa. Dont you think so, and pa replied and sed. Yes I think she must be ben stunning to frum the way the Groom looked.

Thursday—Pa says he is afraide the Romance between Job House and his wife is about to bust. Today they had a fite over to the drug store he sed. They was bying a Tooth-brush and Job wanted to get a red handle one but Lu wanted a green one to match there bath room towels.

## Do You Know The Answers?

By RUTH TAYLOR

How often do you wake up in the middle of the night and think, "If I had only thought of that sooner, I could have answered you on that." I am sure all of us have had the experience. I know I have. We just aren't quick enough on the trigger and our second thoughts lag far behind our first.

One of the troubles with us who take democracy for granted is that we don't know the answers. We don't doubt for a minute the strength of our own institutions, the endurance of the democratic way of life—but we can't always say why we feel as we do. What would you give for not one, but four or five answers for any kind of an argument on Democracy?

My friends say I am always ready with the answers. Here's one of the reasons why. There's a little series of booklets which you may have seen for they have been widely distributed. These Joe Doakes booklets belong in every man's pocket, in every woman's purse, for they do express what most of us really believe, but don't always know how to say.

I have all four of the books on my desk as I write, for I like their tone. For instance, let me quote from one. "I am not an Optimist. I am not a Pessimist. I have no use for bunk, particularly foreign bunk. No one is going to make me hate the fellow who lives in the same block as I do." Now that's what I call American. Not hate at the back and call of an outsider—but making up one's own mind according to the individual and the facts.

Far be it from me to suggest that, like the Nazis and Communists, we should have a line, but it's a good thing to read the answers as someone who has given a lot of thought to it has worked them out. We can then adapt them to our needs.

I have often used a quote from one of the booklets. "When someone keeps criticizing the way things are going, I tell him I never saw a ball game won by the noisy fellow in the bleachers who's yelling at the umpire and razzing the players. Games are won by the men in the field and the coaches and captains who stand back of them." That's plain common sense. If you want to get copies of these booklets, send in to Joe Doakes, Room 707, 2 West 43rd Street, New York City, and they will be sent to you without cost. I recommend them because I believe they will help you as they have helped me to speak up for democracy and defend your faith as an American.

### WHERE "HARD FATS" GO

Total requirements for inedible tallow and grease in 1944—the so-called "hard" fats of which there is a shortage—is approximately two billion pounds, of which the following are requirements:

Civilian soaps—1,289,000,000 lbs.

Military and export soaps—264,000,000 lbs.

Paint—4,700,000 lbs.

Printing inks—400,000 lbs.

Lubricating oils and greases—207,000,000 lbs.

Textiles and leathers—106,000,000 lbs.

Rubber—91,000,000 lbs.

Core oil—3,600,000 lbs.

Pharmaceuticals—5,200,000 lbs.

Putty and caulking materials—6,200,000 lbs.

Miscellaneous industrial uses—37,700,000 lbs.

The higher grades of fats turned in by the homemaker are used in soap making. Others are split to produce glycerine and fatty acids, from which come stearic and oleic acids, vital components of war materials. For every 100 lbs. of soap produced, there is a yield of about 8 lbs. of glycerine needed in hundreds of war and civilian items. Chilling and pressing the fats produces lard oil, a metal processing medium. Every lathe, drill press and grinding wheel running in the country's war plants requires lard oil to cut steel shaft surfaces, grind the gears, and drill the holes into the toughest of materials.

**Dr. Slowly**

Should a coat or suit get soaked in the rain, let it dry slowly in a well ventilated room away from the heat. After it is dry, brush it well.

Prosecuting Attorney—Albert J. Rapp 29, John W. Rae 19.  
Sheriff—John L. Osborn 46, A. C. Gaston 5.  
County Clerk—Luella M. Smith 45.  
County Treasurer—Clyde D. Fleming 44.  
Register of Deeds—Allan A. Seymour 42.  
Drain Commissioner—Cecil L. Hill 40.  
Coroner—Edwin C. Ganzhorn 43.  
Four Democratic ballots were cast in Lima. For Governor, Earnest C. Brooks received 2 and Edward J. Fry 2. Redmond M. Burr and Donald Gay each received 2 for Congress.  
Non-Partisan Judge of Probate: Jay G. Gray 51, Circuit Court Commissioners: Lee N. Brown 41, Charles C. Menefee 38.  
Coal for Medium Tank  
Fifty tons of coal is required for steel to make one medium tank.

NO CHANGE in Shell Horsehide — the world's most amazing work shoe leather. It's still the way Nature makes it — the only leather on earth with a tough center layer or shell that reinforces the leather as steel rods do concrete. There's also no change in the unique Wolverine secret triple-tanning process that makes Shell Horsehide soft as buckskin — so it even dries out soft. So, naturally, there's no change in the money-saving longer wear nor in the foot-saving longer wear comfort for which Wolverine Shell Horsehide has long been famous. Drop in for a try-on. Quality Shoe Repair.

The Past Noble Grands club picnic will be held on Wednesday, June 19 at 7:00 o'clock at the home of Mrs. Lawrence Fowler, Cavanaugh Lake. Bring table service and one dish to pass.

Aluminum Rivets  
Unlike steel rivets, which must be hammered while they are hot, aluminum rivets must be driven while they're very cold. They are first heat-treated at above 900 degrees Fahrenheit, and then quenched in oil or water, following which they are further chilled to about 45 below zero in a freezing machine.

In this super-cooled state they are quite malleable and can be easily driven. As they warm to room temperature, an "aging" process takes place which increases the strength of the metal far beyond that existing before heat-treatment, but makes them too brittle to drive easily.

Cheek Erosion  
Terraces reduce the speed of water flowing down the hill, lowering the amount of runoff and the carrying capacity of the water. The faster the water travels, the more soil it can carry, stripping fertile soil from rolling areas and depositing it in the stream beds or lower flat areas.

Watch Water  
Don't let the water run low in the boiler of a steam heating plant. Instead of trying to watch the water line, better have the boiler equipped with a device which automatically keeps it supplied with the right amount of water and cuts off if the water line is dangerously low.

WANTED—Working lady wants to rent unfurnished room, close in. Write P.O. Box 112, Chelsea. -51

WANTED—Boy, 17 or over, to work in store Friday and Saturday. Apply at A&P Store. -51
