## With Our Men In Service

An Eighth AAF Composite Station, England—Sergeant Malcolm G. Novess, 24, of Chelsea, Michigan, is a Chemical Warfare Instructor at this station. As Non-commissioned Officer in charge of his section, he is responsible for the preparation of lectures for the permanent personnel, and the defense of the station in case of a gas attack.

Novess has been in the service 27 months, two years of which have been spent in the European Theater of Operations. He took basic training at

Chemical Warfare Officer, his staff and their mascot caught between lecture periods. Left to right: Sgt. Malcolm G. Novess of Chelsea, Mich., 2nd Lt. Henry Paris of Bronx, N. Y., Cpl. Lazerian P. Deering of Queens Village, N. Y.; (kneeling) Pfc. Michael J. Rybak of Chicago, Ill., and "Fearless Phosgene."

With U. S. Supply Forces—in France—The Army Transportation Corps' first Harbor Craft Company activated early in 1943 is making a name for itself by loading hundreds of thousands of tons of supplies weekly at the rebuilt port of Cherbourg.

Now handling the job which was once handled by sailors and engineers, this new-type unit has been working night and day for months moving war goods from ships to trucks so they can be quickly transported to combat units at the fast-moving front.

These soldiers, dubbed "sailors" by the Navy, were ready to go into operation as soon as Cherbourg fell. Their giant floating cranes, tugs, barges and towboats were quickly put to work.

There was no serious setback because of a lack of port facilities. The company furnished its own port while lying outside the wreckage of the French harbor. Supplies poured ashore from the armada beyond the ruins while the engineers cleared the harbor.

Front line troops were furnished with the necessary equipment to carry on the offensive and the harbor craft company had earned a great record for itself.

Members of the first Harbor Craft Company to reach the shores of France included Pvt. Carl D. Schneider of Chelsea, Michigan.

### ILLUSTRATED LECTURE

Fellowship club of the Methodist church will sponsor the illustrated lecture, "Canada Calls Again," Wednesday evening, October 11, at 8:00 o'clock. The lecture will be presented by Waldo Johnson, gunsmith and sports dealer of Adrian. There will be one hour of colored pictures dealing with fishing and scenery around "Lake of the Woods" in Canada. One interesting scene is of the speaker riding a wild bull moose. The trip into the wilds was made by canoe with outboard motor. The public is invited.

### PRIMARY ANNUAL PARTY

Forty-nine children of the Primary department of the Congregational church, and thirteen grown-ups attended the annual fall party at the Spaulding farm on Saturday, Sept. 30. The weather was beautiful, and the children made good use of every minute. A lovely lunch was served, and a long day spent with everyone having a grand time.

## Teachers' Institute Will Be Held October 12-13

Lansing—Teachers from five counties in the M.E.A. Region Six area will attend a state institute in Detroit on Thursday and Friday, October 12 and 13. Since the meetings are designed to give on-the-job training to teachers, the state superintendent of public instruction has declared the conference a state institute, and teachers may attend without loss of pay.

Region Six includes Macomb, Monroe, Oakland, St. Clair, and Washington counties.

Emphasis is being placed in this year's Region Six Conference on the role of education, both during the war and in the reconstruction period after peace is won. "Gomes Peace, What Shall We Teach?" is the topic of an address by James Shelby Thomas, economist and author, scheduled for the Thursday morning general session.

Richard Struna, a radio commentator who is said to be the last American to leave Czechoslovakia after our entry into the war, is the headline speaker at the Friday afternoon general session. Dr. Struna will speak on "Can the Democracies Trust Russia?"

Edgar F. Down, president of the Michigan Education Association and Ferndale superintendent, and Eugene B. Elliott, state superintendent of public instruction, also will address the general meetings. Dr. Elliott's talk is titled, "The Department Looks at Schools."

Music for the general sessions will be provided by the Ann Arbor high school mixed octette, Rose Marie Grentzer, director; and the Lincoln high school band, Ferndale, with Otto H. Brown directing. Hardin A. Van Deusen, University of Michigan, and Hayden Morgan, Michigan State Normal College, will lead group songs.

## Village Ordinance Will Regulate All Peddlers

At their meeting on Monday night the village council passed an ordinance to regulate and to license hawkers and peddlers, to regulate the sales of goods and merchandise on streets, sidewalks and house-to-house canvasses.

According to provisions of the ordinance, "No person, firm or corporation shall engage in the business of hawking, peddling, or vending any goods, wares, merchandise, fruits, vegetables, foodstuffs, or services from door-to-door, or from or upon the streets, alleys, and public places, or from any hotel or rooming house, either by sample or by taking orders, or otherwise, for delivery then or in the future, without first obtaining a license from the village president and clerk." However, the ordinance also provides that no license shall be required from anyone who raises and produces foodstuffs within a radius of ten miles of Chelsea.

The license fee, as stipulated in the ordinance, will be \$35.00 per year. Any person violating the provisions of the ordinance shall be deemed guilty of a misdemeanor, subject to a fine of not less than \$5.00 or more than \$100.00, and costs of prosecution, or a jail term not exceeding ninety days.

Adoption of this ordinance should provide considerable revenue for the village and at the same time protect local business interests. It will also protect residents from the nuisance of peddlers who in many cases unload inferior merchandise upon their victims. If a legitimate business wishes to sell products within the village they can afford to purchase a license, which will be issued to responsible concerns. The council is to be commended for this action.

The complete ordinance is published in this issue of The Standard.

## Dr. Shepherd, Authority On China, Speaks Tonight

Chelsea is privileged to have the rare treat of hearing the gifted speaker and well-known authority on China, Dr. George Shepherd, who will speak tonight (Thursday) at the Congregational church. His subject will be "America's Relations With China."

Living among the Chinese people for twenty years, six of them in close association with Gen. Chiang Kai-

DR. GEORGE SHEPHERD

shek, is spoken of by John Gunther in his book "Inside Asia," for his part as advisor to the Chiangs. When the Japs broke into Hankow, Madam Chiang asked his help in the evacuation of the thousands of refugees.

Dr. Shepherd is now living at the University of Michigan, while engaged in writing a book which he hopes will soon be published.

This opportunity is open to the public when Dr. Shepherd speaks in the auditorium of the church at 8 o'clock tonight. No admission will be charged but an offering will be taken.

### RUMMAGE SALE

The Chelsea Study club will hold its Fall Rummage Sale on Friday and Saturday, October 20 and 21, at the town hall. Merchandise of all kinds is earnestly solicited and anyone having articles available can bring them to the town hall on Thursday, from one until five o'clock. Clothes for children and adults, and household goods of every sort will be greatly appreciated. If there are people who wish to have their rummage collected, Mrs. Paul Maroney, 2-1821, or Mrs. William Geddes, 6741, will make the arrangements. The money which is raised from this project is used for the philanthropic work of the club. —Adv.

MARKED BY A&P TEA CO.Eighty-five years as pace-setter in  
the field of food distribution will be  
celebrated throughout the nation this  
week by the Great Atlantic and Pa-  
cific Tea Company.Pioneer in modern methods of mass  
distribution, the A&P was established  
in 1859, when George Huntington  
Hartford opened the doors of his first  
red-fronted store in New York City.  
Today the stores are familiar sights  
throughout the country, and, along  
with present-day supermarkets, play  
a vital part in the daily lives of mil-  
lions of consumers, producers and

farmers.

Announcing local observance of the  
anniversary, E. R. Bets, vice president  
in charge in this area, pointed out  
that the institution founded by Hart-  
ford is a veteran of four wars and has  
been committed to an important role  
in the present conflict.

"In its strict observance of the price

control and rationing programs, its  
teamwork with Federal agencies in  
helping to move surpluses of various  
commodities, its leadership in the  
drives to salvage waste fats, metals,  
containers and paper, and its vigilance  
against waste and spoilage in the dis-  
tribution of perishables, the A&P has  
kept a pledge it made to the Amer-

ican public at the start of the war,"

Bets said.  
25,000 former A&P employees, now  
serving in the armed forces of the  
United States and Canada, for what  
he termed "their share in the growth  
of the nation's leading food distribu-  
ing system."

## THE OLD JUDGE SAYS...

"It sounds almost like a miracle, Judge...  
how did we ever do it?""American industry did it, Sally. When  
the Japs conquered the chief natural rubber  
producing centers of the world they thought  
they had dealt a death blow to our war  
effort. But, in less than two years, we are  
producing enough synthetic rubber in this  
country to supply all our military and  
essential civilian requirements.""Our rubber experts knew how to make  
it but the most practical process at the  
time required huge amounts of industrial  
alcohol... far beyond the already over-taxed capacity of our industrial alcohol  
plants. So, overnight, our country's beverage  
distillers stopped making whiskey and pro-  
duced hundreds of millions of gallons of the  
vitaly needed alcohol."As a matter of fact, Sally, a high govern-  
ment official said recently... synthetic  
rubber is from 6 to 9 months ahead of  
where it could have been if alcohol had not  
been available for butadiene production.""We were really fortunate, weren't we  
Judge, to have a beverage distilling industry  
in existence... able to help perform this  
great wartime miracle!"

## BUILDING APPEARANCE

The improvements that had been made during the summer were very noticeable when we entered the school building this fall. Many of the rooms had been redecorated. Several were painted in pale green and others in light ivory. The floors in the entire school had, likewise, been refinished. The surfaces had a real shiny look about them, too.

As I stood there I could not help thinking about the work that had been accomplished in giving "Our School" this new appeal. Yes, there is really a great contrast in the appearance of the building now and our remembrance of it last June. It then had been greatly in need of repairs and renovating after the many months of service.

In conclusion, I would suggest that the student body resolve that "It is the duty of each individual student to try to maintain the present appearance of cleanliness in the Chelsea public high school."

Let each of us resolve to help maintain that degree of neatness which makes so favorable an impression on visitors to the building.

## C.A.P. ASSEMBLY

During Activity Period on Tuesday, September 26, Mrs. Arthur Lambert, in C.A.P. gave a lecture on Civil Air Patrol. In her talk, Lt. Lambert urged all boys and girls, from 15 to 18 years of age, to join the C.A.P.

All who join are required to spend one full evening a week at the C.A.P. headquarters in Ann Arbor. Also small amounts of additional outside work are necessary.

Members of the Civil Air Patrol, and Lt. Lambert stressed this point: do not, however, fly planes. They merely work in a group on those things which will further their knowledge of things pertaining to aviation. They learn discipline, much of army life and many things which will help them if they ever enter the armed services.

The C.A.P. is not the Air Corps, as so many people believe, but merely a branch, under the Air Corps command.

## ALL HIGH PARTY

Last Friday night marked the opening of the high school's social season, and if other events are as successful, we may look forward to a happy (if not hysterical) year.

The Freshman class came en masse and never before has there been such a masse class. (All in fun, of course). Many teachers also came,

and later in the evening they were victims of a grueling "Truth or Consequence" quiz, under the direction of the Seniors. The questions were pretty tough and the students sat happily watching their teachers writhe and squirm—especially one who almost did a hula. Mr. Richards gave a refreshing imitation of a chicken with his head cut off, and also a perfectly charming though incorrect "Wolf call" (it's not awool! any more, Mr. Richards, it's "Bwang!").

Mr. Alpervitz did a snappy time step (they say that he sings too) (and if you look at him from the right angle—he does look a bit like Shirley Temple).

After the quiz, Angeline Merkel, Rosemary and Therese Lyons sang a beautiful song called "A Fellow On a Furlough," accompanied by Pat Burg. During an intermission, we drank cider and ate doughnuts, served by the Sophomores. The rest of the evening was spent at dancing, and at eleven, the party ended.

## OFFICE

School will be closed October 12 and 13 for teachers to attend the N.E.A. meetings in Detroit.

Saline football team plays here Friday. The game starts at 4 o'clock.

## FOOTBALL

By John Wellnitz  
Chelsea 13—Belleville 12

First Quarter—Chelsea won the toss of the coin and chose the goal. Belleville elected to receive. R. Knickerbocker intercepted one of their passes to give us the ball but we lost it again. A 45-yard pass by Belleville put them on the five-yard line. They scored in two line plays. The kick was wide. Chelsea 0, Belleville 6.

Second Quarter—The ball was passed from one side to the other. Chelsea went to Belleville's twenty-yard line but lost the ball on downs. J. Gaken ran "fifty yards" before being knocked out of bounds. Chelsea 0, Belleville 6.

Third Quarter—We seemed to have an entirely different team in this quarter for we scored two touchdowns and got one extra point. Knickerbocker to May put us in scoring position on the five-yard line. R. Knickerbocker went over for the first touchdown in a line plunge, then he carried the ball around to his right for the extra point. M. Dietle, our left end, blocked a punt and scooped it up and ran across the goal for the other touchdown. J. Gaken tried a line plunge for the extra point. This was stopped. Score: Chelsea 13, Belleville 6.

Fourth Quarter—This, the last

quarter, was the most anxious one we have ever gone through as Belleville scored early in the quarter but the kick for the extra point was partially blocked by T. Smith. Belleville made this touchdown on a pass to their left flat. Score: Chelsea 13, Belleville 12.

Keep Friday, October 6 for the game between Chelsea and Saline at the athletic field. Come out and give this team of yours some of the great support we gave them last year.

## Do You Remember?

About thirty-some years ago, there lived an old recluse named John Boyer. He lived in a small shack at the north end of Crooked Lake. He lived alone for many years, and his favorite pastime was building boats. John didn't build the little 12-foot skiffs which one sees on lakes in this area; instead, he built large "ocean-going boats," as he called them. A score or more of persons could ride very safely in them.

Old John used to boast of carrying an entire Sunday school picnic from the shore near his shack to the island in Crooked Lake. As John grew older he gave up his hobby of boat building, and so about the time he passed away from old age, his boats passed out too. It is doubtful if any of the cottage owners now at Crooked Lake will remember John Boyer, and his big boats. For there were virtually no summer cottages on that pretty little lake when the old recluse fished its waters, and hunted its shores.

## Control Nausea

Many a pregnant woman thinks she should stop eating if she is nauseated. This is often the worst thing she could do. It is likely to increase her discomfort and to deprive both herself and child of much-needed nutrients. If she will take hot milk or milk and coffee and crackers before getting up, she will eat more often than three times a day, and if she will drink hot milk or egg-nog and eat crackers before she retires, probably she will be able to control the nausea.

## Move Ladder

If you're picking fruit, use the right kind of ladder and move it frequently to avoid tumbles by overreaching. Falls from haystacks, haystacks, windmills and roofs account for thousands of accidents.

Your dollars made possible the U.S.O.—in addition to many other great services at home and abroad—3,000 U.S.O. clubs and U.S.O. Camp Shows.

## *Will you be lucky enough to have a glass roof over your head?*

You hear a lot and read a lot about how the postwar world is going to be a kind of wonderland...

A wonderland of tear-drop automobiles, helicopters, clothing made from coal, and houses from glass.

It's all quite possible.

But let's not forget that these things won't come free-of-charge. Let's not forget that America as a

country... Americans as individuals... will need money, and plenty of it, to make these dreams of a peacetime world come true.

Today you have that money.

Are you letting it slip through your fingers? Or are you using it to help your Country win the war... and help yourself enjoy the fruits of Peace?

Every War Bond you buy and hold does both these things. Every \$3 you invest now to back the

Attack will bring you back \$4 ten years from now when you may want and need those dollars much more than you do today.

So, keep on buying Bonds with every dollar you can scrape up. Hang on to them against all temptation.

There's no better way to back up your fighting men.

There's no better way to be sure of having the good things, the good life, in the world of tomorrow.
