## Local Couple Will Celebrate Sixtieth Wedding Anniversary

MR. AND MRS. WILLIAM ATKINSON

Comparatively few couples are granted the privilege of celebrating their 60th wedding anniversary and this outstanding event in the lives of Mr. and Mrs. William Atkinson will be the occasion of a family dinner on Sunday, followed by open house from 2 to 5 o'clock at their home, 333 Madison St.

Both Mr. and Mrs. Atkinson are natives of Lincolnshire, England. Mr. Atkinson was born in June, 1864, coming to America in 1881. Mrs. Atkinson formerly Jennie Parent, born in 1866, came to Chelsea in 1883. They were married Oct. 14, 1884 by Rev. Thomas Holmes and have spent their entire married life in this community.

Mr. Atkinson, first employed on the farm of James Alyn in Dexter township, later worked 24 years for George

P. Glazier. For five years he was janitor of the Chelsea public schools, was village marshal for 12 years and afterwards served as deputy sheriff.

Mr. and Mrs. Atkinson are members of the Methodist church, and she is a member of its Central circle. For 26 years she has been affiliated with the Women's Relief Corps and has served as its junior vice president.

They have three daughters, Mrs. Nellie Bennett of South Lyon, Mrs. Flora Love of Jackson, and Mrs. Mildred Friedrich of Detroit; a son, George, formerly Jennie Parent, born in 1866, came to Chelsea in 1883. They were married Oct. 14, 1884 by Rev. Thomas Holmes and have spent their entire married life in this community.

Incidentally, Mr. and Mrs. Atkinson have been subscribers to The Chelsea Standard and its predecessor, The Chelsea Herald, for 60 years.

## Convicts Believed To Have Stolen Car Here

Following the escape of seven desperate convicts from Southern Michigan Prison at Jackson last Friday night it has thought that some of the escapees might be hiding in this territory and local police officers joined guards from the prison and state police in the search.

Officer George Doe received a report Saturday night that two suspicious-looking men were in the vicinity of Oak Grove cemetery. However, Mr. Doe patrolled that area during the night but failed to find any trace of the men.

However, it is possible that some of the convicts were in the village that night, as one car was stolen and an attempt made to take another. Dave Reid, who resides at the home of Mrs. J. A. Maroney on McKinley street, reported the theft of his car Sunday, and David Colquhoun reported that more than eight gallons of gasoline had been siphoned from the tank of his car and that the battery was dead, which led to the belief that an attempt had been made to start the car.

Mr. Reid had driven his car, a 1937 Terraplane with license No. JW-1611, into the garage about 4 o'clock Sunday morning and discovered the theft about noon. Hanging on a bush nearby was a woman's coat and dress on a hanger, which indicated that the theft might have been by the convicts and that they were using women's clothing as a disguise. It was discovered later that several articles of men's and women's clothing had been stolen Saturday night from Max Young's car which was parked at the home of his mother, Mrs. Tillie Young, only a short distance from the Maroney house, and it was this feminine apparel that was hung on the bushes.

## SOUVENIRS ON DISPLAY

Some of the souvenirs brought back from the vicinity of St. Lawrence, Mer, Normandy, France by Lt. Ellis C. Boyce, are on exhibit at the Walworth & Strieter store. They include a German two-inch mortar, one of the most wicked short range weapons of the Germans, with a destructive range of about 750 yards; a German bayonet; two spoons from a German mess kit; a jack-knife, given him by a German prisoner; and an Italian revolver, given to him by one of his men who was in the Sicily campaign. Lt. Boyce is now on his way for Pacific duty.

## ATTEND W.R.C. CONVENTION

Mesdames Mabel Bair, Charlotte Mohrlock and Myrtle Price attended the District No. 1 convention of the W.R.C. held Saturday in Northville. Mrs. Price was reappointed as Junior Club Director.

## With Our Men In Service

Chris Koch received word last week that his son, Pfc. Earl C. Koch, somewhere in Italy, had been wounded. The letter received by Mr. Koch was written by a chaplain and the nature of Earl's wounds was not disclosed. The letter follows:

Italy—Sept. 23, 1944.  
Dear Father:  
I have been wounded and am in the hospital, but am doing all right. Don't worry about me. The chaplain is

PFC. EARL C. KOCH

writing this letter for me. I shall soon be able to write to you myself. I will be coming home after a while.

Better wait to write me until you hear from me again, as I will soon be sent to some other hospital.

Love—Earl.  
Mr. Koch received a telegram on Tuesday from the Adjutant General, stating that Earl was seriously injured in action in Italy on Sept. 22. Pfc. Koch was inducted on November 9, 1942 and trained in a number of camps before going overseas on June 1, 1944. He has been with the Fifth Army in Italy.

Mr. and Mrs. Irvan Weiss have received word that their son, Pvt. Duane Weiss, lost a leg from shrapnel wounds on Sept. 26, in Italy. Further information was not given.

Pvt. Weiss, who is 28 years old, entered the service Oct. 11, 1943 and was in training at Fort Sill, Okla., and Fort Meade, Md. before leaving for overseas.

The following letter from Richard Wahl, MoMM-IC, who is on active (Continued on page five)

## County War Fund Drive Will Start On October 18

The regular Washtenaw County War Fund campaign to raise \$29,125 will begin Wednesday, October 18 with a county-wide house to house solicitation of funds.

Advance solicitations of larger donations have been in progress for the last week in nine of the townships of the county and supplies are being prepared for the workers' instruction meetings which will start October 12 and end October 18.

Foster L. Fletcher, secretary of the War Fund for the county has declared that it is expected that the quota in the present drive will be greatly exceeded, and that district chairmen are hopeful of collecting at least \$30,000.

The county has been divided into five districts, each under the direction of its own chairman, for the purpose of solicitation.

A meeting for all workers in the Northwest District, with Leigh Beach as chairman, will be held at Sylvan town hall on Tuesday evening, Oct. 17. Mr. Fletcher will be at the meeting to give instructions and issue supplies for the drive which will start the next day.

Quotas for this district are as follows: Chelsea village and Sylvan township, \$7539.00, which includes \$800 for local Boy Scout and Girl Scout organizations; George Dine is village chairman and Fred Broesamle is chairman for the township. Lyndon township, \$405; Homer Stofor, chairman; Dexter township, \$507; Gilbert Madden, chairman; Lima township, \$584; Clifford Bradbury, chairman.

## Heavy Truck Crashes Into Car On Main St.

One of the worst traffic accidents in the history of Chelsea occurred last Friday afternoon when a heavily loaded semi-trailer crashed into a car at the corner of Main and South Sts.

Dennis Guinan, driver of the car, was going west across the intersection on the green light when the truck, coming from the south on Main street failed to stop for the red light and crashed broadside into Guinan's car, pushing it to the northwest corner of the intersection, onto the sidewalk and stopping as the car crashed against the corner of the Chelsea State Bank building. A car belonging to Joe Patrick was parked in front of the bank and Guinan's car caught the front of that car and turning it around so the front end rested on the sidewalk.

Guinan miraculously escaped injury, as did Arthur Rowan, eight-year-old boy who was a passenger in his car. The car was almost completely demolished by the impact. Eugene Milner of Sandusky, Ohio, driver of the truck, which was loaded with 23,000 pounds of brass for the Federal Screw Works, stated that this was his first trip through Chelsea and that he didn't see the red light which was to his left rather than being to the right as is customary. The truck, owned by the Geo. F. Alger Co. of Sandusky, was damaged so it could not proceed and a crew from Federal Screw Works moved the truck.

Mr. Guinan and his young passenger are extremely fortunate that they were not seriously injured in the accident and it is also very fortunate that there were no people on the sidewalk at that place when the accident happened. Chelsea's stoplights have always been inadequate and confusing and this serious, though fortunate accident may result in some definite action being taken to correct the situation. There should be two lights at each intersection at the earliest possible date and perhaps some fatal accidents can be avoided. This is a state highway through Chelsea and the lights are furnished by that department. The village has applied for additional lights but they have had no response from the state highway department except the admission that there is a need for them.

## RUMMAGE SALE

Donations for the Rummage Sale on October 20 and 21, which the Chelsea Study club will hold will be gratefully accepted at the town hall on Thursday, October 19, from one until five o'clock. Articles of all kinds can be used. It is hoped that there will be a good selection of clothing of all kinds, toys, furniture, curtains, dishes, etc. Mrs. Paul Maroney, 2-1321, or Mrs. William Geddes, 6741, will be glad to make arrangements for collecting rummage which cannot be brought directly to the town hall. The proceeds from this sale go to the philanthropic work of the club. Adv.

**Obituary**

Fred Kalmbach, son of the late Michael and Bertha Benter Kalmbach, was born in Sylvan township, June 3, 1872 and died at his home in North Baltimore, Ohio on Sept. 20, 1944.

He spent his early life and young manhood here and in this vicinity and attended the Francisco school. For a

number of years he operated the Francisco elevator for Parsons and Robert of Grass Lake. From here he went to Edwardsburg, Mich. and operated the elevator there. In 1912 he moved to North Baltimore, O. where he purchased and operated the elevator until 1930 when he sold to the North Baltimore Grain Ass'n. He remained with the company as its manager to the time of his death.

He was united in marriage to Miss Pauline Frey of West Francisco on May 6, 1896 and to them were born a son, Lyman Kalmbach of Long Beach, Calif., and a daughter, Mrs. Lee Leathers of North Baltimore.

These children survive, as does the widow and a grandson, Lyman Lee Leathers. Other survivors are six

brothers, one sister, and his aged second mother, Mrs. Emma Kalmbach of Francisco. Funeral services were held at his home, and burial was made in Maplewood cemetery, North Baltimore.

(Last week's items)

Mrs. Walter Gardner and Mrs. Harley Loveland are home from Ft. Wayne, Ind., where they attended a conference as delegates from St. John's church.

Herbert Walz, who fell and injured himself last week, is home from Eaton Rapids to recover.

**THE OLD JUDGE SAYS...**

"The war sure has made a lot of changes in this old world of ours, hasn't it, Judge?"

"Plenty of them, John. One that few people realize is that the rubber producing center of the world is now right here in the United States."

"When the Japs conquered the big natural rubber producing centers of the world they thought they had us licked. But in two short years, thanks to American industry, we are now producing synthetic rubber enough to supply all our military and essential civilian needs."

"Our rubber experts knew how to make it but the problem was to get the huge amounts of industrial alcohol needed. Almost overnight the country's beverage distillers stopped making whiskey and converted 100% to the production of this vital ingredient. A high government official said recently this was... an almost unparalleled example of the overnight conversion of an entire industry from peace to war."

"Come to think of it, Judge, it was a mighty fortunate thing the beverage distilling industry was in existence, wasn't it?"

**OPEN FACE HAMBURGERS**

No. 84 of the Nutrition Series

Here is a recipe for a good Sunday night supper sandwich. Hamburger or ground beef is a great American favorite and may be prepared in a number of ways. This recipe is simple to make and delicious to eat. With the hamburgers one might serve a tossed fresh vegetable salad with savory French dressing. A simple dessert and coffee would complete the meal.

Meat is a highly nutritious food because it is a complete protein. In other words, it supplies our body with the essential "building stones" that are necessary for building and maintaining body muscle and tissue. For good health and sound nutrition eat one or more servings daily of meat or a meat alternate, as fish, cheese, eggs, poultry and legumes.

½ pound ground beef	½ teaspoon pepper
½ cup milk	• • • • •
1 tablespoon minced onion	6 slices bread
½ teaspoon salt	Prepared mustard or horseradish.

1. Combine ground beef, milk, onion, salt and pepper. Mix thoroughly.
2. Toast bread in broiler on one side.
3. Spread other side of bread with butter or margarine, prepared mustard or horseradish.
4. Spread meat mixture on top and broil in broiler about 8 minutes, or until meat is brown.

## GUILTY OR NOT GUILTY?

The following article may not be exciting, but is very important and will prove of interest to a good many. One of the comparatively new encyclopedias is missing! The reason is quite obvious—some careless student removed it from the study hall stage against the faculty's wishes, and as a result it has been lost. It isn't likely the person responsible will ever be known (lucky for them) but all students are asked to keep an eye out for the book.

We are all apt to be careless, but it is still inexcusable to misuse the privilege of using something that does not belong to individually. Mr. Richards has said that if it is necessary the encyclopedias will be placed in the school library where the use of them will be limited. It seems rather silly that a group of students ranging in age from 11 to 18 years can't take care of a set of books properly, but it may prove the case if we aren't more considerate!

What about you—are you guilty?

## PEP MEETINGS

On Friday, September 29, Chelsea high school's football season opened with a good old-fashioned pep meeting, sponsored by the Senior class. The master of ceremonies was James Gault.

The names of the boys on the team were read, and they all assembled before the student body. One member of each class gave his opinion on the game with Belleville. Douglas Vogel presented the Freshman class; Brandon Barlow expressed the Sophomores' point of view; Leroy May was spokesman for the Juniors; and James Gault, captain of the team, was there to do the Seniors' honor.

A new and very interesting part of the pep meeting was the skit enacted by Miss McMahon and Miss Beam, who represented a couple of students who wouldn't miss the game for anything. They sang, danced, and joked of which was well received. Marie Winter, representing the G.A.A. wished the boys luck in their game. Mr. Cameron, who had again mislaid his famous joke book, gave a short talk and stuck strictly to football which was a surprise to all. The cheer leaders then came forward and lent a final, but no less inspiring, bit of support. The first pep meeting of the year ended with the

## DEATHS

Mrs. Geo. W. Palmer

Mrs. Geo. W. Palmer, 80 years old, died Saturday morning, October 7, at her home on Park St., as the result of a stroke, suffered on Friday.

A lifelong resident of Washtenaw county, Mrs. Palmer (formerly Ida M. Collins) was born Nov. 15, 1863 in Lyndon township, one of eight children born to Sydney and Sylvia Collins.

She was married Apr. 14, 1878 to Dr. G. W. Palmer, and they came to Chelsea to make their home, where she has since resided. In January, 1928, Dr. Palmer died as the result of injuries received in an automobile accident.

Mrs. Palmer was a charter member of the Women's Relief Corps and of Olive Chapter 108, O.E.S. She also was a member of the Methodist church.

She is survived by two sons, Leigh G. Palmer of Chelsea, and Capt. Algernon A. Palmer of the Army Medical Corps, now serving in India; four grandchildren; and three sisters, Mrs. Ada Sprout of Pinckney, Mrs. Lucia

Bott of Lansing, and Mrs. Agnes Runciman of Chelsea. A niece, Miss Florence Palmer, has resided with her since childhood.

Funeral services for Mrs. Palmer were held at the residence at 2:30 Tuesday afternoon, with Rev. Everett R. Major officiating. Burial was in Oak Grove cemetery.

## Dorsey Hoppe

Chelsea relatives have received announcement of the death of Dorsey Hoppe in Seattle, Wash. on October 4.

Mr. Hoppe was a former resident of Sylvan township, where he was born about 73 years ago, the son of William and Mary Hoppe. He graduated from Chelsea public school and the law department, University of Michigan, after which he served for some time as school examiner for Washtenaw county. Later, he opened a law office in Seattle and on Nov. 4, 1905 he was united in marriage to Miss Lillian Gerard of Chelsea. The ceremony was performed in Seattle by Rev. J. H. McIntosh of that city, who was a former pastor of Chelsea Methodist church.

Mr. Hoppe is survived by the widow; a daughter, Mrs. Walter S. Brash of Rolla, Mo.; two brothers, Manfred Hoppe of Sylvan township

and Reno Hoppe of California; and two sisters, Mrs. Dorrit Hauer of Woodland and Mrs. Nerissa Jackson of Spokane, Wash. Funeral services and burial were in Seattle.

## Prospects for Hunters Vary, Says Department

Lansing—It's every man for himself when it comes to this year's pre-season forecasts of hunter success when the lid is lifted October 15.

The conservation department, as may have been noted, is definitely out of the forecasting business. True, it did say in advance of the duck season that prospects were not good for opening day; an observation that any duck hunter would have made and one that was proved right.

Too many of the department's trained fact finders are in uniform to allow the kind of painstaking gathering of facts on which other years' pre-season forecasts were based.

The department, however, gives out with some general observations:

As concerns pheasant prospects:

Poor pheasant country will be even poorer this season; medium to good range will have more birds than last year; excellent pheasant range will offer the best shooting ever.

It is to be a big squirrel year. As concerns rabbits, write your own ticket. No two game men in the department are agreed. The take was down last year; there's no one who will say that it will be better or worse this season.

Seasons open October 15 on pheasant; cottontail rabbits, varying or snowshoe hares, for and gray squirrels, woodchuck, ruffed grouse (partridge), and on sharp-tailed grouse in the lower peninsula north of Town 12 North.

Pvt. Richard C. Bahnmiller has returned to Michigan State College, East Lansing, after spending a week's furlough with his parents, Mr. and Mrs. C. O. Bahnmiller.

## Instrumental Survey Completed At School

A demonstration of band instruments, directed by Henry E. Busche, local instrumental music supervisor, was staged by Mr. Busche, Neal Beach, trombonist in the local high school band, Tom Smith, trumpeter, also a member of the band, and June Vail, who plays baritone in the same organization.

These demonstrations were given in front of the fourth, fifth, sixth, seventh, and eighth grades of the local schools. The program consisted of solos by each of the instrumentalists, plus a talk and explanation by Mr. Busche. Then members of the various classes, who had never played an instrument before, were given an opportunity to try playing one of the instruments.

After the demonstration, Mr. Busche asked the students how many would be interested in playing a musical instrument. Of the 164 students interviewed in the four grades, 111 expressed that desire. There is no doubt that the children of Chelsea are interested in music as shown by the results of the survey.

Mr. Busche is proceeding to give adaptation and aptitude tests to those 111 students, to see which instrument they like best and are best suited. This will take about three weeks. Then it is planned that these students secure instruments and the Junior Band will actually get under way.

Again, if there are any instruments in Chelsea that are available, notify the superintendent's office at the school.

## Music Is Important In St. Mary's Curriculum

Music, both liturgical and secular, choral and orchestral, has become one of the fundamentals included in the curriculum of St. Mary's school this year.

At a definite twenty minute period every day a qualified teacher gives students in each grade their musical training. The teacher in general charge of the music program at this school is Sister Maria Barbara, O.P.

A school chorus composed of 22 girls chosen from the 4th, 5th, 6th, 7th and 8th grades is in the process of organization. Last week the following officers were elected:

President—Margaret Mary Dumouchel.

Vice-President—Nellie Marie Atkinson.

Treasurer—Phyllis Hoffman.

Librarians—Lois Eisale and Maurine Hoffman.

The Band members elected the following as its officers:

President—Corky Dreyer.

Vice-President—Genevieve Wheeler.

Secretary—James Weber.

Librarian—Martin Tobin.

The band at present has 16 members.

Starting October 17, the music department of Detroit's parochial schools will present a quarter-hour program over radio station WJR every Tuesday at 9:45 a.m. Each program will consist of a group of nationality songs and a well-known hymn, all sung by student performers. The four songs used on the first program will illustrate the four voice ranges of soprano, alto, tenor and bass.

### Detroit Men Pay \$325 For Illegal Shooting

Three young men from Detroit have been fined \$325 each for illegal shooting. The men, who were arrested Saturday evening at Johnson Lake in Dexter township, where they were deliberately shooting at a house, were fined \$325 each for violating the Michigan law which forbids shooting at a house. The men were charged with malicious destruction of property with firearms, and for having no permits for rifles in a closed area. The young men arrested were Leonard Tarnacki, 26, John Tarnacki, 20, and Leonard Triba, 19, all of Detroit. They were taken to the county jail in Ann Arbor Saturday night and are being held for trial.

### FIRE DAMAGES RESTAURANT

A fire at Truett's Restaurant, south of Chelsea at the corner of US-12 and M-92, summoned the local fire department about 4:30 on Sunday afternoon. The restaurant was closed for the day and the origin of the fire is not known but it is believed to have started in the kitchen, where the blaze was mostly confined. The building and contents were badly damaged by smoke and the loss is partly covered by insurance. The restaurant, owned by Mr. and Mrs. George Hart, was operated by Mr. and Mrs. Arthur Louis.

until around four that afternoon. These hurricanes are quite different from our windstorms that we have around home. Everyone knows a couple of days in advance when they are supposed to strike. This one happened to be about eight or nine hours ahead of time.

We were standing by to get underway already Wednesday night in case things got too rough for us to stay in port. The seamen worked out in it all day keeping the ship from pounding itself to pieces against the dock. The winds were pretty darn hard, ranging from about 45 to around 75 mph. They had reports of 140-mile winds in the storm center, but that was pretty close to a hundred miles off the coast.

I heard that five ships were run aground between our cottage and Virginia Beach. A 200-ft. training ship was blown up on the beach right in front of our cottage. They got the entire crew off it alright.

I've never seen the water so rough along the beach in my life. The waves were breaking forty feet high on the beach by the cottage. One of the fellows living next to us took Alida and the rest of the girls to Norfolk during the worst of it.

I don't think it did so much damage considering all the wind we had. It blew in a lot of show windows in Norfolk and tore some of the marble slabs off from the buildings. We were out of electricity for only a few hours, but most of the high tension wires were blown down in Ocean View.

It tore parts of the roof off of our bedroom and living room, so we had a pretty wet house Thursday night. One of the neighbor's beds got so wet that they won't be able to sleep in it for a few days.

We have been at sea since early today and probably won't be in until Sunday, so I don't know how soon you will be getting this letter.

Well, I guess I'd better close now and fill out my logs. Hoping this finds you all well, as it leaves us.

Love—Richard.

Word was received by Mrs. L. P. Vogel the past week that her grandson, Sgt. Wm. P. Mallick, was injured in action somewhere in France on August 17 and died on August 18.

Sgt. Mallick, 23 years old, was the son of Egon Mallick and Mrs. Margaret Mallick of Detroit. He was a graduate of McKenzie high school, Detroit and the University of Michigan, and was studying for his master's degree when he entered the signal corps in March, 1943. He received his training at the University of Illinois and at a cryptography school near Washington. He went overseas in February, 1944. He is survived by his parents and his grandmother, Mrs. Vogel.

### FOREWARNED IS FORE-ARMED

The school year 1944-45 is now well under way with students pursuing the various courses of study for which they are enrolled. We were a little late in getting started but with the right spirit and attitude on the part of all concerned the handicap of a late start should not hinder pupils in reaching their final goals for the year. Pupils can and should take advantage of the many opportunities which they have while attending school. A former student, who is now in the service, recently wrote back to the school regretting the fact that he had not taken advantage of the opportunities which were his while attending school. It is too late now for this student to do anything about this lack of foresight while in school, but to those of you who are still in school it is not too late. Now is the time to

act—to prepare your assignments and work in the best possible form and to the best of your ability. You will never be penalized for doing your best, and in the end you may be very thankful. Read some of the letters which appear on the bulletin board from our boys in service and find out what they think about the value of a good education. Then do a little thinking about the matter to see where you stand in the picture.

### SERVICE LETTERS

One hundred eleven letters were mailed last Friday to men and women in the armed services of the United States. Many more than one hundred eleven have gone forth from this community, but their addresses have not been made available to the Journalism club. Members of the club have dialed telephones, hailed people on street corners, and have gone up and down the streets ringing doorbells in an effort to secure the necessary information. The club would appreciate the cooperation of the community in this matter. If you have not sent in the correct mailing address of YOUR serviceman, unless you know that someone else has done so, will you not bring, send, or mail it to the Journalism club at the high school immediately.

### ELEMENTARY NEWS

#### Second Grade

We have lots of milkweed pods to put with all our seeds. We have fifteen different kinds of seeds now.

Eight of us have bought war stamps this week. By the end of the month we want to be 100 per cent.

#### Third Grade

We made spatter prints of leaves. Some of the people made baskets of clay.

We have a library in the room. We also have a science corner, where we keep science things we collect.

#### Fourth Grade

We are studying about the cave dwellers in history. Each of us drew a picture and Frank is making a model.

In Art we are learning to make squared letters so we can cut letters for booklets and posters.

Today we have begun studying about the Eskimos who live on Baffin Island. So far we have learned about their winter and summer suits.

Frank brought a bean plant, so that we could see how it belongs to the plants that have seeds. We have also had turtles, snakes, insects and frogs to find out about how animals are grouped.

Richard Meehan and Barbara Collins are the new children in our room. Chalmers Flint from Manchester was our visitor on Friday.

Billy Cutler and Christine Rowe had birthdays on Monday, October 2.

#### Sixth Grade

A short play, "Christopher Columbus at the Court of Spain," is being rehearsed by the sixth grade, which plans to present the production to another group of pupils Wednesday morning. The cast is:

Queen Isabella: Roma Jean Vaughn.  
 King Ferdinand: Buddy Johnson.  
 Lord Merrigino: David Creyker.  
 Lord Bercasus: Theodore Slane.  
 Lord Copernelli: George Heydlauff.  
 Guards and Page: Donald Pierson, Gerald Wenk, Donald O'Dell.

Courtiers and Court Ladies: All the sixth grade.

Columbus: Duane Gentner.  
 Last week we dipped autumn leaves in wax and decorated the room. Louise Walz brought some gourds, too. They are striped green and yellow. We have 28 boys and 18 girls this year.

#### Seventh Grade

(Betty Ingram)  
 Thelma Jean Joseph and Joe Joseph, Jr. have moved to Jackson, leaving thirty-three pupils in the seventh grade. Clark Arnett, from Salyersville, Ky., enrolled Monday.

We voted to charge each other a penny if we are caught chewing gum. The money is to be used for the wool fund for the Junior Red Cross afghans. Several of the pupils are already knitting on the six-inch squares. The others will start soon.

Over half of our members are already reading for the book report for the first marking period.

Last week's stamp sale amounted to \$11.80, with 21 per cent of the room purchasing stamps.

**Michigan Bell, anticipating high demand, plans expansion and improvement**

IN ANTICIPATION of favorable business conditions following reconversion, Michigan Bell foresees post-war expenditures of as much as \$120,000,000 within a five-year period.

More buildings, cables, central office apparatus, and telephones are needed. But we cannot undertake to provide them until war needs are reduced greatly. Today the armed forces take about all the communications equipment that can be made.

Dependent on business conditions, materials, manpower, and funds, the program is being engineered to:

- 1 Provide service to nearly 90,000 persons who now can't get it.
- 2 Expand both urban and rural service to meet anticipated demand, and to restore safe margins of facilities.
- 3 Assure prompt completion of Long Distance calls for the growing number of users.
- 4 Carry out plant betterments suspended because of the war.

Such a program of additions will be necessary if the Company is to continue to furnish the grade-of-service the public expects and is to take its place in an expanded national economy.

We shall welcome the day when that program can be started.

★ INVEST IN VICTORY—  
 BUY MORE WAR BONDS

By GENE ALLEMAN

When Johnny comes marching home from World War II, he'll find Michigan ready to welcome him.

This welcome is being organized efficiently with a veterans' counseling center in almost every community under auspices of the State of Michigan.

It's very apparent that Johnny is going to get a break this time. In fact, for almost the first time in American history, the war veteran will receive more than his country's blessing. He can borrow \$2,000 as down payment on a \$10,000 home or farm. He can borrow \$2,000 to go into business for himself. If he wants to go to college, Uncle Sam will pay his tuition fees of at least \$10 a month, \$30 a quarter or \$40 a semester, in addition to paying other regular fees and costs of books, supplies and equipment up to \$500 a year.

The veteran, 25 years old or more, whose education was completed prior to entrance into war, may get a refresher course at Uncle Sam's expense. If the veteran suffers a service disability, the government will pay him a pension and furnish vocational training at the same time.

But, even this isn't the whole story. As an example, consider the Pine Lake Vocational-Technical school, a joint undertaking of the Michigan Office of Veteran Affairs and the Michigan Board of Control for Vocational Education.

We visited this camp, near Battle Creek, in company of Lieut. Col. Philip C. Pack and Elmer Hannah, director and assistant director, respectively, of the Michigan Office of Veteran Affairs, a state agency.

Talk about preparation for Johnny? Pine Lake is it!

Here's how the vocational school will operate.

Thanks to the wonders of modern medicine, more veterans will come home from World War II than from any war in world history. Battle casualties are less fatal. Disabilities will be more numerous.

Hence, care of the disabled veteran is more important today than ever.

The Pine Lake camp, originally built by W. K. Kellogg, for children,

at a cost of \$470,000, will be available to disabled Michigan veterans who are eligible for the services of rehabilitation, re-fitting them to a new life of usefulness. The capacity will be 250 veterans. The training period will vary from 90 to 120 days. Thus, a year's training load of approximately 1,000 veterans is now anticipated.

Pine Lake camp will provide disabled veterans with vocational training in metal work, machine shop, woodwork, gas welding, blueprint and drafting, office practice, cooking and baking, and watchmaking. At a \$100,000 annual budget, the camp will offer educational training with all meals and lodging at no cost.

Ten veterans and two civilians are now enrolled in preliminary classes—proof that present activity is being confined to preparation for tomorrow's responsibilities. Instructors are John Van Puffelen, Grand Rapids watchmaker, and Aubrey Hansen, office practice teacher, recently with the Chrysler Corporation in Detroit. Camp Superintendent is Hugh F. Pierce, formerly of the Bendix Products in South Bend, Indiana, and the Clark Equipment Company at Buchanan, Michigan.

When Johnny comes home, he must visit the local selective service board to get official papers entitling him to re-employment. Then he is urged to call at the local veterans' counseling center to obtain information and counsel on any of the following: Housing, health, education, law, employment, and claims—to enumerate the leading subjects.

If he cannot find employment, he will be eligible to receive unemployment compensation of \$20 per week for 26 to 52 weeks, depending upon the length of his military service.

The U.S. veterans administration's hospital at Dearborn, a 355-bed institution, will be expanded soon to accommodate approximately 1,500 service men and women.

When the World I veteran was demobilized, he received \$60 in cash. Congress had slashed appropriations for the U. S. employment service. The labor market was glutted; payrolls were cut. Yes, times have changed!

Michigan has more than 500,000 men and women in the armed services today.

Hence, the importance of adequate preparedness today to take care of some of these veterans tomorrow, when V-Day in Europe arrives and part of our war tasks will be terminated.

Work of the Office of Veterans Affairs and the State Board of Control at Pine Lake is graphic proof that Michigan is right on the job—in fact, leading the entire nation in giving Johnny a break, and for the first time.

## ENTERTAINMENT OF PRISONERS OF WAR IRKS TECUMSEH SGT.

The following article is taken from the Tecumseh Herald:

Staff Sgt. Ivan Maynard, son of Mr. and Mrs. Legn Maynard of Tecumseh, who is serving in Italy as a ball turret gunner on a B-24 Liberator—heavy bomber, in a letter to the publisher of The Herald, objects to some of the fine entertainment that is being accorded to Prisoners of War in America and asks the question, "why don't they (the Americans) use that money to buy War Bonds?"

Sgt. Maynard, who has won the Distinguished Flying Cross and the Air Medal of Honor, wrote his letter from somewhere in Italy on September 17. It is as follows:

"This letter may be a surprise to you, so I'll explain why I'm writing it. In the past two days some of us fellows have been receiving newspapers from home telling us what is happening in America. In several papers, we have noticed articles where American people are spending hundreds of dollars to entertain Italian prisoners of war. These men say they are homesick, so somebody raises a fund to give them a big party. Why don't these people spend that money on their own boys, or don't they think we are homesick? Don't these people

think we are away from home fighting a war, that we still have to win, or don't we come first anymore?"

"In one of the newspapers we noticed a picture where an American girl was entertaining a P.O.W., and having a good time doing it. Would she do it if he was a Jap prisoner? The answer is NO. These men have done the same thing the Japs are doing, only in a different way. Maybe these men have killed or wounded somebody very dear to the people who are entertaining them, but they don't stop to think of that. Do the American people ever stop to think that these men helped start the war that their boys are fighting right now. If the American people could see some of the bloodshed and pain that these people have caused our boys, maybe they would have a change of mind toward the Italian P.O.W. who are so homesick.

"Any one of these American boys over here would give up his life for America just for the asking, but he thinks twice after reading where his own people are entertaining the men he just finished fighting with. These prisoners of war wear our uniform, something that stands for more than just its looks. To a G.I. in the armed forces, that uniform stands for the freedom from want, freedom from fear, freedom from speech, and freedom

of religion, something we are fighting for. A lot of young fellows have given up their lives to be able to say they could be free, and now their own people might be entertaining the men that might of killed him, and tried to prevent him from being a free man.

"The people of America think this war is won, but there's a lot of hard bitter fighting left. Now is the time we must fight hard, because we have the Axis right where we want them. The people at home would be working harder to meet the demands of the boys on the fighting front. Why don't they use that money they use to entertain P.O.W.'s, and buy War Bonds with it?"

Since there is a tendency to relax safety rules and regulations during the summer months, children become careless about their safety habits.

Now that school has started, we recommend that daily instruction on home and highway safety be given by all schools in their courses of study from kindergarten through high school. School authorities can secure

information and practical guidance in planning their safety instructions program from their State Motor Vehicle Department.

A few minutes each day on some topic pertaining not only to highway

safety but also to home safety will be well-repaid in keeping our children safety-minded.

# In Just 10 Minutes They'll Need Your Help

**BACK HOME**, the headlines read — 60 U. S. Planes Lost.

The full news account may mention that 600 airmen were shot down with them. But nowhere will you find mention about how many of those men landed alive and are now in enemy prison camps. There is no way of knowing.

Actually, about 60 per cent of all American airmen shot down over enemy territory survive—as prisoners of war.

Some prison camps are devoted exclusively to airmen. But these camps are little different from the others. In all, the men behind the barbed wire live the same empty life. There is nothing to do but wait—wait—and try to hold on to your sanity while you wait.

That's why War Prisoners' Aid was formed. It provides the wherewithal to buy for prisoners of war the things that will help them hold on to their sanity during those empty days of waiting. Books. Games. Athletic equipment. Make-up kits for amateur theatricals. Musical instruments.

It takes money to buy these things. More and more money as more and more of our men wind up in prison camps. The only way War Prisoners' Aid can get that money is through your contribution to your local community drive. Your gift is also shared by war refugees, the U.S.O., Merchant Seamen, welfare services here at home. Give once for all these. Give generously.
