Rev. and Mrs. Leroy Lord received word on November 1 of the serious injury of their son, Major Herman Lord, and last Thursday received further word of his death.

Major Lord was a graduate of Albion College, '33, and Wayne Medical School, '36. After a year's interne

MAJOR HERMAN M. LORD

service at Grace hospital and a year of specialization in obstetrics he took up private practice in Detroit.

He enlisted in the army a year later and served in responsible hospital posts in Denver and Tuscaloosa until sent to England in February. He was given charge of a hospital unit which landed in France on D-Day plus 4. His unit, now in Belgium, was kept constantly at the front, where he met his death.

The place he held and the high character of his work is told by John M. Carlisle, of the Detroit News, in a letter of sympathy to Major Lord's wife, now living in Detroit. He said: "I saw your husband a number of times in France. I slept in the same tent with him one night. He was doing a great job with his medical unit in France, and I came to admire and respect him very much. He was a great fellow."

"His unit had to work long tiring hours, often under fire or near enemy fire. And in these circumstances he showed great leadership. I know that the doctors, the nurses and the medical men who worked under him loved him."

"You have this consolation: Your husband was a leader of men dedicated to save other men's lives. By his leadership, by his counsel, by his own efforts he saved a lot of American boys. You can always say to yourself that all the long hours your husband worked, all the times he wouldn't let the doctors quit on a case, all the drive and initiative he showed, all the wise counsel that pepped up his staff—that he made many wives and mothers happy back home. A lot of boys wouldn't be coming back if it had not been for him."

Word has been received here that a son was born to Mrs. Lord on Monday, in Detroit.

An Eighth Air Force Bomber Station, England—Sergeant James H. Barkley, 19, of Chelsea, Mich., has been awarded the Air Medal for "courage, coolness and skill" displayed while on bombing attacks over Germany. The airman is a left waist runner in the Eighth Air Force B-17 Flying Fortress group commanded by Colonel Frank P. Bostrom, of Bangor, Maine.

Sgt. Barkley is the son of Mrs. Blanch Barkley, of 136 Dewey St., Chelsea, and prior to entering the Army Air Forces in November, 1942, was a student at the Chelsea high school.

Word has been received by Mr. and Mrs. Merle S. Barr that their son, Merle, Jr., received his First Lieutenant's commission on October 4, 1944. Merle is now stationed somewhere in Germany.

Mr. and Mrs. Chas. Bycraft received several letters from their son, Robert, last week. He wrote from New Guinea and said he was fine, but the weather was very hot there.

Mrs. Peter Jaskot has received word that her husband, Cpl. Peter Jaskot, has arrived safely in New Britain.

CELEBRATES 83rd BIRTHDAY

Construction Started On New Building; Other Post-War Plans Made.

Central Fibre Products Co., manufacturers of war materials and paper products, have started an expansion program at their plant on North Main street which will facilitate their present operations and which is their first step toward a much greater expansion for post-war business.

Construction of a new building which will add approximately 5,000 square feet to their plant was started last week, and it is planned to have the new unit completed by December 15. This added space will be used in the manufacture of tank parts. H. C. Schneider is supervising the construction work, which will be done almost entirely by local labor. The addition is being built to the south of the sawtooth building, east of the office.

According to Central Fibre officials the increased facilities are necessary here because of the sale of their Detroit plant recently. All equipment was moved here from Detroit and some of it has been placed in operation, the remainder being stored in their warehouse until space can be provided for its use, and all manufacturing will be concentrated in Chelsea. Eighty per cent of present production is now on war contracts.

In the pre-war period 150 people were employed in the Detroit plant, and about that number are employed here now. It is believed by company officials that post-war employment will reach 300 men and women.

New equipment has been added in the last sixty days which has changed the machine division of the plant from an ordinary jobbing shop to a specialized production shop. Post-war products will be almost entirely automotive and special paper products.

Central Fibre Products Co. was organized here in 1920 by the late Jabez Bacon and the late Howard S. Holmes, and has made steady progress since that time. Present officers of the company are: Donald Bacon, president; Harold A. Jones, vice-president and general manager; H. C. Schneider, vice-president; E. W. Eaton, secretary-treasurer; R. W. Wagner, director, in charge of power take-off engineering; R. W. Ambrose, director and sales manager.

Samuel Tushingham, who has been associated with the company for a year as factory manager, is given credit by company officials for changing the plant to its present specialized status. Before coming here Mr. Tushingham had been in specialized work with the automotive industry in Detroit.

Number of Hunters To Set Record, Is Belief

Lansing—A record number of hunters may seek deer in Michigan during the regular gun season, November 15-30.

Conservation department game men say there are ample indications that more licenses will be sold this year than during the previous record season of 1941 when approximately 227,000 hunters were in the woods. The 1943 license sale approximated 217,000.

All reservations for the week preceding the season on the ferry from Frankfort to Manistique and Manistique in the upper peninsula were engaged weeks ago. The state highway department will operate all available ferries across the Straits. Conservation department district offices are making intensive canvasses of homes and resorts that can provide lodgings. Inquiries from outstate are being received in larger numbers.

One of every three hunters got his deer last season in Michigan. The department says that the deer herd should provide equally good hunting later this month. The herd came through the 1943-44 winter in good shape.

6th War Loan Drive Starts Next Monday

Chelsea's Quota Set At \$325,000; George Doe Is Local Chairman.

The Sixth War Loan Drive will be in full swing before this paper again goes to press. The drive starts on Monday, November 20, and ends on Saturday, December 16.

Chelsea's total quota of all types of bonds is \$325,000, or \$50,000 less than for the last, or Fifth Loan.

Chelsea has always exceeded its quota by a healthy margin, because it has made its purchases according to its best ability to buy, and there is every reason to expect that it will do the same in this, the Sixth War Loan. George Doe, our executive chairman, is working out the plan of organization along the same lines as have been used so successfully in Chelsea in the past.

So that you will all understand the Chelsea Plan, we again give you an analysis of it:

"All persons who are working in Chelsea plants will be solicited by gallants selected from among their own number; persons working in the downtown area, and persons living there who do not work in one of our plants, will be solicited by gallants who have been assigned to certain definite sections. The schools and the Methodist Home have their own gallants. All other persons will be solicited by gallants who have had names assigned to them."

In most cases you will be solicited by the same gallant who solicited you in the last drive. If there is any change, he can tell you who is to see you in this drive.

Start your buying when the drive starts, and give the serial number of your bond to the gallant who has your name. Each gallant has plenty to do, and you can help him and the War Loan by making your purchases early and giving him the serial number. We will keep you posted through this paper as to the progress of the drive.

Quota Figures
The Nation \$14,000,000,000
Washtenaw County 8,184,000
Chelsea's Part 325,000
Chelsea's quota is divided as follows:

"E" Bonds \$ 75,000
"F" and "G" Bonds 50,000
Corporations 200,000

Chelsea's Total \$325,000

Chelsea has been exceeding its quota in all types of bonds, but is in the best position to exceed its quota in "E" bonds, and these are the bonds that government financiers like to see going into the hands of the people in large numbers as they form the best hedge against inflation.

DAIRY FEED PAYMENTS

Federal Dairy Feed Subsidy payments for the months of July and August have been completed, according to Harry M. Cole, secretary of the Washtenaw County Agricultural Conservation Association.

Payments of 60c per hundred for milk and 10c per pound for butterfat for the months of September and October will be made any time after November 15, to December 15, 1944.

Producers of dairy products may mail or bring their records or statements from their local dairy to the county office, 201 E. Liberty St., Ann Arbor, for the months of September and October, along with the signed applications.

It is suggested that distributors and milk haulers kindly notify their milk producers of this "time" to apply for the subsidy payment. If by any chance a producer has not received an application, they may write the county AAA office for it.

PRESENT FLAG TO KIWANIS

The Women's Relief Corps presented an American flag to the local Kiwanis club at their meeting on Monday evening. Ida Damon was color bearer. The pledge of allegiance was given by all and prayer was offered by the chaplain, Winifred Moore. "Star Spangled Banner" was sung in closing.

GRANGES INSTALL OFFICERS

A joint installation of the newly-elected officers of North Sylvan, Cavanaugh Lake and Lafayette Granges was held at Salem Methodist church on Thursday evening. Members of Cavanaugh Lake Grange were entertainers and about 60 were in attendance. Fred W. Notten was the installing officer, Mr. and Mrs. P. M. With Our Men In Service

The following letter was received recently by Sam Bohnet from a young man who was stationed at Camp Waterloo for some time, who was befriended by Mr. Bohnet.

New Guinea, Oct. 12, 1944.

Dear Mr. Bohnet:

When Sgt. Brady and myself spent the week-end in Chelsea with you folks last January, little did we think then that we would land in New Guinea. We left Ft. Custer the latter part of April and arrived here around the first of June. We sailed from San Francisco and spent some rather monotonous days on the water.

This country is not at all like the tropical countries one sees in the movies. I think we have all the insects and vermin that ever walked, crawled, or flew, over here, plus a snake now and then. Two pythons have been killed by members of our battalion. They are nice chummy little fellows 15 or 20 feet long.

The days are sultry but the nights are cool and swell for sleeping, that's one blessing. There are no towns other than natives' villages, so we don't worry about where we're going next Saturday night. God might not have forgotten this country but he certainly did neglect it.

The natives are a queer lot—plenty black, with an odd head of hair that looks like wool on a sheep. Some of them speak fairly good English, having had some schooling through the missions; others know just enough English to get a fellow all tangled up trying to talk to them. They are friendly enough but I would not care to have them for enemies.

We are within sight of the Owen Stanley range of mountains. The boys of the 32nd division must have had a time back in '42 crossing them through the jungle. Before coming over I really had no clear conception of what the jungle really is. After the war the only jungle I'll fight will be the jungles of my home state—California.

During the six weeks we were at Waterloo I only got to Chelsea once. The weather was rather chilly for hitch-hiking, and I hate cold weather. I would like your country in the summertime, I know, fishing on the lakes and hunting. Chelsea has been the only town I have visited during my army career that didn't in one way or another treat the service man with a rather patronizing air. Sgt. Brady and myself often talk about the Saturday and Sunday we spent there. The lady at the Sylvan hotel let us sleep on the davenport in the lobby when she had no rooms available.

I thought I'd let you know we hadn't forgotten you. Give my regards to Bill Schatz, the fellow at the cigar store. I'd like to visit you again sometime.

As ever—Harry Smith.

Mr. and Mrs. Edward Gordon of Detroit were guests of Mr. and Mrs. L. E. Riemschneider on Sunday.

PIN CHATTER

(November 8)

Well, Dixie Gas and Foster's Tavern will be feudin' again—they're both tied for first place. Let's stay tied all season, girls.

Some of our bowlers are really getting hot-shots, especially on splits. J. Eder picked up the 1-2-4-7. L. Riihimaki slid the 5-7-10 perfect; M. Jarvis picked off the 5-7.

Someone always has to get a lot of splits. This week, L. Allhouse had 7, which spoils many good games.

R. Johnson had a good series for three games—542. Her first game score, 225—was she happy!

The CIO lost their last game by two pins. Wow, does that make a person disgusted.

R. Lienhart is doing alright—she has raised her average 29 pins already.

Girls, if there is any doubt about your score or you notice a mistake in someone else's, ask about it then, not after the game. Most of the girls

know how to keep score, but anyone can make a mistake, and many games have been won, or lost, by one or two pins.

Screw Plant Beats Foster's Tavern Saturday night, Al Mahar's team decided to take revenge on Foster's Tavern—and they did just that. Foster's lost all three games. R. Honick, on Foster's, picked up two nice splits, the 5-7 twice. M. Jarvis picked up the 5-10 and A. Harris, the 8-10. The girls really were trying, but just couldn't get in the groove. A. Mahar was really going strong. He rolled 17 frames without a blow. The men's team total, 2294, ladies 2061. The girls want a rematch game anytime, so watch out if they get going.

Central Fibre took the Sylvan Recreation team by a big score, but we all had a lot of fun. There's something more exciting in match games than league bowling.

The line-up of the quintette from Chelsea was: Manager Don Alber, Dick Foor, Hank Orbring, (Stinky) Mast and Lofen Munro. The Chelsea boys showed the result of fine training, with the accent on physical fitness, for not one substitution was made by them in either of the two games.

The line-up for the Cassidy Lake five, included such men as: Manager Bartels, Brown Vermilyer, Adado and

Terry for the first team, and Pim-Broke, Reymore, Hartley, Knight and Lego comprising the second team.

The highlight of the evening was the effective playing by three boys from the Wayward Group who were responsible for a substantial 22 to 20 lead for Cassidy Lake at the end of the first half period. At this point Lego from the youthful group, together with Knight and Hartley of the Student Group were replaced by Bartels, Vermilyer and Brown. After this change Chelsea went ahead to win easily by a score of 38 to 24.

The game was refereed by (Fats) Gaken, a member of the Chelsea high school football squad, who was not only an impartial and capable referee, but who amused the spectators with his ready wit and comedy. Other officials of the game were: Parrett, acting as time-keeper, and McLaren as score-keeper.

Lieut. Geo. F. Parish, who is sponsoring basketball at the camp, is not discouraged by the fact that so far his boys have come out on the losing end of all the games played so far. He voices the belief that the showing made thus far does not show the real strength to be expected from the Cassidy Lake Project team this season.

One of the many happy occasions that has occurred at the Cassidy Lake Honor Camp, was sponsored by Rev. Grabowski on Sunday evening, Nov. 12, when a song fest and some presentations by the St. Paul's Senior Choir, was arranged for the men of the camp.

The members of the fine choir, under the leadership of Paul (Jerry) Niehaus, were: Mrs. Ruth Niehaus, Miss Betty Seltz, Mrs. Emma Oesterle, Mrs. Olga Strieter, Miss Amanda Koch, Mrs. Anna Flintoft, Howard

Flintoft, Paul Barbour, and Mrs. Oleta Mayer who accompanied this group on the piano. Concluding the evening's festivities, refreshments were served to the men, given by the members of the St. Paul's church.

In attendance were Lieut. and Mrs. George F. Parish. Lieut. Parish, who is Superintendent of the Camp, extended his gratitude for the interest shown in his boys at the Camp. In remarking on the evening's entertainment, he said, "The good will that has been spread among the men at the Camp by Rev. Grabowski, is deeply appreciated."

CARD OF THANKS

We wish in this way to express our sincere gratitude to our friends and relatives for their many acts of kindness and expressions of sympathy. Chris Koch and family.

24 Years Ago

Thursday, November 18, 1920

Word comes from Washington that home brewing was brought actively under the prohibition ban last week when it was learned that enforcement officials had ruled against the sale of hops and malt to others than bakers and confectioners. Details of the order were lacking.

Gasoline dropped six cents a gallon last week—don't hurry, this occurred in England.

Five inches of snow greeted the people of this vicinity Wednesday morning. Most of it melted before night.

One of the popular indoor sports these days is naming President-elect Harding's cabinet members for him.

A. G. Feist has secured the agency for the Moline universal tractor.

North Sylvan Grange gave Mr. and Mrs. C. W. Saunders a farewell party at the home of Mr. and Mrs. N. W. Laird Saturday evening. About fifty were present. Mr. and Mrs. Saunders will leave for Florida today, where they will spend the winter.

D. H. Wurster left Tuesday for Chicago, where he will spend several days purchasing goods for the Vogel & Wurster store.

Recent Ford sales: Wm. Clark, Howard Boyce, Julius Schoenegg, touring; S. J. Heeselschwerdt, coupelet; Frank Leach, truck.

George Bauer has been suffering with blood poisoning for the past week.

Marriages: Anna E. Mast and Fred Kanouse of Jackson; Miss Mast was formerly of Chelsea. Florence G. Read of Dexter and James Edward Heim of Sylvan were married Nov. 16, 1920 at St. Joseph's church, Dexter.

Funeral services were held Friday for Dell Teeples, who died from internal injuries received when he fell from a wagon. Mr. Teeples is survived by his widow, a son, and several grandchildren. Burial was in the East cemetery, Grass Lake, with Rev. W. A. Cutler officiating.

34 Years Ago

Thursday, November 17, 1910

Mrs. Mercy Boyd (Grandma Boyd) will celebrate her 100th birthday anniversary Nov. 25, 1910. During her long life there have been 23 Presidents elected. She was married to Harvey G. Boyd Oct. 26, 1836 in Yates county, New York. In 1855 they purchased the Boyd homestead at Sylvan Center. Mr. and Mrs. Boyd celebrated their golden wedding anniversary in the house which yet remains on the farm. Mr. Boyd died Nov. 13, 1889. To this union four sons were born. Mrs. Boyd makes her home with her daughter-in-law, Mary Boyd. Grandma Boyd is as active as a person 60 years of age. She is able to read the papers without glasses, and attend to her wants without assistance. She injured her hip two years ago, and she uses a cane in walking, but she has not the slightest limp. Her health is good, and her mental faculties are as good now as when she was 40. To those of the present generation, her long life reminiscence would make a very interesting volume.

Of the 2,778,000 men who enlisted in the union army for service in the Civil war, 1,161,598 were under 19, so the term "boys" so often applied to them in song and story was not a mere figure of speech. Ed. Keusch has had the village electric lights placed in his residence. Mrs. Hattie Northrop has had her residence connected up with the village water works.

Mrs. F. Ohlinger and daughter Constance of China spent Saturday and Sunday with the former's cousin, Philip Schweinfurth and family. She has lived in China for 34 years, has crossed the Pacific Ocean six times and the Atlantic twice. Mrs. Ohlinger can speak seven different languages. She expects to return to China in March.

The masons have completed their work on the Gates-estate building, and the carpenters are at work on the interior. When completed it will be one of the finest in Chelsea.

Married, on Thursday, Nov. 10, 1910 at Detroit, Sidney Bakewell of Chelsea and Miss Nettie Merrill of Detroit. Mr. and Mrs. Bakewell will live on North street.

Mrs. Mina Roepcke was born in Germany on April 18, 1855 and died at her home in Unadilla on Tuesday, Nov. 15, 1910. She was the mother of fourteen children, thirteen of whom are living. Funeral was held from the Unadilla Presbyterian church. Rev. Armstrong officiated, and interment was in Unadilla.

The football game here Saturday between Chelsea and Dexter resulted in a tie score.

Nelson Peterson and Carl Straub, who are in the north woods hunting, are expected home soon.

KIWANIS NEWS

Allie, publicity director, Michigan Railroads Association, addressed the club on Monday evening, giving an interesting outline of the magnificent job the railroads are doing in keeping military and civilian traffic at the present peak with much less equipment than was available in the pre-war period.

All the beautiful songs yet to be composed are right on the key-board of the piano. A person could take them all, but without the talent of a composer, he wouldn't have a song. So it is with prescription drugs. MOMS MEET AT CHURCH HOUSE

The regular meeting of the MOMS, Unit 40, was held at the St. Paul's church house on Thursday evening, Nov. 9, with a fine attendance. After the reports of officers and committees were read and accepted, Mrs. Ethel Knickerbocker gave a report of the State convention held in Dearborn. She pointed out that the chaplain's fine speech, given there, was in the current "Bulletin."

It was voted to have a Christmas party at the next regular meeting, December 14. Each member is requested to bring a 50c gift for the exchange of gifts.

The Christmas boxes for service men and women who are still in this country, were on display—thirty-three of them. This number, added to the sixty-four for those who are across, makes a total of ninety-seven. These boxes were all very nice and much credit is due both committees who packed them.

OFFICE NEWS

School will be closed Thursday and Friday, November 23 and 24, for Thanksgiving.

Manchester football game will be played here today, starting at 3:30. Mr. Revell and members of his conducting class from the University will work with our band tomorrow.

The Cub Scouts are planning a get-together at the school tonight.

The Boy Scouts will hold the District Court of Honor in the gym on Tuesday evening.

There is a great need for a bigger locker room here in school. Since expansion, at this time, is out of the question we must turn to other effective measures. These are "courtesy" and "order."

No matter how large a room is, if you go in like an exploding bomb there is likely to be some disastrous effect. In the morning, at noon, and after school in the afternoon there is always a crowd milling around the lockers. If a person near the door wishes to get to her locker at the far end of the room, pushing and shoving is the "most used" method of getting there. Of course there are those who try just to be carried along by the force of the crowd.

Listen! Gang!—make a resolution that before you enter the locker room,

you will try to treat your neighbor in a manner you would consider proper for yourself. In this way "courtesy" wins out.

If "order" or "routine" could be developed in the locker room it would play a major part in avoiding accidents. These accidents are usually the injury of a person's dignity but we cannot rely on fate always to let us off so easily. Just let your conscience be your guide for the rest of this year in connection with locker-room conduct.

ALL-HI PARTY

It wouldn't be a "home game" in Chelsea without an All-Hi afterwards, so, true to tradition, Friday night the gym was a scene of a party (Quite a scene, too!)

Being one of those spur-of-the-moment parties it was rather tame and

uneventful. The evening consisted of dancing and refreshments, composed of cookies and "soft drink hash." It was really very good.

Chaperons were Miss Spence and Mr. Cameron. The party ended about 11 o'clock.

HI-Y

At their last meeting they discussed further plans for the minstrel show which is now in rehearsal.

G.A.A.

The teachers were defeated in the volleyball tournament. They paid off with a supper this week. Basketball is now under way.

ATHLETIC BOARD

We discussed plans for the party November 17, which will be sponsored by the Athletic Board.

The football boys and the G.A.A. will put on a skit for entertainment. The committees are as follows: Refreshments—Marcelline Hinderer. Tickets—Joyce Lentz.

All football boys who are not eligible for a letter will be on the cleanup committee.

BAND

The band is getting ready for the pep meeting for the Manchester football game.

They are keeping \$15.00 in the treasury for emergency and our parties can't go over the limit of \$10.00 in expense.

SENIOR NEWS

The Seniors had their regular class meeting on Wednesday of last week. The class voted for the Most Representative Girl and the D.A.R. Good Citizen, who is the girl having the best qualities of citizenship.

Some of the Annual Staff was elected and the rest will be elected at the next class meeting.

FOOTBALL

(John Wellnitz and Joyce Hoffman). Chelsea 14—Milan 25

Before a very large crowd at the Chelsea athletic field, Milan beat Chelsea, 25-14. In the first quarter Chelsea kicked off to Milan who could not get very far. Chelsea got the ball and after two plays Slane, Chelsea's fullback, ran the ball from his own 34 to Milan's 30 with very good blocking. Milan's Herman, No. 21 if some of you did not get a program, with very good blocking ran for a touchdown from his own 45 yard line. The line plunge for the extra point was good. Milan 7—Chelsea 0. Colquhoun intercepted a pass just before the quarter ended.

Chelsea had the ball on their own 49. Slane again took the ball and

This time went to the 30 yard line. On the second play he took the ball to the one yard line. Knickerbocker then went over. Carraher's kick was good. Score: 7-7. Milan took the kick-off, and on series of line plays worked its way to Chelsea's 45-yard line. Then on a quick opening play Herman took the ball and ran off tackle for 45 yards to score 5 minutes before the half. The line plunge for the extra point was stopped by Eisemann. Colquhoun intercepted a pass and made five yards. Knickerbocker intercepted another one as the half ended. Milan 13—Chelsea 7.

Miller from Milan got away, and went from his own 11 to Chelsea's 10 on a beautiful run. Slane scored again and this time the kick was no good. Score: 19-7. On a 15 yard pass Carraher went 25 more yards before he was knocked out of bounds by Herman. Slane and Knickerbocker then worked the ball up the field and Slane then went over for a touchdown. Carraher's kick was good again. Score: 19-14.

During fourth quarter Milan marched right to the 16 yard line with first down and goal to go. On one play Milan made a little yardage on the second down, they lost all they gained on the third down they moved to the one yard line. On the fourth down the Milan quarterback, Coklin, took the ball thru center for the touchdown. Because of a fake center Milan had to forfeit the chance for the extra point.

This game was played very clean. Final score: Chelsea 14, Milan 25.

Today, this very afternoon, Chelsea plays her great rival, Manchester, at the Chelsea athletic field at 3:30. The game is being played today because the stores are closed and those people can come out and see a great team work. Be there and give your support—Nov. 16.

THE OLD JUDGE SAYS...

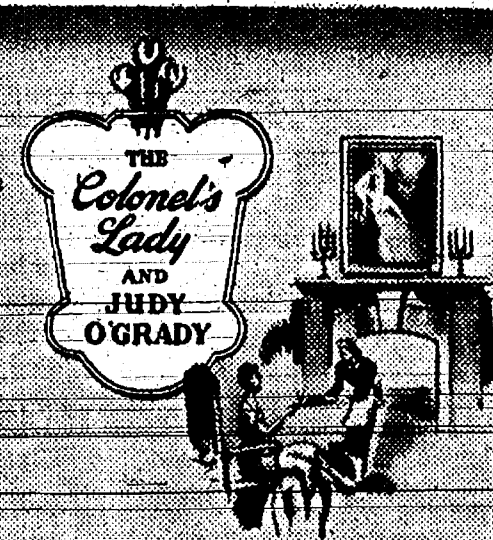

"Mary and I were just saying, Judge, how lucky we are here in America that we have so many natural resources to help win the war."
"That's right, Jim. When war broke out we had oil, we had steel, we had food, lumber, aluminum...practically everything we needed. There's one thing we didn't have...rubber. The enemy had that."
"But that didn't bother us for long. Soon American brains and industry had synthetic rubber by the tons rolling out of plants. That filled a critical need...you can't win a war without rubber."

"I was very much interested the other day in reading a statement made by a high government official on synthetic rubber. In it he said 'It is fair to regard the rubber manufactured to date as being almost solely the product of the beverage distilling industry.'"
"He also said that, in his estimation, the tremendous contribution of distillers' industrial alcohol to the synthetic rubber program had not received the recognition which it deserves."
"We certainly learned something today, didn't we Mary?"

Veteran Farm Plan Is Studied By Ag Agents

How to build a stockpile of farm opportunities for returning war veterans who wish to enter agriculture is being studied by Michigan county agricultural agents, as they prepare to give counsel to soldiers coming back from the battlefields. Whether the veteran is in a position to rent, buy, manage a farm, or simply work as an employee, openings that await him will be on file in each county in the county agent's office. Specialized study of this problem was made at a recent meeting of all agents at Higgins Lake. There they were told that Michigan has about a half million men in service now. As these return, a large percentage will be seeking means of entering occupations relating to agriculture. Plans for rendering advisory service for veterans wishing information on agriculture are being drawn up by agents in each county. Most agents will set up advisory committees to work with the selective service boards and the various veterans organizations. One of the principal questions that the advisory groups will attempt to answer for the soldier is, "Does he have experience, brains and brawn for the job of farming?" For those persons desiring to sell farms to returning veterans and industrial workers, the situation, briefly, as far as the advisory program is concerned is this: If the farm land is fit for farming, the program will support the sale. If the land is unfit for farming, the program will oppose its sale for agricultural purposes. One of the main objectives will be to prevent sale for farming use the 50 percent of Michigan land unfit for agriculture. An attempt will also be made to give a true picture of the farming industry to city people who will be coming from wartime industrial plants to buy farms. Many of these people, it was pointed out, look upon farming as an easy, profitable existence. They must be disillusioned and told the actual facts, Michigan county agents agreed at their meeting.
