**Village In Possession of New Municipal Building**

The Village of Chelsea took possession of the Vogel building on East Middle street on February 1 and no time was lost in making plans for remodeling work which will be done in preparation for the housing of all village departments.

Kasurin & Kasurin, Ann Arbor architects, have been employed to draft the remodeling plans, and a representative of the firm attended the council meeting on Monday night and inspected the building with members of the council.

It is expected that plans will be submitted at the next regular meeting of the council on February 19, and if the plans are approved work will be started soon thereafter, according to village officials.

According to the original plans of the council when the building was purchased two months ago, this structure will house the fire department, the Electric & Water department offices, police department, public library, etc., and plans will also include public restrooms, probably in the basement.

Following a thorough inspection of the building after it was vacated by the Super Market, village officials were enthusiastic over the prospects of making this newly acquired property into a municipal building which will adequately serve all village departments as well as providing conveniences to the populace which have long been needed.

**With Our Men In Service**

The 315th Station Hospital—Wounded when fragments from a German 88mm shell struck him in the back, Private First Class Louis E. Otto, 30, of Chelsea, Michigan is now recovering at this United States Army station hospital in England.

His ward surgeon, Captain John E. Pateoff of Toledo, Ohio said, "Pfc. Otto is making a rapid recovery and will soon return to duty."

Machinist gunner with an infantry unit, Pfc. Otto, who has been awarded the Purple Heart, took part in the drive across France, from Brest to the Siegfried Line in Luxembourg before being wounded when a shell burst in a treetop near him in the Heurigen Forest outside of Aachen.

Before he entered the army, Pfc. Otto was a machinist with the Brown-McLaren Manufacturing Co. at Hamburg. His parents, Mr. and Mrs. William Otto, live at Chelsea.

Headquarters Tenth Air Force in Burma—Promotion to Technician Fourth Grade of Leland A. McDaid, husband of Mrs. Leland A. McDaid, Perry, Mich., has been announced by Maj. Gen. Howard C. Davidson, Commanding General, Tenth Air Force, EAC.

A message center clerk for an engineer aviation battalion of the Tenth Air Force that operates against the Japs in the India-Burma theater, T/4 McDaid has been in the armed forces 24 months, having spent the past five months in this theater of operations.

He attended Chelsea high school, and was formerly a machinist for Central Fibre Products.

The Polites twins, who were home after eight months in the Pacific, have returned to San Francisco. During their leave they were entertained at several dinners and parties by their mother, Mrs. Howard Boyce of Lyndon, and by Mrs. Frank Rose, Mr. and Mrs. Chas. Howe and Mr. and Mrs. Paul Boyce. George wears the Purple Heart, and both boys took part in nine major battles.

Howard Boyce of Lyndon has been informed by the War Department that his son, Harold, was wounded in action in Belgium and is now a patient in a hospital in England.

**Minstrel Show Will Be Staged Friday-Saturday**

As the time draws near for the opening curtain which will usher in the first performance of the Kiwanis Minstrel-Jamboree, Paul F. Niehaus, director, and others who have followed the progress of the rehearsals predict that this will be the greatest home talent show ever produced in Chelsea.

Dress rehearsal for the entire cast will be held tonight and the show will be produced on Friday and Saturday nights at the public school auditorium, with the curtain rising each night promptly at 8:15, Eastern War Time.

In addition to the hilarious endmen, the colored chorus of the community's best trained voices, the Cotton Pickers Orchestra, and the dignified John Perini in the role of interlocutor, this home talent will be augmented by three outstanding specialty numbers which alone would be worth the price of admission, according to those who are acquainted with their talents.

These specialty numbers include Eugene K. Mathews, magician and mind reader; Johnny Boyle, Western singer with guitar; and Earl Gotberg, ventriloquist, with his pal, "Oscar."

Net proceeds from the show will go to the Athletic Field Lighting Fund, a project which is being sponsored by the Kiwanis club.

**Churches Will Unite For Lenten Services**

In keeping with the national Christian movement of Lenten observance, the Protestant churches of Chelsea have planned their annual Lenten services.

This period before Easter is coming to have a greater influence in the life and character of people each year and especially now as the sufferings and horrors of war make us think deeply and seriously.

Are we big enough in soul for the tasks that lie ahead? Are we big enough and strong enough to face the coming days? These are questions we must ask ourselves these Lenten days. These are tragic times for religion and the world. Lent should be a time of soul searching, careful discipline and ceaseless search for inward strength. We must have a clearer goal, more incentive to achieve it and a plan for action.

These Union meetings open next Wednesday evening and culminate in the Good Friday service on March 30. The meetings will be held at 7:30, as follows:

February 14 and 21 at St. Paul's church, with Rev. Leroy Lord and Rev. W. H. Skentelbury speaking.

February 28 and March 7 at the Congregational church, Rev. Everett Major and Rev. Robert McClean of Grass Lake.

March 14 and 21 at the Methodist church, with Rev. John W. Parrish of St. James Methodist church, Detroit, and Rev. Paul Grabowski.

Good Friday service at the Methodist church, with Rev. Major and Rev. Skentelbury speaking.

**Parent-Teacher Ass'n Organized In Chelsea**

Sponsored by the Young Mothers' Child Study club of Chelsea, an open meeting was held in the kindergarten room of the public school on Wednesday evening, January 31, to organize a Parent-Teacher Association to be affiliated with the Michigan and National Congress of Parents and Teachers.

L. E. Riemenschneider led group singing, with Mrs. Riemenschneider at the piano, to open the meeting which was under the direction of Mrs. Alfred D. Mayer.

The meeting was addressed with a lively and enlightening talk on the purposes of Parent-Teacher work by Mrs. Harry King, Director of the sixth district of Michigan of which the Chelsea Association will assume membership upon approval by the Michigan Branch.

Mrs. H. T. Moore was elected president of the new association. Other officers elected were: Mrs. Lewis Bernath, vice-president; David J. Miller, secretary; and Mrs. Robert Wagner, treasurer.

A notable dearth of fathers was in attendance and it is to be hoped that the next and subsequent meetings will discover a larger response from them.

The association will meet at the public school the third Wednesday evening of each month.

**Local Church Women to Observe Day of Prayer**

The women of the Chelsea Protestant churches have planned a Community Day of Prayer service to be held on Friday, February 16, the day when this is nationally observed. To the women of the surrounding churches and of the community they extend a cordial invitation to attend.

This service will be held at the Congregational church at 2 p.m., and the program provided by the United Council of Church Women will be used. The speaker for the occasion will be Dr. Geo. Shepherd, of China, now at Ann Arbor, who for years was the personal advisor of Chiang Kai Shek. A tea will follow the program and will be served by the hostess church.

The committee in charge of arrangements is as follows: Mrs. M. W. McClure, chairman, assisted by Mrs. Wm. Geddes of the Congregational church, Mrs. Waldo Kusterer and Mrs. Wilbert Breitenwischer of St. Paul's church, and Mrs. Beth Hollidge and Mrs. Edwin Gaunt of the Methodist church.

### 24 Years Ago

Thursday, February 8, 1921.

Melvin, six-year-old son of Mr. and Mrs. Emerson-Lesser of Sylvan, had his right arm broken in three places twice between the elbow and wrist and once above the elbow, last Saturday forenoon. Mrs. Lesser heard him screaming and running outside she found the boy in the milk house. The boy had his arm wound around the shaft and had made several revolutions with his body. A gasoline engine is used to pump water and operate small machinery on the farm. It is thought that the boy had put the belt on the grindstone and had stepped on the frame of the stone to put the belt on the shaft, getting his clothing

caught while doing so. He was intending to sharpen his hatchet. The boy was fortunate to escape with his life, the last reports were that the lad was getting along as well as could be expected.

The Chelsea health officer has removed the quarantine from all public gatherings.

Carl A. Bagge has accepted a position as a traveling salesman for the Goebel Garment company. Mr. Bagge left Wednesday for his first trip.

Miss Freda Wedemeyer has accepted a position in the Carson City high school as English teacher and left here the past week to assume her work.

The timely discovery by Miss Elizabeth Barthell of a blaze on the roof of St. Mary rectory, Friday afternoon, prevented what might have been a serious fire. The blaze started near the chimney on the south side of the residence. A few pails of water subdued the flames.

A pleasant event took place Sunday at the home of Mr. and Mrs. George Barth of Lima, when the S.P.I. club of St. Paul's church surprised Mrs. Barth on her 64th birthday. The program consisted of songs, address of welcome by Rev. Krause, and at the close of the program each member presented her with a birthday card. Fourteen members enjoyed a lovely lunch and at the closing all sang "God Be With You 'Till We Meet Again."

Thursday, February 16, 1921

The marriage of Miss Angelina Mattack of Highland Park and Louis A. Burg of Hamtramck took place in Detroit at 7:00 o'clock Monday morning. Rev. Fr. McDonald officiating. The couple were attended by Miss Margaret Burg, sister of the bridegroom and Edward Nordman of Detroit. Mr. Burg is the son of Mr. and Mrs. J. L. Burg of this place. The young couple will make their home in Highland Park.

Mrs. Elsea (Pritchard) Fenn, wife of Frank Fenn, a former well-known Chelsea boy, died in Harper hospital, Detroit, Sunday evening, February 6, 1921. Mr. and Mrs. Fenn have resided in Detroit for several years. Besides the husband she is survived by her mother, two brothers and one sister, all residents of Jackson. The funeral was held in Jackson Tuesday afternoon. Mr. and Mrs. H. H. Fenn of Chelsea attended the services.

Dr. J. T. Woods bought the Sylvan Center M. E. church property which was sold at public auction Monday.

Misses Margaret and Anna Miller will leave Saturday for Buffalo and Cleveland to buy spring goods. The Michigan Portland Cement Co. expect to start their plant at Four Mile Lake about February 15. The plant has been given a thorough overhauling the past two months.

Born February 3, 1921, to Mr. and Mrs. Simon Schuller, a daughter.

Born February 7, 1921, to Mr. and Mrs. Clarence Bahmiller, a son.

Mr. and Mrs. John Schieferstein and daughter, Flora, expect to leave for California the first of the week, where they will spend about two months visiting friends and relatives. A farewell party was given by the Rebekah Tuesday in honor of Mrs. Henry Wais and Miss Lillie Schmidt. Mr. and Mrs. Daus and son and Miss Schmidt and father, J. G. Schmidt, Jr., will leave soon for Washington where they will reside. An enjoyable time was spent and delicious refreshments were served.

Miss Leona-Belset left for Muskegon Wednesday on receipt of a telegram from the school board offering her a position in the schools of that city.

Mrs. E. A. Dancer will sell at public auction on Tuesday her personal property on the E. A. Dancer farm in Lima, consisting of horses, cattle, sheep, and farm tools.

The Queen Esther Circle will hold a bake sale at the store of Geo. H. Foster and Son, Saturday, February 11. The sale will begin at 10:00 o'clock in the forenoon.

Fred Wagner of Sandusky, Michigan, who formerly conducted the Princess theatre, has written some of his Chelsea friends that he was married recently.

A steam heating plant is being installed in the Gates Estate building.

Adam Eppler has recovered from his illness and is again at his place of business.

Word has been received announcing the death of Rev. L. Koelbing at his home in Endora, Kansas, last week. Rev. Koelbing was a former pastor of St. Paul's church here.

John Meselschwerdt has just received another bunch of horses, ten, which he offers for sale.

INTERPRETING THE NEWS

By GENE ALLEMAN

This article is not anti-labor. Nor is it pro-management. Instead it seeks, as objectively as possible, to be straight pro-American, presenting facts as we get them about today's war urgency program in Michigan.

In the first place, here's the Michigan situation of war manpower and production. Michigan's manpower contribution to the military forces is now approximately 550,000. Michigan draft boards have been instructed to induct young farmers; even war workers in the age group through 29 are being reclassified for military duty. Fewer workers will be left to fill the essential jobs on the home front.

Production requirements have been stepped up sharply. Michigan is high on the list of critical contracts, some of which have been increased as much as 700 per cent. More war material vs. fewer workers!

For example, take the tank production picture.

Tanks have made a strong comeback. Whereas production early in 1944 had been pared to 1,200 per month, requirements today are nearly 2,000 a month. Designs have been changed also with a trend toward greater horsepower and mobility including wider treads.

The Chrysler and Fisher tank-arsenals are now nearly tooled for a heavy tank of new design, deliveries of which have already started.

Another item is rockets. The production schedule for January called for a 92 per cent increase over December!

Munitions production in December was one per cent over the November total, but still two per cent behind quotas as scheduled. The December production record, achieved at the time of the costly German breakthrough into Belgium, is scarcely cause for cheering.

Another "must" is heavy-heavy trucks with the foundry industry a temporary bottleneck.

"All right," you say. "Our war plants aren't making tanks or rockets or trucks. What can I do about it?"

There's where the average reader may be mistaken. The big war plants depend on hundreds of sub-contractors for vitally needed parts. And hundreds of these sub-contractors are located in small cities and towns throughout Michigan. Don't be so positive that the "other war plant" is in Detroit, Flint, Pontiac or Jackson—just to mention a few of the leading industrial centers. A critical bottleneck may develop right in your own home town.

With fewer persons left on the Michigan home front available to work and with greater war contracts than ever on hand to be met, solution of the problem is not going to be easy.

Is it possible for production per worker to be increased?

On the basis of official information obtained from leading army, navy and War Production Board officials in Detroit, the emphatic answer is "Yes!"

The regional director of the War Production Board, Carsten Tiedeman, thinks so. There is no manpower shortage in Detroit. There is a decline in worker efficiency due to growing absenteeism and failure to stick to war jobs. Production efficiency in the average war plant is below pre-war levels. Morale is bad.

Workers are told by some union leaders not to increase production. "Don't speed up" is the word. An auto company executive was going through his factory a few days ago when he came across two workers

down on their knees shooting craps; a dozen more stood about watching. Did he fire them? Of course not. Why cause a strike!

Instances of this kind are available literally by the thousands, and the top army, navy and war production board officials know about them.

Well, what can be done about it? One suggestion is that President Roosevelt summon the president of local unions to the White House and make a personal appeal to them to waive production restrictions and let the workers turn out the goods.

Another suggestion is for management to provide a wage incentive whereby so-called "increased profits" resulting from increased production would be shared with the workers. One automobile company has found that extra-pay-for-extra work has achieved greater production in one plant than in other plants where incentives were lacking. Instead of the worker making \$1.19 an hour, the average worker made \$1.71 an hour in December.

It is a fact that organized labor could increase production in war plants by removing arbitrarily forced restrictions.

It is a fact that a chief handicap is the worker's class distrust of management and the suspicion that management is trying to "put something over" for its own selfish benefit—more dividends for stockholders and bonuses for executives.

The above situation is tragic. It is deplorable. American boys are sacrificing their lives. Read your newspaper headlines for their names. Your son may be one of them.

Hence this direct appeal to the American worker: PRODUCE MORE GOODS!

And this to management: TEAM UP!

Quit the feud. Uncle Sam needs your help for victory in 1945.

### SWEET MILK DOUGHNUTS

Here is a simple recipe for doughnuts. They are crisp and brown on the outside and light and fluffy on the inside. The secret in rolling them out is to have the dough thoroughly chilled. Then allow the doughnuts to stand about 15 minutes before dropping them into the hot fat. This helps to prevent cracking. There is nothing more delicious than home-made doughnuts. Roll them in confectioners' sugar or leave plain.

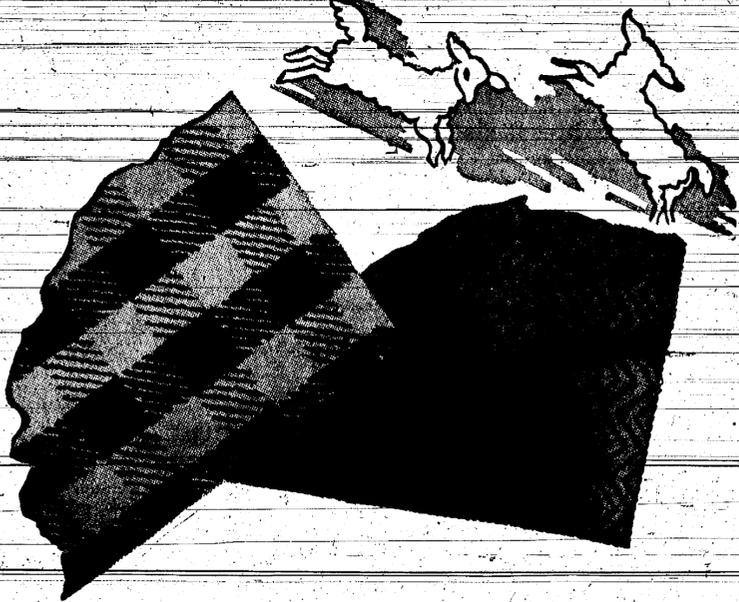

#### (ABOUT 3 DOZEN)

- About 4 1/2 cups sifted all-purpose flour.
- 2 eggs.
- 5 teaspoons baking powder.
- 1 cup sugar.
- 1 teaspoon salt.
- 1 teaspoon vanilla extract.
- 1/2 teaspoon ground nutmeg.
- 2 tablespoons melted shortening.
- 1 cup milk.

- Sift dry ingredients together three times.
- Beat eggs, add sugar and beat again.
- Mix extract, shortening and milk and add it alternately with dry ingredients to egg mixture.
- Mix well and chill dough thoroughly in the refrigerator. This will require about 4 hours.
- Roll dough to 1-3 inch in thickness on a floured board.
- Cut with a 2 1/2-inch floured doughnut cutter.
- Allow rounds to stand about 15 minutes.
- Heat about 3 pounds deep frying fat to 375 degrees F., over a full flame.
- Put 5 to 6 doughnuts in the fat. Turn flame on full to reheat fat quickly to 375 degrees F.
- As soon as doughnuts rise to top of the fat, turn them. When brown on one side, turn and fry until other side is brown.
- Drain on absorbent paper.

united in marriage at the Cumberland Avenue Cathedral, Portland, Maine. The Mass was celebrated by the U. S. Naval Chaplain attached to the Navy Station in Portland.

The bride was given in marriage by Elmo M. Uestal, S-10, USN, of Winston-Salem, N. C. She was attired in a winter white street length dress of silk crepe, with matching elbow length gloves of white kid. Her circular finger-tip veil of illusion was held in place by a tiara of white roses. Her bridal bouquet was fashioned of white roses and sweet peas.

The attendants were Miss Mary Furner, sister of the bride, and John H. Buzzell, S-10, USN, of Portland, Maine. The maid of honor wore a gold crepe street length dress with matching hat and gloves. Her bouquet consisted of white carnations.

Both Seamen Buzzell and Uestal are shipmates of the groom. Immediately following the ceremony the wedding breakfast was served at the Eastland Hotel.

Mrs. Steele will remain in Portland.

**LYNDON FARM BUREAU**  
The monthly meeting of the Lyndon Group Community Farm Bureau will take place Tuesday, February 13 at 8:30 p.m. at the home of the chairman, Wirt Boyce. All members are urged to attend this meeting, which will mark our first anniversary. A pot-luck lunch and entertainment will follow the meeting.

Marie-Louise Boyce, Secretary.

**President McKinley Tells Of Abe Lincoln's Power**

What were the traits of character, which made him leader and master, without a rival, in the greatest crisis in our history? What gave him such mighty power? Lincoln had sublime faith in the people. He walked with and among them. He recognized the importance and power of an enlightened public sentiment and was guided by it. Even amid the vicissitudes of war, he concealed little from public review and inspection. In all he did he invited rather than evaded examination and criticism. He submitted his plans and purposes, as far as practicable, to public consideration, with perfect frankness and sincerity.

He had that happy peculiar habit which few public men have attained, of looking away from the deceptive and misleading influences about him—and none are more deceptive than those of public life in our capitals—straight into the hearts of the people. He could not be deceived by the self-interested host of eager counselors who sought to enforce their own particular views upon him as the voice of the country. He chose to determine for himself what the people were thinking about and wanting him to do; and no man ever lived who was a more accurate judge of their opinions and wishes.—William McKinley, February 12, 1895.

**Use Bust**

Use only perfect jars, lids and rings, discarding chipped or cracked jars and dented or bent lids when canning. Use clean new rubber rings of the right size for each jar. Wash jars and lids—but not the metal lids with sealing compound—in hot soapy water and rinse well.

**Better Meals for Cows With Soil Minerals Use**

Four- and one-half years of test demonstration work in Michigan, sponsored by Michigan State college, has brought to light valuable information on the use of minerals in the production of livestock roughage.

Balanced Soil Fertility Program experiments on 750 cooperating farms have revealed that like sugar and cream on breakfast oatmeal, which whets the human appetite, so the addition of phosphorous to the soil makes alfalfa, clover and grass irresistible delicacies for the cow. In return for this sumptuous fare she produces more milk and butter.

Cooperating farmer-delegates who attended recent meetings in Flint, Paw Paw, Hart and Standish to sum up results and lay future plans, explained that livestock, almost without exception, chose to graze on phosphorous treated portions of the fields, neglecting the untreated areas.

Phosphorous also increased the grain yields, with noticeable benefits to alfalfa and clover seedings and meadows. This resulted in such a boost in farm feed production that from 10 to 80 per cent more livestock could be supported on the same acreage.

On some sandy and lighter loam soils, it was evident that results of the phosphate applications were limited because of the deficiency of potash.

C. E. Millar, head of the soil science department of Michigan State college, and Paul J. Rood, extension soil specialist, stressed the importance of farmer assistance and cooperation in studying fertilizer values. H. A. Powers, of the Agricultural Relations Division of the Tennessee Valley Authority, explained manufacturing investigations and experiments. County agricultural agents as well as farmer delegates were present.

**The True Lent By W. M. Punshon**

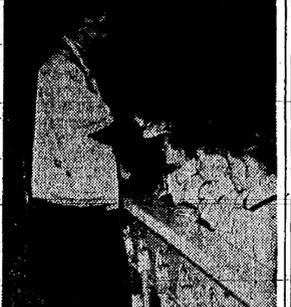

There's winter on the hills today, The sand whet soughs o'er church-yard knolls, And weary nature seems to say, 'Tis Lenten-tide for sinful souls.'

The barb is in our heart today; Sore crushed with sense of all and sin, We feebly strive and faintly pray, 'Gainst danger near, for grace within.

We mourn our pride and passion's stain, The earthly in our hearts enshined; The rebel flesh, too oft in vain Commanded by the nobler mind;

And all of human curse or care Which lurks life's dangerous paths among, To quench the altar-flame of prayer, Or hush the heavenward stain of song.

**Start of Solemnity**

"Remember, man, that thou art dust and unto dust thou wilt return." This admonition to the penitent will be given to thousands, with the imposing ashes upon their foreheads, on Ash Wednesday, February 14, the start of the 40-day period of devotion that is Lent.

**Lent Start of Prayer and Fast of Forty Week-Days**

LENT is a fast of 40 days, not including Sundays, beginning with Ash Wednesday, and ending with the Saturday preceding Easter. The Catholics, Anglican, and other churches make it a season of special self-denial.

As in previous war years, the Lent period will not be strictly observed as a season of fast. Starting on February 14, sometimes called the quadragesimal fast, it will be observed throughout the world as a period of denial and prayer.

Because of the mortifying of the flesh, special penance and prayer, Lent is preeminently the season of spiritual revival in the church. It is supposed to have had its origin in a desire to commemorate our Lord's 40 days of fasting in the wilderness, and His temptation by Satan. At first it lasted only 40 hours, the length of time our Lord lay in the grave, and was purely voluntary.

In time Lent developed into a regularly prescribed fast, and was observed by Christians generally. Its duration was extended to 36 days in the fifth or sixth century. Either Gregory the Great, in the sixth century, or Gregory II, in the eighth century, added the four days to make out the forty. Moses, Elias and our Lord each fasted 40 days, and many contend that this accounts for the 40 days of Lent.

It is of interest to note that nations and individuals in all ages of the world have observed days and seasons of fasting and prayer. Fast was observed by the Ninevites, when Jonah threatened them with Jehovah's judgment on their sins. The Jews from the beginning of their existence as a distinct nation observed days of fasting.

While our Lord and the Apostles did not command fasting, their language anticipates such an exercise of the soul on fitting days.

The Mohammedans annually kept their ninth month, Ramadan, as a fast, abstaining from food and drink from the rising to the setting of the sun.

**Consumer Front Little Changed**

The consumer front remained little changed with continued tight rationing controls by way of fairer distribution of limited wartime supplies. . . . Most consumers recognize that 1945 will be a "tight" year for most commodities. . . . Retail prices on smoked pork loins and loin cuts have been cut by OPA by one to two cents a pound and retail cent-per-pound ceiling prices were established on both kosher and non-kosher cooked corned beef briskets. . . . Owing to the critical manpower situation in the Mansfield, Ohio, area, Westinghouse Electric & Manufacturing Co. voluntarily stopped output of electric irons in its factory there (half of an authorized 167,000 irons had been completed). . . . Every town, every business district is asked by the government to turn off advertising signs, dim illumination and use electricity sparingly to save coal for winning the war.

 Civilians At War  
 Your government needs and asks its citizens in this 166th week of the war to:

1. Employ special nurses only when you are critically ill.
2. Keep on saving your waste-paper. Collections are lagging, but the need remains critical.
3. Conserve all possible fuel as bad weather and hard-pressed railways seriously tax coal distribution. Coal and oil help fire the guns.
4. Write overseas by V-Mail—fast, sure, private. V-Mail saves precious cargo space. Frequent V-Mail letters are profoundly welcomed.

**ODT Urges No Spring School recess**  
 As another step in transportation conservation, Col. J. Monroe Johnson, Director of the Office of Defense Transportation, urges that schools and colleges cancel their spring vacations this year. Col. Johnson pointed out that this year's spring vacations will come during the existing extremely critical period in wartime transportation, when every effort must be made to avoid non-essential travel. The omission of these vacations will be especially desirable as it affects students who must travel to reach their homes, for it "will save for each student a trip home and return," he wrote in a letter to John W. Studebaker, United States Commissioner of Education. As many as 300,000 students would normally be taking such vacation trips, Mr. Studebaker said in endorsing Col. Johnson's recommendation.

**Tire Quotas Again Reduced**  
 Passenger car tire quotas for the month of February have been cut by the Office of Price Administration to 1,600,000, the lowest since last October, and are 200,000 fewer than last month and 400,000 tires below December. Quotas of tires for tractor-tractors, on the other hand, remain unchanged at 80,000. The February reduction, states Brig. Gen. Royal Lord, Deputy Chief of Staff to General Eisenhower, "can be summed up in two words—Military Necessity." He pointed out that tires on war equipment wear out at an "enormous rate" and that the military "simply doesn't have enough tires." And in the words of Max McCullough, Deputy OPA Administrator for rationing, "the reduced passenger car tire quotas again point up the vital importance of prompt recapping and tire repairs."

**Car Owners Face "Hardest Period"**  
 Owners of passenger cars, trucks and busses in 1945 will face the hardest period since the war began—with 1,500,000 more passenger cars breaking down during the year; with gasoline and tire supplies remaining critically short; and with the serious shortage of lead necessitating greater public conservation of batteries, OWI states in a report reviewing the supply situation for civilians. Key facts of the passenger car situation: No production of new cars in 1945; a 4,000 car a day disappearance from highways; the dwindling stock of new cars remaining in the ration pool (12,000 on February 1); estimates that it will take, from two to three years to fill the pentup postwar demand for 12,000,000 to 15,000,000 new motor cars.

**Russia To Raise More of Own Food**  
 Russia will produce still more of her own vitally needed food this year as a result of 20,000 tons of seeds that have been furnished by the United States for Soviet spring plantings, according to War Food Administration. The tonnage is the first half of a delivery agreed upon for this year. The seeds will be used in the Ukraine for the most part, the richest Soviet agricultural District, which, earlier in the war, was overrun to the extent of 150,000,000 acres by the Nazis. During the German retreat in 1943 and 1944 the Nazis carried out an effective policy of destruction of nearly 60,000,000 acres. This seed help from the United States is made possible, incidentally, through the growth of this country of a practically new industry in America; in pre-war days this country was primarily a seed importer from European nations and never produced more than a fraction of the seed required to sow American crops. The war has radically changed this. Shipment of seeds to Russia means great savings in shipping space in contrast with the vessels required to move the finished food products that will be represented by the Soviet plants from these seeds.

**Safetygrams**  
 BY FRED W. BRAUN  
 The Safety Man

Recently, while driving with a friend, I noticed that he paid very little attention to highway markers. "What does a 'Curve' sign mean to you when you see it alongside a highway? Does it mean for you to continue at unslacked speed until you reach the curve and then to slam on your brakes. A 'Curve' sign should mean a slow-down signal for you. After entering the curve, if greater speed is safe, accelerate slowly. You will avoid the dangers of skidding, loss of control of your car, and unusual wear on your tires. Pay more attention to these highway markers. They have been posted for your protection and safety!"

President Greet Scouts On 35th Anniversary

President Roosevelt, in a message to the Boy Scouts of America on its thirty-fifth anniversary today (February 8) said that "it is the youth of the world who must share and maintain the peace now being purchased so dearly on the battlefronts" and that he is "convinced that Boy Scouts and Cubs, as well as senior groups, through their mutual understandings, mutual appreciation and mutual respect will be among the leaders in the promoting of comradeship among the democratic peoples of the earth."

In his message to the 1,800,000 members of the Boy Scouts of America, of which he is Honorary President and an active leader for over 23 years, President Roosevelt said the theme of this year's observance, "Scouts of the World—Brothers Together," gave him great satisfaction.

President Roosevelt's message, made public today by Paul Ueber, the president of the Washington Livingston Council, Boy Scouts of America, follows:

The White House, Washington. To the Boy Scouts of America: Your theme for your Thirty-Fifth Anniversary gives me great satisfaction. For many years the Boy Scout Movement has been a real force among the democratic countries in helping to promote better understanding among the nations and international good will.

At the time of our National Jamboree in 1937 I was happy to note the many Scouts from across the seas who came to camp with the Boy Scouts of America and learn more of our way of life. At the World Scout Jamboree, Scouts from freedom loving nations lived together, found common interests and ideals, and formed friendships of lasting value to themselves and others.

Now the Boy Scouts of America comes forward with a positive program for emphasizing the world brotherhood of Scouting. It is the youth of the world who must share and maintain the peace now being purchased so dearly on the battlefronts. I am convinced that Boy Scouts and Cubs, as well as senior groups, through their mutual understanding, mutual appreciation and mutual respect will be among the leaders in the promoting of comradeship among the democratic peoples of the earth.

standing, mutual appreciation and mutual respect will be among the leaders in the promoting of comradeship among the democratic peoples of the earth.

Friendship is a basis of our Scout ideals and a part of our Scout law. Let us live by it and strengthen it! God bless you all! (Signed) Franklin D. Roosevelt.

Annual Get-Together of St. Paul's Well Attended

The Annual Get-together of St. Paul's church was held in their church hall on Thursday evening, February 1, with approximately 250 in attendance.

A bountiful roast beef dinner was served at 6:30 to the people seated at tables decorated with a patriotic motif, using flags and red, white and blue candles for decoration on the tables and about the hall. Mothers, fathers and wives of the service men of the church were seated at specially reserved tables.

Paul F. Niehaus led the group in singing after the supper. Following this, entertainment was furnished in the form of short playlets.

The Women's Auxiliary provided much laughter with their "Auxiliary Radio Gossip" program. A group of Ladies' Aid members then brought on their "Old Time School, School Ma'am, School Board and all," complete to the last detail in costume and expression.

Paul Niehaus, Paul Barbour, Gladys Breitwischer and LeRoy Satterthwaite entertained with a short act, "It Pays To Be Ignorant."

The parents and wives of the service men then participated in guessing contests, sponsored by Rev. P. H. Grabowski. Contest prizes were awarded to Mrs. Julius Eisele and Mrs. Julius Strieter.

Names of the boys and girls of the church honor roll were then read by LeRoy Satterthwaite, vice-president of the church council.

Each mother or wife was presented with a plant in honor of these young people, with the thought, "as these plants grow, so shall our hopes for the quick return of these boys and girls be ever in our minds."

"Give Peace, O God, Give Peace Again" was then sung by the congregation, followed by Rev. Grabowski pronouncing the benediction, adding the Lord's blessing and care for boys and girls in uniform.

INITIATED INTO "ZEL" Miss Eleanor Marie Harper, daughter of Mr. and Mrs. Walter Harper, has recently been initiated into the Zeta Epsilon Lambda fellowship at Albion college where she is a freshman, majoring in mathematics. Full membership in ZEL is awarded those who have earned a specified number of service points by participation in social service projects.

THANK YOU! I wish to express my thanks and appreciation to the ladies for their splendid cooperation and assistance in making the recent Infantile Paralysis campaign a success. I also all contributors, especially the schools, factories and merchants.

Mrs. Walter Mohrlock, chairman.

By David Longworth and Bob Barlow

On Monday, February 5 we held a Court of Honor. We had as guests the Dexter and Manchester troops. Games were played, which everyone enjoyed. After the games were finished, we received our badges. The second class badges were presented to D. Baldwin, D. Knickerbocker, R. Barlow, L. Chriswell, D. Myers and C. Knickerbocker. Tenderfoot badges were presented to G. Alpervitz, S. Knickerbocker, D. Longworth, B. Stotzer, R. Vogel and D. Maroney.

We had a first aid contest in which the three Chelsea patrols led. First place was won by the Flying Eagle patrol, second by the Beaver patrol, and third by the Flaming Arrow.

A movie on Boy Scout Citizenship was shown by Mr. Harper.

ENTERTAIN HI-NEIGHBOR CLUB A meeting of the Hi-Neighbor club was held on Friday evening, with Mr. and Mrs. John Steele as entertainers. High prizes in progressive euchre were won by Mrs. Alma Dalton and Fred Sager, while Mrs. Alvin Hatt and Leon Chapman received the consolation. The traveling prize went to Charles Rabley. A pot-luck supper was served to 30 members and guests.

The Chelsea Rod and Gun club will entertain the Junior Conservation club in the gymnasium on Monday evening, February 12.

Band Parents are having a pot-luck supper on February 13.

The basketball teams play at Saline tomorrow night.

A group of students and teachers from Central Michigan College, Mt. Pleasant, will visit our grade school tomorrow.

**CONGRATULATIONS!**  
The Infantile Paralysis Drive is over and the student body did wonderfully well. The total receipts were \$145.59, which came over the quota of \$125.00. The 9th grade gave the highest contribution of \$27.48.

The 8th grade, who sponsored the drive, is an enthusiastic group and, we must all admit, did a marvelous job during the Infantile Paralysis Drive by taking us over the top. Our congratulations to you, 8th grade!

**SENIORS OF '45 (?)**  
On the sunny day of June 14, 1927, Mr. Stork presented to Chelsea and to the world a little bundle of joy (?) known as Rosemarie Clark. Rosie, just like everyone else, grew up and she is now a member of the Senior class. She stands 5 ft. 7 inches tall and has dark brown hair and eyes. Her favorite color is green, which looks very well on her. Rosie's idea

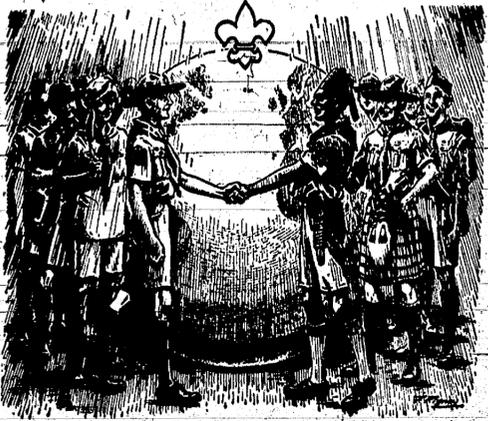

of a good way to spend her time is to see a movie; her favorite is "Since You Went Away," and then to stow away a heaping plate of steak and French fries. She likes to listen to the song "I'm Making Believe" and then MAYBE study her favorite subject—speech. Rosie is an enthusiastic basketball fan and has a hobby of writing letters (morale-building, Rosie?) Like many other Senior girls, Rosie's ambition is to be a cosmetologist.

It was a happy day in the Geddes household when their little girl, Eva Isabelle, made her first appearance on June 18, 1927. That was quite a while ago and now Eva is five feet, five inches tall and weighs 115 pounds. Her favorite color is rose, which looks very well with her blue eyes and brown hair. After seeing a good movie, such as "Going My Way," Eva just likes to listen to her favorite song "When Irish Eyes Are Smiling," accompanied by a double helping of fried chicken, southern style. In school, Eva likes the subject of Government the best. She enjoys most all sports but would pass them all up to go horseback-riding. If everything goes according to plan, we will find that Eva has attained her ambition of being a cosmetologist.

quarter they led 26-12, then the boys got together for a haba-haba and the baskets began to mount up. Chelsea poured in 14 points to tie the game at 26 all. Pinckney scored one more basket to lead at the half, 28-26. Chelsea outscored their opponents 17-12 in the third period to lead 43-40. Chelsea continued to pour in the baskets, scoring 11 points and holding the opponents to 6 points in the final period.

Carragher scored 25 points, followed by Slane with 11, May with 9, Knickerbocker with 6 and Gaken with 3.

The Pinckney Reserves defeated Chelsea Reserves 25-20.

Chelsea 37—Roosevelt 31  
Chelsea traveled to Ypsilanti and camp home with the seventh victory of the year. The game in the first quarter started out to be a see-sawing affair with neither team gaining a substantial lead. Chelsea took a lead early in the second quarter but a rally put on by the Roosevelt lads brought them a lead of 2 points at the half. After a very sincere pep talk the boys decided to play ball. Chelsea grabbed a lead in the early part of the third period and kept it through the rest of the game.

Carragher led the scoring with 22 points, followed by Slane with 6, May and Knickerbocker each with 4, and Gaken with 1.

The Chelsea Reserves defeated the Roosevelt Reserves, 38-26.

**GIRLS' BASKETBALL GAME**  
The game between Chelsea and Pinckney was played February 1. It was really a close game in the beginning but then Chelsea really began going to town. The final score was 37-24 in favor of Chelsea. Ruth Paul really played this time, making 20 out of the 37 points.

The girls will play a game with Saline sometime this week.

**ATHLETIC BOARD**  
We decided to pay the senior class \$1.20 for milk used after the U. High game. It was decided that the football boys should put chairs up for the Minstrel Show. We are going to order our baseball goods as soon as possible so we can get some good equipment.

The meeting was closed early so Mr. Cameron could attend the blood bank.

**BACK AND FORTH**  
1st Cutie: Donnie makes me tired!  
2nd Ditto: It's your own fault, dear; you should stop running after him.

Colquhoun: Lend me fifty.  
Merkel: I have only forty.  
Colquhoun: Well, then, let me have the forty and you can owe me ten.

Jim Gaunt: I hate women, and I'm glad I hate 'em, 'cause if I didn't hate 'em, I'd like 'em, and I hate 'em!

CHShe: Do I shock you?  
CHes: Thass all right, I'm a good shock-absorber.

When Mr. Chandler quoted from Whittier's "Snowbound," a line "Golden thread-woof of romance," he asked Duane Clark to define "woof."  
Said Duane, "A woof is an over-grown fox."

**SENIOR NEWS**  
The Seniors wish to thank everyone in the community who helped make their play a success. Of course the cast worked hard, but also did many on the various committees. Some of those who did considerable work are: Duane Luick, stage manager; Donald Eder, electrician; Charles Smith, Donald Doll and Veryl Steinauay, properties; Katherine Fauser and Marie Winter, advertising and program; Melva Myers, Frances Whedon and Joan Plesco, make-up; and Marjorie Umstead and Mary Lou Platt, tickets.

We also wish to thank the Brass Quartette, and the Girls' and Boys' Trios for their excellent entertainment between acts.

The Seniors have decided upon their annual cruise. If all goes well and they can raise enough money, they are planning on a four-day cruise from Detroit to Chicago and return, May 24-28. They still have quite a sum of money to raise, but hope to do it.

The pencils that everyone has been selling—and buying—around school, are another Senior project. Perhaps we should order more.

**CLASS NEWS**  
Sophomores—The pep meeting Tuesday morning for the Pinckney game was sponsored by the Sophomore class.

Freshmen—At a class meeting held Wednesday afternoon Rita Gross was elected as our representative to Student Council.

**F.F.A. NEWS**

The Junior Conservation club has been taken over by the F.F.A.

Chairman—Roland Robards.

Representative—Raymond Senecal.  
The members are selling conservation stamps.

There is going to be a big night meeting on February 12. This is being sponsored by the Rod and Gun club. The meeting starts at 8:00. There will be movies and a speaker from the Conservation Department. Refreshments will be served. All new members are cordially invited.

The F.F.A. is in charge of a paper drive Feb. 15. The profits will be turned over to the Infantile Paralysis campaign and the Red Cross. Trucks are being obtained from local business men for the afternoon. The drive will start at 12:30. Anyone having paper is requested to put it on porches or on the curb. Bundle up the paper securely.

**BAND**  
Tuesday evening, February 13, at 6:45 the Band Parents will have a pot-luck at the high school gymnasium. It is planned to have the band play several new numbers, as well as to have an exhibition by the Chelsea twirlers.

Another activity to which the band is looking forward is the trip to Dexter high school the evening of February 23. The two bands, Dexter and Chelsea, will combine to play at the basketball game there. The twirlers of both schools will perform and an added treat will be the appearance of the University of Michigan band's drum major, John Vore, who will demonstrate his ability with the baton.

**GRADE NEWS**  
Grade Seven  
New officers were elected. They are: Margaret Collins, president; Dean Wortley, vice-president; Joan Howard, secretary, and Marlene Schneider, treasurer.

Grade seven has finished one Afghan, is half-way through another; it has sold pencils and collected gum fines to pay for yarn for them. The grade gave \$17.41 to the Infantile Paralysis fund.

Nine per cent of our membership bought \$7 worth of war stamps.

**Fifth Grade**  
Jana Lou Weinberg  
Our news was written last week by Bobby Joseph.

Boys from our grade will help the Sixth Grade with Safety Patrol duty. Four boys chosen this week are: Paul Lewis, Ernest Aldrich, Bobby Joseph and Dick Rudd.

We were proud to go over the six dollar goal in Infantile Paralysis drive. Jana Lou Weinberg gave four

dollars which took us over the top. We made winter scenes in Art. Claude made his with flowers so we decided he had made his of Florida.

### PIN CHATTER

(January 31)  
By Rena Johnson

The Varbi team is leading thus far—they have lost only one game out of 6. Keep it up, girls.

Jean Dexter picked the 5-10 and 6-7-10 split up very nicely, and Mildred Brittenmacher picked the 4-7-10 perfectly. They made it look very easy.

Millie Jarvis was the split champion this week—she had ten; she had six in her second game. That's a new record, but Millie didn't seem very glad about it.

G. Klumpp had high series this week, with 477. Nice bowling, Gladys.

H. Dvorak also had a nice series,

with 470. She had 186 her last game. Mighty good bowling!

Norma Eeseman has joined the Dixie Gas team.

Dot Haney is a new substitute. Twenty-nine girls bowled their average this week; twelve raised their average; nine dropped their average.

R. Meenan's absence didn't affect her bowling any. She was picking up her spare—like everything—glad you're back bowling, Ruth.

How about some of you girls going to the City Tournament in Ann Arbor? You never can tell, and if you do have a high series it will mean some extra money. If you have never bowled in a tournament you don't know what a lot of fun you're missing. You girls with the lower averages really have a swell chance because you get a larger handicap. You can get entry blanks at the bowling alley.

### CELEBRATE BIRTHDAY

Several friends of Mrs. August Dorser assembled at her home on Friday evening to celebrate her birthday anniversary. "Pepper" furnished enjoyment for the party, in which Mrs. D. J. Sweeney and John Hude won prizes and Mr. and Mrs. Dorser received the congratulations. An oyster supper was served with a birthday cake as a special feature.

### CARD OF THANKS

I wish in this way to express my sincere thanks to all my relatives, neighbors and friends for their many acts of kindness during my stay in the hospital.

Registration Notice

For Village Election
MONDAY, MARCH 12, 1945
To the Qualified Electors of the Village of Chelsea, County of Washtenaw, State of Michigan.

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Village Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any voter in said Village not already registered who may apply to me personally for such registration.

MONDAY, FEB. 13, 1945
the twenty-first day preceding said election (the 20th day preceding being a legal holiday), as provided by Sections 2767, and 2822 Michigan Election Laws, Revision of 1941, from 8 o'clock a.m. until 8 o'clock p.m. on each said day for the purpose of reviewing the registration and registering such of the qualified electors in said Village as shall properly apply therefor.

Notice is hereby given that I will also be at Sylvan Town Hall on February 10 and February 17 from 8 o'clock a.m. to 8 o'clock p.m., for General Registration by Personal Application.

Although Sec. 2774, Laws Relating to Elections, Revision of 1939, still provides that an absent voter may apply for registration at time of applying for ballot, and gives form of Affidavit he should make, Act 88 of P. A. 1939 stipulates that in absent voter's application for ballots he must state that he is a "duly qualified and registered elector."

Opinion of the Attorney General is that Acts 66 and 63 "must be construed to repeal the inconsistent provision of Sec. 2774 permitting absentee registration at the time of making application for an absent voter's ballot."

Thus the Absent Voter's application and affidavit for registration are useful only in cases where voter may mail these in, then make application for ballots later, after registry has been completed.

The portion of application shown herewith enclosed in brackets should be crossed out when applying for registration.

Form of Affidavit
State of Michigan, County of . . . ss.
I, . . . being duly sworn depose and say that I am a citizen and duly qualified elector of the . . . precinct of the village of . . . in the county of . . . and State of Michigan; that my postoffice address is No. . . street or R.F.D. No. . . P.O. . . ; that I am not now registered as an elector therein (and that I am voting by absent voter's ballot at the election or primary election to be held upon the . . . day of . . . 19 . . . , the application for which ballot accompanies this application that I make this affidavit for the purpose of procuring my registration as an elector in accordance with the statute; That I make the following statements in compliance with the Michigan Election Law: Age . . . ; Race . . . ; Birthplace . . . ; Date of naturalization . . . ; I further swear or affirm that the answers given to the questions concerning my qualifications as an elector are true and correct to the best of my knowledge and belief.

Registration of Absentee by Oath
If any person whose name is not registered shall offer and claim the right to vote at any election or primary election, and shall, under oath state that he or she is a resident of such precinct and has resided in the Village twenty days next preceding such election or primary election, designating particularly the place of his or her residence and that he or she possesses the other qualifications of an elector under the constitution; and that owing to the sickness or bodily infirmity of himself or herself or some member of his or her family, or owing to his or her absence from the Village on public business or his or her own business, and without intent to avoid or delay his or her registration, he or

she was unable to make application for registration on the last two days provided by law for the registering of electors preceding such election or primary election, then the name of such person shall be registered, and he or she shall then be permitted to vote at such election or primary election. If such applicant shall in said matter, wilfully make any false statement, he shall be deemed guilty of perjury.

Section 2790, Compiled Laws— All the provisions relative to registration in townships and cities shall apply and be in force as to registration in villages.
Dated Feb. 5, 1945.

Butter Set Aside For
Government Purchase

To meet urgent military requirements, 20 per cent of creamery butter produced in February and 25 per cent in March will be set aside for sale to government agencies. War Food Administration has announced. This action was necessary, officials stated, to provide supplies urgently needed for shipment overseas to our armed forces.

WFA pointed out that any non-set-aside butter which may be delivered to government agencies during January could be credited against set-aside obligations in February and March. This is designed to encourage immediate sales of butter needed by government agencies, thereby making it unnecessary to establish a set-aside quota during the last half of January. Civilian supplies of butter will be reduced during February and March, officials indicated, and added that with war requirements continuing to increase there was little hope of improvement in the butter situation for civilian consumption.

The Butter Set-Aside Program during 1945 will be operated in a manner similar to that of last year, WFA stated, with set-aside quotas adjusted each month in accordance with seasonal changes in production. This plan of operating the set-aside program is designed for the purpose of providing relatively even monthly supplies of butter for civilian use.

Gospels of Americanism

Lincoln's Gettysburg address will always take its place among the five gospels of Americanism. Sharing this honor with the Mayflower Compact, the Declaration of Independence, the Constitution of the United States, and Washington's Farewell address, it holds a "first" place in the hearts of all Americans.

Civil War President

All the world will honor the 136th anniversary of the birth of Abraham Lincoln, on February 12. The great humanitarian will always represent an outstanding example of democracy's foremost advocate.

Last Birthday of

President Lincoln
"WITH malice toward none; with charity for all; with firmness in the right, as God gives us to see the right, let us strive on to finish the work we are in; to bind up the nation's wounds; to care for him who shall have borne the battle, and for his widow, and his orphan, to do all which may achieve a just and lasting peace among ourselves and with all nations."

Not only was he concerned with the welfare of his fighting men, but he was sorely puzzled that such a war had to be. He wrote: "In great contests each party claims to act in accordance with the will of God. Both may be, and one must be wrong. God cannot be for and against the same thing at the same time. In the present war it is quite possible that God's purpose is something different from the purpose of either party. . . . I am almost ready to say that this is probably true; that God wills this contest and wills that it shall not end yet. . . . By his mere great power over the minds of the contestants He could have saved or destroyed the Union without a human contest. Yet the contest began. And having begun He could give the final victory to either side any day. Yet the contest proceeds."

Facts and Fancies on Origin

Of Our St. Valentine's Day
THE origin of St. Valentine's day is shrouded in conflicting theories.
The Romans believed that on the 14th of February the birds chose their mates and the toga-toting gentlemen took this as an omen from the gods that man should follow suit. On that date, accordingly, a feast was held in ancient Rome to the pastoral gods Luperus and Pan and to the goddess Juno. The maidens would place their names in an urn and the unmarried swains would draw the slips. This method of introduction, it was hoped, would lead to a permanent romance.

With the advent of Christianity, the Feast of Luperalia as a pagan celebration was frowned upon. The problem was solved by dedicating the day to St. Valentine, patron of the amorous. St. Valentine was a martyred Roman priest, who, by strange coincidence was beheaded on February 14, 270 A. D., for refusing to denounce his faith in Christianity.

It is said that during his imprisonment, St. Valentine wrote the jailer's blind daughter a farewell message signed, "From Your Valentine." There were six other Valentines, all of which have merit as being the original St. Valentine.

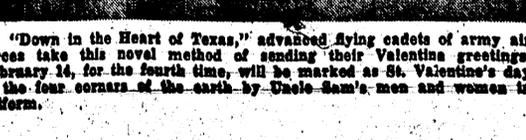

The first American valentine was made in 1847 by a young lady, Esther Howland, just out of college. Her father, a stationer at Worcester, Mass., carried a stock of English imported valentines. Her valentine factory soon was doing a \$100,000 a year business.

Lincoln's Books
The library of the Lincoln family was very limited, but it did provide young Abraham Lincoln with the foundations of a liberal culture.

The library contained the Bible, Aesop's Fables, Defoe's Robinson Crusoe, Bunyan's Pilgrim's Progress, Weems' Life of Washington, A History of the United States and the dictionary. In addition he was able to borrow Franklin's Autobiography, Ramsay's Life of Washington, Life of Henry Clay, Revised Statutes of Indiana.

Lincoln believed that education was the preparation for a complete living, and to secure this complete living spent many hours by the flickering candlelight poring over the pages of the dictionary and his other books.

Honor St. Valentine's Day

"Down in the Heart of Texas," advanced flying cadets of army air forces take this novel method of sending their Valentine greetings. February 14, for the fourth time, will be marked as St. Valentine's day in the four corners of the earth by Uncle Sam's men and women in uniform.

Hospitalization Given
All Polio Cases

By Miss Dorothy Ketcham and Dr. Harley A. Haynes.
During the summer and fall of this year the Washtenaw County Chapter of the National Foundation for Infantile Paralysis decided to broaden the policy of the previous year, extending to all persons resident of Washtenaw county, afflicted with poliomyelitis, necessary hospitalization and care with subsequent re-examination.

The first case was admitted July 16, 1944; the last November 13, 1944. One case has remained receiving respirator services since August 11, 1944. All parents of patients admitted with a diagnosis of infantile paralysis have been offered the service of the committee. There were 45 persons contacted, to 38 of whom the chapter extended unlimited services. The committee has consulted with the chapters of adjacent counties offering services in particular cases or general planning.

During this period the treasurer reports that we have expended a total of \$8,000.00; about \$6,000.00 of that being for hospitalization, the balance for equipment such as the wringers and hot pack machines. One patient has been cared for in the respirator which at times has required the services of three special nurses during the twenty-four hour period of the day. One walker was purchased for a child needing the same. Educational services administered through the office of the superintendent of schools, Mr. Haisley, have been furnished as in previous years. Poliomyelitis cases from last year needing re-examination and treatment have been financed.

The contributions made by the citizens of Washtenaw county have made this service possible and assures the chapter of funds sufficient to meet the follow-up requirements of the cases hospitalized this year as well as those handicapped resulting from poliomyelitis contracted in former years. Washtenaw county has this year been fortunate in the limited number of patients hospitalized for poliomyelitis. Resources were immediately available for ample care and treatment.
It is important that contributions this year cover the expenses of the chapter during 1944 and, in addition, an amount that will be available to meet any additional and unusual requirements during the year 1945.
