**One Ticket Named for
Annual Village Election**

Chelsea will have only one ticket in the field at the annual village election on Monday, March 12.

Caucuses were called for Tuesday night by both political parties, but the People's party failed to name any candidates.

D. A. Riker presided as chairman of the People's party caucus, called at 7:30, with ten people in attendance. With no nominations offered, the chairman named the party committee, consisting of A. D. Mayer, W. Arnold Steger, and Armin Schneider, and the meeting was adjourned.

More interest was evident in the Independent party caucus, more than twenty being present when the meeting of the incumbent party was called to order by Roy Harris, party committee chairman, at 8 o'clock. L. G. Palmer was named chairman, John J. Ford, secretary, Henry Ahnemiller and Ross Munro, tellers, and a complete ticket was named as follows:

President—Walter D. Mohrlock.
Clerk—John J. Ford.
Treasurer—Wm. G. Kolb.
Trustees for two years—Ross Munro, David Beach, Dillon Wolverton.
Assessor—George Clark.
Members of Library Board—Mrs. Luella Rogers, Mrs. Beatrice Fisher.
Party Committee—Roy Harris, Ernest Adam, Wilbur Hinderer.

Trustees who continue in office are Roy Harris, Wilbur Hinderer and Jay Tuttle. Terms of David Beach, Dillon Wolverton and Lloyd Heydlauff expire this year.

Library board members whose terms expire are Mrs. P. G. Schaible and Mrs. A. A. Palmer.

**Gamble Store Owners
Buy Quality Shoe Store**

Announcement is made by Mr. and Mrs. Don Martin, owners and operators of the local Gamble store, that they have purchased the stock of the Quality Shoe Repair business from Russell Altstaetter.

The change of ownership became effective at the close of business Saturday night, and both stores are closed this week while alterations are being made. A large archway is being cut through the wall which connects the two buildings, new fixtures will be added and other improvements made to the enlarged Gamble store. The store will again be open for business next Monday, and Mr. and Mrs. Martin are planning for a grand opening about March 15, at which time they hope to have all remodeling work completed and new fixtures installed.

According to present plans, Mr. Altstaetter will continue to operate his shoe repair business in the rear of his present location. His stock of merchandise, which consisted mostly of men's work shoes and work clothing, will be added to the Gamble store and these departments will be enlarged.

When the alterations are completed, Mr. and Mrs. Martin will use the south building for women's and children's clothing, dry goods, etc., and the north building will contain their stock of automobile accessories, light hardware, men's clothing, etc.

Mr. Altstaetter has operated his business in Chelsea for the past ten years. Mr. and Mrs. Martin opened the Gamble store about four years ago.

ALTAR SOCIETY MEETS

The Altar Society of St. Mary's church met in the school hall on Wednesday evening, February 7, with 42 members present. After the business meeting, a report on the National Council of Catholic Women was given by Mrs. Frances Alber, contact member. It was decided to sew for the Red Cross at the home of Mrs. E. J. Quirk on Wednesday afternoon, Feb. 21. After the meeting adjourned, travel movies were shown by Mrs. Anthony Savickas, nee Audrey Merkel. Lunch was served by the refreshment committee.

LYNDON FARM BUREAU MEETS

The Lyndon Farm Bureau held a meeting on Tuesday evening, February 13, at the home of Mr. and Mrs. Wirt Boyce, with 34 in attendance. The next meeting will be held on March 13 at the home of Mr. and Mrs. Leigh Beeman.

**With Our Men
In Service**

Cpl. James Grissom, on duty somewhere in France, wrote the following letter to his sister, Mrs. Nancy Wood: Dear Nancy,

Hope this finds you all well. I have written a letter to nearly everyone I know in the past two days and still owe several. I am getting so much mail now that it keeps me humping to answer it all, but I am not complaining, because I feel much better than when I didn't get a letter only about once a month.

I wrote a V-Mail to Joe and Ora; wrote one to Dad, one to Evelyn; wrote a regular letter to Mom and one to Elmer, and this one to you, so you see I have to write an awful lot to keep it coming my way.

It has been much colder here in the past two weeks. Guess you are having some rough weather at home, from what I get in the paper.

I hate to say that I'm sweating out the new Rotation Plan, but I sure am—if I should by chance make it I would be the happy G.I. and I don't mean maybe. After 40 months over here I feel I have a pretty good chance of making it some day, but don't count on it—I am just hoping against hope myself. Time alone will tell. If I could get home for a little while and see you all, I wouldn't care much after that where I had to go. It may sound foolish but I hardly can remember what things are like at home. I've spent so much time trying to get used to other people's ways that I don't know if I'm an American or something else.

If I could ever get to see you I could tell you many things I can't write in a letter. I always wanted to travel when I was at home but I can assure you that the past three years have somewhat cured me of the light-foot. I sure would give plenty to wake up some morning and be in New York harbor looking at the Statue of Liberty. A person never knows what that means until you have watched it fade from sight, and then you begin to appreciate some of the many little things it stands for that so many unfortunate people in this world have never known and probably will never realize. I'm telling you that we Americans don't realize how lucky we really are when you see what some people go through with it makes some of our little problems look like something from a story book.

Well, guess that is enough for this time and I'll write soon. Hope this finds you all well as it does me. Keep your fingers crossed for me.

With love to all—Jim.

With the 12th Armored Division in France—Pfc. Herbert G. Senecal, son of Mr. and Mrs. Roy Senecal, Chelsea, Michigan, was among the first in the 12th Armored Division to receive Presidential recognition after the Division's arrival overseas.

He is a member of the 134th Ordnance Maintenance Battalion, which, by direction of the President, has been awarded the Meritorious Service Plaque for the period from January 1, 1944 to November 30, 1944.

The battalion won recognition through "a superior performance of duty in performance of exceptionally difficult tasks" and "achievement and maintenance of a high standard of discipline x x x."

Commanded by Lieut. Col. Paul H. Wood, Lancaster, Ohio, the 134th was one of the original "Harvester Battalions" and came to the 12th Armored upon the Division's activation at Camp Campbell, Ky., in September 1942.

The 12th Armored Division is commanded by Maj. Gen. Roderick R. Allen of Marshall, Texas.

Mrs. Nellie Morgan has received word that her son, Sgt. Gene Morgan, who was wounded December 10, will be back on the fighting front somewhere around Belgium. Mrs. Morgan resides with Harry Morgan and family, McKinley Rd., Chelsea.

**Local Red Cross Quota
For This Year Is \$6500**

A goal of \$6,500 has been set for Chelsea's 1945 Red Cross War Fund, Mrs. A. L. Steger, chairman, announced this week. This figure includes the Chapter's share of the National organization's budget needs as well as funds for operating the local Red Cross program.

This goal is \$2,000 higher than last year's figure and reflects the increasing activities of the National organization on all battlefronts.

It has been emphasized by Basil O'Connor, National Chairman, that the National goal of \$200,000,000 represents the absolute minimum of Red Cross needs. It is essential that every person in Chelsea plan now to contribute his share toward raising the quota of \$6,500.

The local drive will be conducted during the month of March. The following committee met with Mrs. A. L. Steger to make plans for the drive: Mrs. L. J. Paul, Mrs. M. W. McClure, Mrs. H. D. Witherell, Mrs. Doris Rogers, Mrs. J. Vincent Burg and Mrs. D. D. Wolverton. A house-to-house canvass will be made by someone in your neighborhood.

**Joseph Liebeck Home
Destroyed By Fire**

Two fires summoned the local fire department on Sunday forenoon.

The first, at 9 o'clock, was a chimney fire at the home of Mrs. Lyle Chriswell, 304 East Middle St., which was easily extinguished and caused no damage.

At 10 o'clock the firemen were called to the home of Joseph Liebeck, on Liebeck Rd., Sylvan township. Sparks from the chimney had set fire to the large farm house, which was completely destroyed, together with all the contents of the second floor. The firemen and neighbors succeeded in removing the furniture and contents from the main floor.

There was no damage to the out-buildings.

LYMAN FORD TO SPEAK

Lyman Ford, a member of the staff of the National Community Chests and Councils, Inc., New York City, will speak in Ann Arbor on Tuesday, March 6. Mr. Ford, an expert in community organization, will spend the day in Ann Arbor to discuss questions with Council Board members, professional staff workers and the general public. The public meeting will be held in Kellogg Auditorium, Fletcher St., at 7:45 p.m., and Mr. Ford's topic will be: "Will Your Community Have An Adequate Program in Health and Welfare Services to Meet the Needs After the war?"

JUNIOR RED CROSS DRIVE

The Home Economics club of Chelsea high school is sponsoring a Junior Red Cross drive. A movie, "Field Work of the Junior Red Cross," will be shown in the Homemaking room on Monday evening, Feb. 26 at 7:30, to which the public is invited.

Called To The Colors

Miss Mary Jane Bahnmiller, daughter of Mr. and Mrs. C. O. Bahnmiller, and Mrs. Charles Bahnmiller, the former Margaret Pillsbury of Ypsilanti, have been commissioned as Second Lieutenants in the Army Nurse Corps and reported for duty today at Camp McCoy, Sparta, Wis.

Miss Bahnmiller is a graduate of Chelsea high school and both are graduates of the 1944 class of Mercy College of Nursing, Detroit.

**Remodeling Plans Are
Approved By Council**

Plans for remodeling of the village's newly-acquired municipal building, East Middle street, were presented to the council at their regular meeting on Monday night by Kasurin & Kasurin, Ann Arbor architectural firm which has been employed by the village.

These plans, tentatively accepted by the council, include the installation of public rest rooms in the basement, as well as a large vault for village records, boiler room, etc.

First floor plans are for the east side of the building to be used for fire trucks, firemen's quarters, work benches, etc. At the front of the west side will be a public lobby, or lounge. Immediately back of this will be the offices of the Chelsea Electric & Water Department. The police department will be located at the back of these offices, and two detention cells are planned in this area, to be used for detaining offenders until they are called for by the sheriff's department or until a time when it would be convenient for local police officers to transport them to Ann Arbor. The electric company's vault also will be at the rear of the building.

The entire front half of the second floor will be made available for use by the Chelsea Public Library if the library board sees fit to move from their present location. Council rooms and rest rooms for municipal employees will also be located on the second floor.

No plans have been made for use of the third floor, but public use of this part of the building is anticipated.

Two stairways will lead from the basement to all floors—one at the west side of the building and the other at the rear of the building. This will eliminate the necessity for a fire escape, according to village officials.

Remodeling work will be started as soon as possible, but because of wartime restrictions this is very indefinite.

At the Monday night meeting the council adopted Ordinance No. 42, which increases water rates to industries. Domestic and commercial rates remain the same.

President Mohrlock appointed as members of this year's election commission, Ernest Adam, Alfred D. Mayer and Wm. Atkinson.

It's a lot of scansafrans and friddenbachers

★ There has been plenty of "double talk" on the subject of how the home of postwar days will be heated.

Perhaps the time will arrive when heat waves come riding in on a radio beam. Or heat units can be conveniently removed from an insulated container and sprinkled around the house as required. But don't expect news of it in headlines the day after the Axis surrenders.

The new sample home you may visit right here in town only a few months after the war ends probably will be heated by gas. The cabinet of the heating system probably will be smaller, more compact, saving extra space for that basement recreation room. It will be more graceful, more colorful, blending with the decorating schemes. And, this 194X heating system will provide clean, reliable, economical heat with no fuel transportation or disposal problems, and all with no more than the setting of a simple control.

Whether you'll be moving into that new home or making improvements in your present home, you'll still find the modern way to heat is to heat with gas!

PIN CHATTER

By Rena Johnson (February 14)

Five teams are tied for first place, so there is no argument, yet, who are the best bowlers.
 M. Birch is back with us again, and her absence didn't effect her bowling any—she had two nice games, 171-172. Glad to have you bowling again, Mary.
 Three girls were tied with the most splits—D. Leach, Y. Wheeler and M. Birch each had six.
 Our split pick-up squad did alright for themselves. R. Honeck picked up the 8-9, D. Ashley the 2-7-10, F. Wedemeyer the 3-10-7, and D. Eisenman the 5-10.

No one hit 500 series this week—487 was high, by Johnson; E. Tucci was next with 475; Breitenwischer had 466. They each raised their average a pin.

The Central Fibre and Old Maids were really trying to outdo one another. Fibre won the first game by three pins, and the last game by one pin—that's just too much!

H. Sprague is now bowling with the Old Maids' team. Good luck, Helen.

The Independents' team had the most splits with 17. All the teams' total splits, 140. The Gophers had the least with 11.

We have three teams bowling in the City Tournament at Ann Arbor—the Independents, the Five Crown, and Foster's Tavern. Would like to see all the girls bowl over their averages, and hope that each gets a 200 game. But if you don't do that, I'm sure you'll enjoy it just the same. Even if you don't know the team who you cross alleys with, they are usually friendly, and good sports.

OUR FLAG
By Mabel Bair
(Dedicated to the millions who fought and the millions who are fighting for it)

Flag of our Country,
Forever wave
O'er this fair land
Of the true and the brave.

Let your great folds
Unfurl there on high,
May your bright colors
Reflect in the sky.

Red are your stripes,
You so proudly wave,
Blood of our fathers
This country to save.

And white are your stripes,
As pure as the snow;
You brighten our lives
Wherever we go.

Your star studded field
Of heavenly blue,
Is a thing of sheer beauty,
Ever loyal and true.

You are a symbol
Of a nation so strong—
A nation of freedom
To which I belong.

You have been busy
Since the day you were born,
And you'll ride high to glory
Amid any storm.

I pledge Allegiance
With my hand on my heart,
To the Flag of my Country,
Of which I'm a part.

I'll never degrade you,
But always hold true,
The one flag I love—
Of Red, White and Blue.

Oldest Nation
Paris is the oldest of the South
American nations.

COURTESY

Have you the real meaning of the word Courtesy? Here's the definition given in the dictionary: polite behavior; thoughtfulness for others; polite act. This definitely doesn't

mean knocking someone down, snubbing a new pupil in school, being rude to classmates, rushing ahead to be first in line, making fun of someone who doesn't have as much as you. Courtesy means just the opposite and most of us realize it.

Days are set aside for certain events. A day does not need to be set aside for courtesy. It should be practiced every day.

Let's try it, kids, and see what the outcome is.

MANCHESTER MEETING

Dr. J. Raymond Schutz, educator, lecturer, and business man of Manchester, Indiana, deeply impressed his audience of three hundred teachers at their County meeting at Manchester, Friday, February 16.

Dr. Schutz, who disclaimed being a pessimist or optimist, gave a very realistic talk on the three great hopes and fears of the American people at the present time. He based these hopes and fears on impressions he had

gotten from cross-section audiences, while lecturing in the most important cities of America.

The hopes, as Dr. Schutz expressed them, are: (1) that we win this war as quickly as possible; (2) that the Allied nations will remain allied after the war; (3) that we will keep the peace. The three fears are: (1) will we lose our democracy and have dictatorship? (2) our war debt, how and when shall it be paid? (3) what are we going to do for the returning soldier, especially those handicapped?

Dr. Schutz admitted it was easy to talk about these things, and that if he had solutions to these problems he would be about helping the situation. However, he did say that every one of us, no matter in what small measure, should shoulder some of the responsibility and with unity and common sense, we should emerge victorious.

JUNIOR RED CROSS

If you are interested in the work that the Junior Red Cross is doing this year, in our country and in Europe, come to the Homemaking room Monday night, February 28, at 7:30. Some very interesting movies will be shown. Bring your parents and friends.

WANTED!

Wanted—more ambitious, original, assiduous, and astute people for Journalism! Did you, the students of Chelsea high school, ever stop to

think of the momentous task that the Journalism staff is faced with? The club now has approximately fourteen members that have a double job starting them in the face every week. They assemble news for the Hi-Light and strive to put out an interesting letter to the service men. Many of your students are heard frequently voicing complaints about the lack of originality and the dryness in the Hi-Light—well now is the chance for people with originality to come out and really do a worthwhile piece of work! As you probably know, Journalism meets just once a week, and during the meeting plans are formulated for future work, assignments are made, letters are addressed, and all necessary business is taken care of. The staff keeps diminishing steadily, and this puts a double load upon the remaining members. It's really up to you kids whether or not the Journalism club will continue, so let's have some co-operation and really get in behind the club!

SENIORS OF '45(?)

It was a cold brisk day on the 6th of February, 1927, when right here in our fair city, Ruth Bernadine Paul took her first breath of air. The

years have passed swiftly and now she has almost grown up (?), at least she stands 5 feet 9 inches tall and weighs 132 pounds. She has brown eyes and hair, her favorite color is red. She likes anything and everything in the line of food. Ruthie, like most of the senior girls, enjoys a good game of basketball. When asked for

her favorite subject, she said without cracking a smile, "Government." (ahem!) In movies and songs Ruth is very sentimental; she liked the movie "Hers to Hold," and as for songs, she says, "The Very Thought of You." Ruth has a peculiar hobby, but it is shared by most of the girls—it's thinking about men. After school,

she plans to do Red Cross work. In Chelsea, on the bright day of September 7, 1927, hearts at the Merkel household were filled with joy as Mr. Stork brought a tiny baby girl, who was named Angeline Mary. Now at the age of 17, she stands 5 feet 6 inches tall and weighs 115 pounds. (Continued on page seven)

When can I get my telephone?

We wish we could tell you. Nearly 100,000 other people want to know the same thing. Even though we're filling some orders every day as present users give up service, the waiting list keeps on growing.

As soon as wartime shortages ease up, we plan to start a five-year expansion program costing \$120,000,000. But that won't mean that everyone who wants a telephone will be able to get it as soon as that program gets under way.

After the necessary materials, manpower and manufacturing facilities are

available, buildings must be erected or enlarged, and cables and central office apparatus must be manufactured. Then begins the slow, painstaking task of installation with its millions of hand-soldered connections, and the job of tying the new equipment into the present system without interrupting service. All that takes a long time.

So we can't say just when we can install your telephone. But we do promise that your order will be filled in its proper turn, and just as soon as possible.

For a hobby, Ang. likes to dance. (With whom?) Her favorite song is, "Good Night, Sweet Dreams." After high school, she plans to go to college to study music.

CAPTAIN MILLETT'S ISLAND

By Katharine Newlin Burt

A novel of love and intrigue, high drama and suspense that moves from Nazi overrun Belgium to a solitary island off the Carolinas, and deals with a group of sophisticated who are actively giving aid and comfort to the enemy. Good romantic entertainment.

Ways Suggested For Aid To Returning Vets

Dr. Charles P. Loomis, head of the department of sociology and anthropology at Michigan State college, points out that great changes must be taken into consideration by rural communities in helping their war veterans to become re-established.

Not only will the veteran have changed since leaving to join the service, but also will his community in many instances, according to Dr. Loomis. He urges communities to take steps to coordinate various programs designed to help the returned veteran, and suggests a seven-point program as follows:

1. Machinery for getting the names of all veterans;
2. provision for a

preliminary interview to welcome him and discover his needs; 3. assessment of job possibilities in the local community; 4. adaptation of welfare and case-working agencies to the needs of the veteran, including legal aid and aid for psycho-neurotics; 5. adaptation of the school system to the needs of the veteran; 6. mobilization of medical and social work facilities for disabled veterans; and, 7. provision for assisting financially and cooperating with the agencies administering financial provisions of the "G. I. Bill of Rights."

More than half the men in the armed forces have never completed high school, almost a third are under the age of 20, many have never held jobs as civilians, and most are in the age group for which there is the least amount of educational and recreational facilities available, Dr. Loomis declares.

Save An Extra Pig Per Litter, Is MSC Advice

"Farrowing time is the breeder's harvest, and with the prospect of a greater shortage of pork it is both profitable and patriotic to save all of the pigs possible this spring," according to W. N. McMillen, assistant professor of animal husbandry at Michigan State college.

Figures for the United States show that only 56 out of each 100 pigs farrowed reach market, McMillen pointed out. Most of the pigs lost, die within the first 10 days after birth and include those born weak, chilled, mashed, and crippled, he said.

Losses from "overlying" can be reduced by installing pig brooders; and pig rails or fenders also will prevent overlying losses, McMillen said, adding that the farrowing pen and sow must be clean and that some heat is necessary for early farrowing.

"It pays to give the sow attention several days before farrowing," McMillen advised. "Provide short straw or other fine bedding rather than long straw. Prevent noisy disturbances around the pen. The feed should be reduced somewhat two or three days before farrowing with some laxative feed included in the mixture. A sow will not care to eat for several hours after parturition but lukewarm water should be available. Feed lightly at first, getting the sow on full feed gradually in from one to three weeks, depending on how much milk the sow gives.

Exercise is important both for the sow and piglets. Piglets on a floor will get pig anemia if not fed iron and copper solution or soil, McMillen said.

LAFAYETTE GRANGE

Lafayette Grange held a regular meeting on Tuesday evening at the home of Mr. and Mrs. L. S. Grossman. The program opened with singing of "America the Beautiful," and readings on Washington and Lincoln were given in response to roll call. A discussion on "Community Life and How We Should Better It" was led by the lecturer, Mrs. Donna Bradbury. A pot-luck lunch was served to eleven members.

(3) Industrial: \$20 per M gals.
