It is not often a Bishop visits Chelsea, but Bishop Raymond J. Wade of the Detroit Area of the Methodist church will be the preacher of the morning at the Chelsea Methodist church on Sunday, and will rededicate the church at the close of the service.

PIN CHATTER

(March 7)
By Rena Johnson

M. Breitenwischer really bowled a swell game this week. She started off with a miss in her last game, then

came through with seven strikes in a row, for a 240 score. She had 545 for her series, which is mighty nice.

D. Ashley was also doing some nice bowling—she had seven strikes in her first game for a 221 game. She had 536 for her series which 1.6 say was very good.

There were three girls who weren't quite so lucky—J. Carneckin, D. Leach, and myself, who put into seven spots (even the green ball didn't help).

J. Eder picked up 1-4-6-8-10-10, and M. Heeslewerdt picked up 4-7-6-10-10—at least in the first game.

Just two teams had more games; the Milling won their second game by two pins, and Dixie won their last game by six pins.

High series on the teams were: Ashley, Central Fibre, 536; Thompson, CIO, 394; Hubbard, Five Crown, 437; Meehan and Wadeweyer, Dixie, 438; Breitenwischer, Independents, 545; Phelps, Milling, 435; Jarvis, Foster's, 477; D. McGee, Old Maids, 425; Jaskot, Varbi, 427; Horning, Gophers, 436.

In April, we will be bowling two nights a week so we'll be finished around the 1st of May; so don't get spring fever yet.

ELECTRIC SENTINELS OF THE RAILS

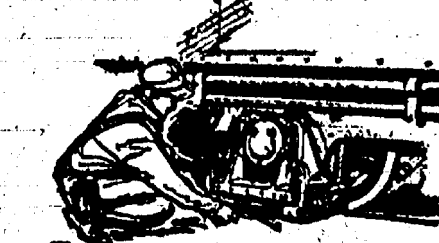

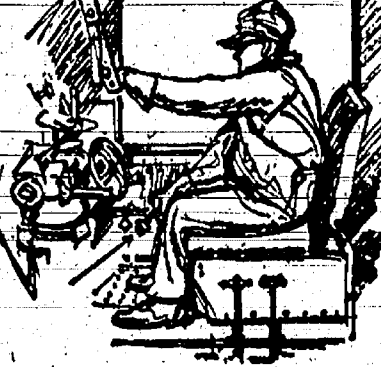

Sketched "out on the line" by
War Artist Carol Johnson.

This is the story of New York Central's Automatic Block Signals and Train Stop...two sleepless guardians whose electric brains watch over every train. Mile after mile, through fog or night, the signals send out their searchlight beams to guide the engineer. And even should he and his fireman fall to see a red or yellow warning light, the automatic Train Stop would smoothly apply the brakes.

Today, these two electric sentinels back up the care and skill of train crews moving record wartime traffic along more than 5,000 miles of New York Central tracks. And when peace again frees new equipment, this proved protection will be carried still further to safeguard the finer, faster trains of tomorrow.

NEW YORK CENTRAL
One of America's Railroads - All United for Victory

N.Y. Central Engineer must obey signal set against him, and acknowledge it by using Train Stop lever. Otherwise brakes go on automatically.

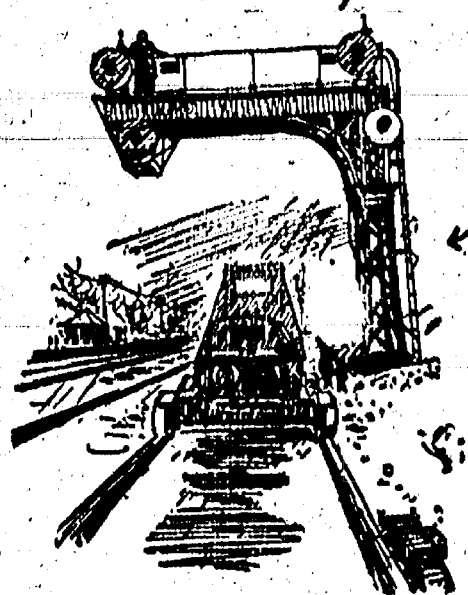

At N.Y.C. roundhouse, before each run, Electrician double-tests device on locomotive which operates Train Stop.

Inspector measures current that controls signals and Train Stop. Current runs through rails—an extra safety guard, as any break in circuit would halt trains.

Maintenance crew halts motor rail car at latest type N.Y.C. signals to clean and inspect powerful, fog-piercing lenses and reflectors.

Tape in engine records speed through lever. Here, Mechanic removes this safety record for check.

EDITORIAL

According to the calendar, spring is just around the corner. That means plenty of warm weather, and that in turn means that the ground will be soft and muddy. During this time of year, we are asked to stay off the lawns. Even the slightest pressure will cause unsightly ruts in the sod, so you can easily see what walking on it would do.

Everyone wants an attractive-looking home and in order to have one, it is necessary that the surrounding grounds be neat and well kept. That is why people put those little wire fences around their lawns—to keep others off and thus preserve the appearance of their place. It is especially hard on those who are so unfortunate as to live on a corner lot. Everyone uses their lawn as a shortcut, and consequently it becomes an eye-sore to the community as well as to the owners.

We have been asked by our principal to keep off the lawns of the school and of the private homes. If we will do this, we will have not only the thanks of our school leaders but also the thanks of all the townspeople.

SENIORS WIN CLASS TITLE

The mighty Seniors defeated the Juniors Wednesday, 39 to 28, for the class title. The semi-finals were played the Monday before with the Seniors defeating the Sophs, and the Juniors the Freshies. The Juniors trailed 8-7 at the quarter mark but the Seniors pulled away to a comfortable 24-11 lead at the half. The third and fourth quarters were played on even keel but with the lead established during the first half the Seniors didn't have much difficulty. Carraher led the Seniors with 14 points; Slane had 18 for the Juniors.

The Freshmen won third place by trimming the Sophomores 16-10. The Sophs led 6-2 at the half but the Freshies put on a last-half rally to win going away. Vogel led the scoring parade with 9 points. In the semi-finals on Monday the Seniors defeated the Sophomores 32-27. The score was 24-9 at the half but the Sophs put on a last-half rally but fell short by 5 points. Carraher led this game with 16 points.

The Juniors crushed the Freshmen by the score of 62-22. Slane and May led the attack for the Juniors with 22 points apiece.

The faculty challenged the Seniors to a game and the Seniors accepted. The faculty composed of Johnson, Cameron, Busche, Alpervitz, eighth-graders Adams and Slane, defeated the Seniors, 25 to 22. The Seniors led at the half, 18-13. Johnson paced the faculty with 9 points and Carraher the Seniors with 12.

Former Lima Resident Dies In Philippine Is.

Relatives have received word of the death of William Grau, which occurred in Bagnio, Luzon Island, in the Philippines, on Aug. 18, 1944.

He was born in Lima township on March 14, 1869, the son of John and Caroline Grau, and lived in this vicinity until he entered service during the Spanish-American war. Following his discharge from the army he went to California for his health, and from there to Bagnio, where he made his home for the past thirty-five years.

When the Japanese invaded the island of Luzon on Dec. 29, 1941 he was taken prisoner and spent the next fifteen months in a concentration

camp. In April 1945 he was released and allowed to return to his home, where he remained until the time of his death.

Survivors are a brother, John, of Platt subdivision, near Ann Arbor, and a sister, Mrs. John Guthart of Saline.

CHELSEA STUDY CLUB

The Chelsea Study Club was entertained at the home of Mrs. D. L. Rogers on Tuesday evening, March 13. A short business meeting was held. Twenty-one members and one guest were present. Professor Lorch, who is president of the Washenaw County Historical Society, spoke briefly on the work of that organization. Lt. Doll gave a most interesting talk on the history of Chelsea. This was the final meeting of three on the history of Chelsea. A social hour followed the meeting and refreshments were served by Mrs. Charles Meserve and Mrs. M. W. McClure.

The next meeting of the club will be on Tuesday evening, March 27, at the Methodist Home. The members have the privilege of taking their husbands or guests to this meeting. The program will be given by the Methodist minister and his wife, of Albion.

Land Is Available for Victory Gardeners' Use

Several garden spots in Chelsea are available, and anyone desiring to make use of them should call Marshall Richards, chairman of the local Victory Garden Committee. In most cases the owners will make no charge, being interested only in having the gardens produce as much food as possible to help the war effort.

All of us want to help returning service men as much as possible. Many of them will need new interests and hobbies more than medicine or money. The right kind of encouragement may help develop an interest in gardening that will do much to offset wartime experiences. There is great curative value in working with the soil and watching the life processes of growing plants.

FARMERS GET "THE FURROW"

Many farmers of the Chelsea community in the next few days will receive a copy of the Golden Anniversary issue of "The Furrow," national farm publication, published by John Deere, Moline, Ill.

Marking 50 years' continuous publication, devoted to the interest and advancement of agriculture, "The Furrow" has been read by several local farmers for many years. Those from here who have been readers the greatest number of years include Oscar Lindauer and Wm. Eiseaman, the Chelsea Hardware Co., local John Deere dealer, reports.

Articles in this special anniversary issue bring to the reader discussions on progress and advancement made in agriculture during the past half-century. Modernization of farm implements through the years, leading to present-day power farming, and development of farm practices and methods relative to soil culture, planting and harvesting of crops, are featured.

Also appearing in the farm publication are several articles, which are reminiscent of farms and living conditions of the "Gay Nineties."

"The Furrow" published six times a year, is mailed free to local farmers with the compliments of the local John Deere dealer. Many educational farm articles, written by authorities in the farming industry, are published in each issue.

How smart have you been for the past 3 years?

THINK, for a minute, about what's happened to most of us at home in the last three years.

Chances are, you've had all the work you could handle at higher wages than ever before.

In spite of higher taxes and somewhat higher prices, you've netted more hard cash than ever before.

You've made more money—you've had less time to spend it—and, for a couple of years now, there's been less and less stuff to spend it on.

On top of that, you've had thrust at you at every

turn the finest chance this world has ever seen to save and invest that money.

You've been asked to invest in War Bonds which, when held to maturity, pay you back \$4 for every \$3 you put in. Through the Payroll Plan, it's been made easy for you to buy those Bonds automatically—to save bigger amounts with greater regularity than most of us were ever able to save before.

In the last three years, in short...

You've had the chance of a lifetime to accumulate money! Money for your old age—money for emergencies—money

to set you up in business—money that can help make this a healthy, prosperous country for your boy when he comes home from war!

Did you grab the chance? Have you been backing this war to the limit with your dollars—have you been buying all the War Bonds you could and hanging onto them like grim death?

If you have—fine.

If you haven't—well, it's not too late to start *right now*. But you ought to get in and pitch doubly hard, to make up for lost time—and money!

Keep faith with our fighters Buy War Bonds for Keeps

performance in the high school gymnasium. Let nothing stop you from seeing the most novel of all mystery plays. If you can't bring your own wife, bring someone else's! Bring as many people as you can, for that will save you from having to tell your friends and relatives how sorry you are for them because of what they have missed!

Those taking part in the production are:
June Vail—Aunt Mattie.
Robert Breitenwischer—Doctor Spaulding.

Theresa Lyons—Mary Marston.
Thomas Smith—Jerome Forrester.
Elaine McClear—Kitty Corey.
John Wellnitz—Donald Rhodes.

Jean Eisenbeiser—Madame Zenda.
?—The Phantom Spinster.
Coach Louise Spence is directing the play, which fact alone assures us of a finished and workmanlike performance. The stage setting, lighting, and effects are being handled by Duane Clark, Jane Dwyer, Joanne Moore and Barbara Eaton, under the direction of Miss Esther Schell, and no expense has been spared in order to give "The Green Light" as realistic a production as possible. Don't forget the time, March 23; the place, high school gym; or the play, "The Green Light." The curtain rises promptly at 8:00 so be sure to be in your seat a few minutes early, for you won't want to miss the hair-raising opening of the shuddery, ghostly play, "The Green Light."

Tickets may be obtained from any member of the Junior class.

GRADE NEWS

Kindergarten

We are getting our room ready for Parents' Night. We are having a transportation project and will display our "Before We Read" books.

Monday we had a birthday party for Gary Smith. We each got a favor of nut cups and a pipe stem girl or boy. The boys outnumber the girls now, twenty-one to eight.

Sixth Grade

This week we had reviews in geography, science, language, and history.

The sixth grade boys played the fifth grade boys on Friday in basketball. George Heydauff was chosen captain. The boys on the teams are William Aldrich, George Alperwitz, David Crocker, Duane Gentner, Bud-

Johnson, Stanley Knickerbocker, Gerald Lehman, Donald O'Dell, Donald Pierson, Don Schrader, and Theodore Slane. Other boys who play from time to time are: Richard Gordon, Carl O'Dell, Duane Otto, Jimmy Richards and Roger Yoakam. The umpire is Richard Seeley. The boys on the fifth grade team are: Dean and Earl Guenther, Billy Moody, Dick Rudd, Edwin Collins, Junior Pitts, Sammy Misalades, Paul Lewis, Ernest Aldrich, Claude Arnett, and Bobby Joseph. The score is 14 to 1 in favor of us.

In art we are making different designs. We have elected new people to do the work of the room.

Raymond Steinbach has been ill this week, but we are all hoping he will be back next week as he is our Victory Garden chairman.

Our play, "Honest Abe," is in rehearsal, to be produced Friday, Parents' Night. For that evening we are making "welcome cards" to give our visitors and a guest book for them to sign.

Seventh Grade

Only 21 per cent of grade 7 bought stamps amounting to \$6.10 last week. Ronnie Eder has come to join us from Riemenschneider school.

Perfect attendance was attained by Virginia Christwell, James Clark, Roslyn Reule, Peggy Schable, Dan Maroney, Joyce Umstead, Bob Vogel, during the last six weeks. In addition, all year perfect attendance is claimed by Phyllis Stoll, Verdice Wheeler, and Nancy White.

The grade is preparing for Parents' Night by making display booklets, and a "clean-up campaign."

Marilyn Johnson won the spelling bee.

Eighth Grade

By Mary Jane Jarvis

In English we have been studying adverbs and adjectives. We have been reading "The Legend of Sleepy Hollow" in literature. Ichabod Crane and Bean Bones are very amusing. We had a test in history and we are now studying World War I. In home-

making the girls are making notebooks to go on display Parents' Night.

Our grade saw a movie on wild life last Tuesday and enjoyed it very much. The Spelling Bee sponsored by the Detroit News was held last Friday in grades five, six, seven, and eight. In our room it was necessary to continue the spelling after school to decide whether Deloris Elsemann or Joyce Crawford would get the dictionary. After a number of really hard words had been spelled by both girls, it was cozy that caught Joyce Crawford off her guard and Deloris Elsemann was left the grade champion.

China Stains
Don't let vinegar, lemon juice or salt stand long on your pretty china. The design may suffer. If cups aren't rinsed soon after using, the stains will be hard to budge. If a cup has been stained, wipe with a damp cloth sprinkled with baking soda. Three tablespoons of baking soda to a quart of warm water will soak loose any scorched or stubborn foods on earthenware or on your heat resistant glass.
