Waterloo Man Dies In France On March 10

Mrs. Wm. J. Woolley of Waterloo received word on Monday, March 19 that her husband, Pvt. Woolley, died of wounds in France on March 10. Earlier on that day three letters came from him, one dated March 9, at 1:15 p.m., saying everything was fine. Inducted into the Army on May 5,

PVT. WM. J. WOOLLEY

1944, he received his training at Camp Fannin, Texas and Ft. Geo. Meade, Md. and was sent overseas early in January, 1945. He served in the 42nd Rainbow Division. His brother, James, is in service in the Philippines.

Pvt. Woolley's mother, Mrs. Mable Woolley, and brother, Newell, reside near Manchester. Mrs. Woolley and daughter Judy have been residing with her parents, Mr. and Mrs. Walter Vicary of Waterloo.

C. S. Ritter Commander Of Chelsea V.F.W. Post

A new post of the Veterans of Foreign Wars was organized in Chelsea last Friday night under the supervision of George H. Gee, Deputy Chief of Staff at Large for the Veterans of Foreign Wars of the United States.

Officers chosen for the local post are as follows:

Commander—Chas. S. Ritter, Jr.

Senior Vice Commander—Leon D. Fox.

Junior Vice Commander—Robert C. Reed.

Quartermaster—Julius L. Elsiele.

Chaplain—Edmund K. Miller.

Judge Advocate—Floyd D. Rowe.

Post Surgeon—Dr. E. J. Quirk.

Trustees—Three years, Wm. G. Kolb; two years, Dewey C. Brass; one year, Albert Kasper.

The Commander-elect appointed Albert E. Doll as Adjutant. Other appointments will be made at a meeting of the post to be held at Sylvan town hall on Friday night, April 6.

Twenty-one veterans signed the application for charter for the post, which, by vote of those present, will be named The Chelsea Post, Veterans of Foreign Wars.

An impressive institution ceremony will be conducted here in the near future (the date has been tentatively set for April 20, at St. Mary's hall) when the charter will be presented the new post by state officers of the order.

The public will be invited to attend the ceremony. It has been only recently that the public has been permitted to attend, and Mr. Gee states that it is a ceremony well worth attending.

Further announcements concerning the plans of the post will be published in these columns.

DON'T FORGET!

Good Friday Services

Called To The Colors

Marion Lester Dietle, son of Mr. and Mrs. Clarence F. Dietle, was born May 21, 1927 in Manchester, where he lived until 1930, when he came with his parents to Chelsea. He attended Chelsea public school, where he was active in athletics, and was a member of the junior class when he enlisted in the Navy on Feb. 19, 1945. He reported for induction on Tuesday morning at the Federal Building, Detroit.

Richard Robert Foor was born in Chelsea on October 26, 1926, the son of Mr. and Mrs. Alvin Foor. He graduated from Chelsea high school in 1944 and has been employed with the Chelsea Spring Company. On August 22 he enlisted in the Army Air Corps and reported for induction on Tuesday at Camp Sheridan, Ill. He will begin training April 2 at Shepherd Field, Texas.

Sinking Fund for School Improvements Proposed

The need for added and improved facilities in the Chelsea public schools has been growing year by year, and by the time that post-war work can be done, these needs will be very pressing, according to the Board of Education.

Improvements made during recent years have largely been made by attempting to restore old structures, or adapting them to new uses, and there is a grave question as to the wisdom of following this method any further.

This was brought home to the Board recently when an architect, and the head of the School Plant Division of the State Department of Public Instruction were invited, on separate occasions, to inspect the old grade school building, and meet with the Board members to discuss plans for some immediate needs, especially some involving sanitation.

After a careful inspection of the entire building, both of these men, who are experienced observers of schools throughout the state and country, were of the opinion that this building is in a condition, and of a design and construction that would make it uneconomical to invest any sizeable sum in its improvement. They suggested temporary remedies to make conditions sanitary.

They also felt that immediately following the war and thereafter, there will be pressure from all sides to improve our educational facilities, and Chelsea should be considering a long range program which may even mean the condemning of some of our structures at least for the purpose they are now being used, and providing more modern ones built to suit present and future needs.

About sixty per cent of the money used to operate the Chelsea schools comes from State Aid, and schools must be maintained along lines recommended by the state in order to receive this money.

The establishment of a sinking fund for the purchase and improvement of building sites, and erecting and equipping school buildings for the Village of Chelsea is not a new idea, but has been followed by some of Michigan's most forward looking cities—Lansing, for example, and more recently by Ann Arbor and others.

Besides stimulating the idea of working toward a long range program, this plan when followed carefully can mean a considerable saving to the taxpayer in eliminating interest charges.

Believing that the creating of a sinking fund would be for the best interest of the people of the District, it is planned to submit to the electors at the annual election in July the question of establishing such a sinking fund.

Alamogordo, New Mexico — Pvt. Carl L. Heselschwerdt, son of Mr. and Mrs. John M. Heselschwerdt of Chelsea, Michigan, was recently awarded the Good Conduct Medal at his present station, the Army Air Base, Alamogordo, New Mexico.

Mrs. Andy Policht received word from her husband, Andy Policht, WT-3C, stating that he spent two days recently with her brother, Lt. V. L. Coltre, and one day with his brother, Louis Policht, SM-3C, at a port in the South Pacific.

R. B. Waltrous recently received the following letter from Robert Stroupe, a former Chelsea resident, now in the armed service:

Dear Roland:
Received your nice letter a few days ago. I am on a business trip and hadn't had any mail since the first part of December. When I got back here, Anglo Egyptian Sudan, I really had a stack of it. Have been in Entrea and Arabia most of the past two months—should be back on the Gold Coast the latter part of April. Will be glad to get there too. Asia Minor and a big share of Africa and Egypt are just one huge sand pile.
Am pleased that you are as well as possible. I hardly realized that you could be as old as you state. I certainly hope I will be as young as you are when and if I attain that age. I am looking forward to seeing you when I come home on furlough sometime this year.
I haven't received the Standard but

it will be awaiting me when I return to Accra. The next time you go in to Jay's to be shaved, offer Jay this enclosed bill (Chinese) for payment. The terrific inflation in China has raised the devil with their money values—takes about a ream of these bills to buy a meal.

I must get ready for supper so will cut this short. My very best regards to you and Jay and others I call my friends in Chelsea. Hope to see you all soon.

Most sincerely,
Robert Stroupe.

Mr. and Mrs. Fred Hafer received the following letter from their son, Pvt. Glen Hafer, who was injured several weeks ago in Germany, and is now a patient in a hospital in England. "As can be seen in this letter, Glen has not received the letters informing him of his brother Earl's death in that area some time ago. For quite a period of time Glen received no mail, although he wrote regularly to his parents. The letter follows:

England, March 8, 1945.

Dear Mom:

I sure was glad to hear from you and Arlene and it sure makes me feel a lot better to hear from you. The mail got here in nine days.

Please send me Donald's address as soon as possible. I will be able to see him when I get out of the hospital or I can get a pass. Every hospital in England is within a few hours' travel from here.

I sure was sorry to hear that Duane is in the army. He will probably be over here before you get my letter.

I am going to write to Meryl and Veryl right away. How about telling me what you hear from Earl as I have not heard from him.

Donald must have been wounded before I came back as we were all finished with Belgium and were well in Germany.

You want to know what is wrong with me? Well it sure is not very bad and I will be OK soon.

Tell Pearl to write, will you? I would rather get a letter than a package any day. I sure wish you would send me some candy if you can. I probably lost all my Xmas packages when the Germans drove us back in the break-through. I sure was lucky. Tell Arlene I don't know what happened to Joe as we all got split up in

All Fools' Jokes Change Form

With the 30th Infantry Division—Pfc. Adrian T. Kiss, of Chelsea, Mich., participated in the recent assault crossing of the Roer river, and the subsequent drive to the Rhine with his unit, Cannon Co., 117th Infantry Regiment, 30th Division.

Pfc. Kiss recalls the time the company was moving forward to a new position. Kiss was riding on a truck hauling a cannon when they had a flat tire. They stopped and were at the mercy of the exuberant French natives and their fierce but friendly apple barrages, which characterized every military move in France. They came through it unscathed, and having repaired the flat tire, shouted to the people to make way and started forward.

One fourteen-year-old boy who was standing in front of the gun carriage did not get out of the way in time, and driver, unknowing, continued forward and ran over the boy's foot. There was a cracking sound as his wooden shoe crumpled under the weight but the boy was not hurt, and the truck rolled on followed by the laughter of the people who viewed it all as a joke.

ACHIEVE NO-ACCIDENT RECORD
Eight safety patrol boys from St. Mary's school spend an hour and a half daily making sure the grade school children reach school safely. Their diligence has achieved a no-accident record at this school.

Every school morning at 8:15 the boys take up their stations at dangerous crossings in the school neighborhood. The patrol boy holds the children at the curb until there are no cars approaching, then he permits them to cross in safety. A safety boy wears a white shoulder belt to identify himself. Children who ignore his command are reported and punished.

At the noon and afternoon dismissal, the boys start for their corners five minutes ahead of the rest of the school. They remain at their corner for 15 minutes. By this time every grade school child should have passed these intersections. Parents should see that their children start to school on time so they will not reach hazardous intersections after the patrol boys leave.

The protected intersections around St. Mary's are as follows: Congdon St., Main St., Lincoln St., and South St. The safety patrol is under the supervision of one of the Sisters and is headed by a captain, Bob Merkel, assisted by two lieutenants, Walter Zeeb and Corky Dreyer. The patrol boys hold weekly meetings to discuss problems and check themselves.

Throughout all the schools in the Archdiocese of Detroit, there has never been a fatal accident at a corner protected exclusively by a safety patrol boy.

LARGE BARN BURNS
A large barn on the Guthrie farm on Garvey Rd., in Sylvan township was burned on Thursday afternoon.

The local firemen were called and kept the blaze from spreading to the other outbuildings.

Boy Scout News

Clarence Munn, chairman of the camp committee of the Washtenaw-Livingston Boy Scout Council, announces that Donald Drake, swimming coach at Ann Arbor high school, will again be director of the Camp Newkirk summer camp, and Donat Burns, assistant scout executive, will serve as assistant director. Other members of the staff have not yet been announced.

Camp will open on June 17 and continue for three periods of two weeks each, although a Scout may attend for as short a time as a single week if he chooses.

A high spot of the opening week of camp will be the Scout Circus to be held on Saturday afternoon, June 23, in charge of J. Robert Cameron.

Easter Festival of

Our Lord's Resurrection

Easter is the festival of our Lord's resurrection, and is one of the most joyous days observed by the church. It corresponds to the early church's pascha, designated the festival of the resurrection; later, it meant both the festival of the crucifixion and the resurrection, and after the fourth century it was limited to the latter feast.

The term Easter was first used when Christianity was introduced among the Saxons, and Bede traces it to Estre, a Saxon goddess, whose festival was celebrated annually in the spring.

Chalanda Marz, Ancient

Swiss Spring Festival

Among the many old customs and traditions which are still in vogue in the Engadine region of the Swiss canton of the Grisons, the festival known as the Chalanda Marz takes first place.

The Romans brought it to the Engadine, to celebrate the arrival of spring. It has become a children's festival. The children go from house to house receiving presents of food, which are served in the evening at a ball given for the children of the village.

GUILD STATE BOARD MEETS

State Board of the Michigan Farmers' Guild met at Lansing on Thursday, March 22. The National Guild President, Carl H. Mote, of Indianapolis, Ind., and Miss Opal Tanner, national secretary-treasurer, also were present.

H. H. Varney, OPA agricultural adviser from Cleveland, Ohio attended the afternoon session. The board distinctly pointed out to Mr. Varney that much of our food shortage was the fault of OPA management, to which statements Mr. Varney laid some of the blame on WFA, admitting as he stated that there were many round holes in square holes.

Mr. Varney stated that WFA and OPA were planning a conference in Washington, D. C. to be held early in April, in which he promised Carl H. Mote a seat. The Guild board felt that with proper representation at this conference the blame for the food shortage could be placed where it belongs and not on the farmer.

Mr. Varney also agreed that this bureaucratic system would have to be disposed of after the war, to which Mr. Mote replied, "or sooner."

The National Board of the Guild will meet in Ann Arbor on May 15. Plans for setting up new Locals were also made and hopes were expressed for a bigger and better Guild, both State and National.

Fuel Saver

Few people living in cities follow the good old country fashion of banking the foundation of their homes with leaves, sod or earth. They still do it on the farms. It is a good fuel saver, too, and would save at least 5 per cent, and probably 10 per cent, where sills are leaky.

Michigan Bell Seeking Advice From Farmers

Lansing—When the Michigan Bell Telephone Company launches its post-war rural expansion and improvement program, it will have the benefit of expert advice—from the farmer himself.

The company has sent a 23-page questionnaire relating to farm-line service to 1,500 rural users in 38 exchanges and 24 counties of its territory, which embraces 35 per cent of the state's total area. That number is presumed to represent a cross section of some 31,000 telephone users in the 24 counties.

Theodore H. Dawson, director of the company's farm service program, said the purpose of the survey is to "obtain information which will aid the Michigan Bell in its plans of extending and improving telephone service, thereby increasing its usefulness to all telephone users."

The questionnaire contains 77 questions relating to quality and use of the service, rates, and farm-line construction. The party-line comes in for attention. Farmers also are asked where they obtain information on weather, market and road conditions, and time of day.

Victory Garden Prizes Announced by Richards

In selecting the best Victory Gardens, the judges will keep the following factors in mind:

1. The student must do the major part of the work. Such work as plowing and dragging will in most cases require outside help.

2. To be eligible for a prize, a garden must be registered with the agriculture department at the school not later than June 1.

3. Gardens must be located within a six-mile radius of Chelsea.

4. The following points are considered important:

(a) Weed control.
(b) Insect and disease control.
(c) Quality and quantity of vegetables produced.
(d) General appearance.

First and second prizes will be awarded as follows: 3rd grade, \$2.00; 4th grade, \$3.00; 5th grade, \$4.00; 6th grade, \$5.00; 7th grade, \$6.00; 8th grade, \$7.00; high school, \$8.00; \$2.00.

M. S. Richards,
Chairman Chelsea Victory Committee.

Graded Eggs

Grade A and AA eggs are more satisfactory for boiling, poaching and frying, but grade B and even grade C eggs, when properly graded and stored, are as satisfactory for many other purposes, and they are cheaper.

ENTERTAIN FARMERS' CLUB

A meeting of the Western Washtenaw Farmers' club was held on Thursday evening at the home of Mr. and Mrs. Fred W. Notten, and supper was served at 7 o'clock to 25 members. A social time was enjoyed, with community singing as a pleasant feature.

V-Gardens

Recent surveys show that about 18,500,000 victory gardens were kept in the U. S. in 1944. Farmers planted 8,000,000 of the total, and the rest were in cities, towns, or suburban areas. The report states that 88 per cent of the nation's farmers and 44 per cent of the urban residents planted gardens in 1944.

She was taken to a doctor for treatment, but it is not yet known if the dogs were rabid or not.

Those Good Old Days

By GENE ALLEMAN

Michigan local governments, which now receive more than three-fifths of all money collected by the State of Michigan, have not lost faith in Santa Claus.

On the assumption that Washington or Lansing subsidies will be forthcoming during the postwar deflation period, many local units of government have prepared blueprint plans for job-creating public works of various kinds, such as sewage and sanitation facilities, water works and water mains, schools, and roads and bridges.

In fact, the State has encouraged local governments to do this through a \$5,000,000 appropriation by the 1944 special session of the state legislature. The State offered to prorate state aid to pay up to 50 per cent of the blueprint planning cost of such projects, if submitted to the State Planning Commission by Dec. 15, 1944.

Don Weeks, director, says the commission staff is now classifying the projects. He expects to have a detailed break-down within a week or so.

Having experienced recently a lengthy depression, Michigan governments appear to be well set for a postwar slump.

That is, as far as PLANS are concerned.

Local governments' projects, as submitted to the state planning commission by last Dec. 15, involve a total of \$408 millions estimated at 1944 prices. Approximately one-half of this sum would be spent in Wayne county (Detroit).

County road commissions (not included in the above \$408 millions) submitted highway and bridge projects calling for \$64 millions more.

And then the state highway department's postwar program would utilize an additional \$140 millions. Thus the road building plans of cities, counties and the state, as already projected for the postwar employment period, involve a total of approximately \$250 millions. Add this amount to local governments' non-road projects, and you arrive at the cheerful figure of around \$650 millions which would come from somewhere, somehow, sometime.

Last week's column told about the postwar needs of the state government and the problem of whether these needs were to be financed currently out of revenue "savings" (treasury surplus) or financed by long-term bonds with a 100 per cent additional cost because of the interest on bonds.

We concede the annual surplus is going to be grabbed by someone—either the state for its own postwar needs or by the ever-constant parade of deserving human needs, sponsored by well-wishing pressure groups.

For example, the state board of aeronautics is asking the legislature for \$5,000,000 in state aid for local airport improvements—another postwar project of acknowledged merit.

The state planning commission has two estimates of the cost of the state's postwar projects—\$60 and \$80 millions—depending upon prices. To date the state legislature has segregated \$12 millions from current wartime savings as a part payment on the above \$60-to-\$80 program, leaving a balance of \$48-to-\$68 millions yet to go. If the minimum sum (\$48) were to be added to the local governments' projects, the overall total goes up to around \$700 millions.

But as Al Jolson used to wag, "You ain't heard nothing yet!"

In the 1945 session of the state legislature at Lansing a total of \$41.6 millions in deserving operating needs has been EXCLUDED from the state's 1945-46 operating budget, now set at \$145.9 millions. Here they are:

More school aid	10.00
University of Michigan	1.36
Michigan State College	1.13
Public school retirement fund	3.25
Wayne Univ. Jr. College	1.50
County health units	.81
County T.B. aid	1.27
Eloise hospital	1.00
Direct relief	2.50
Hospital afflicted adults	1.50
Training pay, state troops	.35
Real estate tax exemption	.30
Sixth sales tax, local govt.	1.66
	\$41.65

If a Michigan taxpayer were to travel to Washington and carefully survey the postwar planning being done there, he would be impressed further. National planning, financed mostly out of federal funds, calls for a great variety of worthy enterprises.

The list is lengthy; the cost would run into many billions.

And when the Michigan taxpayer recalls the March 15 figures of his 1944 federal income tax, and then dares to think about the national debt which has soared from \$40 to nearly \$238 billions (Feb. 28) since June 30, 1939, the combined accumulative effect is one of mental intoxication. (Our national debt June 30, 1932—about 13 years ago—was a modest \$19.4 billions!)

When you get into post-war planning, hold on to your hat. There HAS to be a Santa Claus!

National President Is Guild Meeting Speaker

A meeting of the Michigan Farmers' Guild, Local 254, was held at St. Mary's hall, Chelsea, on Wednesday evening, March 21, with about one hundred in attendance.

National President Carl A. Mote of Indianapolis, Ind. gave a short talk on "Finance in Regard to Wars and Depressions." Prof. A. E. Boak of Ann Arbor gave a history talk on the "Past and Future of Wars and Farming," and what might be expected in the future.

Miss Opal Tanner, national secretary-treasurer of the Farmers' Guild, told of work that had been done this past winter, and stated that poor road conditions had made it almost impossible to do much toward organization of new locals. Work of starting new locals in the western part of Ohio is gaining very rapidly, according to Miss Tanner.

State President Harry S. Atchinson gave a short and very interesting talk on "Farm Food Production and Labor Conditions—Farmers May Have to Meet."

OTTO TURNS TINKERER!

As a pastime for long winter evenings, Otto Schanz (whose daytime occupation is village handy-man) decided to try his hand at wood carving and much to his own amazement turned out a work of art that will entitle him to a place in the hall of fame (Chelsea's) as a real craftsman.

On display in the Chelsea Hardware Co. window is the result of Otto's labor—a fine stagecoach, painted in red and gold, which is a splendid likeness of Fisher Body trademark, the picture of which was Otto's only pattern. This was his first attempt at such a pastime but he feels that he did pretty well, considering that he spent ONLY about 100 hours on the job.

Y. M. CHILD STUDY CLUB
A meeting of the Young Mothers' Child Study Club was held at the home of Mrs. Hugh E. Sorenson on Tuesday evening. "Children and Money" was the topic for consideration, and the discussion was led by Mesdames Lewis Bernath, R. W. Wagner, Armin Schneider and John Meehan. Refreshments were served by the hostess, assisted by Mrs. Russell McLaughlin.

School Attendance To Age of 16 Compulsory

The attention of parents living in the school district of the Chelsea public schools is called to the fact that boys and girls living in a high school district must attend school regularly until they reach the age of 16 unless excused by either the County School Commissioner or the Superintendent of Schools.

In rural schools, where transportation to a high school district is not provided, the Michigan law provides that boys and girls may drop out of school either upon completing the 8th grade or upon reaching their 16th birthday.

The law also provides that the parents or guardians of children of school age are legally responsible for the school attendance of these children.

CARD OF THANKS
I would like to thank my friends for the cards, gifts and calls during my stay in the hospital and after my return home; also the Odd Fellows for the use of their hospital bed. All kindnesses were greatly appreciated.
George William Sweeney.

Repair Rug
If there is a hole in the body of your rug, sew a patch on the wrong side. Make the patch large enough to overlap the raw edges at least two or three inches. Then hook new yarns or strips of cloth to fill in the hole, as for bare spots. Make a few of the rows extend out into the body of the rug, raveling out some good loops if necessary. This helps to strengthen the edges around the hole and to blend the new material with the old. Finish by putting a lining on the entire back.

Cold Fingers
Strong emotions like anger are found to make the fingers cold, Drs. Bela Mittlemann and H. G. Wolf of New York hospital and the Cornell university medical school reported to the recent temperature symposium. Temperature differences of more than 12 degrees Centigrade (21.6 degrees Fahrenheit) were noted.

Aid Navigation
One of the first jobs undertaken by this government of ours was the construction and maintenance of aids to navigation. The fifth act of the first congress, on August 7, 1789, made provision for such work.

Elliott Urges Support Of 15 Mill Amendment

By Eugene B. Elliott, Supt. of Public Instruction
All electors in Michigan are urged to support the constitutional change in the 15 mill limitation. This proposition will be voted on in the April 2 election. It should be made clear that the change affects only that part of the limitation which applies to capital outlay, which means construction of new school buildings and other necessary public facilities. It should also be made clear that this provision does not permit increasing taxes that may be levied in any one year. The present constitutional amendment permits the raising of funds up to 50 mills over a period of not more than five years. This new amendment makes it possible to extend the period for raising funds for buildings up to 15 years but limits the amount that may be raised to 30 mills instead of 50 mills.

If this change is not adopted it is doubtful, as far as schools are concerned, if many districts will be able to have safe, sanitary, healthful classrooms. Some districts are finding it impossible to replace buildings destroyed by fire even though full insurance is carried. An average school building lasts for 50 years. Under the present constitutional limitation school districts may bond only for five years. The new provision allows 15 years in which to pay for the building. It hardly seems reasonable that a building which is to last 60 years should be paid for within five years when for the next 40 years or more other citizens will be using these same buildings.

Building a school building is no different from constructing your own home. A check of my own staff shows that eleven members, who own their own homes, required more than five years to pay for them. The average time was approximately eleven years. I have no hesitancy in saying that I took a longer time than five years to pay for my own home. I wish to mention also that there is one other change in this constitutional amendment and that is, a simple majority instead of a two-thirds majority is required to vote funds for new construction. These amendments are placed in the constitution by a simple majority vote and it seems reasonable that the same majority vote should be sufficient to raise these necessary funds.

Information coming out of Washington leads us to believe that there will be Federal funds for school buildings. Few districts in Michigan will be able to participate in these funds unless we make this modification in our constitutional tax limitation for the construction of needed buildings. All citizens voting in the general election on April 2 are entitled to vote on this constitutional amendment. However, no additional millage may be levied in any school district, no matter how large or how small, until there has been a vote by taxpayers. In other words, all electors may vote on a constitutional amendment but only taxpayers may vote to raise additional tax funds.

I urge all citizens in Michigan to give this proposition their most careful thought and consideration.

HEAR FROM SONS IN EUROPE
Mr. and Mrs. John Myers, Wilkison St., have received word the past week from their three sons, all of whom are serving with the armed forces in western Europe. Staff Sergeant Jay Myers has written, stating that he had just received the Christmas package sent him by the local Moms club, and wishes to thank the club for remembering him. Jay said the package arrived in fine shape but that he had changed places so often that one entire side of the package was covered with changes of address.

Pfc. Clifford Myers, serving with Patton's Third Army, wrote that on March 13 he was at Aachen, Germany and that he had been fortunate enough to locate his brother, S-Sgt. Jay Myers and spend a day with him. Pvt. Earl Myers is also serving in Patton's 3rd Army but is not in the same division with his brother Clifford.

The next meeting will be held on Wednesday, April 16, at 8:00 p.m.

DEATHS

Orson D. Clark

Orson D. Clark, 48 years old, died Monday evening at his home in Lyndon township, following an illness of several months.

The son of Charles E. and Fredericka (Bauer) Clark, he was born in Lyndon on Nov. 18, 1896. On May 2, 1922, he was united in marriage to Helen Hopkins, who died Nov. 25, 1938 from injuries received in an automobile accident. He was married to Mary Boyce on March 12, 1940 at Lake Odessa and they have made their home in Lyndon.

Mr. Clark was a member of the Chelsea Methodist church, and for several years served as clerk of Lyndon township.

He is survived by the widow; two sons, Duane and Dean, both at home; his mother, Mrs. Chas. E. Clark, and a brother, Carroll Clark, both of Lyndon township.

Funeral services will be held at 2:30 this afternoon, EWT, at the Miller funeral home, with Rev. Everett R. Major officiating, and burial will be in Oak Grove cemetery.

John Jacob Buehler
John Jacob Buehler, 83 years old, passed away on Monday at the home of his daughter in Ann Arbor, after a

brief illness.

He was born Nov. 10, 1861, the son of Jacob and Christina (Mohrlock) Buehler. He married Elizabeth Halze in 1888 and she preceded him in death March 2, 1938. He has resided here his entire life.

Surviving are three daughters, Mrs. Edward Maloney of Cleveland, Ohio; Mrs. Herman C. Geisel and Mrs. Armond Hoffman of Ann Arbor; one son, Paul J. Buehler, of Long Island, New York; two sisters, Mrs. John Forner and Mrs. George Satterthwaite of Chelsea; and one brother, Samuel Buehler of Saline; and five grandchildren.

Funeral services will be held from the residence, North Main street, on Friday, March 30 at 4 p.m., with Rev. W. H. Skentelbury officiating. Burial will be in Oak Grove cemetery.

CHELSEA STUDY CLUB
Eighteen members and fifteen guests of the Chelsea Study Club were entertained by Mrs. Augusta Hollidge at the Methodist Home on Tuesday evening.

Following a short business meeting, Mrs. Hollidge presented Rev. Dempsey Yinger and Mrs. Yinger from the Methodist Church in Albion. Rev. and Mrs. Yinger gave an outstanding program of "The Story of Christ in Verse and Song." The entertainment was in keeping with the Lenten season and was greatly enjoyed by the assembled company.

A social hour was enjoyed and refreshments were served. The refreshment committee was Mrs. D. L. Rogers and Mrs. W. R. Daniels.

EDITORIAL

The recent and boorish behavior of our young people has been analyzed with a view of blaming many agencies and causes, including the tension of war, working mothers, overloaded school teachers and insufficient community recreation, to mention only a few.

The behavior of Chelsea young people at their own Junior Play on Friday evening of last week, however, causes some of us to lay the blame where at least a good share of it rightfully belongs, squarely on the shoulders of the young people themselves. These are youngsters better educated, better dressed, and personally more cosmopolitan than any group in history. Yet at a public performance of a play, they shuffled, stamped, talked in audible tones, and came and went continuously by reason of paying their admittance fee. Contrasted with the orderliness of the grade school youngsters at Thursday's matinee, the behavior of the high school youth was shocking.

Immaturity may be blamed for many things. It cannot be given as an excuse for ignoring the simple fundamentals of good manners. In itself, boorishness may be merely annoying, but boorishness springs from ignorance and selfishness. Both of these are qualities hostile to the workings of democracy. It is but a step from ignoring another's wish for enjoyment to ignoring another's rights.

I have taught in Chelsea for this past year and have enjoyed the people and the children. I have no doubt that this matter needs only to be mentioned to be corrected. I speak not only as a teacher who wishes her young children to grow up to be well-mannered American and women, but as one looking on as an outsider. The young people are responsible for behavior such as this, and it is they who should correct the bad impression they make.

—Tena Sikkema.

CHELSEA TIES U. HIGH

On Wednesday, March 21, we had our return game with U. High here. We had defeated them on their floor by a score of 18-9.

The starting lineup for Chelsea was: forwards, Paul, Lyons, Loeffler; guards, Winter, Hale and Ottoman. For U. High: forwards, Patton, Han-

dorf, Peters; guards, Tobbias, Cruger and Good.

The first quarter was very evenly played, the score being 3-2, our favor. In the second quarter we outplayed them, and at half time the score was 11-5. U. High made a basket in the third period, making it 11-7. But we really slipped in the fourth period and when the whistle blew it was all tied up, 15-15. Paul and Patton were high scorers with 9 points each.

This ended a fairly successful season for us. We had 4 wins, 2 ties, and 2 losses—a better record than we had last year. Maybe we can improve it next year.

SENIOR NEWS

A Senior class meeting was held on Wednesday, March 21. Plans were made for work on the Annual. It was voted to hold a bake sale within the next few weeks. The magazine campaign came to an end Tuesday, March 20, and the class realized \$132.82. Committees were appointed to collect money for caps and gowns, cards, and announcements. Pencils are now being sold.

THANK YOU

The Seniors wish to thank all persons who purchased magazines from them in their recent magazine campaign.

CLASS NEWS

Junior
Everyone must pay their class dues and the money still due from the bake sale before we can get our rings when they arrive.

We want to thank everyone for their cooperation during our play and we sincerely hope they enjoyed it.

Sophomores
The Sophomores have scheduled a party for April 27, which is to be held in the school gym.

All arrangements concerning our class rings have been taken care of and the deposits on them are to be paid now.

Freshmen
The Freshmen had a class meeting Wednesday, March 21. Committees were appointed for the Sophomore return party which is going to be May 4.

Committees were also appointed for the class party at the end of this school year.

We have two new freshmen in the past two weeks—they are Charles Hallock and Irla Scripser.

BAND

Plans for the Spring Concert are now being formulated. The high school band has been reading considerable material so that the best music might be presented on this program. The date for the concert is Friday evening, May 18.

HI-Y

In the last HI-Y meeting Mr. Richards discussed with the boys the idea of high school boys "going steady." He emphasized, however, that "going steady" was not wrong in itself, but the feeling of possessiveness that results creates many problems.

GRADE NEWS

Fifth Grade
By Barbara Wright
We are going to raise plants in the school room to sell. The money will be our start for our class treasury.

In science we are studying about plant life. In connection with this study we are watching seeds and vegetables sprout.

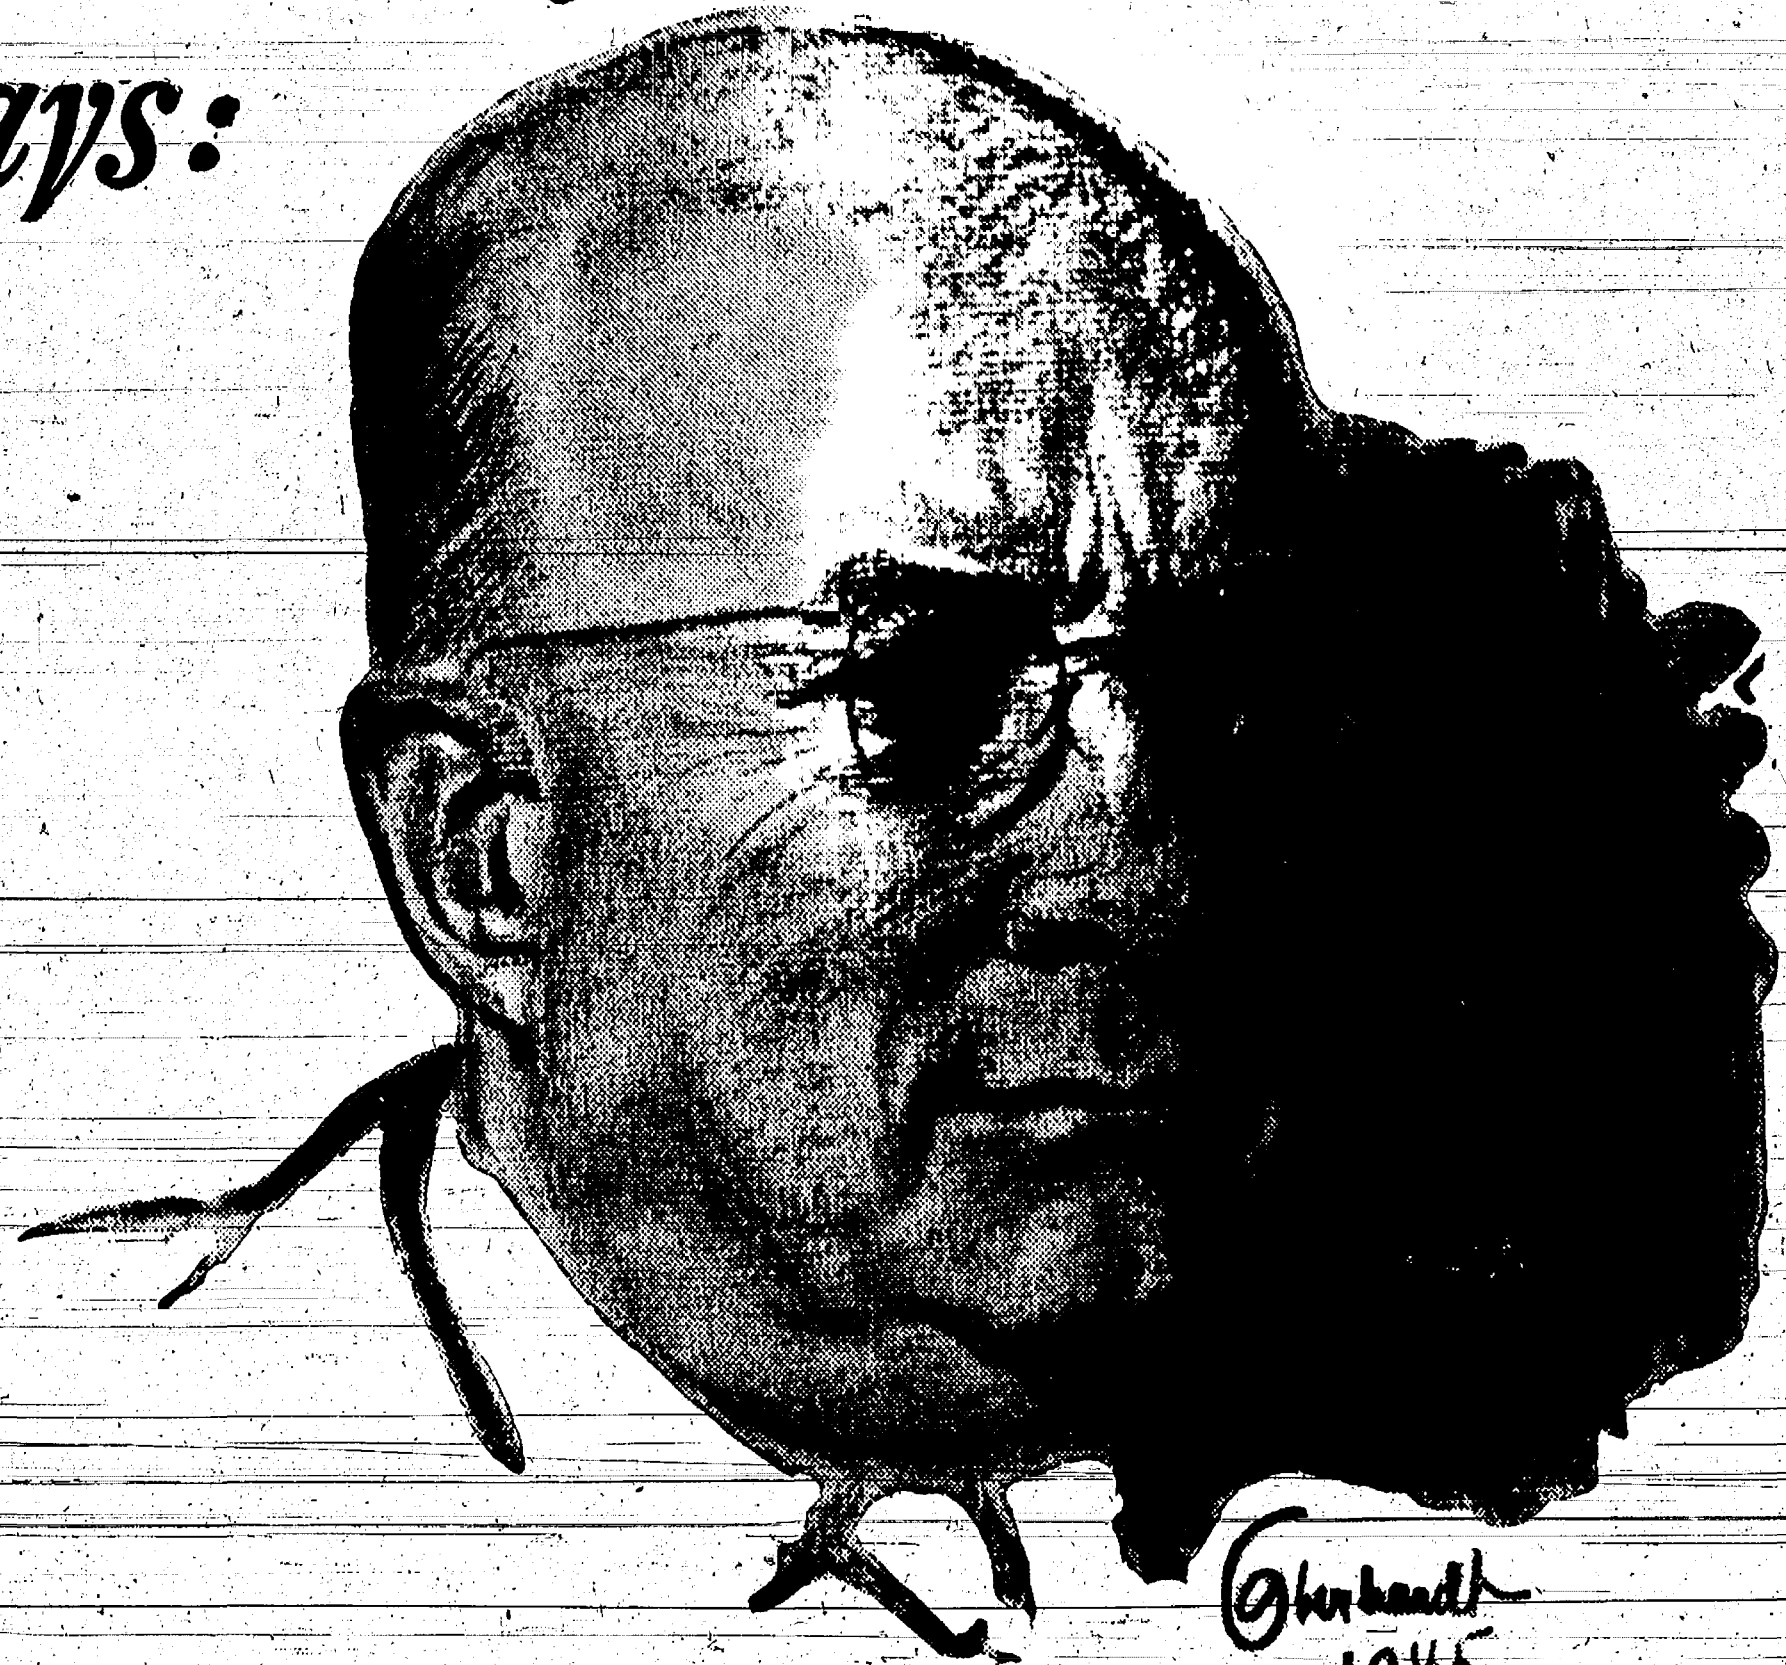

Our room has bought \$145.05 worth of defense stamps this year.

Sixth Grade
By Mary Joan Pope

On Monday, March 19, 1945 we elected new officers: President, George Heydlauff; vice president, Theodore Slane; secretary, Mary Joan Pope. The officers (such as the teacher calls them) of our room are: desk inspector, Nancy Elsemann; duster, John Ridd; waterer, Joanne Elsemann; board eraser, Carl O'Dell; and hall police, Jerry Wenk, David Crook. Henry J. Kaiser

says:

"Americans have shown what they can do with their minds and hands in producing the ships, planes, guns, tanks, ammunition and all the materials needed to crush the Axis hordes. Now, in this month of April, America will show what Americans can do with their hearts in providing the clothing needed to relieve the suffering of millions of people in war-torn countries. It is good to know that every American family will do its share."

PRESIDENT ROOSEVELT chose Mr. Henry J. Kaiser as National Chairman of the United National Clothing Collection for just one reason: He knows this famous industrialist as a man who gets things done.

But Mr. Kaiser will need help—if the goal of 150 million pounds of serviceable used clothing is to be attained this month.

He will need, indeed, help and contributions from every American family throughout the land.

Today, in Europe alone, 125 million men, women, and children are in desperate need of the forgotten usable clothes that hang in the closets or repose in the attics of America's homes.

In some areas, deaths from exposure are as great as those from starvation.

These innocent people have given their homes, their

jobs, their happiness, their health—for the same lasting Peace we are fighting for. They need your spare clothing now. Will you give it to them?

What YOU can do!

1. Get together all the serviceable summer and winter clothing you can spare. This includes: Men's, women's, children's, and infants' wear; and shoes. Overcoats, topcoats, suits, dresses, shirts, skirts, jackets, pants, work clothes, gloves, underwear, sleeping garments, robes, sweaters, shawls, and all knit goods. Also blankets, bedclothes.
2. Take your contribution to your local COLLECTION DEPOT now or arrange to have your LOCAL COMMITTEE collect it before April 30th.
3. Support your Local Committee not only with your clothing contribution, but also with your time, effort, and energy.

Two electric cars collided at Chelsea Sunday evening about 6:45. The eastbound limited, which is due here at 6:45, was run in two sections. D. U.R. coach 7780 was in the lead and followed by M.U.T. car 31, both of which are operated by crews of the D. J. & C. Railway Co. Both cars were in crippled conditions when they arrived here. Car 7780 was at a standstill when car No. 31 plowed into it. The rear of the D.U.R. car was a total wreck, and the glass in car 31 was nearly all broken. Several passengers in both coaches were cut by flying glass, and all were pretty well shaken up. Geo. Hamp, who was standing on the passenger station platform, had one of his legs badly injured by some of the flying debris. Ed. H. Chandler has purchased an auto truck which he will use in his dray business.

At a meeting of the Chelsea baseball players Monday evening the following officers were elected: Roland McKune, president; Roy Evans, mgr.; Tom Beaton, secretary; Louis Eder, treasurer; Ed Helmrich, field captain. The boys are working for a first class team this season.

LaVerne Yetlah, who has been spending the past 30 days with his parents, returned to Fort Wayne, Detroit, on Wednesday. The young man was recently discharged from the U. S. army after one year's enlistment. He has re-enlisted for three years. He served in the A.E.F. in Europe, going across with General Pershing, and returned home after the armistice was signed.

Mr. and Mrs. L. A. Burg of Highland Park were week-end guests at the home of Mr. and Mrs. J. L. Burg.

Helen Vogel, who is a student at Vassar College, is spending her spring vacation at the home of her parents, Mr. and Mrs. Ed. Vogel.

The Rice Seed Co. purchased a number of bushels of seed oats of Miss Martha Riemenschneider on Monday.

A farewell party for Esther Zeeb was held in connection with the Grange on Tuesday evening. Miss Zeeb will leave for Springfield, Mo. next Tuesday, where her marriage to Carl Wadell will take place.

Seven cottages at Cavanaugh Lake were destroyed by fire Friday afternoon. They were the summer homes of E. L. Negro, W. F. Riemenschneider, Dr. G. W. Palmer, Fred Howlett, Geo. Woods, James B. Swallow, and P. A. Carpenter. The fire started about 1 o'clock while the grounds were being cleaned up, the blaze getting a start in the long grass. The wind carried the blaze down the line of the cottages and the workmen were helpless in working to put it out. The Chelsea fire department was rushed to the scene, and they stopped the fire from spreading any further.

G. W. Coe of Lima is having a bath room fitted up in his residence.

Someone stole a number of chickens from the Van Tyne farm Tuesday night.

Ben Hawley has accepted a position as janitor with the Flanders Mfg. Co. Commencing with next Monday evening the hardware stores will remain open until 8 o'clock standard time.

Carlton Runciman left Saturday for Millington, where he has accepted a position as superintendent of the school for the rest of the year.

If the parties who took the two pairs of socks Tuesday night off the clothesline, will return them to J. S. Cummings, he will see that they are properly ironed.

Turnbull and Withersell have dissolved their co-partnership. They will retain the present offices, but each will conduct their law practice as individuals. Mr. Withersell will retain the two east rooms, Mr. Turnbull the west room.

Just another case of getting something cheap at an auction. A man from Bridgewater attended an auction and being in need of a horse, and seeing a chance to buy one for \$150, bought it (good looking horse too). He started home with the noble beast, when still some distance from home the horse fell and he was unable to get him up again. Not knowing what else to do the owner offered anyone \$100 to shoot the horse. Someone finally agreed to do it—even so, the horse only cost him \$250.

Low in Calories
Onions are low in calories and contain fair amounts of essential minerals and vitamins.

Mends Rips
Tape mends rips in shower curtains. Regular adhesive tape will do for white opaque curtains; transparent tape is best for thin or colored ones. Tape also can be used to set in patches, which can be cut from bottom of curtain.

Stone Boats
A stone boat is a handy device to have around when boulders or other heavy objects are to be moved with the least possible lifting. Two strong runners with cross pieces and a hitching chain are all that are needed.

Garage Car
Automobile owners are advised to garage their cars at night to preserve the finish. This prevents dew from forming on the body, and dew seems to be an important factor in causing the failure of finish.

Big Business
The used car business ordinarily has annual sales volume of \$20,000,000,000.

A TELEPHONE CAN'T WORK BY ITSELF

Like others, the Bell System will have to convert its telephone factories to civilian production after the war. But when post-war automobiles, refrigerators and washing machines leave the manufacturers, they'll be ready to use. With telephones, it's different.

After we get new instruments and equipment, there is the long, painstaking job of installing and joining them to the present system.

Many new buildings must be erected; others enlarged. Billions of hand-soldered switchboard connections will have to be made. It's time-consuming—even a small section of central office equipment contains thousands of these connections, and space allows only

a few men to work on it at one time. Then, too, thousands of miles of wire and cable must be constructed to connect telephones to central offices.

So that we can provide service for the 100,000 orders on our growing waiting list and again install telephones promptly wherever wanted, Michigan Bell plans a five-year post-war construction program costing \$120,000,000. But even working at that rapid rate, it will take at least two years before telephones generally can be installed without delay.

If you are waiting, we appreciate your patience and understanding. We will supply you with service just as quickly as we possibly can.

In Omaha, Nebraska, on December 16, 1944, a little boy was killed when the sled on which he was sliding collided with a delivery truck.

The picture sent in by the Associated Press is a tragic one. The mother stands weeping silently. A policeman moves from the ambulance to cover the body of the child. In the background is the crushed sled on which he had been so happy a few minutes before. Neighbors and friends line the sidewalk to watch the sorrowful spectacle.

This same tragedy is re-enacted too often during the winter months. It is a problem for the parents and local traffic bureaus alike. Parents must constantly and repeatedly warn their children against coasting in the streets. Cities must set aside special streets for coasting and divert traffic to other sections if it is at all possible.

Coasting and playing on unprotected streets lead to tragedy. Keep your children out of the streets!

His Light Shall Shine Upon a Darkened World

Thank God for the dear ones safe today,
Safe at home on the happy shore,
Where the smile of the Father beams for ay
And the shadow of pain shall fall no more.

Thank God today for the hope sublime
Which fills our souls in the darkest hours;
Thank God that the transient cares of time
Are wreathed in the glory of fadeless flowers.

Thank God for the rift in the desolate grave;
'Tis the soldier's couch, not the captive's prison;
He hallowed its portal, who died to save,
And we write o'er its arch, "The Lord is risen."

PIN CHATTER

(March 21)

By Rena Johnson

G. Klumpp had a real good series this week—she was high with 510.

That's more like it, eh Gladys?

M. Birch was next high with a 493 series. Nice going Mary. Your second game of 195, was especially nice.

D. Ashley deserves some credit also—she had 487 for her series. I'd never rob if I could bowl that every week.

J. Crocker and D. Eisenman were high for the most splits—they each had six.

There was a 2-pin spot between Fibre and Independents' team, and there was only one pin difference in their total. The Independents won the first and last games, both by 18 pins.

The Gophers and Five Crown teams were both due for a celebration—they each won three games. Wonder what they did?

Tucci was high on Five Crown with 470; Worden was high on Varbi with 394; McClellan, Old Maids, 424; Eisenman, Dixie, 462; Lienhart, CIO, 482; Czarneski, Gophers, 401; Floyd, Milling, 386; Jarvis, Foster's, 453.

Three girls made nice shots in picking splits this week. I. Stoffer picked the 9-7 and 5-8-10. B. Worden the 2-7-10. L. Rihimaki the 4-10.

We have a new substitute—she is Pappy Gies. Glad to see you bowl with us, Pappy.

KIWANIS NEWS

Probate Judge Jay G. Pray of Ann Arbor addressed the club on Monday evening, talking on "Child Delinquency." Judge Pray outlined many causes of delinquency, including the indifference of parents, and suggested ways in which wayward children could be helped before they reach the courts.

Treat All Birds

When treatments for lice and mites are made, all birds in the flock should be included. One or two left untreated will soon reinfest the entire flock.
