High School Band Will Present Six Concerts

Saturday evening, July 7, at 8:30 will mark the first of a series of six concerts which will be given by the Chelsea High School Band on the downtown streets.

Due to the efforts of the Band Parents' Club in obtaining the support of groups and individuals, these concerts are made possible for entertainment of the community.

One feature of this year's series of concerts will be the dedication of each program to organizations and groups in the community. Each concert will be devoted to recognizing the following groups:

1. Merchants.
2. Farmers.
3. Churches and Civic Organizations.
4. Labor.
5. Manufacturers.
6. Armed Forces.

The band will again be under the direction of Henry E. Busche, instructor during the past school year in the Chelsea schools. This will mark Mr. Busche's last season with the Chelsea band as he has accepted a position on the faculty of MacMurray College, Jacksonville, Illinois, as instructor in wind instruments and music education.

Chelsea Fails To Reach 7th War Loan Quota

Chelsea is far short of its usual "Par." Never before in the War Loan drives has the challenge been so great that it was overwhelming, for we have always faced the issue and came out on top. We are not on the "Battle Front" but we are on the "Home Front," taking orders for Bonds but never being asked to make the sacrifice of living in a fox hole.

We have been asked to raise \$120,000.00 in "E" Bonds, \$135,000.00 in Corporation Bonds, and \$60,000.00 in "Other" Bonds. To date the sales are \$96,299.00 in "E" purchases, \$68,406.00 in Corporation purchases, and \$12,218.00 in "Other" Bonds. Our final total of sales should reach \$315,000.00 but has fallen short about 46 per cent.

Many localities smaller than Chelsea met their quotas the first week of the "drive." We can do it too. Why not make next week the most outstanding in our reports? Any bond purchased up to July the seventh will give your local Bond Drive a boost and your fighting men a benefit. LET'S GO!

STATE TROOPS 'TAKE' CHELSEA
In a surprise practice maneuver a battalion of Michigan State Troops from Jackson came into Chelsea about 10 o'clock Saturday night and "took" the town over without firing a shot. All traffic was halted, the post office was guarded, as were public utilities. Smoke screens were used, and the whole event was about the same as that carried out about a year ago by troops from Detroit. The maneuver lasted for about an hour.

With Our Men In Service

Madison, Wis.— Pvt. Richard R. Foor, 19, son of Mr. and Mrs. Alvin Foor, Chelsea, Michigan, has been enrolled in the AAF Training Command's aircraft radio mechanics school at Trux Field, it was announced by the post commander.

He will take an extensive course in servicing radio equipment, post officials said, and also will be trained in aircraft identification, defense against chemical warfare, and related AAF subjects designed to fit him for combat duty.

Mr. and Mrs. Cletus T. Yoakam, 3180 Conlin Rd. in Lyndon township, have received word that their son, Pvt. Ralph Yoakam, serving in the Marine Corps at Okinawa, received foot injuries on May 8 and is now a patient at the United States Navy hospital, Farragut, Idaho.

Pvt. Yoakam was born April 16, 1926 in Ypsilanti. He entered the service in July, 1944, received his training at San Diego, Calif. and went overseas in January, 1945.

Mr. and Mrs. Joseph Policht received word Tuesday from their son, Andrew Policht, WI-3C, that he had met his brother, Louis Policht, SM-3C, at a port in the Pacific and they spent four days together.

Pfc. Paul D. Werner, recently returned from Italy, who has been a patient at O'Reilly General hospital, Springfield, Mo., is spending a 50-day furlough with his parents, Mr. and Mrs. Henry Werner.

Called To The Colors

Floyd D. Roderick was inducted into the army recently. After reporting at Fort Sheridan, Ill. he was sent to Fort Lewis, Washington for training.

Mrs. Roderick (Dora Scripser) and two children reside at Pleasant Lake, Freedom township.

CATCHES A BIG ONE!

George Collier has his first "fish story" to tell and this is what he tells: While fishing with bamboo pole and worm from a boat on Cavanaugh Lake on the opening of the fishing season Monday, he hooked a seventeen and three-quarter inch black bass, which weighed between two and a half and three pounds after it was ready for the frying pan. George is the six year old son of Mr. and Mrs. Clinton Collier.

PAPER EARLY NEXT WEEK
Because of the Fourth of July holiday next Wednesday The Standard will be published one day earlier than usual.

Three Vacancies To Be Filled At School Meeting

Electors of the Chelsea public school district will be asked to fill three vacancies on the Board of Education at the annual meeting on July 9 at 8:00 p.m. Two of the vacancies are for terms of three years and are due to expirations, and one, for a one-year term, is due to a resignation.

The terms of E. W. Eaton and Mrs. A. A. Palmer expire, and Henry C. Schneider has tendered his resignation, effective on the date of the annual meeting. Mr. Schneider, who has served as president of the Board for the past three years, is unable to continue his duties in office because of the necessity of being away from the community for several weeks at a time.

In addition to the routine business at the annual meeting, the electors will be asked to vote on the question of starting a "sinking fund" for future school building improvement and construction. Two proposals must be voted on—the first to determine whether or not the 15-mill limitation should be raised to 18 mills for a five-year period and the second to determine whether or not a sinking fund of three mills for five years is to be established. All qualified electors may vote on the first proposal and only tax-paying electors will be permitted to vote on the second. Both proposals must pass to establish the "sinking fund."

During the past year the last bonds, amounting to \$2000.00, on the gymnasium of the Chelsea public schools, were retired. The gymnasium was completed in 1927 and since that time the district has been retiring the bonds at the rate of \$2000.00 per year until the present time. With the payment of these bonds the district is entirely free from debt.

Jerry Edwards and His Orchestra Here July 6

The Chelsea Athletic Board was very fortunate to engage Jerry Edwards and his orchestra to play at the Summer Recreation Dance on July 6. This is one of the finest orchestras in this part of the state.

The public is invited to all the summer dances and we especially invite you to attend this dance, which begins at 9:30 and ends at 12:30. All proceeds from this dance will go for new football equipment for the coming season.

The Athletic Board extends its thanks to M. Alpervitz, Rev. and Mrs. Skenebury, Mrs. Ole Hart and Mrs. and Mr. Clayton White for sponsoring the first three dances. We also want to thank Chuck Erick from Camp Lakewood, who plays the piano, for his very well-liked entertainment.

For your dancing pleasure we invite you to come down to the dances every Friday at the Chelsea high school.

VFW Auxiliary To Be Organized On Friday

A meeting of mothers, wives, sisters and daughters of service men who are serving overseas or who have served in foreign areas are invited to meet at Sylvan town hall on Friday evening of this week, at 8 o'clock, for the purpose of organizing an Auxiliary to the Veterans of Foreign Wars.

The meeting will be in charge of the district president, Mrs. Augusta White of Ann Arbor, who will speak on the advantage of forming an auxiliary. She will also give instructions for forming a local unit and help in the organization work.

There are now sixty-seven members of the local VFW Post which was organized recently and it is hoped the auxiliary membership will equal this number.

Don't forget the date and place—Friday, June 29, 8 p.m., at the Sylvan town hall.

FARMERS' CLUB ELECTS

A meeting of the Western Washington Farmers' club was held on Friday evening at the home of Mr. and Mrs. T. G. Riemschneider, with about 25 members partaking of the pot-luck supper.

The following officers, elected for two-year terms, are:

President—Dorr Whitaker.
Vice Pres.—Edwin I. Gaunt.
Secretary—Mrs. Edwin I. Gaunt.
Treasurer—Mrs. Dorr Whitaker.

Plans were made for a picnic to be held on Thursday, July 12 at the Henry Glasier cottage, Cavanaugh Lake.

Community singing, short talks by various members, and a reading by Mrs. F. E. Storms featured the program.

HONORS BRIDE-TO-BE

Mrs. Gale C. Gilson entertained at a luncheon on Sunday afternoon, honoring her niece, Miss Phyllis Resaque, whose marriage to Reynolds Houle will be an event of the week. A Declaration of Interdependence

By Ruth Taylor

Only the savage lives by himself and for himself. Civilization demands cooperative living. Each gain made, each step forward that makes life easier or more secure implies the working together of the many for the benefit of all.

This is not an altruistic attitude. It is plain horse sense. It is intelligent self interest to recognize our interdependence one upon the other. We became a nation when Thirteen Sovereign States accepted their interdependence and gave up some of their cherished privileges to establish a Bill of Rights for all.

We have fought a long war at a high cost in young lives because after the last war we did not recognize our responsibility—our dependence upon others; because we did not see that domestic prosperity to a very great degree was dependent upon world prosperity; because at home we did not realize that all groups must be prosperous if our economy was to be healthy.

We have learned an expensive lesson—but, God be thanked, we have learned it, and even in the midst of turmoil there are those who have been looking ahead and planning for the peace to come.

To be sure, there are those self-blinded critics who say that "planning" is a Fascist or Communist ideal.

ogy, destructive of rugged individualism. Yet how far would that most rugged individualist, the frontiersman, have gone in the wilderness without careful planning, without cautious preparation? He would have been scalped long before he reached the nearest settlement.

"Planning" is no foreign ideology. The Declaration of Interdependence is as American as the Declaration of Independence.

What is the Declaration of Interdependence? It is a joint statement by the Agriculture, Business and Labor Committees on National Policy of the National Planning Association. In the words of Hans Christian Sonne, Chairman of the Executive Committee: "This declaration is a credo of faith in democracy. It is the conscious attempt of groups to analyze their common needs and to seek mutual agreement on their common problems; to, in self-interest, put aside selfishness for the good of the nation as a whole. National planning is democracy planning. This is why we believe it will show us the way to a peaceful and prosperous world."

Scores

Bowser 7, Spring 6 (8 innings).
Glick's 10, Federal 1.
Cassidy 6, Kimunity 3.

Schedule

(No games over July 4)
July 10—Kimunity vs. Glick's.
July 11—Spring vs. Cassidy.
July 12—Federal vs. Bowser.

Bowser 7—Spring 6

Bowser, Inc. won their first victory of the season when they went into extra innings to pull a 7-6 victory away from Spring. After collecting two runs in the second inning Bowser ran into trouble as Spring came back to tie the ball game up in the 5th and then scored 3 more runs in the 6th for a 5-2 lead. After two out in the last inning, an error, a walk and a timely home run by Dick Fuller, the Bowser pitcher, sent the game into extra innings. Spring scored once, but once more Bowser came from behind this time to win.

Everyone, and especially the Spring Co., found out that the ball game is not over until the last out is made.

An extra word for the large crowd of loyal Bowser fans who turned out to see one of the best games of the season. Some of the rest of the people should take a hint that there are some very good ball games to be seen right here in Chelsea.

(P.S.)—That's if the grass gets a good mowing before too many weeks!

Glick's 10—Federal 1

Glick's Bulldogs took undisputed position of first place with an easy 10-1 victory over Federal. Glick's scored twice in the first inning which would have been enough for the victory. D. Alber and W. Grossman scattered 4 hits for the winners. This victory moved the Bulldogs into first place with their third straight league victory.

Cassidy 6—Kimunity 3

Cassidy Lake and Kimunity wound up a very interesting ball game that found Cassidy leading all the way and handed the Kimunity sluggers their first defeat of the season. Howell had some first-class fielding as he won his second straight victory for the lake boys.

Come on, let's all get out and see these games!

County's Youth Enter Annual Garden Contest

Three Washtenaw county farm youths will pit their knowledge of efficient production and marketing methods against boys and girls of 45 states in the fifth annual contest of the National Junior Vegetable Growers Association.

This county's entries are eligible to compete for awards from the \$6,000 scholarship fund provided annually for the association contest by the A&P Food Stores. Prof. Grant B. Snyder, of Massachusetts State College, advisory chairman of the junior group, reported. The awards include a \$500 national championship, four \$200 regional awards and 33 sectional championships of \$100 each. Two war bonds are offered outstanding contestants in each state.

"The 1945 contest has a dual purpose," said Prof. Snyder. "One is to emphasize the vital need for increased food production this year and the second is to illustrate to young people how necessary efficient production and marketing methods will be to the vegetable growers of the future. Winners are decided on the basis of the contestants' efforts on studies of production and marketing, their vegetable projects and their community activities."

Among the contestants from this county enrolled are Henry W. Notten and Allen E. Geer of Sylvan township and Elizabeth M. Tait of Ann Arbor.

Farmers May Save Hay Crop In Silos, Says Osler

Wet weather during harvest has increased interest in saving the hay crop by putting it into the silo, says H. S. Osler, County Agricultural Agent.

The following are some suggestions of successful methods farmers have used in ensiling hay crops. Moisture content and exclusion of air are two very important factors in making hay and grass silage. The moisture content of chopped material should be 65 to 68 per cent at hay-making stage. When plenty of moisture is in the silo at hay making time, crops usually have about 75 per cent moisture. On a good drying day, two hours in swath should usually be long enough.

If material has to be handled with excessive moisture some partially cured hay can be mixed as fed into cutter. Legumes, like alfalfa, often makes bad smelling silage if moisture is above 68 per cent, unless a preservative is added. Too much air causes molding regardless of crop ensiled. Cutting one-fourth inch lengths and packing firmly will force out air. Fine chopping and firm packing are more important if crop has less than 65 per

cent moisture. Such silage spoils quicker when opened and has to be fed faster.

With excessive moisture in alfalfa to be put into the silo, the following amounts of preservatives have been successfully used per ton: 40-60 lbs. black strap molasses, 16 lbs. of 68 per cent (5 qts.) phosphoric acid or 100-250 pounds ground corn.

CHEAT THE MOTHS—STORE WINTER WOOLENS PROPERLY

Clothes are expensive and difficult to buy, so save them from the moths. Sunlight, dampness and dirt are other enemies that call for early storage of winter woollens. Helen A. Wellington, instructor in textiles, clothing and related arts at Michigan State college, suggests that it's not too early to begin preparing the clothes that are no longer being used for the summer hide-away.

The first rule is to have clean clothing, for the clothes moth glories in grime, but dislikes cleanliness. Most of the clothing probably should go to the cleaners, but check all of it for spots, stains and dust. Clean out the pockets, give everything an energetic brushing and let the garments wait in the spring breezes while preparing a place to store them.

More of the dislikes of moths should

be considered in choosing a storage place. Usually a closet is the home-maker's best bet, but only if it is airtight, dry, cool and dark. It should be airtight to prevent fumes from the moth spray, flakes or balls from escaping; dry to prevent the growth of mildew in precious fabric; cool to prevent growth of moths; and dark to keep colors from fading.

To discourage moths and carpet beetles, use the moth spray, flakes or balls generously, but avoid putting the flakes or balls directly on the woollens, as they have been known to fade garments. Since fumes from the flakes or balls go downward, the best place for them is on a high shelf, or in a cloth sack hung from a high hook on the ceiling. Woolen clothing placed in sealed or closed garment bags can then be hung in the closet.

In storing blankets, sweaters, draperies and other flat woollens, see that they are clean and then wrap in several thicknesses of paper, making the package airtight by sealing with Scotch or brown tape. Then place in a cool, dry, dark place.

Camouflage Rafts

The undersides of rubber life rafts are camouflaged with pigments to lessen the chances of notice and investigation by sharks.

30 Days BETWEEN WARS

IN the weeks ahead, more and more trains will be meeting ships like his. Thousands of cars will be taking him and his comrades homeward for their thirty-day furloughs. Thirty precious days before war begins for them once more.

Regular railroad equipment, too, will be helping to carry America's wounded in comfort. It's all part of a transportation job that may mean 20,000,000 man-moves . . . and will certainly mean fewer cars even for essential civilian use.

We on the railroads can hope to do this vast task only with the continued help and understanding of our passengers. It's a job for everyone . . . to speed the men who are speeding Victory . . . and to smooth the homecoming of our fellow Americans who must pack months, years, perhaps a whole lifetime of living into their thirty days between wars.

"But how do you know it's running?—
... I can't hear it..."

It isn't running in the sense that wheels are turning and parts are moving. That's the distinguishing feature of the SILENT SERVEL GAS REFRIGERATOR. It has no moving parts—no machinery to wear out or break down.

But the silent Servel operates steadily night and day without interruption, maintaining wholesome and appetizing temperatures for the preservation of food. The miracle of freezing is performed by the magic flame of natural gas. Householders who enjoy the service of the silent gas refrigerator report long records of continuous and satisfactory service. Even under the trying conditions of sustained hot weather, Servel stays on the job efficiently.

Many families who heard the praises of the silent gas refrigerator sung by their friends, intend to purchase a Servel as one of the first major investments after the war.

Freed: Buys Bonds

PHILIPPINE SCOUT—When Capt. John B. Smith, Philippine scout, received his back pay and allowances after three years' internment in a Japanese prison camp, he bought War Bonds. The captain was wounded on Bataan and lost 55 pounds in weight during his imprisonment. At the present time he is making a War Bond tour, and buys War Bonds at each meeting. "The civilian," he declared, "is taking a peek at Hirohito each time he buys a War Bond." Smith hails from Houston, Texas.

True or False

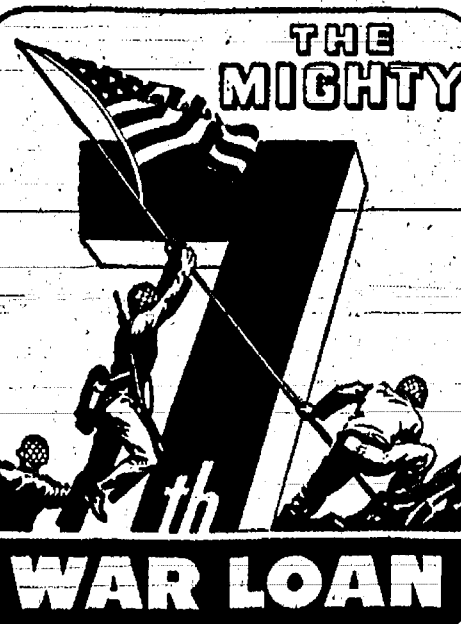

Test your knowledge of your Government's War Bond financing program. The answers to these questions, given at the end, should be known by every American. How good are you?

1. 85 million Americans have purchased Series E War Bonds.
2. 84% of all the money ever invested in E Bonds is still invested in them.
3. If a Bond is lost, stolen or destroyed, it is just the same as if the owner had lost the money he invested.
4. E Bonds may be cashed at any qualified bank for their full cost any time after 60 days from date of issue.
5. The U. S. Government's promise to redeem War Bonds any time after 60 days from date of issue is just as strong as its promise to stand back of a dollar bill.
6. You have to hold a Bond the full ten years to get any interest.
7. The lowest-priced War Bond costs \$25.
8. War Bonds are better than cash.
9. Two persons cannot own a War Bond jointly.
10. The only reason we should buy War Bonds is to help pay for food, ammunition, etc., for the armed forces.

ANSWERS

1. True.
2. True.
3. False. War Bonds are registered in the names of their owners, and lost Bonds can be replaced.
4. True.
5. True. Compare wording on a Bond and a bill.
6. False. Your Bond increases in value after one year. See the values on the back of the Bond. But you get a greater increase in value the longer you hold a Bond, up to \$1 at the end of 10 years for every \$5 you paid.
7. False. A \$25 Bond costs \$18.75.
8. True. They can be replaced if lost, they increase in value and they can be converted into cash in case of need.
9. False. War Bonds can be owned by two people as co-owners or as owner and beneficiary.
10. False. Your savings invested in War Bonds will also help to stabilize prices now and to provide for your own security in the future.

Keeps Food Cool
Some foods may melt or spoil quickly in summer if kept in a dark colored container. Containers for milk or other foods kept out of doors or on back porches should be painted white or light tints which will repel instead of absorb heat, if they are in the direct sunlight.

MARILYN INN

Until food is more plentiful, hot and cold sandwiches only will be served on Sundays and evenings. As long as possible noonday luncheons will be served weekdays.

Seek Portion of Federal Postwar Highway Fund

Lansing—Highway Commissioner Charles M. Ziegler, Deputy Commissioner-Chief Engineer Harry C. Coons and State Senators Audley Rawson, Cass City, and Otto W. Bishop, Alpena, have been in Washington to seek part of the \$50,000,000 of postwar highway construction funds Michigan is to receive under the highway bill enacted last December by Congress. The bill provides payment of \$500,000,000 a year to the 48 states during each of the three years following the end of the present national emergency. Michigan's share being slightly in excess of \$16,000,000 for each year, to be used on federal aid routes, farm-to-market roads and in urban areas.

The bill made provision for \$100,000,000 to be made available before the end of the war to enable states to purchase right-of-way and prepare plans and estimates for projects. Commissioner Ziegler said release of part of the funds was proposed by the Michigan delegation to help prevent unemployment.

Mr. Coons is a member of a special 12-man committee of the American Association of State Highway Officials who are meeting with Public Roads Administration officials to draw plans for spending of the postwar federal aid money.

It has been a long time since I have said anything about home safety, but here is a suggestion for you housewives who may be entertaining your friends. At the next meeting of your club, test members' knowledge of home safety by giving each of them a set of questions on home safety. Have each member check the answers she thinks correct, then award a prize to the member with the highest score. Here are a few suggestions for your home safety quiz with the correct answers below:

1. Burned matches should be disposed of by:
 - a. Throwing them into the garbage can.
 - b. Throwing them into the waste basket.
 - c. Placing them in a tin box or other metal container.
2. Knives and other sharp instruments should be:
 - a. Placed neatly in a drawer of the kitchen table.
 - b. Placed in a protective rack.
 - c. Mixed in with silverware.
3. Remove articles from top shelves of cupboard by:
 - a. Placing box on chair and climbing on box.
 - b. Stepping from chair onto counter and reaching from there.
 - c. Using a sturdy kitchen ladder.
4. If your clothing catches fire:
 - a. Run screaming from the house.
 - b. Roll up in a rug, blanket, or coat, with arm across face to prevent inhaling flames.
 - c. Call the neighbors.
5. When you sew:
 - a. Leave scissors, needles, and pins strewn about the house.
 - b. Pick up pins, needles, and scissors before your youngsters do.

THANK YOU
I wish to express my sincere thanks and gratitude to all who so kindly remembered me with cards, flowers, and gifts during my stay in the hospital and at home.
Helen Vail.

Grapes Soil
Grapes prefer sandy to sandy loam soils, and some varieties require a rather long growing season to mature a crop. This must be borne in mind in making variety selections for planting in areas which have short growing seasons. Moreover, a few varieties are self-sterile and must be properly taken care of when planted.

Renewal Forms for Fuel Oil Being Distributed

Fuel oil renewal forms are being mailed to all consumers in the Detroit district who used oil for heating and hot water last year. It was announced by M. J. Vierling, district fuel oil ration officer.

"Consumers can aid the fuel oil rationing program if they fill out their renewal form, mail it back to the Board and order fuel oil as soon as the coupons are received from the Board," Vierling said. "The quick return of applications will ease the transportation and manpower difficulties."

"The Detroit district depends mainly on pipe lines and marine shipments for their fuel oil supplies. It is necessary for Detroiters to build up their stock piles of oil before the winter season when marine shipments are terminated," said Vierling.

Vierling pointed out that the application is a simple one. It requires the applicant to list any changes in his facilities or any change in the number of persons in the house. Generally, fuel oil consumers will receive the same basic ration they received last year. All current oil coupons expire August 31, 1945.

Announce Expanded Veterans' Job Service

An expanded job placement service for veterans was announced this week by Lawrence Hamberg, manager of the Ann Arbor office of the United States Employment Service.

With specially trained personnel and a stream-lined procedure, the WMC's United States Employment Service plans to give quicker service to the returning veteran. From the time the veteran enters a USES office he will be given special attention. Stepped-up procedure in the reception, interviewing, job counseling and referral of veterans will be set up in the USES office, in order to give the returning veteran the best possible service.

"We believe we can give the veteran better service by handling veteran placement through our regular channels with these new special services," Mr. Hamberg said. "We are stepping up our veterans' placement activities and cutting down the time which a veteran spends in the USES office."

"We have a veterans' employment

representative who is charged with this responsibility. We will be prepared to advise veterans of job opportunities in various fields. We are arranging for special signs to identify the veterans' service and we will attempt to assign as many individuals as necessary to the work of interviewing and referring veterans to jobs. Our veterans' employment representative, too, will assist in promoting the interest of veterans in the community and we will work with employers to develop job orders for veterans.

"The first principle of the USES is to refer the best qualified men on employers' orders. The second principle is this: If veterans are not placed because we do not have suitable orders, the USES responsibility is to develop job openings. In this we seek the cooperation of all employers."

Veterans' placements in Ann Arbor during the first five months of this year totaled 176. Veteran placements for all of last year were 356 and for the year before, 150.

GIRL SCOUT NEWS

With boating closing the program, eight very tired and sunburned girls of Patrol One, started biking for home Saturday afternoon.

Swimming, boating, singing and eating were enjoyed by these girls at the Fowler cottage, Cavanaugh Lake. Did you have enough to eat, girls? Potato salad, sandwiches, potato chips, carrot and celery sticks, pickles, jello, cake and tokens were served.

During the day their leader, "Rusty," received a beautiful billfold from the girls as a farewell present. She is leaving June 30 to return to her home in Winona, Minn.

The Girl Scouts and Leader of Patrol One wish to thank Mr. and Mrs. Gilson and Mr. and Mrs. Fowler for all the trouble they went to in making this day possible.

Sunday guests at the home of Mrs. Christine Nicolai were Mr. and Mrs. Harold Whipple and family and Mr. and Mrs. Paul Seitz and children of Ann Arbor and Mr. and Mrs. John Mast of Dexter.

Mrs. Frank Abdon and Mrs. Floyd Gentner and two sons returned home last week-end, after visiting their son and brother, Pte. Russell Abdon, who is a patient at the Darnall hospital, Danville, Kentucky. He is just back from Germany and is receiving treatment for a nervous condition. He is recovering rapidly. Mrs. Abdon and Mrs. Gentner stopped on their way home at Langsville, Ohio to spend several days at the home of Mr. and Mrs. Carol Pierce. Mrs. Pierce is Mrs. Abdon's daughter.
