Lighting Installation Is Started At Ath. Field

Local football fans will be glad to know there is a possibility that Chelsea high school's first home football game on September 27 may be played under lights at the athletic field.

Ten poles upon which the lights will be installed were set by Consumers Power Company workmen last week. Two transformers are on the field ready for installation, and the underground wiring material has been ordered and is expected here in the near future.

Arrangement of the poles was planned for both football and softball. Four poles were set along the east side of the football playing field and six along the west side where provision is made for the softball home plate. The poles are about 65 feet in height, above the ground.

In planning for larger crowds which are expected at night football games, the board of education has ordered new bleachers with a seating capacity for 800. They have also ordered a large gate which will be placed at the northwest corner of the field for entrance and exit, and the village council has been asked to extend the sidewalk along the south side of Washington street to the field. Addition of this new entrance is planned for the safety of those who walk to the field, and this action by the board of education is to be commended.

Installation of floodlights at the athletic field was made possible through sponsorship of the Kiwanis club. Substantial contributions were made by local industries, business men and individuals, and the entire proceeds from the Kiwanis minstrel show staged last winter went to this fund. A total of about \$3600 was raised during the drive, which is expected to cover the entire cost. R. A. McLaughlin is general chairman for the project, and Lowell Davison is treasurer.

Cost of electricity for softball games will be paid by the village, and the school district will pay for electricity used for high school football.

**With Our Men
In Service**

S-Sgt. Glenwood S. Novess arrived last week to spend a 34-day furlough at the home of his mother, Mrs. Elsie Novess.

Sgt. Novess entered the service in January, 1943 and went overseas in November, 1944. He participated in the "Battle of the Bulge," then to Luxembourg, and finally into Germany, where he was serving when the war ended. He came home on the Queen Mary, which docked in New York on August 21.

Cpl. Adrian T. Kiss, son of Mr. and Mrs. Tibor Kiss, arrived in New York on August 21 aboard the Queen Mary, and is spending a 30-day furlough with his parents.

Cpl. Kiss entered the service on March 25, 1942, and was in training at Fort Jackson, N. C., Camp Ritchie, Md., Fort Benning, Ga., Camp Blanding, Fla. and Camp Atterbury, Ind., before going to England in February, 1944. He went to Malmédy, France following the invasion in June, 1944, later serving in Belgium and Holland, and was at the Elbe in Germany when the war ended.

Pvt. Glen Hafley arrived Friday for a thirty-day furlough with his parents, Mr. and Mrs. Fred Hafley, of Sylvan. Pvt. Hafley served overseas in the European war theater for nine months, participating in two major invasion battles in Belgium and Germany. He was hospitalized in England for two months, and since his release from the hospital has been stationed in France. At the end of his furlough he will report at Camp Grant, Ill. for redeployment.

Pfc. Lewis W. Schneider has returned from overseas and is spending a 30-day furlough with his family, after which he will report to South Carolina on October 3. Lewis entered the service May 1, 1944. He trained at McClellan, Ala. and Fort Meade, Md. and left for overseas in November. He served in Italy, in the battles of Po Valley and Apennines.

Pvt. Clifford Fauser arrived here from Italy on Friday for a thirty-day furlough with friends and relatives in Chelsea and Jackson after which he will report to Camp Grant, Ill. Pvt. Fauser has been overseas for eighteen months.

Commander Kenneth Broesamle of San Diego, Calif. spent on Saturday to Tuesday with his parents, Mr. and Mrs. P. M. Broesamle, making the return trip from Detroit by plane.

Corp. Aldwin E. Hayes left Sunday for Camp Grant, Ill. after spending a 32-day furlough with his family here. He served eleven months in the European theater of operations.

New Officers Elected By American Legion

At a recent meeting of the American Legion the following officers were elected:

Commander—Grant Schooley.

Barbara O'Hara of Chelsea and Alice Berry of North Lake left Tuesday to resume their studies at St. Joseph Academy, Adrian.

Softball Championship Won By Glick's Bulldogs

By "Doc" Alber

Glick's Bulldogs were the 1945 softball champions in Chelsea after their thrilling 3 to 2 win over Cassidy Lake last Thursday night. This is the second year in succession that the Bulldogs have captured the championship.

Play-off Scores
Glick's 7—Fibre 3.
Cassidy 1—Spring 0.
Glick's 3—Cassidy 2.

Glick's 7—Fibre 3
After taking a 3 to 1 win over the Fibre boys in the last round of the league play the Fibre boys were back for revenge. They started right by collecting three big runs in their half of the first inning but Glick's got down to business and held Fibre scoreless to take a 7-3 victory and move into the finals.

Only one earned run was scored in this game and that was by Glick's, so errors hurt the Fibre boys greatly. A. Kuhl made a great diving catch to rob Johnson of at least a triple and cut off three runs.

Cassidy 1—Spring 0
The boys from Cassidy ran into a tough gang as the Spring Co. played ball like champs and they were nipped out 1 to 0. Both teams had many scoring chances only to have some first-class fielding cut them down.

In the last of the sixth a single, two stolen bases and a ground ball gave Cassidy Lake the one run needed for the victory.

W. Guest and Bud Hubert wound up in a first-class pitchers' duel. A touch one to lose, and a great game to win.

Finals

Glick's 3—Cassidy 1
Before the largest crowd of the season Glick's Bulldogs won the softball championship from Cassidy Lake by downing them 3 to 2.

Having scored two victories over Cassidy, Glick's would seem to have the edge, but H. Prin had a great pitching staff to make the game a toss-up.

Cassidy scored first in the second inning when, after two were out, a walk and a long triple by K. Howell gave Cassidy a one run lead. Only a great relay throw by Bugs Slane nailed Howell at the plate.

Two hits gave Cassidy another run in the third for what seemed a big two-run lead.

Bob Adams gave Glick's their first run in their half of the fourth on a single. He was moved to second on a single by Alber and came home on Orbring's ground ball.

A. Kuhl walked after two were out in the fifth. Then Colquhoun was sent in as a pinch hitter. After Kuhl stole second and third, Cameron came through with a clean single to tie the score.

After Carrasner had singled and went to second on an error, Adams came through with a double that scored Carrasner with what proved to be the winning run.

Cassidy received a tough break when Terry was thrown out at home on a squeeze play. Jim Gaken made a nice play to nail the Cassidy run.

All in all this was the most interesting game of the season.

Glick's was the only team to defeat Cassidy as they downed them three times. Glick's two losses came at the hands of Fibre and Spring.

Glick's season record stands at 26 wins and 8 losses.

This will be my last article for the summer and I wish to thank The Standard for the help and space for my column and also you people for following the games all season.

Thank you one and all!

P.S.—I really wish to thank you in behalf of the Softball Association for your fine support during the past season.

—"Doc."

Drunken Driver Draws Fine and Jail Sentence

James Barton of Stockbridge was arrested on Friday by George Doe, local police officer, and taken to county jail. Barton, who was charged with driving while drunk, had backed into Sylvester Weber's car which was parked on South street. He then started out North Main street and crashed through the signal gates at the Michigan Central, continuing north until he went through the guard rail at the bridge at the end of Main street.

Barton was arraigned before Judge Payne on Saturday and was ordered to pay a fine of \$75 and costs of \$25, in addition to five days in jail, or 60 days in jail if the fine is not paid.

HOLD FAMILY GET-TOGETHER

A very pleasant evening was enjoyed Sunday when the children of J. Louis Burg gathered at his home on Garfield St. A picnic supper was served on the lawn, after which an evening of music and singing was enjoyed. Out of town guests included Mr. and Mrs. S. Nitoski of Highland Park, Mr. and Mrs. L. A. Burg, Detroit, and Mrs. Frank Etienne and Miss B. Lonsway of Jackson.

VFW AUXILIARY MEETS

A social meeting of the Auxiliary to the Veterans of Foreign Wars was held at the home of the president, Mrs. Wm. Weber, on August 27, with 16 members present. Bingo was played and refreshments were served.

Mrs. Chas. Wacker died Tuesday night after a long illness. She leaves a husband and eleven children to mourn her loss.

WEDDINGS

Hafley-Heydlauff

The ceremony uniting Jean A. Hafley, daughter of Mr. and Mrs. George J. Hafley, and Willis Heydlauff, son of Mr. and Mrs. George Heydlauff, both of Sylvan township, was solemnized on Friday afternoon at 5 o'clock at St. Paul's church, with Rev. Paul H. Grabowski reading the service. The attendants were Mr. and Mrs. Raymond Schmitz.

For her wedding the bride wore a light green suit with brown accessories, while her corsage was of white roses. Mrs. Schmitz was attired in an aquamarine suit. Her accessories also were brown, and pink roses formed her corsage.

A wedding supper for the bridal party was served at the Brown Hut, Jackson, after the ceremony.

The couple left on a northern trip and on their return will be at home in the Duerr residence, Cavanaugh Lake Rd.

The bride, a graduate of Chelsea high school, class of 1942, is employed at the Hoover Steel Ball Co., Ann Arbor. The groom, who graduated in 1933, works his father's farm in Sylvan.

Bell-Roesly

Miss Virgiline A. Bell, daughter of Mr. and Mrs. Fred A. Bell of Chelsea, and Irvin Roesly, son of Mr. and Mrs. Norman Roesly of Delhi, were united in marriage at 5 o'clock Saturday afternoon at Whitmore Lake, in the presence of the immediate families.

The bride wore a powder blue dress with black accessories, while her attendant, Mrs. Willard Ferry, was gowned in chateau-style wool jersey. Their corsages were of white orchids. Robert Thomas performed the duties of best man.

A reception for 25 guests was held after the ceremony at the home of the bride's parents on Garfield St., Chelsea, with friends from Toledo, Ann Arbor and Chelsea in attendance. Mr. and Mrs. Roesly will make their home in Dexter.

The bride, who is a graduate of Chelsea high school, is employed at the Electronics Products Co., Dexter while the groom has a position with the Dixie Gas Co.

A prenuptial shower, with 12 guests, was given at the home of Mr. and Mrs. Bell on Wednesday afternoon, with Mrs. Willard Ferry as hostess. Cards furnished amusement and luncheon was served.

DEATHS

Patrick E. Daly

Patrick E. Daly, 75 years old, died Thursday at his home here. He was born Aug. 29, 1869 and for the past 20 years he had made his home in Chelsea.

In 1923 he was married to Mary Phillips of Ann Arbor, who preceded him in death.

Survivors include a brother, Charles Daly, of Waterloo, and three sisters, Mrs. Gus Waterhouse, Ypsilanti, Mrs. Lena Dean, South Lyon, and Mrs. Julia Woods, Denver, Colo.

Funeral services were held at 10 o'clock Saturday morning at St. Mary's church, with Rev. Lee Laige officiating. Burial was in Mt. Olivet cemetery.

CARD OF THANKS

We wish to thank all our friends and neighbors for their kindness through the illness of Pat Daly; especially Mrs. Ida Damon and Mrs. Edward Beissel for their help during his last hours, and the Red Cross for their donations of muslin pieces which were greatly needed.

Mr. and Mrs. Guy Murphy.

Not Paint Brush

You've probably heard the expression "a lick and a promise." Well, the department of agriculture says that farmers are certainly "promising" themselves trouble when cattle are allowed to "lick" freshly painted fences, billboards, buildings, stanchions and other structures. That's because more farm animals are poisoned by lead than any other metallic poison. And paint is the most common source of lead around the barnyard.

Dependency Discharges

Quite often letters are received requesting assistance in securing a Dependency Discharge. It might be well to set down here the desired procedure for Dependency Discharge unless it is first initiated by the serviceman himself through his immediate commanding officer. His application should be accompanied by sworn statements from members of his family and others in the community having a knowledge of the situation in the home. An investigation is then conducted by the American Red Cross and the information forwarded to the Commander initiating the request.

In the Army the power to grant Dependency Discharges has been decentralized to Commanders in the field of the rank of General Officer.

In the Navy the situation is quite different as authority for granting Dependency Discharges is centralized in the Discharge Section, Bureau of Naval Personnel, Navy Department, Washington, D. C.

Awards and Decorations

Several letters a month are received by the Office of Veterans' Affairs, Lansing, Michigan, from ex-service men, requesting assistance in securing the Purple Heart, Combat Infantryman Badge and various other awards and decorations which the individual ex-service man feels he is entitled to. So many of these requests have been received by the War and Navy Departments that the following policy has been established by the Departments: All inquiries should be directed to either the Adjutant General, War Department, Washington, D. C., or the Chief of the Bureau of Naval Personnel, U. S. Navy Department, Washington, D. C.

If the man is still in Service his letter should be submitted through his immediate commanding officer; if out of the Service, direct under his own signature. He should include his serial number, dates of service, where wounded and where hospitalized, (for Purple Heart) organization and any other pertinent information.

Full information is available at Counseling Centers.

A good barometer of egg production is the feed intake. If the birds' attitude toward feed becomes listless, or the amount eaten falls off, a drop in laying can be expected within a few days.

Voluntary observance of traffic laws is not only safer for you but easier on your pocketbook. I have seen many cases where men have driven dangerously and recklessly, but because of some influence with the police department or in the traffic courts, were dismissed with a fine and

a warning. They come out of these places chuckling and laughing, failing to realize that in that particular instance they were lucky, but the next time perhaps there will be a serious accident or even a death case.

It's very cheap to laugh about arrests and dismissals with small fines on these cases—it would be much smarter for the individual driver to be proud of his driving record and to obey the traffic laws.

BY THEIR RIBBONS YOU SHALL KNOW THEM

You've seen many of them already. You're going to see more and more of them as time goes on—ribbons, stars, decorations that speak a language of service and combat in every corner of the globe.

None of us here at home can fully appreciate the sacrifices and heroism for which these strips of colored ribbon have been awarded. But we can learn what they mean so we can recognize them on sight.

Here at Michigan Bell, we'll need the help of our returning veterans in the enormous

post-war job of expansion and improvement which we intend to push as rapidly as conditions permit.

In order that we may all welcome them with some knowledge of their wartime records, every Michigan Bell employee is being furnished with a pocket card illustrating and explaining various service ribbons.

These ribbons are badges of honor. The least we can do is to know what they mean.

FREE TO YOU AT MICHIGAN BELL OFFICES

The same pocket card which illustrates and identifies service ribbons for Michigan Bell employees is yours for the asking. Telephone or stop at any Michigan Bell office for your free copy.

Frequent Feeding for

Ulcers; Cuts Death Rate

Frequent feeding of ulcer patients during hemorrhage has cut the mortality from this complication to a third of the figure recorded under the starvation treatment, Dr. T. Grier Miller, professor of clinical medicine at the University of Pennsylvania, declared.

Dr. Miller said that under the starvation regime 9 per cent of the patients died, whereas only 3 per cent have died among the 1,500 patients reported in recent medical literature as having been managed with a feeding regime.

Dr. Martin Rothfuss, professor of medicine at Jefferson Medical college, who said he has not accepted the feeding treatment of bleeding ulcers, discussed the uncomplicated peptic ulcer and remarked that most success will be obtained "when patients and physicians learn to regard the dietary management of ulcer patients as a way of life, just as we regard the management of diabetes and tuberculosis."

New-born infants and older children in the critical stages of pneumonia are being saved by large doses of the new sulfanilamide group of drugs given by vein, Dr. Theodore Wilder, Germantown hospital, said. Before their use many patients were given up as hopeless when first seen by a physician.

Now, however, many get well when sulfathiazole and sulfadiazine are injected by vein. Dr. Wilder said that he had used these drugs recently in premature babies weighing 2½ pounds and 3 pounds who were blue and were in the early stages of bronchial pneumonia.

**Motorists! Drive Carefully For Safety's Sake
Protect The Children Our Men Fought For**

Children the country over are starting back to school this Fall. Don't let your haste or thoughtlessness in driving be the cause of some grim tragedy robbing an American home—possibly that of a faraway fighting man's—of a loved child. Protect what our armies are fighting to preserve . . . our children and the American way of life. Always drive carefully—be on the lookout for children as they scamper across the streets. They don't realize the necessity for being cautious. And here's a safety tip for mothers . . . children will be easily seen by drivers if dressed in bright colored clothes from

THE FINEST TASTING BEER IN AMERICA

"Beer whose sorrow-soothing secrets oft I repeat on vacant afternoons."

THOMAS WATSON, 1764—THE OXFORD SAUSAGE

HEB

ALL-GRAIN BEER • ALL-GRAIN BEER • ALL-GRAIN BEER

In This Hour of TRIUMPH

Behind us lie 3½ years of deadly struggle in which, with God's help, we have prevailed.

So, today, we celebrate a victory.

After the celebration, what lies ahead?

For most of us, the outlook is a bright one. If we will simply use the brains, the will, the energy, the enterprise... the materials and resources... with which we won our war, we can't fail to win the peace and to make this the richest, happiest land the world has known.

For most of us, the years ahead are bright with promise. But for others of us—and, ironically enough, their part in bringing victory was a major one—the years to come must bear a different look.

In America today are hundreds of thousands of injured men. Men with neatly pinned up sleeves and trousers. Blinded men. Men with clever iron hooks instead of hands. Worst of all, men with hurt and darkened minds.

These men need our help. Helping them

will cost a great deal of money. We can help them by buying Victory Bonds.

Far away from America today are millions of Americans. As we would be, they're on fire to get back—to their wives, to the children some of them have never seen, to their jobs.

These men need our help. Helping them will cost a great deal of money. And we can help them best by buying Victory Bonds.

This is our day of triumph. But it's theirs too—the injured men, the men who are still far away.

Let's not forget them, in our just rejoicing. And the one way we can help most to care for our wounded... to bring our veterans home... to give them a fresh start in the country they fought for... to care for the families of those who died before the Victory was won... is simply this:

Buy all the Bonds you can. Keep all the Bonds you buy.

VICTORY BONDS . . . *To have and to hold*

Rock Harbor, Isle Royale, Mich.—Maybe you'll like Isle Royale; maybe you won't.

This national park, the only island wilderness within the continental United States, would provide an ideal war-time hideout from the atomic bomb.

The average island is not readily accessible to travelers by passenger boat. Mackinac Island is an hour's distance from Mackinaw City; St. Ignace on Beaver Island is three and one-half hours' time from Charlevoix; but Isle Royale beats them all.

We left Copper Harbor, at the tip of the scenic, mountainous Keweenaw peninsula, on a 55-foot diesel-powered boat, the Copper Queen, piloted by a sturdy Finlander, Captain Charles Kauppi. Five hours later we arrived

at the eastern end of Isle Royale in time for an awaiting roast beef dinner at the Rock Harbor lodge, a national park hotel concession.

When the waves run long on Lake Superior, as is occasionally the case, the traveler is treated to a first-rate miniature of an ocean voyage with sea-sickness and all. The boat rolls and bobs. You roll and bob with it.

To the hardy traveler, this may be adventure with a capital A. But to others who prefer to enjoy their comforts although straying away from home, this combination may tax human patience. And those who are predestined to seasickness must make the best of the situation and "grin and bear it."

(Note: Seasickness may be prevented or minimized by observation of the following precautions: Do not take food for five or six hours before sailing; inhale plenty of fresh air while on board; drink strong coffee and eat an occasional lump of sugar; take a good B1 vitamin dosage, such as brewer's yeast; and, if necessary, try small amounts of chlorobrom, a compound of chloralamide and bromide of potassium, by a physician's prescription. Or, better yet, FLY to the island!)

Assuming that you'll enjoy (as well as survive) the lake trip, here's what you may expect to find at this rocky national park with around 400 char-

tered islets surrounding it like a south-sea coral reef.

Although still in Michigan, the island is only 19 miles from Minnesota and 20 miles from Thunder Bay on the Canadian shore. Geologically, it is part of the Keweenaw peninsula which accounts for presence of native copper.

Your lodging will be limited to one of three park hotels: Rock Harbor miles long); Belle Isle Camp, on the north side of the island; and Windigo Inn on Washington Harbor at the western end and closest to Minnesota.

Only the Rock Harbor lodge was open in 1945. American plan daily rates per person at the guest house: double bed, \$7.25; single beds, \$6.50; \$8; single beds, \$5.75; double beds, \$5.50.

For 1946 tourist information, write to George F. Baggey, superintendent, Isle Royale National Park, via Duluth, Minn.

Because the Isle Royale park is so new—it was authorized by Congress in 1931 and formally created April, 1940—you may prefer to wait several years when adequate and modern facilities should be available of a standard to be found in other national parks.

The park has its own post-war program. Three hotel buildings, privately built, will be razed. New lodges and cabins, complete to electricity and sewage disposal, are to be constructed in their place. The Windigo Inn and Belle Isle camp will have accommodations for 200 persons each. Rock Harbor lodge likewise is to be expanded.

There are no roads on the island. No automobiles, no horses, no bridge paths. Travel is limited to foot and water. Because pedestrian travel is slow, you may prefer to use a boat to get around and visit places. The long harbors and hundreds of islands and islets provide many inner waterways, safeguarded from the lake. Travel is by rowboat, outboard motor craft or canoe.

If you expect to gaze upon the forest primeval with virgin timber towering high, you'll be disappointed. Isle Royale has been swept repeatedly by fire.

Prehistoric mining pits, dug by Indians, show traces of wood fires. During the past 100 years much of the island was ravaged by forest fires, the most recent conflagration being in 1936.

Yet despite the absence of huge white pines and hemlock, such as you will find in parts of the Porcupine Mountain area and along the Presque Isle and Black rivers near Lake Superior, Isle Royale possesses a peculiar beauty and charm of its own. It is derived by a combination of slender, fjord-like deep harbors, running inland like fingers of the hand; an abundance of barren rock and numerous ridges; and a great variety of conifer and deciduous trees with their contrasting shades.

Slender harbors of green-blue color, picturesque islets, rocks and trees—yes, that's the Isle Royale wilderness.

Trained rangers and naturalists are available to conduct organized tours and give illustrated lectures.

Foot trails are well marked by diamond-shaped, orange-colored metal tags placed high on trees and thus easy to discern against the forest green background.

Two aerial surveys last winter revealed presence of approximately 500 moose. There are no deer, bear, porcupines or poisonous snakes.

The island is patrolled throughout the winter by two rangers who hike on snowshoes over a 129-mile circuit each month, staying overnight at cabins spaced about ten miles apart. The rangers watch for poachers in quest of valuable furs. The snowfall last winter was 207 inches. The rainfall this summer was the least in eight seasons, and lack of humidity created a dangerous "explosive" condition in the woods for several weeks. Camp fires were banned; travel inland was prohibited.

Tent campers may want to visit Isle Royale, rent a boat and outboard motor and go to one of the camp sites under a park service permit. If so, first write to Superintendent Baggey (address above).

Isle Royale is one of the few remaining wilderness areas left in Michigan where an outdoor lover can hike inland, his own camp inside a ruck pack and a sleeping bag, and spend literally days or weeks beyond sight of civilized life as we know it today. Quick airplane service will remove the risk of seasickness in crossing the lake. But even that hazard and inconvenience should be well repaid.

We don't know whether you will like Isle Royale. At least, you ought to visit it and find out for yourself during the next five years.

Personally, we want to return to this wilderness island; just off the Canadian coast of Lake Superior. Like you, we want to know more about our own wonderful Michigan and our own United States.

Sponge Stains
The safe way to deal with a dubious stain is to sponge with a cloth moistened in cool water, if the stain is not greasy. If the stain appears to be greasy, sponge with cleaning fluid (grease solvent). Most common household stains will dissolve in one or the other of these safest solvents. Stains tend to become set with age, so stained garments should not be put away until some convenient future time. It pays to be "Johnny on the spot" with any spot. The sooner a spot or stain gets the right treatment, the easier it is to remove.
