Light Plant Capacity Is Greatly Increased

Facilities for extending service to all points within the village and to provide for the increased industrial load have been greatly expanded by the Chelsea Electric & Water Department during the past few months, and installation of the additional equipment is nearing completion, according to P. M. Boehm, superintendent of the plant.

Capacity of the plant has been increased by adding two new switchboard panels, which were made necessary by the increased industrial load; new service entrance wires in conduit with potheads have been installed, replacing all the old open type wires; other improvements include new disconnects and meter transformers on new panels, addition of three 375 KVA transformers, and three new 100 KVA transformers have been ordered to replace smaller ones. Another change has been the connection of the residential street lights on three circuits rather than one, so that one circuit going out will not affect the rest of the residential street lights.

According to Mr. Boehm, present expansion of the plant's capacity will make it possible to service all residential sections of the village which may be developed.

Mr. Boehm and his staff are to be complimented for their foresightedness in planning to provide electric service for the steady growth of our industries and residential development.

Legion Auxiliary Seeks Gifts for Confined Vets

The American Legion Auxiliary, Unit No. 31 of The American Legion is appealing to the citizens of this community to donate Christmas gift boxes for the thousands of men and women confined in service, veteran and private hospitals throughout the State of Michigan. Certainly these proven Americans should be remembered and not one forgotten at Christmas time.

By means of radio through Eddie Cantor's Wednesday evening program and local publicity, all civilians are urged to purchase gifts suitable for presentation to hospital patients, pack or have them packed at the store where they are purchased, make a list of the enclosed gifts and attach to the box covering, and place in collection boxes which will be placed at various Chelsea stores. Gift boxes will be made up by the Legion Auxiliary from the articles received.

Due to the tremendous task of scheduling all boxes to arrive at the various hospitals prior to Christmas, the final date for acceptance of the gift boxes by the local organization will be December 10. You are urged to shop early and turn your gift boxes in as quickly as possible.

Information from the various hospital authorities make it imperative that certain articles not be included in the boxes and a survey made among the patients themselves indicates which gifts are needed and will be welcomed.

Undesirable gifts are candy, food, liquor, civilian apparel, magazines, puzzles, scrap-books, and used items. Desirable gifts for men are: Pen and pencil sets, cigarette cases and lighters, billfolds, box cameras, toilet articles, fishing tackle, writing kits, pipes, leather belts, knives, watch straps, bed lamps, tie pin sets, books, tennis balls and key cases.

Desirable gifts for women are many—in fact anything a female hospital patient may use.

Each donor is requested to include a card of identification. Auxiliary members invite your active participation in this great Christmas party for 15,000 Michigan patients.

Wheel Chairs Needed for Vets at Percy Jones

Wheel chairs, which may be taken home by the double amputees and spinal cord cases, when they are discharged from the hospitals, are still urgently needed by the wounded men at Percy Jones General and Convalescent Hospital.

The veteran equipped with artificial legs is given a greater sense of security if he has a wheel chair to take home with him and the wheel chair is an absolute necessity during the period when his artificial legs are being adjusted.

These chairs, costing almost \$100 on the general market, may be purchased for \$64 through the Camp and Hospital committee of the American Red Cross, which organization does not solicit funds but serves as the channel through which organizations and individuals may contribute directly to the patients at Percy Jones General and Convalescent Hospital.

Complete information may be obtained by calling Mrs. A. L. Steger, local Red Cross chairman.

Mrs. H. C. Gracy and daughter Ruth left Sunday to attend the golden wedding anniversary celebration of her parents, Mr. and Mrs. Fred Cook, of Delhi, La. The celebration was held in Memphis, Tenn.

With Our Men In Service

Editor's Note: We will appreciate the cooperation of returning servicemen and their relatives in advising The Standard of the service records of these discharged servicemen. Please telephone or call the office with this information.

Walter LaSavage received his honorable discharge from the Sea Bees at Great Lakes, Ill. on Friday, Nov. 9, returning to the home of his wife's parents in Clinton on Saturday.

He entered service on June 16, 1943 and trained at Camp Perry, Va. for several months, being one of the group to put on the first Sea Bee show to be held in the United States, with showings in Pittsburgh, Pa. and Steubenville, Ohio. The object of these shows was to encourage more men to join this branch of service and also to acquaint the public with the type of work accomplished.

LaSavage set sail from Gulfport, Miss. on Oct. 30, 1943, going first to Panama and finally after being on the water for 103 days arrived at Guadalcanal, from which the unit operated, working on the neighboring islands. He set sail for home on May 16, 1945.

Before entering service he was employed at the Federal Screw Works, coming to Chelsea in 1936. Mr. and Mrs. LaSavage expect to make their home here in the near future.

The 124th General Hospital, stationed at Salzburg, Austria, completed a successful football season by sharing the co-championship of battalion-level football of Austria. The medicals, winner of the Salzburg conference, played a scoreless tie with the 256th Engineer Battalion, winner of the Vienna Conference, Sunday, October 28, at Vienna. The hospital team represented the smallest unit leading a team in Austria.

Sgt. Victor G. Hindelang was regular right guard and played a hard and chafing game. He is the son of Mr. and Mrs. A. G. Hindelang, formerly of Chelsea, and now of Detroit.

The medicals scored 94 points while holding their opponents to 12 points in winning four, losing one, and tying one. The loss was the opening game against the 194th Field Artillery Group when the artillery men scored twice on long passes for a 12-2 upset. Victories included a 7-0 mudder over Rainbow University, the school of the 42d Division; 13-0 and 34-0 games with the 11th Engineer Battalion; and a 38-0 rout over the 98th General Hospital of Munich.

Staff Sergeant Harold F. Barth arrived at the home of his parents, Mr. and Mrs. Fred Barth, on Friday, after receiving his honorable discharge at Fort Sheridan, Ill. Harold entered the army on March 4, 1941 and spent the last two years in the South Pacific and Dutch East Indies.

Mrs. Visel Sells Interest In Chelsea Greenhouses

Mrs. Elvira Clark Visel announces that she has sold a half interest in the Chelsea Greenhouses to Mr. and Mrs. F. S. Armstrong, employees at the greenhouses for the past twelve years.

Mrs. Visel started in the business in September, 1901, by erecting a building 40x20 ft. on their front lawn, but by the following year this building proved too small and an addition was built. In 1903 the first building was erected across the driveway where the present ones are now located.

From time to time improvements and additions were made, the last being in 1921, when the farm home was also remodeled. At present there are two buildings, each 130x25 feet, and two smaller ones 70x24 feet.

In addition to a wide variety of potted plants and cut flowers, vegetable plants are also grown, with the growing of chrysanthemums a specialty of Mr. Armstrong's.

In 1931 Mrs. Visel started expanding her business in a small way by having a stand in the General Market, Ann Arbor, which she continued to operate for five years before moving to the present location of the Chelsea Flower Shop on East Liberty street, Ann Arbor, which she has operated for the past nine years.

Mr. and Mrs. F. S. Armstrong are well known to the people of Chelsea and the community, coming here from Jackson. Previous to that Mr. Armstrong was a grower in Ann Arbor and in Minnesota.

Mrs. Visel and the Armstrongs extend an invitation to the public to visit the greenhouses and see the colorful collection of chrysanthemums now on display.

Large Crowd Attends Night Football Game

A crowd of about two thousand people assembled at the athletic field last Thursday night to witness the presentation ceremonies when the new lighting system was turned over to the board of education as a gift from the community, and for the game between University High and Chelsea High football teams.

Expressions of complete satisfaction with the lighting effects were heard throughout the crowded sidelines, and it seemed to be generally agreed that the lights will make it possible for participants and fans to enjoy more sports contests during all seasons of the year.

Presentation ceremonies progressed as planned, with the Chelsea High School Band opening with selections. Lowell Davison, as master of ceremonies, introduced G. L. Staffan, president of the Kiwanis club, sponsor of the project, who made the presentation to Edwin W. Eaton, president of the board of education, who responded with a short talk. Walter D. Mohrlock, village president, also made a few congratulatory remarks concerning the project.

Players were then introduced, the band played the National Anthem, and the game was on—and what a game! In a hard-fought contest the local lads showed their appreciation for the lighting system by trouncing the boys from the University City by the score of 18-0.

Excerpts from the talks by Mr. Staffan, Mr. Eaton and Mr. Mohrlock follow:

Mr. Staffan: "I consider it an honor and a privilege to take part in this presentation ceremony, first as a representative of the Kiwanis club, sponsors of this project, and secondly as a citizen of this community whose wholeheartedness, generosity and far-sightedness made all this possible."

I would like to express our appreciation to the Cassidy Lake boys who assisted in digging the trench for the underground cable and to Mr. Boehm and his men of the Chelsea Electric and Water Department for the prompt and efficient manner in which they handled the installation of these units; also to the Village Council for the expense they were put to in providing the lead-in transformer; I also wish to thank all those whose contributions made this possible."

Mr. Eaton: "The Chelsea public school is happy to accept this gift and thanks the Kiwanis club who originated the idea and gave the leadership in raising the money and securing the materials under circumstances which were, to say the least, difficult. They again have brought progress to Chelsea. I think at the same time we should include in our expressions of appreciation the action of a past school board who had the vision to purchase and condition such a fine athletic field as this has proved to be. We trust that the present school board will continue along the progressive path... the board has considered parking facilities for such crowds as we have here tonight. The matter will be presented to the voters at the next annual school meeting for permission to include that facility in next year's budget."

Mr. Mohrlock: "It gives me a great deal of pleasure to see the completion of lighting equipment at the athletic field, and the citizens of Chelsea can feel proud of their achievement. This project will give pleasure to young and old, and will serve to bring this community and its neighbors together in a spirit of friendly rivalry... I feel this athletic field will continue to grow in its uses, and the advantages of this lighting equipment will serve to enlarge our recreational program."

Ely Dairy Bar To Open Friday, November 16

Mr. and Mrs. Edmund Ely will open their new dairy bar at 111 Park St. on Friday, November 16.

The Ely Dairy Bar is equipped with new booths with leatherette seats, counter and table service is provided, and according to Mr. and Mrs. Ely they will specialize in sandwiches, light lunches, ice cream and all dairy products. The room is attractively decorated, and presents a nice appearance with the effects of the Colovolt tubular ceiling lighting.

An announcement advertisement on another page of this issue gives full details on the opening Friday.

THIEVES BUSY AGAIN
Glick's store was entered last Wednesday night and a small amount of change was taken from the cash register. Entrance was gained by breaking a small window at the rear of the store.

This robbery, the third in the village in two weeks, prompted business men to circulate a petition requesting the village council to provide 24-hour police protection. This petition will be presented to the council at their next meeting.

PAPER EARLY NEXT WEEK
Because of the Thanksgiving holiday next Thursday, The Standard will be published early. All advertising and news copy must be in our office at least one day earlier than usual.

VETERANEWS**from the
OFFICE OF VETERANS' AFFAIRS,
Lansing****Educational Opportunities for Children of Deceased and Disabled Veterans**

Five colleges in the state of Michigan have been named as eligible educational institutions, where children not under 16 and not over 22 years of age, can obtain free education benefits.

Any child, within the stated age bracket, who has a parent in the armed forces killed in action, or died from any other cause during the war, or has since died, or is totally disabled, is entitled to attend one of the designated colleges.
Michigan law allows any eligible child to attend a state educational institution or training school of a secondary or college grade without payment of matriculation fee, athletic fee, or tuition. No provision however is made for payment of subsistence or text books.

The schools eligible to accept sons and daughters of veterans under the provisions of law are: Central Michigan College of Education, Western Michigan College of Education, Northern Michigan College of Education, Michigan State Normal College, and Michigan College of Mining and Technology.
All counselors of Councils of Vet-

ernans' Affairs have sample application

forms and will assist in executing them.
The State Board of Education has been given the responsibility of making the determination as to eligibility.

WILD GEESSE PLENTIFUL
During the past couple of weeks many flocks of wild geese have been seen flying southward. Last week farmers in the Cavanaugh Lake area report flocks landing to feed in corn fields, with several men being fortunate enough to shoot one. Clarence Lehman killed one in his own front yard. Roy Miller and George Zeeb also report having killed one each.

MOUNTAINS OF ORE

Three Minnesota iron ranges produce 40 million tons of ore valued at \$40,000,000 annually. Over 15,000 persons free the ore from virgin hills and 10,000 more transport it. Millions of tons of low grade and mixed ores remain to add wealth to the Nation as speedily as it can be mined and processed. They constitute concrete resources behind your Bonds.

Step Right Up Boys and Buy Your New '46 Model

Announcement of new models on display is being made by most of Chelsea's automobile dealers, the first in several years, which indicates that pre-war pleasure of driving a shiny new car is fast approaching for many motorists.

Although the cars are on display without price tags, the new Ford may be seen at Palmer Motor Sales; Chevrolet at Spaulding Chevrolet Sales & Service; Pontiac at Harper Sales & Service; and the Oldsmobile and Buick cars are being displayed by W. R. Daniels.

Any of these dealers will be glad to point out the improvements which

have been made in these new models—and of course they will take your order for future delivery—and they will also promise to tell you the price when someone makes up the OPA's mind as to what may be charged.

HONORED AT SHOWER

Miss Irma Bollinger entertained at a miscellaneous shower on Saturday evening at her home in Freedom township, in honor of Miss Esther E. Convention of Farmers' Guild Held Last Week

Annual convention of the Michigan Farmers' Guild was held at St. Mary's hall, Chelsea, on Nov. 8 and 9. President Harry S. Atchinson, of Salem, was chosen secretary of the convention. During the forenoon and afternoon of the first day much worthwhile discussion was held, committees were appointed, and plans drawn up. Also entertainment by local talent and poems by Frank Beecher, Guild poet, read by Mrs. Beecher, were enjoyed by the delegates and visitors.

The evening session was highlighted by two distinguished and highly interesting speakers: Hon. Edward L. Everson, Commissioner of Agriculture of South Dakota and secretary of the Northern Commissioners of Agriculture, and Dean Anthony of Michigan State College. Mr. Everson's subject was "Why Farmers Are in the Red." By reference to a well prepared chart in color he showed just what had happened to the economics of agriculture and the country and explained why. Mr. Everson is well known and favorably regarded by the Guild people for the reason that before becoming Commissioner of Agriculture he was for four years president of a national organization that had at that time and prior thereto advocated "cost of production" and other principles now advocated by the Guild. Dean Anthony also gave a very fine talk and was favorably received by the audience.

On the second day the convention engaged in its regular business session. Among the resolutions adopted were one in condemnation of production subsidies because of their tending to retard the Guild's cost of production program and their detrimental effect upon the country generally; also one requesting the Michigan State College to continue and extend its work in relation to "cost of production" as exemplified by its report to the Governor on the cost of production of milk in the Detroit milkshed late in 1943.

The cost of production formula committee, upon their study of industrial wages through the Regional Office, Bureau of Labor Statistics, U. S. Department of Labor at Detroit, find \$1.20 per hour for a 40-hour week to be the average wage of nine different industries. The cost of production formula committee contends that in due fairness the farmer is also entitled to the average wage and working conditions.

Harry S. Atchinson and Norman Olson, Sparta, were re-elected president and secretary-treasurer, respectively. Don Ross, Marlette, was elected vice-president to succeed Sam H. Pangborn, Bad Axe.

Alfred Lindauer, Chelsea; Clarence Cooper, Marlette, and Percy Jensen, Greenville, were re-elected directors. Hold-over directors are Robert Hunt, Novi; Joseph Brechtling, Comstock Park; Earl Henderson, Rosebush; and Dan McIntosh, Bad Axe.

Joseph Merkel, Chelsea; Carroll Ordway, Dexter; Robert Hunt, and Don Ross were chosen delegates to the convention of the National Farmers' Guild which will be held at Monticello, Indiana, in December.

FREEDOM EXTENSION GROUP

The Freedom Extension Group met Friday, November 9 at the home of Mrs. Laurel Breitenwischer, in Sharon. The lesson on "Modern Mending" was given by the leaders, Mrs. Lucile Uphaus and Mrs. Margaret Dresselhouse. Refreshments were served by the hostess, assisted by Mrs. Ray Heselchwerdt, Mrs. Leroy Breitenwischer and Mrs. Frank Mitchell.

County Seeks Award In Victory Loan Drive

George Doe, chairman of the Victory Loan drive in Chelsea, has been notified by Warren Cook, county chairman, that the county in Michigan which has the highest per capita purchase of bonds in the current drive will receive as an award the original flag which was flown in England as an award to the county in that country for a similar achievement.

According to Mr. Cook, twenty counties in the state have agreed to try for the award, and the county which wins will be honored by the presence of either the British Prime Minister or the British Ambassador to make the presentation. The terms for this award will be E, F and G bonds bought by individuals in the county between the dates of October 29 and December 31. The Federal Reserve Bank figures will be final in deciding the winner.

If Washtenaw county does as well in this drive as in the past, the award will come to this county, according to Mr. Cook, who urges that bond purchases be made immediately, and continued as regularly as possible until the end of the year.

State Finances Topic of Talk By Lt. Governor

More than seventy members of the Congressional Men's Club attended the first meeting of the newly-organized group, held last Wednesday night in the church dining room. Following the chicken dinner, served at 7:00 o'clock by ladies of the church, the club president, David Beach, outlined the objectives of the organization and expressed appreciation to the ladies for the fine dinner. Irwin Nothnagel led in group singing, with Miss Nina Belle Wurster at the piano.

Lt. Governor Vernon J. Brown was then introduced as the speaker of the evening. Mr. Brown gave an exceedingly interesting and instructive talk on the financial structure of the state government, in which he has been actively interested for many years, having served in the legislature and as auditor-general for several terms before being elected to his present office.

The speaker contrasted conditions as they were when he was first employed by the state as a clerk in the auditor-general's office forty years ago, with the complexities which face those who administer the affairs of the state today. He stated that the first obligation of the state is to the 600,000 young men and women who were called to serve in the armed forces during World War II, and said that \$50,000,000 has already been set aside for this purpose. Also, said the speaker, the concentration of population in the state's great industrial areas has brought the problem of providing adequate educational facilities for the children in these centers. More state aid to these areas, as well as to most school districts in the state, may be necessary in the very near future. Mr. Brown also mentioned the need for more state institutions to care for the mentally unbalanced, and some appropriations for this expansion have been made, as well as for adequate state office buildings.

In outlining the necessary projects that confront the state government, Mr. Brown stated that while the cost seems large, it is small when compared to the \$700,000,000 spent annually in Michigan's theatres, \$400,000,000 spent in the state annually for liquor, and the \$50,000,000 in bets annually at the Detroit race tracks.

CHELSEA STUDY CLUB

The Chelsea Study club met at the library on Tuesday evening to hear Dr. Leonard Parr of Ann Arbor give a lecture on "An Evening in the World of Books." During his talk Dr. Parr gave two excerpts from the books "Anything Can Happen" and "The Happy Time." The speaker had an interesting exhibit of books on display.

Mr. and Mrs. Clarence F. Dietle and Mr. and Mrs. Lawrence Dietle were Sunday guests of Mrs. C. F. Dietle's father, C. C. Beatty, and his sister, Mrs. W. O. Kast, in Morenci.

Chelsea Is Deserted As Deer Hunters Go North

An army of hunters almost equal in size (but greatly inferior in quality) to the number of men from this community who served in World War II, left this week for the north woods in quest of deer, or just for a much-needed rest as camp cooks or "bottle" washers. Included in group, of course, are a number of women who will preside as the camp cooks.

Following is a list of local residents who purchased hunting licenses here: Roy Bertke, Donald Otto, Robert Allshouse, Evangeline Welch, Ernest Welch, George N. Welch, Robert Hochrein, Bert Foster, Stanley Beal, Geo. M. Seitz, George Krumm, Kelly Light, Howard Oesterle, Wm. Walligora, Emerson Lesser, Dr. L. J. Paul, Henry Ahnemann, Haskell Worden, st., Haskell Worden, Jr., Fritz Belser, Alfred Elsemann, Floyd Rowe, John W. Merkel, Robert Freysinger, Jr., Harry Savage, Mable McClain, Lynn Main, Loren Hinders, Louis Collings, Arthur Schiller, John Freysinger, Gravel Schiller, Thomas Merkel, Wilbur Hinders, Clarence Leach, Julius Basler, Robert Freysinger, Fred Barth, Spencer Boyce, Delbert White, Lester Musbach, Bert Forner, Ernest Hopkins, Winston Schenk, Robert Yocum, J. Victory Bond Report

The purchase of Bonds for the second week of the current "Victory Loan" sales showed considerable increase over that of the week starting October 30. As against \$2,345.00 in aggregate purchases for the first week, \$8,457.25 was the realization of sales ending November 10. This amount represents "E" Bonds, and in addition \$1,000.00 have been realized in "Other Issues."

Increases must stalk along briskly for with a goal of \$210,000.00, Chelsea has quite a distance to cover. The amount to date represents a little better than 6 per cent of our quota. What will it be next week? The quota for Chelsea is \$50,000 in "E" Bonds, \$135,000 in "Corporation" Bonds, and \$25,000 in "Other Issues."

If the workers cannot contact you, the bank or postoffice will gladly take care of your purchase. Let the "Thanksgiving" report be representative of our gratitude to the boys who have done and are still doing a wonderful job.

—Chelsea War Bond Committee.

Navy Is Selecting High School Men for Cadets

The Navy has announced that selection of high school men has begun for the second peacetime class of the famed V-5 Pilot Training program. Considered one of the finest technical training programs, V-5 provides cadets with education in leading colleges, flight instruction under the most skilled teachers, and experience in the world's most modern planes. Men accepted will be called to active duty March 1, 1946.

To be eligible for this program, applicants must be between 17 and 19 years of age, in good physical condition, have perfect vision, and graduate by February 25, 1946. It is possible to enlist anytime prior to graduation if the applicant will graduate by February 25.

Eligible men interested in becoming

Navy Pilots are urged to contact the high school principal. Applications must be made at the Office of Naval Officer Procurement, 947 Book Tower Bldg., Detroit 26, Michigan.

ENTERTAIN HI-NEIGHBOR CLUB
The Hi-Neighbor club was entertained on Friday evening at the home of Mr. and Mrs. George Steele. After the business meeting an enjoyable time was spent playing progressive euchre, in which high prizes were won by Mrs. Frances Alber and George Steele receiving the consolations. The traveling prize went to Mrs. Harley Hatt and the door prize to Harley Hatt. Mrs. Charles Rabley and Mrs. Sager were assisting hostesses, and a pot-luck lunch was served, with covers for 35.

SO. SYLVAN EXTENSION CLUB
The South Sylvan Extension club met Thursday, November 8 at the home of Mrs. Arthur Weber, with 24 members and one guest present. The lesson on "Modern Mending" was well given by the two leaders, Mrs. Walter Wolfgang and Mrs. Wm. Pritchard. The remainder of the time was spent in mending. The next meeting will be an all-day lesson and will be held December 6 with Mrs. Melvin Lesser.

Vitamin A Discovered
About 1912, E. V. McCollum, working under Babcock and E. B. Hart, became interested in the nutritional value of butterfat in milk. He found that rats fed a balanced diet died when lard was used as the source of fat, but thrived when butter was used. These results led McCollum and his co-worker, Margaret Davis, to the discovery of vitamin A, the butterfat element in milk.

IT PAYS TO BE A GOOD RURAL LINE NEIGHBOR

If you're considerate of others in the use of your telephone, they'll be more apt to be considerate of you. And today, when there are more telephones per line than before the war, it's especially important that everyone co-operates.

We intend to proceed with the job of adding more rural lines and more central office equipment just as fast as conditions permit. This will enable us to fill the orders of those who are waiting for telephones and reduce the number of telephones per line.

Meanwhile, here are three simple ways you can show friendly consideration of those who share your telephone line:

1. Keep all calls short.
2. Avoid interrupting when the line is in use.
3. Hang up your receiver carefully. One receiver off the hook can tie up a whole line.

Men In Service

Sgt. E. F. Hawley, who is stationed in Japan, sent a newspaper article to his mother, Mrs. Jos. Wright, which describes the activities of his group. The article follows:

Sendai, Japan — "Strictly State-side" is the way the 850 headquarters troops of the XIV Corps have tagged the lap of luxury where they are quartered.

They should know what they are talking about. The headquarters has moved 23 times since Jan., 1943, when it steamed out through the Golden Gate; and the men have lived under all conceivable (and inconceivable) conditions on Guadalcanal, Rendova, New Georgia, Bougainville and the Philippines.

Now, at the end of the twenty-third hop, the headquarters has hit the jackpot. On Sept. 18, it marched into Sendai, largest city in northern Honshu, and took over the Japanese postal insurance building.

The four-story concrete building is an H-shaped affair that is as impressive looking as one of the post offices thrown up by Jim Farley in the '30s. It has been made still more impressive looking by the fact that it stands in solitary splendor. Virtually every other modern structure in Sendai was burned to the ground when the city was hit by the longest B-29 raid of the war.

Self-Contained City

The inside of the headquarters building is as full of surprises as a cracker-jack box. The most striking thing is that it is literally a self-contained city, where the men can eat, sleep, work, relax, go to shows, and even play ball without stepping outside.

The first pleasant feature that hits the visitor is the air. It's warm. Heated to exactly the right temperature by radiators in every room.

The next pleasant surprise is that GIs don't have to wear themselves out running up and down stairs. "The management" has thoughtfully supplied Japanese bellhops to run the bank of elevators.

As for sleeping quarters, it's a first-three grader arrangement for everyone. Instead of having to share a dance floor sized hall with a platoon of other men, there are just four soldiers to a room. Barracks bags, by the way, are just so much excess luggage. Instead of living out of his "A" and "B," each soldier rates a shelf and a clothes rack.

"Home Cooking"

The dining room, too, is worth a paragraph. Special service pipes in soothing dinner music, plus a few

Spike Jones renditions. But what is more to the point, the food is worth eating. Fresh meat and vegetables have started to infiltrate into the kitchen, with the result that every now and then there is a meal "just like mother used to make."

The basement is a regular Macy's. There is a five-chair barber shop, a library, a Red Cross Canteen where a man can get all the cokes and doughnuts he can eat—strictly for free—and a PK that is so well stocked it has won the reputation of being "the best we've had since we left the States."

But the pay-off is the roof. Part of it is taken up by an enclosed 500-seat theatre where movies are shown seven nights in the week. The rest of the roof has been turned over to a ball park which boasts of a basketball, volleyball, and badminton court each regulation size.

If all adds up to the best possible deal, next to going home. But like everything else, there's a catch. The building has every modern convenience, except one. You guessed it. Like every other building in Japan, "When you gotta go," you gotta do a squat.

I have repeatedly warned motorists about the careless practice of backing up without looking.

Hindsight is as important as foresight. The rear view mirror should be so adjusted that you will always have a clear view of the road behind you. This is not only advisable for truck drivers but also the passenger automobile.

Many drivers park their car near the curb and leave it for a few minutes. In returning they find that someone has driven ahead of them and in order to get into the road they make a sudden backward movement only to find that there has been an accident.

Keep your rear view mirror clean and so adjusted that it will give you a clear vision of the road behind you.

Slow Acceptance

When the typewriter was first perfected, public acceptance was exceedingly passive. In order to stimulate interest and demonstrate the machine's value, typing contests were held at a Y.M.C.A. and a Y.W.C.A., awarding prizes to the best four in each group.

Teachers Needed At Percy Jones Hospital

Volunteers are urgently needed to teach arts and crafts to wounded men at Percy Jones hospital, it was announced at the Washtenaw County Red Cross headquarters today.

Interested men and women, who are not now skilled workers, but have the ability to learn and teach one or more crafts, will be given instruction at the Red Cross, 1801 Washtenaw avenue. Requirements are mechanical ability, curiosity and imagination.

Particularly needed, according to the announcement, are workers in the following skills: leather work, weaving, work with plastic materials, hooked rug work, clay modeling and fly-tying. Persons skilled in fly-tying are needed also as instructors at Red Cross headquarters to teach persons in the corps going to Percy Jones hospital, since the demand by the wounded men for instruction in this craft has never been met.

Volunteers will spend one day a week at Percy Jones hospital, giving bed-side instruction to the wounded men in the wards, who are not yet ready for regular occupational therapy offered at the hospital.

The Red Cross furnishes all materials used by its workers, and the finished product belongs to the veteran who makes it.

Transportation to and from Percy Jones hospital is furnished by the Red Cross motor corps.

In addition to the need for teachers at Percy Jones, workers are needed at Red Cross headquarters to prepare materials to be used in the wards, and to devise and complete models and patterns which can be used by

teachers or for display in the wards at the hospital.

Registration for the corps will begin immediately. The Arts and Crafts workroom at Red Cross headquarters will be open from 1:30 to 4:00 p. m. each Wednesday, and the corps chairmen will be available to furnish information and accept applications during these hours. Information may also be received by calling Red Cross headquarters, 2-5546.

Since the corps was organized six months ago, Ann Arbor has sent an average of eight persons a week and Ypsilanti four. An appeal for more workers at this time is being made because of a request from the Army headquarters at the hospital.

Washington's Firsts

Olympia was the home of the first newspaper published in what is now Washington, founded in 1853. The state's first store opened there. The first mail route was established between Olympia and Portland in 1848. Olympia had the first Masonic lodge, in whose quarters three of the early legislatures met. The first cherry tree was planted in the city, and cherry trees today adorn the capitol park.

Garden Hose

Sunshine over long periods is harmful to garden hoses, so don't leave it stretched out in the hot sun day after day. After using, drain it and coil it carefully in a shady spot, or put it away in a cool, dry place. If the hose is kept in the garage, keep it away from oil or gasoline, which rots the rubber.

Many Michigan retailers are finding themselves caught squarely in the middle of the current tug-of-war between wages and prices. And they don't like it.

Otis F. Cook, secretary of the Michigan Retail Institute, reports that retailers are becoming more and more rebellious over the government policy to encourage increase in workers' wages, while demanding that everybody else "hold the line." For example: Wholesale price of one prominent line of white goods has increased due to wage raises given to textile workers. Yet the OPA declines to adjust the retail ceiling price to make possible a fair profit to retailers whose wage costs have also gone up.

Result: Many retailers are not ordering these goods; textile mills are not producing them; thousands of workers are now idle.

If this illustration is representative of American industry as a whole, the inevitable result will be more unemployment instead of less.

And that doesn't make sense, does it?

Protracted idleness is bound to waste accumulated savings which everyone counts upon strongly to furnish booming markets.

If wage increases wipe out profit margins, business is expected to wait six months before being granted relief. That puts the government, via the OPA, in the position of determining whether business is to be allowed to make a profit or not.

If wages are prices, as has been the case in the past, then higher labor rates for workers are bound to result in higher prices. That is why many

economists forecast more inflation ahead, and why stock market prices have been climbing again. In the meanwhile, it is likely that we will see a repetition of the 1919 labor strife which brought 3,630 strikes involving more than 4,000,000 workers. Post-war prosperity got fully underway in 1923. The big crash came in 1929.

The rising number of divorces granted in Michigan is a part of America's moral slump, according to Muri H. DeFoe, editor of the Charlotte Republican-Tribune. Here's a brief quotation:

"Religion was a one time powerful force in counties like Eaton. Many rural churches went out with the automobile and two score or more others are only a memory with no comparable substitute to take their place. Fifty per cent (this, of course, is a guess but conservative, we believe) of the households that were represented in some church activity ten years ago no longer attend any church, a terrific loss to the moral stability and religious life of our community. Bowling has followed Sunday baseball and now pool rooms are open on Sunday, all of which represents a breakdown in a quality, once thought to be essential to the moral fibre of any people."

"Forty hour weeks, plus union labor threat of even fewer working hours, have made long week-end holidays popular, which in some degree, surely, is at the expense of church life. In other words religion is paying high tribute to recreation, much of which is of a doubtful physical value."

It is the belief of Governor Harry F. Kelly that the major single mistake of World War II was the American failure to put men, machines and money in the same military brackets.

If it is fair to conscript manpower for front line duty where it is kill or be killed, it would be fair also, as Governor Kelly sees it, to conscript manpower and capital for home front duty. This is regimentation in a big way. But it would have prevented fantastic war-time wages to unskilled labor in war plants and booming profits to manufacturers. It would have eliminated most of the recon-

version headaches in adjusting from

artificially inflated incomes back to normal peace-time earnings.

Year after year the American Legion advocated universal conscription for fighters, workers and capital alike.

Farmers are being urged to shift emphasis from all-out production for wartime needs to efficient low-cost production and marketing. It's part of the reconversion problem of the food industry. Farm commodity prices are due to decline following the period of large scale food shipments to Europe. That is why farm leaders, county agents and rural bankers strongly urge returning veterans not to purchase farms if the land price is badly inflated.

One of the problems before the 1946 special session of the state legislature at Lansing will be disposition of the state's \$51,000,000 reserve fund for war veterans. As there will be close to 600,000 Michigan veterans of World War II, the solution will likely consist of services rather than a cut of the melon, such as was done after World War I. Reason: It would require 400 million dollars to approach the sum distributed a quarter of a century ago.

Photographs don't lie. But sometimes photographers do.

Currently on trial at Pontiac on charges of holding up a Pontiac gambling joint are Pete Mahony, Harry Fleischer and other Detroit hoodlums recently convicted by jury of conspiracy to murder the late Senator Warren G. Hooper, Albion.

Following a day's session, Kim Sigler, the special prosecutor, decided to pay a surprise visit to the defendants' places of business in Detroit. Accompanied by four state policemen, all armed to the teeth, Sigler made the rounds. Hearing that one of Michigan's most prominent gamblers was at a night club, he wound up the night at the Detroit hot spot.

A photograph was taken of Sigler at the night club, surrounded by the three Dinning Sisters. Taken supposedly for lobby publicity, the snapshot is being circulated widely by the club's press agent, all in the spirit of free advertising. But it's also free advertising for Sigler—of a kind he doesn't appreciate.

Resort Industry Soon To Get MSC Assistance

Michigan State college is laying the groundwork for a new service to Michigan residents.

The tourist and recreation business, one of the great industries of the state, is to receive assistance in its wide scope of activities.

With peacetime here once more, it is expected that Michigan will see its greatest influx of tourists next spring and summer. Every effort is being made to prepare for this avalanche of business; and it is recognized that many new operators will be establishing themselves in the resort industry in the coming months. It is for these persons that the new service is particularly designed.

Headed by the M.S.C. Conservation Institute, directed by L. R. Schoenmann, the program will utilize the research and extension facilities of the college with contributions coming from many departments.

Progress is being made in getting the program in operation. Work to date has consisted mainly of information gathering. A survey of some 150 tourist service businesses is nearing completion. Designs of typical and practical lodges, cabin camps, cottages and other types of resort structures are being assembled and will be made available within a few months. All of this work is progressing in cooperation with the Tourist and Resort Council and the four tourist and resort associations in the state.

The county agricultural agent is to be the local representative of Michigan State college for this new service in each county. Any establishment or prospective operator can look to him for dependable information and help. Preparations are being made for regional meetings and clinics in various parts of the state where operators may gather to discuss their problems.

Four types of business are to receive specialized help—overnight roadside tourist cabins, cottage rental groups, lodge and cottage resorts, and resort hotels.

Plans call for aid on such matters as financial policies, partnership relations, business practices, employer-employee relations, personnel train-

ing site selection, development, landscaping, building plans, menus, interior decoration, water supply, waste disposal, sanitation, poisonous plant and insect control, and all types of sports. County and community planning committees will also be assisted

in recreational development planning. College departments working on the program include forestry, agricultural engineering, entomology, botany, zoology, landscape architecture, economics, business administration, hotel administration, home econ-

ics, and the Conservation Institute. Mr. Schoenmann points out that the only function of the new program will be that of information and service to the needs of the industry.

It's Big-It's Beautiful-It's BUICK

THIS, we reasoned, is no time to offer folks a car that stops with artful face-lifting.

It has been nearly four years since our last new Buick was built — it wouldn't be shooting square now to give you less than our honor-bright best.

So we overhauled our whole factory to advantage it with the latest in war-developed machines and processes.

We scoured the country for the stoutest metals anyone can buy today.

We set ourselves precisions

that in some cases exceed those of aircraft engine production.

And we eagle-eyed every one of this Buick's 12,000 parts to see if it could be bettered in any way, big or little.

The result is that through every stunning inch of this bright new honey runs solid, dependable Buick character, honest and uncompromised.

It's in swift clean lines. In seats that are three-persons wide. In stout, time-defying frames and underpinning. Above all — in the lift and life of a Fireball

straight-eight that's even livelier than in 1942.

The cars your Buick dealer will have are big. They're beautiful. They're Buicks.

In fact — the best Buicks yet!

When better
automobiles are built
BUICK
will build them

OFFICE NEWS

An assembly sponsored by the Public Library will be held in study hall tomorrow morning.

Mr. Richards will attend the Freshman's Principal Conference at Michigan State on Saturday.

The last football game of the season will be played tomorrow at Manchester.

There will be an All-Hi party tomorrow night, sponsored by the Athletic Board.

School will be closed on Thursday and Friday of next week for Thanksgiving vacation.

PEP MEETING

The pep meeting for the University High football game was in charge of the Hi-Y.

Mr. Johnson told the history of the fighting system that was to be presented Thursday night. He also commented on the forthcoming game.

Cheers were led by two of the Hi-Y members, Cameron Colquhoun and Bradford Barlow, who, incidentally, made very charming young ladies.

The Senior members of the team, Tom Smith, Robert Breitenwischer, and Charles Slane, gave short talks concerning the game. Mr. Cameron also added a few comments of his own.

The Huron League standings were read by John Wellnitz.

A short talk was given by the Seniors to advertise their stand.

The pep meeting was ended by the singing of the school song.

ASSEMBLY

A special assembly was held Friday morning to congratulate the football team on a most excellent game played Thursday night against University High.

Impromptu speeches were made by members of the faculty, a few of the students, and most of the football team.

Two cheers, both of which were extremely well done, were led by the cheer leaders.

The student body deeply appreciated the opportunity given them by Mr. Johnson to pay tribute to the football team.

well; the whistle stop (whistling after eating a cracker-and-peanut butter sandwich), was won by Carl O'Dell; blindfold race was won by Wallace Franklin. The effort in this event was to run along a newspaper path, and avoid stepping on eggs, while the contestant was blindfolded. The one-legged race was won by Don Pierson; the Nwod Lleps (spell down, with all words spelled backwards) was won by Bob Vogel after stiff competition by Virginia Walz and several others; waiters' delight was won by Deloris Walker, and the three-legged race was won by Ronnie Eder and Betty Ingram. A special left-handed paper cutting contest was won by Mr. Steinbach.

The evening was completed by refreshments of gingerbread and whipped cream and punch, and then dancing until closing time. Red and white paper streamers decorated the gym.

SENIOR NEWS

The Senior class held a class meeting Wednesday afternoon, at which they voted for the girl that will receive the D.A.R. pin and for the most representative girl of the Senior class. Election results will be announced later.

The play committee is reading plays and will choose one soon.

The staff for the Senior Annual was decided upon: Editor, June Vail; assistant editor, Elaine McClellan; advertising manager, John Wellnitz; girls' sports editor, Mary Ottomani; boys' sports editor, Charles Slane; picture editor, Catherine Geer; activities editor, Robert Breitenwischer; art, Shirley Dorer; business manager, Jane Downer.

At the night football game the Seniors had a very successful stand.

FRESHMAN BIOGRAPHIES

Doug Liebeck was born in Unadilla, Michigan on Oct. 24, 1930. He previously went to school in Munith, Michigan. He says his favorite food is just about everything. He is a member of the football team and his favorite sport is football. He likes the song, "It's Only a Paper Moon."

Doug has black hair, brown eyes, weighs 115 pounds and is 5 feet 7 inches tall.

Shirley Burgess was born in New

York, Michigan on July 16, 1931. She likes to sit down to a meal of steak and onions. Her favorite color is red and the sport she likes is bowling. She has light brown hair, blue eyes, weighs 118 pounds and is 5 feet 3 inches tall.

Margaret Mary Dumouchel was born in Jackson, Michigan on November 8, 1931. She has brown hair, hazel eyes, weighs 108 pounds and is 5 feet 4 inches. She likes to see a good game of basketball and enjoys eating ham and French fried potatoes.

Here we have introduced three more of the new freshmen, whom we are so glad to have in our school.

CLUB 15

Last Saturday night the gym was daintily decorated prettily for the All-Hi dance sponsored by Club 15. It was their first party and it was greatly enjoyed by everyone. Everybody appreciated the free entertainment and cake.

Club 15 is going to put on an ice skating party as soon as there is ice. Members hope to see a lot of kids turn out.

BAND NEWS

The band will sponsor an assembly on Thursday, the fifteenth. They will have as guests two girls from the University of Michigan who will give a cornet duet.

SEVENTH GRADE NEWS

Last week our stamp sale was fairly good, but this week it is better—40 per cent of membership.

We enjoyed our party last week and hope to have more of them. The next one is November 30.

We sold apples this week and the money went to our treasury. Kenneth Proctor secured them for us.

EIGHTH GRADE NEWS

Last week at election of officers, we chose: President, Joan Hughes; vice president, Wallace Franklin; secretary, Jean McClure; treasurer, Carl Lake.

We were very happy to hear from Jim Clark, who is in California for a visit with his parents. He said he is doing much lying around and mostly eating! We hope to hear from him again soon.

ORDER OF PUBLICATION

At a session of said Court held at the Court House in the City of Ann Arbor, in said County, on the 28th day of September, A. D. 1945.

Present: Hon. James R. Breakey, Jr., Circuit Judge.

In reading and filing the bill of complaint in said cause and the affidavit of Albert E. Blashfield attached thereto, from which it satisfactorily appears to the court that the defendants above named, or their unknown heirs, devisees, legatees and assigns, are proper and necessary parties defendant in the above entitled cause;

It further appearing that after diligent search and inquiry it cannot be ascertained, and it is not known whether or not said defendants are living or dead, or where any of them may reside if living, and, if dead, whether they have personal representatives or heirs living or where they or some of them may reside, and further that the present whereabouts of said defendants are unknown, and that the names of the persons who are included therein without being named, but who are embraced therein under the title of unknown heirs, devisees, legatees and assigns, cannot be ascertained after diligent search and inquiry.

On motion of Hooper and Blashfield, Attorneys for Plaintiffs, It is Ordered that said defendants, and their unknown heirs, devisees, legatees and assigns, cause their appearance to be entered in this cause within three months from the date of this order, and in default thereof that said bill of complaint be taken as confessed by the said defendants, their unknown heirs, devisees, legatees and assigns.

It is Further Ordered that within forty days plaintiffs cause a copy of this order to be published in the Chelsea Standard, a newspaper printed, published and circulated in said county, such publication to be continued therein once in each week for six weeks in succession.

James R. Breakey, Jr.,
Circuit Judge.
