TO OUR READERS and FRIENDS...

The New Year is the traditional season of hope. Hope for a lasting peace. Hope for a speedy reunion with loved ones far distant. Hope for happiness and hope for health.

Each of us has a stake in this harvest of hope. How we reap will depend on how we cultivate the opportunities that lie ahead.

Just as a merchant takes stock at the beginning of a New Year and closes his books on the Old, so we at this season ought to take mental inventory and do some spiritual bookkeeping. The past is good only as its achievements strengthen us for the tasks of the future—only as its mistakes teach us lessons for the improvement of tomorrow.

The road of the past was paved with battles, discontent and tyranny. We must pave the road of the future with hope, confidence, understanding and neighborliness.

The world is no better or no worse than we ourselves make it. It is the sum of thousands of communities like our own, all added together. We each have responsibilities as individuals and citizens to make it better.

With the coming of 1946 let us resolve to work and live so that peace on earth may be a reality rather than a dream. Then the horrors of battle will not be visited on the next generation and the sons of tomorrow will not have to go forth to war.

The future offers challenging opportunities. Strengthened by our nation's achievements in the past four years, we can meet these opportunities with confidence.

So it is with a spirit of hope, fortified by a feeling of thankfulness that this newspaper asks for every one of you

A Very Happy New Year

Icy Roads Cut Travel On Christmas Holiday

Chelseaites for the most part were forced to spend their Christmas holiday at home when they realized how serious weather conditions were.

Sleet began falling early Christmas Eve, and rain continued to fall during the night and early Tuesday morning. Ice-covered streets and highways reduced automobile traffic to a minimum here, stopping all incoming and outgoing busses. From 6:15 p.m. Monday until 2 p.m. Tuesday not a bus left the Detroit terminal.

By Tuesday evening the temperature was warmer, and schedules were again resumed.

Record Sale of Fishing Licenses Is Anticipated

Lansing—The conservation department is shipping a million-odd 1946 fishing licenses to its dealers.

Anticipating a record sale of licenses next year, the department ordered 765,000 resident, 185,000 temporary non-resident, and 140,000 annual non-resident licenses, largest quantity printed in advance of any season.

Wives of non-residents will be required to purchase either the 10-day temporary or the annual non-resident license next year. The 1946 legislature voted to discontinue the sale of 50-cent supplementary licenses when husbands paid the \$1 or \$2 fees.

Shipments of licenses are accompanied by corresponding numbers of copies of the 1946 fish law digest, a 12-page folder.

LYNDON FARM BUREAU

A meeting of the Lyndon Township Farm Bureau was held at the town hall on Tuesday evening, December 18, when a chicken supper was served to members and their families, with covers for 45. A. E. Moon of Ann Arbor was speaker on the Hospitalization Program. A grab bag held a gift for everybody. The next meeting will be held on January 15 at the home of Mr. and Mrs. Homer Stoffer, and a representative of the Michigan Bell Telephone Co. will give a talk.

TIN COLLECTION TODAY

Paul C. Maroney, chairman of the local salvage committee, announces that the final tin-can collection is being held today, and that those who have saved tin cans, and have them properly flattened and boxed, may leave them at his residence, 227 East Middle street, before 2:00 o'clock this afternoon.

REVENUE MAN COMING

A representative of the Internal Revenue Department will be at the Chelsea postoffice on Thursday, January 3 to assist with 1945 income tax returns or declarations, for those who must file on or before January 15.

OFFICE NEWS
The boys' and girls' basketball teams will play at Saline on January 4. A bus has been chartered to transport players to the games. School will re-open January 8, 1946.

JOURNALISM
Journalism club held a brief party during activity period on Dec. 20. Refreshments of pop and sandwiches were served under the chairmanship of Joyce Hughes. Gifts were exchanged and an informal program was presented.

The club had previously decided to withhold further letters to servicemen until the "great migration" slows down at least temporarily. Nearly everyone on the list either hopes to move, expects to move, or is moving. Cooperation from parents as to correction of addresses would be very greatly appreciated. The club works hard to make the letters interesting, and the School Board goes to considerable expense in furnishing postage and supplies; the parents might at least keep us informed as to addresses, please!

CHEER LEADERS
By Loretta Lindauer
I think there is a misunderstanding about the ten new cheerleaders for this year. During football season we had no captain. Each one of us was on our own, as to setting the day for practice, when we should go out to cheer, and what the cheers should be. But now that football season is over and basketball has started we thought it would be better if we would elect a captain. Also, we are divided into two groups: Captain, Eunice Lehman; Pauline Schiller, Loretta Lindauer, Nancy Loose and Joyce Lentz. They are to cheer for the first team; and

Captain Delores Eisemann, Helen Jarvis, Myrna Roberts, Ellen Jane Geddes and Marlene Heydlauff are to cheer for the second team. We hope everybody comes to the basketball games and cooperates with the cheerleaders as they did during football season.

SEVENTH GRADE NEWS
At 2 o'clock Friday a Christmas party was held. Refreshments of pop, dixie cups, cookies, popcorn, were served by Ted Slane, Don Pierson and Buddy Johnson, committeemen. The program committee was in charge of Richard Seeley.

Gifts were exchanged, and everyone wished such occasions would come oftener.

ENGLISH 12 CHRISTMAS THEMES

What Christmas Means To Me
By Elaine McClear

For as many years as I can remember, Christmas for me has been centered about midnight mass—and justly so. We all realize that Christmas is the celebration of the birth of Christ, and what more fitting gift could we offer Him than our prayers and adoration on His birthday.

My first knowledge of the true meaning of Christmas came when I was approximately five. Being too young to be taken to midnight mass, I, along with one of my brothers, was taken to the church in the afternoon. There, in the form of life-like statues, I saw for the first time the greatest miracle ever wrought—the birth of Christ.

Too young to grasp the meaning of the scene, my only impression was one of awe, and a great desire to have a doll just like the one in the manger. In the years that followed, I gradually recovered from my mistaken impression that Christmas was merely dolls, and sleds, and an unseen, yet firmly believed in, Santa Claus. Now that the true story of the old gentleman has been told to the last member of our family, we have adopted a new custom. On Christmas Eve, the entire family gathers in the living room to decorate the tree. Following this, each member of the family places his or her gift under the tree, and there they are left until our return from midnight mass, when they are opened.

Christmas for me, therefore, means a number of things—the entire family being together, a feeling of thanksgiving for all that God has given us, and that almost contagious spirit of Christmas.

But regardless of what else it might be, "Christmas is Christ," and this year more than ever, it will be celebrated as such. The whole world has so much to be thankful for. This Christmas we have peace—"peace on earth, good will toward men." I like to think that the latter is exemplified in the attendance of both Catholics and Protestants at midnight mass. To me, the gathering of these people under one roof for one purpose only, to pay homage to Christ, is a very wonderful thing. Surely, if good will ever reigns here on earth, it is on Christmas Eve. God grant that it will be thus 'til the end of time.

Christmas
By Thomas F. Smith
A mother sits down with a small boy intent on telling him the story of Christmas. Near them by the window is a fine green Christmas tree, laden with presents for all. On one side of the room is a huge fireplace with a cozy crackling fire in it. There is no light in the room except for the lights on the Christmas tree and the dancing firelight playing tag on the wall.

The master of the house is out, for

he had to work at the office, but he will be home shortly. The boy snuggles up to his mother's warm bosom and listens intently. His mother begins, "Now I will tell you about the first Christmas. In a small town by the name of Bethlehem there lay a new-born babe, born of the Virgin Mary. The new-born babe lay in a manger, for there was no other place for it to sleep. Not far away there were some shepherds watching their sheep. A few angels came and told them there was a king of the Jews born in a manger in Bethlehem. So the herders traveled to Bethlehem to see him. Some wise men came to see Christ, laden with presents, sent by the King."

At this point the small boy interrupted, "How do they celebrate Christmas in other countries?" His mother looked at him and then at her watch and replied, "It is bedtime but

I will tell you the story of how they celebrate Christmas. That is, until your father comes home. Let's say you and I take a journey around the world. In England crowds gather on Christmas Eve in large, magnificent cathedrals to celebrate by singing cherished carols and hymns. In provincial France the children make small mangers and then stand around (the manger) singing songs and saying prayers. In Belgium on Christmas Eve they leave their shoes out, much as we hang up our stockings, but they put in carrots and tidbits for the reindeer of St. Nicholas. In Norway the birds have their own Christmas. On Christmas morning sheaves of wheat or other grain are tied to trees or poles for the winter birds to eat. In Czechoslovakia, after Christmas Eve supper, the ringing of bells calls the church members. The members carry torches and lanterns

through the snow to midnight mass. In Yugoslavia the mother and children scatter straw on the floor to make it presentable as a manger. The mother now glances at her young child only to find him asleep. The father now arrives and carries his son to bed.

Miss Arlene Satterthwaite left Christmas night for Port Richey, Florida to spend some time with her uncle and aunt, Mr. and Mrs. M. L. Bailey, at their hotel, the Bay Lee Inn.

The sixteen buildings at the New-Kirk Scout camp near Dexter are fully used during the summer months, but a report from the Camp committee of the Washtenaw-Livingston Boy Scout Council shows that more Scouts use the camp facilities during September to June than through the summer months. A troop may file an application for the free use of one or more cabins at the Scout camp—using such facilities as often as they wish—up to the limit of the camp—throughout the fall, winter and spring months.

An adult leader must accompany each group. Stoves, cots, mattresses, etc. are furnished to make camp a comfortable place.

"Glorious the year that for you waits,
Beyond tomorrow's mystic gates"

... a year relieved of the tensions and worries that have marked the past few twelve months ... a year in which you will know again the unfettered freedom and the "will to do" of the good old days—that is our wish for you as we are about to enter 1946. May it be, indeed, a glorious year for you.

Babson's Forecast

(Continued from page one)

to increase during 1946, but I expect no War Bond Drives.

15. Whatever is done about taxes, the cost of living will continue to rise during 1946 due largely to increased wages.

16. Providing jobs for returning soldiers at satisfactory wages will be the big political task of 1946. There will be jobs for all, but not at the wages desired.

Retail Sales

17. The volume of retail sales will be about the same as in 1945. Sales of ladies' apparel and general luxuries will suffer, but many items now unavailable will be purchased.

18. The total dollar retail sales should exceed 1945 with an increased demand for woolen and cotton textiles.

19. There will be a great demand for men's clothing and especially for shirts with honest standard length "tails."

20. Wise shoppers will buy only

what they need and not grab to stock up unnecessary supplies.

Foreign Trade

21. The United States will own over 50 per cent of the world's shipping in 1946.

22. We will make England and some other countries—loans provided they will agree to spend a fair portion of the money in the United States.

23. Both the British Empire and Russia will keenly compete for foreign trade during 1946, but cartels and government monopolies will be frowned upon.

24. Russia, Germany and England may try to "gang up" against the United States but we will fearlessly oppose such actions if they occur.

Labor

25. The Little Steel Formula will be forgotten during 1946. The year will be noted for strikes and labor troubles.

26. Industrial employment during 1946 will be off both in hours and in pay rolls, labor leaders' efforts notwithstanding.

27. Many industries, now operating

on a forty-eight-hour week, will return to a forty or forty-five-hour week during 1946.

28. Hourly wage rates will increase, but "take-home" income will be less. Labor will demand better management and closer labor-management relations.

Inflation

29. The Inflation Era which I have been forecasting for several years will be very evident in 1946. The purchasing power of the dollar will continue to decline.

30. Both wage and price controls will gradually be removed during 1946 until the government throws up its hands and lets nature take its course.

31. Some time after 1946, production will catch up with consumption, people will have spent their money and then there will be a surplus of goods. By 1950 there may be much unemployment. Then may come the severest inflation by Congress attempting to check the decline by printing currency. But this is something we need not worry about for two or three years.

32. If Stalin's health continues good, he will be the world's most powerful man in 1946 and may be a factor in determining world prices as well as production. The markets may even witness a "communist scare" during 1946, but they should recover soon thereafter.

Stock Market

33. The rails will decline some time during 1946. Certain airplane manufacturing, shipbuilding and other war stocks may decline; but the Dow-Jones Industrial Averages will reach higher figures some time during 1946 than at present.

34. The safest stocks to buy—considering value, income and safety—will continue to be the merchandising stocks, especially chain store stocks.

35. 1945 saw a large increase in the demand for inflation stocks with a lesser demand for non-inflation stocks; but 1946 should witness both groups moving more or less together. Switching has been over-done in many cases.

36. Stock markets will continue to witness creeping general inflation, although the stock market as a whole may appear to have reached its peak before December 31, 1945.

Bonds

37. Although bank loaning rates should have an upward tendency, interest rates in general will remain low through 1946. The money supply is now 25 per cent above normal and government financing demands continued low rates.

38. Anticipating the expected decline in Federal taxes, 1946 should see a falling off in the price of most municipal and probably other tax-exempt bonds.

39. The high-grade corporation bonds may hold steady but sooner or later decline considerably. Whether this will start in 1946 I do not know. Investors will give more attention to diversification and staggering maturities during 1946.

40. More public utilities will be taken over by Municipalities and "Authorities" during 1946. Wise investors will consider this possibility when selecting public utility bonds. Some stocks such as "Eastern Utilities Associates. Convertible. Shares," in which I am personally interested, should be held by public ownership.

Real Estate

41. Suburban real estate will be in much greater demand with higher prices during 1946.

42. City real estate should hold its own, excepting in the former congested war production areas where declines may set in.

43. Small productive farms will continue to increase in price; but large commercial farms may sell for less in 1946 than in 1945.

44. Building will show a considerable increase. Contracts will be up with advancing prices due to scarcity of lumber, cement, bricks and labor.

45. Office and residential rents during 1946 may be expected to increase.

46. 1946 may see the beginning of a real building boom. The pessimists will make little money in 1946.

47. Politics and Postwar Peace

48. President Truman may lose control of Congress, but he will try to take a middle-of-the-road position. I believe that all wise Republicans and Democrats should support his efforts.

49. Our foreign headaches will become worse and more frequent during 1946. What we are going through to reorganize Germany will be repeated in other countries.

50. The Latin American honeymoon has passed its peak. The attitude of Argentina will extend to other countries. Our South American troubles will increase during 1946.

51. 1946 will see more religious interest, including more church-going, than did 1945. People gradually are realizing that without a Spiritual Awakening no peace or other plans will be much good. Nations cannot be depended upon to cooperate and stick to their agreements unless they recognize God as their real Ruler and Guide.

WEDDINGS

Knickerbocker-Collins

Before an altar attractively flanked on either side by candelabra and baskets of Christmas greens, white bells, chrysanthemums and red poinsettias, Miss Dorothy Knickerbocker, daughter of Mr. and Mrs. M. L. Knickerbocker, was united in marriage with Max R. Collins, son of Mr. and Mrs. C. H. Collins of Grass Lake, by the Rev. Barney D. Roosevelt of Walled Lake, assisted by the Rev. Everett Major, in the Methodist church at 8 p.m. on Saturday, December 22.

Mrs. Fred Hall, organist, played "An Indian Reverie," by Francisco B. DeLeon, and "In Thoughtful Mood," by Leslie Toth, following which a solo, "Because," was beautifully rendered by Paul Niehaus. Then to the strains of Lohengrin's Wedding March the bridal party met at the altar where the bride was given in marriage by her father.

The bride wore a gown of white French lace with a fingertip veil of lace edged net, held in place by two clusters of orange blossoms. She carried a bouquet of white roses.

She was attended by her sister-in-law, Mrs. Harvey Knickerbocker, as matron of honor, who was attired in a gown of pink taffeta and net. Her bouquet was of Hill roses.

Bridesmaids, Miss Thelma Irey and Miss Shirley Gorman of Detroit, wore gowns of cerise and peacock blue taffeta and carried tulleman roses.

Harvey Knickerbocker, Chief Radioman, USN, brother of the bride, served as best man, while Ray and Clare, also brothers of the bride, seated the guests.

Following the ceremony the bridal party and the parents of the bride and groom formed a receiving line, following which the guests were given an opportunity to visit and to admire the gifts attractively displayed on several tables.

The bride and groom then led the guests to the tea table which was centered by a beautiful four-tiered wedding cake, where they were served refreshments. After the bride had cut the first piece, Lee Johnston of Battle Creek cut the wedding cake for the guests. Mrs. Richard Heidt of De-

troit and Mrs. D. L. Rogers poured.

The bride then threw her bouquet, which was caught by Miss Shirley Gorman of Detroit.

The bridal couple left for a wedding trip to the Smoky Mountains and other points in the South. The bride chose for her going-away outfit a dress of gray print crepe with gold accessories. Her corsage was white gardenias.

Out of town guests were present from Detroit, Flint, Battle Creek, Grass Lake, Manchester, Leslie, Clinton and Philadelphia, Penna.

Barber-Boettger

Martha Louise Barber, daughter of Rev. and Mrs. Raymond W. Barber of Hollander avenue, Dearborn, was married Sunday afternoon at 4:00, December 16, to William Benbow Boettger in a simple chancel service at Bushnell Congregational church, Detroit. The groom is the only son of Mr. and Mrs. William Boettger of Kalamazoo.

The rites were read by the Rev. Roger Eddy Treat, D.D., the minister of the Bushnell church, before a group of some forty relatives and friends.

The bride wore a wedding dress of Spanish style rose-beige lace trimmed with gold sequins. In place of a veil she wore as a headress a lace mantilla fastened by two gold flowers. The bridal bouquet was of golden tea roses.

Mrs. Edith Garcia of San Juan, Puerto Rico, accompanied her sister as matron-of-honor. Her gown was of white jersey banded with wine velvet. The bridesmaid was Mrs. Dorothea Bramen of Dearborn, who wore an aquamarine gown of taffeta and net. Both carried white mums.

The bride's mother was attired in gun-metal satin. Her hat was white wine felt plumed in flamingo pink.

The mother of the groom wore black chiffon edged with flesh marquisette. Both wore corsages of red and white carnations and roses.

The groom was attended by Wilbur Bollinger of Dearborn. The ushers were the bride's brother, Ray Barber of Holly, and her cousin, Dale Prochazka, of Royal Oak. Mr. Boettger is employed in the engineering department of the Terwest Corporation.

After the service, a reception was tendered the guests at the home of the bride's sister, Mrs. Catherine Bollinger, 626 No. Melborn, Dearborn. The

table was centered with a multiple-tiered wedding cake and held an arrangement of white mums and candelas. The home was decorated in the Christmas theme.

Following a two week's honeymoon in western Michigan, the couple will make their home at 26009 McDonald, Dearborn Township.

The bride's parents entertained the entire wedding party at dinner at their home on Saturday evening, at which time Wilbur Bollinger presented the toast to the bride and groom.

Diltz-Czapla

In a twilight double ring ceremony, Evelyn Faye Diltz, daughter of Mr. and Mrs. S. N. Diltz, sr., Sweetwater, Texas, became the bride of First Lt. Eugene L. Czapla, son of Mr. and Mrs. Joseph Czapla of Sylvan township. The wedding was held November 11 at the First Presbyterian church in Sweetwater.

The bride wore a white wool street dress with brown accessories and an orchid corsage. There were two attendants and the bride was given in marriage by Capt. Ziegler.

Mrs. Czapla is a graduate of Newman high school and for the past two years has been employed with the United States Gypsum Company.

Lt. Czapla attended Jackson Junior College where he was prominent in athletics. Before entering the army he was a draftsman. He served as a P-51 Mustang pilot in the European Theatre and was formerly stationed at Avenger Field.

Following the nuptials an informal reception was held for close friends at the bride's home.

GREETINGS

Pack up your troubles in your old kit bag and board the magic carpet for the Land of Better Days.

There are 365 of them "in the bag" for you in 1946—if we have our way about it—and every day will be better than the one preceding.

A thousand thanks for past favors—and HAPPY NEW YEAR TO YOU!

LEWIS BERNATH

A LESSON FROM THE MULE

He's mighty useful, the mule. Feed him right and he'll pull all day, no matter how heavy the load or how tough the going.

But the feeding is important. If he gets too little, day after day, he grows weak. So when you buy a mule, you're more interested in how much he can pull than in how little you can feed him.

Your Telephone Company pulls a heavy load, too, and for the past three war years the going has been tough. Handling more business than ever before, Michigan Bell has had its largest gross income. But wages, taxes, and other costs have gone up even faster, so net earnings are far below the pre-war rate—far below the earnings of other industries.

It's like underfeeding the mule. If earnings are not sufficient, the Company's ability to pull the load becomes weakened.

Michigan Bell customers want good service. The telephone bill is so small an item in their regular expenditures that customers want really good service even though it might cost a trifle more than they would need to pay for inferior service.

To give you the kind of service you want in the future, when and where you want it, Michigan Bell is undertaking a 5-year \$120,000,000 post-war program of expansion and improvement. Money to finance that program must come from the savings of people who want to make a sound investment. But if prospects for future Telephone Company earnings are unattractive compared with those of other companies, they won't supply the money we will need. They'll place their savings elsewhere.

Too long a continuation of a rate of earnings substantially below that of other industries would weaken our ability to raise the money required to meet expected telephone needs. So the future quality of your telephone service depends on telephone rates sufficient to produce earnings attractive to investors.

**Income Tax Filing Is
Same As Last Year**

Many inquiries as to the deadline for filing either the estimate or final return for the federal income tax are being received by the farm management department at Michigan State college.

Arthur H. Haist, tax specialist in the department, points out that regulations are the same this year as last. Either an estimate of the final return must be made by January 15, 1946. If the final return can be made before that date, the estimate is not necessary. If an estimate is turned in before January 15, then the final return is necessary on or before March 15.

However, the farmer who has been using a 12-month period other than the calendar year as the basis for paying his income tax may file his estimate 15 days after the close of his accounting year.

The full amount of the tax must always accompany the final return.

Loan Program Started For Extension Groups

A new loan program for home extension groups and other organizations in the state is now being offered by the home economics extension department at Michigan State college. The loan program topics deal with information in home economics or related fields. The material is in addition to that presented by specialists at training schools held in the counties four times yearly, explains Miss Rachel Markwell, state home demonstration leader. Loan programs may be presented in talks by a leader or member of the club, or by panel or club discussion. Instruction sheets for the program leader are included. The programs may be secured by writing to the Home Economics Extension Office, Michigan State College, East Lansing. First and second choices should be given as well as name or organization, number of members, date of meeting, and name of person to whom the material should be sent. Requests should be made a month before the meeting date to allow time for preparation. Topics available are: Using less sugar in cooking, morale in the home, family relations—the foundation of human relations, your rural community, youth looks to your community, economic adjustments of the rural family, house plants—use and culture, indications of illness, preparation of equipment for the sickroom, democracy at work, democracy as a way of life, the citizen in a democracy.

NEW YEAR 1946 will put on his show at the midnight hour, as always in the past. As the show-boat disappears round the bend in the river and we get back into the old routine we hope for you that there was more to it than the fleeting joys of the New Year holiday, that "something has been added"—something of permanent stature—and that 1946 will really make a big difference to you.
