Memorial Day Exercises To Be Held On Thursday

Memorial Day exercises will be held at the public school gymnasium on Thursday, May 23, at 10 o'clock.

The American Legion, Veterans of Foreign Wars, Veterans of World War I, Boy Scouts, Girl Scouts and the High School Band will assemble in front of Moore's Restaurant at 9 o'clock. These groups will march to the gymnasium under the leadership of John O'Hara, Officer of the Day.

The following program has been arranged by the Herbert J. McKune Post 81, American Legion, and the Veterans of Foreign Wars, Post 4076:

Star Spangled Banner—Entire Assembly.

Invocation—Rev. E. R. Major.

Remarks—Paul Prager, Commander Post 4076, V.F.W. (Introduced by Grant Schooley, Commander Herbert J. McKune Post 81, American Legion).

Piano Solo—Valse Arabesque (Lack)—Shirley Kolb.

Lincoln's Gettysburg Address—Robert Burton.

In Flanders Fields—Corky Dreyer.

Response—James Weber.

Vocal Solo—George Atkinson.

Address—Ralph Keyes, Attorney of Ann Arbor.

Selection—High School Band.

Benediction—Rev. W. H. Skettelbury.

Following the program, a parade will be formed of the High School Band, American Legion, Veterans of Foreign Wars, Veterans of World War I, American Legion Auxiliary, V.F.W. Auxiliary, Women's Relief Corps, Boy Scouts, Girl Scouts and school children.

The American Legion and V.F.W. especially invite all service men to join in the parade to the cemetery for the following ceremonies:

Decorations of Graves—Legion and V.F.W.

Prayer—Rev. Lee Laige.

Pays—Irvin Slane and Tom Smith.

Return to Main street for disbanding.

Transportation to and from the cemetery will be furnished to members of the Auxiliaries and the Relief Corps.

With Our Men In Service

Edmund K. Miller, Jr., son of Mr. and Mrs. Ed. Miller, entered the service of the U. S. Coast Guard on September 2, 1942, and received his honorable discharge at the Naval Academy, Annapolis, Md., April 17, 1946. "Eddy" served in both the Atlantic and Pacific theaters of war.

Year-End Activities At School Are Announced

As the school year draws to an end the Senior class of activities grows very crowded. At present the Senior activities are as follows:

May 22-23—Senior Cruise.

May 31—Junior-Senior Reception.

June 2—Baccalaureate.

June 6—Class Night.

June 6—Commencement.

Complete accounts of each of these activities may be found in future issues of The Chelsea Standard.

Senior Cruise

Armed with everything conceivable for the way of luggage the Chelsea Seniors will board the Detroit-bound bus on Sunday, May 26 and start the first lap of their Senior Cruise.

Promptly at 3:00 p.m. they will be found aboard ship and leaving Detroit for behind. Arriving at Mackinac Island, the next morning about 8:00, the passengers may explore the historic little island until noon, when they will again board ship and head for Charlevoix, reaching there about 3:00 p.m. and leaving about 6:00.

On Tuesday morning, Sault Ste. Marie comes into view and a two-hour stop is made. Later in the afternoon the boat passes through the famous Locks and after cruising around in St. Mary's River for a time they will pass back down through the Locks, Sault Ste. Marie, and return to Detroit.

That night, however, is a gala affair for all aboard, with dancing and a special amateur program planned.

Wednesday, May 29, at 1:00 p.m. will find the Seniors back in Detroit with their Cruise at an end.

The Senior class is very happy to have as their chaperons, Mr. and Mrs. Kent Walworth.

Oliver Chapter 140, RAM

Host To Grand Officers

At a special convocation held Friday evening, May 17, Oliver Chapter No. 140 acted as hosts to the M. E. Grand High Priest of the Grand Chapter of Royal Arch Masons of Michigan, J. Fairbairn Smith, and his staff of officers.

After dinner, served in the temple dining room by the ladies of the Eastern Star, Donald J. Dancer, H.P., presiding as master of ceremonies, presided over the Grand High Priest Smith, who, after introducing his officers, presented the Grand High Priests present, gave a very appropriate talk, presented Life Membership Certificates to the following companions of Oliver Chapter: L. R. Freeman, R. B. Walworth, G. J. Walworth, P. L. Steger, E. R. Dancer and B. B. Turnbull.

Following the dinner and program, the companions assembled in the Chapter Room and witnessed the conferring of the Holy Royal Arch Degree by the officers of the Grand Chapter with J. Fairbairn Smith presiding as High Priest.

The Grand Chapter officers present were: J. Fairbairn Smith of Detroit; Geo. H. Morgan, Hillsdale; John H. Chalmers, Grand Haven; Guy A. Birge, P.G.H.P., Detroit; Fred W. Moore, Flint; Vernon E. Nelson, Kalamazoo; Paul P. Belser, Chelsea; Donald H. Webb, Lansing; Orrin G. Bickford, P.G.H.P., Ferndale; Walter E. Zimmer, P.G.H.P., Mason; Charles G. Williamson, P.G.H.P., Trenton.

Chelsea Hardball Team Wins From Dexter, 7-3

Chelsea's hardball team, sponsored by the American Legion and managed by Dexter, 7-3 in a game at Dexter on Sunday.

This hardball team, with all new uniforms and an old manager, Ed Miller, expects to give Chelsea some good ball games this summer. They are trying to form a county league but if no league is formed they will bring teams in from Jackson, Ann Arbor and Detroit, in addition to teams from surrounding towns.

The next game will be with Dexter, and will be played at the Chelsea athletic field next Sunday, May 26, at 2:30. Mr. Miller urges all to come out and support this team, and he also states that he would like for more hardball players to come out and try to make this team.

CHILD INJURED BY CAR

Jay Thompson, four-year-old son of Mr. and Mrs. Howard Thompson, Park street, was injured last Friday morning when he ran out into the street from behind a parked car and was run over by Donald Barth of Lima.

Jay suffered from cuts and bruises about the face, especially the mouth, and was taken to St. Joseph's Mercy hospital, Ann Arbor, for X-rays after receiving aid by a local physician.

X-rays showed that there were no serious injuries and the child returned to his home.

Alcoholics Anonymous Aid Those Who Seek It

"We too, did some social drinking. Then the day arrived when liquor was no longer a social lubricant but an absolute necessity. We who were then possessed with shakes, cold sweats and litters flocked together and did a fine job of drying up."

Alcoholics Anonymous.

It is possible that some readers may get the idea that Alcoholics Anonymous has some mysterious "cure" for alcoholism. In answer to that thought one member says "We haven't, because alcoholism is a physical inability to control liquor. There is no more cure for this than there is for any other incurable disease."

"We are a voluntary group of alcoholics, people who couldn't handle liquor nor stay away from it, who have joined together to help ourselves and other people who need help. We have a program. If it is rigidly followed, relief from alcoholism is effected to the extent that sobriety is achieved and kept."

In a public address one member said, "The program is designed to bring about a personality change through the realization of a spiritual experience, and thus to motivate the development of a new philosophy for creative living to support and take the place of the alcoholics' hopeless and disastrous lifelong attempt to gain achievement and find solace through alcoholic phantasy."

The "spiritual experience" idea might cause some alcoholics to rebel against the program. However, if it only results in a person being a better citizen, honest with himself and others, that can be spiritual experience enough to start on.

Alcoholics Anonymous does not claim that every person who joins the group will remain sober. But it does claim that every member who follows the program will get what he is after: the essentials for a new member is willingness, honesty and openmindedness. It is curious and interesting to note that faith comes to those who try this simple approach—and in the meantime they stay sober.

Many alcoholics capable of honestly facing a problem—their habit of drinking—provided he does not close his mind to spiritual concepts. He can only be defeated by an attitude of intolerance or belligerent denial. The new member gradually realizes that he has undergone a profound alteration in his reaction to life; that such a change could hardly have been brought about by himself alone.

A member of Alcoholics Anonymous Group Two of Ann Arbor says: "There are no social standards set up as a qualification for membership in the group. The business man, the college graduate, the salesman and the man perhaps just out of jail on probation all meet on one level. They are all alcoholics. They are seeking one thing—sobriety. The good fellowship at the weekly meeting of the group is genuine. The eagerness to be present at every meeting and the happiness that radiates as they leave for their homes proves that statement to be true."

If you have an alcoholic problem and want assistance write to Post Office Box 47, Ann Arbor, Mich. Letters will be held confidential. Inquiries of general interest, if mailed to Alcoholics Anonymous, in care of this paper, will be answered in this column.

V.F.W. To Sell Poppies On Saturday, May 25

Buddy Poppies will be sold for the first time by the V.F.W. on the streets of Chelsea on Saturday, May 25.

Buddy Poppies are made by the disabled veterans in government hospitals.

The sale of poppies will be conducted by the Ladies Auxiliary of the V.F.W., with headquarters at the Library, Mrs. Wm. Weber, Mrs. Albert Sibbing, and Mrs. Iza Carter will be in charge.

Buy a Buddy Poppy and let the world know that you, too, are grateful for the sacrifices that millions of Americans made for the protection of our democracy.

The proceeds will help meet the needs of the new generation of soldiers, sailors and marines who defended the cause of freedom under the American flag.

"The Slogan—'Dollars Not Dimes.'"

ADDRESSES BUSINESS MEN

Karl Karasian, Vice-President, Treasurer of Ann Arbor addressed the Chelsea Business Men's Association at their monthly meeting held Tuesday night in the Municipal Building. Mr. Karasian explained in detail the apprenticeship and on-the-job training programs for veterans and urged the business men to participate in this government-sponsored aid to the returning service men.

ALUMNI BANQUET CANCELLED

The Alumni Banquet for 1946 has been cancelled due to the serious food shortage at the present time and the uncertain conditions which now exist. Hopes are high for an Alumni Banquet to be held in 1947.

PAPER EARLY NEXT WEEK

Because of the Memorial Day holiday next Thursday, The Standard will be published on Tuesday for Wednesday delivery. News items and advertising copy must be in our office one day earlier than usual.

Rev. Harry W. Long of Detroit spent Friday and Saturday visiting friends in Chelsea, and on Sunday delivered the sermon at St. Paul's Evangelical church.

DEATHS

Earl L. Foster

Earl L. Foster, 55 years old, died
suddenly of a heart attack on Mon-
day, May 18 at his home, 1136 Colling-
wood Ave., Detroit.

Mr. Foster was born in Chelsea on
April 4, 1880, the son of George and
Alice Purchase Foster. For many
years he served as railway mail clerk
between Detroit and Chicago, retiring
about two years ago. He was a life
member of Olive Lodge 156, F.&A.M.
of Chelsea.

He is survived by his wife, who was
formerly Jessie DeRitt; two sons, Al-
bert E. and Kenneth; two grandsons
and a granddaughter, all of Detroit;
and two brothers, Leland of Detroit
and Harry of Chelsea.

Funeral services were held at 1:30
on Thursday afternoon at Dill-Broth-
ers chapel, and burial was in Detroit.

Wagner Is Re-Elected Scout Council President

At the semi-annual Council meeting
and election of the Washtenaw-Liv-
ington Boy Scout Council held at St.
Paul's church in Chelsea on Tuesday
evening, May 14, Herbert P. Wagner
was re-elected as president of the
Boy Scout Council. Chosen as vice-
presidents were Alvin Gross of Sa-
line, Paul F. Niehaus of Chelsea, Rob-
ert Parks of Howell, and Arthur Niss-
ly of Ypsilanti; Glenn Grossbeck was
chosen Council treasurer, and
Fielding H. Vost as commissioner.

Nominated as members of the Na-
tional Council were Ira M. Smith, John
Page, Paul Uber and Ernest Chapelle.

These officers are elected for the year
from September 1, 1946 to September
1, 1947.

Features of the evening program
were a talk by Kenneth Hallenbeck,
commissioner of the Middle District of
the Boy Scout Council and an illus-
trated talk by Daniel Ling, chairman
of the Training committee on the
topic, "The Fundamentals of Scout-
ing."

Towns Receive Share of 1st Quarter Weight Tax

Washtenaw County Road Commis-
sion at its weekly meeting Friday
vouchered to the cities and villages
their share, according to law, of the
first quarter weight (license plate)
tax. The State Highway Commis-
sioner had previously vouchered to
the county treasurer a check for
\$318,263.14.

Fifty per cent of the above sum is
earmarked for county road purposes,
seven-eighths in proportion to the
amount collected in the county for li-
cense plates and one eighty-third of
the remaining one-eighth to each
county. This latter division of the
fund has been the salvation of the
many small population counties. All
of this fund must be used for highway

purposes under the jurisdiction of the
county road commission subject to the
approval of the board of supervisors.

The second fifty per cent is appor-
tioned between cities and villages and
the county on a population basis. The
last regular Federal census of 1940
gave cities and villages of Washtenaw
county 49,263 persons for 60.96 per
cent and the rural population 31,647
persons or 39.04 per cent.

Of the total city and village popu-
lation Ann Arbor had 60,522 per cent
and received \$58,712.27; Ypsilanti,
24,605 per cent, \$23,869.28; Chelsea
village 4,559 per cent, \$4,422.68; Dex-
ter village 2,206 per cent, \$2,140.03;
Manchester village, 2,233 per cent,
\$2,166.23; Milan village, 3,884 per
cent, \$3,782.31; Saline city, 2,491 per
cent, \$2,445.51.

Cities and villages are required by
statute to expend such sums received
in a specific order of priority:

(a) Its share of state trunkline
maintenance costs.

(b) Payment of obligations on high-
way projects undertaken jointly with
the state highway commission.

(c) Payment of bonds issued or in-
curred for widening, opening or im-
proving of any street or for bridge or
grade separations.

(d) Refunding to taxpayers with-
out interest, of any special assess-
ments for cost of improving a state
trunkline within the city or village.

(e) Improvement, repair or main-
tenance of streets and highways or
construction and maintenance of
bridges or grade separations, or gen-
eral street or highway purposes.

Softball News

By Doc Alber
The Chelsea Softball League was off to a first-class start last Monday as all eight teams went into action. One saw Cassidy and Gulf Gas open the season; Tuesday, Fibre took on the V.F.W.; Wednesday, Bowser and Spring; and tonight, Federal Screw and Glick's wind up round one. The teams entered this year, with their managers, are as follows: Cassidy, H. Prin; Gulf Gas, Don Alber; Fibre, R. Houle; V.F.W., D. Houle; Bowser, H. Bergman; Spring, D. Petrolit; Federal, A. Mshar; Glick's, P. Sharrard. With all the teams carrying strong

lineups it will be a battle right down to the finish. All games will be played at 8:30 until the lights can be obtained—that being the week of June 10, when the games will start at 8:30. Each team will play 14 games, with the season ending August 8. The playoffs will start the week of August 12 with the four top teams. Here is the schedule for the coming week of May 28:
May 27—Cassidy vs. Fibre.
May 28—V.F.W. vs. Bowser.
May 29—Spring vs. Federal.
May 31—Glick's vs. Gulf Gas.

Mrs. Pauline Watkins of Detroit spent the week-end with Mrs. Lyle Hasselwerdt at Cavanaugh Lake.

FBI Law Enforcement Conferences To Be Held

As has been the custom for the past six years, a new series of FBI Law Enforcement Conferences will be held with the police and sheriffs in the state of Michigan beginning May 20, through May 27. The conference for this district will be held at the County Auditorium in Jackson on May 27 at 7:30 p.m.

At this series of meetings a scene on testifying in court, one of the most important phases of a police officer's duties, will be presented by practical demonstration. Obviously, it is essential that the results of an investigation be properly, accurately and without bias, presented to a court and jury and it is believed that an actual demonstration of such a matter will be both interesting and instructive. In addition, it is planned to have a talk on the practical phases of juvenile control, with particular emphasis being placed on the police officer's direct contact with this problem. The discussion will be from a practical point of view. This definitely is a very serious item when one considers that the police officer frequently is the first person to meet the juvenile who has become a delinquent.

Buy a Buddy Poppy

National Buddy Poppy Girl, chosen by the Veterans of Foreign Wars, is Eleanor Parker, Cedarville, Ohio, now a Hollywood screen star.

All the Buddy Poppies are made by disabled veterans and proceeds of their sale go to welfare and relief work including an allotment to the Veterans of Foreign Wars national home for widows and orphans of ex-servicemen.

With thousands of wounded veterans from World War II added to the benefit lists of the VFW, the need has been greatly increased and special efforts will be made this year to extend the sale of Buddy Poppies.

Lake called at the Raymond Stoker home Sunday.

Guy Baldwin, Helen Baldwin and Kenneth called at the D. Wayne Wild home Sunday evening.

Mr. and Mrs. Dan Brooks and Mary Carol spent Saturday at the William Brooks home.

Mr. and Mrs. Bob Cain and Mr. and Mrs. Joe Murphy of Detroit were Sunday visitors at the Ardell Lantis home.

White House Accidents

Two presidents lost the sight of an eye in the White House, Theodore Roosevelt, in a boxing contest, and Woodrow Wilson, by a retinal hemorrhage.

Don't Feed Your Flour To Weevils, Says Agent

Flour eaten by weevils will feed no starving children, says Frances E. Wilson, Home Demonstration Agent of Washtenaw county. She advises you to watch your flour and keep away the "bugs."

As soon as news got around that flour might be a little different, some persons couldn't resist the temptation to stock-up. Judging from grocery sales reports, some apparently bought more than they can possibly use before it spoils.

Any flour is the natural food for weevils. It may become infested in hot weather or if kept in a warm kitchen. Keeping flour in a refrigerator isn't the answer either, because it will take up too much moisture there.

Darker flours contain more of the germ. The germ is fat, and will become rancid if the flour is kept in a warm place.

For warm months, observe these rules in the care of all flour and cereals. First, buy as you go; second, keep it dry and cool.

"Feed humans, not bugs," advises Miss Wilson.

Youth Workers Ready To Assist In Farm Work

A select group of youth workers is standing ready to assist Michigan farmers this summer, according to Doris G. Shimkus, supervisor of Victory Farm Volunteers at Michigan State college.

Mrs. Shimkus emphasized that very few veterans and industrial workers are returning to farm jobs. The able corps of Victory Farm Volunteers will be one of the best sources of steady farm help during the summer months. They will range from 14 to 18 years of age. Older than the group available in former years, many of the VFW's now have three or four years of farm experience behind them.

To acquire the services of a youth helper, farmers are urged to make the necessary contacts now before the supply of Victory Farm Volunteers is depleted. Those who have employed capable youth workers in the past are advised to contact their former helpers for re-employment. Others wishing to ease their labor situation by hiring a trained Victory Farm Volunteer may contact their county agricultural agent or the emergency farm labor office in their community.

Hang Squarely

Hang coats squarely on broad wooden hangers of the wishbone shape made for men's suits. When a coat must hang on a chair, take time to pull shoulders into shape over chair corners. If a coat must hang on a hook, hang it by the loop at the back of the neck.

DEATHS

A. Edward Wilson

A. Edward Wilson was born in England in 1864. His parents came to the United States when he was nine months old, and settled in Hudson, Ohio. He got his education at the Western Reserve Academy at Hudson. His parents moved to Euclid, Ohio, but he stayed with his brother Charles at Twinsburg, where he entered business as a building contractor and building inspector for Fulton and Taylor, architects of schools. He married Belle Hageman Garrard on July 16, 1913. From Twinsburg they went to Euclid to take care of his mother. In 1933 they moved to Chelsea, then back to Mentor, Ohio in 1943, where he passed away on May 15, 1946. He is survived by the widow; one daughter, Mrs. Walter Drake, and one grandson, Roger, of Cleveland.

For this Year's Vacation

Anywhere in the Nation
PLAN AHEAD!

with Greyhound

You've waited a long time for this first peacetime summer—now there's every reason you can have that perfect vacation you've dreamed about. Playspots, summer resorts and hotels will be at their best, and Greyhound has increased its service to an all-time peak—with special Express buses, more frequent schedules, other improvements. But millions of others have been waiting and dreaming too—so plan ahead.

Check with the Greyhound agent on the best time to go—he may recommend a certain time of day...or a mid-week departure. Perhaps you'll find it best to arrange your trip after the summer rush—when Autumn highways are at their colorful best. Certainly you'll want confirmed reservations where you're stopping overnight.

Wherever you go—go Greyhound, for convenience, for comfort, for dollar-saving economy. Whatever you do—plan ahead.

Mother and Daughter Banquet Held Thursday

The American Legion Auxiliary held a Mother and Daughter banquet on

The Hi-Light

Edited by the Journalism Club of the Chelsea Public School

CO-EDITORS

Jack Merkel and Junior Niehaus

OFFICE NEWS

The calendar of events for the remainder of the school year is as follows:

May 26-29—Senior trip.

May 30—Decorations Day; school closed.

May 31 (p.m.), June 3 and 4—Final examinations for Junior and Senior high school.

June 5—Class Night.

June 6—High school picnic and Commencement exercises.

June 7—Report cards handed out in morning. School officially closed.

June 8—Alumni Banquet.

REMEMBER WHEN

Ted McClear made his debut in 8th hour study hall.

Those flashy number 10's paraded onto the football field? Or were they size 12 Jack?

The teachers were in a good mood? (long time, no see).

Mr. Chenoweth entered the social

circle like a lion and went out like a lamb?

A certain Junior boy still had his long black curly hair? The brush-cut sure took a load off your mind, didn't it, Merkel?

That Hi-Y discussion caused so much concern? What was the topic, Bob? "Going steady?"

The shocking news was spread through the school that one of the Junior class' most dashing romances had finally settled down? (How could you think of breaking so many hearts, El-Dean?)

CHORUS ALL-HI

Friday night was the occasion for the Chorus All-Hi party, one of the best-attended parties of the year. It seemed that nearly the entire high school population was having a wonderful time. The gym was elegantly decorated with music notes of black.

The entertainment consisted of a "truth and consequences" game on the stage. Most of the contestants took the consequences. The best part of the evening came when the long-awaited refreshments were ready. The

chocolate cup cakes were smooth, and milk furnished a new type of beverage.

Everyone came in their best bib and tucker, especially all the gruesome twosomes sailing by. Because this was the last All-Hi party for this year, everyone was in gala mood and there was a special air to the party. But why must I ask you, do all the boys stand around in the corners and talk? After all, a party is hardly the place to talk about the weather to your pal, Joe—and I thought it was Spring!

CLASS NEWS

The Freshmen held a class meeting last Wednesday after school. They decided that everyone would take his own lunch to the school picnic.

The Sophomores have ordered their rings from the Balfour Company in Toledo. They are supposed to get them next fall.

All of the Juniors are busy making decorations, receiving acceptances, and completing the plans for the Junior-Senior Reception.

THE MAGIC PIPER OPERETTA

On May 15, the fourth, fifth and sixth grades presented to the citizens of Chelsea the operetta, "The Magic Piper." It was a success. The children did very well and the band playing between acts, was an added attraction.

Here is a synopsis of the operetta:

Act One: Hamelin City Square (Morning).

Act Two: Inside the Mountain (Afternoon).

Act Three: Hamelin City Square (The following day).

Some of the principal characters were:

Town Crier—Stanton Walker.

Gretchen—Mary E. Moore.

Katrina—Sue Barlow.

Hans—Alfred Knickerbocker.

Peter—Gene Lake.

Frieda—Beverly Hughes.

Rats—Boys and girls of fourth, fifth and six grades.

Piper—David Yoell.

As director and assistants, Perry Yaw, Mrs. Alperovitz, Mrs. Keith and Miss Brown, and as scene supervisor, Mr. Alperovitz, did an excellent job. Marjorie Hinderer must be given thanks and credit for accompanying on the piano.

The costumes of the "women," "men," children, dog, and rats were cleverly designed by the parents of the children participating in the "Pied Piper."

Quoting the program issued at the affair, "We wish to take this opportunity to thank all those who have been assisting the program."

Proceeds of the evening are to be devoted to the visual education program.

The high school picnic (grades 9-12) will be held at Portage Lake on Thursday, June 6.

Saturday, May 18, Jim Miller and Miss Beam attended a meeting on Student-Council activities at the University of Michigan.

JUNIOR HIGH PARTY

On Friday, the Parent-Teacher Association furnished the Junior High with an evening of entertainment. This party was given at the Municipal Building of Chelsea. From all reports the evening was quite an entertaining one.

Games such as checkers, cards, "Adam and Eve," ping-pong and dancing served to give the young folks a delightful party. As is quite natural the sandwiches, cake and coke were devoured with a zest that only the Junior High (to say nothing of Senior High) could produce.

Thanks to Misses Beam, Vogel and Searles, Mr. and Mrs. Niehaus, and Mrs. Chriswell, the children were well chaperoned.

Everyone had a great time, with trying to keep the ping-pong tables together and the natural mistakes and mirth of a party.

THE PTA PARTY

The PTA on Saturday night sponsored an All-High party which was held on the third floor of the Municipal Building. The party began at 8 o'clock and ended at 11:30.

Everyone amused themselves by dancing, playing cards or ping-pong. Shortly before 11 o'clock refreshments were served; they were cake, sandwiches and coke.

The party was a great success, for everyone liked something to pep up dull week-ends.

We offer our congratulations to the PTA and hope there will be many more parties like that one.

"CONQUEST OF HYDROPHOBIA"

This is what happened in third hour Biology class last Thursday morning. The third hour class gave a play for the sixth hour class which went something like this:

Title: "The Conquest of Hydrophobia."

Characters—Frau Meister: M. Proctor; Joseph, her sickly little son: B. Merkel; Louis Pasteur, famous doctor: T. McClear; Madame Pasteur, who never saw him very much: M. Hale; physician, strong and healthy: F. Weber.

Scene I—Time, fifty years ago; place, Pasteur's home.

Scene II—Time, two nights later; place, Pasteur's study.

Scene III—Time, four weeks later; place, Pasteur's living room.

This story is about the time when young Joseph, who saved some smaller children from a mad dog which he killed, was bitten by the dog and was suffering from hydrophobia. Pasteur, giving Joseph the treatments which he had previously given only to dogs, saved young Joseph's life.

This play was enjoyed by everyone for it kept them laughing from beginning to end. The laughing was caused when Frau and Joseph Meister (M. Proctor, B. Merkel) had difficulty saying (or pronouncing) the French word "Monsieur."

Other members who made the play possible were: Announcer, H. Jarvie; art work, A. Taylor.

ELITE

It was a hot, sultry day, July 26, 1928 that the stork decided to make Mr. and Mrs. L. D. Shyles the proud parents of a baby girl named Janice.

Today, she is 5 feet, 4 inches tall, has short, golden-brown hair, gray eyes, and weighs 125 pounds. Among her favorites are blue for color, fried

chicken for food, "Robin Hood" for movie, and Chopin's Polonaise for song. Her plan after graduation is to go to Ypsil for a pre-engineering course.

Another one of our senior girls is Therese Lyons. She was born May 2, 1928 right here in Chelsea to Mr. and Mrs. H. H. Lyons. She now stands 5 feet 4 inches tall, weighs 115 pounds, has natural wavy black hair and beautiful eyes. For her favorite she tells us that "Frenchman's Creek" is her favorite movie, "It Had To Be You" her favorite song, blue for color, steak and French fries her food, Cornel Wilder her favorite actor, and last but not least, her favorite pastime is writing to Bob (the lucky so and so—Bob, we mean). After graduation, she plans to work.

THIRD GRADE NEWS

There have been fourteen people absent from our room this week. Most of them have chicken pox.

In Social Studies we are studying land, water, and air transportation. We just finished making some books of different kinds of shelters.

One reading group has just finished the book, "The Children's Own Readers." This is the fifth book they have finished.

We are going to have spell-downs on all the words in our spelling books.

FIFTH GRADE NEWS

Richard Keezer brought in a tadpole that he caught to show to the class. The tadpole has his two back feet already, and the class is watching closely to see its front feet come

through its gill-ait. Frank Roberts brought a large bowl to put it in.

SEVENTH GRADE NEWS

Review work will begin soon. Students are urged to do their own studying in advance of class review in order that the maximum benefit may be obtained from the effort. Parents, too, are urged to see to it that students do adequate review this week and that they get adequate sleep during examination week.

WATERLOO SCHOOL NEWS

The Waterloo school closed for summer vacation on Friday, May 17. A picnic was held at Clear Lake together with the Palmer school, which also closed on the same day. A weiner roast was enjoyed along with the pot-luck dinner. After dinner everyone enjoyed games and contests.

The eighth grade attended commencement exercises at Grass Lake on Friday evening, May 17. At that time they received their diplomas. Family members, Mrs. Schulz and Shirley LeVan were graduates from Waterloo. All three plan to enter high school in the fall.

On Friday evening, May 24 the Waterloo PTA will sponsor a banquet for the graduation class.

The PTA beautified the school grounds by recently planting several young trees on the school premises.

Jean Schulz, eighth grade, and Warren Leisinger, beginner, have the splendid record of being neither tardy nor absent during the past nine months of school. Other children who lost very little time are: Ronald Fairbrother, Shirley Marsh, Faye and Myra Osterle, Robert Rentschler,

Loris and Emily Rothman, Jason Wahl, and Donna, Laverne and Ruth Wals.

There will be a summer reading service at the school during the next three months. The County Library truck will visit the school at 10 a.m. on Friday, June 7. All children and

adults who wish a book should be at the school house at that time.

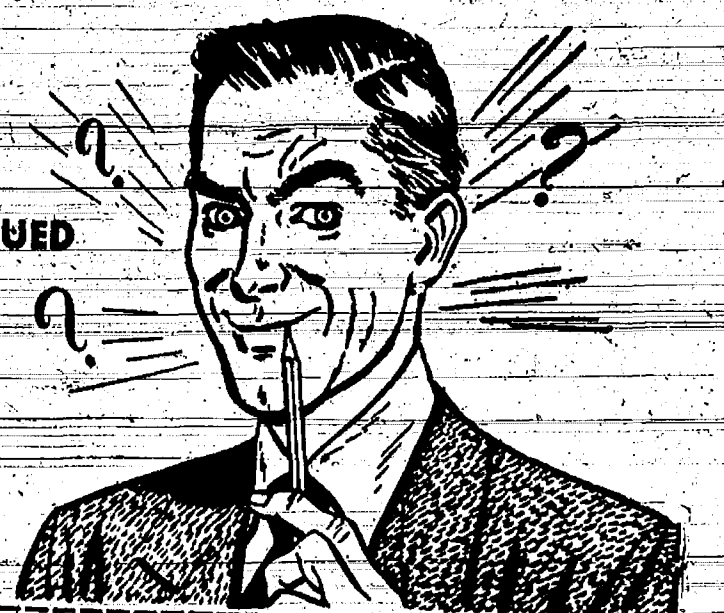

Mrs. Agnes Rundman spent the past week in Detroit at the homes of her sons, Lyle and Walter Rundman. On Sunday afternoon she entertained Mr. and Mrs. A. B. Bitten and Miss Grace Stillman of Brighton.

Do you know the answers?

A QUIZ BASED ON THE ANNUAL REPORT JUST ISSUED BY THE STANDARD OIL COMPANY (INDIANA)

Most of you may know little about us except that nearly everywhere you ordinarily drive your car you can roll up to a Standard Oil pump and say "Fill 'er up!" But, because what we do affects your life in so many other ways, we'd like to take you behind the scenes to see some of the things we've been doing of late. We think it might prove more interesting to do it in the form of a quiz—which won't be any great brain-twister, as the answers are directly below the questions.

1. In how much of the United States does Standard Oil (Indiana) operate?

Like most of the rest of you, Mr. & Mrs. Mid-America, we were "born and raised" in these north-central states. From them we have spread out either directly or through subsidiary companies until now we market in 40 of the 48 states. We market in 15 of these states under the Standard Oil name.

2. How does Standard of Indiana compare in size with other oil companies?

There are larger oil companies and smaller ones, but it's generally known, of course, that ours is one of the largest. To bring you high grade petroleum products, wherever and whenever you want them, takes almost limitless facilities and equipment, and the skill and experience of many people. America needs big business as well as small, so long as competition is fair. We think ours has been fair. It must have been, for there are many more small competing companies in our territory, doing very nicely, than there were earlier in our history.

3. Just how large is Standard of Indiana's business?

In terms of crude oil and refined products sold in 1945, it totaled 215,000,000 barrels. Transportation of this made a lot of business for pipe line men, railway men and truckers. And it provided the stock in trade for 27,765 small businessmen, the independent operators of service stations handling our products. Similarly, our payments, in connection with crude oil produced and purchased, were a source of income to thousands of land owners and independent oil producers.

4. Is Standard of Indiana active in the discovery of new oil fields?

Our search is never-ending. We have drilled wells in 19 different states. Last year, our drilling was carried on in such varied places as West Texas, the Gulf Coast, and Northwest Colorado. To those dis-

tant areas, we also extended our pipeline to bring the crude oil to our refineries. Such operations are necessary if we are to continue to deliver gasoline in Sault Ste. Marie, Kokomo, and thousands of other towns and cities. If we hadn't operated on a big, efficient, and economical scale, you wouldn't have been able to buy that gallon of gasoline for about the price of a pack of cigarettes.

5. What was the income of Standard Oil (Indiana), and what was done with it?

In 1945, we received for crude oil, products, etc., \$827,626,612. Out of each dollar, the owners of the business—the stockholders—received only 3.7 cents. It took 57 cents of each Standard Oil (Indiana) dollar to pay for materials, transportation, and operating costs; 19.2 cents were paid to employees (including employee benefits); 15.5 cents went for taxes, depreciation and other costs; and 4.4 cents were retained for development of the business.

6. Why was more money retained in the business than was paid out in dividends?

Because we must spend about \$150,000,000, this year if possible, to make improvements we couldn't make during the war and to build new equipment needed to keep pace with technological progress. Such expenditures give the public better products and service, support the jobs of employees, and make investments in our business more secure.

7. How many people own Standard Oil (Indiana)?

97,186 stockholders own our \$819,659,938 of net assets. No individual among them owns as much as 1 per cent of the stock. The largest stockholder is not a person, but an institution for the public welfare, and it owns between 4 and 5 per cent. Among the stockholders are 684 charities, churches, educational institutions, etc.; 10,296 other corporations, insurance companies, protective organizations, etc.; and 39,831 women.

8. How many people are in the employ of Standard Oil (Indiana)—and how do they get along together?

There are 36,332 men and women employed in the various departments and subsidiaries of the company. Long-established plans for vacations with pay, sickness and disability compensation, and old-age retirement have helped stabilize our relations with employees.

We have striven for and believe we have achieved good relations and mutual understanding with our employees, both non-union and union. We have entered into contracts with 108 separate union organizations.

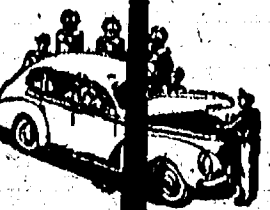

9. What is Standard of Indiana doing in research?

Our research expenditures last year were \$3,700,000. New research laboratories, now under construction near the refinery at Whiting, Indiana, will enable us to double our present research staff there to number some 420 scientists and 800 assistants and technicians. The primary aim of this research is to give you constantly more and better products; however, our researchers will follow up their more promising discoveries wherever they may lead.

10. And what makes "the wheels go round"?

We continue in business to make money. The stockholders, who invest their savings in our tools and equipment, are entitled to a reasonable return. So are the employees, who do the work. We make money for many of you when we supply you energy-packed products for profitable use at little cost. The hope of profit has resulted in the production in America of more of the good things of life—for more people—than any other nation has produced at any time in history.

Our hope of benefit, for all concerned, causes us to seek new ways to serve you, to build new research laboratories, to improve our properties in your communities, and to keep in mind always that we must treat you—our customers—the way you want to be treated.

Henry Gorton was born in Waterloo township, Sept. 26, 1844 and died at his home in Waterloo village, on Tuesday, April 18, 1922 after a lingering illness of several years' duration. He is survived by two sons, L. L. Gorton of Waterloo and Dr. F. R. Gorton of Ypsilanti.

Chauncey Freeman's store was broken into sometime Friday night and six cameras were stolen, valued at about \$150.00. All camera dealers and druggists in Ann Arbor and adjoining towns were notified to be on the lookout for someone offering cameras for sale. About 8:00 o'clock Saturday morning the sheriff's department received a call from Crippen's Drug Store, Ann Arbor, saying a man was there offering two cameras for sale. He was picked up and arrested and proved to be E. M. Winn of Chelsea. Deputy Sheriff Leigh Palmer secured a search warrant and discovered the remaining four cameras hidden in his home. Winn and his family moved here from Cedar Rapids, Iowa and he was an employee of the promoters of the Peat plant.

Hon. Frank T. Newton of Ypsilanti has been recommended by U. S. Senators Townsend and Newberry for the post of U. S. Marshal for the Eastern District of Michigan.

The heavy rains Monday morning flooded many acres of low land in this vicinity and the creeks have all overflowed. The rainfall is said to have been the heaviest for the past ten years.

M. A. Shaver is building a bicycle bog which consists of two tanks about 8 feet in length and placed 4 feet apart. The bog has a bicycle frame on which the operator controls the bog and propels it. The wheels of the bicycle are equipped with paddles and to the handle bars is attached by wires a rudder at the stern. The speed is controlled by the operator who does the work by the use of his feet. Some boat, Milo!

Lime and Fertilizer Is Very Good Investment

Purchase of lime and commercial fertilizer is a good investment for the farmers of Michigan. E. D. Longnecker of the department of soils, Michigan State college, thinks immediate returns from money invested in these should be greater today than prior to the war.

Prices of beans, potatoes and wheat today average 88 per cent higher than in 1940. The cost of such recommended and widely used fertilizers, as 2-10-8 and 8-12-12 average only 25 per cent higher than in 1940. The

initial cost of lime is approximately the same today as in 1940 although the cost of trucking and spreading has increased.

Lime is not a cure-all for soil fertility problems, Longnecker assures. It should be used intelligently and only when an accurate soil test indicates its need. When used as shown, its application is the first step in a soil fertility improvement program. Long time experimental work at Michigan State college shows increased yields of crops following a lime spreading program. The gains are from \$5.10 to \$27.01 for each dollar expended for lime. Cheaper forms of lime give the largest dollar return. Commercial fertilizers are most effective when used on soils having the correct lime content. Crops such as wheat, oats, barley, beans, sugar beets, potatoes, clover and alfalfa make profitable returns from application of commercial fertilizer under most Michigan conditions. Although the net return from money invested in fertilizer may not be so great as from lime, experiments show that an effective program should include the use of commercial fertilizer at one or more places in the rotation.

Telephone
thoughtfulness
is appreciated,
too

The driver who respects your property earns your respect and good-will. In the same way your rural line telephone neighbors appreciate your thoughtfulness in keeping your calls short... avoiding interruptions when they're talking... in carefully hanging up the receiver so that the line is kept free.

That way everyone gets better service.

One of the principal objectives of our 5-year \$13,500,000 rural expansion and improvement program is to reduce the number of subscribers on overcrowded rural lines. This big program already is under way and will be stepped up as more and more materials become available.

REGISTRATION NOTICE
For General Primary Election
TUESDAY, JUNE 18, 1946
To the Qualified Electors of the Township of Ypsilanti, Washtenaw County, Michigan.
Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Township Clerk, will, upon any day, except Sunday and a legal holiday, the day of registration, receive for registration the name of any legal voter in said Township not already registered who may apply to me personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the Twentieth day before any regular, special or official primary election and the day of such election.
The last day for General Registration does not apply to persons who vote under the Absent Voters' Law.
Notice is hereby given that I will be at my home every day until May 29, and on
Wednesday, May 29, 1946—Last Day—the twentieth day preceding said election, as provided by Sec. 3, Chapter 8, Part II, P. A. 306, 1929, and Sec. 1, Chapter 8, Part II, P. A. 1939, and Act 3 of 1944, at my home, from 8 o'clock a.m. until 5 o'clock p.m., for the purpose of reviewing the registration and registering such of the qualified electors in said township as shall properly apply therefor.
The name of no person but an actual resident of the precinct at the time of registration, and entitled under the constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.
Registration of Absentee by Oath
If any person whose name is not registered shall offer and claim the right to vote at any election or primary election, and shall, under oath state that he is a resident of such precinct and has resided in the township twenty days next preceding such election, designating particularly the place of his residence, and that he possesses the other qualifications of an elector under the constitution, and

that, owing to the sickness or bodily infirmity of himself or of some member of his family, or owing to his absence from the township on public business or his own business, and without intent to avoid or delay his registration, he was unable to make application for registration on or the last two days provided by law for the registering of electors preceding such election or primary election, then the name of such person shall be registered, and he shall then be permitted to vote at such election or primary election. If such application shall, in said matter, wilfully make any false statement, he shall be deemed guilty of perjury.
Ralph Stoffer,
Township Clerk.

State Swings Behind National Food Drive

Lansing—Under the impetus of a drive originated by Governor Kelly, Michigan is swinging behind the national food conservation campaign with all its energy.

Assignment for organizing and promoting the appeal to the citizens of the State to do their part to aid the famine-stricken peoples of war ravaged countries has been given to the Michigan Food Council, under which has been formed the Governor's Emergency Committee on Food Conservation.

The committee, comprised of representatives of various State depart-

ments, Michigan State College, the Michigan Retail Grocers' and Meat Dealers' Association, Michigan Chain Stores Bureau and the Michigan Press Association, will concentrate on an intensive publicity campaign to emphasize the imperative need for stretching available food supplies and conserving the use of grain foods particularly.

Use of Michigan foods which are in supply as substitutes for foods in which there are or will be shortages is to be stressed. Likewise, expert nutritional advice will be given on the use of substitute foods so that health standards will be maintained.

Cooperation of millers and bakers and of the food industry in general is being enlisted. School children are being organized and Civilian Defense chairman, who have been inactive since the close of the war, will be summoned back on the job to serve in a liaison capacity on the local level. The various counselling offices of the State Office of Veterans' Affairs also will assist. OVA field men will carry the message into the communities they visit, and more than 1,000 veterans' posts are to be contacted. Churches will be asked to lend their help by accentuating the humanitarian objectives of the drive.

Present outlook is that the campaign will extend over a period of about four months. Unless the nationwide effort is successful, it is feared food rationing may again be necessary.

"The plentiful foods should be used, fats and oils saved and wheat products purchased sparingly and every bit utilized," said Willis R. Keasey, president of the Food Council and secretary-manager of the Michigan Retail Grocers' and Meat Dealers' Association. "If we eliminate waste alone, it will almost meet the problem. This is an appeal to save lives, and it is one to which each of us can contribute without depriving ourselves of sufficient food to meet our actual needs."

CAMPOREE FOR 800 SCOUTS
 Use of Portage Lake location in the Waterloo state recreation area for the annual "camporee" of 800 boys from the Detroit-Boy Scout Council on June 7, 8 and 9 has been authorized by Arthur C. Elmer, chief of the conservation department's parks and recreation division. The 800 Scouts tenting in a single camp will be the biggest event of its kind in the Waterloo area's history. Special arrangements are being made to prepare the area beforehand and to replace the food later on the dozens of spots used for campfires.

CARD OF THANKS
 I wish to thank the Chelsea friends for the beautiful basket of flowers, and cards sent to me during my recent bereavement. They were greatly appreciated.

The 1945 accident toll in America as reported by the National Safety Council showed 96,000 people killed and 10,900,000 injured.

The motor-vehicle was responsible for 28,500 deaths, an increase of 47 per cent over 1944.

In the seven war months of 1945, traffic deaths went up only 1.3 per cent over the same period of 1944, but from V-J Day until the end of the year, the traffic death toll shot up 36 per cent.

Just as soon as the American public was released from gas rationing, the celebration started.

The traffic spree has not as yet ended. The evidence is piled up daily and America is out to kill as many people as possible during 1946.

Think it over—will you be one of the victims? Will you be a driver who will add to the victims?

Farmer-Veterans Eligible For On-The-Job Training

Whatever a World War II veteran wants to do—be a tenant, have his own place or hire out—he can use his training benefits under the G. I. Bill. Rights to learn farming. On-the-job training in all phases of agriculture is available to him. He may start out fresh and learn from the bottom up, or he may become a more efficient farmer if he was already established before he left for the armed service. Both these opportunities provided through the Veterans' Administration make him eligible for the monthly subsistence benefits of \$65 for single veterans, \$90 for those who have dependents.

A certain period of training is offered each year under the requirements of the act; for example, farm shop practice in cleaning and repairing equipment, a "must" in the early spring, can be counted as related training. Or perhaps the experienced veteran needs to learn better methods of farm management—this can be credited to him as a related course, too.

The veterans' counselor can provide the veteran with the steps necessary to determine his eligibility based on his service; the county agricultural agent can answer questions on land, crop, yield, average labor income and the farm advisory committee can review the farm and facilities and recommend approval or refuse it as they see fit. A veterans' institute sponsored by the board of education may provide related training. Community, county, state and nation thus cooperate to insure a fair training program to the veteran.

Veterans interested in qualifying for training in agriculture should file form 1950 with the veterans' administration. Prospective farm employers should apply directly to the State Superintendent of Public Instruction for approval of their planned training programs. Further information is available at the local veterans' counselor's office and from the county agriculture agent.

Ambitious Andrew

Andrew Carnegie, when he was 18, worked on a ship at once during the day, did two other things at night. Although this made it necessary for him to get along with only three hours sleep a night, he admitted 40 years later that he had cheated on time on every one of the positions.
