School Band To Present Concert Saturday Night

First of a series of six summer band concerts to be played by the Chelsea Public School Band, under the direction of Vincent DeMatteis, will be presented Saturday night. The concert will start at about 7:30 p.m. and will be played on West Middle street in front of the town hall.

The concert is sponsored by the Band Parents' Association and are financed through a board of Education funds and contributions from local merchants.

During the past year the band has received honorable recognition in the state band contests, receiving a rating of excellent at the regional contest in Ypsilanti and a rating of good in the final state contest at East Lansing.

The members of the Band Parents' Association are hoping that the people of Chelsea will turn out for both the band concert and the ice cream social which will be held in the town hall on Saturday night.

The program for the first concert will be as follows:

"Homage To Youth" (March)—J. Olmsted.

"Olympic" (Overture)—J. S. Zambelli.

"On the Day" (March)—R. B. Hall.

"Bells of St. Mary's"—A. Emmett Adams.

"True Blue" (March)—K. L. King.

"The Narrator" (Overture)—F. L. Buchtel.

"Cover Come Back To Me"—Sigmund Romberg.

"Scoutmaster" (March)—Fred Jewell.

"Determination" (Overture)—Al Hayes.

"The National Anthem"—John S. Smith.

**Milk Producers Receive
Increase of 35c Hundred**

Announcement has been made by Howard F. Simmons, Secretary, Manager of the Michigan Milk Producers' Association, of an increase of 35 cents per hundred weight in the price paid to producers in the Detroit market for Class I milk. The increase became effective Monday in the retail ceiling prices on fluid milk of one cent per quart, as provided for under an order of the Office of Price Administration.

Last April, we petitioned OPA for an increase of 15 per cent or 55 cents a hundred pounds in the ceiling price allowed producers to cover the greatly increased costs of feed, labor and all farm equipment," said Mr. Simmons. "An adjustment was made at that time in the government subsidy payment which was increased 20 cents a hundred pounds. The present 35-cent increase brings the total price up to the requested 15 per cent.

"Ceiling prices on other dairy products also have been raised, with butter advancing 11 cents a pound, but it is doubtful if this increase in constant butter will be reflected in any more butter being available in the near future. It is hoped that more cream will be routed to the butter manufacturers as a result of the new price which will eventually mean an increased supply on the market. At these new consumer levels, milk and dairy products are the most economical items of food available in today's markets."

**Caution Advised In Use
Of Pressure Equipment**

Pressure saucers, small editions of pressure cookers, are not all recommended for use in canning. Directions which come with the saucers should be followed closely, says Frances E. Wilson, home demonstration agent of Washtenaw county. New canning bulletins recommend 10 pounds pressure, exactly, for meat, fish, poultry and non-acid vegetables.

If the saucer is one which indicates in figures, the exact pressure reached, canning will be successful. Accurate pressure and timing are necessary for successful canning. Even pressure cooker gauges are sometimes off several pounds, causing spoilage of product. Gauge testing clinics held recently show that one-fourth to one-third of the gauges are off from two to four pounds, says Miss Wilson. Sometimes a new cooker, used only a few times, will not register correctly.

The cooker should be opened within two minutes of the time the indicator is back to zero or the spring in the gauge may be affected.

Churches Benefited By A. A. Activities

Will Alcoholics Anonymous become a sort of fifth wheel among denominations, simply adding one to a list that is already tragically long?

Dr. Frank Pitt, minister of the Grosbeak Pointe Memorial church, Grosbeak Pointe Farms, Michigan, who has been a sympathetic guest at several meetings of a group of Alcoholics Anonymous, answers this question: "I do not think so for several good reasons. In the first place it does not gather itself around any one leader. Probably not one in a hundred AAs through the country has seen the two men who began the movement in Akron. In the second place, while it is a religious group, it is not a church. It is a group of people who are seeking the different types of spiritual experience which provide deliverance. It is too tolerant, too aware of God's varied workings, to become a sect. I am sure they will add to the strength of our churches. All churches should benefit from the relentless perseverance of the AAs in their search for alcoholic victims to whom they offer the testimony of their own saving experience."

Stressing the importance of the state's tourist business to everyone in Michigan, the executive secretary stated, "Michigan's tourist industry has no become the state's second largest business, with an average yearly revenue exceeding \$300,000,000. These dollars expended in our hotels, stores, service stations, and places of amusement go to buy other services and products, provided or produced in our various communities. In this way, all the people are benefitted."

Wright drove this point home even more forcibly when he asserted that to thousands of Michigan farmers and local businessmen, the tourist industry was more than big business. He said in many instances, such tourist trade was their sole or primary source of income.

The secretary ended his comments with an appeal to Michigan people urging their support of the state's tourist program. "Everyone can help make this banner vacation year and pave the way for even bigger years to come. For all of us are, in reality, members of Michigan's welcoming committee. If we are good hosts, our guests will be glad they came. More important, they'll come back again to Michigan."

**Advertising Posters On
Highways Prohibited**

Candidates for public offices in the county and state appear to be among the most flagrant violators of Michigan laws which prohibit the posting of advertising signs and devices within the limits of highways, according to Kenneth Hallenbeck, county road commission superintendent and manager.

Such signs not only deface roadside trees and shrubbery but distract the attention of drivers and cause the public to lose the proper respect for official warning and informational signs which are placed at considerable expense and only after investigation shows the need for such signs.

Hallenbeck said that Michigan statutes prohibit placement of any signs along road right-of-ways except those advertising a place of business on directly adjacent property. Property owners in such cases must first obtain permission from the proper highway authorities to post such signs.

All highway employees have received orders to remove any advertising found on the highway, including commercial and the more esthetic political variety.

**Veterans' Training In
Agriculture Is Possible**

Training and education is possible for veterans interested in the field of agriculture. The Washtenaw County U.S.D.A. Council, an organization composed of state and local agricultural agencies of this county, has studied the problem of veteran training. As a result the members of this council are ready and willing to assist any interested veteran.

The first step for a veteran who wishes to become eligible for training is to contact the superintendent of schools or the vocational agricultural instructor in his local school. The superintendent then will explain the program and assist in making application for the training. The greatest portion of the instruction will be done on the farm in what is called "On The Job Training."

The training will be of no cost to the veteran. It is possible for veterans to receive payment for subsistence while in this agricultural apprenticeship. By receiving a wage and at the same time increase his earning power.

GRADUATES FROM U. OF M.

Miss Helen Miller, daughter of Mrs. Chester Miller and the late Mr. Miller, was graduated from the University of Michigan on Saturday, June 22, with a Bachelor of Science degree in Medical Technology. Beginning July 1, she will be employed in the medical laboratory of the University of Michigan hospital. Mrs. Miller and Mrs. Paul Maroney attended the exercises.

PUBLIC LIBRARY GETS \$182.61

Last week the Chelsea Public Library received a check for \$182.61 from the State Board for Libraries as a final payment on the General Library Fund grant, which was used to provide many basic reference books and additional library service to Chelsea and the surrounding community.

Banner Year Predicted For Tourists In State

Lansing—"Michigan can confidently look forward to the biggest year in her history," declares Ben Wright, executive secretary of the state's tourist council. Wright said he based his optimism on several promising factors.

"Most Americans haven't had a real vacation in four years. Now with all travel restrictions removed, the nation's favored vacation lands can expect record-breaking throngs," he asserted. Wright then emphasized Michigan's preferred place in the vacation picture, pointing out that no state in the union can offer a wider variety of vacation pleasures. From Michigan's mild, summer climate to her many lakes and forests, the tourist will find practically everything necessary for a perfect vacation.

Referring to a pile of letters on his desk, Wright said that he was replying to Michigan's national advertising program directed by the tourist council has been tremendously effective. Thousands of coupon inquiries have been received and others are continuing to pour into the Lansing office from points all over the country, seeking detailed information on Michigan vacations.

Stressing the importance of the state's tourist business to everyone in Michigan, the executive secretary stated, "Michigan's tourist industry has no become the state's second largest business, with an average yearly revenue exceeding \$300,000,000. These dollars expended in our hotels, stores, service stations, and places of amusement go to buy other services and products, provided or produced in our various communities. Library NewsTwo weeks ago I told you about a
wonderful room and the mystery of
the Golden Apple. In two days twelve
readers had their first leaf on the tree.
They were Dolores Joseph, Michael
Miller, Martha Kay McManis, Susie
Tobin, Duane Satterthwaite, Sandra
Tobin, Janet Tubbs, Jewell
Tzschirner, Janet Berkes, Gertrude
Wise, Gene Miller and Judith Ann
Gilbert. As I stopped by the Library
today there were 18 more names on
the tree. Who will be the first to get
the Red Apple? There still is time
to join the summer reading program.
"Quest of the Golden Apple." Stop
at the Library between 2 and 5 any
afternoon and the librarian will tell
you more about it.For the younger child the Library
is happy to have secured Miss Dorothy
Beach as Story Teller. Last year she
told stories to as many as 52 young-
sters during the Story Hour. Miss
Beach will be waiting for you at the
Library Wednesday, July 3 from 3 to
4 p.m., and every Wednesday after-
noon at that time for six weeks.Children's reading and stories are
of great importance now. It is per-
haps in this particular period than
ever before. Parents who give
thought to the reading of their chil-
dren will encourage them to take part
in these two programs, and will ask
the advice of the Librarian on the best
literature for them.**ST. PAUL'S WOMEN'S AUXILIARY**

By Club 15 Reporter

The dance last Friday night was a
big turnout. Everyone had a most
enjoyable time. Even the chaperones
had a lot of fun—thanks a lot, Mr.
and Mrs. Wellnitz.As long as there was a good crowd
and everyone enjoyed himself, let's
begin with our "News of Interest."While I was looking around I no-
ticed some boys from the Boy Scout
camp at Clear Lake. One of them
came up to me and asked if there
would be some girls at the dances
later in the summer. Girls, what is
happening around here?I guess the boys at Camp Lakewood
have made a good appearance for
themselves.I noticed a number of 7th and 8th
graders around trying to find out
what a good dance is really like. I
hope you boys catch on that the music
is there for dancing.Bill and Donna Waters seemed to
be enjoying themselves back at good
old Chelsea. Glad to have you here,
Bill and Donna.Jack—next week why don't you
meet June at Ely's so you won't have
to look all over school to find her?I think Dave Knick got tired of sell-
ing pop before 11 o'clock came along.
Bob, what happened to the rest of the
boys who were supposed to sell pop?
Glad to hear it.I remember seeing Putter Carlson
with his pet dog. Say Putter, where
did you find him—he really got around
at the dance, didn't he? Or should I
say she?I still can't figure out where Schil-
ler went when he came time for the en-
tertainment. By the way, you did a
good job with the entertainment, J.
Lentz.I see that we have a number of new
members in our club—you'll be sorry?
Wait till all those odd jobs come up.
The entertainment was very good
and not very dragged out until Barlow
and Waters started telling of their
past experiences.Notice to Richard Carlson—there is
a limit on the amount of hair you can
wear at our dances.Get out of the gym for after the
dance? Could it have been a woman?Attention everyone—pop will sell
for a dime to everyone from now on.There are several reasons for this:
the main one being that these dances
are costing more than was expected.
If anyone has any complaints—forget
them.On July 5, Club 15 will give a one
dollar prize to the person who submits
the best and most original improve-
ments for our Summer Recreation
Dances. Let's all put on our thinking
caps and see if we can't win that prize
and do the dances some good at the
same time.Until next week—this is your Club
15 reporter signing off. Oh yes, don't
forget the Drexel Lamb dance this
Friday night. Doc said the supply of
tickets was very low. No more than
five hundred tickets will be sold for
this dance and three hundred have al-
ready been sold—so get yours before
the dance if you want to be sure of
getting in.**Waterloo**The ladies served pot-luck dinner to

HOLD SOCIAL MEETING
The Auxiliary of the V.F.W. held their social meeting at St. Mary's hall on June 24, with 25 members present. A backward party was held, the feature of the evening being the white elephant sale. Delicious refreshments were served. Many thanks to the committee.

At the regular business meeting held June 10 two new members were initiated—Mary Knies and Willie Mae Embury.

Our president, Magdalena Weber, and secretary, Anna Werner, attended

the encampment at Grand Rapids on June 21, 22 and 23.

The following ladies attended the Fifth District meeting held in Ferndale: Magdalena Weber, Clara Hutzler, Isa Carty and Norma Cadwell.

—Publicity Chairman.

SMALL FIRE AT SPRING PLANT
A small fire, caused by an overheated inside ventilating pipe, did some damage to a pile of cartons on the first floor of the Chelsea Spring Co. plant about 7 o'clock Monday evening. The fire department was called to extinguish the blaze.

WEDDINGS

Fletcher-McKenney
Ushering in the summer season was a very pretty wedding solemnized on Friday afternoon, June 21 in the Wesleyan Foundation room of the First Methodist church, Ann Arbor, when Betty Ruth Fletcher, daughter of Mr. and Mrs. John L. Fletcher of Chelsea, and Mrs. Guy T. McKenney of Burlington, Vt.

The ceremony was performed at three o'clock by Rev. Harvey G. Pearce before a fan shaped arrangement of white flowers, flanked with white candelabra bearing white tapers. To the strains of Lohengrin's bridal chorus played by Mrs. Irene Boyce, the bride entered on the arm of her father, who gave her in marriage.

The bride's dress of ivory embroidered batiste, was fashioned with fitted bodice and very full hooped skirt ending in a train. Her fingertip veil was attached to a Dutch lace cap and she carried a prayer book topped with a white veil.

The bride's attendants, all of Detroit, were Mrs. Doris Hart as matron of honor, Miss Barbara Brown and Miss Betty Reiger as bridesmaids. They wore identical dresses of white eyelid embroidery, with bands of purple, and carried white gladioli. Their bouquets of orchid gladioli were tied with orchid satin bows.

Phyllis Brooks Marcellus of Rockford, Ill., was best man for Mr. McKenney and the guests were seated by Clayton Hill Gordon of Birmingham and Gene Lamont of Grosse Pointe.

For her daughter's wedding, Mrs. Fletcher was attired in aqua jersey, with a corsage of gardenias.

A reception was held after the ceremony, with Mrs. D. L. Rogers of Chelsea and Mrs. Mattie Hadley of Ann Arbor assisting.

The bride is a graduate of Chelsea high school and the University of Michigan. The groom was graduated from Burlington high school, Burlington, Vt., Green Mountain Junior College and the University of Michigan, and served in the U. S. Navy for several months.

Mr. and Mrs. McKenney are motoring through northern Michigan, and after July 1 they will make their home on S. Division St., Ann Arbor. For traveling, the bride wore a yellow tropical suit with white hat and accessories and white orchid corsage.

HOLD ANNUAL DUES SUPPER

The annual dues supper of the American Legion Auxiliary was held Tuesday evening in the high school gym with 46 members and guests present. The tables were beautiful with garden flowers and the food prepared and served by the officers was delicious.

A regular meeting followed the supper and was presided over by President Helen Quirk, who welcomed the guests. A gift was presented to every Gold Star Mother who attended. At roll call, 48 members paid 1947 dues, many absent members having sent theirs.

Mrs. Quirk, Mrs. Walz and Mrs. Maroney were elected delegates to the Department convention to be held in Grand Rapids in August.

Members were asked to bring gifts to the next meeting, to be used in the Gift Shop at Veterans' Facility in Battle Creek.

An opportunity was given for eligible guests to join the Unit, and thirteen new members were added.

The next meeting will be held on September 3 and new officers will be elected for the coming year.

JUST A THOUGHT FOR THE WEEK FROM THE CHELSEA POLICE

The driver and his car—every once in awhile don't you have a sinking feeling when a near accident occurs and the thought comes to you that you weren't looking and the you must pay more attention? Like most people, you probably think you are a careful driver. In a traffic mishap, small or large, it's always the other fellow's fault!

Petitions are being circulated in Sylvan township to have the federal and state veterinarians test the dairy herds for tuberculosis.
A swarm of bees created much excitement at the Michigan Central depot on Friday when they lit in a tree west of the building. Jasper Graham, "the King bee," hived them.
Mrs. Henrietta Glazier has placed on record a plat of one hundred lots which she has added to her Cavanaugh Lake subdivision. The new addition surrounds Spring Lake, just across from Cavanaugh.

34 Years Ago

Thursday, June 13, 1912
Howard Everett, Mr. and Mrs. J. W. Everett, died at his home here in Chelsea on Friday, June 7. He was born at Alameda on San Francisco Bay, Calif., Oct. 1, 1854, and lived there until about two years of age when his parents returned to Sharon and settled on a farm adjoining the Everett homestead.
On July 21, 1880 he was married to Miss Agnes Atty, who died ten years later, leaving him with a daughter, Susan. His second marriage occurred Jan. 1, 1892 to Miss Myra Spaulding and they had four children, Merle, Clarence, Esther and Esther. Funeral services were held from the home, with Rev. R. C. Fenner officiating. Burial was in Vermont cemetery.
Wm. Schatz is having his residence pebble-dashed.

Formal announcement of the wedding of Miss Margaret Murray and Lee E. Chandler, on June 25, was made at a four-course dinner at the home of Miss Murray's parents, Miss Alice Chandler was an out-of-town guest.
Primary Congregational graduates at the Sunday service were Allen Kaerch, Rowena Oatman, Mely Brooks, Llewellyn Hughes, Florence Vogel and Clarence Leach. Those present every Sunday during the past year were Ruth Dancer, Hollis Freeman, Marian Gentner, Floyd Gentner, and John Bacon.

Mr. and Mrs. Howard Brooks are the parents of a daughter, born Friday, June 7.
Miss Leona Belser entertained at a miscellaneous shower in honor of the approaching marriage of Miss Ruth Barch.

Chris Hocking of Freedom sold to O. Bunker, 26 pieces of wool which weighed over 200 pounds.

Kiwanis News

Al Gross, president of the Dexter Kiwanis club, took charge of the regular meeting of the club on Monday evening at St. Mary's school hall. Several other members of the Dexter club were also present, and Lon Wilber, superintendent of the Dexter schools, spoke on "Juvenile Delinquency." He stated that a national survey showed that the average juvenile spent less than two evenings a week at home because the parents were not there to make a home for them—placing the direct cause of juvenile delinquency squarely upon the shoulders of parents.

DORCAS CHAPTER HOLDS PARTY
A very enjoyable social evening was spent by members of the Dorcas chapter of the Congregational church, with their husbands as guests, on Thursday evening when a pot-luck supper was served at the McLaughlin cottage, Cavanaugh Lake, to the 46 present.

The program for the evening was in charge of Mrs. Stanley Beal. A skit, "Taking a Ride," was presented by several of the ladies and proved to be a hit with everyone. The remainder of the evening was spent in a social way.
Mrs. Lyle Haselwerdt was the assisting hostess. Others on the committee were Mrs. Fred Karp and Mrs. Doris Rogers.

The next meeting will be held the third Thursday in July, at the home of Mrs. Clarence Vogel.

THANK YOU
I wish in this way to express my sincere appreciation to my friends and neighbors for their flowers and many acts of kindness while I was in the hospital.

America is now vacation bound. For the next few months, thousands upon thousands of automobiles will cross the country in all directions. Here are a few tips to follow on your trip:

1. Watch the road, watch the other fellow, but chiefly watch yourself.
2. It's a lot better to take a little time being careful than to spend a lot of time being sorry.
3. Signal what you are going to do before you do it.
4. Stay on your side of the road.
5. Don't trust the other fellow; check on yourself first.
6. Your pleasure trip has no right to promote the other fellow's funeral.

Drive carefully!

Sugar Cane

When a sugar plantation is on fire that need not mean a total crop loss. On some sugar cane plantations the crop is burned before it is harvested. This removes heavy useless leaves but does not harm the juice-filled stalks.

NEW TELEPHONES IN CHELSEA**

In a continuing effort to install telephones for as many waiting applicants as possible, we are loading our present lines and equipment to the hilt—even at the risk of temporarily lowering the quality of telephone service.

As soon as additional facilities can be provided, the local telephone system will be expanded to the point where we can furnish service for every one on a when-and-where-wanted basis. That will take a while longer. But it will mean that we'll be able to provide better telephone service for more people than ever before.

If you are waiting for a telephone, you can be sure we will fill your order in its proper turn—just as quickly as we can.

Killing Weeds Before They Start Is No Dream

Don't throw that hoe away now—

but there may be a time when a single application of spray may solve the weed problem for an entire year. It sounds like Utopia for the home gardener or the farmer, but preliminary experiments with 2, 4-D as a sterilizing agent are underway at Michigan State college.

Dr. H. H. Tukey, Dr. Charles M. Haysner and Dr. J. E. Moulton of the college horticulture department have only started the work, but they have found that all types of weed seed lose germination ability when soaked for several hours in a solution of 2, 4-D chemical. Most weed seeds are within the top three inches of soil and could be reached by either dust or spray treatments.

One of the problems involved is the toxic after-effects of the 2, 4-D in the soil. In arid areas, the after-effects may last as long as a year. Where it is damp, it may disappear in six weeks or less. If the farmer does not

know when the toxic effect leaves the soil, the planting of seed might result in its failure to sprout and the loss of the entire crop. Tests will be tried on the sterilization of the fields in the fall and the planting in the spring. This would have the advantage of getting the weed seeds after they are shed and drop to the ground and would still give the ground a chance to recover during the wet winter months. The scientists don't recommend that farmers or home gardeners immediately jump into soil sterilization. Years of experimentation may be necessary. Although at present 2, 4-D prices, a farmer could sterilize soil at \$10 an acre—far less than the cost of weed control—the theory is far from proven. Any application should be on a small and purely experimental basis, if the farmer wishes to try his hand.

SYLVAN CENTER UNDEFEATED
Sylvan Center remained undefeated this year as a football team. They defeated the highly touted Gulf Gas team in a game played at the local hall field on Sunday. The final score was 12 to 10. V. Hanley pitched the complete game for Sylvan while Gulf Gas used four hurlers to no effect.

This game is the fourth in a row for the Sylvan team, who are resuming the game which was discontinued for three years during the war.

More Foxes Than Last Year Reported In State
Lansing—Sportsmen and farmers who have been hoping the increase in the number of foxes in Michigan had about run its course will find no comfort in the report of D. F. Switzer, Michigan conservation department investigator, that no general statewide decline is yet evident.

Half of the more than a thousand sportsmen, farmers, fox hunters and trappers, amateur naturalists, and conservation officers questioned believe there are more foxes than there were a year ago; only 16 per cent think there are fewer. Only one of 83 observers in the northern peninsula reported fewer foxes than a year ago; and in the southern peninsula only the southwestern and north central counties reported decreases.

Litters dug out are averaging six pups to the den, though one count of 14 was verified near Coldwater.

Farmers' complaints of fox damage are being received at about the same rate as a year ago. Interest in foxes is especially high in the Thumb, where they have invaded the farming country in numbers for the first time since reliable records have been kept. The latest fox kill, computed at 52,000, including 28,300 taken by hunting and 23,700 trapped, is 65 per cent above the kill the year before.

Pine Lake Graduates Making Good
Graduates of the Michigan Veterans' Vocational School at Pine Lake write letters to the school praising the type of training received and telling of the salaries they now earn.

Following are typical excerpts from these letters:

"On my present job the fellow who had the bench next to me was a graduate of another school. In comparing my training to his I had a far broader general knowledge—much more than he did. My present salary is \$40 a week. I am working under two of the best men in the business and in Kalamazoo's finest store and one of Michigan's best."

"I started to work at Schwab's Jewelry Store, Saginaw. I am getting \$40 per week to start. I am getting along swell with my job and my employer."

"I started work this morning at National Electric Welding Machines Corp., Bay City. I like it here very well. The salary is a little better than double that for which I was working."

"We hired as a detailer in our Chas. Drafting Section one of your recent graduates. He has demonstrated a possession of basic commercial drafting knowledge seldom found in people with no previous commercial drafting experience."—M. O. Mayer, Pontiac Motor Division.

"Every engineer I've talked with has had his eyes opened in amazement at the job Pine Lake is doing, and have no doubt there's a wonderful future for the draftsman in the next few months (Detroit)."

"My work is very well; thanks to Pine Lake School and the good supervision I was under. Salary \$60 a week." (Detroit)

"I have been doing a lot of work here. (Alpena) Business is pretty good. I got 50 bushes and 5 clocks the first month." (St. Ignace)

"My pay was raised the first week." (Sturgis)

"I started for \$38 a week. I've had two raises." (Grand Rapids)

"I have been in charge of the store (Jackson) for the past two days while my employer is in Chicago on a business trip."

"My job is going along fine, even better than I thought it would. He started me out at \$65." (Ann Arbor)

"I am now getting \$50 a week plus a bonus. During the last six months I received \$150 in war bonds as a bonus." (St. Johns)

"I have been office supervisor on that job (Government machinery terminations). My wages are \$132 1/2 an hour." (Flint)

The school is administered by Western Michigan College of Education for the Office of Veterans Affairs.
