Guests were present from Chelsea, Lima, Jackson and Salem Grove community.

## Second Band Concert To Be Held Sat. July 13

The second of the six concerts will be presented Saturday evening, July 13, 1946, at 7:30. The guest conductor for this concert will be Mr. McKernon. Mr. McKernon is also studying music at the University of Michigan in Ann Arbor.

The band members and band parents wish to thank all of you who turned out for their last concert and the ice cream social. We sincerely enjoy playing for you and hope to see everyone out there Saturday night. The pieces to be played are as follows:

Scout March, march, Fred Jewell.  
Determination, overture, Al Hayes.  
Will You Remember, Sigmund Romberg.

Monarch, march, J. Alivodotti.  
Merry Widow, Franz Lehár.  
Officer of the Day, march, R. B. Smith.

Olympia, overture, J. S. Zamecnik.  
New Colonial, march, R. B. Hall.  
The National Anthem, John S. Smith.

SAVAGE SCHOOL REUNION  
The second annual school reunion of the Savage School District No. 10 will be held on Sunday, July 14. All former teachers, pupils and residents of the district are cordially invited to attend. Pot-luck dinner at 12:30. Please bring table service.

## With Our Men In Service

Pfc. Lewis Phillip Vogel, Jr., son of Mr. and Mrs. L. P. Vogel, received his honorable discharge from the U. S. Army at Camp McCoy, Wis., on Tuesday, July 2, 1946, and arrived home the next day.

He was inducted at Ft. Sheridan, Ill., July 31, 1944, and received his basic training at Camp Stewart, Ga. During his two years in the service he was stationed at the following places: Camp Robinson, Ark.; Camp Hood, Texas; Ft. Knox, Ky.; Camp Butler, N. C., and Ft. Sill, Okla.

"Phil," as he is popularly known to his friends, graduated from Chelsea high school in 1942, and plans to enter the University of Michigan in the fall.

Leon Sanderson, Sylvan, Seriously Injured, Wed.

Leon Sanderson, 34, of Sylvan, was seriously injured about nine o'clock last Wednesday morning, when a wagon attached to a tractor he was driving was run into from the back by an American Carriage Co. trailer truck driven by Roland E. Holloway, 33, of Chicago.

The accident occurred on new US-12 east of Lake's garage near Pierce's woods, and as there were no eye witnesses it is impossible to know how it happened.

Mr. Sanderson was travelling eastward with the empty wagon and hay rack, enroute to the Fred Riemenschneider farm for a load of hay. At the place where the accident occurred the highway is straight and vision is clear for some distance in either direction.

Both men were taken to University Hospital, Ann Arbor, by a passing ambulance from Albion. Although Mr. Sanderson was found pinned beneath the tractor he was able to enter the ambulance himself, and at first his condition was not considered to be so serious.

However, upon reaching the hospital it was found that he had suffered an internal hemorrhage with the loss of a quart and one-half of blood, and chest and back injuries.

It was also necessary to remove a portion of each intestine. Other minor injuries were bruises and lacerations of the head and limbs and punctures from the teeth of a hay fork.

The truck driver was not seriously injured and has been released from the hospital.

Both the tractor and the wagon were demolished in the crash and the truck was heavily damaged.

Shortage of Nurses Is  
Danger of Poliomyelitis

The shortage of nurses in Michigan could be a calamity if a polio epidemic were to break out in the state this year, according to Dr. Bruce H. Douglas, commissioner of the Detroit department of public health.

"Nurses are essential for the proper care and treatment of polio patients," Dr. Douglas said, "and in the face of the present nurse shortage, we have another reason to be thankful that Michigan does not anticipate a polio epidemic this summer."

An epidemic occurs only about every five or six years, he pointed out, and the last epidemic was in 1944. July is the beginning of the polio "seasons," which comes to a peak around Labor Day.

Parents of small children are warned, however, to watch for symptoms of the disease during this period.

"A severe upper respiratory infection such as a sore throat or a bad cold, stiffness of the back and aching muscles are indications that the child should be put to bed and a physician summoned," Dr. Douglas said.

He urged parents to keep young children out of crowds and to prevent over-exertion during warm weather.

"In view of the great need for nurses and the unlimited opportunities open to the graduate, registered nurses, he said, many Michigan girls will choose nursing as their career."

Dr. Douglas declared in commenting on the present campaign sponsored by the Michigan Council on community nursing to enroll 1,000 girls in schools of nursing.

Information on the schools and enrollment procedures may be obtained from the Council at 51 West Warren, Detroit 1.

SALEM GROVE W.S.C.S.  
Mrs. Lawrence Fowler of Cavanaugh Lake was hostess to the Salem Grove W.S.C.S. Wednesday afternoon, July 8.

Mrs. Fowler led the devotionals, using the theme for the year, "Peace Through His Cross." The scripture reading was Matt. 10:23.

The program was as follows:  
Hymn—"America the Beautiful."  
Prayer—"Thanksgiving"—Mrs. L. Fowler.

Reading—"Through the Ages," Mrs. A. Schweinfurth.  
Hymn—"Lead on Oh! King Eternal."

Reading—"Mrs. C. Wolf."  
Mrs. C. Wolf conducted the business meeting. St. John's Ladies' Aid will hold a joint picnic dinner with this group at Clear Lake, Wednesday, June 24.

HI-NEIGHBORS PICNIC  
The Hi-Neighbors club met at the home of Mr. and Mrs. Leon Chapman for a picnic Sunday. A pot-luck dinner was enjoyed at noon, and the afternoon was spent with games, cards and visiting. Everyone had a grand time.

Mr. and Mrs. H. T. Moore and family spent from Thursday to Sunday with her parents, Mr. and Mrs. B. H. Eldon at Devil's Lake.

## School Board Holds Annual Meeting Mon.

The annual meeting of District No. 3 Fr. Lima and Sylvan townships was held in the public school auditorium on Monday evening, July 8, 1946, at 8:00 o'clock.

The meeting was called to order by President E. W. Eaton.

The minutes of the previous meeting were read and approved.

Mr. Eaton presented the annual financial report and A. D. Mayer asked a question regarding the Sinking Fund.

Paul Niehaus made a motion that the financial report and the budget for 1946-47 be accepted. Motion supported by Henry Dancer and carried.

President Eaton addressed the meeting regarding the purchasing of six lots adjacent to the Athletic Field and Wesley to be used as a parking lot.

Henry Dancer made the motion that the proposition be laid on the table until the next annual meeting. Motion lost for want of support.

A motion was made by A. D. Mayer that \$900 be taken from the General Fund and put into the Building and Site Fund for the purpose of purchasing the six lots. The motion was supported by Mrs. McLaughlin and carried.

A motion was made by Fred Brosamle that the salaries of the members of the Board of Education for the year 1946-47 be as follows:

Secretary, \$200; treasurer, \$200; for the remaining members, \$3.00 per meeting. Motion was supported by Mr. Dancer and carried.

A motion was made that the salaries for the members of the Board of Education for the year 1946-47 remain the same. Motion lost for want of support.

A motion was made by A. D. Mayer that the salaries of the members of the Board of Education be as follows: Secretary, \$200; treasurer, \$200; and each trustee, \$5.00 per meeting. Motion was supported by Mrs. Fred Hall and carried.

There being no further business the meeting proceeded with the election of one trustee for a period of three years to fill the expired term of Mrs. Florence Mayer.

Nominations were in order and Paul Niehaus with the support of Henry Dancer nominated Mrs. Florence Mayer. There being no further nominations, ballots were cast, resulting in a unanimous vote for Mrs. Mayer. The meeting adjourned at 8:45 p.m.

Following the annual meeting of District No. 3 Fr. Sylvan and Lima townships the Board of Education met and elected officers for the coming year. The results were as follows:

President—E. W. Eaton.  
Secretary—Dr. L. J. Paul.  
Treasurer—Mrs. Florence Mayer.  
Trustee—R. A. McLaughlin.  
Trustee—J. V. Burg.

Celebrate Their 25th  
Wedding Anniversary

Coming as a complete surprise, and planned by Mrs. Lott's sisters, Mrs. Frances Wilcox and Mrs. Mary Clark of near Waterloo, a lovely party to celebrate their 25th wedding anniversary was given Mr. and Mrs. Clarence Ebbt, Saturday evening, June 29, 1946, at the Masonic Temple at Layton's Corners.

Mr. and Mrs. George Bretherton took the honored guests to Leslie for dinner and when they returned home the Temple was filled with relatives and friends to the number of one hundred.

The dining hall was beautifully decorated with baskets of lovely garden flowers and beautiful bouquets of larkspur centered the tables, and a beautiful wedding cake was used as a centerpiece on the table at which the honor guests were seated.

Ice cream and cake were served and a program was given with Miss Constance Morrison of Ann Arbor conducting. Two vocal solos: "When You and I Were Young, Loretta" and "The Sunshine of Your Smile," were delightfully given by Mrs. Ruth Chandler, who was accompanied by Mrs. Ethel Van Horn.

Mrs. Abbie Roepcke of Stockbridge read an original poem and verse and remarks and an Edgar Guest poem was given by Mrs. Lela Gee of Fitchburg.

Rev. Bert F. A. Ede, vicar of Christ Episcopal church, gave the benediction and Miss Constance Morrison in a pleasing way presented the couple with a purse of money.

Guests were present from Cleveland, Ohio, Jackson, Mich., Stockbridge, Mich., Waterloo, Ohio, Florence, Mich., Ypsilanti, Munnith, Grass Lake, Unadilla and Layton's Corners.

VFW Auxiliary Held  
Regular Meeting July 8

The Veterans of Foreign Wars Auxiliary held their regular business meeting at St. Mary's hall on Monday, July 8.

Initiation of one member was performed. Reports of committees were made and accepted.

The birthday party will be held the 22nd of July. Each member will please bring their own table service and a guest eligible for membership.

Discussion followed concerning our Bazaar which will be held in December. Clara Hulse, who is chairman, suggested towels, aprons, etc. should be prepared by the members.

A very interesting report of the 27th annual encampment held at Grand Rapids was given by Magdalen Weber. The Auxiliary was given a citation for their work in Americanism.

LICENSE PLATES AVAILABLE  
Last half plates will be available to the public in all department branch offices next Monday, July 15th.

### GAY 90's MEET

The Gay 90's Club held a most enjoyable gathering on Tuesday afternoon, July 2, at the home of Mrs. Otto Lucht. A delicious pot-luck luncheon was served at one o'clock to the 22 members present. Following the luncheon the afternoon was spent in visiting and group singing closed the meeting.

Members were present from Seattle, Wash. Col. Water, Hilldale, Williams, Howell, Ann Arbor, Saline and Chelsea.

### 24 Years Ago

Thursday, June 29, 1922

The Dodge touring car of H. R. Schoonhals was badly damaged in a head-on collision early Sunday morning on the angling bridge across Mill creek at Bowen road in Lima when it collided with a car driven by Otto Lucht. Both cars were damaged considerably but the occupants escaped without any serious injuries.

As supervisor A. F. Barton of Lima was turning into his yard the rear end of his car was hit by a state prison car and turned completely over and badly wrecked. However, Mr. Barton escaped without injury. On Tuesday Warden Hulbert had the damaged car taken to a garage to be repaired at the expense of the prison.

Carpenters have the frame up; also the sheeting and roof boards on the new bungalow residence that A. W. Wilkinson is having built in Wilkinson's orchard.

A new type of engine on the Michigan Central railroad went west through Chelsea at 4:30 Wednesday afternoon, for Jackson. The train was on a test run and started out from Toledo with 105 cars and a 10,000 ton load, but by the time it reached Escanaba there were only 40 loaded cars left. The eight mile grade between Dexter and Escanaba proved to be too much of a pull.

### 34 Years Ago

Thursday, June 27, 1912

Miss Mayme McKernan of Lyndon and Harry O'Brien of Saginaw were married at the church of Our Lady of the Sacred Heart, Tuesday morning, June 25. The couple were attended by Mr. and Mrs. Eugene McKernan.

Edwards and Watkins have decided to close their bakery all day Sunday in the future.

A. G. Faust during the past five days delivered four five passenger Overland automobiles to recent purchasers.

Tuesday afternoon Lewis Geyer and family of Freedom were taking a ride in their auto and near their home they ran into some loose gravel and the auto turned turtle. One of the children received a leg cut that required 7 stitches to close up. Other members were badly shaken up and the machine was somewhat damaged.

Kent Walworth has purchased a Flanders "4" motorcycle.

Two new models of the 1913 Flanders "4" motorcycle were on the streets here Wednesday morning. One improvement is a chain drive instead of belt as in the 1912 model.

Mr. and Mrs. A. W. Lyons and family of Kalamazoo spent from Thursday until Saturday visiting Mrs. Lyons' parents, Mr. and Mrs. Henry Werner.

## WEDDINGS

### Haselwerdt-Bovee

At a candlelight service at the home of Mr. and Mrs. Lewis E. Haselwerdt, 884 Stainbach Road, Chelsea, their daughter, Janet Arline, was united in marriage to Glenn G. Bovee, son of Mr. and Mrs. L. J. Bovee of Lowell, Michigan. The double ring ceremony was performed Thursday, June 27, at 7:00 p. m. by Reverend Everett R. Major of Chelsea. Methodist church against a ceiling of honeysuckle twining around a large white ruffled wedding bell; gladioli, white lilies, delphinium, fernery, and the candlelight. The immediate families and relatives attended.

The bride chose a white net, floor-length gown fashioned with a sweetheart neckline, trimmed with white velvet bows, full sleeves, and full skirt with lace insertions. Her double finger-length veil of bridal illusion was edged in lace and was adorned by a seed pearl, pointed crown. She wore elbow-length white lace mitts, and a long strand of pearls—gift from her mother. She carried a colonial bouquet of white roses and feverfew tied with white satin streamers.

Mrs. Ruth Haselwerdt Barton attended her cousin as maid of honor, wearing a pink chiffon floor-length gown styled with a sweetheart neckline, full sleeves, and a full skirt. She carried a colonial bouquet of pink roses and feverfew tied with white satin streamers.

The bride's step-brother, Robert Toney, played the traditional wedding march, and Stanley Toney, another brother, had charge of the guest book.

Following the ceremony, a reception was held at the Haselwerdt home, with Mrs. Charles Knorr of Ann Arbor pouring and Mrs. Walter Haas, a cousin, cutting the cake.

Mrs. Haselwerdt chose a powder blue dress with a black print and black and gray accessories for her daughter's wedding. Mrs. Bovee, yellow and gold with white accessories.

The newlyweds returned to Lowell for a reception held on Saturday, June 29, near Lowell.

Following a motor trip through northern Michigan, the Upper Peninsula, they will reside in Lowell. For traveling the bride chose an aqua mesh dress with white accessories and wore a corsage of pink roses and blue delphinium.

The bride attended Michigan State Normal college and has taught in the Lowell public schools the past four years. The groom attended Lowell high school and the G. E. Electrical Servicing school in Detroit.

Mr. and Mrs. Lyle J. Bovee entertained about 200 relatives and friends at a reception for their son and daughter-in-law, the former Janet Haselwerdt of Chelsea, at South Boston Grange hall, near Lowell, Michigan, Saturday night, June 29. The couple received many beautiful gifts.

### Leach-Knickerbocker

Before an altar decked with white gladioli, pink peonies, blue delphinium, and burning tapers, the marriage of Audrey Leach, daughter of Mr. and Mrs. A. D. Leach, 939 George St., Jackson, and CPO George A. Knickerbocker, USN, son of Mr. and Mrs. M. L. Knickerbocker of Chelsea, was solemnized at St. John's Evangelical and Reformed church in Jackson on June 22. The Rev. Paul Bock officiated at the double ring ceremony.

Mrs. A. G. Grossman, organist, played the traditional wedding marches. Mrs. Ray Osmus, vocalist, sang, "Oh, Promise Me" and "Be-

cause." Both wore corsages of abstarred white carnations.

The bride, given in marriage by her father, wore a gown fashioned with a bodice of white satin with an inset of net at the neckline and a skirt of net falling into a long train. It was embellished with white satin calla lilies and seed pearls. She wore a finger length veil with a sweetheart shaped crown bordered with imitation orange blossoms. She carried gardenias, stephanotis, and white streamers on a white prayer book. Her only jewelry was a double strand calla lilies bracelet, a gift of the groom.

Vivian Cahill was her sister's matron of honor. She wore a pink gown of lace and net. She carried a cascade bouquet of dark red roses and wore a matching flower headpiece.

The bridesmaids, Jacqueline Hugill, Marilyn Pittmaier Allen, and Wanda Osmus, were attired in gowns of pink and blue, similar to that of the matron of honor. They carried cascade bouquets of pink roses and wore matching flower headpieces.

The flower girl, Judith Ann Leach, cousin of the bride, wore a yellow floor length gown of net with a matching shoulder length veil. She carried a colonial bouquet of carnations, daisies, and yellow roses.

The ringbearer, Donald Knickerbocker, cousin of the groom, carried the rings on a white pillow edged with a double row of lace.

Ray Knickerbocker, brother of the groom, was the best man. The ushers were Clare Knickerbocker, brother of the groom, Carl Sanderson, and LeRoy Loveland.

The bride's mother was attired in a teal gown with white accessories. The groom's mother wore a printed white jersey dress with gray and white accessories. Both mothers wore gardenia corsages. Grandmothers of the bride wore corsages of dark red roses.

The reception was held immediately following the ceremony at the church for 150 guests. Mrs. Herman Meyer, aunt of the bride, cut the cake. Serving punch and ice cream were Mrs. Roland Leach, aunt of the bride, and Irene Claus.

Showers and luncheons were given the bride by Wanda Osmus, Marilyn Allen, Irene Claus and co-workers at the Sparks-Withington Co.

The bride, a graduate of Jackson high school, has been employed by Sparks-Withington Co. for the past two and one-half years.

The groom, a graduate of Chelsea high school, has been in the navy for

### Stripe-Eaton

Mr. and Mrs. David E. Eaton returned to Chelsea, Friday, following a short wedding trip. They were married on June 29 at St. Matthew's Episcopal church, Kenosha, Wis., and are now at home at 26212 Bayview Drive, corner of Lakespur Lane, Grosse Ile, Mich.

Mrs. Eaton, who before her marriage was Erminie Ann Stripe, is the daughter of Mr. and Mrs. Walter L. Stripe of Kenosha. Mr. Eaton is the son of Mr. and Mrs. Edwin W. Eaton of Chelsea.

For her three o'clock wedding, the bride was attired in ivory satin, a tulle holding her fingertip veil. She carried white sweet peas and gardenias, centered with an orchid. Miss Stripe was escorted by her father down an aisle flanked by lighted candles in massive wood candleholders.

The couple exchanged vows before a delphinium-banked altar, the Rev. Kenneth D. Martin officiating.

Miss Patricia Benham of Kendallville, Ind., maid of honor, wore aqua marquette over tulle and carried a colonial bouquet of calla lilies and yellow roses and daisies, tied with aqua ribbon. Her headpiece was a bandeau of calla lilies and yellow daisies.

Misses Jean Easton of Highland Park, Illinois, cousin of the bride, and Barbara Eaton of Chelsea, sister of the bridegroom, attended the bride attired in yellow marquisette over tulle and wore bandeaux of calla lilies and yellow daisies. Their colonial bouquets of calla lilies, and yellow roses and daisies were tied with yellow ribbon.

The bride's mother, Mrs. Walter L. Stripe, wore a sheer print, black on white, with white accessories and a corsage of white carnations and roses. Mrs. Edwin W. Eaton, the bridegroom's mother, chose dusty rose cut chiffon, accented by white accessories and white carnations and roses.

Robert E. Gillette of Chelsea assisted

as best man and Walter L. Stripe, Jr. of Kenosha, brother of the bride, and Bernard P. Lyons of Ann Arbor seated the guests.

Following the ceremony, the couple received 150 guests at the Kenosha Woman's Club. A buffet luncheon was later served at the home of the bride's parents, Michigan guests included Edwin W. Eaton of Chelsea, Mr. and Mrs. E. M. Everham, and Miss Virginia Everham of Detroit, and Mrs. Bernard P. Lyons of Ann Arbor.

For going away, the bride wore a lightweight suit of white gabardine with black and white accessories.

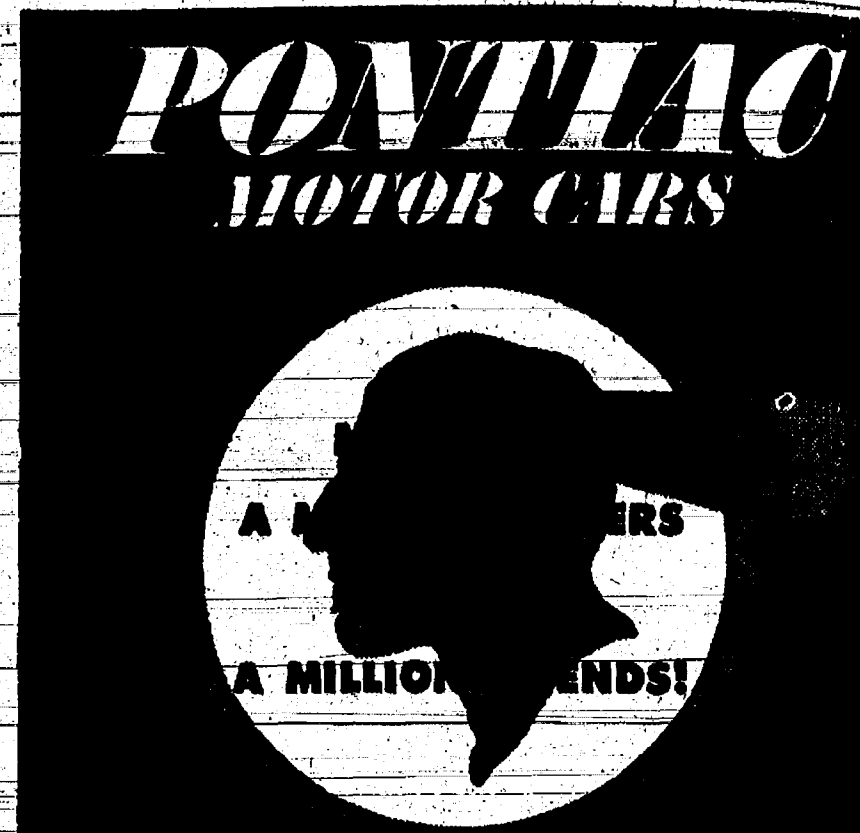

The bride is a graduate of Olivet college and taught in Battle Creek. Mr. Eaton attended the University of Cincinnati and Olivet college. He served three and one-half years in the

Army Medical Corps. Mr. and Mrs. Eaton will be at home at 819 Congdon street.

Looks brighter now since our locals took the Brighton gang to camp, Sunday afternoon, score 7 to 2. There never was any doubt after the 5th as to who would be on top when the sweating was all over.

Our boys were feeling off nicely on the Brighton pitcher while Ed Miller Jr. was doing a swell job on the mound, backed up by the gang who really were very much alive.

Ol' Pete did a nice job behind the catcher, calling the plays just as he saw them. Of course, Mr. Ump got the usual raspberry, but that's all part of the Old Ball game.

Yes sir, boys and girls, it was a fine game, fine crowd and a fine day. So now, it's on to Dexter for next Sunday, July 14, and my heartiest wishes on this invasion.

Let's some of us locals make the break over there and give the boys a little home town rooting. Dexter, your next.

## Jr. Baseball League

Last Wednesday night at 6:30, Chelsea's junior team beat the Stockbridge team, 15-9, at the local athletic field. Chelsea collected 5 hits to Stockbridge's 4. Most of the runs were unearned and traceable to errors.

Chelsea lead all the way. Their record is now two victories against one defeat. The boys seem to be improving with every game.

They have four games left to play. If they win these four games they will be assured of at least a tie for first place. If a few people would come out and give the boys a little moral support at the remaining home games, we are sure they will do all right.

## Dean Tells 4-H Youth That Work Is Honorable

The 750 4-H club members and leaders from southern Michigan spent a busy but profitable week on the Michigan State college campus recently when they received tribute from and paid honors to three of Michigan's agricultural leaders.

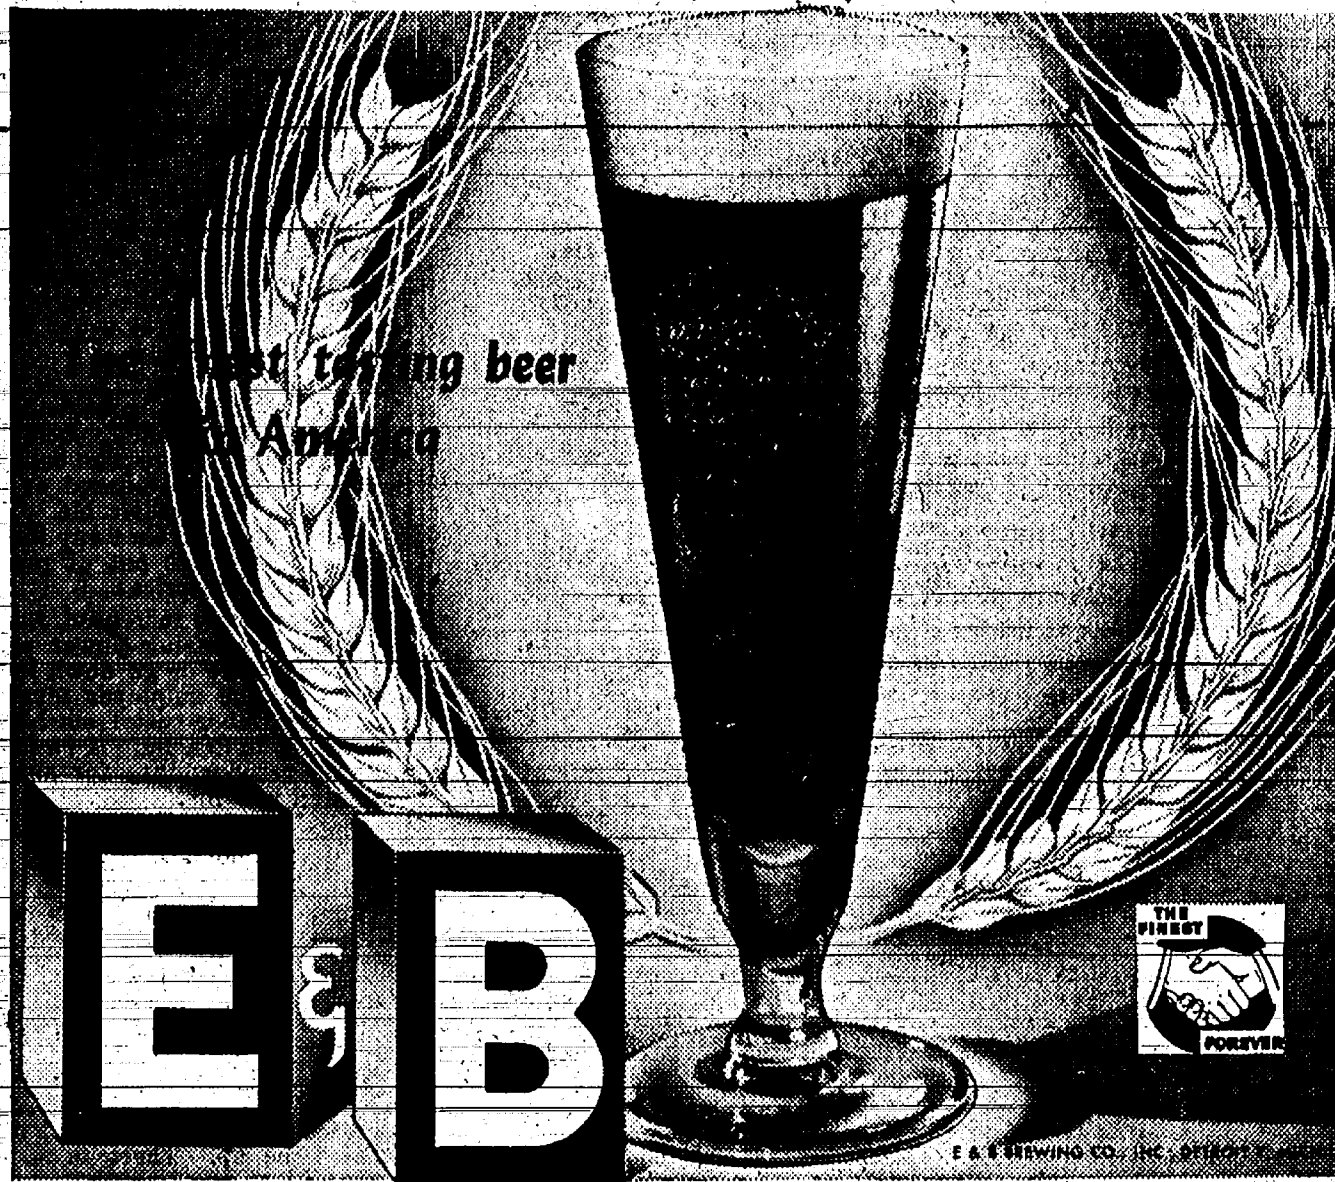

Ernest L. Anthony, dean of the school of agriculture, told the delegates that MSC was proud of the 50,000 4-H club members in Michigan and their desire to improve rural conditions through learning and improving their methods.

The dean requested that the 4-H club members lead the way back to normal by developing a foundation goal—"that of making honest work again an honored thing among our people. Dean Anthony expressed a belief that much of the world has gained the idea that it can exist by avoiding work and wholesome responsibility, which is contrary to the foundation upon which our forefathers built this nation.

The 4-H club members issued plaques of "citation for outstanding service to 4-H clubs of Michigan" to John A. Hannah, MSC president; Dean Anthony, and Director R. J. Baldwin, head of the MSC extension program.

A collection was taken to purchase food through the UNRRA for starving Europeans with a total of \$149.69 obtained. Announcement also was made that two Michigan clubs had already made contributions to the national headquarters. They were the Erwin club in Gogebic county and the Pickford club in Chippewa county.

# Hold the Line

These three words, used so often by Government agencies as they retreated from one price plateau to another, now take on new significance to retailing. Price control legislation may very well be re-enacted. It certainly will be if distribution fails to meet the challenge thrust upon it by the President's veto.

This sudden termination of price controls was not wanted by retailing, but it can be dangerous to business only if we fail to meet the situation with forthright courage and unrelenting self-restraint.

## Our Statement of Policy on Prices

WE WILL keep prices where they are on goods now in stock.

If new goods come in at higher costs, we will mark them at the lowest possible retail prices.

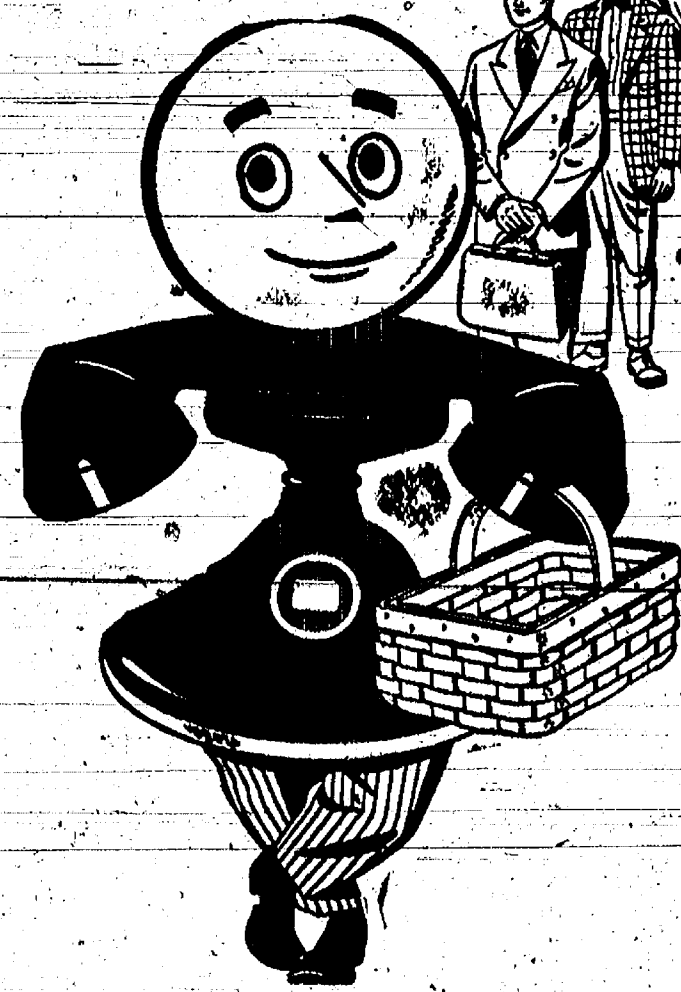

WE WILL make goods available to all consumers.

WE ARE adopting a policy of very watchful waiting until the situation clarifies.

In other words, we will do our part to "HOLD THE LINE."

# GLICK'S

We're standing  
in line, too

MOST materials are hard to get. Some are available only in limited quantities. Others can't be had at all.

With you it's butter and sugar and shirts and many other things. With us it's lead and copper and steel and lumber and brass and textiles—and many other things needed in the manufacture of telephone equipment.

A few months ago it looked as if things might be getting better. But disturbed conditions have tightened up the supply situation. In recent weeks, material shortages have been more critical than during the war.

We have found many substitutes, made some old materials do, and practiced all kinds of short cuts in an effort to meet a situation that is far from normal.

Right now, we hope that most of the orders for telephone service received before the first of this year can be filled by the end of the year. In some areas, of course, we expect to complete many orders received this year. But it may be late next year before we can return to a "ready-to-serve" basis everywhere.

We're moving just as fast as we can, and as supplies improve, we'll get going full tilt.

\*Long Distance lines and switchboards serving Michigan resort areas are extra busy this summer. On calls to and from those areas, you'll get better service by making the rush hours—10 A.M. to noon and 7 to 9 P.M. Keeping calls brief will help, too.

**Red Sheets**  
Torn size "in sheets means the size before hemming. Too short sheets like too short blankets are uncomfortable and necessarily subject to more strain than those which are long enough to tuck in firmly and, for the top sheet, turn back far enough to protect the blankets or other bedclothes.

**Reduce Paint Adhesion**  
Human hands always contain a certain amount of oil, reminds the American Painter and Decorator. As this oil comes off onto doors, cupboards, and other surfaces that are frequently handled, these surfaces must be thoroughly cleaned before painting. Paint will not readily adhere to oily surfaces.

By Gene Allaman

The second phase of our post-war period is now well under way. First came the Truman administration program whereby high purchasing power was to be maintained by a substantial increase in workers' wages.

It has been the thesis of left-wingers, as illustrated by views of the Michigan CIO, that the nation could not attain full employment and full production unless the wages of labor were raised to offset a \$40 BILLION decline in war orders.

August Scholle, president of the Michigan CIO council, declared in a talk at Michigan State college that wages must be increased or another depression was inevitable. Further, he declared that any increase in wages must come out of profits and not be added to prices.

If prices were increased, said Scholle, then purchasing power would remain the same or go down instead of up.

Yes, the employer must absorb any extra labor cost from his profits, according to Scholle. If he did not do so, the responsibility for another depression was his.

Thus the CIO neatly sidesteps the issue of economics.

That wages could not be raised without prices being raised was the inevitable and logical fact, recognized by the OPA when it granted TWO price increases to Michigan automobile manufacturers.

Now comes the unexpected end of the OPA, at least temporarily so. Prices are going up, just as wages have gone up. There is no possible alternative. Instead of purchasing power being increased, the result will be just the opposite: A decline in purchasing power.

A recent statistical study, based on government figures, showed that the national workers' average salary of \$2,748 in 1945 was actually worth only \$2,011 on a basis of 1939 prices. If prices go up 10 percent in 1946—and this is certain according to present indications—then the workers' purchasing power will be further deflated to \$1,977—only some \$360 more than he received in 1939!

The post-war inflation is bound to aggravate labor unrest.

That means more strikes are ahead, UNLESS production of goods can be increased and the spiraling of prices can be checked. Wages and salary income in 1940 were at a \$60 billion rate; today, \$102 billions. "Easy money" reckless spending prevails.

Winthrop W. Aldrich, chairman of the board of directors, Chase National Bank recently said: "The stage is set for ultimate deflation—deflation of prosperity and wealth."

Now is a time for SAVING, not spending.

As inflation continues—and such appears to be ahead for some time—left-wingers, as represented by CIO, will turn to another position. Walter Reuther has alluded to it only indirectly.

It is simply this: Only through nationalization of industry can full employment be attained.

What they really mean to say is this: Only by nationalization of industry can the profits of the employer be converted into higher wages for labor.

The dream of socialism for many centuries, the ultimate of Utopia is self. England is turning to nationalization simply because it has exhausted its national resources and is at the end of its financial rope. The owners that would refuse to exist. A workers' republic would take over control; and private enterprise would be supplanted by state socialism.

This is the ultimate showdown—the third post-war phase.

We cannot help but wonder if the left-wingers, as represented by CIO, have read their American history. The United States has been a workers' government since 1776. Rail splitters have become presidents, privates have become generals, gobs have become admirals, shogmakers have become senators, and newsboys have become governors.

It was the farmer, butcher, baker and candlestick maker, the gunsmith, the cooper, and the button maker who told Hamilton, Adams and Jay to get the Constitution adopted and how to make it work.

Under the free enterprise system the price of an electric bulb has been decreased from \$1.50 to 10 cents. The automobile has become the property of the man on the street. The telephone has become a household convenience. Refrigerators are common place, and so are bathrooms, radios, hot water and gas stoves—things which are almost unheard of in Soviet Russia!

What political system announced a \$5 minimum wage? Henry Ford did it. It was private enterprise, not government, that raised the living standards of the American worker to enviable heights.

Why do peoples of every other land want to emigrate to America? Are we the down-trodden, frustrated, exploited people?

Is our economic system obsolete, decrepit, broken-down and need of replacement by a glorious totalitarian state?

Andrey I. Vishinsky, soviet deputy foreign minister, said on May 15: "The soviet principle of justice is based on democratic dictatorship. A dictatorship can be democratic. A dictatorship in the interest of the people."

In our opinion, the nation's present confusion, uncertainty and chaos are

leading us down the road to another D-Day: "Democratic dictatorship." There is still time to save our American liberty and freedom.

The price of liberty is eternal vigilance.

**Brazilian Brands**  
Brazil took stern measures to secure more careful branding procedures. In 1939 that country enacted a law prohibiting the branding of cattle on the body proper. Only brands which can be encompassed by a 4 1/2 inch circle are permitted under the Brazilian law, and must be placed on the neck, cheek or leg below the belly line. The cattlemen there are subject to a fine if he disregards the law.

## WEDDINGS

**Clark-McGibney**  
Miss Rose Marie Clark, daughter of Mr. and Mrs. Leo G. Clark of Chelsea, became the bride of Phillip Farrel McGibney, 3rd, formerly of Darlington, Md., at St. Mary's church, Saturday morning, July 6, at nine o'clock, with Rev. Fr. LaSalle officiating at the nuptial High Mass.

A beautiful setting for the ceremony was achieved with an arrangement of hydrangeas, lilies, blue and white delphinium and aspidistra daisies at the altar, while at each side of the altar rail was a large basket of blue and white delphinium with lilies banded behind and above them.

The organist, Mrs. George Clark, Mr. Clark's aunt, played Lohengrin's wedding march as the bridal party took their places, with the bride entering with her father, who gave her in marriage.

The choir girls sang the Mass and Mrs. Vincent Burg rendered the solo, "Ave Maria."

The bride wore a gown of white satin, made with a sweetheart neckline and long sleeves finished with a pointed outline at the wrists. The skirt was fashioned of triple net over the satin and with a long train. She wore a fingertip veil caught up and held with a tiara of seed pearls. She wore a three-strand pearl necklace, and her bouquet was white roses and baby's breath. She carried a white prayer book.

Donna Burman, the bride's cousin, was maid of honor, and wore a floor-length gown of aqua net over taffeta and a gold colored sequin cap. She carried a colonial hand corsage of roses, peonies, nasturtium, and ferns tied to them at varying lengths, and matching the colors of the sweet peas.

Mary Jane Eder, Shirley Dorner and Patricia Eder, all cousins of the bride, were the bridesmaids and wore dresses similar to that of the maid of honor except for color. Mary Jane Eder's dress was pale blue, Shirley Dorner's was light peach, and Patricia Eder's was yellow. The three bridesmaids all wore white sequin caps, and they also carried colonial hand corsages.

Thomas Tucci assisted the groom as best man and the ushers were Edward Dorner and Donald Eder, cousins of the bride, and William Van Riper.

A reception was held immediately after the ceremony at St. Mary's hall where a wedding breakfast was served to seventy-five guests by the ladies of the Altar Society.

Mrs. Clark, the bride's mother, wore a two-piece suit dress of navy blue crepe with white accessories. Her corsage was of pink roses. Mary Jane Eder, the bride's sister, wore a light blue dress and carried a white corsage.

The bride attended St. Mary's school and graduated from Chelsea high school with the class of 1945.

Mr. McGibney, whose parents, Mr. and Mrs. Phillip Farrel McGibney, 2nd, reside in Darlington, Md., has made his home with Mr. and Mrs. G. Van Riper on Jerusalem Road since coming to Chelsea eight years ago. He is employed at the Federal Screw Works.

After a short wedding trip to northern Michigan, the young couple will be at home to their friends in the Marvin Apartments.

## Eyes Alight

**By MARY M. KERN**  
McClure Newspaper Syndicate  
WNU Features.

IT WAS her family's first comment on seeing the portrait. "You'd never know it was you, Mom." It made her wish she hadn't saved nickels and dimes so that all of them except Ed, their father, might come to the art gallery this spring day.

Jim and Mike were strutting about, quinting at the picture. Sam wanted to poke six-year-old fingers into the canvas; and only Gertrude, 17 and the eldest of the children, stood quietly.

Jim's voice brought her back. "Would you think Mom was that thin?"

Mom winced as she saw the three-quarter length oil painting of herself, blue eyes luminous, black hair back from her forehead, a bright, pleasant smile around her youthful shoulders. Ever Ed had not known her when at Gertrude's age. 50 years before, she had posed for this. Twelve years later Mom had met Ed at the mill where both worked, and they were married.

Sam leaned against his mother'singham skirt. "Tell us again, Mom. About the picture."

Mom sat down on a bench in the gallery. "Peter O'Connell came to room next door to where I lived."

"And the painter guy set you," supplied Mike.

"Asked," put in Gertrude. Mom was acutely aware of Gertrude's dulled, despairing voice. Her father's had been harsh, strident this morning. When Gertrude had tearfully tried to argue, Ed had shouted her down. "I'm tired of these fancy notions. You start work at the mill Monday—or get out!"

Mom's heart lurched, remembering. All of Gertrude's teachers at high school said she should finish her senior year and prepare to go into teaching. But none of the talk had made any difference. It was just Ed. He was a good man but hard and cold except about working at the mill and things like pool and horse racing. Look at the way he always tried to keep Mom herself from listening to the symphony over the radio.

Mom brought her thoughts back with effort. "The painter had the shawl, his grandmother's, from Ireland."

"Was it fun posing?" Mike queried.

It was unadulterated happiness. "It was work, too," Mom went on

**Drinking Country**  
It is estimated that there are approximately 600 thousand chronic alcoholic addicts, 2 million heavy drinkers and about 38 million social drinkers in this country.

**Aerosol Bombs**  
Aerosol bombs that spread a fine fog of insecticide are good for killing flies, mosquitoes, and moths on the wing, but will not kill vermin in hiding spots nor eggs and larvae.

## DEATHS

Lena M. Miller

Lena M. Miller was born January 31, 1879, in Lyndon township, the daughter of George and Josephine Miller, and died at Wellmont hospital, Saturday, July 6, after an extended illness.

Following her graduation from the Chelsea high school she entered the millinery business here with her sisters and was associated with them for 35 years in operating the Miller Sisters' Hat Shop on Main street.

Surviving members of her family are three sisters, Ann and Margaret living at the family home, and Sister M. Ignatius of Adrian and a niece, Mrs. Frank Quinan of Detroit.

Funeral services were held from St. Mary's Catholic church at 10:00 Tuesday morning with Rev. Fr. Lee Laige officiating. Interment was in Mt. Olivet cemetery.

Mrs. Charles E. Whitaker

Mrs. Charles E. Whitaker, aged 94, died Sunday evening at her home here after several week's illness. Formerly Anna Clark, she was born April 2, 1852, in Lyndon township, the daughter of Thomas and Rosa Young Clark.

In 1886 she married Mr. Whitaker, who died in 1910. She was a member of St. Mary's church and the Altar Society. She is survived by ten nephews and four nieces.

Funeral services were held Wednesday morning at 10:00 o'clock at St. Mary's church with Rev. Fr. Lee Laige officiating. Burial was in Oak Grove cemetery.

## 83 Persons Killed By Farm Accidents In 1945

Michigan farm accidents in 1945 accounted for 83 deaths, and numerous injuries which resulted in loss of many man-hours of work, according to Fred W. Roth, safety specialist at Michigan State college. Based on figures compiled by the Michigan Department of Health, Lansing, the 83 deaths in 1945 are, however, more than 15 per cent under the average for the previous five years.

July, August and September were the months in 1945 when deaths from agricultural accidents predominated, the report shows. The same is true over the five-year average. That, Roth believes, is a reason that Farm Safety Week, starting July 21, should

tend to show rural people that while safety is important everyday in the year, it is extremely important now. These figures do not include deaths in homes, which accounts for a great many more deaths.

Asounding is the fact that accidents in manufacturing in Michigan killed only 68 persons in 1945 as compared to agriculture's 83 persons.

Tractors, machinery and vehicles account for most of the farm deaths—in fact 80 of the 83 last year came in this manner. Horses killed seven and cattle eight, while falls accounted for seven deaths. Forestry accidents killed nine in 1945.

In the home, most deaths were results of falls from steps, stairways, bathtubs and porch railings. Among children, most deaths come from burns.

Many Michigan agricultural organizations, utilities and commercial firms

are cooperating with the annual Farm Safety Week campaign this year in an effort to inform farm people of the dangers lurking on the farm and in the farm home.

Powder made from the Guava is being used by the British troops as a source of vitamin C. Four ounces of powder will protect a soldier against scurvy for nearly three months.

**Hot Utensils**  
A cloth or hot pad should always be used for handling hot utensils and care must be taken in opening them to prevent steam from scalding the face. The safe way to remove the cover of a pan, a roaster, a steaming kettle or a pressure cooker is to lift the far edge of the cover first.

### Dark Breads Save White Flour (See Recipes Below)

#### Bread Substitutes

Our recently developed shortage of bread and wheat products is calling for greater ingenuity than any shortage we faced during the war. With planning and foresight, this shortage may be met satisfactorily.

If you have decided to make your own bread, for example, use only part white flour and make up the rest with plentiful oatmeal, potatoes, or some of the rye and wheat flours. Corn meal, too, is gaining great popularity in many parts of the country.

Should there be a shortage of left-over bread for stuffings and the like, use potatoes, for they, too, are plentiful. In fact, you might also like to use part potatoes for bread, rolls and muffins. These take little fat and sugar and are perfectly delicious.

If you like hot rolls for dinner, here is a wonderfully easy recipe for you. You can make up the whole batch and then remove only what you need from the refrigerator as needed.

#### Oatmeal Refrigerator Rolls.

1/2 cup shortening  
3 tablespoons sugar  
3/4 teaspoon salt  
1 cup boiling water  
1 cup rolled oats  
1 cake yeast  
1/2 cup lukewarm water  
1 egg, beaten  
2 1/2 cups sifted flour

Add boiling water to sugar, salt, shortening and rolled oats. Stir well. Cool to lukewarm. Soften yeast in lukewarm water. Add with beaten egg to oatmeal mixture. Stir in half the flour, beat well and add remaining flour. Place in greased bowl. Cover with waxed paper and stone in refrigerator. When needed, remove from refrigerator, form into clovenleaf rolls in greased muffin pans. Cover and let rise until almost doubled. Bake for 12 to 15 minutes in a fairly hot (425-degree) oven.

If desired, the above rolls may also be made with bran. Use 1/2 cup bran in place of the oatmeal, and 3 1/2 cups of flour.

#### Partial Whole Wheat Bread (Makes 4 loaves)

3 cups milk  
1 cup lukewarm water  
4 teaspoons salt  
1/2 cup molasses  
4 tablespoons shortening  
About 6 cups flour  
About 6 cups whole wheat flour  
2 cakes quick-acting yeast

Dissolve yeast in lukewarm water and add to it 1 teaspoon sugar. Allow to stand for 10 minutes. Scald milk and add to it the molasses and salt. When milk has cooled, add yeast mixture.

Mix the two flours together and add all but 1 cupful. Some flours

do not require as much liquid as others, so it is not advisable to add all of the flour until it is known that all of it is needed.

Then, add, softened shortening, mix well and turn out on floured board. Knead until the dough becomes elastic and does not stick to the board. Place in a greased bowl, cover and allow to rise until double in bulk. Remove from bowl and make into loaves. Place in greased tin which should be large enough to be 3/4 full when the bread is molded into them. Let loaves rise to the top of the pans or until about double in size. Bake in a pre-heated, moderate (350-degree) oven.

There's nothing better than home-made dark rye bread for those salsami and ham sandwiches on picnics and outings. Here is a recipe that makes two 1 1/2-pound loaves that will be ideal for the week-end.

#### Dark Rye Bread (Makes 2 1 1/2-pound loaves)

2 cups scalded milk  
1/2 cup shortening  
4 tablespoons sugar  
1 tablespoon salt  
2 packages yeast  
2 cups lukewarm water  
12 cups rye flour

Combine scalded milk, shortening, sugar and salt. Stir to mix well, then cool to lukewarm. Add yeast, crumbled in lukewarm water. Blend in rye flour, mixing until dough is well blended. Knead on a well-floured board for 10 minutes. Let rise in a warm place, in a covered, greased bowl until double in bulk (about 1 1/2 hours).

Divide dough and form into two loaves. Place in greased, round 9-inch pans and let rise again until doubled in bulk in a warm place (about 20 minutes). Bake in a moderately hot oven (400-degree) for 1 hour. Do not store until cold.

#### Sausage Spoon Bread (Makes 1 dozen)

1 pound sausage meat  
2 cups canned tomatoes  
2 teaspoons minced onions  
2 teaspoons salt  
3/4 cup corn meal  
1 egg  
1 cup milk

Cook tomatoes, onions and salt to boiling in saucepan. Slowly add corn meal, stirring constantly. Cook until thick. Brown the sausage, drain off fat and add 1/4 cup of the fat to the corn meal. Beat eggs, add milk and combine with first mixture. Bake uncovered in a greased 8-inch square pan, in a moderate (375-degree) oven for about 45 minutes. Serve hot.

## Safetigrams

Much has been written in this column about the behavior of the pedestrian. There is a definite movement on foot in many communities to give tickets to pedestrian violators. The pedestrian then, if he violates the rules and regulations about proper crossing of streets, is given a ticket and will have to appear in court to explain to the judge just why he is so careless. Ignorance of the law is no longer an excuse to offer a traffic court judge. Jaywalkers and others who make it difficult for automobile

only have to appear in court. Do you want this in your community? No-most of us do not, but we are behaving in such a way that it will become necessary for our various city councils and regulatory bodies to pass rules and regulations and laws that will make it a violation for pedestrians to cross in the middle of the block and to pay no attention to crossings at intersections.

You as a pedestrian should:

1. Cross streets only at intersections and in the crosswalks.
2. Cross only on the green light.
3. Remain on the sidewalk until the green light shows.

You will live longer:

### JULY PEAK FOR DROWNINGS

July is the peak month for drownings in Michigan, according to the State Health Department. Of the 241 deaths by drowning reported in the state last year, 75 occurred in July. The vacation months of June, July and August, account for two-thirds of all drownings.

Eighty-six per cent of the drowning accidents occur among males. Of the 147 persons drowned in Michigan during the past five years, 1269 were males.

Among males the largest number of drownings (38 per cent of the total) occurred in the 10-19 age group. Among females the peak age was 5 to 14 years.

## Mich. Bell Adds 65 New Long Distance Circuits

The Michigan Bell Telephone Company announces that it has added 65 new long distance circuits to its north-Michigan network in anticipation of a record tourist season this summer.

Arthur L. Beazley, general manager, said that even the additional facilities probably will not permit the company to handle all calls promptly unless users limit the length of their

calls and use off-peak hours to make them. He forecast an increase of at least 25 per cent in long distance traffic in the resort areas over the record volume of last year.

In addition to the 65 full-time circuits, 29 more night circuits have been made available for long distance calling. They will connect with Chicago, Detroit, and other large cities.

New full-time circuits include lines obtained through the loan of carrier equipment from other Bell System points in the South. Seventeen of the circuits have been added by construction of new lines and 39 are made available by rearrangement of existing facilities, the announcement said.

Carrier equipment which permits three additional talking circuits to each pair of wires has been borrowed for the summer season from Greenville and Charlotte, North Carolina; Birmingham, Alabama; Nashville and Knoxville, Tennessee; and Jacksonville, Florida. Those cities have a low, long distance calling rate during the summer, but a high rate during the winter season when resort calls fall off in Michigan.

The carrier equipment has been installed at Standish, Petoskey, Big Rapids, and Traverse City. This equipment, however, will serve most of the resort areas which "feed" into those telephone centers.

## Unemployment Benefits Go To 1198 In County

The Ann Arbor Office of the Michigan Unemployment Compensation Commission paid unemployment compensation benefits to 1198 unemployed people in Washtenaw County less six townships in vicinity of Ypsilanti, for the two weeks ending June 29, 1946, according to Earl W. Potter, Chief Claims Examiner.

This figure includes 554 unemployed persons paid readjustment allowances and 644 industrial claimants paid from the Michigan Unemployment Compensation trust fund. Included among the industrial claimants were 289 women.

Earl W. Potter said there were 436 who filed initial claims for the two weeks. Of this number, 124 were veterans and 202 were women.

Previous reports have been made to you on a weekly basis but of late claimants report every two weeks and claim benefits for a two week period. It has been changed to a two week report since it gives a more accurate record of the number of unemployed persons in this area.

**New Ship Paint**  
A new ship's bottom paint is a plastic composition that so retards the fouling of ship's bottoms that war ships which formerly had to have their bottoms painted about every six months now can go for two years as a rule without serious difficulties from barnacles. It is estimated that the new paint adds probably 25 per cent to the length of time a warship can be on active duty. It enables maintenance of a ship's speed and maneuverability at higher levels, and also reduces fuel consumption.

**Wall Insulation**  
Wall insulation saves fuel and keeps the wall warmer. This is important because your body loses less heat to a warm surface than to a cold one. In a room with a temperature of 70°, an uninsulated wall may be as cold as 50°, while an insulated wall would be approximately 65°. If you stand or sit next to a cold wall you will feel cold, even if the air temperature in the room is 70° or 72°.

## VETERANS

THE OFFICE OF  
VETERANS' AFFAIRS  
LANSING

**Early Applications Urged From Veterans Planning To Enter College**  
The Veterans Administration is urging all veterans who plan to attend school under the G. I. Bill for the first time next fall to apply at once for the certificate of eligibility and delays in issuance of the certificate may be avoided. If applications are delayed too long, VA offices will be swamped at the last minute, it is explained.

VA calls attention to the fact that its rules require that veterans have certificates of eligibility before enrollment, but that many schools do not ask them before they will admit veterans as students.

Subsistence allowances are payable from the date the veteran enters training, provided he has been accepted for it, VA says. Application forms can be obtained from VA regional or sub-regional offices having jurisdiction over the area in which the applicant lives, and the entire matter can be handled by mail. After the application is processed, the veteran is sent the certificate of eligibility, which they should take with them when they enroll in schools.

More than 500,000 applications a month were processed by VA offices during March and April. Through a program conducted by the Michigan Office of Veterans' Affairs, a veteran-student may borrow the equivalent of one month's subsistence if he needs the money to tide him over until his first subsistence check arrives. Applications are available at all VA schools except those for which loan funds have already been provided.

One out of every four Michigan veterans of World War II has filed a claim with the Veterans Administration for disability pensions, it was disclosed today.

Up to June 1, a total of 123,274 claims had been filed by Michigan veterans, resulting in 61,922 awards. Of the remainder, 55,366 claims were disallowed or had been terminated and 5,986 were pending adjudication.

During May, the VA processed 7,176 claims filed by Michigan veterans, compared with 12,897 claims adjudicated during April.

The VA urged veterans who believe they are entitled to a disability pension to file their claim within one year from the date of their discharge. Payments on disability claims filed within the one-year period begin from the date of the veteran's discharge. Payments on claims filed after that period start from the date the claim is filed.

A total of 3,282,375 claims had been filed in the nation up to June 1. Claims approved for compensation or pension totaled 1,516,310 and of the remainder, 1,446,065 claims were disallowed and 204,444 were pending adjudication.

The VA already has paid out more than \$500,000,000 to the nation's disabled veterans of World War II. Nearly 100,000 veterans have been awarded pensions for service-incurred physical or mental impairments which rendered them totally disabled.

The Veterans Administration paid a total of \$7,314,717 in various benefits during May to Michigan's war veterans, their dependents and beneficiaries, it was announced today.

The total represented payments for disability and death pensions and compensation, subsistence allowances and miscellaneous obligations including burial expenses and tuition of veterans attending educational institutions under the G. I. Bill.

The total amount of benefits paid during May was nearly a million dollars over the April figure, when payments totaled \$6,412,599. The increase was due to a great deal of rise in the volume of subsistence payments to veterans enrolled at educational and on-the-job training institutions. Decreases were noted in disability and death compensation payments for veterans of both World War I and World War II.

During May, the VA paid \$3,489,826 in Michigan for disability and death pensions and compensation for veterans of both World Wars. Payments in subsistence allowances totaled \$3,308,489. These payments were made to veterans enrolled under the G. I. Bill in education and training and to disabled veterans receiving on-the-job training. Burial expenses, educational tuition and other obligations during May totaled \$522,932.

**Organic Matter**  
Remains of crops left on the land, stable manure, and plow-under crops are the only practical means of holding a big enough supply of organic matter in crop land. Without it, soil is hard to handle. The organic matter serves as a sponge to hold moisture and as food for soil bacteria. Its steady rotting frees soil foods sought by the crop roots.

**Easy Cleaning**  
Fast-feathering poultry stock is desirable for meat production because the chicks from such stock have a minimum of pinfeathers at broiler or fryer age.

## Waste Disposal

Many cities are levying special charges on industries for disposing of their large amounts of industrial waste, resulting from accelerated production, the International City Managers' Association reports. Special disposal charges are based on volume, solid content and strength of the waste. Extent of the industrial waste treatment problem is indicated by the fact that volume of such wastes is equivalent to the sewage pollution of approximately 80,000,000 persons. At present wastes of only 30,000,000 people are being treated in all existing central sites for domestic sewage disposal in the country.

## Heart Trouble

For most cases of heart disease there are no special limitations of food, physicians say. In general it is inadvisable to eat too heavily, or to eat so much that excessive weight is taken on. Occasionally, rigid restriction of the diet is necessary for the cardiac sufferer. But these programs must be carefully planned and should be carried out only under the supervision of the physician. There is no place for the self-imposed, self-devised diet in the care of heart trouble.

## Qualat City

The rhythm of modern life is unknown in the picturesque capital city of Ancud on Chiloe Island, largest of the bewildering wealth of small islands along the Chilean coast. There is not a paved street in the city, and the population of 3,000 has only three automobiles and three trucks. The island is connected with the Chilean mainland by steamship to Puerto Montt, which furnishes mail service.

## Cooking Potatoes

Home economists say that freshly harvested Irish potatoes offer more vitamin C than those coming on the markets from winter storage. Serve potatoes any way you wish but cook them with care because this saves vitamin C as well as B vitamins and minerals which this vegetable offers. Do not cook large and small ones together. The small ones will be overcooked.

## Phosphorus Important

Phosphorus is present in every living cell, and is closely related to the formation of new cells. It hastens maturity, promotes a vigorous growth, and is especially important in keeping up root development and seed formation. In livestock, phosphorus is important in developing bones and teeth, closely related to growth, health and the ability to breed. A dietary deficiency is the result of soil deficiency.

## Economical Milking Parlor for Farm

Saving in Capital  
And Labor Costs

Economy, both in initial cost and labor, is the chief attribute of the pen-type dairy barn with attached milking parlor used by many dairymen. It is particularly advantageous when adding to the size of the herd. The cows are allowed to run loose in the barn and are milked and fed in an adjoining lean-to milking parlor.

The total cost for materials of the lean-to shown in the sketch would be approximately \$900, including a

fire-resistant asphalt roll roofing and gypsum exterior walls. This will permit the farmer to qualify for producing Grade A milk.

The six-stall parlor is large enough for a 30-cow herd. It does increase the amount of bedding needed by nearly 50 per cent. This results in a corresponding increase in manure value.

One of the main advantages of this type construction is that the herd may be added to without expense of new stanchions.

## Farm Safety Week to Stop Accident Gains

Making life on the farm safer for children and adults is the basic aim of Farm Safety Week. President Truman, in proclaiming the week, July 21 to 27, suggested "that the

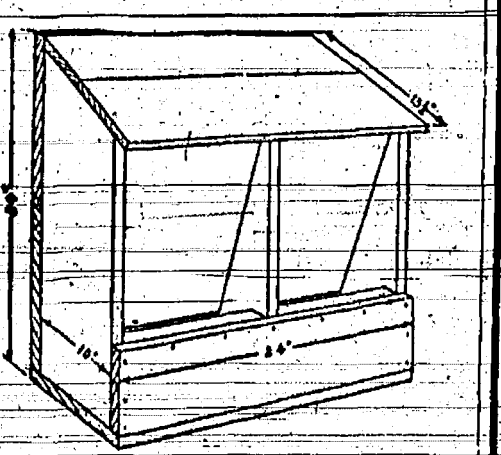

Proper confinement for the bull may save lives.

farm people of the country observe the week by resolving to eliminate at least one hazard a day until their farms are as safe as they can possibly make them."

Open wells, improperly fenced dangerous animals, ladders, dangerous parts of machinery unprotected, cluttered barnyards, all take toll of thousands of farm children and adults annually.

## Grit and Shell Box

An easy-to build grit and shell box for the laying house may be made of box lumber but should be strong enough so that it can be nailed to the side of the house, six inches above the litter.

## Concrete Measuring

A box for measuring sand and gravel is shown in the illustration. For a 1:3:5 mixture the frame should measure inside 4 feet seven inches, 2 feet wide and 1 foot deep. On the inside and 33 inches from one end, a partition is placed.

## Ants in Garden May Be Controlled by Pyrethrum

Ants in lawns, fields and gardens can be controlled with a concentrated pyrethrum product, according to W. A. Price, Kentucky experiment station. A preparation containing 2 per cent in a vegetable oil soap is recommended. The dosage should be applied at the rate of one table-spoonful to a gallon of water. A gallon is sufficient for a hill 12 inches in diameter and two inches high.

**Eye Aids**  
Billions of impulses of light energy fall upon the eyes every second. Many eyes need aids to condition the light for better seeing.

**Express Shipments**  
In 1944, the Railway Express agency handled no less than 200,000,000 shipments, and a million and a half shipments went by air.
