Mrs. John Oesterle New Supervisor of County Hold Reunion Sunday

Miss Ella Barber, who has so efficiently served the Chelsea Standard as reporter for more than twenty years, has decided to discontinue this work.

During these many years of faithful service she has conscientiously reported the community news—events and chronicled its happenings.

A resident of Chelsea her entire life, a graduate of the public school here, and her associations during years of business experience, gave her a knowledge of the people of the community that was invaluable in her reporting.

Through her weekly contacts with people she formed many lasting friendships and pleasant associations. The cooperation of the patrons in contributing their news items is sincerely appreciated.

The management of The Standard also wishes to publicly express its appreciation to Miss Barber for these years of capable service.

Mrs. John Oesterle, 815 Taylor St., has assumed the duties of reporter for The Standard, and has proved her capabilities in the work she has already done.

Collecting news items from a territory this size is no small task and to be successful requires the cooperation of all those having news to report or knowing of community happenings. This cooperation not only helps your reporter but aids in the publishing of a more interesting newspaper, so for "newsies" newspaper call your items of interest to Mrs. Oesterle, whose telephone number is 2-1581.

Shoe Repair Opens In Glick's Store Basement

Ed. Grollard, shoe repair man, with 35 years' experience in Detroit, Lincoln Park, Ecorse and Ida, has opened a modernly equipped shoe repair shop in the basement of Glick's Department Store and is now ready to give "while-you-wait" service if necessary, and will try to give twenty-four service as much as possible.

His equipment includes a McKay stitcher for stitching on soles, a machine not ordinarily found in a town this size; also an American stitcher, Champion straight needle stitcher, an up-to-date finisher, and two patching machines.

A fine stock of repairs includes oil-proof soles, cord, combination and leather soles, and there is also a supply of shoe polishes and laces for sale.

Entrance to the repair shop is at the back of the store and down the rear stairway.

Mr. and Mrs. Grollard plan to move here as soon as a house is available.

Van Wagoner Visits Chelsea

Murray D. (Pat) Van Wagoner, candidate for governor on the Democratic ticket, visited Chelsea on Monday, and called on many of his local friends. "Pat" expressed confidence in his party's chances of winning at the November election and stated in his visit at the Standard office that he will conduct a vigorous campaign throughout the state. A governor from 1940-1942 Mr. Van Wagoner was very successful in his administration of state affairs, and his many friends here wish him well in his bid for a return to the office.

ENGAGEMENT ANNOUNCED

The engagement of Pat Rogers, daughter of Evan E. Rogers of Flint, to Harrie L. Bleecker, son of Mr. and Mrs. R. L. Bleecker of Pittsfield Village formerly of Chelsea, has been announced. The wedding will take place early in September.

PAPER EARLY NEXT WEEK

In order that The Standard force may enjoy a few days' vacation, the paper will be published next week on Tuesday, for Wednesday morning distribution. Our mechanical department will be closed Tuesday night for the remainder of the week. The business office will be open Wednesday and Friday from 9 to 11 a.m., and 1 to 4 p.m., and on Thursday and Saturday from 9 to 11 a.m., with Mrs. John Oesterle in charge.

Chelsea Places Third In Junior Baseball League

Competition ended last week in the Tri-County Junior Baseball League an experiment this season in promoting hard ball for boys under 16 years of age.

Six inning games were played, with two points given for a victory and one for a tie.

The League was so successful that plans are already being made for the 1947 season.

Chelsea's team is sponsored and equipment furnished by the Chelsea Kiwanis club.

HONORED AT SHOWER

Miss Betty Wahl, whose marriage to Norman Hinderer will take place Saturday, was honor guest at a miscellaneous shower given by the W.S.C.S. at Salem Grove church on Monday evening. In the church basement. Guests included the members of the W.S.C.S., of which Miss Wahl's mother is a member, and other friends and relatives of the bride-to-be. The evening's entertainment was in charge of Mrs. Truman Lehman, of Franco, and the refreshments were ice cream and wafers.

Holstein Breeders Will Hold Show August 22

Washtenaw County's Annual Black and White Show will be held by the Holstein Breeders of the county next Thursday, August 22 at Saline, according to DeForest Thompson, president of the County Holstein Breeders' organization. The show will be held at Saline City Park and will include Holstein cattle of different ages.

There will be a basket picnic dinner at noon at the park and judging will begin at 1 p. m. Herbert Miller, a prominent Michigan Holstein man, will do the judging. Saline Rotary Club is cooperating in this event.

Officers and directors of the County Holstein Breeders' Association having charge of this show are DeForest Thompson, president; Leonard Burmeister, vice president; Lowell Spike, secretary-treasurer; and the other two directors are Del BeGoie and R. P. Ullman.

GRADUATED FROM WMC

Kalamazoo—Geniove Johnson Alperwitz of Chelsea was graduated from Western Michigan College at the end of the six-weeks summer session Friday, August 9. She received a Bachelor of Science degree. Exercises in honor of the class were held Wednesday evening in the campus theater, when the address was given by Dr. Paul N. Eibin, president of West Liberty State College.

HOLD PICNIC SUNDAY

About fifty attended the annual Oddfellow and Rebekah picnic, which was held at the Legion hall at Cavanaugh Lake on Sunday, and enjoyed the pot-luck dinner and the games in the afternoon.

Golden Wedding Club Held Picnic In Jackson

The Golden Wedding Club held its third annual picnic at the pavilion in Ella Sharp Park, Jackson, on Wednesday, August 7, beginning at ten o'clock in the forenoon. Attendance registrations totaled 198.

To be eligible for membership in the club it is necessary for a couple to have celebrated their fiftieth wedding anniversary.

E. R. Allen, of Springport, retiring club president, who was instrumental in launching the club two years ago, has been president since its organization. The newly-elected president is George McGlinch, of Jackson, a retired locomotive engineer.

Ed. Hammond, of Chelsea, who attended the picnic with Mrs. Hammond, reported that it was a very enjoyable affair. The cooperative dinner at noon was exceptionally good, the table decorations appropriately consisting of bouquets of goldenrod.

The new president's wife, Mrs. George McGlinch, read a poem of her own composition, titled "Fifty Years—A Golden Crown of Many Blessings," and Carl M. Saunders, editor

of the Jackson Citizen-Patriot, congratulated the club members on their many years of married life together. He spoke of the high percentage of divorces in our country today, quoting figures to show that during July in Jackson county, divorces averaged almost two-thirds of the number of marriage licenses issued for the same period. He said this was one of the most serious problems of the present generation about which too little was being said or done. He stated, "You can't build a stable Christian society on that kind of a crumbling foundation. You can't raise good citizens for the future in that proportion of divided homes."

The oldest couple in attendance was Mr. and Mrs. William H. Powell of Tecumseh, 87 and 85 respectively. They have been married 69 years. They were also the oldest, and longest married couple last year.

The youngest couple was Mr. and Mrs. E. A. Gary, of Jackson, who were married fifty years ago, August 27, when she was 16 and he 17 years old.

T. J. Finch, of Van Wert, Ohio, was honored as the one who traveled the farthest to attend the gathering, the distance being 112 miles.

Others, besides the Hammonds, attending from Chelsea and vicinity were Mrs. Henry Altmeyer, Mr. and Mrs. Peter Young and Mrs. Philip Rienschneider.

MILLER REUNION

The annual Miller reunion was held at Fitzgerald Park in Grand Ledge on Sunday, August 11.

After the pot-luck dinner at noon, a program of readings, poems and songs was given.

Officers elected for next year are: Lawrence Boyer, of Chelsea, president; Jerry Adams of Flint, vice-president; Mrs. Maude Cawkins of Hopkins, secretary and treasurer.

Among the 90 guests who attended the reunion were Mr. and Mrs. John Chaplin and son, Mr. and Mrs. Gale Gilson and daughter Doris, Mr. and Mrs. Mac Packard and family, Mr. and Mrs. Ken Houle and son, Mr. and Mrs. Lawrence Boyer and Mr. and Mrs. Ray Johnson, all of Chelsea.

Others in attendance came from Flint, Mecosta, Hopkins, Homer, Conklin, Charlotte, Augusta, Plainwell and Grand Ledge.

The 1947 reunion is to be held at the same place, the second Sunday in August.

Mr. and Mrs. Paul Eisele, accompanied by their daughter Lois and Joanne Eisele, visited their sons, Richard and Tommy, at the Y.M.C.A. camp at Fenton on Sunday.

Mrs. David Crouch and son Dale of Grass Lake spent Wednesday at the home of Mrs. Leon Chapman, and Thursday guests were Mrs. Arthur Cunningham and Mrs. Ida Wolfgang of Jackson.

Golf Craze

Golf was forbidden in Scotland in 1491, because people had become so interested in golf that they neglected their archery practice. Mary Queen of Scots was playing golf when word was brought to her of her husband's murder. Her son, James I. of England, appointed a clubmaker and a ball manufacturer. Until 1848, when the gutta-percha ball was introduced, golf balls were made of leather stuffed with "as many feathers as a hat will hold."

MISCELLANEOUS SHOWER

Mrs. Charles Rabley, assisted by her daughter, Mrs. Elton Hawkins, of Alma, and Mrs. George D. Rabley, of Chelsea, entertained at a miscellaneous shower at her home Wednesday evening, August 7, honoring Miss Ruth Gracey who is to become the bride of J. E. "Bud" Rabley early in October.

Games and guessing contests were enjoyed, in which Mrs. Bradford Carter, Sr., Mrs. Roberta Mayer, and the bride-to-be were prize-winners.

Many very lovely gifts were presented to the honor guest.

Refreshments were served buffet style at a beautifully appointed table centered with an arrangement of mixed-summer flowers and pink candles in crystal holders, carrying out the pink and white color scheme.

Using a beautiful old silver tea and coffee service which is a family heirloom, Mrs. George Rabley and Mrs. Harold Gracey presided at the table.

Out-of-town guests were Mrs. Bradford Carter, Jr., Asbury Park, N. Y., Mrs. Bradford Carter, Sr. and Mrs. Roberta Mayer, Grass Lake, Mrs. Charles Rabel and Mrs. Carrie Poling and daughter, Phyllis, of Saginaw.

BIRTHDAY PARTY

Mr. and Mrs. Leon Chapman entertained at a dinner on Sunday, celebrating the birthday of Mrs. Chapman's sister, Ariene Satterthwaite.

The guests were Mr. and Mrs. George Satterthwaite and daughter Ariene, Mr. and Mrs. Vernon Satterthwaite and family, Mr. and Mrs. LeRoy Satterthwaite and son, Paul Klager of Ann Arbor, and the Chapman's house guest, Patricia Mohrlock.

KLEINSCHMIDT REUNION

The annual Kleinschmidt reunion was held Sunday, August 11 at the Dexter-Huron County Park, with 65 members of the family coming from Detroit, Norvell, Flint, Fowlerville, Dexter, Saline, Manchester, Ann Arbor, Freedom and Chelsea to attend.

A pot-luck dinner was enjoyed at noon, and later, after the games in the afternoon, ice cream and cake was served.

Officers elected for the coming year are Frank Kleinschmidt of Dexter, president, and Mrs. Walter Bertke,

Manchester, secretary and treasurer. Chelsea people who attended were Mrs. James Roberts and children, and Mr. and Mrs. Ernest Fitzmier.

BURKHART REUNION

The first reunion of the descendants of Charles and Roxanna Searles Burkhardt was held at the home of Mr. and Mrs. Auburn Burkhardt in Perry on Saturday, August 10, with 47 members of the family in attendance.

A short business meeting was held after the pot-luck dinner and officers were elected for 1947 as follows:

Auburn Burkhardt, Perry, president; Burk Sharp, Lansing, vice-president; Mrs. Juanita Whitmyer, Perry, secretary and treasurer.

Guests were present from Hart, Detroit, Chelsea and Perry.

The next reunion will be held at the home of Mr. and Mrs. Wm. Maye in Munith on August 14, 1947.

Chelsea people who attended the reunion were Mr. and Mrs. Charles Daniels and son Edward, Mrs. Charles Winans and son Charles, Mrs. Elmer Winans and daughters, Mrs. Robert Bonnie, and Mrs. Donald Oosterlinck and daughter, Donna Jean.

THANK YOU

for waiting for delivery of your

NEW CHEVROLET

We are doing our best to see that you get your new car as quickly as possible

We want to thank our customers and prospective customers for your friendly patience while awaiting your new Chevrolets.

We know it is a hardship to wait for needed transportation; but we believe you will understand that we, and Chevrolet, are as eager to deliver cars as you are to obtain them. Unfortunately, production so far this year is far under expectations. Chevrolet Motor Division sums up the situation thus:

"Even though our rate of production normally exceeds that of any other manufacturer, we have been able to build, up to July 1, only 12.4 per cent as many cars as we had built up to that date in 1941. Production is still far below normal, because of frequent shortages of essential materials and parts. Strike after strike at the plants of our suppliers has seriously impeded our progress toward full production, and the cumulative effect severely hampers every manufacturing and assembly plant. In June we were able to build only 29.2 per cent as many cars as we produced in the same month in 1941."

While production is restricted, so-in proportion—are shipments of cars to us. As production increases, we are assured of getting our proportionate share of the total—and as quickly as cars are received, we will speed deliveries to our customers.

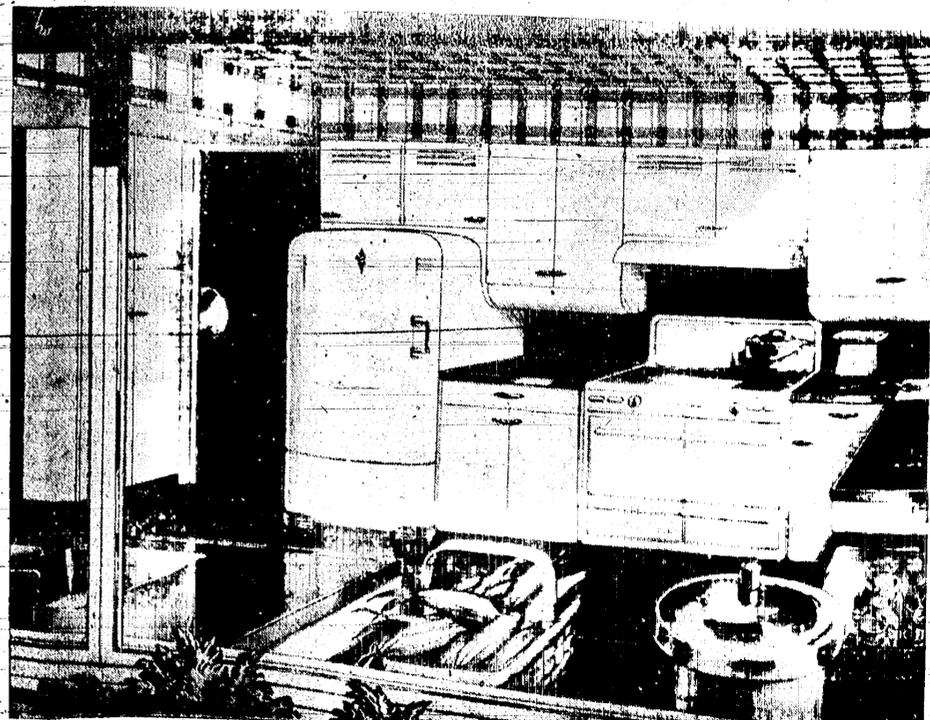

Remember—Our CAR-SERVICE is your best CAR-SAVER. Keep your present car "alive" until you get delivery of your new Chevrolet by bringing it to us for skilled service now good at regular intervals.

Your old car is IN THE HOME STRETCH

This new Engine Clean-up Program may be the one thing that will give it stamina for the final spurt

You're probably seeing some new cars, these days. And they're mighty welcome to the eye. For their arrival means your old one can be replaced in the reasonably near future. But this last stretch may be the hardest one of all. Chances are the engine is dirty. Sticky deposits, long accumulating in that old engine, may suddenly clog the oiling system—with disastrous results.

To meet the situation, your Standard Oil Dealer offers a new, economical, five-point Engine Clean-up Program. It includes the use of two remarkable new Standard Oil Products—Stano-Purge and Stano-Vim—which do an effective cleaning job without requiring expensive dismantling of the engine.

New, Economical, 5 Point Engine Clean-up Program

- STANO-PURGE**—Purges crankcase and engine. Cleans oil screen. Removes deposits tending to clog oil lines and channels.
- STANO-VIM**—Introduced through carburetor air intake, it cleans out deposits on valve seats. Restores pop, power, smooth engine operation. Treatment includes cleaning the air cleaner.
- OIL CHANGE**—Oil Filter Replacement. Fresh oil always helps keep an engine clean. A clean filter keeps the oil clean.
- RADIATOR FLUSHING**—Old engines need efficient cooling.
- FAN BELT CHECK-UP**—A worn belt is an untimely risk—if your car is old, chances are you need a new belt.

Mr. and Mrs. John A. Cox of Fenton were Wednesday evening dinner guests at the D. H. Wurster home. On Monday, Mrs. Wm. Schmid of San Bernardino, Calif., and Mrs. Winifred Lake of Grass Lake were afternoon callers.

Fire Destroys Barn On Cletus Yoakam Farm

The Chelsea fire department responded to a call at the Cletus T. Yoakam farm, northeast of Chelsea, on Monday afternoon. Men were at work blowing straw into the barn with a silo filler and it is believed that a stone in the straw, hitting the side of the conveyor, caused a spark, igniting the straw and setting fire to the barn, which was completely destroyed. The 30x40-ft. barn was filled with hay, and in addition to this six sheep in the barn were also burned to death. Several piles of lumber near the barn were burned and the silo filler damaged. The fire was so far advanced by the time the fire department arrived that all they could do was to prevent it from spreading to other buildings.

Idle Acreage No Longer Recommended Cultivation Needed For Tired Acres

The "rest cure" treatment for worn-out farm land is rapidly becoming a thing of the past, as farmers are learning that "acres on vacation" are likely to deteriorate rather than increase in fertility level, according to J. C. Hackleman, professor of crops extension at the University of Illinois college of agriculture. "Farmers formerly thought that if they put their 'tired acres' into pasture, the land could be rested two or three years and would come back as productive and vigorous as ever," Professor Hackleman pointed out. "The fact is that every ton of beef, pork or mutton or milk produced on these pastures removes nitrogen, phosphorus, potash and calcium or lime just as surely as does a crop of corn, oats, wheat or hay."

"In addition, as the permanent pastures become less productive they provide less cover and the result is more loss through erosion. But these weary pastures are not hopeless cases, Professor Hackleman declares. The response of phosphoric acid, nitrogen and potash is more than adequate to bring them back to their former productivity. A 5-10-5 fertilizer contains 20 per cent of actual available plant food. The first figure in the fertilizer analysis indicates the percentage of nitrogen (N), the second phosphoric acid (P. O.) and the third available potash (K.).

most of them to proper soil treatment is almost miraculous. Five simple steps, he says, will transform the average worn out pasture into a productive acreage in one or, at most, two years. These steps are to test the soil and treat it with the necessary plant food mineral elements, disc these minerals thoroughly while preparing a reasonably good seedbed, reseed with a mixture of legumes and grasses, control grazing for at least a year and stop weeding, giving the legumes and grasses a chance.

Professor Hackleman said that because of an increase of cultivated acreages during the war, a greater acreage is now ready for legumes than in prewar days. Pasturing of Turkeys Saves in Grain Feeds Not only will the pasturing of turkeys and poultry, if properly conducted, result in soil conservation, but considerable saving in grain will result. Orchard grass and ladino clover has been proven an effective pasture for range turkeys and chickens. Tests at regional laboratory, Pennsylvania, have shown that the number of birds to be pastured can be doubled by proper stand and management.

Local Stabbing Victim Is In Serious Condition

John Owens, 38, of West Middle St. was taken to St. Joseph's Mercy hospital in Ann Arbor about 6:30 Sunday evening by sheriff's officers after suffering wounds resulting from being slashed with a knife, reportedly over an argument during a card game in the home of Rudolph Otto. Owens was reported to be in a serious condition. Several persons have been questioned, and Blair Pierson, 42, was held in jail in Ann Arbor for investigation, but has since been released on bond.

Buildings On Klingler Farm Burned Tuesday

A fire of unknown origin burned the large barn, chicken house and milk house on the Heurion farm, northeast of Chelsea, about noon Tuesday. This farm was purchased by Ralph Klingler a short time ago. The barn contained a quantity of hay and grain, and the chicken house had also been used for storage purposes. The Chelsea fire department was called and assisted in saving the house.

Barthel Reunion

The seventh annual reunion of the Barthel family was held at Maplewood Farm, Northville, the home of Mr. and Mrs. Wm. Barthel, on Sunday, August 11. A pot-luck dinner was served at noon and in the afternoon after a short business meeting at which Mrs. Wm. Barthel was elected president, a program of group singing and instrumental music was enjoyed, the main feature being piano selections by Mrs. Margaret Baxtreaser, daughter of the Wm. Barthel, who is a concert pianist in New York City where she is to appear soon at Carnegie Hall.

Deaths

William Wolf, aged 82 years, died at the home of his son, Cleon, 415 Gilbert St., Jackson, on Thursday, August 8. He was a lifelong resident of this vicinity and resided on West Middle St., Chelsea for many years before moving to Jackson. He is survived by his widow, Ida; son, Cleon, and a grandson, William. Funeral services were held from the Halley funeral home, Jackson, at 2:30 on Monday, with interment in Oak Grove cemetery, Chelsea.

Kiwanis News

The Kiwanis club met on Monday evening at the Methodist church. The program included two piano solos by the "Schwieger" Heimweh, from Genesee Op. 40, "A Sweet Mystery of Life" by Victor Herbert. Then Al Johnson played and sang a western song, "My Poor Little Heart Is Broken" (on the phonograph). The second part of the program was called the music de-preciation hour, featuring the "Kiwanis Knights"—Lowell Davison, "Vic" Kohman, "Wallie" Grossman, "Dutch" Schwieger, playing in Hillbilly costumes and rendering "Red-Wing," "Turkey in the Straw" and "Home, Sweet Home."

Birthday Party

Mrs. Lawrence Riemenschneider entertained at a birthday party for her son Robert's first birthday on Wednesday, August 7, the main feature of the party being the birthday cake with a single candle on it. The guests were five little children, and Mrs. Walter Stillier of Ann Arbor and Miss Ann Elsie of Cleveland, Ohio.

High Yield-Grain Sorghum

Hegari is probably the best of the grain sorghums for S. Carolina because it will produce high yields on both upland and bottomland. Grain sorghums can withstand drought much better than corn. For this reason, the small farmer may frequently profit from growing a good grain sorghum which makes high yields of grain and forage with less moisture than corn.

A Good Baking Pear

The pineapple or sand pear is most abundant in Louisiana. It is too hard and grainy to enjoy raw, but makes a good baked pear. The fruit is prepared for baking by washing, cutting in half, coring and putting into a baking dish. Pour diluted syrup over the pears. Cover and cook until tender. Before serving, add butter and a little salt. For variety, cinnamon or other spices may be added to the syrup.

Francisco Arnold Lehmann and family of Chelsea visited at the Truman Lehmann home on Sunday. Several ladies from here were in Jackson on business the first of the week. Mrs. Mary Willy entertained her granddaughters for a week. The W.S.S. of Salem Grove Methodist church met last week at the home of Mrs. Jennie Miller and Mrs. Roy Miller, north of town. The Ladies' Guild of St. John's church was entertained last Wednesday by Mrs. Elmer Mauts, West Francisco. Mr. and Mrs. Geo. Heydlauf of Sylvan were Sunday dinner guests of the Walter Kalmbach family. Mr. and Mrs. Harold Salsbury have been on a fishing vacation for a number of days. Walter Kalmbach Jr. spent the week-end with friends in Lansing. Roland Sager went to Wolf Lake on Sunday to camp a week with the Boy Scouts. Mr. and Mrs. Walter Kalmbach were in Grass Lake on Sunday evening to attend a memorial service in honor of the late Mrs. Cora Denslow.

John Kaiser, who has been in Mercy hospital, Jackson, the past ten days, is somewhat improved. Mrs. Florence Sutton spent the week-end with Mrs. Nora Notten and Albert Notten. Mrs. Charles Barrett of Detroit spent Sunday with her aunt, Mrs. Nora Notten. Mrs. John Hartman and daughter were callers at the home of Mrs. Nora Notten on Sunday. Drying Agents Little Use to Uncured Hay Preparations containing sodium bicarbonate, drying agents or mixtures of the two, offer little promise as a practical solution of problems involved in the storage of undecured hay, recent studies at Massachusetts state college reveal. The tests showed that prohibitive quantities would be necessary for effectiveness on stored moist hay. Other drying chemicals also have proven prohibitively high.

Stuart C. Hildebrand, formerly field representative of the Michigan Crop Improvement association, has joined the staff at Michigan State college as extension specialist in farm crops. In this position Mr. Hilde-

STUART C. HILDEBRAND

brand will work with the production and distribution of superior farm crop seed in Michigan.

Mr. Hildebrand is a graduate of Virginia Polytechnic Institute, Blacksburg, and has his Master of Science degree from Michigan State college. He has had four years' experience as

a vocational agriculture instructor in Virginia, two years with the Soil Conservation Service at Howell, Michigan, and served with the army air corps from 1941-45.

DEATHS

Arthur J. Forner

Arthur J. Forner, 58, died suddenly in Ann Arbor on Friday afternoon of a heart attack.

Mr. Forner, whose home was at 120 Crest Ave., Ann Arbor, was the son of Peter and Emmeline Congdon Forner, and was born Feb. 13, 1888, in Sharon township. He was married to Joanna Devereaux of Pinckney on Feb. 15, 1916, and was employed as a conductor on the D. J. and C. interurban railway until it was discontinued in 1930. Since then he has been an Ann Arbor city bus driver. He was a member of St. Thomas Catholic church, Ann Arbor, and of the Holy Name Society of the church.

Surviving are the widow; two sons, James A. and Charles, both of Ann Arbor; two grandchildren; and a brother, Albert E. Forner, of Chelsea.

Funeral services were held at 9:00 o'clock Monday morning at St. Thomas church, Ann Arbor, with burial in St. Mary's cemetery in Pinckney.

Bath Aid

Here's a way to use up left-over sponges and scraps of toilet soap. Put them into a small Turkish towel-bag when taking a bath; this bag full of soap can be put into the tub and you'll have washcloth and soap in one.

The sweetest Blossoms draw the most Bees

IF you're inclined to fret because the good news hasn't come that your Buick's ready, just remember this:

The best is never easiest to get. And top-notch goods always pull the biggest buy-lines.

So it isn't just parts and material shortages that keep our waiting list long, though they have plenty to do with it.

It is also the plain fact that Buick stands today as the most wanted car in America.

It's wanted for style that puts you right out in front of the motorcar fashion parade.

It's wanted for the abundant power of big Fireball straight-eight engines, built to precision standards not even Buick ever achieved before.

It's wanted for the matchless comfort of BuicCoil springing, three-

person seats, Foamtex-covered cushions — and for the good, husky, time-defying bulk that means a car that's good for years.

It's wanted because it's a car that is solid Buick character all the way through — a standout performer that's right to the last fine detail and complete in every way when you get it.

Fact is — every new Buick delivered seems to bring in more orders.

Demand is actually growing — not just because new cars are needed, but because this Buick is so far, far ahead of what people expected.

So it's smart to act quickly. We can't deliver cars faster than the factory can make them — but the sooner your name's on our order sheet, the shorter your wait will be.

WHAT OTHER CAR HAS SO MUCH THAT CLICKS FOR FORTY-SIX!

SMARTNESS—that sets the style pattern with car-length Airfoil fenders and bolt-on rear wheel shields.

POWER—from a Buick Fireball valve-in-head straight-eight engine.

OIL SAVINGS—from non-scuffing Accu-rite cylinder bores.

FLASHING ACTION—of lightweight pistons.

STEADINESS—from full-length torque-tube drive in a sealed chassis.

GLIDING RIDE—from Panthergait all-coil springing.

COMFORT—of soft Foamtex cushions in roomy body by Fisher.

SURE FOOTING—of broadrim wheels.

CONTROL—through Permifirm steering.

CONVENIENCE—of high-torque Step-On parking brake.

PROTECTION—of Buickoriginalated fender-shielding front and rear bumpers.

When better automobiles are built **BUICK** will build them

Production of Milk In This Area Near Record

While milk production in the area serving the Detroit market showed a seasonal decline of nine per cent in July as compared with June, it was nevertheless higher than the national average and was less than one and a half per cent below the all-time record of July, 1945.
According to Howard F. Simmons, secretary-manager of the Michigan Milk Producers' Association, the slight decline from last year was due to a drop in the number of producers rather than to a smaller amount of milk being shipped by the individual dairy farmer. Maintaining production at this high level in the face of acute labor and equipment shortages is regarded by association officials as a most extraordinary accomplishment by the members and has proven a vital factor in solving the food problem of the Detroit metropolitan area.
Consumption of fluid milk was greater in July than in any July in the past and increased nearly seven per cent over the month last year. This unprecedented demand for bottled milk and cream has curtailed the amount available for manufacturing purposes and this situation is causing considerable concern over the prospect for supplying the Detroit market when the pasturing season is over.
"While fewer farmers have been disposing of their herds in Michigan than in most other dairying states, the feed situation looks very bad for the months just ahead," stated Mr. Simmons. "We have been fortunate in this territory, especially north of Detroit, in having better than average pasturage," he said, "but the prospects for the protein feed supply are more discouraging than for many years past. Much depends on the government's future action regarding both allocation and price of feed as well as the control of milk and dairy product selling prices, as to the providing of an ample supply of fluid milk this fall and winter," Simmons stated.

Goldfish-Greenish-Brown

Goldfish are not gold in the wild state, their coloration generally being greenish-brown. By careful breeding, colorful goldfish have been produced, but when they resume life under natural conditions they revert to their original greenish-brown color. In some localities goldfish occur in such abundance that they are marketed as a food fish.

ENTERTAINS CHAT 'N' SEAU

The Chat 'N' Seau was entertained on Tuesday, August 13 by Mrs. Caspar Glenn, a former member, at her country home near Stockbridge, with fifteen ladies from Chelsea in the group of twenty guests who enjoyed an afternoon of visiting, and the picnic supper which followed.

A very welcome guest at the meeting was Mrs. Dora Reeves Lamus, of Montana, who formerly lived in Chelsea, and is a graduate of Chelsea high school. She had been visiting friends and relatives in the neighborhood, and was a house guest at the Glenn home at the time. She was very happy to meet her old friends of the Chat 'N' Seau, and also inquired about news of her many other friends in and around Chelsea.

CARD OF THANKS

I wish to express my sincere thanks to my friends and neighbors for their gifts and cards, and the American Legion Auxiliary for their beautiful flowers, sent to me during my illness. All were deeply appreciated.
Mrs. Fred Harris, Jr.

Figy Explains Services Of Dept. of Agriculture

A misunderstanding of the duties of the Department of Agriculture brings in a flood of mail asking for information on the services rendered by the various bureaus of the department. Director Charles Figy says that all questions are carefully answered and every effort made to give the citizens of Michigan a better un-

derstanding of the problems and responsibilities of the department. The Bureau of Marketing and Enforcement is charged with the administration of about 50 state laws governing the manufacture and sale of articles of food and drink. Some of these laws have licensing provisions. The largest number of licenses issued by the Bureau are those required for manufacturers and dealers in sausage. Sausage includes bologna, weiner, wurst and frankfurters. Under the law, even a retail meat dealer selling

these items must have a \$1.00 license. Over 14,000 such licenses are issued annually by the Department. One of the questions recently received by this Bureau was why the license fees go to the Department of Agriculture and not to the Michigan Department of Revenue. This fee goes to the Department of Agriculture because the State Sausage Law, Act No. 259 of the Public Acts of 1938, specifically provides that monies received by the Director of Agriculture in payment of licenses issued under the section shall be paid into the state treasury and credited to the sausage inspection fund. The monies so derived are appropriated to compensate for and meet the expenses of inspection of manufacturers and general supervision of the industry. Employees of this Department must obey that law just the same as sausage manufacturers and dealers.

Many questions are received about the provisions of the Michigan laws governing the manufacture and sale of oleomargarine. The State Department of Agriculture is not responsible for the licensing and taxing of the manufacture and sale of oleomargarine. This is a duty of the Federal Government and all applications and inquiries should be directed to the Collector of Internal Revenue, Federal Building, Detroit, Mich. The only requirements in the laws of Michigan pertaining to oleomargarine are that it must be labeled "oleomargarine," a placard must be posted in places where it is sold or served, and it must be free from coloration or ingredients that cause it to look like butter.

ATTEND CONVENTION

Mrs. Will Fahrner, Mrs. Bertha Smith, Mrs. H. Grisson and Mrs. J. F. Haber attended the International Convention of Jehovah's Witnesses held at the Municipal Stadium in Cleveland, Ohio from August 4 to 11; as delegates from the Chelsea Company of Jehovah's Witnesses. Representatives were present from every country in the world and every state in the U. S. and lectures were given in every language represented at the convention. On Sunday, August 11, the last day of the assembly, 75,000 people attended. One of the main speakers of the week was N. H. Knorr, of Brooklyn, N. Y., who is president of the Watchtower Bible and Tract Society, Inc. An orchestra of about two hundred players provided musical numbers, and accompaniment for the large choir and the assembly singing, under the leadership of F. W. Franz of New York City. The convention next year is expected to be held the last part of August, in California, the exact time and place to be announced.

DEATHS

Emmet H. Dancer

Emmet Howard Dancer, 69 years old and a lifelong resident of this community, suffered a stroke on Wednesday morning, August 14, at his home, 11800 US-12 in Lima township and died shortly after noon without regaining consciousness. The son of Jacob Adelbert and Phoebe Ann (Coy) Dancer, he was born Sept. 9, 1876 in Lima, and later the family made their home near Sylvan Center. On Sept. 27, 1905, Mr. Dancer was united in marriage to Eva L. Norton of Francisco and they made their home in Chelsea until 1918, when they moved to Lima township, where they have since resided. He was a member of the Modern Woodmen of America; and served for several terms as treasurer of Lima township. He is survived by his wife, three sons, Donald J. of Chelsea, Howard H. of Ann Arbor, and Lynn C. at home; two daughters, Mrs. Edward Leja of Detroit and Mrs. Victor Hoek of Grand Rapids; a sister, Mrs. Minnie Pierce of Chelsea; two brothers,

Ernest R. and Herman J., also of Chelsea, and four grandchildren. With Rev. Fred D. Mumby of Milford, formerly of Chelsea, officiating, assisted by Rev. E. R. Major, a prayer service was held at the residence at 2 o'clock Saturday afternoon, followed by funeral services at 2:30 at the Staffan funeral home. Interment was in Oak Grove cemetery.

Extra Pale FOX DE LUXE Brewed with Imported Hops —Is Back Again!

To all Lovers of Fine Beer:
WE ARE AGAIN BREWING EXTRA PALE FOX DE LUXE BEER WITH FINE IMPORTED BOHEMIAN HOPS.

For four long years I have been waiting for this day to come. We are proud to be one of the first breweries to make this announcement.

During the war years adjuncts were used and no substitute for FINE IMPORTED HOPS. There is, however, imported hops can impart that distinctive fragrance and pleasing taste so characteristic of a truly fine extra pale dry beer.

To maintain our leadership we will spare no expense or effort to produce the finest beer it is possible to make.

You will be delighted with Extra Pale Fox De Luxe beer brewed with imported hops. Now available at your favorite tavern or dealer.

I sincerely urge you to try it and judge for yourself.

City People Make Up Half of Farm Buyers

The number of transfers of farms in Michigan in the last three years has been about double the normal turnover according to Karl T. Wright, farm management specialist at Michigan State College. A survey, being conducted by this department with the U. S. Department of Agriculture, also reveals that about half of the buyers of Michigan farm land are city persons.

Wright believes this is a higher percentage than in other states. He believes that many persons, living in our industrial cities, were raised on farms and have a "yen" to own a

this group. One is the factory worker who went through the last depression in the city. He thinks a small piece in the country would provide him greater security in the event of another depression. The other city buyer is one of the wealthier class who wants a farm as a hobby. His income during the war years has been high, and even if he loses money operating the farm, the reduction in his income tax will almost equal the loss," Wright explains.

The other half of the buyers, Wright says, are either farm owners or tenants purchasing farm land. Most of these are owners who are buying additional land to have a larger and more efficient farming unit. The smallest group is that of tenants becoming established as owners.

Michigan land prices remain above the U. S. average and the March 1946 figures were 13 points above the 1920 peak, Wright pointed out. Before the price break in 1920, Michigan land prices stood lower than the United States average, Wright's figures reveal.

Cutting in too soon after having passed a car is a dangerous practice. When you pass another car going in the same direction, drive ahead far enough after you have passed it before cutting in. This will give the car you have passed an opportunity to maintain the same speed under safe conditions. If you cut in too soon it will either cause an accident to yourself or you will drive the other car which you have passed off the road.

Many accidents have been the result of this practice and the responsibility rests with the automobile driver.

Never attempt to pass a car when there is not clear vision ahead. Safe driving requires good judgment, good driving, and "horse sense."

Rapid Growth Needed For Better Results

Fast Feathering Chicks Cut Down Feed Bills

By W. J. DRYDEN

Efficient, rapid growth is best measured by the weight of the bird at an early age. Studies of the USDA on the growth of cockerels have indicated that the greatest variability occurs between 3 and 6 weeks of age. If a good diet is fed and the cockerels have access to direct sunlight and the equivalent of free range. This is the best period

Twelve-day-old New Hampshire chicks show fast feathering, left, and slow feathering, right.

in which to make accurate selection of the most efficient birds by their body weights. At this age, Dr. Charles W. Knox of the USDA says there are maximum differences in weight between the slowest growing individuals and the fastest growing individuals. The lesson from these experiments would indicate that culling should start when the chicks are still in the brooder stage. As Professor Rice once said "a real poultryman has the eye to cull and the heart to discard. Culling is an art of Optiscan—the art to see and the will to discard."

Know Your Breed Aberdeen Angus

By W. J. DRYDEN

History of the Aberdeen-Angus breed in the United States dates back to the importation in 1850 of a cow named "Dutchess" from Portlethen, Scotland. There is no record of any present off-springs from this cow. In 1875, George Grant,

Elgon of Sunbeam, excellent type of Aberdeen-Angus bull.

Victoria, Kans., imported at least three bulls and ran them with common stock. This was really the foundation of the present breed in America, although many importations have been made since that time.

The Aberdeen-Angus are bred and raised almost exclusively for beef, although some strains are fairly good milkers. They hold an enviable record in the feed lot and as fat slaughter cattle.

Control Corn Earworm By Proper Treatment

In order to prevent corn-earworm Cornell has found that an inexpensive medicinal-type of mineral oil, heavy grade, will prove satisfactory. The ears should be treated after the silk has started to turn

brown at the tip, from three to five days after silk first appears.

Apply the oil with an ordinary medicine dropper. Fill half full, about 20 drops, for small ears, and three-fourths full for large ears. Insert the dropper into the silk just inside the tip of the husk as shown. The oil penetrates the silk "channel" and kills the young worms as they enter.

DDT May Not Always Be Dangerous to Bees

Latest findings indicate that DDT may not be as fatal to bees as was formerly believed. It is true that if the hives are sprayed with DDT the bees will die. Tests at Michigan showed that bees in orchards which had been sprayed did as well as bees in an orchard where DDT was not applied. It was found in California tests that DDT proved no more harmful to bees than other sprays.

Turkey Growers Seek Improvement In Quality

Production of a better and meatier turkey to satisfy the ever-increasing year around market in Michigan is the goal of the Michigan Turkey Growers association. Meeting on the Michigan State college campus recently, directors of this group took additional steps to improve the quality of birds going to market.

Cooperation with the MSC program for using only the higher quality turkeys for egg production, development of better feeding programs as well as dressing and marketing operations is a part of the plan.

To better acquaint growers with improved methods, the association will hold a State Turkey Tour on September 18 and 19. A number of flocks will be visited where improved facilities may be inspected.

While the number of turkeys being produced this year is about 15 per cent under the million birds grown in Michigan last year, the general trend is upward. Shortage of feed, as well as higher prices for feed, caused decreases in flocks this year. In the past eight years, however, Michigan's production has increased from 400,000 birds in 1938 to approximately one million in 1945.

While the average flock in Michigan is below a thousand birds, some growers raise as many as 18,000 to 20,000

turkeys annually. The gross wholesale returns from such flocks are well over \$100,000 annually.

Directors of the association include: R. A. DeWitt, Zeeland, president; Homer George, Carson City; D. Van Ommen, Zeeland; Bernard Clement, Britton; E. P. Haines, Vassar; H. J. Painter, Alma; Kenneth Lyle, Paw Paw; John Ruesink, Adrian, and O. E. Shear, MSC poultry specialist, East Lansing.

Fire Engines

The state of New Jersey has speeded that white instead of red be used in painting all municipal fire equipment, on the theory that white had far greater visibility than red. The painting of fire-engines is a painstaking job, with as many as 14 separate operations, the last of which is spraying with lacquer, and requires about two weeks.

Airing Woolens

When hanging woolen clothes (on hangers) out on a line to air, place two strong clothespins between each two hangers. They'll keep the hangers from crowding to the center of the line, so clothes will air thoroughly.

Spray Cabbage

For cabbage worms, dust the plants lightly with 3 per cent DDT powder or spray with 3 tablespoonfuls of 50-per cent wettable DDT powder to a gallon of water. To avoid residues do not apply within 30 days of harvest.

WEDDINGS

Miller-Howe
The ceremony uniting Miss Ann Miller of Detroit, daughter of Mr. and Mrs. Edward J. Miller of Ontonagon, and Wilbur M. Howe, also of Detroit, formerly of Chelsea and son of Mrs. Thomas Howe and the late Mr. Howe, was solemnized at 10 o'clock Saturday morning at St. Anthony's church, Detroit.
The attendants were: Miss Eve Brandon and Edward Miller, Jr., brother of the bride.
After a wedding breakfast, the couple left on a wedding trip to Chicago. They will make their home at 1892 East-Grand Blvd., Detroit.

Wahl-Hinderer
Miss Betty Luella Wahl, daughter of Mrs. Nina Wahl of Grass Lake and the late Mr. Wahl, and Norman Albert Hinderer, son of Mr. and Mrs. Albert Hinderer of Chelsea, were united in marriage at 2 o'clock Saturday afternoon, August 17, at Rogers Corner Zion Lutheran church, with Rev. W. W. Brueckner officiating at the single ring ceremony before an altar of ferns and tall baskets of white gladioli and baby mums flanked with candleabra of lighted tapers, in the presence of 200 relatives and friends.
The bride, given in marriage by her brother, Clare Wahl, was gowned in a bridal dress of white with a fitted bodice and three-quarter length sleeves, and a full skirt of net over tulle forming a short train. A fingertip veil falling from a tiara of seed pearls and a string of pearls, a gift of the groom, completed her costume. She carried a white prayer book topped with an orchid with streamers of white ribbon and stephanotis attached.
Mrs. Reuben Hartman, sister of the bride, was matron of honor. She wore a floor length gown of blue net over tulle with matching head dress and carried a nosegay of roses and daisies tied with pink ribbon.
The bridesmaids were Miss Eunice Schweinfurth, in a pink net gown over tulle, and Virginia and Marjorie Ann Wahl, sisters of the bride, dressed in pink and blue net gowns over tulle, respectively, also carrying nosegays of roses and bachelor buttons and daisies, and wearing matching head dresses.

Little Caroline Goodwell, cousin of the bride, acted as flower girl, dressed in a long gown of pink net and tulle, carrying a basket of sweet peas and baby mums.
Loren Hinderer assisted his brother as best man.
The ushers were Reuben Hartman, brother-in-law of the bride; Paul Eisele of Chelsea, and Dean Katz, cousin of the bride, of Muskegon.
Marjorie Mitchell of Grass Lake, a classmate of the bride, played Lohengrin's Bridal Chorus, and also accompanied Mrs. Irma Schaefer, who sang "Because" and "The Lord is My Shepherd," before the ceremony.
The bride's mother chose navy blue with white accessories for her gown and the groom's mother wore a black gown trimmed in pink with black accessories. Both wore corsages of roses and mums.
A reception was held at the home of the bride's mother immediately following the ceremony. A four-tiered wedding cake topped with a miniature bride and groom centered the table on a lace tablecloth, and was flanked with lighted tapers. Mrs. Edith Katz, an aunt of the bride, cutting the cake and the groom's cake and ice cream were also served.

For traveling the bride chose a navy blue suit with white accessories and an orchid corsage.
After a month's trip to California and other points of interest, the couple will reside on the groom's father's farm on the Chelsea-Manchester road, where the groom is employed.
The bride is a graduate of Grass Lake high school, class of 1945, and has been an employee of Consumers Power Co. for three years.
Pre-nuptial affairs honoring Miss Wahl were miscellaneous showers given by Mr. and Mrs. Albert Hinderer at their home on August 1; the W.S.C.S. Salem Grove Lutheran church, August 12; classmates of Grass Lake high school on Tuesday, August 13; and her department at Consumers earlier in the month. A luncheon by fellow employees of the Consumers Power Co. was also given in her honor at Jackson on Thursday, August 8.

"Ole" is back on the job at headquarters of Michigan State Police, and General Douglas MacArthur has a new report on his desk in Tokyo.

All of which is to say that if General MacArthur soon inaugurates a modernized system of national rural police for democratic Japan, it will be because of Oscar G. Olander, commissioner of Michigan State Police.

Commissioner Olander, accompanied by Captain Harold Mulbar, returned to State headquarters in East Lansing on June 29. They left Michigan late in March, invited by MacArthur to survey rural police needs in Japan and to submit recommendations direct to the corn-cob smoking commander himself.

On a parallel assignment, limited to cities of 50,000 and more population, was the colorful Louis J. Valentine, radio's crime-buster who recently retired as police commissioner of New York City. Valentine took with him a staff of five police officers.

The above facts indicate what other folks think about the Michigan State Police.

As a citizen of Michigan, you—the reader of this column—have an important responsibility along with that imposed upon the local police chief, county sheriff, prosecuting attorney and Governor of Michigan, to get good government—and to keep it good.

But before we get into the Michigan problem of law enforcement, let's have a look or two at the reason why the Michigan Commissioner was selected by MacArthur to travel to Japan.

The story begins in 1917. The Michigan National Guard had been wintered into war-time service. Michigan was left without internal police protection. The legislature, sensing the emergency, created the Michigan State Troops which became in 1919 the present-day Michigan State Police.

In 1931 the legislature added the function of highway patrol. Today the department has 418 police officers and 121 civilian employees; it operated 45 radio stations; its post homes are the most modern in the Nation—Two hundred and twelve

men saw service during the recent war. Three were killed in action.

The legislative act which created the state police placed the commissioner, its executive authority, "under the immediate control and direction of the Governor." Furthermore, "any member... may be employed by the attorney general in any investigation or matter under the jurisdiction of his department."

The procedure is interesting. Here is the law: "The commissioner shall have authority, upon the order of the Governor, to call upon any sheriff or other police officer of any county, city, township or village, within the limits of their respective jurisdictions, for aid and assistance in the performance of any duty imposed by this act."

Refusal or neglect by a local official to cooperate with the state police in law enforcement would subject said officer, the legislature decreed, to removal from office on grounds of "misfeasance."

Not so many years ago vice and gambling conditions in Macomb county, pressed citizens to file complaints direct with the Governor at Lansing. The Governor promptly summoned the prosecuting attorney and the sheriff. He notified them of the complaints. He instructed them to clean up Macomb county or else "drastic action" would be taken on once.

The inference was unmistakable. The Michigan State Police, responsible directly to the Governor by legislative decision would swing into action. Local officials would face the disgrace of removal from office.

What happened? Your guess is accurate. Laws were enforced.

The keynote to the relationship of the Michigan State Police to other law enforcing agencies is one word—cooperation.

A citizen's complaint is to be filed first with the local police authority—the police chief if the violation occurred within the city, or the sheriff and the prosecuting attorney if the violation occurred beyond the city limits within the county.

Then if the violation continues, it is within the citizen's right to appeal direct to the Governor of Michigan who then can ask for an official investigation and report and finally can instruct the State Police to enforce the law.

It is obvious that, in the above procedure, the power of the Governor is great. He is the key to good government.

One of the postwar plans of the Michigan State Police is a training school for municipal policemen and firemen. The school would be administered jointly by the department and Michigan State College, East Lansing. A six weeks' course of intensive training would be given to rookie officers, and a certificate awarded to them at their graduation.

The state legislature has already appropriated funds for a radio engineering building and a quartermaster's building at state headquarters. Other needs include an identification building to house the bulging files, a garage building and an electrical distribution center.

Commissioner Olander is enthusiastic about the program for training of policemen and firemen which he says has been endorsed by many police and fire chiefs.

If it works well in Michigan, it might also in Japan.

General MacArthur, for one, is definitely interested in the Michigan State Police.

SURPRISED ON BIRTHDAY
Mrs. Albert Forner, whose birthday was on Thursday, the fifteenth, was very pleasantly surprised with a celebration in her honor on Sunday at her home. Her brother-in-law, Harry Wessinger, and two daughters, of Dearborn, her sister, Miss Jean Allmand, of Ann Arbor and her daughter, Mrs. W. L. Ferguson and family of Pontiac, all arrived with well-filled baskets containing an entire dinner including a beautifully decorated birthday cake. They also brought several birthday gifts, which were presented to Mrs. Forner.

HONORED AT SHOWER
Mrs. Philip McGibney and Miss Ruth Paul entertained 18 guests at the home of Miss Paul on Monday evening at a miscellaneous shower honoring Miss Donna Burman, whose marriage to Edmund K. Miller, Jr. will take place on Saturday. Hearts was the diversion of the evening, and prizes were won by Nancy Cooker and Audrey Fielder, who presented them to the honor guest. Refreshments were served by the two hostesses.

REGULAR W.R.C. MEETING
The Women's Relief Corps held their regular meeting Monday afternoon at the Masonic hall. Guests at this meeting were Mrs. Anna Groesbeck, department president, of Marshall; Mrs. Margaret Sharon, department junior vice president, of Escuse; Mrs. Bessie Nimmerfall, district vice president, of Yack, and Mrs. of Marshall.

Fowl Fare
Muskrat meal, fed to baby chicks in Louisiana, gave results superior to ordinary meat scraps, shrimp and fish meals. On a chemical basis, 8 pounds of muskrat meal has the same amount of crude protein as 10 pounds of meat meal and it gave greater gains per chick up to 8 weeks old. Broilers fed rations containing dried muskrat were served to 28 families who found no objectionable flavors in the meat.
