Factory Employees Help Men In Service

Something rather unique in the way of substantial remembrances and appreciation shown to servicemen and women, which up to this time has been quietly carried out by the employees of a local factory would have served as an example for groups in much larger places than Chelsea.

Since the beginning of the draft, when only a few men from the factory were drafted, and their service pay was still only \$21 a month, the Employees' Association of the Federal Screw Works, Chelsea Division, has sent each one of the 167 men and women who had been employed at the plant for three months prior to entering the service, a monthly check for \$25 for a period of eight months.

It had been the intention to keep this up for the length of time each was in the service, but with the beginning of the war so many were called into the service that it became impossible to keep this up for the length of time each was in the service. The association, however, had only the money received from the profits on the sale of candy and soft drinks in the plant, and the three per cent refund on premiums which the association received from the insurance policies of employees insured through the association, but when so much more money was needed, a plan was devised whereby each employee authorized the deduction of fifty cents a week from his or her pay check to be turned over to the association secretary and treasurer, Ole Johnson, who has faithfully administered the task of sending out these checks each month during the entire time since the plan was put into effect. This has been no small task, keeping the addresses up-to-date alone being quite an undertaking for such a large group.

Elmer C. Burns, of the estimation, production and engineering department at the Federal Screw Works, Chelsea Division, is president of the association.

As a fitting climax to this wartime project of the association, which altogether amounted in collection for this purpose, to about \$28,000.00, the remainder of the sum left after the deductions from pay checks was discontinued in September, 1945, and amounting to \$10,668.00, was divided up between 165 servicemen and women that Mr. Johnson has been able to locate, to date. Each one receives an amount arrived at by adding up the total months of service of the entire group up until September, 1945, and dividing the amount left (\$10,668.00) by this number (total months of service of the group) which made the amount per month of service to be paid to each individual, \$2.10, counting each one's months of service from the date of induction until the plan was discontinued last September.

Checks have been distributed during the past month to all those whose addresses were known, and there are still quite a number to be sent out when correct addresses are available.

Each one who left for the service while an employee of the company (providing they had been employed at least three months) received the monthly checks for eight months, and in addition shared in the final distribution of funds. Those employed less than three months at time of induction shared only in this final distribution regardless of whether or not they returned to the Federal Screw Works to work after discharge.

National Farmers Guild Directors Meet In Lima

The Board of Directors of the National Farmers Guild met at the home of Mr. and Mrs. Carroll Ordway in Lima for an all-day meeting on Tuesday, August 20.

This was the fourth and last quarterly meeting of the year, and plans were made for the national convention, which is to be held in Monticello, Ind. on December 3.

Letters from state organizations in California, Nebraska, Kansas and Iowa were read, all stating that they were very much interested in the Farm Guild and hoped some time in the future to affiliate with it.

An invitation was received to a national farmers' meeting to be held at Lincoln, Nebraska about the middle of September.

National officers who attended the meeting were the president, Kenneth Weber, Detroit; vice president, Julian Lemon, Reynolds, Ind.; and secretary and treasurer, F. G. Rayburn, Sparta, Mich.

Also present were the state president, Harry S. Atchison, of Northville; the state secretary, Norman Olson, of Sparta; and Sam Bollinger, who is a state officer in Indiana.

The directors at the meeting were Robert Hunt, Novi, Mich.; G. V. McCombs, Burnettsville, Ind.; and Carroll Ordway.

Mrs. F. G. Rayburn and daughter of Sparta accompanied Mr. Rayburn to the meeting, and were also guests at the dinner which was served at noon at the Ordway home.

Chelsea Softball Team Goes To State Tourney

Chelsea is in the spotlight in the softball world, as they will represent District Three in the state tournament to be held at Lansing starting next Saturday.

By winning three straight games in Ann Arbor the Chelsea boys are ready for the tough competition ahead.

The Gulf Gas team, managed by Don Alber, won their first game of the district play last Saturday night by trouncing the American Chain and Cable team from Adrian, 13 to 0.

On Sunday night they pulled an upset, by taking Ann Arbor Bedding, 4 to 1, and they won the tournament on Monday night by shutting out the Ann Arbor V. V. team 4 to 0.

Ted Glibowski held the opposition to only one run and 11 hits as he went the distance in all three games. His teammates played errorless ball behind him to bring Chelsea the first district championship.

Members of the squad who played in Ann Arbor and who will travel to Lansing are as follows:

Paul Johnson, c; Ted Glibowski, p; Jim Gaken, 1b; Tom McClellan, 2b; Bob Street, 3b; Bob Adams, 3b; Jim Carragher, lf; Don Alber, cf; Cole Lanning, rf; Whitey Guest and Bob Tobin, two boys who played and coached. John Alber of Chelsea and Bob Waterhouse of Ann Arbor will also go to Lansing.

Chelsea plays their first game for the state title Saturday at 12:30 at Elm Field in Lansing.

The team wishes to thank all the loyal Chelsea fans who traveled to Ann Arbor for their fine support and hope as many as possible will go to Lansing.

If Chelsea wins Saturday they will play Sunday at Ranney Field at 6:30. Another victory would send them out again Monday at Ranney Field at 2:15, with the finals to be held Monday night at 9:00.

Independents Take Last Game from Manchester

By Bill Schatz,

Comedy, tragedy, drama from tears to cheers in 13 acts—that's the skeleton of our last baseball game of the season played here Sunday, Aug. 26.

The game was so lopsided the first few innings it was pathetic, but the Independents never gave up. No siree, they just kept fighting. Marsh started on the mound for the locals (Dr. Miller was elsewhere) and was both were a trifle on the wild side but calmed down as the game bore on. The Manchester hurler was master of the situation until the 9th, taking the locals to camp in nice fashion. Then he fell heir to a barrage of his best, edged by Fred Rehwer, who was called in to pinch-hit, delivering a red hot single. The gunning continued until we had tied the score at 10 all.

Thought for awhile the old grandstands would give way—the crowd was really whopping—and now, things coasted until the last of the 13th. Now comes Chelsea's last stand. General Stan Policht takes over the Big Gun. He's got a wicked shot in his eye and fires a molotov shot into center field for a home run. They had to use Radar to recover the ball!

That explosion, folks, cracked the tie and a tired, sweaty, but happy gang of warriors filed another notch on the old war club. They had beaten those pesky Manchesterites from south of the border—A grand feeling, yea man!

What a crowd—loyal to the last man. It's great to have such a fine supporting cast. For myself, I, Ed Miller, the manager and the gang, we say Thank You, Folks, and thanks a lot!

Box score:
Chelsea—11 runs, 16 hits, 2 errors.
Manchester—10 runs, 16 hits, 2 errors.

Playoff—first games Sunday, September 1:

Fowlerville vs. Pinckney at 1 p.m.
Chelsea vs. Brighton at 8 p.m.
Monday, Sept. 2, Manchester plays the winner of Fowlerville-Pinckney game.

These games, first of the playoff, will be at Brighton.

Don Oesterle Now With Electric Sales & Service

Donald Oesterle, who has been connected with radio and electrical work in Chelsea and vicinity for the past eleven years, is now located with the Chelsea Electric Sales and Service on Park street, where he will have charge of all radio service and also carry a complete line of radio parts and tubes as they become available.

Mr. Oesterle began his radio service work in Chelsea at the Lloyd Heydlauff store in 1935, going from there to Ann Arbor. Later he taught radio at the N.Y.A. camp at Cassidy Lake until the camp was disbanded, and during the war he taught electricity at the Army N-24 school at the Army Air Base, Willow Run.

He attended the engineering college at the U. of M. last year and did radio servicing in his spare time, working from his home.

An announcement concerning this new service arrangement with the Chelsea Sales and Service will be found elsewhere in The Standard.

NOTICE, FOOTBALL PLAYERS
The first practice session for the high school football team will be held at 3:00 p.m. on Tuesday, Sept. 3. Players are asked to report to the school at 2:00 p.m. to receive their equipment. All boys planning to go out for football are asked to obtain physical examination blanks and insurance cards at the school and to have their physical examination taken before reporting for practice.

Public School Opens Wednesday, Sept. 4

The Chelsea public schools will open on Wednesday, September 4, at 8:30 a.m. The morning will be devoted largely to completing enrollments, issuing textbooks and arranging schedules and a short schedule of the classes will be carried out in the afternoon. Pupils who are new in the high school are enrolling on Wednesday and Thursday of this week.

The teaching staff for the year is complete and will be as follows:

Albert C. Johnson—Superintendent.
Marshall Richards—High School Principal, Agriculture and Science.
Ida Brown—Grade Principal, 4th grade.

Charles Cameron—Social Studies, Coach.
Carl Chandler—English, French.

Morris Alpervitz—Shop.
Michela DeRose—Commercial.
Mary Marcia Beam—English, Latin.

Esther Schell—Mathematics, Science.
Mary Lou Larson—Home Economics.
Donald Tewes—Speech, Social Studies.

Eleanor Seales—Junior High.
Mabel Fox—Junior High, Social Studies, Science.

Genevieve Alpervitz—6th grade.
Helen Lange—5th grade.
Ruth Gruger—3rd grade.
Bonnie Jean Hoffman—2nd grade.

Miriam B. Hale—1st grade.
Lucile Kelly—Kindergarten, Grade Music.

Irene Claire—Office Secretary.
Teachers who will be new in the system next year are Misses DeRose, Larson, Hoffman, Mrs. Lange, and Mr. Tewes.

Miss DeRose is from Leslie and has taught in the commercial department at Lansing, Michigan during the past year. Miss Larson and Miss Hoffman are June graduates from Central Michigan College and the University of Michigan respectively. Miss Larson's home is in Petoskey, and Miss Hoffman is from Ann Arbor.

Mrs. Lange received her training at the Michigan State Normal College in Ypsilanti and has taught for several years in Marysville, Michigan. She is a resident of Chelsea.

Mr. Tewes received his B.S. degree from Kent State University in Ohio and has taken work toward his M.A. degree at the Universities of Minnesota, Indiana and Michigan. He has had experience teaching at Ravenna, Ohio and was an instructor while a member of the armed forces. His home is in Ann Arbor.

The class rooms have been thoroughly cleaned and the floors cleaned, sealed and waxed in the entire plant during the summer months. Considerable repair work and some painting has also been done. Lockers for about 130 pupils were obtained during the summer from the Willow Run plant and have been installed in the basement of the high school building.

A new exit at the north side of the school building is being taken from the north balcony to the gym floor are being installed to conform with fire laws. A number of other minor repairs and changes have also been made.

Russel Altstaetter will again serve as custodian of the school and his assistants are Jack Carmichael and Joe Scott.

Gifts for Veterans Are Given By Legion Aux.

One of the most interesting and helpful projects which the Michigan women of the American Legion Auxiliary have worked out, and carry on annually is the Gift Shop at the hospital known as the Veterans' Facility at Battle Creek. This hospital is used exclusively for mental patients who are veterans of the two World Wars.

The women of the American Legion Auxiliary throughout the year gather together gifts to be placed in the Gift Shop there. The patients may go to the Gift Shop and select a gift or gifts for their family, have it wrapped and sent, with no cost to him. The gifts vary in value from one to five dollars, and the veteran will find gifts suitable for any member of his family from babies to grandparents.

This is the time of year when the gifts are gathered in, and members are reminded that each gift should be placed in a box with gift wrappings provided, and that gifts must be in by Tuesday, September 3. Anyone who is a member who would like to make a thank offering to these men, who gave so much, may do so by sending a gift of money to the American Legion Auxiliary meeting September 3 in the Municipal Building.

Roof Blown Off Central Fibre Co. Warehouse

The entire roof of the warehouse of the Central Fibre Products Co., on North Main street was blown off during the storm which struck Chelsea last Wednesday afternoon, accompanied by high winds, hail and a drenching rain.

This was evidently another one of the freak storms that have been striking widely scattered places in the state, as two or three miles out in the country west of here only a few drops of rain fell, and threatening operations went on unhindered during the entire afternoon.

Wait LaSavage, while playing on the Chelsea Recreation team in the ball game between his team and the V.F.W. team Thursday evening at the athletic field, suffered a broken leg while sliding into third base in the first inning of the game. He was taken to a local physician and later to Foote hospital, Jackson, but has since been returned to his home here.

How often have you seen people get out of their automobiles on the wrong side? Haven't you seen some fellow drive up to some business establishment, open the car door, and step right into the lane of traffic in getting around his automobile to reach the sidewalk? This is a very dangerous practice that has caused many accidents as well as fatalities. Get out of your automobile on the curb side. You will live much longer. It's safer!

In School Days

Still sits the schoolhouse by the road,
A ragged beggar sunning;
Around it still the sunbeams grow,
And blackberry vines are running.
Within, the master's desk is seen,
Deep scarred by raps official;
The warping floor, the battered seats,
The jackknife's carved initial,
The charcoal-frescoes on its wall,
Its worn door sill, betraying
The feet that, creeping slow to school,
Went storming out to playing.

Long years ago a Winter sun
Shone over it at setting,
Lit up its western window panes
And low-gaves' icy fretting.
It touched the tangled golden curls,
And brown eyes full of grieving;
Of one who still her steps delayed
When all the school were leaving.
For near her stood the little boy
Her childish favor singled,
His cap pulled low upon a face
Where pride and shame were mingled.

Pushing with restless feet the snow
To right and left, he lingered
As restlessly her tiny hands
The blue-necked apron fingered.
He saw her lift her eyes; he felt
The soft hands light caressing,
And heard the tremble of her voice:
"As if a fault confessing—
"I'm sorry that I spelt the word;
I hate to go above you;
Because"—the brown eyes lower
fell—
"Because, you see, I love you!"

Still memory to a gray-haired man
That sweet child-face is showing,
Dear girl! The grasses on her grave
Have forty years been growing.
He lives to learn in life's hard school
How few who pass above him
Lament their triumph and his loss,
Like her—because they love him.

OUR NEIGHBORS

DEXTER—The Dexter Block company, located at 8250 Huron street, is one of Dexter's new and active business places. Cement blocks are the product of the establishment which is operated by Burton L. Bucy and Malcolm R. Blakely, both residents of Dexter for many years. A new building, recently completed, houses the business. —Leader.

MILAN—Seeking information concerning her son, Pfc. John Kohut, from whom she had not heard in over two years, Mrs. Eva Kohut advertised in one of the service papers and received letters from two former members of his company, one from Salisbury, N. C. and one from Cambridge, Mass., both telling substantially the same story of the death in action of Pfc. Kohut the latter part of October, 1944. —Leader.

BUCHANAN—While the Buchanan area did have some relief in the way of rain two weeks ago, it remains strictly dry territory, according to Robert Koenigschot, manager of the Buchanan Co-ops, Inc. Corn crops are estimated at 50 per cent, and others have been ripening so rapidly that a crisis has resulted in labor and baskets. —Berrien County Record.

GRASS LAKE—The Norvell Baptist church won the first prize for the best float in the V-J Day parade. —News.

BRIGHTON—Work on the construction of the new Kent Lake dam to be situated on the Huron River, south of Grand River Avenue, began recently with the turning of the first spadeful of sod by Oscar A. Kaufman of Detroit, chairman of the board of commissioners of the Authority. The completed project, expected to be finished in 1948, will provide an 1800-acre recreational area, with 18½ miles of shoreline. —Argus.

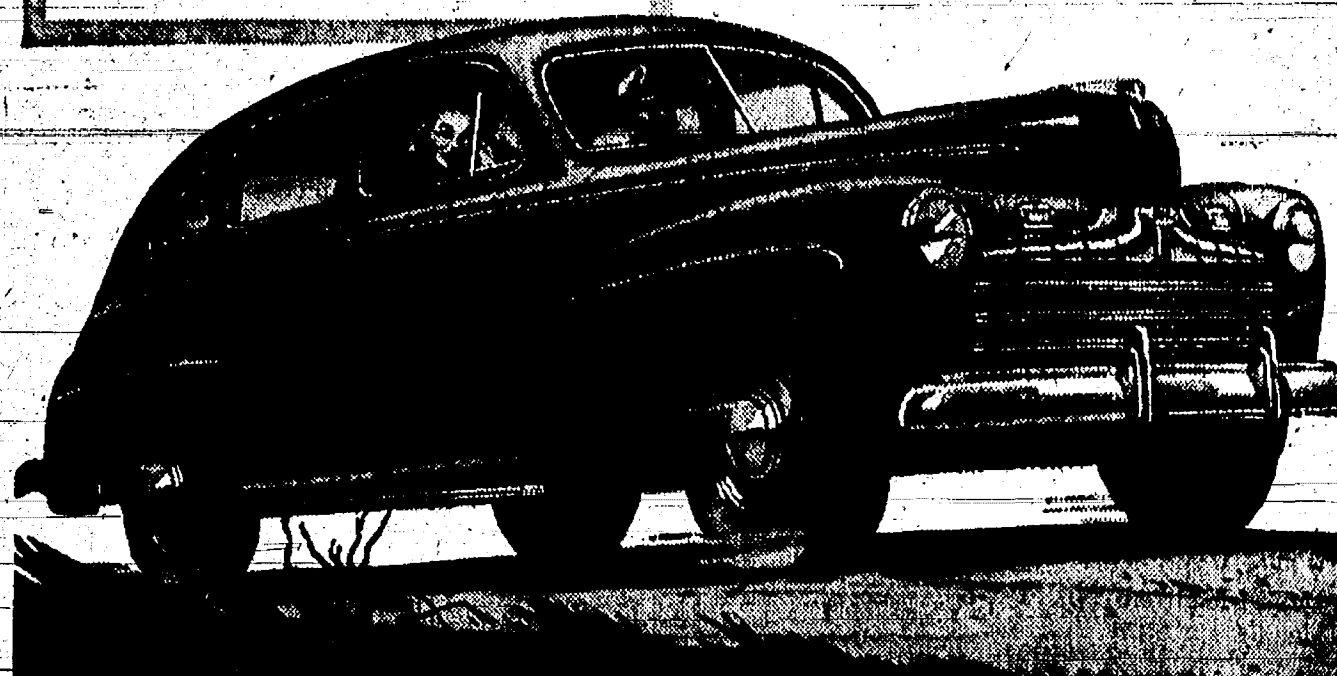

MANCHESTER—Fire, evidently caused by spontaneous combustion, destroyed a \$40,000 barn on the Charles Carlton farm three miles northwest of Clinton, just two days after the modern building had been completed. Destroyed were approximately \$10,000 worth of farm equipment, 250 tons of hay, 1800 bushels of oats and a large quantity of wheat. —Enterprise.

Poultry Income
Cash income from poultry products in 1945 set a new high record, topping 2½ billion dollars, 13 per cent above 1944. Income from poultry products represented 12 per cent of the total receipts from all farm marketings.

24-HOUR "CASH AND CARRY" SERVICE

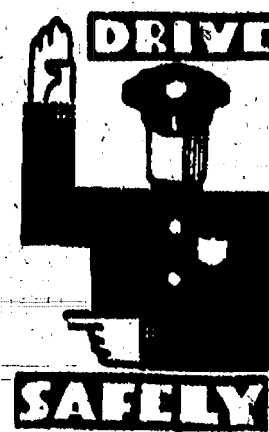

THROUGHOUT our nation's history there have been occasions when skeptics said "it couldn't be done" . . . and Americans went ahead and did it! Sometimes the job was one of peacetime production, sometimes of war production. Always there have been obstacles to overcome. Yet our goals are reached, in that same spirit of progress so characteristic in our nation's growing strength.

County To Send Large

Number To 4-H Show
Washtenaw county will send a large number of entries to the State 4-H Club Show at Michigan State College, East Lansing, on Tuesday and Wednesday, September 3 and 4. L. A. Thorburn, county club agent, has announced. The first postwar show has a premium list of more than \$18,000 in cash provided through the state of Michigan.

Legislative appropriations for the 4-H Club, Kettunen, state club leader and manager of the show, reveals that more of the livestock will be exhibited under tents this year owing to the crowded facilities of the campus and big construction program under way.

Judging and demonstration contests will take place both days. All exhibits must be in place on Monday, Sept. 2, as judging will begin at 9:00 a.m. Tuesday. Exhibits will remain in place until 5 p.m. Wednesday.

The night program will be held in the college auditorium on Tuesday at 7:30 p.m. and will feature the dress review.

With Tuesday, Sept. 3 scheduled as a day of large number of events and a large number of youth from Michigan are expected to come to Lansing for the thirty-first holding of the state show.

Harold Brassow of Saline and William Van Riper of Chelsea will represent Washtenaw county in the Dairy Judging Contest at the State 4-H Show.

Helen Ruhlig of Dexter will compete in the vegetable judging contest and Elvera Helmer of Ann Arbor will compete in the canned foods judging contest.

These 4-H club members were in competition on a county and district level previously.

Scoutmen of District To Hold Encampment

According to an announcement by Daniel S. Ling, chairman of the Leadership Training Committee of the Washtenaw-Livingston Boy Scout Council, a considerable number of men from the various troops will participate in a week-end encampment fellowship gathering and training course to be held at Bruin Lake on September 7 and 8.

Co-chairmen with Mr. Ling for this event are Howard Fanslow of Ypsilanti, Robert Parks of Howell and Maryland Small of Ann Arbor.

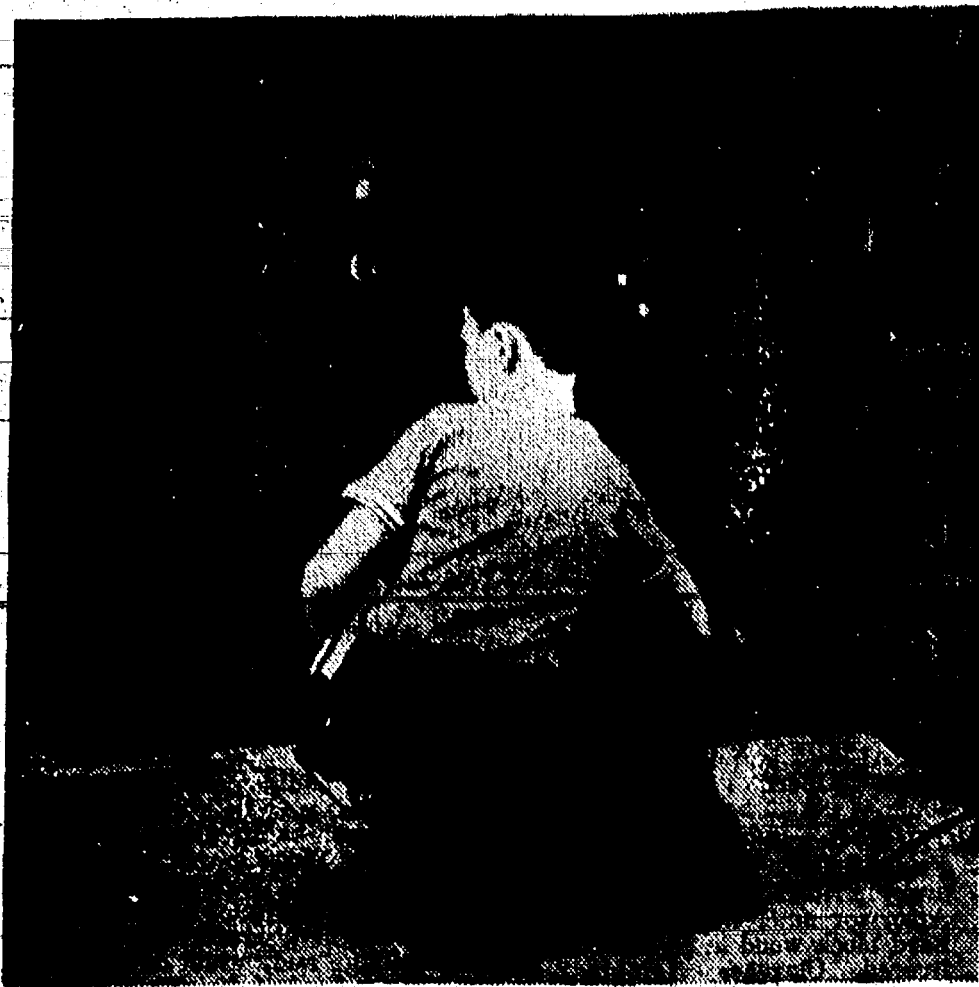

Topics covered will include: Instruction in Setting up Camp; Cooking Demonstrations; Health and Safety in Camping; Food and Cooking; Minimum Standards of Camp-

ing; Scouting; Choice of a Site and other topics of importance to a Scoutmaster taking his troop on a camping trip.

Enrollments are now being made at the Council office. The course is open to all men whether they are related to Scouting or not.

SALINE—Glen Hart, of the engineering department of the City of Ypsilanti, who was recently appointed city manager of Saline, to take office September 1, was introduced to members of the Rotary club at their meeting Thursday. In his talk he pointed out that Saline is in need of expansion of its present facilities of water supply. The present consumption of 90,000 gallons should be augmented by an additional 160,000 gallons to supply increased demands, he said.—Observer.

WEDDINGS

Burman-Miller

Donna Marguerite Burman, daughter of Mr. and Mrs. Stanley Beal, and Edmund K. Miller, Jr., son of Mr. and Mrs. E. K. Miller, Sr., were married in the rectory of St. Mary's church with Father Lee Laige officiating, on Saturday evening, August 24, at 7:00 o'clock, in the presence of the members of the immediate families of the couple.

The bride wore a street length dress of aqua, with brown accessories, and her corsage was of white roses.

Mrs. Don Lee Wahl, the bride's only attendant, wore a rose colored dress with black accessories, and a corsage of red roses.

Louis Birch assisted the groom as best man.

A reception was held at the home of the bride's parents immediately after the ceremony, which was attended by seventy-five relatives and close friends.

The bride is a graduate of Chelsea high school with the class of 1945, and is employed at St. Mary's church of the Michigan Bell Telephone Co.

The groom also attended Chelsea high school. He enlisted in the Coast Guard in August, 1942 and was called to active duty on September 3, serving until his discharge April 17, 1946. He is employed at the Chelsea Spring Co.

On their return from a week's stay at Houghton Lake the young couple will be at home in the Thompson apartments on Park street.

Miscellaneous showers honoring Miss Burman were given by Ruth Bristle at her home on August 11; Mrs. Philip McGibney and Ruth Paul, at the home of Miss Paul, August 19; and Mrs. Don Lee Wahl at her home, August 21.

NOTTEN REUNION

The 35th annual reunion of the Notten family was held Sunday, August 25 at Clear Lake County Park, with 42 members of the family in attendance.

After the dinner, Mrs. Truman Lehman of Francisco gave a humorous reading, and at the business meeting Ashley Holden, of Sharon, was re-elected president, Ralph Kalmbach of Jackson, vice president, and Mrs. Ralph Kalmbach, secretary and treasurer.

The table committee for next year consists of Mrs. Harley Loveland of Grass Lake and Mrs. Leonard Loveland and Mrs. Dorris Whitaker. Henry Mushbach was appointed program chairman.

The 1947 reunion will be held at the same place the fourth Sunday in August.

Chelsea people who attended the reunion were Mr. and Mrs. Henry Mushbach, Mr. and Mrs. Fred Notten, Mr. and Mrs. Floyd Schweinfurth and Ehrlert Notten.

CARD OF THANKS

I wish in this way to sincerely thank my relatives, friends and neighbors for the many gifts of candy, fruit and flowers; for the lovely cards and letters; also the North Lake W.S.C.S. for the lovely plant sent during my recent stay in St. Joseph's hospital, and after my return home.

Geo. M. Webb.

SALINE—In spite of storms that leveled a portion of the field of 4½ acres of white wheat recently harvested by Harvey Schumaker, Jr., the yield averaged 52 bushels per acre, testing 62 pounds. As 80 or 40 bushels per acre is considered a good yield, this is somewhat of a record.—Observer.

DEATHS

Allan Catteller

Allan Catteller, 38, of Farmington, died in a Pontiac hospital last Tuesday evening shortly after being stricken with poliomyelitis.

He was the son-in-law of Raymond Bacon, formerly of Chelsea, and leaves his wife, Esther, and two young children, Alice and Tom. His parents and a sister also survive.

The funeral was held Thursday afternoon at the Staffan funeral home in Ann Arbor, with Rev. W. H. Skenebury officiating, and burial took place in Oak Grove cemetery, Chelsea.

FAREWELL DINNER

The nephews and nieces of Mrs. Kate Bigley of Denver, Colorado, who has been visiting in this vicinity for some time, honored her at a farewell dinner at Weber's Tavern on US-12 near Ann Arbor, on Monday evening, August 19.

About sixty guests attended, and the evening was spent visiting and playing cards.

Little Malcolm Reinhardt presented Mrs. Bigley with a corsage, and the nieces and nephews gave her a useful gift.

Mrs. Bigley left on Thursday for her home, accompanying Mr. and Mrs. Reuben Lesser and family, who will spend a few days in Denver and go to the further west where they will visit other relatives before returning home next week.

WILLIAMSTON—The Williamston City Police department was re-established when the City Council voted to hire Lester La Forier and Roy Aberle as city policemen. Each is to receive one week's training with the Michigan State Police and receive \$200 per month salary.—Enterprise.

To those who are awaiting delivery of their New Oldsmobiles

Series "70" Club Sedan, GM Hydra-Matic Drive optional at extra cost.

A Word of Appreciation... and a Suggestion, too!

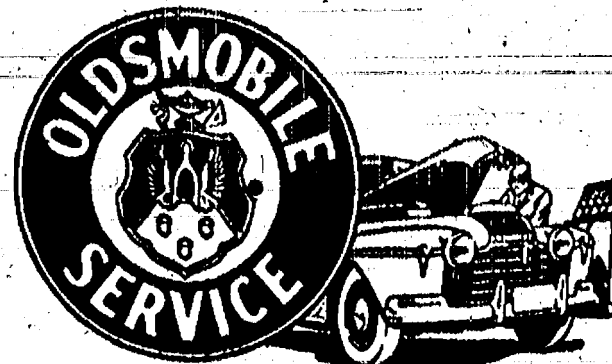

We know how anxious you are to get your new Oldsmobile. And there's nothing we'd like better to do, right now, than to say to every Oldsmobile buyer: "Your car is here. Come get it!"

But frankly, it just isn't possible to do that. There still aren't enough new Oldsmobiles to go around. Due to shortages in materials and unavoidable limitations on production, the output of new cars still is behind schedule. And our allotments are far below the figures that we originally anticipated.

We want to assure you, however, that everything possible is being done, both here and at the factory, to get your car in your hands promptly. And we'd like to take this occasion to thank you sincerely for the patient and considerate way in which you have borne with us during this period of waiting.

Meanwhile, we have an important suggestion: Don't neglect the car you drive today.

The war has taught us all the importance of careful upkeep and regular service. While you're waiting for your new Oldsmobile, therefore, be sure to take advantage of our factory authorized Oldsmobile service program. We are offering every kind of modern automotive service—from lubrication to major overhauls. Regular servicing of your car will safeguard your investment and assure you of safe, dependable transportation until that great day when your new Oldsmobile is here!

Structural Chemistry
Structural chemistry is the determination of the structure of chemical substances and the explanation of their properties in terms of structure. This branch of chemical science goes back at least to the ancient time of Lucretius, who wrote of "honey, with smooth round molecules which roll easily over the tongue, whereas wormwood and biting-centaury consist of molecules which are hooked and sharp."

Spuria Iris
The spuria iris is among the finest for cutting. The flowers are much larger. The English iris, but somewhat the more moist part of the garden. They require abundant moisture to do well, but should not be planted in water logged soil. Another excellent cut flower is iris ochroleuca, and its varieties. This does well in shallow water or in damp locations.

THE ARMY HAS A GOOD JOB FOR YOU!

NON-COMMISSIONED GRADES NOW OFFERED TO FORMER ARMY OCCUPATIONAL SPECIALISTS

Good jobs in non-commissioned grades are being offered now by the Regular Army to qualified former servicemen. Veterans discharged on or after May 12, 1945, who enlist or reenlist for 3 years may be enlisted in the non-commissioned grade for which qualified, provided this grade is not higher than that held at time of discharge, and provided that at least 6 months of former service was in one of 400 designated military occupational specialties in which enlistment is now desired.

Important, interesting jobs are open in hundreds of skills and trades in the Army, with splendid training and educational advantages. These are in addition to free food, housing, clothing, medical and dental care, low-cost insurance.

There's adventure, travel, education, a secure and profitable future in this vital, realistic profession. Get full details at your nearest Army Recruiting Station.

Highlights of Regular Army Enlistments

1. Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men now in the Army with 6 or more months of service.)
2. Enlistment age from 18 to 34 years inclusive (17 with parental consent) except for men now in the Army, who may reenlist at any age, and former service men depending on length of service.
3. A reenlistment bonus of \$50 for each year of active service—such bonus was last paid, or since last entry into service, provided reenlistment is within 3 months after last honorable discharge.
4. A furlough for men who reenlist within 30 days. Full details of other furlough privileges can be obtained from Recruiting Officers.
5. Monthly out-pay (based upon length of service) to all men who are discharged to reenlist.
6. Option to retire at half pay for the rest of your life after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.
7. GI Bill of Rights benefits assured for men who enlist on or before October 5, 1946.
8. Choice of branch of service and overseas theater of those still open on 3-year enlistments.

ARMORY BUILDING — ANN ARBOR

or Chelsea Post Office on Wednesdays

Our cupboards mighty bare, too!

EVERY family knows there are dozens of things it needs and would like to get right away, but under present conditions they are just not to be had.

Well, we're facing exactly the same situation in the telephone business.

To keep our telephone household going, and to expand our plant and facilities to meet the great demand for telephone service, we need large supplies of lead, copper, textiles, steel, rubber, lumber, brass and many other basic materials.

In some cases we can get only a limited quantity. In fact, a great many of the

materials vital to the production of telephone equipment are in short supply for one reason or another.

Even so, we're hopeful that most of the orders for telephone service received before January 1, 1946, can be filled by the end of the year. In some areas, of course, we expect to complete many orders received this year. But it may be late 1947 before we can return to a "ready-to-serve" basis everywhere.

You can depend on this—we're moving just as fast as existing conditions permit and, as supplies improve, we'll speed up the job.

MICHIGAN BELL TELEPHONE COMPANY

OUR \$150,000,000 POST-WAR PROGRAM MEANS JOBS FOR THOUSANDS

its value was jumped overnight to \$10,000!

The twin towns of Tawas—Tawas City and East Tawas—offer a variety of food and lodging accommodations. We stopped at the Barnes Hotel, chiefly to say hello to Kenneth Barnes who we met for the first time on a winter sport tour sponsored in February by the East Michigan Tourist Association. Barnes was host to the group at a dinner at the Barnes Hotel. It was too late for dinner, so we went to Gifford's—a top restaurant and a credit for any Michigan town.

The state park at East Tawas is blessed with a fine lake pier and a community house where the Lake Huron Players, directed by Hill Barmon of Saginaw, were presenting a stock company drama, "Blithe Spirit." The park's access to business stores, plus the two above features, is a magnet for tourists. The camping spaces were well filled. By the way, Tawas is derived from the Indian tribe of Ottawas.

Going north we next visit Au Sable and Oscoda, where the Au Sable river empties into Lake Huron. On a high bluff overlooking the Au Sable river

—15 miles west of town—is the famed Lumbermen's Memorial, modeled by Robert Aitken of New York and donated by 78 descendants of pioneer lumbermen of Michigan.

This is the Huron National Forest, home of the newly created Silver Valley for winter sports which is located just west of the Tawas communities. Harrisville has a fine state park on Lake Huron. Lacking an entrance from U. S. 23, many travelers go by the 12-acre park, unaware of its existence. A good business district is nearby, ready to serve summer visitors.

Alpena has a strong tourist boom under way. Cabins are being built on Lake Huron, Thunders Bay River, and several inland lakes—Grand, Long, and Hubbard. The Besser Manufacturing company, which was started in a shed years ago by Jesse H. Herman, made run-breeches during the war. It is now producing concrete machinery at much increased capacity and payroll.

From Presque Isle Point to Rogers City the lake shore land is owned by the Michigan Limestone and Chemical company, subsidiary of the U. S. Steel. Cheap water transportation and an abundance of limestone has

made Rogers City the home of 500 employees of this company.

By courtesy of the company, we visited its five-mile long quarry. We saw a \$300,000 electric shovel scoop up limestone and fill a railway car in only a few minutes. Snake-like trains, powered by Diesel engines, took the limestone to a dumping building where underground belts transported it to the top of a 14-story screening building. This is an inferno of noise, as machinery grinds and screens the stone from one floor to another.

Limestone is loaded into boats within a stone's throw of this building, it then goes to customers throughout the Mid-West.

The U. S. 23 route from Rogers City to Cheboygan is a scenic delight. In your get-acquainted travels

about our "beautiful peninsula," don't overlook U. S. 23 along the blue waters of Lake Huron.

Dutch Iris
The delicate orchid-like Dutch iris is grown from bulbs. Set bulbs three to four inches deep in October in a sunny location and in good well-drained loam. Mulch with straw, leaves, or straw manure to a depth of four inches during the winter. They may be left in one place for several years. Clumps of bulbs that have grown from original single bulbs have produced as many as 20 fine flowers.

ations thereto, to continue until the payment in full of the principal and interest of the bonds; subject to prior lien as set forth in ordinance 35 of the Village of Chelsea.

Section 1. The net revenues so pledged shall be and remain subject to said statutory lien until the payment in full of the principal and interest upon said bonds. The holder or holders of said bonds representing in the aggregate not less than 20 per cent of the entire issue then outstanding may, either at law or in equity, by suit, action, mandamus, or other proceedings, protect and enforce said statutory lien and enforce and compel the performance of all duties of the officials of the borrower, including the fixing of sufficient rates, the collection of revenues, the proper segregation of revenues and the proper application thereof. Provided, however, that said statutory lien shall not be construed to give any holder or owner of any bond or coupon authority to compel the sale of the public improvement, the revenues of which are pledged thereto.

Section 2. There shall be no default in the payment of the principal or interest upon any of said bonds, any Court having jurisdiction in any proper action may appoint a receiver to administer and operate said system, including appraisement and extensions thereof, on behalf of the Village and under the direction of the Court and by and with the approval of said Court, to perform all the duties of the officials of the Village more particularly set forth in Act No. 94, Public Acts of Michigan, 1933, as amended, and the within ordinance.

The holder or holders of any such bonds, or any coupons therefrom, shall have all other rights and remedies given by said Act No. 94, Public Acts of Michigan, 1933, as amended, and the within ordinance.

Section 3. The Village Council may redeem said bonds or any bond before the maturity date thereof by paying the bondholder of record the sum due at the time of redemption, including interest-bearing date, provided written notice is first served on the holder, or registered owner thereof, as the case may be, at least 60 days in advance of the payment date, and if said notice is served on the holder or registered owner, then said notice of redemption shall be published in a paper having state-wide circulation, and which regularly carries financial investment news as a part of its content, at least 30 days prior to the payment date. Said bonds are callable in inverse numerical order beginning with number 22.

Section 4. These bonds shall be executed by the Village of Chelsea in such form and nature that a holder of either the bonds or negotiable instruments in accordance with the law merchant and the Uniform Negotiable Instruments Law, or may request the Waterworks Department, or such other department or official interested in the books for said water works and sewerage disposal systems to register them in his name on the books of such department. Said bonds may, at the option of the holder, be registered to principal only.

Section 5. The improvement, enlargement and extension of the water works and sewerage disposal systems shall be under the immediate operation of the Superintendent of Waterworks of the said Village of Chelsea; subject to the rules and regulations promulgated by the Village Council of Chelsea.

The Village Council reserves the right to issue additional bonds of equal standing and priority with the bonds hereby authorized, for extensions and improvements to said system, when the revenues of the preceding fiscal year, after payment of operating expenses, shall equal 110% of the combined average annual revenue of the principal and interest of all bonds of this issue outstanding and any additional bonds that may have been issued pursuant to this section, together with the additional bonds so to be issued.

Section 6. The rates for services furnished by the water works and sewerage disposal systems shall be levied upon each lot or parcel of land, building, or premises having any connection with the water works and sewerage disposal systems on the basis of the water used thereon, and shall be collected at the same time, and in the same manner as provided for the payment of water bills. The Village Council may, in its discretion, lower the rates after 30 days notice to the consumers and users of water from the water works and sewerage disposal systems.

The rates and charges for the use of water from the water works and sewerage disposal systems are set forth in accordance with ordinance 42. All charges for such water used or consumed shall constitute a lien on the property served by the water works and sewerage disposal systems, and if such charges are not paid they shall be collected in the same manner as the general Village taxes.

Section 10. The rates and charges fixed by the Village Council are estimated to be sufficient to provide for the payment of the interest and principal of all outstanding bonds at such time or times when the same shall become due and payable, to create a bond and interest redemption fund therefor, to provide for the payment of the expenses of administration, operation, and maintenance of the water works and sewerage disposal systems as are necessary to preserve the same in good repair and working order, to build up a reasonable reserve for depreciation thereof, and to build up a reserve for reasonable improvements, betterments and extensions thereto other than those which are necessary to maintain the same in good repair and working order. Such rates shall be fixed and revised from time to time as may be necessary to produce these amounts, and it is hereby covenanted and agreed at all times to fix and maintain such rates for services furnished by the water works and sewerage disposal systems.

Section 11. The Village Council may make such reasonable rules and regulations governing the operation and management of the water works and sewerage disposal systems and

the collection of the service rates as it shall deem to be necessary and proper. The Waterworks Department of the said Village of Chelsea may make such further regulations for the management and protection of the water works and sewerage disposal systems as it may deem reasonable and necessary, but these shall not conflict with or be inconsistent with the rules and regulations promulgated by the Village Council, and the Waterworks Department shall have the same force and effect as ordinances of the Village.

Section 12. The water works and sewerage disposal systems shall be operated on the basis of a fiscal year commencing on January 1 and ending on December 31.

Section 13. The gross revenues of the water works and sewerage disposal systems, including all appurtenances and extensions thereof, are hereby pledged and ordered to be set aside and distributed monthly or otherwise into separate funds as follows:

(A) Operation and Maintenance Fund. This fund shall be first set aside out of the gross revenues amounting sufficient for the payment of the current reasonable and necessary expenses for operation, administration, and maintenance of the water works and sewerage disposal systems, which sum shall include insurance.

(B) Bond and Interest Redemption Fund. There shall be next established and maintained a Bond and Interest Redemption Fund (hereinafter called the Bond Fund) which shall be set aside out of the gross revenues of the principal and interest of the bonds. The Village Council shall set aside a sum equal to 110 per cent of the aggregate of the principal and interest of the bonds becoming due each year, and shall deposit the same into the Bond Fund. The amount by which each such payment exceeds such aggregate amount of interest and principal shall be held in the Bond Fund as a reserve for deficiencies with the provisions hereof, and in no case shall it exceed the statutory requirement of section 31, Act No. 94 of 1933 as amended, provided, however, that no further payments shall be made into the Bond Fund after the expiration of the term of the bonds then held in said Bond Fund including such reserve for deficiencies is equal to the entire amount of the interest and principal that will be payable at the time of the maturity of the bonds, which then remain outstanding. If in any fiscal year the Village of Chelsea shall fail to pay to the Bond Fund the full amount hereinabove stipulated, then an amount equivalent to the deficiency shall be set apart and paid into the Bond Fund from the first available revenues of the following fiscal year or years. If the Village shall fail to make any such payment into the Bond Fund as aforesaid during any fiscal year, any sums then held in the Bond Fund as a reserve shall be reimbursable therefrom for the first available payments made into the Bond Fund in the following fiscal year or years in excess of the required payment for the current fiscal year. The Village Council may, in its discretion, set aside sums sufficient to build up a reserve for depreciation of the existing system, and in no case shall it exceed \$3,000.00 per annum.

(C) Depreciation Fund. Out of the remaining gross interest and revenue of the water works and sewerage disposal systems there shall be set aside a sum sufficient to build up a reserve for depreciation of the existing system, and in no case shall it exceed \$3,000.00 per annum.

(D) Contingent Fund. Out of the remaining gross revenues there shall be set aside a sum sufficient to build up a reserve for reasonable and proper improvements, betterments and extensions to the existing system.

(E) Surplus. Any remaining revenues together with any surplus accumulated in the Operation and Maintenance Fund which may be in excess of the cost of operating and maintaining the water works and sewerage disposal systems during the remainder of that particular year and the year ending next shall be transferred to the Bond Fund in excess of the amount necessary for probable replacements to be needed during the particular year and the next ensuing fiscal year, as determined by the Village Council, or all be transferred to the Bond Fund, and any monies in the Contingent Fund in excess of the amount necessary for reasonable and proper betterments to the Water Works Plant during the particular fiscal year and the one ensuing shall be transferred to the Bond Fund to be used for the purpose of redeeming bonds or used to purchase outstanding bonds, and if used to purchase bonds in the manner herein provided, such bonds shall be purchased at not more than the fair market value and shall thereupon be cancelled, provided however, that any such transfers from the Operation and Maintenance Fund and/or Contingent Fund to the Bond Fund shall not operate as an abatement of the Bond Fund requirements as hereinbefore mentioned.

Section 14. The gross revenues derived from the operation of the water works and sewerage disposal systems shall be deposited in the Federal Reserve System member banks, duly qualified and doing business in the State of Michigan in the separate and special funds above-mentioned. All such monies shall be deposited in said bank shall be deemed to be special and not general deposits.

Section 15. Said bonds shall be sold and the proceeds applied in accordance with the provisions of said Act No. 94, Public Acts of Michigan, 1933, as amended after publication in the Michigan Investor at least 14 days before the time of such public sale, which publication shall announce the time and place of such sale.

Section 16. The Chelsea State Bank of Chelsea, Michigan, is designated as the depository for the proceeds of the sale of such bonds and for the revenues of the water works and sewerage disposal systems, and such monies shall be deposited in said bank to the credit of the appropriate funds.

Section 17. The Village of Chelsea shall have as security for the collection of water rates, charges, rentals, or assessments, or for the use or consumption of water supplied to any house or other building or any premises, lot or lots, parcel or parcels of land by the water works and sewerage disposal systems of said Village, a lien on property

supplied as aforesaid. Such lien shall become effective immediately upon the distribution of water to the premises or property supplied as aforesaid. The official records of the Village Clerk or Waterworks Department shall constitute notice of the pendency of said lien.

Section 18. The lien created by this ordinance shall have priority over all other liens, except liens created by the Village of Chelsea, whether or not such other liens accrued or were recorded prior to the lien herein created.

Section 19. The provisions of this lien for security shall not apply in any instance where a lease has been legally executed, containing a provision that the lessor shall not be liable for payment of water bills accruing subsequent to the filing hereinafter provided for; provided, that an affidavit with respect to the execution of such lease shall be filed with the Village Clerk or Waterworks Department, and twenty (20) days notice shall be given by the lessor of any cancellation, change in, or termination of the lease.

Section 20. Where such an affidavit has been filed with the said Village Clerk or the Waterworks Department by any lessor, the lessee shall deposit with the above-named Village Clerk, the sum of \$100.00 before the expiration of the term of the lease, to be held in trust for the Village. The Village shall hold such deposit during the tenure of said lease, and at the termination of the lease, the Village shall return such sum to the lessee, and the Village shall be liable for any damages incurred by the Village, and after payment of delinquent water bills including the final bill when service is discontinued.

Section 21. All unpaid water rates, charges, assessments or rentals which upon the first day of April of each year shall have remained unpaid for a period of six months or more shall be reported by the Village Clerk or Waterworks Department to the Village Council at its first regular meeting in the month of April. The Village Council shall thereupon order the publication in a newspaper published in the Village of Chelsea, a notice to all owners of property within the Village of Chelsea, to pay the rates, charges, assessments, or rentals which have remained unpaid for the period of six months or more as of the said first day of April, and which shall not be paid within the time and under the laws of the State of Michigan, and is secured by the statutory lien created by the provisions of Act No. 94, Public Acts of Michigan, 1933, as amended, and the within ordinance, and payable solely from the revenues of said water works and sewerage disposal systems, including all appurtenances and extensions thereto, and is not a general obligation of the Village of Chelsea.

The Village Council reserves the right to issue additional bonds of equal standing and priority with the bonds hereby authorized, for extensions and improvements to said system, when the revenues of the preceding fiscal year, after payment of operating expenses, shall equal 110% of the combined average annual revenue of the principal and interest of all bonds of this issue outstanding and any additional bonds that may have been issued pursuant to this section, together with the additional bonds so to be issued.

Section 22. The Village may discontinue water service from the premises or property against which the lien herein created has accrued and shall not be turned on again to said premises or property or to the occupant of the premises until the principal and interest on the unpaid rates, charges, assessments, or rentals shall be returned to the county treasurer to be collected in the same manner as the lien created by the village taxes on delinquent tax roll of the Village of Chelsea.

Section 23. In all cases where water service has been discontinued as to any premises or property because of non-payment of any water rates or charges, the Village shall charge a "turn-on" fee of one dollar for each time the water is turned on.

Section 24. All unpaid water rates or charges may also be collected by suit brought in the name of the Village of Chelsea against the owner or occupant of the premises or property, or both.

Section 25. The bonds hereby authorized for the financing of the water works and sewerage disposal systems shall be substantially in the following form:

United States of America
State of Michigan
County of Washtenaw
Village of Chelsea
Water Works and Sewerage Disposal System Revenue Bond

No. 1 \$1,000.00

KNOW ALL MEN BY THESE PRESENTS: That the Village of Chelsea, Washtenaw County, Michigan, for value received, hereby promises to pay to the bearer, or if registered, to the registered holder thereof, but only out of the revenues of the water works and sewerage disposal systems, including all appurtenances and extensions thereto, the sum of One Thousand Dollars, on October 1, 1948, with interest thereon from date hereof until maturity at two per cent per annum, payable semi-annually on April 1 and October 1 of each year, on presentation and surrender of the annexed interest coupons, which coupons shall become due and payable in lawful money of the United States of America at the Chelsea State Bank, or its successor, Chelsea, Michigan, and said bond may be redeemed before maturity on any interest-payment date by payment of principal and interest due, provided written notice is served on the holder, or registered holder thereof, at his last known address, at least sixty days in advance of the payment date, and if said notice cannot be served on the holder or registered holder, then said notice of redemption shall be published in a paper having state-wide circulation and which regularly carries financial

investment news as a part of its contents, at least thirty days prior to the payment date. Said bonds are callable in inverse numerical order beginning with number 22. For the prompt payment thereof the gross revenue of said water works system and sewerage disposal system, including all appurtenances and extensions thereof, are hereby irrevocably pledged and a statutory lien thereon is hereby created, subject to the prior lien created in ordinance 35 of the Village of Chelsea.

This bond is one of a series of 22 bonds of like date and tenor, except as to the date of maturity, aggregating the sum of \$22,000.00 issued pursuant to the authority of Act No. 94, Public Acts of Michigan, 1933, as amended, and the within ordinance which bonds do not constitute an indebtedness of said Village of Chelsea, Michigan, for the purpose of improving, enlarging, and extending the water works and sewerage disposal systems in said Village of Chelsea, and is payable solely out of the revenues of said water works and sewerage disposal systems, including all appurtenances and extensions thereto. The Village of Chelsea hereby covenants and agrees to fix and maintain at all times while any of such bonds shall remain outstanding such rates for services furnished by the water works and sewerage disposal system as shall be sufficient to provide for the payment of the principal and interest on all such bonds when they shall become due and payable, to create a bond and interest redemption fund therefor, to provide for the payment of the expenses of administration, operation, and maintenance of the water works and sewerage disposal systems which is necessary to preserve the same in good repair and working order, to build up a reserve for depreciation of said water works and sewerage disposal systems, and to build up a reserve for improvements, betterments, and extensions to the said water works and sewerage disposal systems other than those which are necessary to maintain the same in good repair and working order.

This bond is a self-liquidating revenue bond and the principal as well as the interest due on this bond are exempted from any and all state, county, city, incorporated village, municipal, and all other taxes whatsoever, and shall be exempt from the tax roll and assessed under the Village tax roll against the property on which the water was used from the waterworks or sewerage disposal system for which the unpaid rates, charges, assessments, or rentals accrued, and shall be paid within the time and under the laws of the State of Michigan, and is secured by the statutory lien created by the provisions of Act No. 94, Public Acts of Michigan, 1933, as amended, and the within ordinance, and payable solely from the revenues of said water works and sewerage disposal systems, including all appurtenances and extensions thereto, and is not a general obligation of the Village of Chelsea.

The Village Council reserves the right to issue additional bonds of equal standing and priority with the bonds hereby authorized, for extensions and improvements to said system, when the revenues of the preceding fiscal year, after payment of operating expenses, shall equal 110% of the combined average annual revenue of the principal and interest of all bonds of this issue outstanding and any additional bonds that may have been issued pursuant to this section, together with the additional bonds so to be issued.

Section 26. This bond shall be registered as to the principal only on the books of the Waterworks Department of the Village of Chelsea in the name of the holder, and such registration noted on the back thereof in like manner, but transferability by delivery may be registered by registration to bearer. Such registration shall not affect the negotiability of the interest coupon.

It is hereby certified and recited that all acts, conditions and things required by the law precedent to and in the issuance of the bond exist and have been performed regularly and in due time and form as required by law.

IN WITNESS WHEREOF, the Village Council of the Village of Chelsea, Washtenaw County, Michigan, have caused this bond to be signed in the name of the Village of Chelsea, by its Village President and countersigned by its Village Clerk, and the corporate seal of the Village affixed hereto, and the coupons hereto attached to be signed by the facsimile signatures of said Village President and Village Clerk, which officials by the execution of this bond do adopt as their own proper signatures their respective facsimile signatures appearing on said coupons, and this bond to be dated the first day of October, 1946.

GRANGE INITIATION
Lafayette Grange held the regular meeting at the Grange hall, Lina Center, on Tuesday, August 20, and then held initiation ceremonies in which six new members were accepted. They are: Mr. and Mrs. Alfred Lindauer, Mr. and Mrs. Fred Seitz, and Mr. and Mrs. Norman Nash. Will Lindeman, of the Pittsfield Union Grange, who is district deputy, spoke on the subject of getting new members, and N. W. Laird spoke about Grange work. Refreshments were served in the basement of the

hall at tables prettily decorated with summer flowers. Members and guests, numbering 66 persons, were present, representing Pittsfield Union, Ann Arbor, Cavanaugh Lake, North Sylvan and Lafayette Granges.

GRANDSON DIES IN KOREA
Mr. and Mrs. B. Iconogio received word Tuesday of the death of their grandson, Ray Iconogio, Jr., age 20, who was stationed in Korea. He has been in the service for about 20 months. He is the only son of Ray and Esther Iconogio of Detroit.

HONORED AT SHOWER
Mrs. George Heydlauff, Mrs. Clifford Heydlauff and Mrs. Walter Kalmbach entered ninety guests on Tuesday evening, August 20, in the basement dining room of Salem Grove Methodist church at a shower honoring Miss Carolyn Kalmbach, who is an August bride-to-be. The guests were enjoyably entertained with a program arranged by the hostesses, consisting of musical numbers and readings as follows: Trumpet Solo—Medley of Songs—By Phyllis Kalmbach. Reading—"My Land—What a Wedding"—Mrs. Albert Schweinfurth. Vocal Solos—"Some Sunday Morning" and "Let the Rest of the World Go By"—Walter Kalmbach, accompanied by his daughter, Phyllis, at the piano. Reading—"Taking Care of Carolyn"—Mrs. Glenn Kentschler. Miss Kalmbach was the recipient of many very beautiful gifts which will serve as mementos of the occasion for many years to come. Refreshments of ice cream and wafers were served by the three hostesses.

CHURCH CAMP CLOSES
The camp conducted by the State Congregational Conference at Cedar Lake closed last Saturday. It was known as Trailmakers' Camp No. 3, and was for Junior high school students. Good weather, excellent food served by the local Congregational Guild, and the able staff of counselors contributed to the success of the project. Leaders in charge of the camp were: Rev. Donald Evans of Lansing, State Minister of Christian Education; Rev. Erwin Britton of Wayne, Director; Rev. and Mrs. Myron Bunnell of Dearborn, Camp Father and Mother; Miss Betty Baggerly of Leslie, Music Director; Mrs. John Davis of Dearborn, Nurse; Rev. James Caskey, Recreation; and Mrs. Caskey of Detroit; and Miss Yvonne Emerz, Miss Mary Stein of Wayne, Rev. Chas. Goudy of Detroit, Rev. Thos. Keen of Washington, D. C., Rev. Lawrence Tenhopen of South Haven, and Kwai Sing Chang of Princeton Theological Seminary, as counselors.

GRADUATES AS NURSE
Miss Agnes Leona Czaplak is one of the class of nurses graduating from the W. A. Foote Memorial Hospital School of Nursing on Friday. These services will be held at St. Paul's Episcopal church, Jackson. Miss Czaplak is the daughter of Mr. and Mrs. Jos. Czaplak, Sylvan.

VISIT NATIONAL V.F.W. HOME
Mr. and Mrs. Geo. Steele and daughter, Mr. and Mrs. Malvin Leiser, Margaret Birch, Myrtle Price, Eva Schiller, Eulabee Packard, Anna Dvorak, Nance Swickard, Jaz Carty, Mary Kniss and daughter, Sarah Myers, Alida Juergens, Dorothy Lens and daughter, visited the National V.F.W. Home at Eaton Rapids on Sunday. After a nice picnic lunch down by the river we visited the cottages which are 24 in all. Michigan has three and Illinois has one. They have from five to ten children in each, and each child has a duty to perform before he goes to school in the morning. We visited the community house, which has lovely library, auditorium and gym. We also visited the nursery, inspecting the iron lung from head to foot, and visited with two girl patients. We visited the grocery store and deep freeze, and saw also the memorial erected to World War II dead by the Michigan Department V.F.W. Ladies' Auxiliary.

We also saw the nursery center they are building for babies. A most enjoyable day was spent. Ruth Walz, Chairman National Home Fund.

FARMERS' GUILD PICNIC
Members of the Farmers' Guild and their families coming from Dexter, Grass Lake and Chelsea, had a grand time at their picnic at Camp Lakewood, near Lake, on Sunday, August 26. State president of the Guild, H. S. Atchison, of Northville, gave a talk and later games, in charge of David Douglas and A. P. Savickas, were enjoyed. Refreshments, consisting of "hot dogs," buns, coffee and ice cream were furnished by the Guild, in addition to the pot-luck dinner brought by those attending. About eighty attended the gathering.

ANNIVERSARY DINNER
In celebration of Miss Edna Bitterskamp's birthday on Sunday, and Mr. and Mrs. Walter Pielmeier's wedding anniversary, Saturday, the following guests were entertained at dinner Sunday evening at the Pielmeier home: Mr. and Mrs. John Pielmeier, Mrs. Reginald Eggelson and Nancy Davis, all of Ann Arbor; Mary Pielmeier and her friend, Barbara Bauchspeis, of State College, Pa.; Mr. and Mrs. Will Davidson and Mrs. Mary Pielmeier, of Chelsea.

AUXILIARY VISITS HOSPITAL
Thirteen members of the V.F.W. Auxiliary visited the Ypsilanti State hospital on Tuesday, August 20, where they enjoyed a picnic lunch at 8:30 in the afternoon and served a birthday cake in honor of the patients whose birthdays occur during the month of August.

CHIP PILE BURNS
The fire department was called to Chelsea Products, Inc. on Wednesday morning when the steel chip pile at the rear of the plant caught on fire. The excess oil burning caused a dense smoke for a short time but the fire was soon extinguished.

V.F.W. AUXILIARY SUPPER
Twenty-five members of the V.F.W. Auxiliary attended a pot-luck supper at the home of Ruth Walz, Cavanaugh Lake on Monday evening. Games were played and articles were sold to raise money for National Home Fund.
