

One out of every four voting citizens of the United States will be veterans of World War II. Care for veterans of all previous wars cost \$35 billion up to 1945. Cost of the GI Bill of Rights may be more than \$30 billion, according to the U. S. News. A federal bonus, similar to that granted after World War I, would add \$10 to \$15 billion. Prediction: Veterans' benefits will be a major item in the 1947 state budget.

Washington commentators hint that behind the firing of Henry Wallace by President Truman was the unified front put up by United States Senators Vandenberg of Michigan and Connally of Texas.

Michigan's penal system, object of a legislative investigation this year, is given a top rating by the American Prison Association's corrections congress in session at Detroit. Dr. Garrett Heyns is the Michigan director. The legislative report will go to the 1947 state legislature in January.

The Civilian Production Administration refused to authorize repairs at the Coliseum at the state fairgrounds. The state fair cannot be held unless the building is remodeled. To safeguard its veterans' housing village, largest on any college campus in the nation, Michigan State College has inaugurated its own fire department with six firemen and two fire engines on 24-hour duty.

Because of the increased cost of state conservation services, the next legislature will be asked to approve an increase in hunting and fishing fees. Anglers and small-game hunters would pay \$2 instead of \$1; deer hunters \$3.50 instead of \$2.25; and trappers \$2 instead of \$1.50.

To meet transportation competition of the Pere Marquette steamship line, operating between Grand Rapids, Lansing, and Detroit, the Grand Lakes and St. Ignace are inaugurating three round-trip express buses daily. Another illustration of free enterprise.

Michigan's one-man grand jury system received flattering praise from Sanford Bates, noted correctionist. The Lansing grand jury's funds were down to \$8,000 last week, and the "little legislature" has been requested to appropriate \$20,000 more. Approximately \$400,000 has been expended so far.

Union bricklayers working on Michigan State College's \$5,000,000 construction program get \$2 an hour or \$80 for 40 hours work. Average pay, including overtime, runs \$136. The average weekly wage of college instructors is \$97. Roll your own!

Government ownership and operation of the copper industry along with industries producing lead, zinc, aluminum, magnesium, gold, and silver are proposed by the C.I.O. Mine, Mill and Smelter Workers' Union. This union bargains for more than 160,000 workers. Copper mining in Michigan is now regulated by a federal "premium price plan" which provides for government subsidies. The same C.I.O. union recently defeated a proposal to bar communists from holding office.

Midland's Dow Chemical Company has a \$50 million expansion program, but cannot proceed due to a housing shortage and lack of needed equipment.

The Michigan Unemployment Compensation Commission, with its 2,300 employees, will take over about mid-November the federal employment service with around 1,250 employees. While salaries paid from federal funds, the next government will have a bigger payroll to account for. There are 72 local employment offices in the state, and 65 part-time offices.

The eighth report to the President and to Congress by the director of the War Relocation Authority at Washington sounds unusual danger signs. If we are to avert a serious depression in the near future, business must act to hold down prices "wherever possible." Labor leaders must resist demands for spiraling wage increases. The high level of production, and consumers must spend their money wisely.

If the sales tax diversion amendment is adopted on Nov. 5, chances are unlikely that the legislature will continue state aid for Wayne University. Detroit's tax plight prompted solons to turn over \$2,700,000 to Wayne for new buildings. This institution has more than 15,000 students, compared with a pre-war level of 10,000.

The Michigan Education Association estimates the annual financial needs of public schools at \$104 million—some \$40 million more than they are getting today. Ballot Proposition No. 2 would guarantee schools an amount equal to 42.64 percent of the sales tax of the previous year plus one-sixth of the current year's sales tax.

Consumer inability to buy meat is creating a boom demand for cheese. Milk prices may climb until January. A movement is under way to require pasteurization of milk for both beverage use and cheese. Unobtainable fever germs are killed by pasteurization. The state legislature invested power in the (Continued on page four)

Judge Jas. R. Breakey Addresses Kiwanians At Monday Meeting

Circuit Judge James R. Breakey, Jr. of Ann Arbor, was the speaker at the regular Kiwanis club meeting Monday evening at the Municipal Building. He spoke on the topic, "A Report of the Workings of Circuit Court," which proved to be a very interesting and enlightening explanation of the different phases of circuit court work.

During the business meeting, final plans were formulated for the annual Halloween party for youngsters which the club sponsors. Twenty Kiwanians and their wives accepted the invitation of the Dexter club's birthday party on Tuesday.

The Chelsea Kiwanis club has purchased, through the American Red Cross, a specially made wheelchair for a disabled veteran at Percy Jones hospital, which will be presented to him at the hospital by a committee of Kiwanians on behalf of the club as soon as arrangements are completed.

At next Monday's meeting of the club, Congressman Earl C. Michigan of Adrian, is to be the speaker.

National Air Mail Week Observance To Be Oct. 27 to Nov. 2

Many special programs are being planned to stimulate volume during National Air Mail Week, October 27-November 2, Acting Postmaster P. F. Niehaus declared this.

Inauguration of the new five-cent United States flag rate October 1 immediately brought a sharp rise in air mail volume, Acting Postmaster Niehaus said. Rapid air mail service, offered for the first time at a low postage rate, should stimulate commerce, business leaders here believe. For that reason, they are encouraging large air mailings during the nationwide air mail promotion week.

"Lower air mail rates have long been advocated by business and manufacturers and distributors who would foster commerce," said Mr. Niehaus.

"The Post Office Department has taken a leaf from the book of American business, reducing the air-mail rate from 8 cents to 5 cents and simultaneously offering better and faster service. The Post Office has borrowed the proven principle that by getting more customers for a good product at a reduced cost the unit cost of delivery is cut. A lower price is a sure thing to succeed—larger volume."

"Business men want to have the five-cent rate continued. A policy of enlightened self-interest suggests that all of us promote the mail during this week when the nation-wide rate is being tested."

The five-cent rate applies anywhere that the American flag flies, including all United States possessions. It is also applicable to the armed forces abroad, and to Canada and Mexico.

Officers Named By Philathea Circle

Philathea Circle of the Methodist church met Thursday evening at the home of Mrs. L. R. Heydlauff, with 11 members and guests present.

Mrs. A. W. Wilkinson was in charge of the devotionals, after which Miss Margaret Craig, of the Methodist Home, reviewed the book, "Christ and Our Country," written by the Methodist Board of Missions.

Officers were elected for 1947 as follows: President—Mrs. John Fischer; Vice Pres.—Mrs. Edw. Gaunt; Secretary—Mrs. Walter Mohr; Treasurer—Mrs. Hugh Sorenson.

Refreshments were served by the hostess, assisted by Mrs. A. C. Johnson.

HONORED BY MASONS

At installation ceremonies of the 53rd annual convocation of the Grand Chapter, Royal Arch Masons, held at Detroit last Thursday, Paul Belser, of Chelsea, was installed as grand master of the third veil.

Milan Will Play Here Friday Nite

By C.H.S. Reporter	W	L	T	Pct.
Milan	4	0	0	1.000
Romulus	3	0	1	1.000
Chelsea	3	0	1	1.000
U. High	2	0	0	.500
Roosevelt	1	3	0	.250
Dundee	0	3	0	.000
Saline	0	3	1	.125

Tomorrow night at 8:00 o'clock, Coach Ron Isbell's Milan Big Red will clash with Coach Cameron's Little Bulldogs. This game, to be played at the local athletic field, will be a deciding factor in the team league standings. Three teams are still in the race for championship honors. A loss for any one of these teams would put it out of the race completely. A tie for either Chelsea or Romulus would also put that team out.

In last week's results, Milan handed Dundee a defeat by the score of 6-0, which is a very tight fit considering Milan is unbeaten, while Dundee is on the bottom of the pile with no wins. Chelsea took a 19-0 win over Roosevelt with little trouble although Roosevelt got within the Chelsea 5-yard line twice but met with stiff opposition from the locals. Flat Rock was topped by Romulus, 14-0. U. High romped over Saline, 25-7. This fast-improving U. High team is going to spell trouble for Romulus tomorrow and may prove to be a deciding factor in the title race too.

The Chelsea-Milan tilt tomorrow will probably highlight this season's gridiron contests at the local field and it is expected that some 1,500 spectators will be on hand to cheer for the teams. In previous games there has been such a large crowd that it could not all be handled at the one gate. This week advance tickets will be sold at Burg's Drug Store. For their own good it is hoped that local fans will purchase tickets today or tomorrow at Burg's. Those who have tickets early before the game will be admitted at the second gate where there will be a ticket-taker.

The probable lineup for tomorrow's game is:

Chelsea	Position	Milan
Daniels	LT	Bruckner
Wellnitz	LT	J. Koczman
Haley	LT	L. Faut
Burg	LT	Le
Robbins	LT	Opp
Popp	LT	G. Koczman

Drive Will Start Monday for USO And Scout Funds

At a committee meeting held Thursday evening in the Municipal Building, plans for the coming USO drive, to be held the week of October 28, thru November 2, were formulated under the chairmanship of George Doe, who was named by the county chairman.

This final campaign will be carried on in much the same manner as the annual spring Red Cross drive, with black house-to-house canvass, and factories naming their own solicitors to work among plant employees.

The program for 1947 has been reduced to a final level of \$19,000 nationally, from a peak rate of \$50,000,000. Chelsea's quota is \$500,000. Included in this amount is \$800 which will be used to support local Boy and Girl Scout work.

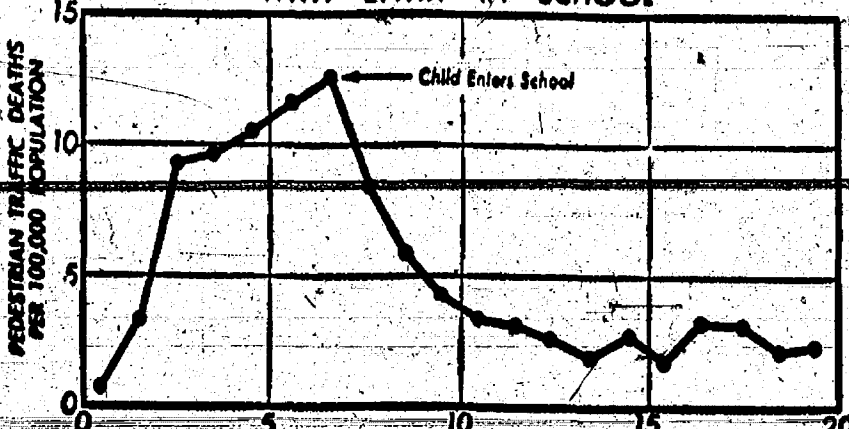

USO has three major obligations to meet in 1947: (1) to serve those veterans who have not been released from hospitals, armies of occupation or overseas duty; (2) to provide interim activities for the peacetime armed forces, and (3) to accomplish its own orderly demobilization at such a tempo that it does not add to the general congestion.

These 1947 operations will include the supporting of from 350 to 400 USO clubs in the United States, in addition to overseas clubs. The hundreds of USO and service men, hospitalized veterans, troops in training and families of service men, in providing "a home away from home," cover every letter in the alphabet, ranging from amateur dramatics to zoology. Instructional hundreds of troops to keep occupied in off-duty hours.

USO is many things to many service men. It is one thing we should see they have for as long as they need it, so give generously when you are approached.

CHILD PEDESTRIAN DEATH RATE DROPS WITH ENTRY IN SCHOOL

THAT PEOPLE CAN BE EDUCATED TO BE SAFE PEDESTRIANS is illustrated by record of pre-school and school aged children. The excellent safety education job being done by elementary school teachers and the work of the School Safety Patrols are majorly credited for the remarkable record in pedestrian safety achieved by children of school age.

AN EDITORIAL

Let's Solve Our Parking Problems

Congestion in Chelsea's parking facilities has grown to be a problem which must be faced frankly and fairly by all who are affected, and also by those whose responsibility it is to govern the situation and enforce the laws.

In an effort to help alleviate this parking congestion, the village council has made improvements which make it much more convenient to use the municipal parking lot. The alley at the rear of the Municipal Building has been paved with concrete, which makes a fine exit for those who use the parking lot and wish to reach Main street. A right-of-way was purchased from Mr. and Mrs. P. M. Broese van Groenou and a sidewalk constructed from the parking lot to East Middle street. Further plans call for the alleyway improvement in the parking lot and wish to reach Main street. A right-of-way was purchased from Mr. and Mrs. P. M. Broese van Groenou and a sidewalk constructed from the parking lot to East Middle street. Further plans call for the alleyway improvement in the parking lot and wish to reach Main street.

To do this might relieve the parking congestion to such a point that strict enforcement of the time limit as posted in various areas might be unnecessary; otherwise the time limit should be enforced impartially, letting the chips fall where they may, no matter who might be the chagrined recipient of an invitation to pay a short visit to a designated justice of the peace.

Driver Education In Schools Is Project Of Automobile Club

Detroit—With safety education from a pedestrian standpoint already established in schools throughout the state, Automobile Club of Michigan is now cooperating with educators and police officials to initiate driver education classes and actual "behind-the-wheel" training for thousands of high school students.

The movement to provide high school students with a course in driving has been underway for a number of years, but since the end of the war it has been gaining momentum. In Cleveland, Ohio, secondary schools where driver education courses have been taught for more than five years, a survey showed that driver training reduced accidents by one-half among trainee drivers.

Michigan educators are now lining up solidly behind the movement. Last summer the State Department of Public Instruction and Automobile Club of Michigan sponsored a driver education institute for superintendents representing communities with 10,000 or more population.

The group spent three days together at Traverse City under the leadership of Dr. Amos E. Neyhart, head of the Institute of Public Safety, Pennsylvania, who is an expert on driver education. The American Automobile Association.

After giving consideration to all aspects of driver education and training programs, the group went on record as recommending that driver training be incorporated in all junior and senior high schools in the state as a part of the required curriculum. The group further recommended that as rapidly as possible, provision be made for actual "behind-the-wheel" training in all high schools for those pupils who desire it and whose parents approve such instruction.

Merits of teaching safety in schools is well established. Statistics compiled over 20 years show that the accidental deaths of school-age children have decreased considerably since a safety education program was begun in schools across the nation. Although all forms of safety instruction have proved to be effective, the most effective organizations have made the greatest single contribution to the saving of lives in the school age group—5 to 14 years old.

BUDDY GUEST INJURED

Buddy Guest, seven-year-old scholar at St. Mary's school, suffered painful bruises and shock when he jumped from the curb at the corner of Main and Summit streets on his way home from school Friday noon and stepped into the path of a car driven by Earl Hall. He was thrown to the ground by the impact, striking his head and also bruising one leg, and was taken to the home of his parents, Mr. and Mrs. Willard Guest on East Summit street.

Chicago Paper Clipping Recalls Good Old Days

With OPA ceilings on meat a thing of the past, the Chicago market should prove very interesting.

"Receipts of cattle in this market last week, 44,989. Receipts on Monday of this week were 19,000. Prices quoted range as follows: Prime native steers, \$5.00-\$5.75; poor to medium steers, \$4.00-\$4.75; medium cows, \$3.00-\$3.25; canners, \$2.25-\$2.80; bulls, \$2.50-\$4.20; Texas fed steers, \$3.85-\$4.00; Texas fed bulls, \$3.20-\$3.50. Hogs at the Buffalo market were quoted at \$3.30-\$3.50, with receipts of 45 carloads.

Before going any further perhaps we'd better mention that these market quotations are taken from a newspaper clipping sent in by H. V. Watts, of West Middle street, bearing the date of March 28, 1906.

By way of comparison, here are prices quoted in Washtenaw county markets on Monday of this week: Medium steers, yearlings, \$14.75-\$19.50; common and medium butchers, \$11.50-\$15.50; canners, \$7.50-\$11.00; sausage bulls, \$12.50-\$16.50.

There was no quotation of receipts and the market was said to be unestablished on calves, lambs and hogs.

In the Detroit market the same day hog prices were quoted at \$23.00.

So the people who sigh for "the good old days" have every reason to do so when it comes to variety, quantity and price of the chief items of most American meals.

Housewives of fifty years ago who did their shopping in a leisurely manner after their housework was finished and they had had time to change into afternoon clothes before starting out, would have been amazed if anyone had prophesied that in 1946 women would line up to wait for butcher shops to open and then wait their turn to buy their meat; sometimes taking as long as two hours to get not what they want, but only what they can find.

Nothing that could possibly be prophesied in the line of shopping procedure fifty years from now should be lightly cast aside as too fantastic. Fifty years ago make no difference and not only in the price of meat. Possibly all that will be necessary in 1996 will be to press a button and our meat will pop out of somewhere, already done to a turn, and we might even be able to choose just what we'd like—maybe even two pork chops!

"It is all right to sing 'God Bless America,' but when we realize that we as the richest nation on the face of the earth only give 1.35 percent of our income, whereas so-called 'Christian' nations should give 10 percent, I feel like singing 'God Forgive America!'"

Voters Will Decide Liquor By The Glass Issue November 5

Sylvan township voters are to decide at the November 5 election whether hard liquor by the glass is to be sold over the bar here. A petition bearing approximately 325 names was filed with the township clerk, Walter Kantlechner, making it mandatory that the issue be placed on the ballot, the required number of signatures for this township being only 250.

In Washtenaw county are also voting on this proposition this fall, and some have already voted. Tecumseh and Clinton voted on the issue on October 22; Dearfield, October 15; Britton will vote October 21; Adrian, Hudson, Morenci and Hudson township, Nov. 5; and Onondaga on November 6.

If the issue is defeated in any community, it is provided by state law that it cannot be placed before the voters again in that community for at least four years.

If the proposal is carried here the village council would be authorized to approve one-place in Chelsea to sell liquor by the glass, and the township board would have the same authority outside the village, for such a license is limited to one for each 1500 population according to the provisions of state laws. There are also provisions in state laws about just how far from churches and schools such a place must be, but also would have to be taken into consideration before approval could be given.

To be eligible to vote on this question an elector must have registered with the township clerk on or before Wednesday, October 16. The 500 who will be ineligible to vote here November 5 because of their failure to register, could very well affect the outcome of the election on this very important issue.

500 FAIL TO REGISTER. According to reports of registration officials about 1550 voters had failed to register for the election when the period for registration came to a close at 8 p.m., October 16. It is estimated that about 500 additional voters of the township failed to register and thus forfeited their right to vote at the November 5 election.

PERRY HAYDEN

Perry Hayden Will Show Movies of His "Dynamic Kernels"

Perry Hayden, the Tecumseh, Michigan miller who recently completed a six-year youth tithing demonstration, known as "Dynamic Kernels," believes that the surest way to prosper is to tithe.

Mr. Hayden will show colored movies of his world famous tithing demonstration at Youth for Christ Rally at Masonic Temple, Ann Arbor, at 7:45 p.m. on Friday, October 25. A number of young people from this vicinity are planning to attend the rally.

"The Lord certainly knew what He was talking about when He promised prosperity to those who put Him first," said Mr. Hayden. "For nearly fifteen years I have made a study of tithing, and of tithers, and I have yet to find one single scriptural case of a consistent tither who has prospered."

"Of course we must realize that true prosperity is not measured in terms of money, or worldly goods," added Mr. Hayden, "and I know of cases where adversity and misfortune attended tithers as well as non-tithers."

"But," he continued, "it is positively amazing when one is fully acquainted with the Biblical injunction to tithe and then applies it in his own life to see how easy it is to make, to nine tenths of one's income do the work that the tenth do to do before."

"It is all right to sing 'God Bless America,' but when we realize that we as the richest nation on the face of the earth only give 1.35 percent of our income, whereas so-called 'Christian' nations should give 10 percent, I feel like singing 'God Forgive America!'"

Halloween Spooks And Ghosts Appear

Halloween spooks and ghosts were out early and in full swing Monday night when the Young Mothers' Child Study Club held a Halloween party at Hinchey's home.

Transportation was by way of a truck, driven by Mrs. Robert Lantis.

After being lost a number of times and riding around North Lake the barn was finally reached. Jack-o-lanterns and cornstalks with Halloween colors were used as the decorations at the barn.

Prizes for the best costumes were awarded to Mrs. Lloyd Heydlauff, Mrs. Lawrence Blemenschnider, Mrs. Howard Flintoff, Mrs. Norbert Merkel and Mrs. Russell Balm.

Games were played and very spooky stories were told, after which cider and doughnuts (not forgetting the coffee) were the refreshments.

The group thanks Mrs. Lantis for the transportation, declaring "it was a lot of fun."

Four Injured In Crash On Waterloo Road

Mrs. Wilbur Worden suffered a broken right knee and lacerations on her face when the car she was driving on the Waterloo road near the Ottoman farm house collided head-on with a car driven by Silas Hopkins, Jr., 20, of North Lake, late Monday afternoon.

It was reported the accident occurred on a freshly graveled stretch of road at the top of a hill. Hopkins suffered a broken nose and a cerebral concussion. His brother, Bruce Hopkins, 24, who was a passenger in the car, has fractured pelvis and cuts and bruises, and another passenger, Coyne Holliday, 17, has a dislocated right shoulder.

All the injured were taken to St. Joseph's Mercy hospital, Ann Arbor.

A "bigger and better" community Halloween party is being planned for the kiddies of Chelsea and the surrounding territory, to be held at the public school gymnasium on Thursday evening, October 31.

This event is an annual affair, sponsored by the Kiwanis club, and financed with funds raised by the Hot Doodle dance, which was held last Friday evening.

Lowell A. Davidson, general chairman, states that the evening's festivities will begin promptly at 7:00 o'clock, when all children are invited to assemble in the gym to receive noisemakers before forming in line for the parade.

This year's parade will include these added features: floats, the local fire engines and a clown band from Cassidy Lake, in addition to the High School Band, which has always marched. In order to stimulate interest and encourage participation in this new entry, two prizes of \$5.00 and \$3.00 are being awarded for the two best floats, and it is hoped that many will avail themselves of this opportunity to demonstrate their skill.

The girls are really in there pitching those old bowling balls. With four teams tied for first place, and the others not very far behind, it looks like anybody's show from here on in. Phyllis Wedemeyer knocked her share of pins down with a total of 499. June Robinson is still up there, having rolled a 458 series. Speaking of splits—L. Stierle picked up the 8-10, A. Larson knocked off the 8-10, G. Thomsen the 5-7, R. Rogers the 8-10, J. Ad-

CARD OF THANKS
We wish in this way to thank the neighbors and friends for their many acts of kindness following the death of our uncle, also for the beautiful flowers and Rev. Skentelbury for his comforting words. The Nieces and Nephews of the late James Tallman.

Potatoes Scald
Freshly dug potatoes scald easily in the hot sun. It is wise to harvest potatoes early in the morning and remove them to the shade as soon as possible.

WEDDINGS

Huttenlocher-Sager
Joan Luella Huttenlocher, the daughter of Mr. and Mrs. Elmo Huttenlocher of Grass Lake, and Lloyd E. Sager, son of Mr. and Mrs. Elmer Sager of near Frankfort, were married at the Grass Lake Methodist church on Saturday, October 12. The Rev. E. E. McLean, pastor of the Grass Lake church, and the Rev. Harold Salmon of Morenci, officiated at the double ring ceremony.

The bride's gown was of white embroidered satin with a sweetheart neckline and an overskirt. Her veil was fingertip length and her flowers were white roses. The groom's gift, a three-strand necklace of pearls with matching earrings, completed her costume. Marjorie Hubbard, of Leoni, was maid of honor, and the bridesmaids were Betty Sager and Alice Huttenlocher, with Betsey Huttenlocher as junior bridesmaid. Mary Kay Huttenlocher, flower girl, and Jackie Huttenlocher, ring bearer. Wilford Sager was best man for his brother, and Duane Dorn, Everett Beeler, and Robert Everett were the ushers. A reception was held in the church parlors, after which the young couple left for a honeymoon trip to Canada. When they return they will make their home at Little Pleasant Lake. Mrs. Sager served in the Canadian Army, receiving her discharge in November, 1945.

JUDGE JAY H. PAYNE

is most eminently qualified for the office of

CIRCUIT JUDGE

He has proven his judicial ability while hearing more than 42,000 cases as a judge in Ann Arbor.

He has always strictly and fearlessly enforced all laws—gamblers and racketeers will never flourish in Washtenaw County so far as his efforts are concerned.

He has dispensed justice with impartiality and absolute equality—every person before the court will always receive fair treatment at his hands.

His conscientious, scientific disposition of juvenile cases has saved scores of wayward boys and girls from serious crime. He has always tempered justice with mercy.

Several thousand law abiding citizens of Washtenaw County endorsed Judge Jay H. Payne by signing his nominating petition for Circuit Judge. These people represent a cross section of the citizenry of Washtenaw County from all walks of life — education, industry, labor, business and the professions. From similar ranks have come the persons who make up the Non-partisan Payne for Circuit Judge Committee which has sponsored and paid for this advertisement.

OFFICE NEWS

Tomorrow evening, October 25, the Washtenaw District M.E.A. meeting will be held Wednesday, October 30, at Milan.

"COMMON SENSE"

Common sense is just as important now as it was long ago.

Here are some illustrations that occur in and around school, which show lack of good common sense.

The situation in the girls' locker room is the lower half is one, the pushing and shoving that occurs there, at noon, is definitely not needed. If the girls had more common sense, they would get in and out much faster. Other girls are just as much interested in getting in there and out and home to eat as those who push, shove and jump in front of someone else to get in and then push and shove to get out. So, girls, let's be courteous and line up, single file, at the right going in, then stay to the right coming out and see that we do move much faster.

Another is the situation in study hall. The talking, sorrowing, and what not, that goes on up there! Study hall is a place to study, to get things done, not a place for amusement! Get your books, rulers, erasers, pencils, social visiting and hitting and kicking done. Also, if you come to study hall, also "button your lip" while you're there. After all, someone near you may want to study for once!

Another is the drinking fountain. Please boys, don't try to be funny by showing someone's head down by the fountain. Something serious may result from your funny ideas; that applies to you, too, girls! Have some respect for your fellow students, not just your special friends. Don't you know what "Common Sense" means? If you don't, I suggest you look it up.

Another and the last to be mentioned here, although there are many more, is coming back to school before 12:20. Why don't you stay home from now on until 12:20, eat your food properly, and give it time to digest? After all, you should know by now that those teachers in the hall aren't going to let you in before time, no matter what you have to say about it. Students, will you please cooperate more and use your best common sense in and around school? Let's see Chelsea High's reputation go even higher!

DOWNTOWN TICKET SALE

Advance sale of football tickets has now been arranged.

If you have been at the football games lately, you know what a lineup there is at the ticket booth. It is a shame that this occurs at every game because it causes a great delay in getting onto the field.

Measures have now been taken to avoid this line. The public can purchase tickets ahead of time. Students of the Chelsea public school may buy their tickets the Thursday and Friday of the game in the lower hall of the high school building. The townspeople and children may buy their tickets at Burg's Corner Drug Store. Please buy your tickets ahead of time and avoid the delay at the gate of the athletic field.

INTRODUCING

Mrs. Carter is the new teacher in the first grade. She attended the University of Michigan and graduated from there.

After graduation she trained at the University Elementary School in Ann Arbor.

Mrs. Carter likes our school very much and particularly likes the size of the school and of her class.

She originally came from Detroit but now resides in Ann Arbor, where her husband is attending the University.

KINDERGARTEN

Parents! Don't forget the program given by the class at 2:30 p.m. on the 29th.

Several garments that were left on the playground have been collected in the kindergarten room. Among them are two blue jackets with plaid fronts, and a small tan jacket. Persons owning these should come after them.

THIRD GRADE

Mueller later was released.

decorations for the room last week.

Ruben Edick, Bobby DeFant, and Billy Harris were absent part of the week.

FIFTH GRADE

(By Gene Miller and Ronald Ruddy)

Last week the fifth grade boys were very happy to receive a new football for playground use at recess time.

In science we are studying birds. Each of us has a difficult kind to make a report on.

Janet Widmayer brought some beautiful fall scenes taken in New England, to decorate our room.

Mr. Redner, our music teacher, brought us a chart of many musical instruments for us to study.

SEVENTH GRADE

Three of the pupils had birthdays last week. They were Earl Guenther, Jana Lou Weinberg, and Bruce Peabody. The custom is that each person on his birthday should give 50 facts about a certain subject within five minutes.

After the supper, the group listened to short addresses by Dr. Sharrard and by Mr. Johnson. Mr.

richards then awarded the F.F.A. stars. A report on the summer trip was given by Bob Shanahan. Movies concluded the program. Donald Barth acted as toastmaster.

MINOR NEWS

The Seniors sponsored a refreshment stand at the Tim Doolittle dance last Friday night, which proved to be quite profitable. We are very grateful to the Kiwanis Club for letting us put up this stand.

BIOGRAPHIES

Nelly-Marie Atkinson put in an appearance in this world on April 12, 1932. She is now 14 feet, 1 1/2 inches tall and has brown hair and green eyes. Nelly thinks Chelsea High is "swell," another thing that she likes very well is chili. Some of her other favorites are song, "To Each His Own," movie, "Without Reservation," color aqua, and sports, swimming and ice skating.

Margaret Louise Schable, better known as Peggy, was born on March 8, 1932. She has medium brown hair, blue eyes, and is about five feet three inches tall. Her favorite color is aqua. Peggy's favorite food, sport, and movie, are as follows: stuffed pork chops, football, and "Night in Casablanca." Peggy is taking five subjects this year. They are: English, French, biology, algebra, and civics. Peggy says she seems just the same as in the eighth grade except I am taking different subjects.

JUST A THOUGHT FOR THE WEEK

FROM THE CHELSEA POLICE

If every one could stand beside the bed of some close friend.

And hear the doctor say no hope before that fatal end.

And see him there unconscious, never knowing what took place.

The laws and rules of traffic I am sure we'd soon embrace.

STORING BACON

Proper keeping of bacon is always a matter of concern to the housewife. Much bacon becomes unfit to eat because many housewives have the mistaken idea that it should not be kept in the refrigerator.

This idea exists because many people do not realize that the commercially cured bacon on the market has changed in the last 10 to 15 years. Formerly, most bacon was of the salt type, but now the mild cured type is more like fresh meat and should always be kept in the refrigerator. Keep only a few weeks after purchasing.

Thursday, October 12, 1922
Geo. Henry Kempf died suddenly about 12:15 while en route to his cottage at Cavanaugh Lake, where he expected to spend the afternoon fishing. Death was due to apoplexy. Mr. Kempf was born in Chelsea, June 8, 1860, the oldest son of Chas. H. and Mary Freer Kempf, and for many years was engaged in the mercantile business here. During the administration of Gov. John T. Rich, Mr. Kempf was a member of the governor's staff and for a number of years he was connected with the U. S. internal revenue department at Detroit.

Miss Gladys Alberta Leach and Wilbert Breitenwischer were married at the home of the bride's parents on Wednesday, Oct. 11, at 4 o'clock, with Rev. E. A. Carnes officiating. Prisoners in the Washtenaw county jail gained weight during the past year on meals that cost the county 8c each. Several cases

were cited by the sheriff where prisoners held for long terms had gained as much as thirty pounds on prison fare.

Mrs. Leonard Loyland, entertained at a miscellaneous shower in honor of her sister, Dorothy Notten, a bride of the week.

Thursday, October 19, 1922

A resolution was presented and passed at the village council meeting, instructing the electric light and water commission to place all porch lights in the village on meters. It has been estimated that the cost to the village of this free porch light service amounted to about \$3000 a year.

Christian Winters, aged 25 years, son of Mrs. Henry Winters, was instantly killed at 10:30 p.m. on Wednesday morning when a speeding M.U.R. Flint interurban limited car struck his gravel truck at the Sixteen Mile road, Oakland county. The body was thrown 85 feet and the truck 35 feet as a result of the terrific impact.

Chas. Steinbach, oldest continuous business man in Chelsea, died during the night, Friday night, of a heart attack. He had been engaged in the harness making business here since May 14, 1872. He was born in Germany and came to the U. S. with his wife in 1864, living on a farm in Lima until he was sixteen, then going to Ann Arbor where he learned the harness makers trade.

H. F. Brooks and Wm. Oesterle have been giving the new Ann Arbor U. S. building, 100 South Main St., a keystone reading.

The Chelsea Branch of the Ann Arbor Dairy Co. is now open daily to receive cream from the farmers. Born, Friday, Oct. 13 to Mr. and Mrs. Clair Walz of Sylvan, a son, Ervin, Bros. of Lima have purchased a Ford tractor.

W. F. Kanteleiner and H. E. Snyder have had a steam heating plant installed in their places of business.

The North Lake baseball team closed their season with a total of 26 games won and a loss of six.

34 Years Ago

Thursday, October 17, 1912
Mrs. James Palmer was born July 20, 1858 and died at her home in Waterloo township on Sunday, Oct. 12, aged 54 years. She is survived by her husband, two sons and one daughter.

Mrs. Varney of Paw Paw will speak on equal suffrage at a meeting at the Sylvan theatre on Saturday.

J. B. Cole, local manager for the Gas Co. is moving into the Klein building on Main street this week. Patrons are expecting the gas to be turned on sometime between Oct. 25 and Nov. 1.

Edward Easton, formerly of Lima, died at his home in Ann Arbor on Tuesday.

August Lambrecht, who has been in the employ of L. T. Freeman, has accepted a position in the Foster drug store, Highland Park.

James Beckwith, pioneer resi-

dent of the county, who has conducted a blacksmith business in Sylvan for many years, is seriously ill.

F. L. Davidson is at work laying a new cement floor in the Palmer garage.

A crowd of gypsies camped near the John Grau home last Friday night and turned their horses in the cornfield. Mr. Grau had considerable trouble making them pay for the damage done to his crop.

Large quantities of potatoes and apples are being shipped over both railway lines. J. W. Van Riper shipped a carload of apples to Iowa parties.

Thursday, October 24, 1912

Fred Chase, who resides in the tenant house on the Jas. Guthrie farm in Sylvan, was seriously wounded and perhaps crippled for life when the shotgun he was carrying was accidentally discharged as he was climbing over a rail fence in his garden. The charge of shot entered his right arm just below the shoulder and the bone was badly shattered.

The marriage of Hazel M. Nordman and Chas. H. Bycraft took place at 8:00 o'clock Oct. 24 at the Church of Our Lady of the Sacred Heart. The bride has been night operator at the local telephone exchange for some time.

Sufficient snow fell on Tuesday night to cover the ground.

The Detroit Journal, in an editorial last Thursday, paid a high tribute to the work of Hon. John Kaimbach of this place in the legislature.

Apple buyers of Chelsea are flooded with the fruit and in many cases have been unable to handle it. Some of the farmers have had to return home with their loads.

The potato crop in this vicinity is a bumper one, and the buyers have been paying an average price of 35c per bushel, which is 5c better than most of our neighboring villages have been paying.

The kitchen at the residence of Mr. and Mrs. Geo. Ward was badly damaged Wednesday afternoon by a fire that started from a gas-line stove. Mr. Ward succeeded in subduing the flames before an alarm was turned in. The damage will amount to about \$150, which is covered by insurance.

IT ALL ADDS UP TO MORE

1 In Michigan Bell central offices, men are busy installing enough telephone equipment this year to serve 100,000 additional lines, many of them for new customers in rural areas.

2 More than 6,000 miles of wire have been added in rural sections this year. These wires join with cable leading to the nearest central office and must be spliced carefully in order that your telephone will work properly.

3 After a rural telephone line leaves the cable, it travels on big crossarms bolted to the poles. With the rural lines it's building, Michigan Bell will use about 100,000 crossarms on some 60,000 new poles this year.

RURAL TELEPHONE SERVICE

4 Bringing wires from the road to the house is one of the last steps in the telephone installation job. It's a commonplace scene throughout Michigan today. Michigan Bell is now installing telephones in the rural areas it serves at a rate of about 2,000 a month.

5 Serving about 98,000 customers in rural areas now—more than twice as many as in 1941—Michigan Bell is making real progress in extending and improving its rural telephone service, particularly in view of the many material shortages which hamper the job.

Permalube

Removes the 'goo'
Improves the go!

You get premium-plus lubrication

Here's why there's more go to your car when the "goo" is gone. There are no gooey deposits of soot, varnish, carbon, and sludge. There's nothing to interfere with valve and ring action and smooth, powerful piston strokes. You get a sweeter-running engine... a better-lubricated, longer-lasting engine.

Standard's great new motor oil, Permalube, gives you this premium-plus lubrication. It not only thoroughly lubricates. It cleans your engine and keeps it clean.

So, remove the "goo," improve the go! Change to Permalube, Standard's finest motor oil, 35c a quart.

"I never saw oil drain out so dirty!" "Good! That shows Permalube's been taking out the 'goo!'"

RETURN Government To the People — Vote Republican On Nov. 5

FOR THE GOOD OF MICHIGAN

It pays

to wait for something you really want!

FINEST OF THE FAMOUS "SILVER STREAKS"

PONTIAC

When you consider how much more you'll get by waiting for a new Pontiac—you'll agree that there is one case where waiting pays off in hand.

Pontiac leads its field by such a wide margin because there is no substitute for what it offers. There is no substitute for Pontiac beauty—for Pontiac performance—for Pontiac comfort—or for Pontiac safety and handling ease. And the years of wartime usage proved conclusively that there is no substitute for Pontiac dependability! For reasons beyond our control, which we regret as much as you, production is below what had been anticipated. But improvement is being made—and the wait, from here out, may be shorter than you think. But whatever the time before your Pontiac is ready—wait! When you do get it—you'll have the finest automobile offered at any where near the price!

COMPLETE SERVICE OFFERED

While awaiting your new Pontiac, keep your present car running as peak efficiency with proper service and upkeep. Money thus spent may prevent failures at some inconvenient time and will protect your car's trade-in value. Our complete service facilities are offered at reasonable prices.

When you consider how much more you'll get by waiting for a new Pontiac—you'll agree that there is one case where waiting pays off in hand.

THE RECORD SHOWS *the* REASONS

for retaining

JUDGE JAMES R. BREAKEY JR.

Here is Judge Breakey's record:

He has cleared a docket, overcrowded with cases accumulated during Judge Sample's long illness;

Up to October 1, 1946 not one appeal from his decisions had been taken to the Michigan Supreme Court.

He has conducted the grand jury, started originally by Judge Sample, and has crushed the \$1,000,000-a-year gambling combine, 15 racketeers from various Michigan cities pleading guilty.

Judge Breakey's court has collected \$12,000 in costs to offset the \$12,000 appropriated for these investigations. He has turned over \$3,800 in fines to help our county libraries.

Still more important—Judge Breakey has introduced a procedure for psychiatric examination and probation for our wayward boys and girls, the juvenile delinquency cases. He has tempered justice with mercy.

For Washtenaw's bad divorce situation (more than 500 cases per year) Judge Breakey has introduced the pre-trial conference between all the parties, their attorneys and the judge.

Divorce actions make up 52% of the cases before the circuit court. Judge Breakey is married—happily married for 17 years. He presides over divorce cases with a sympathetic understanding of the distressing issues at stake. His decisions are rendered with a complete knowledge of the law and judicial procedure—to which is added full human experience.

Judge Breakey is a graduate of the U. of M. Law School; has practiced in state and county courts, as well as the U. S. Supreme Court. He is a member of the Washtenaw, State Bar of Michigan and American Bar Association; the American Legion and other civic and fraternal organizations.

BRIDE-TO-BE HONORED

Mrs. Ross Packer entertained forty ladies at a miscellaneous shower Saturday evening at the home of her parents, Mr. and Mrs. Albert Schiller, of Lima township, honoring Miss Mary Ball, whose marriage to Arthur Schiller is to take place November 9. Guests were present from Detroit, Ann Arbor, Wayne, Jackson, Dexter, Manchester, Iron Creek and Chelsea and vicinity.

Bingo was the diversion of the evening, the many prizes being small articles of kitchen ware presented by the winners to the guest-of-honor.

Refreshments of sandwiches and pickles, ice cream, cake and coffee were served at individual tables.

Miss Ball was presented with a number of very lovely gifts.

SURPRISED ON BIRTHDAY

Members of the family of Mrs. Edward Leja surprised her at her home in Detroit on Saturday evening by appearing with a birthday dinner prepared in her honor, complete with a lovely birthday cake.

The table was very pretty with its centerpiece of pink roses. Those attending the dinner were Mrs. Leja, Mrs. L. Dancer and son Lynn of Lima; Mr. and Mrs. Howard Dancer and son Jimmy; and Miss Carolyn Wiley of Ann Arbor; and Mr. and Mrs. Donald Dancer and children of Chelsea; and Mabel Notten of Sylvan. Mrs. Leja received a number of lovely birthday gifts as remembrances of the occasion.

DEATHS

Charles F. Mohrlock died Tuesday morning at St. Joseph's Mercy hospital, Ann Arbor, where he had been a patient since suffering a heart attack while at work almost eight weeks ago.

Mr. Mohrlock, who was 70 years old, was born in Sylvan township on March 1, 1876, a son of John and Louise Frey Mohrlock. He was confirmed at St. Paul's church on March 29, 1890, and was a lifelong member of the church, his father having been one of the sixteen charter members who founded the church in 1885.

Mr. Mohrlock was married to Amanda E. Wacker at Chelsea, on March 8, 1890, and they have always lived here.

Survivors are the widow; a daughter, Mrs. LeRoy Hall, and a grandson, Duane L. Hall; two brothers, William, of Chicago, and Herman, of Sylvan township; and

a sister, Mrs. Robert Young, of Detroit.

Funeral services will be held Friday afternoon at 2 o'clock at St. Paul's Evangelical and Reformed church, with Rev. P. H. Grabow officiating, and

Many years ago experiments were made with compressed paper wheels for locomotives but they were not practical because of the great weight and speed of the engines.

Our school opened September 4 with an enrollment of 22, and with Mrs. Aida Lehman as teacher. Five children come to our district from the Palmer school. They are Leah Jane Wahl, Llewellyn Lehman, Patty Ackerson, Shirley Howard and Christopher Cross. We have organized a Citizenship Safety Club, with Paul Bradley as captain.

The third grade has been studying Indians. They made an Indian village and learned an Indian poem. The fourth grade will add a Pilgrim village to the scene during the next few weeks.

The fifth grade has been studying about the early explorers and are painting a map showing the routes of explorers.

The following pupils were neither tardy nor absent during the first six weeks of school: Ronald Fairbrother, Shirley Howard, Warren Leisinger, Llewellyn Lehman, Shirley Marsh, Faye Oesterle, Robert Rentschler, Doris Rothman, Leah Torg, Wahl, and Jameson, III.

Our school was closed on Thursday and Friday of last week because of the Teachers' Conference at East Lansing.

The PTA is sponsoring a Halloween party at the Gleaner hall on Friday evening, Oct. 25.

Apply Weed Killer To Lawn Now For Effective Control

Before you allow that lawn to go to bed for the winter, you had better apply some weed killer. Dr. Buford H. Grigsby, weed control specialist in the botany department at Michigan State college, advises that October is a very good month to spray your lawn with 2, 4-D, or some other weed killer.

When the weather is generally warm is a good time to make a thorough application of the spray. Grigsby maintains that some of the weeds are "just right" for killing. Seed germination has started in dandelions and it is a good time to destroy them. Bull thistle rosettes are now appearing and the killing action may be slower now, but will be more complete than in the spring.

Grigsby says that seedlings, not yet visible, can be killed now as they are more susceptible to the spray. Chickweeds are especially easy to kill now.

Although spraying will not kill crab grass, it may be reduced in that germination of the seed is lowered by a 2, 4-D spray at this time.

In recommending the use of the spray, Grigsby adds the following precautions:

1. Avoid letting the spray drift into shrubbery and flowering plants.
2. Do not spray fall seedlings of grass.
3. Do not spray bent grass.
4. Use 2, 4-D as recommended by the maker.
5. Wash sprayer and hose thoroughly after using.

A WARNING

To The Practical Minded Citizens of Our Community

Prohibition Is On the Move Again

When We Citizens Petitioned To Have Placed On the Ballot the Question --

"Shall the Sale of Spirits by the Glass In Additions to Beer and Wine Be Permitted?" --

We were seeking relief from an intolerable form of Prohibition which says in effect: "If you are one who likes an occasional drink, go buy a bottle." This is legal in Washtenaw County and liquor is plentiful; or better still, "Drive the highway to Jackson."

We ask, and we ask all fairminded citizens to join with us, to have business places, selected by our own officials, given the right to serve us in moderation by the glass in our own community.

This Is Not a Wet or Dry Issue -- Liquor Is Here!

The question is solely one of how to dispense it.

Our sincere belief is that if dispensed in small quantities (in places selected by our own elected officials) under the watchful eye of the owner who knows it's abuse will cost him his license and his livelihood, liquor will be controlled.

Join With Us To End a Senseless System!

TECUMSEH—Dr. H. O. Peterson, 51, Jackson osteopathic physician, died instantly about 1:30 Tuesday morning when he lost control of his car on M-50 just south of Cambridge Junction, and it was wrecked. Dr. Peterson was thrown from the machine. It is believed that he fell asleep at the wheel. This was the 23rd fatal traffic mishap in the county this year. —The Tecumseh Herald.

DEXTER—B. D. Maltby, superintendent of the New York Central System, was a caller in Dexter on business of the railroad Monday afternoon. He stated that service to Dexter is now restored to and from Ann Arbor or other points east and west on the morning and evening trains which arrive here at 6:30 a.m. and 6:30 p.m. Dexter also has trains arriving from the west at 9:15 a.m. and leaving the east at 10:05 a.m. —The Dexter Leader.

SALINE—Plans have been completed for the annual regional banquet and dance sponsored by the Washtenaw Junior Farm Bureau to be held at Saline High school on Wednesday, November 20, at 7:30, instead of Tuesday evening as originally planned. The featured speaker of the evening will be Edgar A. Guest, Jr. —The Saline Observer.

ROCHESTER—Did the fire alarm wake you just about midnight on Saturday night? Well, it did wake our local fire fighters who responded to the alarm—and were they sore when they learned it was a false alarm! It seems some people on the South Hill were enjoying a private party with cross words lying back and forth. A report of the night got crossed on telephone wires and somehow came out "Fire!" What a double cross. —The Rochester Clarion.

GRASS LAKE—Friday morning, Fred Slightly was greeted by the sight of neighbors hushing his six acres of corn. Fred was still confined to his bed after 40 days in Mercy hospital. Several of the wives also did their share in the work by preparing a dinner for the men at the nearby home of Mr. and Mrs. Walter Meyer. —The Grass Lake News.

BRIGHTON—The Brighton fire department is once again sponsoring a community Halloween party. Harold Davidson, chairman, announced yesterday. The party, scheduled for October 31, will be held this year in conjunction with a party at the high school grounds. Further details will be revealed as plans reach the final stages, Jarvis added. —The Brighton Argus.

CHARLOTTE—Clarence E. Sanders, 30, of Bennington township, Shawnee, and Burton Powers, 18, former Bennington township resident, whose home was in Lansing, were fatally injured by a tractor-trailer when they were working four miles west of Grand Ledge, on the new Grand Ledge-Muliken pavement on M-43, came into contact with a high tension line. Six other men were also injured in the accident, five sustaining minor burns. The sixth, Lloyd Dickerson, 63, of Muliken, was taken to a Lansing hospital for more serious injuries but is reported out of danger. —Republican-Tribune.

PLYMOUTH—Plymouth's first authorized aerial identification marker has been painted on the roof of the Parkview Recreation building on East Ann Arbor trail. Chrome yellow letters ten feet high on a jet black background identify the city to all aircraft and also gives the direction and distance of the nearest airport (Metttel, 2 miles) and a true north range. In all the marker covers 60 feet. —The Plymouth Mail.

FRANKFORT—Another wrecked vessel was uncovered this week near the mouth of Lower Herring Lake Outlet. This vessel is somewhat larger than the 175 ft. ship discovered a couple of weeks ago, according to local historians the boats were over 200 years old and were around in the vicinity about 70 years ago. They are extremely large boats and are well worth the trip to see. —The Benzie County Patriot.

Ivory Market
London's ivory market in Mingling lane, re-opened after a wartime lapse, was long the largest in the world. Sales had gradually declined since about 1850, dropping to less than 500 tons in recent years. Most of the ivory sold in London is shipped from Africa, source of the best and largest elephant tusks. Not all ivory comes from the elephant, however. Ivory comes also from the teeth of the hippopotamus, the larger teeth averaging around six pounds; from the tusks of the walrus, some two feet long; and from the spirally twisted tusk of the Arctic narwhal, six to eight feet long.

Veterans' Amendment Benefits Survivors

Survivors of qualified veterans of World War II, who die within three years after honorable discharge from the armed forces, are entitled to receive monthly social security benefits under the provisions of the veterans' amendment to the Social Security Act.

Many persons entered military service with social security protection they had earned in the course of previous covered employment found at the time of their demobilization that they had lost their insured status, or that their service had reduced the amount of possible family benefits. This resulted because the time they spent in service is not considered employment under the Social Security Act, and it acts to reduce the

amount of potential benefits earned in covered employment.

Under the terms of the amendment, ex-servicemen to whom it applies are given the status of fully insured workers under the old-age and survivors insurance program of the Social Security Administration, with an average monthly wage credit of \$100. They are given an additional percentage credit, which will increase the benefits their survivors may receive for each year in which they had a minimum of 30 days of active service before September 16, 1940.

Survivors of qualified veterans who become beneficiaries under the act are the same as those of fully insured workers under the old-age and survivors insurance program. They are:

1. Widows, aged 65 or over. She will receive monthly benefits for life, unless she remarries.
2. Young, dependent children. They will receive benefits until they are 18 years old, unless they marry.
3. Widows of any age with young dependent children of the insured veteran in their care. They will receive monthly benefits unless they remarry or until the youngest child reaches 18. If the widow does not remarry, she may file again for benefits at age 65.
4. Aged dependent parents of the insured veteran who leaves no widow or child under 18. Their benefits continue for life unless the parent remarries.

In the absence of any person immediately eligible for monthly benefit payments, a lump-sum payment may be made to certain specified relatives or to persons who pay burial expenses.

These payments are not payable to survivors who are receiving payments from the Veterans Administration.

Extension Groups Join In Campaign To Eliminate Colds

Members of Washtenaw County Extension groups are joining in a state-wide campaign against colds, according to Frances E. Wilson, Home Demonstration Agent. Leaders in the Ann Arbor area will meet on Tuesday, October 23, at the Bethlehem church, 422 South Fourth avenue in Ann Arbor at 10 o'clock.

Fact and food about food and health will also be discussed by Miss Roberta Hershey, Extension Specialist in Foods and Nutrition from Michigan State College.

Keeping fit through all the years of life will be considered from many angles including the importance of iodine, salt for folks of all ages and the necessity of dairy products for adults.

Sugar-saving breads and cookies will be sampled at the meeting and recipes for the currently abundant foods will be distributed.

In other sections of the county, meetings will be held on November 7 and in Manchester on November 8 for the same lesson, according to Miss Wilson.

DEATHS

Mrs. Minnie Hennagin

Mrs. Minnie Hennagin, 67, died suddenly Sunday morning at her home on South Main street.

She was born in Norwich, Vt., on October 7, 1880, and was the youngest daughter of James and Harriet Partridge of Norwich, Vt., and they remained in Norwich until 1924 when they moved to Rochester, Mich. They came to Chelsea in May, 1945.

Mrs. Hennagin was a member of St. Phillips Episcopal church and Rochester Chapter O.E.S. of Rochester, and the Lafayette Grange of Lima Center.

Survivors include the husband, Fred Hennagin of Chelsea; her son, Robert Hennagin, Royal Oak; five sisters, Mrs. Elizabeth Hagg of Plympton, Mass.; Mrs. A. A. Cushman, Melrose, Mass.; Mrs. Bessie Lowell, Ann Arbor; Mrs. Lillian Annable, New Bedford, Mass.; and Mrs. J. A. Park, Chelsea; three brothers, James B. Brigham, Putnam, Conn.; Charles H. Brigham, Lowell, Mass.; and Fred Brigham, Norwich, Vt.; and two grandchildren.

Private prayer service was held from the Miller funeral home at 1 o'clock Tuesday afternoon, with Rev. Wm. H. Skenelbury officiating. Further services for the family and immediate friends were held at the White Chapel cemetery, Detroit, at 3:30 p.m., with Rev. Wm. H. Collycott of Rochester, officiating, following which cremation and inurnment took place.

J. Christian Loeffler

J. Christian Loeffler, 66 years old, of Walled Lake, who until about three years ago resided on a farm on Dancer road just south of US-12, died at his home on East Lake Dr., Walled Lake, Friday, after suffering a heart attack.

He was born May 21, 1880, in Ann Arbor, a son of J. Christian and Catherine Wiedman Loeffler, of Dexter, and was married March 17, 1908 to Mathilda Birring of Webster township, who survives.

Other survivors are his mother, of Ann Arbor; a son, Vernon, and a grandson, Buddy, of Walled Lake; two sisters, Mrs. Emma Flynn, Mrs. Ann Perkins of Ann Arbor; a brother, George, of Detroit; an uncle, Wm. Wiedman, of Grass Lake; and several cousins.

Rhubarb Leaves

Although the stems or stalks of the rhubarb plant have long been used for springtime sauce and pie, the leaves are poisonous because they contain so much oxalic acid in soluble form. Rhubarb leaves may be put to use to brighten dark aluminum pans, however. Boil aluminum pans in water with the leaves and water in the discolored pan or kettle a few minutes. Then wash the pan thoroughly with soap and water.

Use of Alfalfa and Pasture Will Cut Loss of Young Pigs

Much of the 20 per cent loss in pigs born dead or that die in the first few days after birth can be eliminated by the proper use of alfalfa in the ration for sows. W. N. McMillen, swine specialist at Michigan State college, is of that opinion as the result of tests made at the college experimental farm.

Corn protein supplements and minerals do not supply all the nutritional needs of a pig either before or after birth, McMillen says. Sows fed 10 to 15 per cent of high energy alfalfa meal produce a higher number of strong, healthy pigs than do sows which get no alfalfa meal.

Pasture is even better than alfalfa meal for supplying these valuable nutrients, the swine specialist maintains. Experiments show that early fall sown rye will save much hay grinding and lengthen the pasture season. Rye pasture can be used late in the fall and again early in the spring. Sows, he reports, store nutrients from the rye pasture in the fall that help them carry through the pregnancy period when green forage is not available.

Other experiments show that bred gilts can be self-fed when from one-third to one-half alfalfa meal is included in the ration. There is also less waste from grinding and mixing hay with the ration than to feeding whole hay, McMillen declares.

The use of pasture as long as the rye pasture in the fall and the use of alfalfa meal this winter are good ways to stretch your limited grain and protein supplement supplies in swine feeding.

Wildfowl Increase

There has been a steady increase in wildfowl from the low ebb of 40,000,000 in 1937 to the peak of 125,500,000 in 1944. Populations in between years were: 1938, 50,000,000; 1939, 37,000,000; 1940, 60,000,000; 1942, 100,000,000; 1943, 120,000,000. In 1945 the population took a sudden drop to 105,500,000 and further decline to 60,000,000 at the present time.

National Guard Pay Scale Same As Army

Detroit—Officers and men of the new Michigan National Guard will receive the high pay scale recently adopted by the regular army, it was learned by Brig. General Owen J. Cleary, deputy chief of staff, Michigan Military Establishment.

Guardmen will receive not only the same basic pay, but they will receive a full day's regular army compensation for every two-hour evening drill. Cleary said.

In other words, a regular army sergeant receives \$3.33 for a full day's services. A sergeant in the National Guard will receive the same full day's pay for each evening drill of a maximum of two hours.

In addition to the drill pay, members of the Guard also get full pay and allowances of their grade for their summer tour of two weeks field duty.

According to the revised pay schedules, enlisted men and officers of the Guard will receive the following amounts for each drill period:

Private, \$2.60; private first class, \$2.66; corporal, \$3.00; sergeant, \$3.33; staff sergeant, \$3.83; technical sergeant, \$4.50; master sergeant, or first sergeant, \$5.50. Officer's pay scale is: 2nd lieutenant, \$6.00; 1st lieutenant, \$6.66; captain, \$7.00; major, \$9.16; lieutenant colonel, \$10.69; and colonel, \$12.22. Warrant officers receive the same as a second lieutenant.

Recruiting for the 48th Infantry Division, air corps units, and other Guard outfits is under way in more than 50 cities which have been allotted units, Cleary said. Goal is 6,000 officers and men by November 11. Present month has been designated by Gov. Kelly as "National Guard Month," with the slogan, "Man the Guard."

Cutting Blue Grass

In attempting to make a blue grass lawn look exceptionally smooth, many people set their lawn mowers so they cut grass too short. This prevents the grass blades from making enough growth to manufacture food; also in hot weather, the sun beats right down on the crown of the grass and damages the plants. Do not cut blue grass lawns shorter than 1 1/2 inches.

Street Space

A person riding in a private automobile takes up 500 square feet of street space, in a street car or trackless trolley coach, only 70 square feet, and only 8 square feet as a pedestrian.

A favorite recreation in our town is getting together in one or another's home and making music. There's somebody at the piano; a guitar; a fiddle player; and Molly Birtles even has a harp!

What comes out isn't the best music in the whole world. In fact, a lot of it is downright bad. But nobody even thinks to question or to criticize.

Because the spirit of harmony is there—harmony between folks who like each other's company, who enjoy the simple, homey atmosphere

—with nothing more exciting than old songs, and a glass of moderate beer or cider.

From where I sit, it's a heap more important to be a poor fiddle player, than not to play at all. More important to be a part of the American scene—with its community music, home entertainment, friendly glass of beer—than to hold out for professional perfection. (Besides, I like to play the fiddle—even badly!)

THE SUDDEN GUEST

The action of this extraordinary story takes place in Rhode Island during the years between the two great Eastern hurricanes. Its subject is the particular kind of a world a selfish woman can create for herself.

Farm and Garden Association Holds First Public Meeting

The first public meeting of the newly organized Ann Arbor branch of the Farm and Garden Association was held Wednesday afternoon, October 16, in the Lydia Mendelssohn theater, Ann Arbor. Mrs. Wm. Bahmiller attended the meeting as a counsel of the Washtenaw County Extension Service.

It was announced that a shop will be operated from 9 a.m. to 5 p.m. daily, except Sunday, in the New York Central station, Ann Arbor, by volunteer members of the club.

In this shop will be sold the handwork, home-made cookies and fudge contributed by farm and city women, for which they will receive a price arrived at by agreement with a council of women from the Ann Arbor branch. Handwork will also be sent to the only other two shops in the country, located in Boston and New York.

Twenty per cent of the proceeds from the shop will be kept by the branch to be used for scholarships. Wayne Tody, who won an Ann Arbor branch scholarship, was introduced at the meeting by Dean S. T. Dana of the University Forestry school.

Mrs. Frederick Matthei, of Ann Arbor, is president of the Ann Arbor branch of the association.

Present at this first meeting were the president of the National Farm and Garden Association, Mrs. Truman Barber, of Dearborn, who welcomed the newly formed Ann Arbor group. Mrs. A. M. Deane, of New York City, who told of projects established by the New York group, and explained about packaging food more attractively to promote sales; and Mrs. Frank Chapman, of Rochester, president of the Michigan branch.

Articles suitable for contribution, such as knitted articles, aprons, canned goods and ceramic articles, were on display at the meeting, and Mrs. Barber stated that she felt members would meet with fine response from women in the rural areas in making articles that would be saleable, not only at the Ann Arbor shop, but also in the ones in Boston and New York.

Future of Aviation To Be Decided At Polls On November 5

The future progress of the State of Michigan in the field of aviation will be decided upon at the polls on November 5, when the citizens vote on the Constitutional Amendment Proposal No. One. This amendment will correct the "flaw in the law" which was revealed last spring. Proposal No. One deals with that section of the State Constitution concerning state participation in works of internal improvement. In 1945, this same section of the Constitution was amended to permit the state to engage in works of internal improvements, including public roads. However, at that time, the legislators overlooked including airports and harbors of refuge in the amendment.

Upon realizing the oversight, the legislators, during the spring special session, passed a joint resolution to put on the ballot for the November election this Proposal One which will correct the omission and thus include airports just as highways, as works of internal improvement in which the state is authorized to participate. Thus, this proposal is to bring the Constitution up to date on changing functions of government.

For nearly twenty years, the Department of Aeronautics has been assisting local communities in planning, constructing and maintaining airports and other aeronautical facilities throughout the State of Michigan. However, the attorney general ruled last spring that this participation was unconstitutional since it was not specifically stated in the Constitution that the state was permitted to do this.

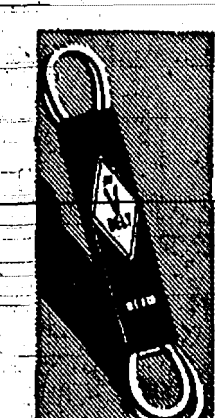

The Department of Aeronautics has been operating on the so-called 'Aeronautics Fund' which is derived entirely from the aviation industry, which has been paying into this fund all these years a 3c tax per gallon on aviation gasoline. Also, airport managers and aircraft owners pay a licensing and registration fee which also contributes to this fund. This entire fund is now being held in escrow as a result of the attorney general's decision. The \$1,000,000 which the state legislature appropriated to be used for making federal funds is also being held in escrow. Unless Proposal No. One is passed by the voters in November, these aeronautics funds can no longer be used for airports. Neither can political subdivisions of the state use public funds for constructing or maintaining airports because no political subdivision of the state may engage in any activity which the state is prohibited by law itself from participating. Should this proposal fail to pass at the polls this fall, not only will the State of Michigan be in a very embarrassing position, but all of its cities, villages, counties and townships will be in a like spot.
