

By Gene Allemen

Governor-Elect Kim Sigler and all-Republican state administration at Lansing are going to have financial headache of pre-Volunteer proportions after January 1. All because of Michigan's Nov. 5 bond issue, the voters' thumping approval of the state tax amendment and the \$270,000,000 veterans' bonus.

How to solve the problem of operating state public services on a shoestring of two-thirds of the state sales tax, the traditional Michigan goose, is the traditional egg-sure to give Governor-Elect Sigler and his advisors plenty of worry. The state legislature will have to wrestle with the problem in the 1947 general session, certain to be convened early in January.

Legislators will be confronted with two tough alternatives. First, should state services be drastically curtailed or eliminated in order that the expenditures of the next fiscal year (starting July 1, 1947) may be brought into balance with the state's shrinking revenues?

And if so, what services should be dropped or dropped? Should the state educational institutions—University of Michigan, Michigan State College and all the state colleges—be closed? Should the housing of veterans, completion of new class room buildings, and other improvements long deferred since advent of the Great Depression of 1932?

How about hospital additions? Twenty more guards are needed at the state prison at Jackson. Well, that is long. Someone must make a decision; someone must make a priority. We sympathize with the legislature trying to work this one out. It's not going to be easy.

Second, should the State of Michigan enact new taxes?

The \$270,000,000 veterans' bonus, for example, will be financed chiefly by state bonds. These bonds, if sold at 1 1/2 per cent interest and retired in 20 annual installments, will cost the state \$300,000,000. The interest cost alone would be \$42,000,000.

While the amendment limits a bond issue to \$270,000,000, it also provides that any person who served in the armed forces between Sept. 16, 1940, and June 30, 1946, and was a resident of Michigan at least six months prior to entering the services and who served for more than 90 days shall receive a bonus. This bonus will be computed at the rate of \$10 for each month of domestic service and \$15 for each month of foreign service. The maximum payment is to be \$500.

However, additional payments are also authorized.

Surviving dependent relatives (husband, wife, children, mother, father, brothers and sisters) of a service man or woman who died or who shall die hereafter from service-connected causes incurred between Sept. 16, 1940 and June 30, 1946 shall be paid a sum equal to the difference between what he has received and \$500. The bonus will be paid in 12 monthly installments.

How much of all of this cost the Michigan taxpayer? The Michigan Public Expenditure Survey estimates the bill at \$443,000,000. It believes that the general fund will be called upon to pay \$1,500,000 of this amount. The \$270,000,000 bond issue, the \$42,000,000 interest cost rounds out the all-over sum.

In presenting this information, we wish to remind our readers that the column predicted Nov. 5 adoption of the veterans' bonus. It has presented the pros and cons of the sales tax diversion amendment; the "pros" consisting of a statement from the Michigan Education Association and the "cons" consisting of views of Sigler, Van Wagenen and practicing state officials from Lansing. Kelly down at Lansing state officials were near unanimous in their opposition to the amendment.

Citizens of the capital city, who are substantial building is proposed to house the state's many departments and services, voted two to one against the amendment. The state building program must be radically reduced.

While it may be early to arrive at conclusions, all signs at present point to the likelihood of the state legislature enacting new taxes or will INCREASE present taxes in its 1947 general session.

It is agreed at the capitol that the financial pinch may not come immediately in 1947. The state could get along fairly well for a while, utilizing reserves and balances now available in the state treasury.

For example, one of these reserves is a \$50,000,000 veterans' fund which was created by the legislature in 1944. The purpose of liquidating Michigan's obligations, after the termination of the war, to its returning servicemen, their widows or dependents.

This fund was made possible by state surplus of revenues over expenditures during the war boom.

It was the original thinking of state legislators, back in 1943, that this reserve fund would take care of the needs of veterans in the immediate post-war years and that the question of a state bonus could be postponed until Congress arrived at a decision of whether a federal bonus was going to be paid.

Congress has already authorized more than \$12.5 BILLIONS in federal expenditures for GI benefits; a federal bonus is certain to be considered in the near future.

Sorensens Sell Factory To Bowser, Inc., After Lease For Two Years Expires

Announcement is made by E. B. Sorensen and Hugh E. Sorensen that their plant which was built on the south-side of Old US-12 about four years ago, has been sold to Bowser, Inc., of Ft. Wayne, Ind. The transaction was consummated last Friday, November 8.

During the past few months the work on this plant was started by the Sorensens in August 1942, and it was completed in February 1943, when they moved here from Dexter and operated as Dexter Machine Products, Inc., and produced a varied line of gears.

The plant was operated successfully from 1942 to 1943, when war contracts keeping it under full production. On November 1, 1944 the factory was leased to Bowser, Inc. for a period of two years, with an option to purchase at the expiration of the lease.

During the past few months the Sorensens have been remodeling the large barn on the Hugh E. Sorensen place to the north of Old US-12. This work has been completed and about forty units of gear manufacturing equipment have been installed. This new plant is now under production, manufacturing precision gears for local plants as well as Detroit manufacturers, and it is planned to have a payroll of 20 to 25 men in the near future.

The new plant is modern in every respect, with concrete walls, first floor and in the basement. Radiant heating has been installed, and a GMC diesel generator in an adjacent building supplies power for the plant.

Hugh E. Sorensen is president and E. B. Sorensen is vice president of the board of this new enterprise which will operate under the name of Dexter Machine Products, Inc.

Chelsea Wins In Hard Tilt With Saline

By C.H.S. Reporter. Last Friday night the Chelsea Bulldogs won a well-earned victory over Saline, 12-7. The game was probably the most exciting contest played on the local field this year.

The Hornets won the toss and elected to receive, while Chelsea elected to defend the north goal. Schable took the kick-off and reversed the ball to Hocking. The whole Chelsea football team was fooled on this reverse play while kicking was off to the races for a 65 yard pay dirt dash. The extra point came on a good pass from Fiedick to G. Cook. Score: Saline 7, Chelsea 0.

Barlow took the kick-off and ran it back to the Chelsea 30. The Bulldogs drove steadily down field and the drive was capped when Knickerbocker went over from the two yard line for pay dirt. The extra point plunge was stopped by the whole left side of the Saline line.

The second quarter was a hard fought battle, with Chelsea holding the ball most of the time. Chelsea tried desperately to score in the last two minutes of the second quarter. Butwin, just missed a long pass from Knickerbocker and in the next play Saline caught an other long pass to set Chelsea up for a T.D. but time gave out.

Chelsea elected to receive as the second half opened. Saline took the kick-off and ran it back to the Saline 10. Once again Chelsea drove steadily down field. This drive was stopped when Saline went to pay dirt territory from the one foot line. The extra point pass failed, thus ending the scoring for Chelsea.

Chelsea controlled the ball throughout the game but was stopped from scoring several times. Saline punted four times while Chelsea picked up all the necessary yards and didn't have to punt.

This week Chelsea plays Manchester in the final game of the season. Advance tickets will be on sale at Burg's Drug Store.

Not Even a Dog House for Veterans, According To Report

"No! Not even a dog house!" That's the emphatic answer, with one or two explosive words deleted, an American Legion investigator gives to the question "Are there any vacant buildings in your town that could be converted into housing for veterans?"

Desperate need for homes in practically every Michigan community is shown by the current survey taken state-wide by the Legion through its 52 posts.

Surveyors are working in all parts of the state, living in shacks, tents, tourist cabins, gas stations, converted garages and barns, or any sort of structure that will provide shelter. Rental property is almost nonexistent, while homes for sale or new old are not only scarce but prohibitive in price.

"More acute" is OPA's latest statement on the housing shortage. Beginning Nov. 1 the Government has established rental ceilings in general areas, including Michigan's Upper Peninsula. This action puts almost the entire state under rent control but fails to meet the need for more homes.

Asked to suggest ways and means to fight the housing shortage, the majority of Legion investigators call for removal of controls and price ceilings on building materials. "Abolish red tape and government restrictions," they urged. Give industry a chance to produce, and places to live, like meat, will become available. Supply and demand will level prices off and the veteran will be able to buy or rent a decent home.

Not only in Michigan, but in every state in the Union, the Legion is conducting housing surveys. From a study of the findings, the National organization will adopt its line of action and set in motion a fighting program to break the bottle-necks once and for all.

Rod and Gun Club Met Tuesday Evening

The Chelsea Rod and Gun club met for the November meeting in the Municipal Building on Tuesday evening, with about 50 in attendance, including two guests.

During the business session the proposed recommendation to the next legislature by the State Conservation Department in regard to increased rates for hunting and fishing licenses was discussed at some length and the club voted to go on record as not being in favor of this increase.

Joe Dreyer, Ferd Merkel, Jim Park and Harold Spaulding, all of South Dakota on a pheasant hunting trip in October, entertained the group with stories of their experiences there.

Four more new members were added to the club at this meeting, and together with those taken at other recent meetings it is apparent the increased membership limit of 125 will soon be reached.

PAST MATRONS' CLUB The new Junior Past Matron, Wilma Miller, was the honored guest at the meeting on Wednesday evening at the home of Mrs. J. J. Weinberg, at which time Mrs. Miller was officially taken into membership in the club. Fifteen were present, including two guests, and the meeting began with a pot-luck dinner after which a social time was enjoyed.

EXODUS STARTS Off To The Northland They Go

With the deer hunting season opening on Friday, the trek to the North started early this week and hunting camps are springing up thicker than quonset huts on a university campus, in the country there is alluring to many even in its fall bleakness.

In previous years (except during the years of gas rationing) the Standard has endeavored to publish a complete list of those from the north who go to the country to hunt deer, but the list has grown to such proportions that a few days in order to give the dear wife a little vacation back home.

At any rate it is hoped that all the boys will have a grand and glorious time and that all will return safely. It is said to be real sport and certainly is an escape from the monotony of one's job or profession.

In the meantime, the few members of the stronger sex who remain in the community will do their best to keep the situation under control until the weary wanderers return.

Greyhound Official Explains Reasons for Curtailment Of Bus Service To Chelsea

A number of inquiries and complaints have been received at the Standard office since the curtailment of service to Chelsea by the Great Lakes Greyhound Lines several weeks ago.

During this period, as might be expected, many rumors have been circulated as to the reasons for this curtailment in bus service which has inconvenienced many who use the buses more or less regularly.

In an effort to clarify the situation, the Standard called the office of Mr. Radcliffe, General Manager of the Greyhound Lines in Detroit. No statement for publication would be released from Mr. Radcliffe's office but we were informed that a representative of the company would call at our office in the near future to explain the situation.

A few days later Mr. B. Howard, traveling salesman agent for the Greyhound Lines, called at the Standard office and was very gracious in giving a full explanation and dispelling the rumors that had been circulated.

It seems that Greyhound has been faced with the same problems that are so prevalent in all transportation systems. During the war years their equipment has been taxed far beyond reasonable capacity in an effort to keep up with the demand upon their rolling stock. Consequently, much of their equipment is reaching the point where it must soon be removed from regular schedules.

According to Mr. Howard, in an effort to give the best service possible with present equipment, and to speed up regular schedules between Detroit and Kalamazoo, it was decided that some local stops must be eliminated. Thus, under their new schedule, the buses that service Chelsea do not go through Grass Lake, and the ones going through Grass Lake do not make the Chelsea stop. In addition to speeding up service, the new schedules give service to people residing along New US-12 between Chelsea and Jackson, who have not had bus service when all buses traveled the Old US-12 route through Chelsea and Grass Lake.

Mr. Howard stated that the present curtailment is only temporary, until new buses are obtained, with delivery of some new equipment promised for early spring, when at least a portion of the curtailed local service will be restored.

Mr. Howard stated emphatically that the change in local schedules was not the result of any alteration with village officials; the Michigan Central Railroad company, or individual greyhounds, as had been rumored. He stated that his company's relations with local powers that be had always been pleasant and that changes in routing of buses within the village limits had been made in cooperation with local officials because of the condition of some streets over which they had traveled.

And so, with the assurance that full bus schedules will be reinstated to Chelsea's downtown district as soon as possible, the bus of Greyhound should bear with this transportation company whose curtailment of service has been necessitated through existing shortages which are the result of limited production.

Michigan Turkey Raisers Prepare Birds for Market

Michigan turkey producers are
busy preparing for the Thanksgiv-
ing market a large number of
quality turkeys. Although the to-
tal production of turkeys in Mich-
igan is approximately 900,000
birds, that is only about half of the
annual Michigan turkey consump-
tion.

Otis E. Shear, extension turkey
specialist at Michigan State col-
lege, says Michigan producers have
found a reasonably good market
for their birds. While the demand for
turkeys is good, the shortage for the hol-
iday season he does advise buyers
who desire small turkeys to place
their orders early.

At the holiday season there's a
big demand for the small turkeys—
dressing from 8 to 16 pounds. Most
of Michigan's production of tur-
keys is of the large, Bronze breed,
which usually weigh considerably
more.

Many Michigan turkey growers,
near to large markets, have in-
stalled poultry picking machines
and are dressing and marketing
their own birds instead of selling
through poultry firms, Shear said.

Because of the dry year, turkey
flocks were more free from disease
and other problems than in other
years, Shear said. Growers, how-
ever, have suffered a temporary
break in the market just as they
enter the heavy market season.

The nation over, there are prob-
ably plenty of turkeys for all. But
if you want one of a particular
size, the poultry specialist thinks
you had better place your order
early and not wait until the day
before you want to prepare it for
the roaster.

WEDDINGS

Ball-Schiller

Mary L. Ball, daughter of Mr.
and Mrs. Joseph Ball, of Lima
township, and Arthur A. Schiller,
son of Mr. and Mrs. Albert Schiller,
of Lima township, were mar-
ried in Zion Lutheran church at
Rogers Corners on Saturday after-
noon at 1:30 o'clock, in the pres-
ence of their immediate families.

Rev. M. W. Bruckner performed
the double ring ceremony before
the altar which was decorated for
the occasion with bouquets of white
chrysanthemums and seven-branched
candelabras holding tall white
candles at either side.

Mrs. Bruckner played the wed-
ding march as the bridal party en-
tered the church.

The bride wore a winter-white
wool dress with sparkling sequin
trimming, and a white hat with a
feil which gave it a headress ef-
fect. She carried a bouquet of Jo-
hanna Hill roses and wore a gold
necklace.

The bride's attendant was
Mrs. Ross Packer, sister of the
groom. She wore an oatmeal tan
suit dress with brown accessories
and a corsage of talisman roses.

David Ball, the bride's brother,
was best man.

The mothers of the bride and
groom wore black and their cor-
sages were of gardenias.

After the ceremony a dinner and
reception was given at the home
of the bride's parents for 200
guests from Ann Arbor, Dexter,
Detroit, Jackson, Dearborn, Man-
chester, Melvindale and Chelsea.

The bride's table was centered
with the wedding cake topped with
the traditional miniature bride and
groom, and white chrysanthemums
were used as decorations on all the
other tables.

The bride and groom are spend-
ing several weeks in northern
Michigan and upon their return
will reside temporarily at Spring
Lake until the completion of their
new home on Baker road.

The bride attended Chelsea high
school, and is employed by Vokar,
Inc., at Dexter.

The groom is a 1942 graduate
of Chelsea high school and is em-
ployed as a carpenter by Chris
Koch, carpenter contractor.

Safe House

A clean house is usually a safe
house. Clearing closets, attics and
basements of papers and maga-
zines, rags and clothing and old
furniture will eliminate the danger
of spontaneous ignition. The heat-
ing plant needs a regular cleaning
from top to bottom. Dirty chimneys
reduce the efficiency of the plant
and are apt to throw sparks.

Producing Deadly Ray

The germ-killing radiation in bac-
tericidal lamps, now available for
the home, school or office, is
created by electric current passing
through mercury vapor at low pres-
sure.

If the imposition of NEW or INCREASED taxes collides with the promised 1947 "recession," the problem will become more acute than ever.

Instead of reducing the state sales tax from 3 to 2½ per cent, as Sigler suggested during the fall campaign, he may have to ask for an increase in this or other taxes at a time when pocketbooks are already badly pinched to cover the

rising cost of living.
Of course, a legal way out would be for the state supreme court to hold the new amendment invalid. A suit is sure to be filed by someone.
One thing is sure. Lansing is going to have quite a show!

Mrs. John Alber of Columbia City, Ind., came Saturday evening to spend a week at the home of Mrs. John Kalmbach. Mr. and Mrs. Leland Kalmbach and son were week-end guests.

How to Handle
a Fortune

Some months ago I reported in the Clarion how Mel Bate's uncle died up north, and left him with a tidy fortune.

Naturally, our town was curious to see how Mel would spend it: Traveling around the world... getting a new house or car... wearing fancy clothes... or dining on cold pheasant and champagne...?

We can now report, Mel hasn't changed a bit! Drop in on him any night, and you'll find him in his shirt sleeves by the fire, chatting

with the Masus, sharing a mellow glass of beer with friends.

From where I sit, Mel has learned the art of handling money as well as handling people. You don't let cash-in-the-bank push you around any more than you let people push you around. If you like the simple, homey life; companionship and quiet ways; a glass of beer and friendly talk... that's worth a fortune, after all!

THANKS TO THE VOTERS
 I am deeply gratified by the splendid vote accorded me by the people of the city of Ann Arbor and the townships of Washtenaw county, because as you see, I have not had a chance to meet as many of the citizens as I would have liked to meet due to my work as Circuit Judge, which, as you all know, has required my constant attention.

It is not possible for me to express adequately my sense of gratitude and the deep satisfaction I have experienced by the marvelous vote given me in both the city and township of Ypsilanti, where I have lived and worked all my professional life, until I was appointed Circuit Judge by Governor Harry F. Kelly.

The confidence expressed in me by my election means that the people of the county want me to carry on the work I have commenced. My sincere thanks to all of you.

James R. Brackey, Jr.

CARD OF THANKS
 I wish to thank my many friends for their calls, cards, flowers and gifts, during my illness.

PLEASE: BE QUIET!

This matter has been discussed a great many times, but students still don't show any signs of doing anything reasonable about it. Study halls provide a place and a time to study. Most everyone, except a few studious, sensible-minded students, use that period as a place to have fun. Then, later, when they find they have some work to do, they find it impossible to do so.
The teachers have tried their best to create conditions favorable for study. Instead of regarding them as people who are trying to help students ignore them and seem very difficult and unreasonable. When the teachers finally lose their tempers and assign punishments, students think it is an outrage.
When students receive report cards and find they have failing marks, they can blame no one but themselves.
So, for the sake of yourselves, please be quiet and behave! If you need to consult with one of your friends, get permission from the teacher instead of taking the matter into your own hands. If she says "No," it will probably be because of your past actions. By starting to reform right now, you will, in the future, be granted your requests. If and when you do get permission to speak, please don't take longer than necessary. Remember, there are others who wish to speak!

"SADIE HAWKINS" DAY

Whether they resembled Daisy Mae and Lil' Abner or not the students turned out well in the garb of these two characters last Friday. The girls wore cotton skirts, blouses and big bows in their hair, and the boys wore plaid shirts and jeans.
In the morning the election of Daisy Mae and Lil' Abner took place; the candidates were as follows: Amelia Heas, Dorothy Howard, Donna Kalmbach, Minnie Mae Platt, Charles Sullivan, Oscar Hansen, Bob Barlow and Bob Robbins.
At the pep meeting in the afternoon the winners of the election were announced. They were Dorothy Howard and Charles Sullivan.
The dance at night was well attended.

The girls looked as though they were having a grand time. But boys, how does it feel to be wallflowers? This is not true for all the boys—some of them were really "beaux of the ball."

During the course of the evening Daisy and Abner were crowned. Did you notice the decorations? The G.A.A. girls are to be given credit for that.
In conclusion, everyone appeared to have a good time and hope to see "Sadie" again next year.

PEP MEETING

The pep meeting held last Friday afternoon before the football game between Chelsea and Saline was given by the Sophomores.
It was held in the form of a court with Bob Merkel officiating as the judge. The case was that of Bob Barlow, from Saline, charged with spreading slander against the Chelsea Bulldogs.
For evidence they had testimony from Coach Cameron, Ricky Carlson, and cheers by the cheerleaders. The jury convicted Bob and his sentence was to go to the football game, sit on the Chelsea side and cheer for the Chelsea team.
The pep meeting was closed by the singing of the school song.

STUDENT COUNCIL

The student committee decided that we request permission to have a boys' and a girls' meeting that we recommend that all students having a B average would be excused from final exams, that the assemblies held for the entire school, including the Junior High, would be held in the gym.
Record request cards have been printed. A person from each class has been chosen to sell guest tickets to student parties. They are as follows: Jerome Burg, Paul Niehaus, Marlene Heydlauff, and Peggy Schaible.
The junior class wishes to hold the basketball tournaments between the students and the faculty at night and charge admission. A motion was made and carried to accept the plan, with the recommendation that the Athletic Board pass on the matter.
Mr. Richards said that several complaints have been made about the students' version of the "Notre Dame Victory March." The cheerleaders have been appointed to teach the students the correct words.BAND
Attention! Anyone who can play a band instrument, and would like to play in the band, see Mr. Wilson. The band still needs more players. The band played at the Saline vs. Chelsea game.G.A.A.
The G.A.A. girls had charge of the plans for Sadie Hawkins Day and sponsored the Sadie Hawkins dance after the Chelsea-Saline game last Friday.ELECTION
Last Tuesday not only did the adults of Chelsea vote, but also the pupils of grades 9-12 voted at school, too. The results are as follows: The Republicans won by an overwhelming majority. Proposals No. 1 and No. 2 were unanimously accepted, while proposal No. 3 ended in a tie. Brown was elected for Circuit Court Commissioner; Leeland Carr was voted as Justice of the Supreme Court.

In comparison with the final results, one can see how well the pupils are informed on current affairs.

The following boys were welcomed as Green Hands: Donald Koch, Walter Zeeb, Bob Robbins, Jimmy Weber, Lawrence Bristol, Arden Musbach, Roy Guenther, Ralph Guenther, Bill Schrader, Lloyd Aberle, and J. Neil Lantis. Initiates had to recite the F.F.A. creed, among other things.
The apple project is proving successful. Ed Lantis is to be congratulated for his management of it.GARDEN CONTEST
This year the citizens of Chelsea were urged to plant gardens again. The seventh grade sponsored the garden prize program. When the judges selected the best gardens, they considered the following points important: (a) weed control; (b) insect and disease control; (c) quality and quantity of vegetables produced; (d) general appearance.This year because of the small number of entrants and poor quality of other gardens, there has been only one prize awarded to each grade.
Sue Katherine Barlow, grade five, \$3.00; Constance Steinbach, grade three, \$2.00; Priscilla Yeom, grade four, \$4.00; Kenneth Proctor, Jr., grade eight, \$5.00.

In addition to this the grades are also packing eight gift boxes to be sent through the Junior Red Cross to boys and girls in foreign countries. Included in these boxes are such things as soap, tooth paste, toothbrushes, pencils and paper, marbles and handkerchiefs, and many other useful articles.

today...

Waiting for a new motor car isn't exactly the easiest or most pleasant experience in the world. But the saying about patience having its own reward holds doubly true when your patience is rewarded by delivery of a gleaming, new Pontiac "Silver Streak".

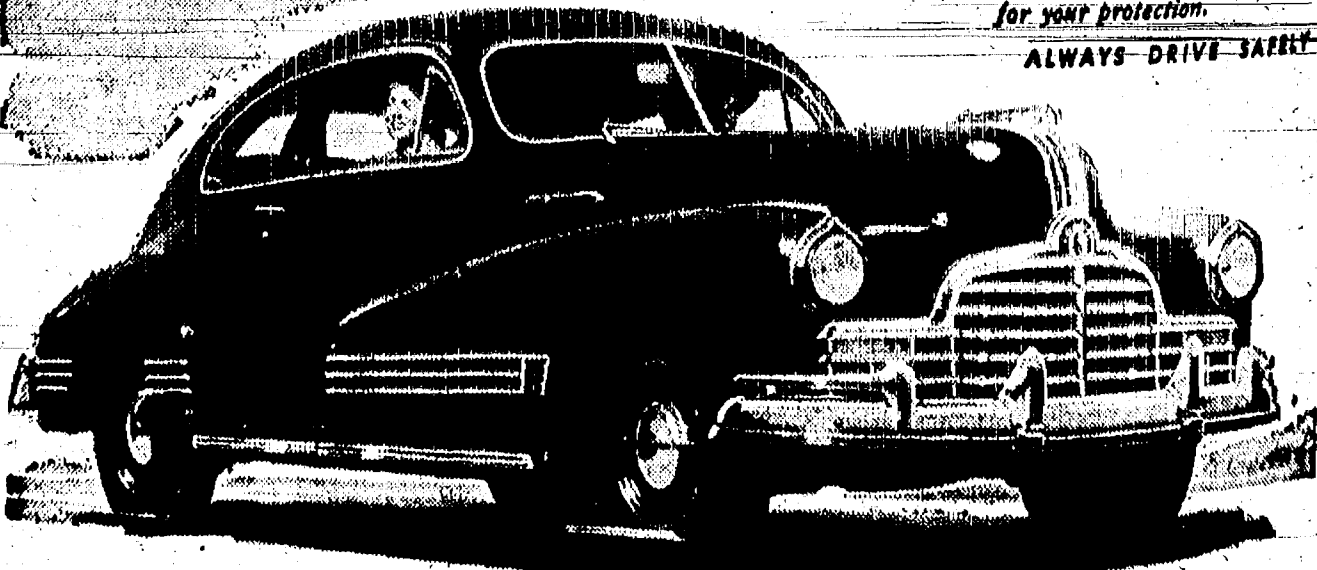

Up to now Pontiac production has been limited for reasons beyond our control. Now production is increasing. As of today, it's still below anticipations. But the trend is definitely encouraging. Which means that your wait is being shortened every day.

And when you do become the proud owner of a new Pontiac, you'll be mighty glad you waited—and your feeling of gladness will grow with every passing month and mile. Because in every way, the new Pontiac measures up to the phrase, "Finest of the Famous Silver Streaks". In dependability and economy it lives up to its great war-won reputation. It looks, handles, rides and feels like the quality car it is. It's a value that will endure over the years—something well worth waiting for!

WAIT FOR THE DIAL TONE—
BEFORE YOU DIAL YOUR TELEPHONE

Not that it's against the law to dial before you hear it, but if you do you'll either get a wrong number or no number at all.

TODAY, there are more telephones and more calls than ever. Occasionally, when you pick up the receiver, there may be a slight delay before you hear the hum of the dial tone.

That delay means that all the central office dial equipment is momentarily tied up. So please wait until you hear the hum—your signal to go ahead and dial.

Despite material shortages, we're doing everything we can to build and install additional equipment. And the day is coming when telephone service will be better than ever.

Take Compass and Map, Is Advice To New Deer Hunters

Lansing—To the hundreds of Michigan men who will go deer hunting this year for the first time, the conservation department has a bit of personal advice: take a map and compass along—there is nothing "sissy" about knowing where you are.

After arrival in camp the hunter is advised to observe the lay of the land—creeks, rivers, roads, railroads, phone and power lines, or other prominent landmarks. Details may be forgotten in the excitement of the hunt, but the general pattern will be remembered.

Any lost hunter who finds his way out of the woods before conservation officers and state police in searching parties find him owes it to the officers to report his return immediately. Already this season a searching party of nine hunters, conservation officers and state police—hunted all night for one man who found his way out, and home to bed at 8 p.m. the previous evening.

SECOND GRADE
This week we had another spell-down. It was a tie again. Those standing on the Tiger team were Hugh Weinberger and Sandra Gimmly. On the Cardinal team were Lynda Mayer and Henrietta Conroy.

We are all sorry that Douglas Warren has had a hip injury and will not be able to be at school for awhile. The students sent Douglas a fruit box which was contributed by everyone in the class. We all wish Douglas a speedy recovery.

THIRD GRADE

The third grade is having a test in addition and subtraction. Nancy Atkinson, Monadine Carpenter, Nora Raye, Mary Patrick, Fayetta Whitaker, Sharon Dancer, Marilyn Honbaum, Jimmy Keizer, Shirley Messner, Barbara Oesterle, Elaine Williams, Gloria White have completed the addition test.

In social studies we have studied fruit. We made a fruit book, and wrote papers about the fruits. We made pictures also. On Thursday each one brought some kind of fruit and we made fruit cups and ate them with crackers.

FIETH GRADE

The fifth grade wishes to thank Mrs. McClure for loaning us her beautiful porch boxes filled with geraniums.

Minerva Chizek has gone on a trip to Minnesota. We expect her back next week.

Thursday, November 5, 1946

Just look at those gals bowl—I mean look at all those high series coming up lately. So sorry Norma Eisenman, not getting your name in the 400 series last week after you worked so hard, but then I think you are going to be in the 500 series now, as you had 437 this week too. The other 450's this week are D. Eisenman 480, M. Breitenwischer 467, G. Young 462, Ruth Novess 468. If you think the 450's 5-6 are hard just ask Phyllis Novess to make you a neat 500 series. Keep it up, and we want more in the 500 club. High honors go to Ruth Novess for high game of 188 this week—just watch those Cubes!

The officers and captains of the league held a meeting at Bernice Radley's to make up the prize list. The list will be posted so look at them, Bowling, Gals, and you will find something worth working for. After the meeting a delicious lunch was served. We make mistakes just tell us. We will find someone to lay the blame on—that is, until our regular reporter, Betty Worden, gets back.

Tell us if you pick up splits—that is something not everyone can do. Girls picking up splits this week were V. Park 5-7, P. Wedemeyer 5-4-7, Norma Eisenman 5-6, 5-10.
