## WEDDINGS

**Schneider-Miller**  
Miss Francis Schneider, daughter of Mr. and Mrs. Bert Schneider of Riverside, Calif., and Jack Miller, BM-2C, U. S. Navy, son of Mr. and Mrs. Ed Miller of Chelsea, were married in the Methodist church in Scherz, Texas at 11:00 a. m. on Sunday, December 1, 1946. Rev. Moreland performed the double ring ceremony. The bride's uncle, Robert Hairhaltzer, sang

"Take The Name Of Jesus With You" before the ceremony. The bride, who was given in marriage by her father, wore a brocade satin gown with a chiffon yoke and ruffle. Her bouquet was of tube roses and white orchids. Gladys Rux, maid of honor, Ruby Bolton and Peggy Koch, bridesmaids of pink, blue, and green, and over, respectively. Their bouquets were of carnations. They wore pearls which were gifts from the bride. Paul Hoag, Jr. assisted the groom as best man, while Willis Krause, Jr., and Albert Schneider, Jr. served as ushers. The groom and the other men in the bridal party wore their Navy uniforms. A reception was held immediately after the ceremony at the home of the bride's grandmother, Mrs. W. A. Schneider, in Scherz.

The young couple became acquainted in Riverside, Calif., where the bride was living with her parents. They were introduced to each other by the bride's cousin, Paul Hoag, Jr., who served with the groom on the Itania in the Pacific theater of operations. The groom is on terminal leave from the Navy, after four years of service. The couple plans to live in Chelsea, and arrived here last Friday. The groom's parents went to Texas to attend the wedding, returning home last week.

## PERSONALS

Mrs. Cora Follis of Detroit spent last week as the guest of Mrs. P. M. Broesamle.

Mr. and Mrs. Whitney Riedel of Jackson were Sunday guests at the home of Mr. and Mrs. Wilbur Hinderer.

Mr. and Mrs. Albert Cole of Paulding, Mich. spent the weekend at the home of Mr. and Mrs. Leon Chapman.

Dr. Samuel Schultz of Coldwater spent Wednesday at the home of Mr. and Mrs. Henry Schneider.

Miss Ella Beutler, who spent a week with her sister, Mrs. Nettie Chadwick, in Jackson, returned to her home on Sunday.

Mr. and Mrs. Arthur Barden of Orleans were guests at the home of Mr. and Mrs. A. R. Jones from Monday until Friday of the past week.

Fred Seitz and Homer Stofor were guests of C. F. Menefee at the Rotary Club luncheon in Ann Arbor on Wednesday of the past week.

Mr. and Mrs. J. P. Cook were dinner guests on Sunday at the home of their son, Gerald and family, at their home in Romulus, on Sunday.

Mr. and Mrs. Donovan Sweeney and sons, George and Franklin, were in Detroit on Sunday for a visit with Mr. Sweeney's mother, Mrs. Daisy Krontz.

H. D. Witherell, who has been a patient at St. Joseph's Mercy hospital the past seven weeks, underwent a major operation there on Wednesday of the past week.

Mrs. Adolph Eisen, with her daughter Margaret and grand-daughter Robin, were dinner guests on Saturday at the home of her sister, Miss Lillie Wackenhut.

Paul Rogers, who has returned to his work at the Dunbar factory and showroom at Breen, Ind., was home for a week-end visit with his parents, Mr. and Mrs. Dor Rogers.

Mr. and Mrs. Ben Otto's guests over the week-end were her brothers, Herbert and Calvin Sigworth, and Patricia Crow and Betty Smith, all of Bowling Green, Ohio.

Miss Lillie Wackenhut entertained a group of friends at her home last Wednesday. Games were the diversion of the afternoon and the hostess served refreshments.

Mr. and Mrs. Glenn Sharp of Detroit spent the week-end at the home of Mrs. Sharp's parents, Mr. and Mrs. Elmer Lehman. On Sunday, Mr. and Mrs. Earl Lehman of Ypsilanti spent the day there also.

**Drinks Impair Vision**  
One or two drinks may lower appreciably the visual alertness of some automobile drivers and pedestrians, thereby making them prone to highway accidents.

**Lime In Body**  
The body as a whole contains more lime than any other inorganic material because of the high concentration of calcium phosphate in the bones.

## Michigan Contributes Heavily To Strength Of Regular U. S. Army

Detroit—Colonel Walter C. Cole, Commanding Officer of the Michigan Recruiting District, announces that the War Department has revealed the present strength of the Regular Army on the basis of the home state of men in service. Total number of Michigan men now in the Regular Army as of November 1, 1946 is 34,516.

Of the 34,516 Michigan men serving in the Regular Army, 17,059 enlisted in Michigan, many to enter service for the first time. These men, questioned by the Army's Information and Education Section, gave as their reason for enlisting:

(1) "Better job than in civilian life." (2) "Chance to receive 'Educational Opportunities.'" (3) "Another 17,456 Michigan men enlisted in posts and stations scattered over the entire world. Many of these men who have chosen the Army as a career are now in West Point, the twelve Officer Candidate schools, and the many technical service schools. At the present time, Officer Candidate School quotas are filled entirely by Army enlisted men."

It is obvious that Michigan men like to Army, and the Army likes men from Michigan," stated Colonel Cole. "If the other states averaged as high in Army enlistments, America would have an Army half again as large as its present size, and America's commitments and Foreign Policy would be secure."

**Electrical Device To Aid In Hearing Has Been Perfected**

Ann Arbor—One of Alexander Graham Bell's fondest dreams—an electrical device which would enable the deaf to understand the spoken word—has been achieved by the Bell Telephone Laboratories and is now at work teaching deaf children to "hear" with their eyes.

Under a cooperative project with the Bell Laboratories, the University of Michigan and Michigan State Normal College are perfecting practical applications of two new speech instruments.

A device called the "cathode-ray speech translator" transforms the speech sounds with the speed of light into a visual pattern on a fluorescent screen. Another device, the "acoustical spectograph," produces speech patterns on paper.

It is estimated that with the aid of this equipment, the deaf can be taught a basic vocabulary in about the same time it takes to master an unfamiliar foreign language.

The translator is located at the Hackham School of Special Education at Michigan Normal. The spectograph is located at the University Institute of Human Relations speech clinic.

The Bell Laboratories, which developed the two instruments, turned over the results of years of experimentation to the University and Michigan Normal to permit research necessary to evolve educational applications.

By learning to read speech patterns just as you once learned to read your ABCs, deaf persons can "listen" to the radio or carry on telephone conversations.

After extended classroom use, the translator will be made available in an improved, semi-portable model by the Bell Laboratories to all deaf persons.

An important use of the new speech instruments is to teach the deaf, and others, to speak properly. Formerly, a teacher had to spend hours with each pupil to teach him how to form words with his lips, teeth, and tongue. Constant repetition and correction was the only method whereby the deaf could be taught to speak.

After one or two oral demonstrations, the pupil refers to a pattern

produced by the spectograph and attempts to reproduce the same pattern on the translator. By repeated attempts, without any further help from an instructor, the pupil learns to make the translator pattern of his voice exactly match the spectograph pattern of his teacher's voice.

The instruments also are used to correct speech defects of persons with normal hearing, and to teach foreign languages, phonetics and music.

**Ruffled Curtains**  
If you have ruffled curtains which are still good though the ruffles may be worn out, they may be remade by substituting ball fringe for the ruffles.

**Prolongs Life**  
Liberal amounts of vitamin A tend to postpone ageing and to prolong life, certain scientists say; their tests were made on rats.

**Transport Investment**  
The street car, trackless trolley coach, and gas bus systems of America represent an investment of more than \$4,250,000,000.

**Spots Fake**  
A new x-ray device spots fake coins or diamonds.

## CHRISTMAS GATHERINGS

(Continued from page one)

eleven members and two guests present.

The ladies were happy to have with them at this meeting, one of the three remaining charter members, Mrs. Elizabeth Wackenhut, who was instrumental in organizing the Mission Club 12 years ago, and lunch was provided, but has been unable to attend meetings regularly the past year.

The program was opened with prayer and a devotional reading by Mrs. L. Eppler, followed by the readings:

Christmas Customs In Other Lands—by John Oesterle.

"Leisure"—Mrs. Adelphi Dugger.

"What Shall I Give To Him?"—Mrs. Fred Sager.

"Christmas Peace"—Mrs. Alvin Vail.

The Christmas Fruit Cake—Mrs. Mary Strietter.

Mrs. Strietter and Mrs. Oesterle sang a duet, "Star of the East," and German Christmas carols were sung by the group.

The secretary's report for the year showed that the club has given \$5.00 for War Relief; \$5.00 to an Ozark mission worker for purchasing small Christmas gifts to be distributed to needy children; sent two large boxes of gifts made by members, including dolls, aprons for children, scrap books, etc., to the Ozark mission worker; three hand crocheted rugs and scarves to the Orphans' Home in Detroit; and two quilts to the Emmaus Home for Epileptics and Feeble Minded.

Gifts were exchanged and a pot-luck lunch was enjoyed, but the hostess serving in the dining room where the table was centered with a silver basket of greens and colored ornaments with red candles at either side.

Forty members and guests attended the Dorcas Chapter Christmas meeting held in the Congregational church basement on Thursday evening.

Each member brought a gift of food for the basket the Chapter is preparing which is to be given to a family for Christmas.

White elephant bingo was enjoyed as the entertainment of the evening, and was followed by refreshments of sandwiches and Christmas cookies, served from a prettily appointed table covered with a white cloth.

Christmas tree ornaments and red candles in silver holders. Presiding at the silver tea and coffee service were Mrs. Skentelbury and Mrs. Stammer.

The committee for the meeting

## Better Farm Home Featured Attraction Of 1947 MSC Caravan

Successful farming practices, which make possible a better farm home, is the thought behind the 1947 Rural Progress Caravan.

This event, sponsored by the extension service of Michigan State college, starts its three-month tour of lower Michigan in early January.

Like the labor-saving caravan early this year, the 1947 caravan will be carried about the state in large trucks with trailers. It will be replaced on one-day stands and then move on to another county late in the evening.

George Amundson, chairman of the caravan committee, points out that the caravan now under production features remodeling and building of homes and farm buildings. While materials are still scarce and labor is high, the extension engineer at MSC says planning such work should come well ahead of actual building.

Many departments will be represented by specialists this year. It is believed that from 15 to 20 agricultural and home economics specialists will be with the caravan and be prepared to answer questions asked by the farm people.

The caravan day in each county becomes a community day in which people can get together and visit and exchange ideas.

County extension staffs in different counties are making arrangements for local exhibits and demonstrations at each of the shows.

The caravan will open in Ingham county on Friday, January 4. It will make its initial showing at the county highway garage at Mason.

The place and date of the showing in Washtenaw county will be announced later.

U. of M. Expects To Have More Room for All Eligible Students

Ann Arbor—The University of Michigan expects to have room for every qualified high school graduate and transfer student in Michigan who wishes to enter either in February or September, 1947.

President Alexander G. Ruthven has announced.

A considerable number of students now enrolled will complete their work or drop out at the end of the fall semester, and a large class will be graduated next June.

As usual, first priorities for their places are reserved for veterans and high school seniors and transfers from Michigan colleges.

President Ruthven said, "One of the most important educational functions of the University is the provision of undergraduate instruction for the young men and women who come to each year from the high schools of the state. Educational programs in the undergraduate colleges are organized so as to provide for them, and we are pleased with the records made by these young men and women."

"Even in these days of very large enrollment, we are attempting to provide instruction in classes of moderate size, thereby enabling students to enjoy the benefit of close associations in their work. In each of the undergraduate colleges, special arrangements are made for the academic counseling of freshmen and sophomores so that they can adjust themselves easily and effectively to the new environments of college work," the University head explained.

## OFFICE NEWS

School will close for the Christmas season the night of December 20, and will re-open the morning of January 2.

The basketball team will play the Alumni on Friday, January 3. The Senior will represent their play, "A Connecticut Yankee in King Arthur's Court," January 10 in the high school auditorium.

## OR A REASONABLE FACSIMILE THEREOF

As the sun came beam-ing thru the windows and shone upon our Christmas tree, I thought it would be a nice day for us to use our Cameron's. As we were getting ready to take the pictures the sun suddenly disappeared. The clouds burst as in a gust of anger, and the rain fell. At this we decided to go to the store and get a new one. We found one that was just what we needed. It was a new one, and it was just what we needed. We bought it, and we were very happy. We used it, and it was just what we needed. We bought it, and we were very happy.

Wilson-body please tell us how to use Alpervite in this story?

**OUR EARS ARE RINGING!**  
Yes, that's what I said! Our ears are ringing with the many slang expressions that are constantly being shouted about the school, and I do mean shouted! I mean, put me in black and white any of these expressions, I doubt they have all heard them before, therefore we know that they should not even be whispered, let alone shouted about the school at random.

These verbal outbursts are being used altogether too much in view of the fact that they should not be used at all, and their triteness has become agonizing. Although most of these slang expressions are not of contemptible nature, many are not. I mean, there are many hurt feelings have been left in the wake of this flood of so-called "funny" sayings.

There are only a few vociferous persons who delight in following of this habit. Beyond a doubt, the learned people in this institution, the teachers are very much against this array of epigrams. Henceforth, when you feel the urge to utter one of these trite quotations, please! You may be hurting someone's feelings! — B. Barlow.

## MYSELF—A TYPICAL DRIVER

Yes, I am a typical driver of the United States. When I come to an intersection I never see the stop sign, and what's more, I rarely bother to slow down, because I know everyone else will watch for me. I can always tell they do because one always honks his horn at me as I whiz by those lovely, thoughtful people. Sometimes I don't think they all have pleasing expressions on their faces, but I must not see them right as my eyesight really isn't 20-20.

I had a grand time the other day when I went down to Ann Arbor to renew my driver's license. The policeman was a super fellow, and I knew he was kidding me along when he told me I wasn't qualified to renew my license, so I thanked him kindly and left right then. I had a dreadful time starting my old Ford, which hasn't been checked since I bought it, but she finally sputtered and she and I

chugged merrily away back to dear old Chelsea.

As I drew near Pierce's gas station at the corner, near Chelsea, I rounded the curve in a gay mood, with my little old Ford hitting on all four cylinders. All of a sudden who should appear from around the bend but the policeman himself! Well, I thought that was mighty nice of him to want to stop and gab with me. Then it came! He told me I didn't stop at the corners and the stop sign was right along side the road. I told him I never did stop, and then he did get mad! Well, he up and took me for a nice long ride back to Ann Arbor, only this time I went to jail.

Wow is me! There I sit writing my experiences and good advice about my life behind the wheel, and the policeman doesn't look too hard. I only hope somebody goes out there and gets my little Ford because if she stays out all night she might catch cold and her joints are very weak now.

**PEP MEETING**  
Last Friday the pep meeting was given by the Juniors, preceding the first basketball game of the season, with Milan. The Juniors presented a skit entitled "Advice from the Great Swamp," in which many members of the class participated. The skit was very funny and the Juniors were very good. The pep meeting ended by singing the school song, accompanied by Marcelline Hinderer.

## FIFTH GRADE

The fifth grade has been very busy preparing for the Christmas festivities of next week. We have made several pictures in art classes including scenes, calendars, and candle designs. Several of the boys and girls are rehearsing a Christmas play under the direction of Gene Miller, who is chairman of the program committee for our Christmas party.

Last Monday, Mrs. Lange was entertained at a surprise birthday party by the entire fifth grade. The party was very well organized and everyone had a wonderful time. Several in the room have made a slight improvement in spelling and arithmetic. After Christmas we hope to raise our marks considerably.

## SIXTH GRADE

We are enjoying the Christmas decorations in our room. The window decorations were made by Maryellen Moore, Carolyn Shelly, Christine Rowe, Donna Hinderer and Alfred Knickerbocker. Other decorations were made by Lyndell White, Dixie Row, Eleanor Schmidt and Dorothy Speer.

Frank Roberts, Bill Petsch and Maryellen Moore were chosen to buy the Christmas tree for our room. The sixth grade will have a party in the Christmas program that will be held on December nineteenth.

Copren, secretary. The treasurer will be appointed by the officers and Mr. Wilson.

## INTRODUCING—

On March 26, 1933 at Jackson, Michigan a certain girl named Phyllis Hoffman opened her eyes to look at this world. Her childhood years have been blessed with five years and one half inches of height, light brown hair and blue eyes. Her favorite color matches her eyes, and roast pork is her favorite food. To enjoy her favorite sports she goes swimming and horseback riding. She'll hum "Star Dust," her favorite song while on her way to see her favorite movie, "Bandit of Sherwood Forest." Phyllis came to Chelsea High from Saint Mary's. She says she likes the school and all of the teachers.

On January 7, 1932 at Murfreesboro, Tennessee a certain boy named James was born. He is now a freshman, named Alta A. Marshall, who has light brown hair, dark brown eyes, stands 5 feet 4 1/2 inches tall. Alta's pet names are two small cows, Marcian and Kay Kohl. Her hobby is collecting pictures of teachers, schoolmates, and other friends. She was born in Alger, Ohio, Dec. 27, 1931. Her favorite food is roast chicken with bread dressing. She also has a pet, "Snowball."

On March 12, 1933 a tiny blonde baby girl arrived at the home of Mr. and Mrs. Rothman. This child was destined to be named Emily Jean Rothman.

Now a freshman, she "enjoys" algebra, English, civics and home economics. But subjects are not the only thing she enjoys; her favorite teachers are Miss Beam and Mr. Cameron; song, "In The Garden," food, chocolate pie. Emily is now five feet six inches tall, still blonde, and her "pet peeve" is washing dishes! (In this she is not alone!)

## SENIOR NEWS

The seniors have selected their trip for May 21-23. Seniors had charge of the pep meeting Tuesday, with Agne Lambertson chairman, for the first home basketball game with Manchester. The tickets for the senior play will be on sale this week.

## F.F.A. NEWS

Don Barth and Richard Carlson were elected to the state convention in the spring. The boys have been working on basketball team plans. Saline, Manchester, Milan and Lincoln F.F.A. teams have been invited to join the league.

## BAND NEWS

The band will go caroling with the chorus this Thursday. The brass choir will play two numbers with the chorus in their concert. Last week the band members elected officers. They were as follows: Paul J. Niehaus, president; Lyle Christwell, vice-president; and John

years ago, died Friday at the home of his daughter in Detroit, where he had been spending the winter. He had spent the summer here at the home of his brother, Matthew, near Sylvan Center.

He was born October 27, 1873, near Chelsea, a son of Christian and Eva Mary Wurster Fahrner, and was married to Mary Knoll, who died several years ago. Surviving are three daughters, Mrs. Eva Van Allen, whose home he was staying, Mrs. Mabel Blough, also of Detroit, and Mrs. Maud Underwood in northern Michigan; a son, William, also in northern Michigan; six brothers, Matthew and William of Chelsea, Herman of Grand Rapids, and Edward, Jacob and Henry, of Ann Arbor; three sisters, Mrs. Mary Steinbach of Lima township, Mrs. Aaron T. Gorton and Mrs. George Braun of Ann Arbor.

Funeral services were held at the Muehlethel chapel in Ann Arbor at 2 o'clock Sunday afternoon, followed by interment at Bethlehem cemetery.

## CARD OF THANKS

We wish in this way to express our sincere gratitude to the neighbors, friends and relatives for their many acts of kindness, and for the beautiful floral offerings during our sad bereavement; we especially thank Rev. Grabowski for his comforting words.

## Housed in Trailers

During the recent war, the United States government purchased 35,000 trailer coaches which, through repeated occupancy, were used to house more than 500,000 persons.

## Branding Cattle

As chemicals used for branding cattle sometimes cause extensive sores on the animals, the hot iron is to be preferred for this purpose. Application of a repellent to all branding wounds to prevent screw-worm infestation is important.

# Give Special Care To Sow Breeding Herd For Better Pig Crop

The farmer interested in good quality March pigs should now be giving special care to his sow breeding herd. W. N. McKillen, research associate in animal husbandry at Michigan Agricultural Experiment Station, reminds farmers that sows to farrow in March must be bred in November or early December.

Adequate floor space and warm bedding is necessary to prevent flu and other diseases among the sows and their animals for lice and mites with lime sulphur for mange should also be accomplished. Breeding stock should be fed some distance from sleeping and eating quarters to insure plenty of exercise. McKillen recommends bonemeal

ground limestone and salt as especially good minerals. If meat scraps, tankage, soybean oil meal or other protein supplements can be bought, it is advisable to feed about 1 1/2 per cent mineral and include 20 per cent more alfalfa or clover meal in the ration. This will help take the place of hard-to-get supplements.

# Worth its wait in Golden Moments

THE first big moment comes, of course, when you step out of your door, and there's your very own Buick, all ready and waiting.

The next one comes when you roll down the street in this handsome creation — and practically feel the eyes of the passers-by following.

You get another lift the first time you meet a hill, and the voice of your Fireball straight-eight engine drops from baritone to bass as it meets the challenge — and tramps the grade down into easy levelness.

Then some night you'll find yourself alone on a quiet moonlit country road — and the whisper of your engine, the soft tread of your coil-sprung wheels, your gentle, cradled, easy stride, will fill your soul with a peace you wouldn't trade for worlds.

The simple truth is that it's not only an automobile you wait for when you wait for a Buick — it's an endless series of sweet satisfactions.

It's not just a matter of size and room and Fireball power and all-coil springing, as any Buick owner will tell you — it's the wonderful way all these add up to make a constant flow of golden moments.

You'd like those moments to start coming soon. So would the whole, hard-hitting crew that's waging relentless war against delays and shortages to produce Buicks for you — and fast.

But the most important thing — when you think it out — is *what* you get rather than *when* you get it — and what you really want is found nowhere else but in Buick.

Why not settle your mind on that and be done with it? You can place your order now for future delivery, with or without a car to turn in — though we like to get trade-ins for our used-car buyers.

### PIN CHATTER

December 10, 1946

Slipping, girls? No new members for the "500 Club" this week, but we do have six 450's, Tucoi again with 487, Thomsen—476, Wedemeyer (still pitching)—467, Kaiser 466 (must be the new ball), Rabley 462, and M. Breitenwischer 459. Nice bowling, gals.

Some really exciting games on Tuesday, two of them being ties. Virgodebs were trying hard, but with Reva Rogers bowling for each team, they couldn't win. The Bobby-Soxers were trying hard, too, but finally had to admit that Chelsea Milling was the best team, by one pin.

We have quite a list of picked-up splits this week. These gals are getting to be experts. Dot McClear picked up the 6-7, Gert Thomsen

the 5-10, Audrey White the 8-9, Ann Bumpus the 5-10, Jan Phelps the 6-7, June Robinson the 4-5-10 and the 6-10, Wilma Rose the 4-5-10 and the 6-10, and the 4-6-7 and M. Beam the 5-7. How do you girls ever expect to pay for a steak dinner? Keep up the good work, though. It looks better to have spares than splits.

Mildred Breitenwischer, our substitute reporter, did such a grand job I'm afraid the "regular" will have a hard time keeping up now. Thanks a lot, Millie!

## Interest Shown In Michigan Dairy Herd Improvement Plan

Dairy Herd Improvement Associations, which have done much to improve the economy and efficiency of the dairy production, have made outstanding gains in Michigan in the past year.

L. A. Johnson, Michigan State college dairy specialist and in charge of the 62 Michigan associations, reports a gain of 27 groups of herds has increased by 672 to reach 2,208 and the number of cows in these herds now total 28,180—a gain of nearly 10,000 in the last year.

On December 2 at Fremont, Mich., a celebration was held commemorating the beginning of dairy herd improvement work in the United States. It was held in the same Grand hall where 40 years before the 31 dairy herd operators met to hear the first annual report. Attending this year's meeting of the Michigan association was Geo. Dobbin, now of Muskegon, who was one of the founders of the group.

O. E. Reed, chief of the bureau of dairy industry, U. S. Department of Agriculture; E. L. Anthony, Dean of the school of agricultural extension, Michigan State University; and A. C. Balster, MSC extension dairyman appeared on the program, as did Johnson.

Interesting is a comparison of records of this association for the first year of operation, 1906, with the year of 1945. Back 40 years ago the average cow produced 5,356

pounds of milk and 215 pounds of butterfat. In 1945 the production per cow was 8,055 pounds of milk and 381.8 pounds of butterfat. That's a 60 per cent increase in the 40 year period.

These associations are cooperative arrangement between 25 or more dairy herd owners who agree to pay the wage of a DHIA supervisor for accurate milk weight, butterfat test and feed data on all cows in herds owned by the farmers.
