

Between now and the April general election, the voters of Michigan are going to hear a lot about alleged racial and religious discrimination in employment.

This is not a pleasant subject to talk about.

The issue is going to the voters because of petitions sponsored by approximately 200,000 citizens, which initiated a bill now before the state legislature. This bill proposes a penalty for discrimination in employment due to racial or religious reasons. A commission would be created to administer the law.

According to the state constitution, the legislature must adopt any bill, so initiated by petitions, within 45 days or it automatically goes on the ballot at the next general election. The legislature's deadline is Feb. 17. Senator Bonine, who is the author of the bill, has announced his belief that the bill should be voted upon by the people. Hence the certainty, at the moment, that the voters will decide it in April.

New York, New Jersey, and Massachusetts have adopted a similar law. California voters rejected it in a referendum last November by a margin three to one.

What would the law do? The New York commission has ruled the following practices to be illegal: Requirement of a photograph from a job applicant, requirement of religious affiliations, place of birth, naturalization papers, racial ancestry or nationality.

The Michigan bill would impose a fine—not more than \$1,000 or imprisonment for not more than six months, or both, for any violations.

Should each member of the Michigan legislature get a \$7.50 per diem expense account while at Lansing on state business?

That is the question now before the House of Representatives. The senate thinks so. Governor Sigler has advocated higher pay as a way to lessen temptation for graft to cover living costs at the capital.

Here are some facts. The \$3 per diem, as set by the constitution, is paid for every day in the calendar year. Sundays included. A legislator's compensation is \$1,095. The average legislative session runs five months. A legislator is subject to duty throughout the year.

The constitution specifically states that legislators shall receive no further compensation, as specified in this section, for service when the legislature is convened in special session. All attorneys general prior to 1940 have ruled that it would be illegal to pay an expense account. Attorney General Black has ruled it would be legal.

Attorney General Black also announced he is going to turn in his own expense account for \$2,500 a year, as provided by a 90-year-old statute enacted back in 1907. Mr. Black's home is in Port Huron.

State Treasurer Samuel Odell, who served from 1917 to 1920 (two terms), collected \$2,500 a year in addition to his salary. The present treasurer, D. Hale Brake, has not done so.

The governor's constitutional salary is \$5,000. Although he receives an additional \$2,500 as a member of the administrative board, combining constitutional salaries and legislatively-enacted fees or compensation, all state officials except the lieutenant governor now get \$5,000 a year. The lieutenant governor receives \$3,500 plus \$3 per diem as a legislator, or \$4,595 in all.

Until 1945 the governor's expense account was \$5,000 a year. In 1945 the legislature doubled it to \$10,000. Even the \$5,000 figure is a fairly recent innovation, so we were told.

The constitution says that "it shall not be competent for the legislature to increase the salaries herein provided," said salaries being those of state officials.

It is a common knowledge that the legislature is not competent for the legislature to increase the salaries herein provided," said salaries being those of state officials.

Attempts to increase legislators' salaries by constitutional amendment have been unsuccessful. As late as November 7, 1944, the voters of Michigan rejected a proposal.

A happy solution to this problem—and other problems including the strangling of the state's amusements which eat up 78 per cent of the revenue for non-state public services—is a constitutional convention for revision of the constitution.

Answer of big-town mayors to Governor Sigler's request for a solution to the state's financial dilemma was a follow-up from the veterans' \$60,000,000 trust, dip in the present surplus, and count on increase in sales tax returns.

The prospective \$89,000,000 deficit could be averted. The mayors' solution was a one-year answer to the state's financial dilemma was a follow-up from the veterans' \$60,000,000 trust, dip in the present surplus, and count on increase in sales tax returns.

Mrs. Wilbert Breitenwieser was the accompanist.

A Young People's Quiz, with Rev. Grabowski asking the young folks to give the names of certain members of the congregation which he described as follows: "Obstructor" (Hinderer); "That which is left after burning coal or wood plus a season of the year" (Ashfall); "A German Lover" (Schatz); "An elevation plus a vocalist" (Hilinger); etc.

Prizes were given to Virginia Lucht and Evelyn Lehman. Song, "Schitzel Bank," led by "Professor" Paul Niehaus.

The singers, in costume, were E. M. Eisemann, Fred Seitz, Ernest Guenther, Fred Sager, Alvin Niehaus, F. G. Schmitt and Wilbert Breitenwieser, together with E. J. Bahnmiller and George Seitz, who were called from the audience to assist.

Mrs. Robert Niehaus and Mrs. Wm. H. Seitz received prizes in the drawing for women, prizes and George Seitz and Floyd Wank received the prizes in the drawing for the men's prizes.

The very enjoyable evening was closed with the singing by the assembly, "Now The Day Is Over."

E. F. DeVine of Ann Arbor Tells Kiwanis Of Naval Experiences

At the regular Kiwanis Club meeting Monday evening two new members were accepted, William Schatz, of the Schatz-Cigar Store, and Robert Lantis, of the Lantis Trucking company.

The speaker of the evening was E. F. DeVine, chief assistant prosecutor of Ann Arbor, who was formerly a member of the Navy's Air Corps, Intelligence stationed at the base west of the Japanese stronghold at Truk. He told of some of the naval battles of the war, including those at Okinawa and the Bay of Tokyo.

Plans were discussed and announcements made pertaining to the Kiwanis presentation of the "Kansas City Ramblers' Jamboree Radio Show" at the high school gymnasium, Friday evening, Feb. 28. Two shows are planned—the first at 7:30 and the second at 9:30. The troupe consists entirely of present and former radio show writers, who are giving a variety show, including hill-billy music, and many other features made popular by them over the radio networks.

The writer's personal comment: Constitutional salaries of state officials and legislators are wholly inadequate in 1947 on the basis of present-day living costs. The present system of paying the governor a \$5,000 salary and then giving him an additional fee of \$2,500 and an expense account of \$10,000 is simple moral circumvention of the constitution, although we concede it is practical need.

Attempts to increase legislators' salaries by constitutional amendment have been unsuccessful. As late as November 7, 1944, the voters of Michigan rejected a proposal.

Greenhouse Fire Loss Is Over \$10,000

A disastrous fire occurred at the Chelsea Greenhouses shortly before six o'clock Sunday morning, resulting in damage to buildings and stock amounting to between ten and fifteen thousand dollars, which is only partly covered by insurance.

Mrs. Elvira Visel, one of the owners, discovered the fire in the basement under the south end of the workshop. It appeared to her, she said, to have started in the coal stove there for heating the two small greenhouses and quickly spread through the workshops along the west end of the five greenhouses. Parts of Number 1 and Number 2 greenhouses were saved about half of their length and have been hoisted up in an attempt to save some of the plants.

On hand was the largest stock of Easter lily plants since before the war, which were being grown for this year's Easter trade, as well as daffodils and snapdragons all ready for cutting, in addition to the regular stock.

A new storage ice box installed recently was destroyed as was a large heating boiler. A smaller boiler was saved and also a new cold frame house which was erected last spring.

The fire department, Cassidy Lake fire department, and neighbors responded to the alarm and succeeded in keeping the fire from spreading to the Visel and Armstrong homes and the long garage just north of the greenhouses houses the greenhouses.

Mrs. Visel has operated the greenhouses for 45 years and just a year ago Mr. and Mrs. Fremont Armstrong, who had been employed by her for a number of years, became partners in the business.

The total amount collected was \$672.82.

Mrs. Mohrlock expresses her thanks and appreciation to all contributors and to all who helped to make the drive a success.

She is especially grateful to thank members of the Y. W. Auxiliary who had charge of the Mile-of-Dimes Board in front of the Chelsea State Bank on Friday and Saturday, January 24 and 25.

Two Children Injured By Scalding Water

Norene Packard, eight years old, and Gloria, five, daughters of Mr. and Mrs. Mac Packard, were painfully scalded about the feet and legs when water lifted a 12-gal. kettle of boiling water from the stove at the family home Thursday evening, spilling it on herself and her sister.

Norene was helping with washing the dishes while her mother was at the stove. The water was lifted by the children and fell on them.

Both girls are getting along fairly well but will be unable to attend school for several weeks.

High School Chorus Presented Program Over WPAG Tuesday

The Chelsea High School Chorus, under the direction of Arthur L. Redner, vocal teacher in the Chelsea schools, presented a quarter hour of choral music over station WPAG, Ann Arbor, last Tuesday, February 18, 1947, at 1:45 p.m.

The selections heard included "Salutation," by Gaines, "Venetian Love Song," by the great American composer, Eubelbert Noyin, "One World, One People," by Hara, and "Nightfall in Granada," by Buena.

These numbers were recently performed when the chorus was the guest of the Chelsea High School Band in their mid-winter concert, and were well received by the audience.

Starting at the beginning of this year with a membership of approximately thirty-five members, the chorus has grown until now its membership numbers about seventy-five. This is the largest chorus Chelsea high school ever produced.

The chorus has been growing in quality. For the remainder of the year a busy program has been arranged which includes participation in the Michigan Vocal Festival this spring and a color opera.

Rehearsals are already under way.

TO BE OR NOT TO BE?

It has been brought to the attention of the Library Board that the following petition is being circulated: "Shall the Library of the Village of Chelsea be moved to the new room available at the Municipal Building at East Middle Street, Chelsea, Michigan?"

During the last two years the members of the Library Board have been giving serious consideration to this question and have voted to leave the library in its present location for the following reasons:

1. A main street, ground floor location is the ideal, according to the State and National Library Association.

Legion Backs Sigler's Investigation Of Subversive Activities

Gov. Kim Sigler's investigation of subversive and communistic groups in Michigan colleges has won the full endorsement of the American Legion. In a telegram to Sigler the Legion's state commander, Earl F. Ganschow of Saginaw, said:

"The American Legion is wholeheartedly behind your efforts to rid the schools and colleges of Michigan of all communistic and subversive groups, and we wish to offer you every support in whatever course of action you may elect to follow."

The American Legion feels that every World War I veteran now seeking to enroll in Michigan's educational institutions should be given that opportunity wherever possible. Certainly no student aligned with any subversive organization should be permitted to usurp the classroom and living space required to accommodate a veteran or any other good American youth desirous of entering college.

The governor's investigation started at Michigan State college disciplinary action was taken by college authorities against student members of the American Youth for Democracy. The probe then spread to the University of Michigan and Wayne University.

Existence of the American Youth for Democracy, or any other communist-front organization on college campus in Michigan is unthinkable," said Commander Ganschow in commenting on the Legion's offer of aid to Gov. Sigler.

According to J. Edgar Hoover, director of the Federal Bureau of Investigation, the A.Y.D. is but another name for the Youth Communist League, Ganschow declared.

"That opinion is endorsed by Capt. Harold F. Mulbar, Michigan state police chief of detectives.

Decisive action must be taken to root this evil out of Michigan, and the full weight of the Legion will be thrown into the fight," said Ganschow.

Jerry McSafely Will Entertain and Instruct Public School Children

Jerry McSafely, the toothy, grin-
ning, quick-witted ventriloquist's
dummy and his master, Sgt. Fer-
nellius, of the Detroit Police Safety
Department will arrive here Feb-
ruary 24 to present his safety talk
to the children of the Chelsea pub-
lic school.

Jerry and Sgt. Fernelius have
been making these safety talks be-

lieves." He attracts the children
like the modern counterpart of
Pied Piper. When his safety lec-
ture is over, the children beg for
more. He is besieged by crowds of
fans as he makes his exit.
The credit for this startling hero
is Sgt. Fernelius, who decided in
his first year as a safety lecturer
with the Detroit Police Depart-
ment, that he could get more at-
tention and make a more lasting
impression if he could make his
talks entertaining as well as infor-
mative. So, Jerry was created.

fore school audiences since Sept.
1935. Future plans indicate that
the pair will tour the entire coun-
try as part of a program to teach
safety to America's children.

Jerry's fame has been growing
by leaps and bounds, since his
birth in 1935. With his engaging
grin, rolling eyes, wiggling ears,
and a line of witty and clever
songs, "Patrolman" McSafely has
been "laying his audience in the

and dressed in a junior size regu-
lar police uniform complete
with shield, handcuffs and revolver.
Sgt. Fernelius designed his safety
talk into a fast-moving dialogue in
which he modestly gives the dum-
my all the best lines.

Jerry will arrive at the Chelsea
public school at 10:15 o'clock on
Monday. His appearance in Che-
lsea is sponsored by Palmer Motor
Sales.

PLEASANT SURPRISE

Wm. O'Dell, of 151 Park street,
was very pleasantly surprised on
Thursday evening, when members
of the Chelsea K. of C. brought to
his home the 180-lb. dressed hog,
which was the grand prize at the
K. of C. popular party held that
evening at St. Mary's church hall.
When the K. of C. members asked
him what he wished done with it,
he told them to bring it right on in
and he'd take care of it from then
on.

More Hatcheries Cooperate In Plan To Improve Chicks

Each year, more and more Michigan hatcheries are participating in the national poultry and turkey improvement plan. The organization is sponsored by the Bureau of Animal Industry of the U. S. Department of Agriculture and was designed to improve poultry by establishing progressive breeding standards, pullover control and eradication of disease.

H. C. Zindel, extension poultryman at Michigan State college, says that in 1944-45, only 48 of Michigan's 378 chicken hatcheries participated in the plan. In this 1946-47 season, a total of 88 hatcheries are cooperating. This represents an increase of 83 per cent in hatcheries participating in the program.

Light progressive turkey hatcherymen joined forces to operate under the National Turkey Improvement Plan in 1945-46. During the 1946-47 season, 24 hatcheries are cooperating. This represents a 200 per cent increase. The Michigan State Poultry Improvement Association is the organization responsible for the supervision of both turkey and poultry plans. A new turkey organization was formed in November. Twenty-three charter turkey hatchery members who operate under the National Plan formed the association.

Control of pullorum disease is one of the big goals of the Michigan State Poultry Improvement Association. In 1946 it started a program for sponsoring a pullorum make selling in or shipping into the state any chick, poult or brooding stock infected with pullorum a misdemeanor. The bill is being introduced in the 1947 legislature.

The National Plan has increased since its inception in 1935 to the point where 47 states are now operating. There are 3,952 hatcheries cooperating in the nation. These hatcheries account for about half the total production of the United States.

OFFICE NEWS

Roosevelt basketball teams play here tomorrow night. This will be the final home game of the season. The F.F.A. Chapters of Monroe and Washtenaw counties will meet at Chelsea on February 26, for the District contest.

GUEST EDITORIAL

On every hand today we hear complaints about the high cost of living. Many seem to feel that buying food at reasonable prices is the biggest problem. A large vegetable and fruit garden, with both children and adults taking part, is one answer.

We are fortunate in living in a community where good garden land is available near almost every home. The High School F.F.A. will make soil tests, supply garden building and offer advice on garden problems. Reliable seeds and farm bureau garden seeds are also sold. Money obtained in this way will be used to furnish prizes for the garden displays at the Community Fair in October. Excellent gardens in and around Chelsea. The vegetables raised in them are of high quality, rich in vitamins and minerals, and with superior flavor. Now is the time to plan this kind of garden for your own family. The health of each member will be improved, and there will be more money left from the family income to take summer vacations or do other things that make life worth living.

WEATHER

All day Sunday, February 9 the wind howled and snow swirled along the roads, ending up in huge drifts.

On Monday, February 10 if we can get through the drifts, let us go to Chelsea High School to see what effect the weather had upon school. The seventh grade had three absent and two tardy. The eighth and eleventh grades both had eight absentees. Grade ten had eleven absent and three tardy. Grade twelve had twelve absent and four tardy. Grade nine took the prize though with nineteen absent and seven tardy.

Some of the tardy people didn't get here until second and third hour. About twenty per cent of the school was absent and approximately five per cent were tardy. The following day both absence and tardiness were at a more normal figure, about five per cent. I would say that the weather can have quite a big effect on school, wouldn't you?

TRAFFIC ACCIDENT

An automobile accident involving two high school youths occurred last Friday evening at the corner of Main Avenue and Middle Boulevard, in front of "The Dog Fish Dive." As tires screeched, the two cars came together. One of the autos involved was driven by Paul Kalmbach and the other by Don Barth. Officer Clare Knickerbocker arrived at the scene shortly and soon had things well in hand. Doc Burg and his nurse, Sara Geer, were there to give medical assistance. However, neither parties were seriously injured. Barth was suffering from shock.

Dave Slane and Donna Kalmbach, two of the occupants of the Kalmbach car, stated that "it was entirely Barth's fault" while Mr. Barth and Miss Doris Downer stated that "if Mr. Kalmbach had been watching the road instead of the back seat it wouldn't have happened."

Witnesses to the accident were Dave Myers, Bill Schrader, Walter Zeeb, Earl Buku and Mary Kay Palmer.

CHORUS
Two weeks ago Friday the members of the band and chorus had a very pleasant surprise. Paul Conners, a very fine tenor, from the University of Michigan, entertained the groups with his singing. His friendly personality and manner amused everyone when he explained his selections. Mr. Conners was accompanied on the piano by Miss Anne Schubring, also from the University of Michigan. He sang five songs, some of which were: "Glammina Mia from the opera 'Fire!' and 'La Danza' by Rossini. Then much to their disappointment, the ever faithful class bell rang and they had to go to their sixth hour classes. Everyone enjoyed Mr. Conners' singing and hope to hear him again some day.

They also learned last Friday that Miss Wendelburg of the University of Michigan is going to teach chorus two days a week. Now they will have the advantage of two very fine teachers, both Miss Wendelburg and Mr. Redner. Mr. Redner will continue to teach for three days a week and he is going to direct our operetta, scheduled for this spring.

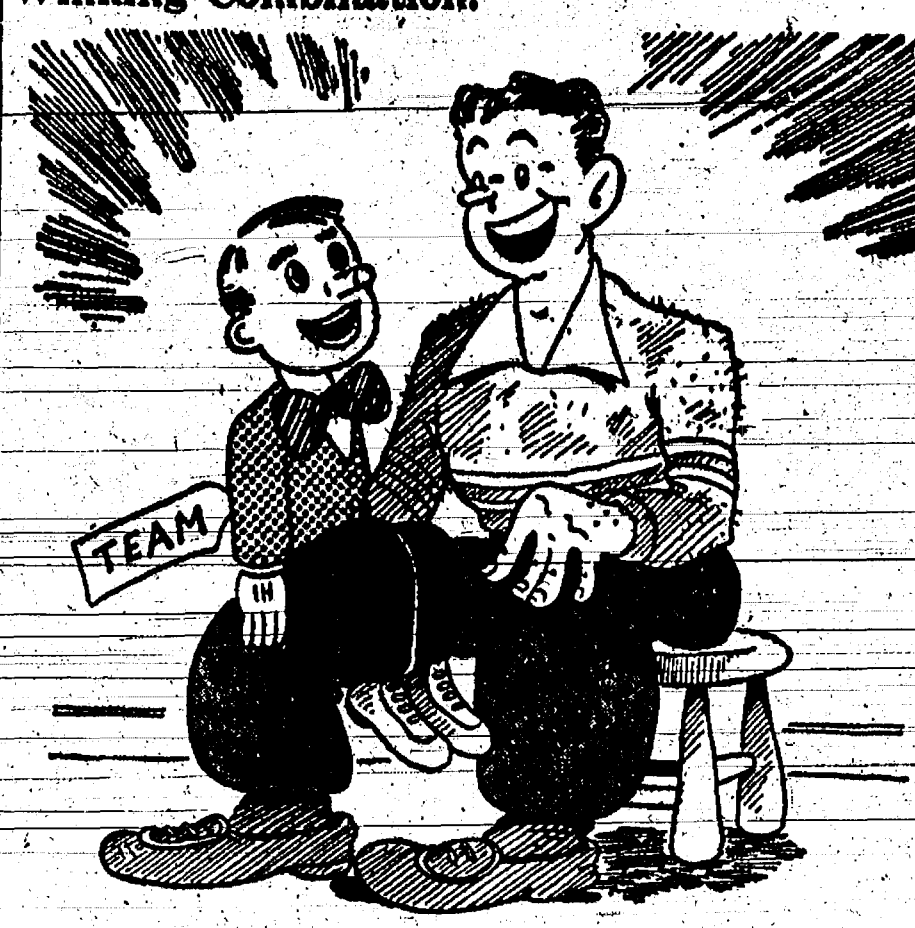

They are anxious to start working with Miss Wendelburg also to continue working on the contest music which they started about two weeks ago. They plan to enter the mixed chorus, the boys' chorus and girls' chorus at the contest.

BALL GREAT SUCCESS

Those who attended the Sweetheart Ball Saturday night found it well worth their while. Soft lighting, pleasant music, tables arranged around the sides of the floor, and waiters taking orders created an atmosphere typical to a night club.

Glancing from one table to the other, one could see such well known couples as Richie and Kathleen, Thelma and Bill, Helen and Jack. Upon further survey, one table was occupied by Joan Carkey, Marilyn, and Bonnie; near them was another table that seemed to be the general meeting place of the Juniors. Does anyone know why? Since the tables had to be reserved before the evening of dance, there were very few empty ones.

Winning Combination.

One wasn't occupied until fairly late in the evening. We believe the table belonged to Betty, Loren and Eldean, with Nancy, Wilma, and Marjorie completing the group. Bob Merkel must have forgotten to reserve a table for he went home and brought one back for Barb and himself. Bright boy there! Among the stars were J. Burg, the two Barlow brothers, D. Vogel, Dave and Ray Knick, J. Ewald, and lots of freshmen. Jimmie Miller was not among the usual group of seniors but escorted Joyce C. Good for you, Jim!

Entertainment was unnecessary for everyone seemed to be enjoying himself thoroughly. The piano was in such bad condition that it was almost impossible to be played. All missed your playing though, Bob. The people that worked so hard preparing the food deserve a great deal of credit. The gratitude of the group goes to the chaperons, Mr. and Mrs. Alperitz. It was rumored that Ray Knickerbocker arrived at the scene shortly and soon had things well in hand. Doc Burg and his nurse, Sara Geer, were there to give medical assistance. However, neither parties were seriously injured. Barth was suffering from shock.

GIRLS' BASKETBALL

Thursday afternoon at 4:30 p.m. the girls' basketball team of St. Thomas' Ann Arbor played Chelsea. As usual, the Chelsea team played a good game and won by the score of 18-11.

The forwards who started were Wilma Paul, N. Gordon and H. Harker, and the guards were D. Manville, B. Knick and J. Weir. After the game the girls were served potato chips and cokes.

F.F.A.
The F.F.A. Chapters of Monroe and Washtenaw counties will meet at Chelsea on February 26, for the District contest. Following the contests will be a place: Public Speaking, Parliamentary Procedure and Demonstration. The purpose of this demonstration is to help develop rural and agriculture leadership.

The winner of the District contest will go to the Regional contest and the winner there will go to the State Convention in the spring.

BAND NEWS
Mr. Wilson has been giving aptitude tests and quite a few students wish to join. They are going to buy a trombone since they need one and one of the members has agreed to switch instruments. They also have another member who is switching to French horn.

GIVE RADIO SKIT
On Tuesday morning at 10:30 the Home Making I class gave a short radio skit over WPAG. It was based on a fairly common disease—scarlet fever. It consisted of the care, prevention and cure of this disease. The cast included: Linda Bradbury—Announcer, Therese Harker—Doctor, Patricia Scott—Doctor, Margaret Dumouchel—Nurse, Gladys Hafner—Nurse.

In the line of favorites, it is: modern, "Make Mine Music" song, "When Day is Done" color, green; food, chop suey; and favorite sport, to watch football. Marceline plans to go to Michigan State but has not yet decided what she will study.

On August 29, 1929 Mr. and Mrs. Walter French were made very happy by the arrival of Milton Charles in the birthing town of Stockbridge. Since then he has grown to the height of 5 feet 6 inches and has brown hair and eyes. Milton came to Chelsea High School as a freshman in 1943. His favorite book is the "Bible" and he likes the hymn, "Beneath the Cross of Jesus." His favorite color is blue and you can give him roast chicken, the way his mother fixes it, any day. He has no particular teacher that he likes best. After he finishes high school he intends to go on to school elsewhere.

It was a bright and cheery bundle that hit the Gordon home at Lansing on April 17, 1929 when Naomi Ann gave forth her first cry. Since that time she has reached the height of 6 feet 6

J. Glick and sons, Gilbert and Gordon, Mrs. E. Wagner, Sue Steger, and Mrs. Vogel. Karen Loomis treated all the children to lolly pop so it was indeed a lovely party.

Sharon Conk brought some forsythia branches with buds on them one day. There are flowers on them now. Marie Ann Menden had a birthday on Valentine's Day.

Each one in the third grade wrote some news item, and we made a Third Grade newspaper. Each one had a newspaper to take home.

FIFTH GRADE NEWS

We had election of officers this week: President—Duane Satterthwaite, Vice Pres.—Donald Lindehead, Secretary and Treasurer—Doris Weinberg.

They voted five cents per month dues to build a flower fund. Any extra money will be used for the June picnic.

KINDERGARTEN NEWS

Noreen Packard of the second grade spilled a teakettle full of boiling water on her own, and her kindergarten sister, Gloria's feet Thursday night, scalding them both from tops of feet to their toes. Neither child will be able to wear shoes for several weeks.

Mrs. Steger, Mrs. Keusch and Mrs. Fred Wagner entertained the kindergarten at a very lovely Valentine party Thursday morning. Valentine cupcakes, and dixie cups were served on colorful place mats made by the children. Valentines were distributed and Valentine poems recited. Guests were Mrs.

Thanks, Friends

For your support and for your votes in Monday's Primary Election.

Although my nomination in the Primary was assured without vigorous campaigning for votes, I sincerely appreciate the volunteer help of all who concerned themselves about my candidacy at this time.

In my effort to culminate many years of public service in Washtenaw County by election to the office of Circuit Judge on April 7th for the full term of six years, I intend to conduct the type of campaign which I know you, who are acquainted with me, would expect.

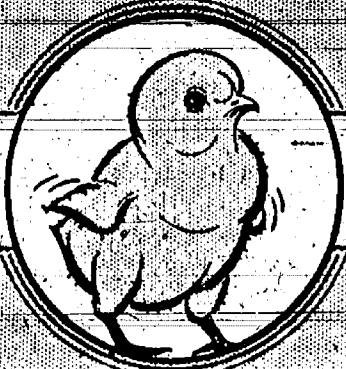

My regard for judicial propriety insures that it will be a campaign devoid of innuendoes and personalities, and my long cherished ideal that the judiciary should not indulge in politics insures that it will be non-political as well as non-partisan.

Your interest and your active participation in such a campaign will be gratefully appreciated.

Sincerely,

JUDGE JAY H. PAYNE

Realizing that Chelsea is growing and is becoming more like our neighboring cities of Ann Arbor and Jackson in a business sense, we believe that the people of Chelsea are entitled to the same type of Drug Store service that these cities offer - that is, a Cut Rate Drug Store.

Hereafter, Burg's Corner Drug Store will be operated on a Cut Rate basis, and all Nationally Advertised Drug Products will be sold at absolute minimum Fair Trade Prices - not for Week-end Specials only, but at all times. You will thus be able to purchase any Nationally Advertised Drug Products at the same price at Burg's as at any of the large city chain or department stores.

Rural Telephones

Coming Through!

Our big 5-year \$13,500,000 rural expansion and improvement program is moving right along. Last year we added nearly 10,000 miles of wire and provided telephone service for 24,000 more customers in rural areas.

And while extending service to new rural users, we made improvements for many present customers. For example, we reduced the number of parties per line on nearly 3,000 lines.

In addition, in 1946 we liberalized our rural construction plan allowing an average of one-half mile of free line construction for each new rural customer.

At the present time some 11,000 rural applicants in Michigan Bell territory are still waiting for service. And we're keeping right at the job until every last one of them has a telephone, and rural service is better than ever.

Scout Membership
Tops Two Million
Mark, Says Report

The Boy Scouts of America topped the two million mark in active membership for the first time on Dec. 31, 1946, it was announced last week by Dr. Elbert F. Fretwell, Chief Scout Executive.

There were 2,003,297 boys and adult leaders on its membership

rolls at the close of 1946, Dr. Fretwell said. This represents a 4.3 per cent gain over the 1,977,463 membership on Dec. 31, 1945.

The boy membership now stands at 1,563,260 representing a 1.3 per cent gain over the previous year. Making this total are 1,054,770 Boy Scouts and Senior Scouts and also 498,850 Cub Scouts, boys of the pre-Scout ages of 9, 10 and 11.

A great increase is also recorded in the volunteer adult leadership in the movement, Dr. Fretwell said.

There are now 509,777 adult leaders, a gain of 14.9 per cent over the previous year when there were 443,745 leaders.

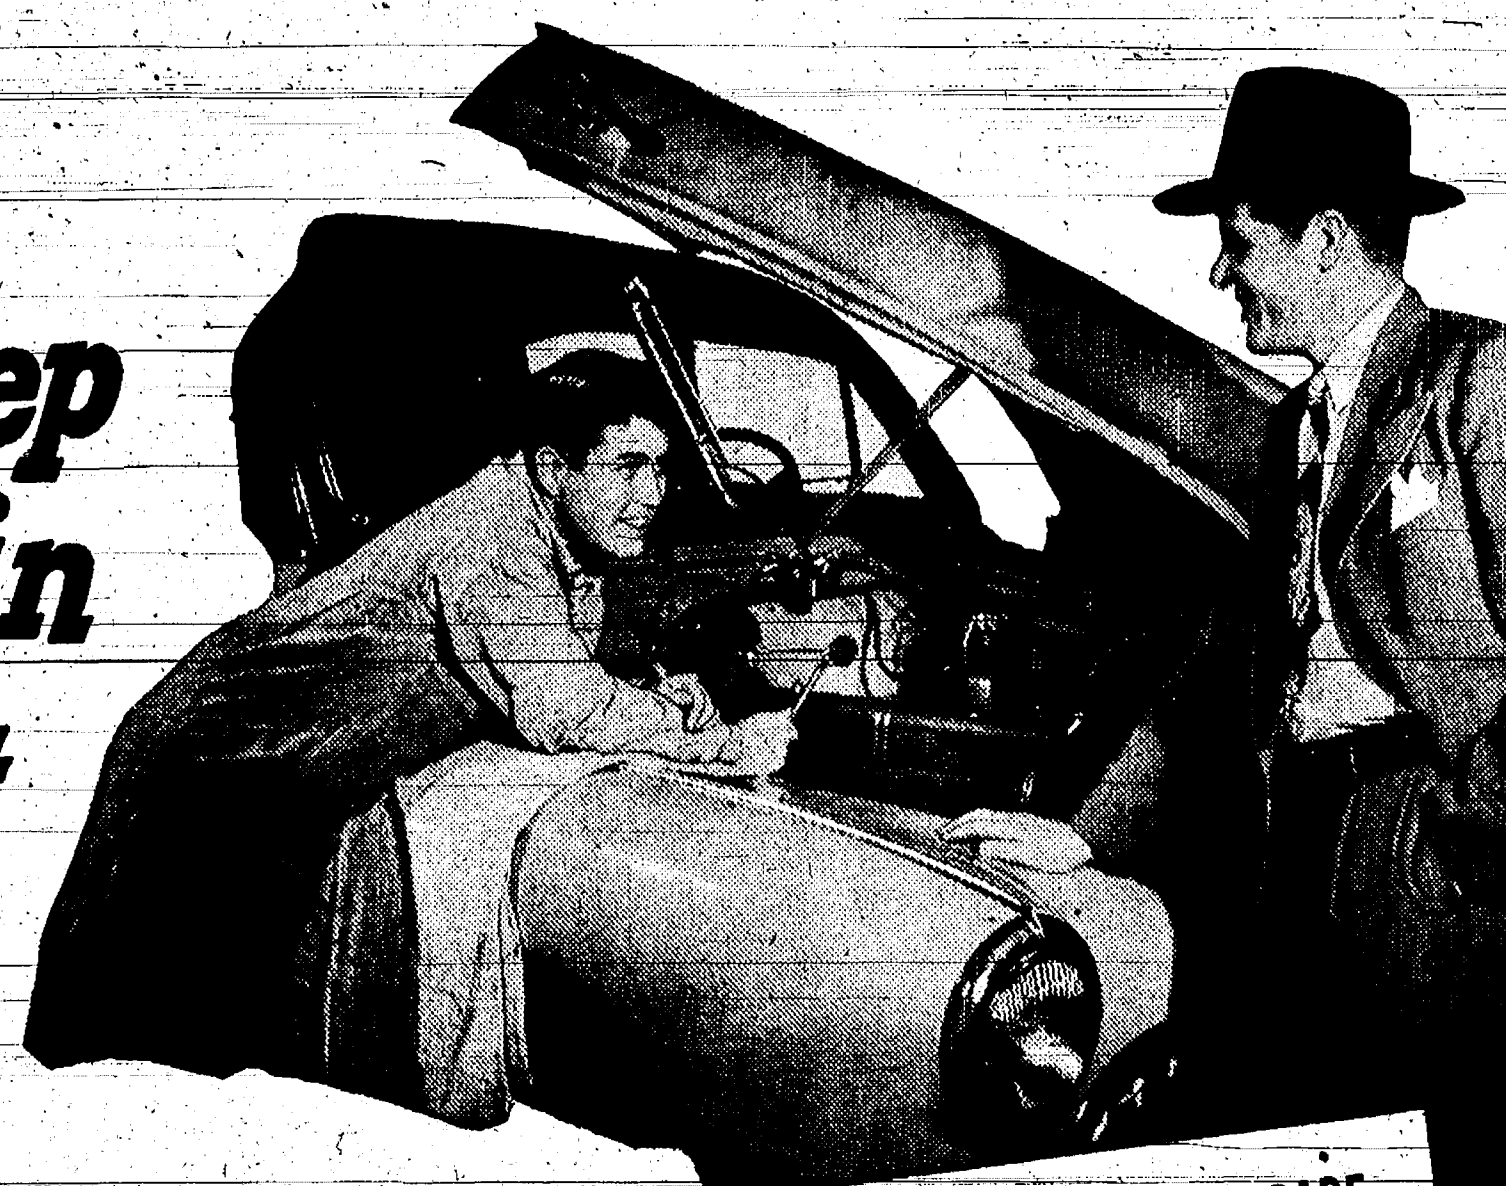

The number of Cub Packs, Boy Scouts, Troops, and Senior Scout Units now stands at 68,007, an 8.5 per cent gain over the 61,026 figure at the end of 1945. Making this total are 60,223 Boy Scout Troops and Senior Units, a 7.9 per cent gain, and 15,884 Cub Packs, a 10.5 per cent gain over the previous year.

*We'll keep
the song in
its heart*

You know the song well.

It's the lilting melody of a double-quartet of Buick cylinders all sweetly in tune. The humming harmony of Fireball power soaring you up the hills, winging you blithely along the straight-away.

It's one of the reasons you bought a Buick in the first place—why not keep it?

You can — if you make certain your car is not merely serviced but *cared for* as something this fine should be.

If you see that it gets not just an occasional oil change or body wash or battery check, but the thoughtful, expert, understanding attention that keeps your Buick always a Buick at its best.

It's to do just this that we equip our shop with special tools to do the job right and in the shortest time — keep our parts department stocked with parts approved by Buick engineers as right for the job — build our staff

around people who specialize in knowing what makes Buick "tick."

It's the reason we look on every job that comes in not merely as work to be done — but as a result to be achieved.

The cost of such car care is no greater than the same amount of ordinary servicing. The return is far greater in the long-run smoothness, satisfaction and car life you get.

If you care about your Buick — let us care for it.

12,000 REASONS FOR GOOD CARE

Compared with your Buick, a fine watch is a piker. Your Buick has one hundred times as many parts — 12,000 of them — and every one planned and produced for its own special job.

Knowledge of these parts, how they're designed and what care they need, is important in such seemingly simple jobs as:

- ✓ Proper lubrication
- ✓ Clutch and brake adjustment
- ✓ Engine tune-up
- ✓ Care of cooling system
- ✓ Alignment of steering gear
- ✓ Adjusting shock absorbers for easiest ride

VETERANS

OFFICE OF VETERANS' AFFAIRS

Total Disability Benefits Offered Under NSLI

Veterans who have National Service Life Insurance may be insured against total disability without reducing the face value of the policy if disability payments are received, according to the Veterans Administration.

VA said that veterans with service-connected disabilities less than total in degree are not prevented from taking advantage of the new provision, provided they apply for it before January 1, 1950. In these cases, such disabilities are waived if they are the only bar to meeting the health requirements.

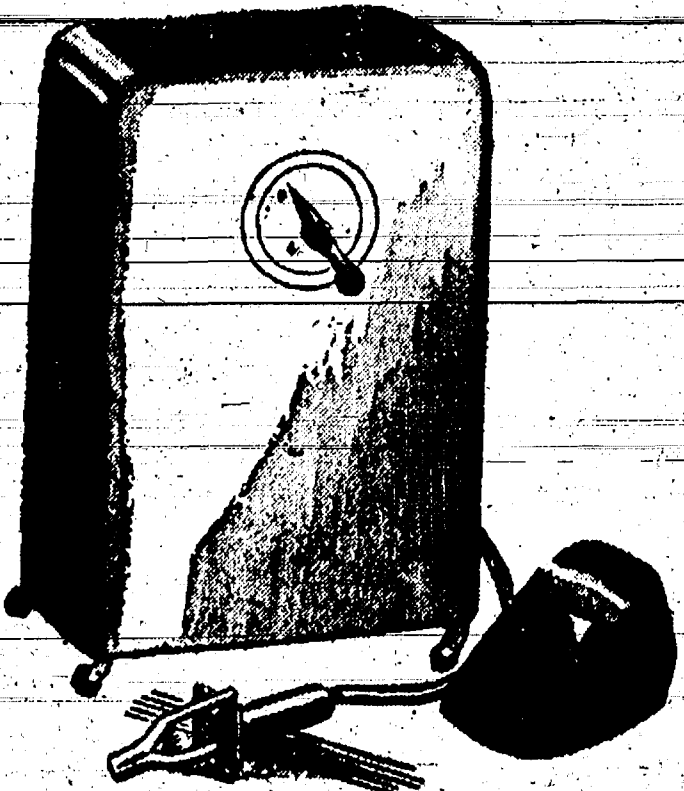

Total disability income benefits authorized by recent legislation may be added to any plan of NSLI upon application, proof of good health, and payment of an extra premium. Premium rates for the disability coverage range from six cents to 54 cents a month per \$1,000 of insurance, depending on the insured's age and type of policy.

The disability benefits are at the rate of \$5 a month for each \$1,000 of insurance and are payable after the veteran has been totally disabled continuously for six months or more. The monthly benefits will continue to be paid as long as the insured remains totally disabled. However, the disability must commence before the veteran's 60th birthday.

In addition to the benefits for total disability which a veteran may receive from NSLI, he may also receive a pension for a non-service-connected permanent total disability providing his income is less than \$1,000 a year if single, or \$2,500 a year if married or a widower with minor children. Benefits received under NSLI are not included in computing income. The pension amounts to \$60 a month and automatically increases to \$72 for veterans who have been on the rolls 10 years or have reached the age of 65. However, veterans are eligible for pensions only if the disability is permanent, whereas they may receive insurance benefits if the disability is not permanent.

Regular Defrosting
Regular defrosting is absolutely necessary for best results. It's especially important during warm, humid weather, for then the frost collects faster as a result of additional door-opening in a humid kitchen.

6. High quality of material, workmanship and better performance.
7. Gamble Patented Dial Control, makes it easy for the beginner to pick the proper heat setting and correct rod for the work to be done.
8. Attractive appearance.

Soap Fingernails

When there's dirty work to be done around the house, don't worry about your new manicure. Dig your nails into a cake of soap before attacking the job and when you're ready to resume your social duties, a bit of scrubbing will leave your fingers tip clean and well-groomed. Digging the nails into a cake of soap before beginning work is also good cleanliness insurance for gardeners. It keeps dirt from accumulating, and is easily rinsed off after the job is done.

From where I sit... by Joe Mar

Where Classy Spent Her Honeymoon.

Most of the young newlyweds in our town spend their honeymoon at Roundstone Lake or Jackson Falls; why the Martins even went as far as New York City.

But when Classy Copper married the young Carter boy, they allowed as how they were going to spend their honeymoon right here.

"There's no place better than our town," Classy says. "And I'd like to start married life at home, with things Bud and I are used to."

Makes sense, come to think of it. Folks naturally left them alone;

and except for occasional visits to the Garden Tavern for a glass beer, they stayed at home, getting used to married bliss.

My classmate professes to think that's her right. But where I sit, there's no place better for a honeymoon—or even a honeymoon—than right at home with your own possessions, your home cooking, and a friendly of beer or two—with the best of panache in the world.

Stain Removal
Very warm water has been known to remove fresh fruit stains, not being so apt to remove color from colored fabrics as boiling water. On non-washable fabric, any ink remover or bleach may be used on obstinate stains in white fabrics, but remember anything that is strong enough to remove stain will of course remove color from colored fabrics. Ten per cent solution of acetic acid has been satisfactory with colored fabrics. All has not been discovered about spot and stain removal. Try the proven ways, and if they fail, then be willing to experiment. You may be able to find other and better ways.

LESSER'S

The System

By DEE CAMPBELL
McClure Syndicate—WNU Features

TRYING hard to swallow his fear, Rolly looked Soapy Mike in the eye and said: "You—mean I have to pay you five dollars just so that I can sell ice cream bars on this street?"

Soapy Mike crossed his arms on his chest the way he'd seen it done in the movies, and did his best to look the way the toughest kid in the block ought to look. "That's exact—right! My gang decided we need a system if we're going to make any money selling Igloo bars. They wanted me to figure one out and I have. You got a nice wagon there."

Rolly nodded. "Yes..." He wiped a bit of dust from the top of the neat white pushcart with the big chocolate-painted Igloo bar dripping deliciously down the side. "But it'll take a long time to sell enough to get back the five dollars." "That's just the point," Soapy pointed out. "When you pay the five we'll give you a spot all your own. None of the other fellows can go into your district."

"Well... all right," Rolly took out some crumpled bills and a handful of coins. "I'll only have fifteen cents left," he said slowly.

Soapy took the money with a grin and winked at the others. "Now you get the corner in front of Iso's fruit stand all for yourself," he said.

"Iso's?" Rolly breathed. "Gosh, that's a busy corner!"

"Sure," Mike nodded happily. "Now you see what a system does!" The gang watched Rolly push his cart swiftly down the street.

There was a sly grin on Soapy Mike's face. "O.K., fellows, we did it!"

It again. I don't think Iso'll let him stand outside his store ringing that bell and selling ice cream. But just to make sure he won't let him stay, we're all going to help ourselves to Iso's fruit baskets on the run. Iso won't let him stay after that.

Everything worked out as planned. Rolly had just taken his place before the Italian's little fruit store and was waiting for a customer when Soapy and his gang swooped around the corner. They helped themselves and scurried off.

Hidden, they watched the unhappy Iso. Saw him turn and approach Rolly, wringing his hands and gesticulating excitedly. But something was wrong. Rolly wasn't hurrying to push his cart away as he should have been. Instead, he was talking quietly to the little Italian. Soon he left the cart and went into the store with Iso. When he came out a few minutes later he calmly took his place beside his wagon again and was soon selling Igloos to the passers-by.

Soapy Mike shook his head. "I just don't get it," he said, mystified. Finally he decided to saunter back along the street. "Something's going on," he said anxiously. "I'll find out what."

Rolly was busily selling Igloos to three little girls. He pocketed the nickels and looked up at Soapy with a big grin. "It's a swell corner," he said happily.

Soapy nodded without enthusiasm. He scraped his toe on the sidewalk, ill at ease. "Did—uh—did Iso say it would be O.K. for you to stay here?" he asked.

"Yes, thanks to you and the gang," Rolly said. "And what's more, he's going to repay me the five dollars I gave you."

"But the fellows taking the fruit," Soapy burst out. "He knew you were one of us. Why didn't he run you off?"

"Oh," Rolly said quietly. "He was going to before I explained things to him. But now he wants me to stay."

"Well, I don't get it," Soapy exploded in disgust.

"It's really simple," Rolly said. "Iso said your gang had been taking his fruit for a long time, so naturally he didn't want me to stay at first. But I told him how you kept your word about things. Then I explained about your system, and what it did."

"System?" Mike repeated blankly. "Our system?"

"Of course! Iso will let me stay because, according to the system, none of your gang can come on this corner while I'm here. That way they won't be stealing Iso's fruit any more!"
