● Jottings from a columnist's notebook:
That 169 farm people were accidentally killed in Michigan during 1946. Agriculture has more safety accidents than any other industry. That's why Farm Safety Week will be observed July 20 to 26.

That Governor Kim Sigler will relate his cowboy experiences over Michigan State's radio station, WJLA, at 12:30 p.m. Tuesday, June 3, as a feature for June Dairy Month. That the Sigler family is moving to the governor's summer residence on Mackinac Island, adjoining the old fort, about the middle of June. The governor will fly up for the occasion.

That 540 American Legion posts and 370 auxiliaries will offer poppies for sale May 22-24; that each red poppy is made by a hospitalized war veteran who sells the poppy to the Legion; that the funds raised will assist worthy veterans.

That the spring growing season in Michigan is already 12 days behind schedule; that Holland had to import blooming tulips for its Tulip Festival last week; that Charles Fry (Michigan agricultural commissioner) believes the 1947 peach crop will be just peachy—it may even top the 1946 record yield of 4,388,000 bushels.

That the average woman who complains about the price of clothes or fruit almost never sews her own clothes or cans her own fruit. 'Taint funny, either.

That Senator Arthur Vandenberg is advocating the St. Lawrence seaway to the Great Lakes whereby cost of the same would be paid out of tolls paid by boats.

That Michigan has forest tracts owned by 370 schools and 125 cities under terms of a state law enacted in 1931.

That Michigan's newest member of the state conservation commission—Dick Fletcher of Bay City—is one of the grandest hosts on the AuSable. We still glow at the memory of the sight of two trout fishermen returning their live catch to the AuSable after a day's float. That is real sportsmanship.

That the U. S. Health Service estimates a million of us Americans become infected each year with tuberculosis germs and that 400,000 of us develop an active disease and take ill. The X-Ray film is still the best preventive.

That the city of Detroit made a \$45,000 profit last year out of a city-owned restaurant which sells beer.

That it pays to be feeble-minded, at least in Elba township in Lapeer county. This township is receiving a windfall of \$12,000 from a lawsuit as a result of the sales tax diversion amendment. Why? Because 60 per cent of the folks who live in Elba township are residents who have no feeble-minded in Lapeer.

That the Gwinns hardware store gets results from newspaper advertising such as this: "What could be nicer than a home complete; you go to the privy without waiting—just feet? Could it be that the Gwinns has heard 'Okie-homa'?"

That the betting at the state capitol is ten to one that the state treasury will have a cash prize by the end of the coming fiscal year. Legislators are not tax-minded; rural vs. city antagonism is at the root of the differences.

That the Hastings Manufacturing Company, makers of piston rings, is now operating only four days a week due to lack of orders. About 100 workers have been laid off. Another recession sign: The Dow Chemical Company at Midland has a top-heavy inventory and is slowing down production.

That both General Electric and Packard, which recently granted wage boosts, are now increasing prices once more.

That the Royal trailer coach factory at Hastings, founded in 1940, is now turning out 12 to 14 hand-made trailers each week; that the trailer, 22 or 24 feet in length, is virtually a custom-made cabin on two wheels; that the price for the 21-foot model (which we inspected at Hastings the other day) is \$1,995 including an electric refrigerator, license plates and taxes; that two-wheelers are best for safety; that they are going to stick to an old-fashioned tent for a while.

That the state legislature is really going to adjourn soon. We're told, June 6.

That there is a real slump in the liquor business; that 500 bartenders are out of work in old Chicago and 600 of the city's 8,000 saloons are reported ready to fold up; that folks are just not buying fancy, high-priced wine any more.

That Michigan lost more money last year in work time lost due to strikes; fifth in number of strikes, and ninth in number of labor disputes before the NLRB. No, we're not bragging.

That the guzzling of canned fruit juice is 27 1/2 per cent pre-war. Aint statistics wonderful!

That the fair employment practice commission bill, now shelved by the senate labor committee, was rejected by the Illinois legislature for the second time in two years. Instead of solving the problem of racial prejudice, the anti-discrimination scheme would stir up trouble, so Illinois legislators are convinced.

That federal government economists insist a bond bought today will be worth 10 to 20 per cent more a year from now—that is in buying power. Buy a bond!

Mother And Daughter Banquets

The American Legion Auxiliary's annual Mother and Daughter banquet was held Wednesday evening, May 14, in the Home Ec. room at Chelsea high school with ninety-one present.

Ruth Walz, president of the auxiliary, presented Helen Quirk as toastmistress of the evening and she presided during the following program.

Toast to Mothers, Marcelline Hinderer.

Toast to Daughters, Erminie Eaton.

Recitations, "Kisses for Mother," Mary Ellen Cutler; "Once I Saw a Little Bird," Charlotte Harris; and "Mother Goes To Heaven," Diane Barr.

Piano Solos, "The Anniversary Song," Margaret Mary Dumouchel and Chopin's "Polonaise," Shirley Kolb.

Vocal Solos, Mollotte's "For My Mother," Ann Lamberton, with Marcelline Hinderer as accompanist and "My Wallpaper Garden" and "Happy Miss Spring," Lynda Mayer, with her mother, Mrs. Carl Mayer, as accompanist.

Plants used on the tables for later presented to the five Gold Star mothers, Mrs. Bruce Iconogio, Dor Rogers, Mrs. Ernest Diubie, Mrs. Ruth Walz and Mrs. Amanda Beach, and the Gold Star sister, Mrs. Clarence Ulrich.

Alma Eisele, Poppy Day chairman, took the opportunity to announce Saturday, May 24, as Poppy Day and to ask those who could do so to help with the selling of the poppies.

The Women's Relief Corps Mother and Daughter banquet was held in the Home Ec. room of Chelsea high school Thursday evening, May 14.

Bouquets of spring flowers and white candles in crystal holders with corsages of mixed flowers marking each place all combined to give the tables a lovely appearance.

Beatrice Fowler offered prayer and following a very nice pot-luck supper which was enjoyed by 34 members and guests, a short program was given as follows:

The National Anthem by the assembly.

Toast to Mother, Mrs. Myrtle Price.

Toast to Daughters, Mrs. Norene Price.

Recitation, "Mother's Little Girl," Donna Moore.

Vocal Solo, "Cradle Song," Shirley Bair.

Recitation, "Mother's Helpers," Evelyn Ann Moore.

Recitation, "My Mother," Donna Fowler.

Song, "God Bless America," by the assembly.

43 Top 4-H'ers Raise 90,680 Domestic Fowl

Forty-three state winners in the 1946 4-H Poultry Achievement contest raised a total of 90,680 fowls during their club work which ranged from three to ten years; the National Committee on Boys and Girls Club Work has announced.

The winners comprised 30 boys and 13 girls. The average age of the group in 1946 was 7 years. They won \$2,138.00 in cash prizes on their poultry exhibits, which brought the estimated value of all their 4-H projects to \$271,700.00. Incomes from their poultry projects alone ranged from \$448.00 to \$20,700.00.

Last year's state winner in Michigan was Esther A. Ballard of Onondaga. During eight years in 4-H club work, she raised 4,250 fowl. Merit awards are again offered this year for superior records in 4-H poultry and egg production by Swift and Co. The activity is supervised under the direction of the Federal and State Extension Services on county, state and national levels. Awards include sterling silver medals for five winners in each qualifying county, an educational trip to the annual 4-H Club Congress in Chicago for the state winner, a total of 10,000 fowls, Bonds for four co-winners. Ten state winners chosen for national honors each receives a \$200.00 college scholarship.

At the regular weekly meeting of the Fraternal Order of Eagles, held Tuesday, May 13, there were seven new members initiated. Past President Ed. Keyes, secretary Don Black and conductor J. Basler, all of Jackson Aerie No. 612, were guests.

On Sunday, May 18, nine of the members of Chelsea Aerie No. 2686 motored to Grand Lodge where there were 101 new members initiated into that new Aerie.

At the next meeting of Chelsea Aerie which will be held May 22, it is asked that all members be present and that men who have not been initiated as charter members be present, as this will be the last class in May. The officers and committees are asking all who wish to help on the popular party, May 23, to be at the Town Hall by 6:00 p.m.

Mr. and Mrs. John H. Stoffer are the parents of a son, Dennis John, born Thursday, May 15, at St. Joseph's Mercy hospital, Ann Arbor.

Village Council Approves Following Appointments

At the regular meeting of the village council on Monday evening, President McClure made the following appointments which were approved by the council:

Board of Review—A. D. Mayer, David Mohrlock.

Board of Special Assessors—L. P. Vogel, Ernest Adam, Edwin Keusch.

Electric & Water Commission—President McClure, L. P. Vogel, Dudley Holmes.

Reduction of the Electric & Water Commission to three members, replacing the entire council which has acted as the commission, was recommended as a method of bringing about more efficient control of this important division of village functions, and especially if voters approve the proposal to sell the light plant buildings. Sale of this property would immediately set in motion a planned program for construction of a new building on North street, along with moving of equipment and necessary improvements to the electrical distribution facilities. It is not required that members of this commission be councilmen, and Mr. Vogel was named because of his many years of previous experience on the commission.

The council also voted to order the police department to start rigid enforcement of the village dog ordinance, which requires that the dogs be confined or be kept under control of the owners at all times.

Your Library Board Reports

At a recent special meeting the members of the Library Board decided to respect the wishes of the voters of Chelsea to move the library to the second floor of the Municipal Building. There follow several meetings between representatives of the Council and the Board to work out the many details involved.

On Monday night of this week, at the regular monthly meeting, the members of the Library Board voted to accept the lease prepared by the Council after a few minor changes were incorporated. Some of the principle items included in the lease are as follows:

Rent, \$37.50 a month or \$450.00 a year; in return for which the library receives the second floor, stairs, heat, light, water and electric service for the cleaning service. The Library Board, then, is to keep the space in good repair and to redecorate when necessary.

The lease is to extend for three years from June 1, 1947, with the option of renewing for another three years at the end of that period.

Therefore, your library will be closed for three weeks, beginning next Monday, May 26, and will reopen in the new quarters on Monday, June 16, at 2:00 p.m.

It is hoped that your library service must be interrupted for a long time, but moving a library with its thousands of volumes is a big job that must be carefully done. We are making every effort to have the arrangement in the new location as convenient and attractive as possible so you may continue to be proud of the reputation it has won during these many years—'one of the best small town libraries in the state.'

1946 Marriage License Sale Soars Over 1945

Cupid, justices of the peace and ministers came into their own again in Michigan cities in 1946. It is indicated by figures released this week by the Bureau of Records and Statistics of the Michigan Department of Health.

The 1946 marriage license figures of Flint and Grand Rapids exceeded their 1945 figures by higher percentages than were recorded in any other major city in the United States. Detroit was not far behind.

Flint leads the cities of over 100,000 population in the nation with a 73.3 per cent increase. Detroit's increase was 53.9 per cent.

Return of soldiers from the European and Pacific theatres is being reflected in the number of marriages licensed. All three of the Michigan towns which are included in the cities over 100,000 population showed decrease in marriage licenses issued from 1941 to 1944, with Grand Rapids showing the greatest decline.

Attention Ballplayers Over Age of Thirty

Plans are being made to organize a fun and game league for men over 30 years of age.

The rules call for no sliding or fast pitching. The more errors the more fun.

Anyone interested in playing or in entering a team should come to the meeting at the high school on Monday, May 26, or contact Don Alden. Plans call for starting league play around the first of June.

"So look up your spikes and glove and let's get out and make the league a big success."

Mr. and Mrs. John H. Stoffer are the parents of a son, Dennis John, born Thursday, May 15, at St. Joseph's Mercy hospital, Ann Arbor.

Memorial Poppies On Sale May 24

On Saturday, May 24, all of us will be asked to wear a red Poppy on our coats or dresses. The day will be "Poppy Day," when, once each year, we of America pay tribute to those who have given their lives in America's service during the World Wars, by wearing their memorial flower, the Poppy.

As we receive our Poppy from the men and women of the American Legion Post and Auxiliary, or the V.F.W. Post and Auxiliary, who will distribute the flowers on the streets, that day, we will be aiding the war-living victims by the contribution we make for the flower.

The disabled veterans who make the Poppy sold by the American Legion and Auxiliary, derive double benefit from the work. First, it gives them employment—their only chance to help them support themselves and families. Even in hospital beds they can do this work, earning money for each flower they make. Second, the work is of real value in aiding their recovery, by occupying their hands and minds.

The money paid in exchange for the Poppies goes entirely to the welfare activities of the American Legion and Auxiliary, and the V.F.W. Post and Auxiliary, supporting the work which these organizations do for the disabled veterans, their families and the families left in need by the death of veterans. The money also goes to help distribute the Poppies to those who need them for their services, excepting a great personal satisfaction in serving so worthy a cause.

With these thoughts in mind, we of Chelsea should greet the Poppy sale workers with a smile, and show that we still remember the great sacrifices made by those servicemen who failed to return from across the seas, and by those who returned hopelessly disabled. Let's see a Poppy on every coat this Saturday, May 24.

The committee in charge of Poppy Day for the American Legion and the Legion Auxiliary, H. L. Craven and Mrs. Julius Eisele, ask that if any of the men of the Legion Post are free and would be willing to help with the Poppy sale, they should help, as it would be very much appreciated.

Janet Hutzler, president of the V.F.W. Auxiliary and Albert Doff, president of the V.F.W. Post are the Poppy Day committee for their organizations.

Mrs. Hutzler stated she will be at 9:00 a.m. and continue until 6:00 p.m., and said that if any members of the V.F.W. Post could help with the sale she would appreciate their doing so.

Don Martins' Buy Tecumseh Business

Mr. and Mrs. Don Martin, who owned the Cambridge store for seven years ago and operated it until the beginning of this year have purchased the Gamble store in Tecumseh which has been in operation there for twelve years.

They are to take possession of the business July 1, by which time they expect to be able to move to their new home which is under construction there.

In February the Martins sold the ready-to-wear department of their store to Mr. and Mrs. Melvin Lesser and in March Mr. and Mrs. Wesley Howe, of Milford, purchased the remaining part of the business.

Mr. and Mrs. Martin plan to move from the apartment over the store as soon as school closes and will live at North Lake until they find a home. They are ready to leave them. Mr. and Mrs. Lesser plan to occupy the apartment as soon as it is vacated.

Mr. and Mrs. Martin and family have made many friends in Chelsea during their seven years in business and while they regret to have them leave town, they wish them success in their new business venture.

So, Sylvan Extension Group Met At Lessers

Tuesday evening, May 13, the South Sylvan Extension club held its last regular meeting of the season at the home of Mrs. Reuben Lesser with the main business of the evening being a discussion of next year's plans for project lessons and then voting upon them.

Mrs. Everett Van Riper, recreation chairman, appointed the following committees to arrange for the annual picnic for members and their families.

Refreshments, Mrs. George Gaudier, Mrs. Reuben Lesser and Mrs. Joseph Merkel.

Entertainment, Mrs. Albert Doff, Mrs. George Erke and Mrs. Will Reule.

The picnic is to be held at Little Wolf Lake near Grass Lake, on Sunday, June 29.

Gifts from the group were presented to the past year's chairman, Mrs. Wilber Hatt and to the leaders, Mrs. Walter Wolfgang and Mrs. Wm. Fritchard, and following the business session, refreshments were served by the hostess.

There were nineteen members and one guest present.

Local barber shops will remain open Thursday, May 29 (only) until 9:00 p.m., and remain closed Friday and Saturday, May 30 and 31, all day.

Historical Society Met Saturday At Detroit Museum

Members of the Washtenaw Historical Society motored to Detroit early Saturday afternoon for their sixth meeting of the year. They met at the Detroit Historical Museum located at 441 Merrick avenue, where they were addressed by Dr. Henry D. Brown, assistant director of the Detroit Historical Society, who was formerly with the Michigan Historical Society in the Rackham Building, Ann Arbor.

Director Brown described briefly the functions and aims of the Detroit Society and how it developed through its life of 25 years and of its existence previous to that time, as the Detroit Pioneer Society, the membership had almost reached the 2,000 mark and plans are being formulated for the construction of a new building near the present location near the public library and the Wayne university.

Many school groups visit the Museum and view the evolution of many of our present day tools of living.

On the tour of the three floors of the Museum, many questions were answered by Dr. Brown, who related many interesting sidelights on the development of new exhibits such as "Household Gadgets of Yesterday" where, for example, the old flatiron and trivet are compared to the modern lightweight electric iron. He described the frying pan that set on legs over coals on the hearth where it resembled a spider—hence the name.

On the first floor there were interesting exhibits of pioneer days, in which the men and women of the century—display and on the third floor there was a valuable showing of Indian artifacts, consisting of beads, work, pipes, arrows, tomahawks and ritual garments and ceremonial dances.

During the tour, members present enjoyed tea served on an exquisitely embroidered grass linen cloth, property of the Society; centered with an arrangement of flame and yellow gladiolus, gerbera and saracantha.

Local Girl Scouts Court Of Awards

The annual Girl Scouts Court of Awards was held at the high school gymnasium Tuesday evening, May 20, with about 150 Scouts, parents and friends enjoying the pot-luck supper which preceded the presentation of awards and program of the evening.

Immediately following the dinner the Girl Scouts stood in the horseshoe formation, the colors were presented, and awards for the year which preceded the presentation of awards and program of the evening.

Curved bars, the highest award obtainable in Girl Scouting, which are given for completion of outside work beyond that required for first class, were presented by Mrs. H. T. Moore, chairman of the Girl Scout Board of Directors, to Joan Schneider, Virginia Christwell, Doris Vickers and Leola Alstaetter.

First Class awards, also presented by Mrs. Moore, were given to Nellie Marie Atkinson.

Chelsea can justly be proud of the fact that there are four Curved Bar Girl Scouts in the Chelsea group. It was reported that this is rather an unusual honor and that no Girl Scouts as yet who have earned this award.

Each troop had prepared a portion of the program which was given as follows:

Pantomime, "My Darling Clementine," by Mrs. Franklin G. Geier.

Square Dance and Grapevine Twist, Lois Eisele, caller, Troop I, Mrs. Deane Rogers, leader.

Play, "The Ghost That Giggled," Troop II, Mrs. Everett Major, leader.

Musical numbers, with Norma Jean Dull as master of ceremonies, Troop III, Mrs. Wayne Van Orman, leader.

Three songs, Brownies, Mrs. G. Brand, leader.

SOFTBALL LEAGUE

By "Doc" Alber

If old man Winter gives the go-ahead, the Chelsea softball league will be under way again. A full schedule of games were on tap for this week and the scores will be in next week's Standard.

A total of eight teams have entered this year. Spaulding Chevrolet, Central Fibre, Bowser and Gulf have taken the lead off the new season followed by Cassidy against Fibre on Tuesday, Weber's Grocery and Dexter on Wednesday and Gulf Gas and Manchester A. A. go at it tonight. All games for the first three weeks will be at 6:30.

Here is the schedule for next week:

Monday, May 26—Cassidy vs. Spaulding.

Tuesday, May 27—Fibre vs. Dexter.

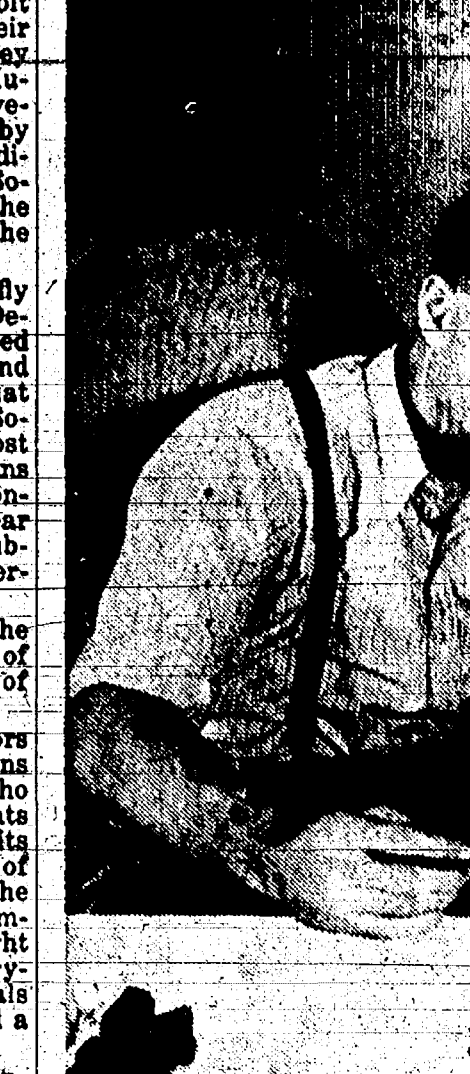

Wednesday, May 28—Manchester vs. Bowser.

Thursday, May 29—Gulf Gas vs. Bowser.

Everyone welcome. Come one come all and enjoy some good softball and help make the league a success.

Vets Fashion Flow

AGAIN THIS YEAR The American Legion hired hospitalized war veterans to make the memorial poppies that will be placed on sale this week-end in every community throughout the state. Shown above is one of the flower makers, with his nurse, at the Michigan Veterans Facility in Grand Rapids. Two million poppies have been fashioned by the veterans for the Michigan sale. Proceeds will go to needy ex-servicemen, and their dependents.

Philathea At M. E. Home On Thursday

The Philathea Circle of the Methodist church held its May meeting in the lounge at the Methodist Home, Thursday evening, May 15, with twenty members of the group in attendance.

Mrs. L. L. Lord, Mrs. E. R. Major and Mrs. J. J. Olin, co-hostesses for the meeting, served refreshments which were followed by the showing of a Kodachrome motion picture by Rev. E. R. Major, "The Heart of India."

Miss Mabel Lawrence of Jackson, a former teacher missionary in India, spoke of her work in the elementary school connected with Isabella Thoburn college in India. She told about a number of the girls she had taught in the past twenty years and also showed pictures of one of her graduation classes. Her contribution to the evening's program was much enjoyed by everyone present.

Marion L. Dietle, S. O. left Friday for Charleston, S. C., after spending a ten-day leave with her parents, Mr. and Mrs. Clarence Dietle.

Churches To Hold Union Memorial

The Methodist, Congregational and St. Paul's churches will unite for the annual memorial church service next Sunday morning, May 25, at 10 o'clock. The service will be held at the Methodist church, with Rev. E. R. Major in charge. Rev. Wm. H. Stentelbury of the Congregational church will take part in the service and Rev. P. H. Grabowski, of St. Paul's church, will preach the sermon.

This service gives the people of Chelsea and vicinity an opportunity to join in honoring the memory of all those who have given their lives in the service of their country since its founding.

Attendance at the service is not only a mark of respect for those who died, but it also affords a measure of comfort to their surviving relatives and friends to know that others besides themselves remember the sacrifices they made.

Attention—Members of American Legion Post and Auxiliary, VFW Post and Auxiliary and W.R.C.

American Legion Post Commander Leon L. Fox, Legion Auxiliary President Ruth Walz, VFW Post Commander Charles S. Ritter, VFW Auxiliary President Janet Hutzler and W.R.C. President Myrtle Price join in requesting members of their respective organizations to meet at the church so that the members of each organization may enter the church in a body to attend the memorial service.

NEED SEVEN NEW TEACHERS
STOCKBRIDGE—The Stockbridge Board of Education, faced with the necessity of hiring seven new teachers to replace those who are resigning at the end of the school year, must contend with a new difficulty, that of assuring applicants for these teaching positions of suitable living quarters. Those applicants who have shown interest in the positions offered have, with reason, demanded assurance of houses, apartments or rooms for themselves and their families before signing any teaching contract. — The Stockbridge Brief-Sun.

EDITORIAL

The time for kidding around is over at high school now. As exams creep into the picture, and with that big prom coming up, everyone is getting nervous, and chewing their finger nails or pulling their hair.

All year around it's been "Oh! I'll go to the show tonight, then if I have time I'll do my English and history in the morning." Then they forget to wake up. Well, with some kids—those who just don't care, it's still that way. They don't seem to realize that letting things go can be costly in the end. Then some of the girls forget about the final exams; all they've been thinking is "Gee, Horace hasn't asked me yet" or "Oh, golly, which formal will I wear, the blue or pink one?" anyway they wind up wearing the green one—they had forgotten about—and Horace, the poor boy, ends up with measles or something (so he tells the girls).

Still, if we give a quarter of our time to the prom, boys and girls, and the other three-quarters to our education (meaning those vital final exams) we'll go to the prom, and be very content at the same time, with passing the exams. That's what counts!

OR REASONABLE FACSIMILES THEREOF—

SPEECH CLASS PLAY

Tuesday, May 13, the Speech Class presented a one-act play. It was entitled, "Party Line."

The characters were: Mrs. Fairchild, Joyce Lentz; Mr. Fairchild, Jack Serkel; Kitty, Marjorie Proctor; Scotty, Doug Vogel; Bob, Bob Barlow; repairman, Jack Wellnitz; Polly, Loretta Lindauer.

Everyone enjoyed the play, including the part when the telephone would ring and no one would be on the other end.

STUDENT COUNCIL

Last week the school was cluttered with campaign notices, and last Wednesday the Student Council election took place with the following candidates: Juniors, president, Doug Vogel; vice-president, Richard Carlson; Sophomores, president, Bob Merkel; vice-president, David Knickerbocker. Campaign speeches for Doug and Richie were delivered by Oscar Hasen and Vernon Conk. The speeches for Bob Merkel and David Knickerbocker were given by Ted McClear and Bob Stoffer. Vogel and Knickerbocker won the election. Nancy Loose submitted some amendments to the constitution and amendment—four, pertaining to nomination of sticker candidates, was not accepted. Amendment five, pertaining to counting of ballots, and six, pertaining to succession of officers, in case of temporary or permanent absence of the officers, were adopted.

JOURNALISM TRIP

On June 7, the Journalism Club is taking a trip to Detroit for the day. The Detroit News has invited us to tour their newspaper building at 11:00 a.m. The following members of the club members will go to the baseball game between the Detroit Tigers and Boston Red Sox.

There are thirty-nine members expected to go.

The names of the drivers are: Ellen J. Geddes, Elden Moore, Miss Fox, Jack Merkel, Margie Proctor and Doris Downer.

F.F.A. NEWS

The F.F.A. Club held a meeting on Tuesday evening, May 13, in the agriculture room for the purpose of electing next year's officers. They are as follows:

President, Paul Bollinger.

Vice-President, Dick Schulze.

Secretary, Bill Lyons.

Watchdog, Richard Kalmbach.

Mr. Russel from the state conservation department spoke to the boys.

BAND

The Chelsea high school band and the Dexter high school combined their bands and presented a concert at Dexter, Tuesday, May 13, 1947, at 8:00 p.m.

Professor William D. Revelli was the guest conductor.

In both bands there were 48 players. 26 from Dexter and 22 from Chelsea. There were four majorettes from Chelsea.

Results Of Local Bowling Tournament

Running true to the bowling form which won them the title of Chelsea Champions, as well as leadership of the Wednesday night section, Spring No. 2 easily rolled into the No. 1 spot in the House "88's" tournament at Sylvan Recreation last Friday night, May 9. Their total of 2686 far surpassed their closest competitors, Spring No. 3, whose 2648 on May 4 was high total, still good for second place. Third money goes to Chelsea Milling Co., 2499 and fourth to R. D. Gadd Insurance, 2497.

In men's doubles, C. Barbour and C. Purchase of Unadilla I.O.O.F., took first place on 1104; E. Hoyle and H. Berke, second with 1098; R. Koch and C. Breitenwieser, third with 1094, and T. Tucci and E. Guenther, fourth with 1082. Singles lead went to W. Eisenbeiser, 586; second place, A. Fredenbury, 586; third to L. Eder, 581, and fourth, T. Tucci, 553. Total nine game scores were not tabulated for an all-events championship, all prize money being awarded to winners in the individual events, this tournament being the largest ever held at the local alleys.

The management wishes to express its appreciation for the cooperation of all bowlers in Chelsea and vicinity in helping to make the 1946-47 season the best yet. Closing date for the summer months will be announced later.

PIN CHATTER

The bowling season has come to a halt and we extend our congratulations to the C.I.O. team who took first place this year. The members of the team are A. Bumpus, B. Wheeler, R. Lienhart, E. Tucci, and D. Eisenman.

It seems as if more fun than bowling was going on this week, due to the fact that B. Kaiser and D. Eisenman were the only two that held up our "450 Club" by rolling 476 and 464, respectively. Nice going, girls.

Only a few splits were picked up. B. Tabin the 4-10, M. Marsh 6-10, V. Slane 6-10 and 6-7. Girls having high game on her team are D. Eisenman 166, E. Holtz 151, Brite 147, DeRose 169, McClear and Stofer 152, M. Weese 150, J. Adams 154, T. Lyons 157, Wedge 157, A. White 174, B. White 168, and J. Phelps 177.

The bowling season was a great success this year, and we hope that next year, we will have as big a turnout as we did this year. Last, but not least, we want to thank each one for her cooperation in making our league a bigger and better one.

There wasn't a very large audience because of the bad weather. The program was as follows:

Queen City, Boorn.
Triumph of Ishtar, Olivadotti, conducted by Prof. Revelli.
When Day is Done, Katscher.
Cossack Dance, "Snowstorm" Powers, conducted by Mr. Ginther.
Lamento et Laentalle, Grooley.

Adoramus Te, Palestrina.
Angelus, Massenet.
Theme From the Piano Concerto in B Flat, Tscharkowsky, conducted by Mr. Wilson.
Zigeuner, Coward.
Hall of Fame, conducted by Mr. Ginther.
Comments by Revelli, Mr. Wilson and Mr. Ginther.
Mr. Revelli said that both of the

bands did an excellent job combined.
They did a better job than most of the bands at the contest in Ann Arbor.
The superintendent of Dexter said that these two bands should get together more often until both bands get well organized.
Mr. Wilson thanked the Dexter band for making this concert possible and for the invitation.

PARTIES

A Hobo Party was held Tuesday evening from seven o'clock until nine-thirty, which only eight graders attended. There was entertainment which included "Chinning the Grapefruit," and "Truth or Consequences," also dancing.

The comments heard were very favorable. Everyone agreed that the principals did very outstanding work. Bragdon Barlow made a hit with his acting which was very natural. Anne Lamberton, Nancy Loose, David Slane and Jerome Burg formed a quartet which rated one of the better comments. Loren Monroe and Robert Barlow were continually popping up with remarks that brought forth bursts of laughter from the audience. Wilma Keengeter and Jack Merkel were the more dignified personalities.
The show was fitted with many delightful tunes. The grand finale made a wonderful climax and brought forth much applause.
The staging was beautiful and very realistic, thanks to Clare

Kolb; decorations, Helen Hochrein; menu, Ruth Fox; program, Sonja Weatherax; table decorations, Pat Keeney; orchestra, Paul Niehaus; invitations, Kathleen Eschebach.

SENIOR BIOGRAPHIES

January 9, 1929, was a special day in the lives of Mr. and Mrs. Lloyd Lantis, for the stork blessed them with a tiny boy bundle. Edwin is his name and he is now not so tiny. "Ed" stands five feet-10 inches, has brown eyes and black hair. His likes are apple, Red Ford, though his dislikes don't seem to hold true. "I don't like women," says Ed. (But what do you call Nancy?) His favorite movie character is Queen Genevieve. (You see, Nancy played that part in the senior play.)

On January 9, 1929, the arrival of Robert Keith made Mr. and Mrs. John Schneider very happy. "Schneider" as he is known to his pals, has reached the age of seventeen. He weighs 190 and stands 6 feet tall. He has brown hair and hazel eyes. Some of his favorites are as follows: food, ice cream and rabbit; color, blue; movie, "The Jolson Story." He has no favorite teacher but thinks they're all "okey."

After graduation he plans to go into agriculture work.
On April 10-1919, the Hafley family were made very happy by the arrival of "Don," as he is known to his fellow students. Don has now reached the age of eighteen and he stands five feet six inches tall. His hair and eyes are brown and a few of his favorites are as follows: food, chicken; color, red; movie, "Two Years Before the Mast." He has no favorite teacher but likes them all.

After graduation he plans to go to work.
A lad is seen walking down East street towards home. Upon observation one finds that he is about 5 feet 9 1/2 inches in height and probably weighs 170. He has a dark complexion, hazel eyes, and brown hair. Catching up with him and engaging in conversation these things are learned: Jack Wellnitz, otherwise known as "Corney," is naturally interested in sports, particularly football. He also enjoys swimming. His favorite foods are frog-legs and French fries, and his favorite color is blue. Surprising to learn, though, is the habit of brushing his teeth whenever an opportunity arises; and his hobby—keeping out of trouble.

He was born in Adrian on October 24, 1929, and his explicit ambition, he says, is "to be lazy." A black 1940 Ford whizzes by, and in the Ford—a comparatively tall blonde with blue eyes is to be seen. He waves to a shout of "Hey Abie!" and one discovers that the person is none other than George Palmer.

Born on July 1, 1929, in the University hospital of Ann Arbor, and having attended the Chelsea public schools since in kindergarten, many already know that his hobby is photography, his favorite sport is horse racing and his "pet peeve" is "contrary women." But do they

Standard Liners Bring Results.

know that his own particular choice of color is royal crown maroon, that he's especially fond of broiled lobster, and that his ambition is "to be a perpetual loafer."

THIRD GRADE NEWS

Wednesday the third grade gave a program to which they invited the second grade. The program was part of their language and social studies. A movie was shown on transportation. After the program refreshments were served. In social studies they have finished studying transportation and are now studying messages.

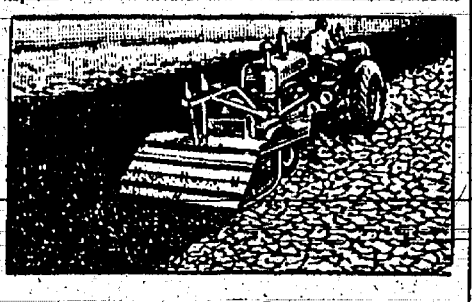

One reading class is making up a play from the story, "Dick Whittington and His Cat." We are glad to see Fayatta Whitaker back in school after her long absence.

FIFTH GRADE NEWS

Marjorie Robards and Sandra Baldwin.
In drawing class we have been making pictures that remind us of spring. Some of them are very good. We have also been drawing Michigan's wild flowers. Every two people have one flower. We drew them and then mounted them. Next we found something about the flowers and wrote it at the bottom of the pictures for science class.

We enjoyed the operetta and the puppet show very much. We thought that the people and the puppets played their parts very well.
Our room looks very pretty, because of several vases of flowers brought by classmates. There are pictures of spring on the bulletin board.

There is a beautiful bouquet on the big table. Cynthia Paul brought cherry blossoms and Sandra Baldwin brought some red primroses.

From where I sit ... by Joe Marsh

When Ed's Crops Failed

Three years ago Ed Smith's luck went bad. His crops failed, and it wasn't long before Ed's home and furnishings were up for auction.

Half the town turned out, and Ed must have thought his neighbors were a bunch of hungry vultures—buying up all his precious possessions for a song.

When it was over, and the auctioneer had left, Sam Abernathy turns to the crowd and says: "All right, folks, let's take time out for a glass of beer, and then put this stuff back where it belongs!"

Two hours later, Ed was in possession of his home and furnishings; and the folks who'd paid for them were sitting around Ed's fire enjoying a neighborly glass of beer—to show their friendship and their confidence in Ed.

Today, Ed's back on his feet—another constructive member of the community. And from where I sit, we've all been well repaid—a good investment in a good man.

Commencement To Be Sunday, June 1st For Adrian College

Sunday, June 1, has been set as the date of the 1947 Commencement at Adrian college. Dr. T. T. Brumbaugh, executive director of the Committee for a Christian University in Japan, will deliver this year's commencement address at 4 p.m. in Downs hall. Baccalaureate services will be at 10 a.m. in the First Methodist church, Adrian. Following the commencement exercises, at 5:15 p.m. on the "Mound," in the center of the campus the traditional Cane Ceremony will be held, with President Emeritus Harlan Luther Freeman in charge as the president of the senior class hands the "cane" to the president of the junior class. Saturday, May 31, the day before commencement, will be observed as the annual "Adrian college Alumni day." Fraternity and sorority luncheons, an afternoon

track meet, and the yearly Alumni Banquet will be observed, as well as "ground breaking ceremonies" for the Cornell House, a new men's residence to be erected on the campus.

21 SCHOOLS CONSOLIDATE Vicksburg—The union of 21 previously independent schools into the Vicksburg School District consolidated unit is the largest consolidation in Michigan, School Supt. L. F. Cushman said.

Members approved the union 860 to 117. It was the fourth large school consolidation in Kalamazoo County in a year.

GRASS LAKE—To keep pace with the very late arrival of Spring and the necessity of keeping the home fires burning, the Grass Lake Fire Department was called out three times in four days between Friday and Monday. None of the fires were serious, however, and the prompt arrival of the fire department made short work of any blaze.—The Grass Lake News.

MARRIED

MRS. FRANCIS E. RICHMOND

Mrs. Virginia H. Goodwin spoke at the marriage ceremony of her son, Francis E. Richmond, and his bride, Miss Mary Louise Richmond, on Saturday evening, May 17, in the parsonage of the Methodist church of Grass Lake. The bride was given away by her father, Mr. Richmond. The ceremony was officiated by Rev. M. J. Hinkle. The bride wore a dress of light blue, with a white collar and cuffs. The groom wore a dark suit. The couple were attended by Mrs. Richmond and her sister, Mrs. George E. Goodwin. The reception was held at the home of Mrs. Richmond. The couple will reside at 220 E. Main street, Chelsea.

The choice of St. John's church, Rogers Corners, surprised Mrs. Den-Breitwischer, a former choir member, with a birthday party at her home, Thursday evening. Also present were Rev. and Mrs. J. Fontana. The evening was spent in visiting and social conversation. Refreshments of ice cream and cake were served.

Snyder, from Thursday until Saturday, Sunday afternoon Mrs. Fred Foster and her son, Mr. H. E. Snyder, visited the couple at their home in Chelsea. The ceremony was performed by Rev. P. H. Grabowski, at St. Paul's church, Saturday evening, May 10, at eight o'clock.

Michigan Waterfowl Shortages Confirmed By State Game Dept.

The alarming duck shortages reported recently by The Standard are actually being confirmed. The most recent reports come from the Michigan Game Department, who after completing an aerial survey of the marshes of southern Michigan, report a drastic decrease in the duck population of Michigan. The only waterfowl that seem to be holding up, the State Department said, are the geese. The ducks in the Lake St. Clair and Lake Erie marshes are down; the ducks in the Monroe sector are low; the marshes of Saginaw Bay and Lower Kalamazoo (Swan Creek area) are most certainly fewer than what they were last year.

Compulsory Pasteurization

The first law for compulsory pasteurization of milk was enacted in 1908 in Chicago.

Cleaning Pan
If food should burn in a pan, don't scrape it off with a metal instrument but, instead, all the pan with water to which a little vinegar has been added, and boil for a few minutes. It will then clean easily in warm sudsy water. If pots and pans are thoroughly cleaned with hot soapy water after each use, they will seldom need hard scrubbing.

BPS BARN PAINT RED
Lasts FOR MANY YEARS
• BPS BARN PAINT RED is a rich, full-bodied exterior paint that can be liberally reduced with linseed oil... reducing the cost.
• BPS BARN PAINT RED dries with a good gloss... holds its bright red color... The tough, protective coating resists weather and does not fade out like so many of the cheaper barn paints often do.
• Spreads on easily and has remarkable hiding qualities.
Also for METAL ROOFS
Long wearing, weather-resisting qualities of BPS BARN PAINT RED make it the ideal paint to use on galvanized iron or tin roofs.
Use it on barns, silos, outbuildings, bridges, warehouses and all wood, brick or metal surfaces.

Documents Filed In Cornerstone Of New Business Adm. Bldg.

Ann Arbor—A nearly-empty box will go into the cornerstone of the new School of Business Administration Building at the University of Michigan, but it will nonetheless contain a complete history of the school.

Records and pictures of the school and its students will go on one spool of microfilm, which is to be placed in a sealed metal box in the cornerstone, school officials have explained. The ceremony of laying the cornerstone will be held on May 24 in connection with the annual Alumni Conference of the Business Administration school.

Among documents to be filmed for preservation are procedures of the Regents in establishing the school, pages of the student yearbook, pictures of the school, business administration students, pictures of the present building of the school, pictures of school officers, and several business publications.

MANCHESTER—Mrs. Downing attended the Boy Scout's Mothers Day program which was held on Monday evening at the Baugh School at Ann Arbor by Boy Scout troop No. 15, of which Norman Downing is assistant scoutmaster. During the program each mother was presented with a pin designating the rank of her son in the scout troop. Mrs. Downing was presented the star pin, her son being a star scout. This rank is second highest in the Boy Scout organization.—The Manchester Enterprise.

NORTHVILLE—At a recent meeting of the Parent-Teacher Association the Northville Penniman-Allyn Theatre management has offered cooperation in an effort to secure good motion pictures for the school. The management has a classic, beloved by all, "Swiss Family Robinson" is on the bill, and the theatre committee of the PTA expects that organization to support this program.—The Northville Record.

Ancient Egyptian Game Predecessor of Backgammon

Senet, great-grandfather of backgammon, was the pastime of ancient Egypt over 5,000 years ago. In the days of Cheops, 2700 B. C., knucklebones served as dice, and were later replaced by carved wands. When famous King Tutankhamen relaxed over his Senet board, two of which were found in his tomb, his playing pieces were conical and spool-shaped. His board used 30 squares in three rows of ten.

The modern version of Senet has been developed by George S. Parker, famous game inventor and Roy Howard, his associate, in collaboration with Ambrose Lansing, Curator of the Metropolitan's Department of Egyptology. Senet board 1940 uses ten safety squares on each side and in between a Senet row consisting of 30 squares.

Each player has a Pharaoh and four Egyptian pawns. The Pharaoh playing pieces have special privilege to pass all pawns and to move in and out of the Senet row.

Success depends on the player's skill in maneuvering numbers obtained from dice throws—to provide maximum protection for his own Pharaoh and pawns and maximum peril for his opponent's. Captured Pharaohs count 25 points, captured pawns 10. If all opponent's pawns are captured without loss of any winner's pawns, the score is doubled.

List Precautions for Conserving Values In Food

Losses in food value may be kept at a minimum by observing the following rules:

Foods high in protein, such as meats, eggs and cheese, should be cooked at a low temperature, while foods high in fat should never be cooked at temperatures high enough to cause the fat to smoke.

Loss in vitamins is very rapid after the fruits or vegetables have been peeled, and so these foods should be peeled just before eating or cooking. Both vitamins and minerals are lost if fruits and vegetables are allowed to stand in water after peeling.

It is wise to cook vegetables or fruit in the skins often.

Minerals and vitamins are conserved by cooking quickly in just as small an amount of water as possible. Water in which meat or vegetables are cooked should be saved and used in soups or sauces.

Mark Twain

The pen name of "Mark Twain" came from the leadman's call as he counted the knots on the sounding line heaved from the deck of a Mississippi river steamboat. It meant that the second mark was out—that two fathoms of water lay beneath the keel. It was one of the best-known calls on the river, and it was used as a pen name by Capt. Isaiah Sellers on the articles he contributed to New Orleans newspapers. Samuel Clemens knew the call well during his years as a Mississippi pilot, a job that was the acme of glamour and brought a salary greater than paid the vice president of the United States. He knew Sellers, too, and as a joke one day wrote a piece satirizing the captain's literary style. So embarrassed was the captain that he never again wrote for publication. Years later Clemens was a reporter covering the Nevada legislature. Following the fashion of the times, he decided to use a pen name, something crisp, picturesque and unforgettable. He remembered Sellers—and "Mark Twain!"

New Sheep Feed

Studies are being made on the feeding of dehydrated potatoes to sheep, as a means of helping the potato industry dispose of low grade potatoes. In a test comparing yellow corn and dehydrated potatoes, the results indicated the potato ration was 73 per cent as effective as the corn ration in promoting gains. Results in this trial indicate dehydrated potatoes as produced by present processes are a palatable feed for sheep, experts said. The sheep did well throughout the feeding period and gained at the rate of 0.225 pound per day on the potato ration as compared with 0.307 on the corn ration. This would indicate that dehydrated potatoes may be used as a substitute for grain in sheep rations if care is taken to provide additional protein and minerals.

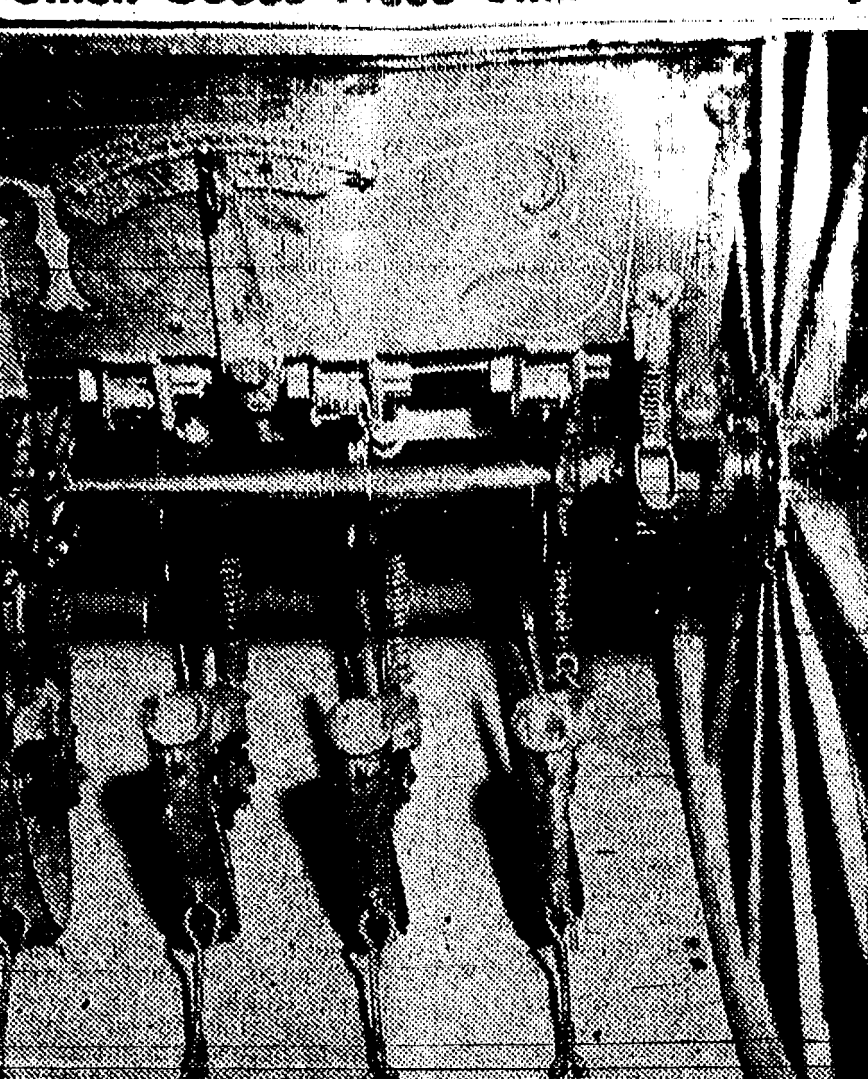

Protecting Ships' Bottoms

According to the Bureau of Ships of the navy department it takes a minimum thickness of four coats to prevent salt water from penetrating and corroding ships' bottoms. Fewer coats result in a paint job with weak spots, something like a raincoat full of holes. Tests conducted by navy chemists have shown conclusively that two coats fail to meet the navy's requirements. Ships have been painted with all types of paint including zinc chromate, red lead, blue lead and every other kind of pigment in linseed oil, alkylid resins, phenolic varnishes and vinylite plastics. When subjected to normal wearing conditions, in no instance did two coats of paint stop rust satisfactorily. Two coats of primer and four coats of exterior paint are recommended or, if there is a shortage of primer, four coats of exterior paint can be used.

Placing Bees

Bees should face to the south or southeast and should be placed to avoid heavily shaded places.

Small Seeds Need Shallow Seeding

Large acreages of new seedlings are lost annually because of too deep covering of the legume and grass seeds. To sow alfalfa and brome grass seed close to the surface, grain hoses should be removed from the drill. The data will usually fall through the shoe, while the brome grass seed will separate from the oats as it comes from the drill box and sift to one side.

If possible, extend the small seed hoses so as to scatter the alfalfa seed behind the drill. Where this is not possible, cut back before seeding, set the drill to run as lightly as possible and cut back to cover. In this manner, the small seed will be put close to the surface, the brome will be sown on top, and with a cultipacker following, the seeding will be sufficiently covered.

Presented by C. M. Harrison, Michigan State college farm crops specialist, these suggestions are ardently supported by the Emergency Farm Service.

Michigan Needs 25,000 Migrants For Farm Labor

Michigan needs 25,000 migrant workers each year, says A. B. Love, state emergency farm labor supervisor, at Michigan State college. The reduction in total farm labor force of the nation makes competition for these workers greater than before the war.

The policy of the farm labor program this year will be the placement of Michigan workers first, domestic migrants second, and foreign workers last. It is expected that foreign labor will be reduced by 30 per cent, but those remaining will not be used if they are replacing American citizens who desire farm work.

Indications point to an increased movement of migrant workers, both Texas Mexican and others, to Michigan. Wage differences may cause considerable shifting of labor in the state because of workers hunting for employers who will pay higher wages. Love points out that the present high cost of living combined with farmers' beliefs that agricultural prices may be reduced at harvest time may cause wage differences.

National Flower

The rose recently has been declared the national flower of the republic of Honduras.

With Michigan's constant need for outside workers, Love points out that now is the time to build a reputation that will attract desirable migrants to the state in future years.

Garden 'Greens' Can Be Continuous

Photo Courtesy: Ferry-Morse Seed Co.

Plenty of leafy vegetables, raw and cooked, are necessary in the diet of both children and grownups in order to promote vigor and well-being. In a home garden they can be continuous for many months if various kinds are grown.

Leaf lettuce is one of the first green things to appear. The young leaves can be picked for the table when only a couple of inches in length while the smaller inner leaves are left to grow. The same is true of spinach; the tender, new leaves are as good raw as cooked when chopped and served with oil and vinegar dressing. Or, treat them the same as "wilted lettuce" by pouring over them a mixture of hot bacon fat, vinegar, and bits of cooked bacon. To vary the flavor of these greens, add a small amount of peppercorns. The frilled curly foliage of this upland cross is as easy to grow as lettuce.

For long season greens Swiss chard is a winner. No leafy vegetable stands hot weather better. The outer leaves should be kept picked, the inner ones left to continue growing, and the result will be tender, brittle stalks and leaves for a long time.

The Governor of Michigan, Alex. J. Groesbeck, issues a proclamation calling on all people of this state to observe Mother's Day, declaring Sunday, May 13 as a day to be set apart in honor of American motherhood. He called upon our people, both old and young, to gather in their several places of worship and take part in services appropriate to the day. The governor also requested the people of Michigan on that day to display the United States flag in their homes and in other suitable places, as a fitting expression of their desire to pay homage to American motherhood.

CHILD BIRTH SAFER

It gets safer every year to have a baby in Michigan.

Michigan deaths due to childbirth have continually decreased over the past ten years and their cause of death has also decreased, according to figures released by the Bureau of Records and Statistics, Michigan Department of Health.

In 1936, 425 mothers died from childbirth causes; in 1940, only 183 died from such causes. The death rate in 1940 was 8.97 per hundred thousand population, where now it is less than 3 per hundred thousand.

GREENE'S Microclean

CLEAN UNDER THE MICROSCOPE

-even standing still

HERE you see — in one sleek and
tidy package — all the things
it takes to make the style-setter and
the standout performer of the year.

One eye-filling glance will tell you
that here's the clean-lined beauty
and hint-of-tomorrow look that will
cue the trend of car design for many
seasons to come.

But just wait till you get this beauty
in motion, and you'll know why
folks are saying there's nothing on
wheels to match it.

That bonnet's not broad and
haughty for looks alone; it's brim-
filled with power—the satin-smooth
power of Buick's big Fireball
straight-eight engine.

Go where you will, its
two solid tons and soft
coil springs on all four
wheels make byroad
and highroad equally
smooth.

You get this in any Buick. But you
get something more in the one
pictured here.

Its snug top shelters you at the
touch of a finger. Its door windows
and even its front seat are power-
operated by push-button control.

And thanks to the magic of Buick's
new Silent Zone mounted bodies,
you ride in a solid and road-steady
silence such as Convertibles have
never known before.

In other words, here's style and
size, power and room, convenience
and comfort all wrapped up in one
of the most exciting models of the
year's most wanted car.

That means, of course, that it takes
a bit of waiting before one can be
yours. But the best way to shorten
that wait is to take the all-important
step — and get your order in now.
We'll take it with or without a
trade-in.

A FINGER TOUCH—and the door
window runs up or down, auto-
matically. Other handy controls
raise or lower the top and adjust
the front seat.

New 4-H Nation-Wide Program Designed To Improve Rural Health

A new 4-H program designed to help improve health conditions in rural areas has been announced by the National Committee on Boys and Girls Club Work. Urgent need for intensive and extensive health education is disclosed in recent surveys of families living on farms and in small communities.

The program, which is conducted under the direction of the Extension Service, emphasizes group and individual health improvement on community, county and state levels. Recognition is also given on a national level to individual members.

Objectives of the National 4-H Health Improvement program are to help 4-H members and their leaders gain a personal consciousness and understanding of physical and mental health consistent with advancing standards and scientific knowledge; to help youth share in the responsibility for improving home and community health conditions; and to help young people grow and develop sound bodies and mature personalities.

Honor award incentives to stimulate interest among club groups, as well as individual members, are provided by the Kellogg Company. Awards include a certificate symbolizing health to the club in each county conducting the best health improvement program. Ten cash awards of \$20.00 each will be given to the ten clubs which carry on the best health program in their state. The top ranking 4-H member in health achievements in each state will receive an educational trip to the 1947 National 4-H Club Congress in Chicago next December.

County extension agents will furnish complete information regarding this activity.

WILLIAMSTON—A heavy rain here Tuesday afternoon, of cloud-burst proportions, followed by more or less continual rain Tuesday night and Wednesday, was something of a reminder of the flood here on April 5. Water in the Cedar River and Deer Creek reached the highest point since it's recession following the Spring flood. Water in the basements of the school buildings Wednesday morning, necessitated the closing of the schools here for the day. Williamston Enterprise.

Winter Bee Loss May Cut Needed Orchard Pollination

Reports coming into the apiculture, State department of Agriculture, from honey producers and Department Field Inspectors indicate a much heavier winter loss in bees than normal, especially in the north and northeast part of the state. Winter losses of unpacked bees are reported all the way from 15 to 50 percent, and from 5 to 20 percent in those that were packed. Reports would indicate the heaviest loss in the Thumb area among unpacked bees.

Director Figg states that, while this loss will probably be made up to a certain extent by packages of bees from the South, conditions indicate that the supply of bees for pollination would be somewhat less than last year, when the demand for bees for pollination far exceeded the supply.

Don P. Barratt, state apiarist, says, while applications for permits for moving bees into orchards are not as heavy as last year, because of lateness of the season, there is no reason to believe that the demand will not be equal or possibly more.

Therefore, it is suggested that orchardists make immediate arrangements for the necessary bees in order to insure adequate pollination for their needs.

MILAN.—Those who have read the weather reports published in The Milan Leader frequently by Stanley Helzerman were in for a surprise Sunday. In the Detroit Free Press were several pictures of the gentleman and an account of his work. His weather station, located at Willis, is one of 110 scattered throughout Michigan, manned by unpaid volunteer "backyard" weathermen. His station is completely equipped with barometers and barographs, extra thermometers and shelves of books on weather as his tools of trade.—The Milan Leader.
