Ladies' Guild  
Of St. Paul's  
Met June 6th

Forty-two members and three guests were present at the June meeting of the Women's Guild of St. Paul's church which this month was held in the evening on Friday, June 6 in the church.

The program topic for the month, "India at the Threshold," was the theme for the devotional service which opened the meeting. Mrs. Wilbur Kinderer was in charge of the service and led the group in union meditative reading and prayer.

Mrs. Harold Widmayer, program chairman, had arranged an impressive candle lighting service which brought out in an interesting way the many ways in which missionary work is bringing the light of Christianity into all phases of life in India.

During the course of the readings mention was made in several places of the many worthwhile projects in India which are supported to a great extent by the giving of gifts and payments of the "challenge" by Women's Guilds of the Evangelical and Reformed churches. As St. Paul's takes part in both of these projects, the information proved of special interest.

Mrs. P. F. Seitz took the part of the leader, and readings were given by Mrs. Fred Seitz, Mrs. Oscar Stierle, Mrs. Lewis Schneider, Mrs. Elmer Pierce, Mrs. Roy Bertke, Mrs. Julius Eisele and Mrs. Alvin.

Following the business meeting, with the president, Mrs. Otto Lucht presiding, refreshments were served in the dining room by the committee for the month, Mrs. L. Eppier, Mrs. A. Eppier and Mrs. Alvin.

The next meeting has been set for the second Friday in July because of the Fourth of July falling on the first Friday. A picnic dinner will be held at 1 o'clock in the church basement and will be followed by a short meeting and social afternoon.

Others present at the celebration were Clifford Myers, father of Rose Marie, Mrs. and Mrs. Clayton Myers and son of Jackson, Mr. and Mrs. Theo. Karpen, Sr. and Mrs. Theo. Karpen, Jr. of Detroit and Mr. and Mrs. Charles Wolski, Jr. of Chelsea.

The altar before which the Rev. E. C. Stringer read the service was flanked with palms and baskets of spring flowers and lighted candles.  
The bride, who was given in marriage by her father, wore an ivory satin gown made with a fitted bodice and a full skirt ending in a long train. Her veil was edged with lace and was held in place with a beaded tiara. Her bouquet was of pale pink carnations and lilies-of-the-valley.

Her sister, Arla June, was the bride's only attendant. She was groomed in pink marquisette over tulle and wore a matching head-dress. She carried a bouquet of deep pink carnations and blue corn flowers.

Loren Hinderer was best man, and Paul Hohenberger, of Brighton, and Loren Koengter were the ushers.

The bride, a graduate of Ann Arbor high school, wore a tan and brown-wool suit with white accessories and the corsage which bore her bride's bouquet going away. ## Golden Anniversary

(Continued from page one)  
years or more ago were Dr. A. A. Guide, Class of '85; Dr. A. L. Steger and George Taylor, Class of '86, and Edward Hoag, Class of '81, who spoke on the topic, "Chelsea High School Way Back When."

Mr. Hoag, who is 85 years old, spoke on the topic of the styles of clothing worn during his high school days, saying that while the clothes the girls wore then are considered funny nowadays, the girls themselves were very nice, and he could speak with authority because he had married one of them and spent many happy years with her.

Mrs. Elvira Clark-Vissel, speaking of the first Alumni Banquet, stated that one was held in the McKune house in 1899, and while this year's banquet was the fiftieth one held it is in reality more than fifty years ago since the first one was given. The first one she attended, the year she graduated, 1897, was held in the Macabee hall, with 75 present. The weather, she remembered, was so sultry that the girls' hair, carefully curled on curling irons for the occasion, became "stringy looking" before the evening was over. Their dresses had balloon sleeves and they wore long white kid gloves and slippers. Herbert Dancer was the toastmaster.

Helen Hanker, valetudinarian of the Class of '47, rendered piano solo, "Opening Theme from Tchaikowsky's Concerto No. 1," and then Mrs. Henry Schneider (Marie Bacon Schneider) in speaking on the topic, "Fifty Years Ago," described the entertainment of young S. L. S. COOKS.

Our first meeting was held at Helen Sias's May 28. We elected officers. They are as follows: President, Shirley Toney; vice-president, Hildegard Maider; secretary, Marion Peterson; treasurer, Elaine Fritz.  
We held our last meeting at the home of Elaine Fritz. We elected officers. They are as follows: President, Shirley Toney; vice-president, Hildegard Maider; secretary, Marion Peterson; treasurer, Elaine Fritz.  
The refreshments were served, which were cake, cookies and ice cream.  
Our next meeting will be held at the home of Barbara Kaercher, on June 16.

**ATTENDS CONVENTION**  
Martin Mitter spent Tuesday at the Michigan and Lake Association convention which is being held this week in Grand Rapids.

people of that time. She mentioned the box socials, taffy pulls, boating and sleighing in season, etc., that provided good times for all. There were no movies or radios, and automobiles were just beginning to be seen. She provoked much laughter with her statement that "blackouts, commonly thought of as an innovation of the last war, were really common in Chelsea fifty years ago—all street lights being turned out promptly at midnight. She closed with a tribute to a former teacher of her class, Mrs. Florence Howlett, which she gave in the form of an original verse.  
Robert Foster, in his talk, "Chelsea High School Across the Miles," offered a word of appreciation, on behalf of all former students of Chelsea High school who served in World War II, for the news letter sent out so faithfully each month during the war by the High School Journalism club to each senior, whose address could be obtained.  
Oscar Schettler, of Detroit, gave a welcome to the classes of '41 to '47, inclusive, and Jack Merkel, president of the graduating class, responded.  
Dr. Marquis E. Shattuck, the principal speaker of the evening, during the course of his talk on

"Schools—The Hope Of The Nation," asked, "Have we kept abreast of education?" He said that education is a job for the community—not only for the teachers. If education is to function for the best interests of all the different peoples that are represented in our American schools.

He cited the large gathering of Chelsea High school graduates present as proof of his statement that friendships made during high school days form a sort of fraternity or brotherhood of graduates, regardless of race, religion, or color.

Because high schools teach all peoples to live together in harmony; because teachers now are better equipped to cope with modern problems of education, he said no tribute was too great to pay the high schools of the country, but communities must cooperate in every possible way to make the schools what they should be if they are indeed to be "the hope of the Nation."

Following the program, dancing was enjoyed with music being furnished by Glen Smith's orchestra, of Dearborn.

**REV. AND MRS. HERBERT SCHAEFER ARRIVE IN INDIA**

Word has been received by relatives of Rev. and Mrs. Herbert Schaefer of their safe arrival at their destination, Nayudupeta, in South India, after many delays en route.

In a letter to her parents, Rev. and Mrs. M. W. Brueckner, Mrs. Schaefer, the former Mrs. Brueckner, described the reception she and Rev. Schaefer enjoyed on their arrival at the bungalow parsonage which is to be their home. They were met by a children's chorus singing familiar hymns translated into their native language and garlands of flowers were placed over their shoulders. A big feast of traditional rice and curry was ready for them.

At the time Mrs. Schaefer wrote her letter, they had had five days of housekeeping in their new home and had been invited out to dinner twice, both times being treated to rice and curry.

## Annals Bring Abundant Bloom

—Photo Courtesy Perry-More Seed Co.

Most home gardeners like to grow annual flowers. Coming quickly into bloom from seed sown each year, they are the easiest of all flowers to grow and bring a wide range of vivacious color for a long period.

Poppy and bachelor button are two of the earliest. The low-growing edgers, sweet alyssum and candytuft, are also fairly quick to flower from seed.

The lovely balsam, fragrant pinks, the graceful scabiosa, the hedge-forming four o' clocks, the colorful nasturtiums and petunias are next in line. Later come the tall cosmos, the beloved zinnias and the marigolds. Most annuals are so easy to grow that even children can raise them successfully.

Special favorites for children's gardens and those of some grownups are feathered celosia, the oddly interesting cockscomb, and the gay woolflower. One secret of growing near-perfect annuals is to use good seed and sow it thinly. In outdoor planting do not sow deeply but cover the seeds firmly so that they will make immediate contact with warm moist soil for speedy germination. When the seedlings appear, thin the plants so that the remaining ones will have plenty of space to spread and mature.

Most annual flowers are not particular about the kind of soil they grow in but they do like plenty of sunshine and air. Most annuals do not thrive in shady places. In order to get the most bloom from annual flowers all through the season, they need a certain amount of attention. Petunia plants sometimes grow lanky and crowd their neighbors. Cut sprays of blossoms freely and arrange them for indoor enjoyment. The plants will recover quickly and bloom better than ever. Snip off the fading blossoms of zinnia, marigold, cosmos, and other annuals. If left to go to seed, they rob the plants of strength to develop new flowers. Keep the edging annuals, such as sweet alyssum and candytuft, from looking frosty by clipping off the tops with shears after they have bloomed. They will reward you by flowering again and looking pretty for a long season.

## Legion To Train 1,116 Youths At Annual "States"

Resuming long-established practice the American Legion of Michigan and its Auxiliary will sponsor Wolverine Boys' and Girls' States during the period June 12 to 24.

Nine hundred high school boys, an increase of 100 over last year's enrollment, will assemble on the Michigan State college campus at East Lansing, June 12, to become citizens of the Legion's 10th annual Wolverine Boys' State.

Five days later, the Legion Auxiliary will open its 7th annual Wolverine Girls' State on the University of Michigan campus at Ann Arbor on June 17 with 216 Michigan high school girls enrolled. Training in democracy is the primary purpose of these annual programs. At East Lansing the Boys' States will be divided equally into two political parties. They will establish city and county governments, and set up a mythical "State" patterned exactly after the Commonwealth of Michigan. They will nominate and elect their own city, county and state officers, adopt their own ordinances and laws, and carry out all the functions of democratic government.

During their 10-day stay on the MSC campus they will be housed in the quonset huts that provided living quarters for G.I. students during the college year.

Much of the same procedure will be followed at Ann Arbor where the 216 Girls' States will make their headquarters for one week at Stockwell Hall. As a teaching and counseling staff the Legion and Auxiliary have obtained the services of competent educators, experienced civic and state officials, and a corps of well-known lawyers and jurists who will instruct the youthful citizens in the practical art of self-government.

**Vegetable Seed**  
U. S. growers raised 291,214 acres of vegetables in 1945 for commercial seed production, and they harvested 226,000,000 pounds of seed. The 1946 plantings are about 316,583 acres.

## Conservation Officials Predict Poor Season For Wildfowlers

Lansing—The brief and balmy waterfowl hunting season of 1946 yielded Michigan hunters only 380,000 ducks, the tabulation of

hunters' report cards by the conservation department's game division indicates. A year earlier the card-punching machines indicated a bag of 600,000.

The 1946 season lasted only 45 days, allowing 35 days less shooting than in the year before. The "dirty weather" of early fall that ordinarily brings flocks hurrying from the north did not arrive last season until the time for shooting was past, and ducks that were here rushed far from shore on calm lake waters. Besides having the weather against him in season, the waterfowl hunter had fewer ducks to shoot at, for drought had drastically reduced the season's output at both the far-north nesting grounds and in parts of Michigan.

But as the 46 season seemed, the 47 season must be prepared for a 47 season that is likely to be no better and may be worse, according to Harry D. Ruhl, chief of the conservation department's game division. Reviewing the facts about the 47 season discussed at the Chicago meeting with the U. S. Fish and Wildlife service, Ruhl declared that the key to the situation is water in the northern nesting grounds. The season is beginning with much better prospects on the nesting grounds than there were a year ago, he says, but he warns that if drought develops again even such extreme prospects as that of the National Audubon society for a closed season may get consideration.

The Chicago conference was one of 11 being held across the country to give state conservation officials and sportsmen a chance to air their views and learn the latest news from observers at the northern duck nesting grounds. Regulations for this season's duck shooting will come no earlier than before, but Ruhl says they are not likely to surprise and shock hunters as last year's did.

Hunters' kill report cards for 1946 show, besides the duck decline, a drop from 78,500 to 65,400 in the take of coots. With Canada geese protected, the snows and blues taken amounted to less than a tenth of the geese bagged in 1945.

## BASEBALL NEWS

**"By Bill Schatz"**

The Chelsea Independents take heap big scalp from an Arbor tribe Sunday afternoon. Final score: Chelsea 4, Ann Arbor 3. Many of our fans enjoyed a nice Turkish bath along with the ball game. There was, of course, no charge for same.

The game, our local opener, was a dilly. Seven innings and nobody got beyond second base. The visitors came to bat in the eighth, after that seventh inning stretch, and through a series of bunts (nasty way to sneak a run) and an error, chased 3 runs across. Oh, boy, right now we are feeling "Mighty Low."

Our warriors came in for their turn at bat with fangs bared. You could hear them growling, let's get after the so and so's. Boys and girls then she happens, you say what happens, and I say we tied the score at 3 all.

Big Chief "Jumping Pete," manager of the locals, went plumb loco, he grabbed a tomahawk and went into a war dance along the first base line. The umpire held up the game a minute until we could get Pete back in the local pews. So, now here we are all nicely tied at three all. Ninth coming up. "Ann Arbor" at bat. Dick Holzer, the catcher, flashes Jr. Miller the signal and its 3 strikes and No. 1 again the signals and No. 2 is an easy out, and again the signals, the boys are steady now and a shouting its 1 strike, now its 2 strikes, quiet, every one is quiet, the windup, the pitch, and strike 3, the side is retired.

Now our worthy sons come to bat. "Big Boy" MacManahan is leading off. The Ann Arbor rifleman winds up, lets go a fast one, his aim is bad (claims sweat got in his eye), he hits "Big Mac" on the knee, a free ticket to first. "Big Mac" was hurt, but he had a duty to perform. He grits his teeth and lumps to first. Shouting—Louie Birch, next up gets a free ticket, and now comes up to the plate one of the bombing Barths.

He looks at the pitcher, the pitcher looks at him and throws a fast one. Then they both look at as neat a double as you ever laid eyes on. Yes sir, precision bombing 1 calls it. Mac takes off to second, rounds third and comes steaming home with the winning run. Louie Birch also scored but his efforts were not needed, so we got 'em 4 to 3. Winning run represented Hanker Service and the double by Barth, Merkel Bros.

So ends the tale of two cities. Next Sunday we play South Lyons at South Lyons. The following Sunday, June 23, Manchester plays us here at Chelsea. You saw a good game, come out on the 22nd and see another. We thank you, Chelsea Independents.

## Married Students At MSC Say They'd Do It All Over Again

They'd do it again, even knowing what they know now, the married students at Michigan State College indicated in a survey recently conducted by Prof. Judson T. Landis, of the department of effective living at the college.

When asked the direct question, "Would you do it all over again, knowing what you know now?" 77 per cent of the students or their wives gave an emphatic "yes."

That makes the score something like three to one in favor of marriage, even under the hardships imposed by living in trailer camps, temporary barracks, apartments, and similar close quarters.

The results reveal that the wives would be a little more willing to repeat their marriages if they had a chance to go back in time. For 83 per cent of the wives said they would marry again, while only 71 per cent of the men gave like approval.

But Professor Landis in analyzing the answers says he sees a note of chivalry as the chief cause of the lower percentage among the men. Replies to other queries indicate the men are just as happily married as the women, but many of the men feel they haven't been able to support the girls as they should.

Given the chance to go back, they would wait until college days were over before marrying—and they'd marry the same girl, too.

Professor Landis is using the results of this survey in his lectures on marriage to basic college students in the effective living course.

His students thus receive the benefits of first-hand knowledge from those who already have taken the step toward establishing home and family.

## Announce New State Award Schedule In 4-H Safety Program

Here's good news for 4-H Club members in Michigan.

An all-expense trip to the National 4-H Club Congress in Chicago is now provided for the state winner in the 1947 4-H Farm Safety Program. Formerly only sectional winners received trip awards. There will be no sectional recognition this year. This change increases the possible number of Chicago trip winners in 4-H Safety from 16 to 46.

Last year's state winner in Michigan was John Miller, Jr. of Filer City who received a \$25.00 U. S. Savings Bond.

Medals of honor for a maximum of five members in each participating county, and a special plaque also provided by General Motors to the county reporting the most outstanding 4-H Safety program in the state this year, will be awarded as in the past.

In 1946, county winners were named in Allegan, Arenac, Baraga, Cass, Ingham, Jackson, Livingston, Lapeer, Mackinac, Macomb, Manistee, Muskegon, Oakland, Ogemaw and Saginaw counties.

This is the fifth consecutive year of the activity, which is influencing a steadily increasing number of rural people in becoming safety-minded.

## Kenny Foundation Prepares For Polio

Plans for aid to infantile paralysis victims throughout the state during the coming polio season were announced today, following a conference of Michigan leaders of the Sister Kenny Foundation.

William G. Baxter, State administrator and spokesman for the group, said: "One of the most important developments was the decision to bring the nurses now in training under Michigan for the epidemic season. They would be available to aid in treating polio patients by the true unmodified Kenny method, also to supervise emergency wards and teach volunteer workers in the necessary

Kenny technique. This is very important because of the dire shortage of technicians who are competently trained in the Kenny method."

# Tops Today — Tops tomorrow

ONE thing's plain, any time you want to look today's highways over:

The car that catches your eye first — and holds it longest — is Buick. The car that pops out from the crowd with the prophetic look of a "fashion first" is this same neat and nimble number.

More than that — it's a beauty you could take to your heart, and hold for a long, long time.

Its size, its sturdy bulk, the hold its Fireball power takes on your fancy — all spell out a permanent attachment between you and this honey.

Its steadiness on the road, its feathery handling, the unmatched buoyant levelness of its all-coil springing ride add up to a fond affection you'll want to last forever.

And how does this square

with things-to-come in car design?

Well, just ask yourself: Which car now on the road looks most like what you'd like all cars to be? Which departs most neatly from old patterns, stands out as the style most likely to succeed the others?

The answer's Buick — which leads logically to this:

Whenever your Buick comes, it's bound to be style-right, modern, fresh-

looking. It's still going to show the way in looks, line and action to anything the next handful of years is likely to produce.

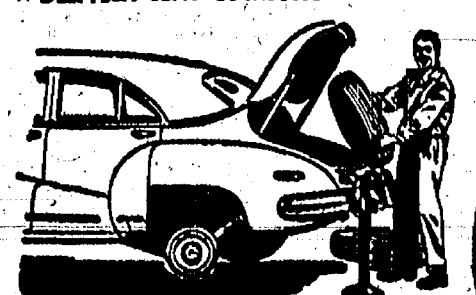

So next to a spot behind a Buick wheel, a spot on a Buick waiting list is the smartest place to be these days.

Why not put yourself there by getting your order in now — with or without a trade-in, and at no premium over established prices at time of delivery?

## ONLY BUICK HAS ALL THESE STAR FEATURES

- \* AIRFOIL FENDERS

From where I sit... by Joe Marsh

Here's to the Women-Folk!

There's a line at the heading of the Woman's Column in my paper that reads: "Women through the years have stood keepers of the flame..." Pretty easy to see what it means; whether it's the flame on the hearth, or the candle in the window, or the feeling of warmth that surrounds a home.

It's the women who are guardians of the things we cherish about homelife—who are tolerant of ashes on the rug; the rings a glass of beer can leave on tables; or the

comfortable but too-worn chair that we can't bear to throw away. From where I sit, those little satisfactions become more and more important in this world of strife and change. Smoke rings, curling from a mellow pipe; a glass of beer; a comfortable chair before the fire. And I'd like to salute the housewives—"keepers of the flame"—whose tolerance and understanding helps preserve them!

### 4-H's To Get Merit Awards For Bettering Farm Job Methods

4-H Club members in Michigan again have an opportunity this year to win special recognition for developing methods that will simplify their farm and home jobs. Recognition in the form of merit awards will be given on county, state and national levels in the 4-H Better Methods Electric Activity, the National Committee on Boys and Girls Club work has announced.

Members need not have electricity on their farms to take part in this

activity, which may be applied to all types of 4-H Club work. Last year County winners were named in Arenac, Barry, Bay, Cass, Emmet, Iosco, Isabella, Jackson, Kent, Livingston, Muskegon, Ogemaw, Ottawa, St. Clair, St. Joseph, Wayne, Wexford and Tuscola counties. Each county winner receives a gold-filled medal of honor.

State winner in 1946 was Roland Carlson, 16, of Daggett, who received a trip to the National 4-H Club Congress in Chicago. Among

his work simplification accomplishments on the farm was that of studying the job of cooling milk and recommending the construction of an electric milk cooler and enlarging the combination water pump and milk house. This could be done at a cost of \$487.00, but would pay for itself in a year through increased dairy returns. Six state winners are selected for national honors, each receiving a \$200.00 college scholarship.

## Father's Day, June 15

## Father's Day Origin

The setting apart of a day on which to honor fathers by special services in the churches and in other ways originated independently in different parts of the country for the observance were chosen before there came to be general agreement on the third Sunday in June.  
Credit for making the first suggestion probably belongs to Mrs. John Bruce Dodd, Spokane, Wash. The first celebration was held in June, 1910, at Spokane.  
Fuel Bill for Carriers  
Class I railroads had a fuel bill of \$555,165,000 in 1946 or an average of more than \$1,520,000 daily.

**ROBERT NIEHAUS WINS NAVY ROTC SCHOLARSHIP**  
Robert Niehaus, son of Mr. and Mrs. Julius Niehaus, is one of two Ann Arbor High School winners of U. S. Navy ROTC scholarships. The boys were selected from a group of 17 who took the tests. The scholarship winners will be sworn into the navy as midshipmen and for 8 summers between university terms must agree to take the U. S. shakedown cruises; in addition, they are required to serve from 15 months to two years after graduation as Ensigns in the navy. After this period they can either continue on active duty or accept a commission in the Naval Reserve.  
Robert plans to enter the university as a pre-medical student. While in high school he was on the staff of the school paper, on the student council, in junior and senior plays and the operetta.
