**Tri-County Baseball
League Wins Favor**

One year ago the idea of a "Tri-County Baseball League" became an embryo, and after much hard work by two local men, it began to develop.

This season we had eight clubs on the circuit, this season we have twelve and more wish to become members. This idea is growing by leaps and bounds. The clubs have been divided into an Eastern and Western division with six teams in each.

The winners of each for the "Tri-County Championship."

Our idea is to have like clubs formed throughout the state, embracing three counties or more for each. By so doing we can offer the opportunity to a great many players to enter year-round competition and advancement in this, our Great National Sport.

Standard Liners Bring Results

BASEBALL NEWS
By Bill Schatz

Chelsea Independents took off Sunday on their first invasion of enemy territory. Battling their way through stiff, cold winds, to South Lyons (felt like North Lyons), they established our beachhead early in the game, then proceeded to take over.

Box Score: Chelsea, 17 hits, 12 runs, 2 errors; South Lyons: 6 hits, 1 run, 4 errors.

Batteries—Chelsea: Miller and McClanahan; South Lyons: Smith and Smith.

They tell me you can still hear the echo of our hits over South Lyons way. Yes sir, must be awful to listen to those 17 hits bouncing around over there. Big Boy McClanahan had a perfect day, yielding the old war club. He collected 5 hits for 5 times. Boy, was that guy high. Oh, My, Oh, My, Stan Folicht got 3 out of 5 off.

South Lyons' offerings. Smith and Smith sounded like a tough battery when first announced, but our locals got through their long whiskers for 6 runs in the first inning. Had them coughing on the ropes. The Independents were really working very smoothly.

Next Sunday, June 23, we play Manchester here. Now, you remember folks, last year those pesky Manchesterites from over south of the border gave us a lot of trouble. Oh, yes, there will be a hot time Sunday.

Here is news. We are dedicating

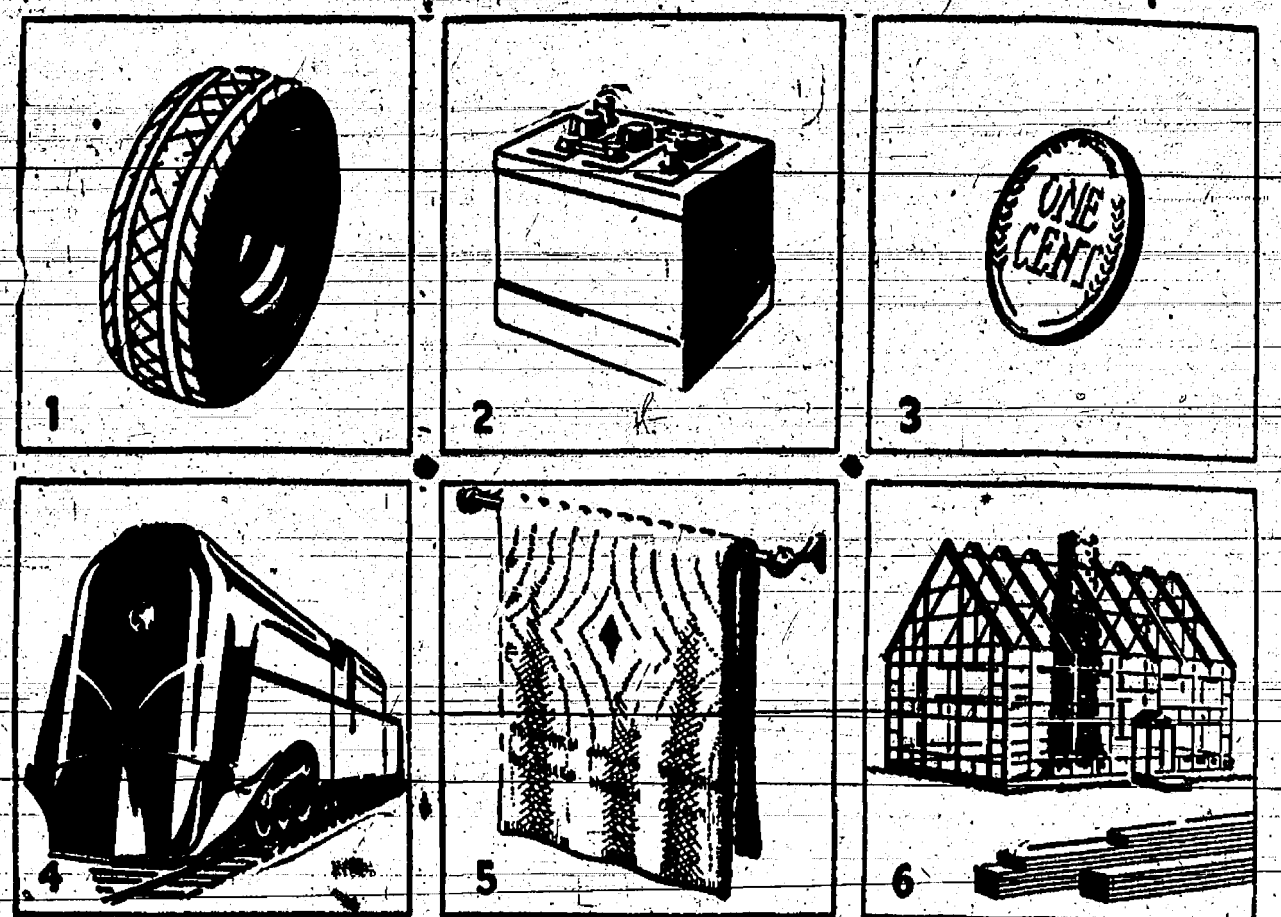

this game, Sunday, June 23, to the Central Fibre Products, one of our leading industries. So, let's all be there and give them and our locals a great big hand. Thank you.

DEXTER-CHELSEA YOUTH FOR CHRIST BIRTHDAY RALLY
The Youth for Christ is celebrating its second birthday this Saturday, June 21, at 8:00 o'clock in the evening at the Sterling farm, 12670 N. Territorial Road. Rev. A. Hotie of Detroit Bible Institute will be the speaker. Refreshments will be served following the program. Everyone is invited to attend.

CARD OF THANKS
We wish to extend our heartfelt thanks and appreciation for the many acts of kindness, messages of sympathy and beautiful floral offerings received during our recent bereavement in the loss of our husband and father. We especially wish to thank the patrons of rural route No. 2, the church board members and ladies of St. Paul's church and the postoffice employees. Heartfelt thanks also to the Rev. P. H. Grabowski and Rev. J. Fontana for their comforting words.

Mrs. Clarence Dietle and Family.

Can you name the principal materials they're made of?

ANSWER: (1) rubber, (2) lead, (3) copper, (4) steel, (5) cotton yarn, (6) lumber. These critical materials needed to expand the telephone system are still on the "scarce" list. That's one of the reasons why many folks are still waiting for telephones.

Despite material shortages, we're getting quite a bit of new equipment—wire, cable, central office apparatus and switchboards. And as fast as we can install it, we're able to connect more telephones. But new orders for telephone service keep coming in almost as fast as we can fill the ones we already have on our books.

So there's a lot of work ahead. More buildings to erect. More wire, cable and central office equipment to manufacture and install.

Now that the telephone strike is over, we're moving along with the job. Our aim is plenty of telephone service for everybody when and where they want it.

State Fishing Licenses Are Still On Sale At Old, Bargain Prices

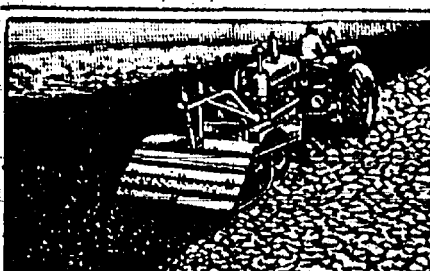

Anglers who haven't yet bought their 1947 fishing licenses need have no fear they missed the old bargain prices.

The conservation department is assuring anglers the new schedule of higher fees voted by the legislature, if signed by the governor, will become effective only on January 1, 1948.

The new schedule for 1948 would raise the general rod license for residents by 50 cents to \$1.50, provide a special \$1 stamp for trout fishermen. But Great Lakes fishing still would be free to residents, and resident anglers' wives could "ride free" on their husband's "tickets." In 1948 non-residents would pay \$2 for 10 days, \$3 for the year.

Fishing license sales in May recovered some from the slump in April in spite of continuing bad weather, but on May 31 still were seven per cent behind the comparable first five months of 1946. Partly because there was a beaver season a year ago and none this year, total revenue for the first five months of 1947 is 11 per cent \$31,225.90—short of the income in the first five months of 1946.

SLIP into this one—and you'll have to hang on tight to keep your spirits from soaring right out of this world.

There's no trimmer, tidier, fresher bit of automotive styling anywhere in sight, and never in your life have you had more of the makings of fun and adventure right at your finger tips.

You handle a wheel that seems moved more by your wishes than your muscle.

You boss a big Fireball straight-eight whose mission in life is taming tall mountains and making the miles cry "Uncle!"

swings into place against a sudden storm, or the front seat adjusts itself to your perfect comfort.

All the while there's the good steady feel of Buick solidity beneath you. There's the fluent, easy stride of wheels cushioned all around by gentle coil springs. There's size—and room—and levelness—and that mastery of good roads and bad found only in a performer that's built to star in any company.

A buy? But naturally! Nowhere but in Buick will you find all this smart-

ness—nowhere but in a Convertible do Buick power, size, comfort and steadiness pay off so handsomely in sheer joy in going places.

So count yourself lucky if your order's in. Or, if it isn't, count yourself smart if you nail one down without further urging.

For while we'll take your order any time, with or without a car to trade, only you can make sure (by placing your order) that no one else is going to get ahead of you.
