Friday Morning Fire Destroys Farm Bldg.

Fire of undetermined origin completely destroyed a 12 by 18-foot building on the Ernest Wenk farm on Fletcher road about 4 o'clock Friday morning.

The building contained an electric welder, grinder, turning lathe and forge and many small tools, all of which are a complete loss, according to Mr. Wenk.

Neighbors who discovered the blaze said they were awakened by a loud sound which was an explosion. They promptly acted in notifying the Wenks and calling other neighbors to help and the fact that there was no wind at the time probably helped to keep the fire from spreading to other nearby buildings until the arrival of the Chelsea fire department.

Tobin Pitches No Hit Game as Gulf Gas Downs Cassidy Lake

By "Doc" Alber

Munith and Bowser went to Monday night and after a hard fought battle Munith came out on top and won 4 to 1.

Spaulding had too much for Fibre and trounced them 11 to 2. Several errors hurt the Fibre cause as Spaulding won their fifth game.

Bob Tobin pitched a beautiful no hit game as Gulf Gas trounced Cassidy 9 to 2. Winless cost Bob a shut-out as the Lake boys scored two runs in the seventh on three walks and a hit batsman. The last no hitter in Chelsea was tossed by Whitney Guest in 1944. Nice going Bob.

Don't forget the All Star games tomorrow night.

AFTER 12 INNINGS!

By "Bill" Schatz

Weeping weather came mighty near stopping our ball game, Sunday. Called Pinckney about 1:00 p.m. to tell them the skies had cleared and we were ready for battle, and battle it was, for 12 long hectic innings.

Pinckney was the first to tally, they tagged us for four runs, the result of a couple of lousy binges and a costly error. About this time (O' Foxey Pete) manager of our team called Ed Miller, Ed Miller on the mound with Slim MacCannahan, who had been doing a fine job behind the plate. Pete (himself) going in to catch and Miller to center field.

The Independents finally put a mark across to break the tie, and there we trailed for a couple more innings. This Pinckney sling shot was no set up, he really had something on the ball that kept our locals baffled with a fine mixture of slants, fast ball and change of pace.

Score was tied going into the 9th at 6 runs, but we muffed an opportunity to win then, so it's an overtime ball game and a pitchers' battle. MacCannahan sure showed a stout pitchers heart out there on the firing range. With two out, the lead of strategy man decided to give Pinckney's heavy hitter a free ticket to first, loading the bases, result 9 out on an easy chance.

The locals connected solidly with the ball on a number of occasions,

Girl Scout Campers at Cedar Lake Enjoy Hayride, Fish Fry

Life at Cedar Lake camp for Girl Scouts is a constant round of joyous activity.

A big hayride for all the camp units kept the girls happy Thursday night. It was a good fifteen-mile ride on tractor-drawn hay wagons, accompanied by a man on horseback who is really a safety man, but always the center of interest.

Greenwood, the unit for the oldest girls, entertained an Ann Arbor Boy Scout Troop on June 28, with an evening of folk dancing, canoeing, and boating. Bruce Rider, leader of the troop, and Mrs. Rider, enjoyed the party with the scouts.

The girls had a good joke on Miss Young, camp director, Friday evening when their fish-fry took place. A strong wind came up, and threatened to become a storm, so Miss Young had the girls eat inside. The wind died down, no storm materialized, but it was then too late for an outdoor fish-fry.

The Greenwood girls hiked five miles to Cavanaugh Lake. They ate nosebag lunches and went swimming.

Juniper Knoll hiked out to The Ledges Saturday night, and Oak Ridge unit had a pajama party. The girls picked wild strawberries, and made ice cream, so they had wild strawberry sundaes, and marshmallows toasted over their campfire.

All camp units had extensive cook-outs Monday night, June 30, with stick cookery and planking of fish and steaks. The Greenwood unit, after lessons from Don Newhouse, their hand man, learned to pitch the new tent, and used them to sleep out in at Mill Lake.

Tuesday, the last night at camp for the first session girls, a pretty candlelight ceremony was held at the lake front. Each girl made her own little paper boat, and with a lighted candle in it, set it adrift on the lake, making a wish as she did so.

Three Chelsea Girl Scouts are attending the second session at the camp, which is being held from June 2 to 16. They are: Lois Eisele, Dexter; Schneider, and Janet Weinberg.

Chelsea will furnish a hostess to greet new campers at Cedar Lake on July 16, at the opening of the third session.

July 4th Is Observed Quietly by Chelsea

The Fourth of July, 1947, was a quiet day in Chelsea, being celebrated generally with family gatherings and picnics at nearby lakes.

Some farmers were observed taking advantage of the ideal weather to get in their crop of hay while others put in a good day's work cultivating corn, which, in spite of the previous drought, is the season, was "knee-high by the fourth of July," in a number of fields in this vicinity.

Dexter celebrated the Fourth with a Fire Department-sponsored carnival, complete with a merry-go-round, a roller coaster, and a number of Chelsea people were seen on the streets there and in Stockbridge and Manchester where entertainment was provided for different age groups as part of the day's observance.

The Federal Sewer Works closed down for a two-week vacation period for all employees, more than the usual number of people were away on trips which also accounted for some of the quietness of the day.

The only real noise was the intermittent shooting of firecrackers "by parties unknown."

LANTIS-BERMES

Friends have received word of the marriage of Clara Lantis of Chelsea and Philip Bermes of Munith. They plan to make their home in Chelsea.

MRS. EDWIN W. PAUL

Thelma Honeck Is June Bride of Edwin W. Paul

St. Mary's church was the scene of a very pretty wedding Saturday morning, June 28, 1947, at nine o'clock, when Miss Thelma Honeck, daughter of Mrs. Clara Honeck and the late Charles Honeck, became the bride of Edwin W. Paul of Chelsea, son of Mrs. Lillian Paul of Iron Mountain, Mich., and the late E. W. Paul, Sr.

Father Lee Laigle officiated at the ceremony and the attendants were: Sister and Sister Paul of Ann Arbor, sisters of the groom, Reynold Houle and Edward A. Honeck, brother of the bride, who assisted the groom as best man.

Best man of the bride, and Donald Hilde seated the guests.

The bride's gown of ivory satin had a fitted bodice made with a sweetheart neckline which was edged in front with folds of the train and the sleeves were long, ending in a pointed outline at the wrists. The skirt was very full and had a short train. Her veil was three-quarter length and was edged all around with wide lace and was held in place with a tiara of orange blossoms.

The bride wore white gladioli and flowers were centered with a bow of white satin ribbon. She wore a single strand necklace of pearls and carried a white rosary.

Miss Isabel Paul, the maid of honor, wore a pale green floor-length gown fashioned with a fitted bodice having a high round neckline and cape sleeves. Her sister, as bridesmaid, wore pale pink made exactly like hers. Both wore matching short veils falling from flowered headpieces and long mitts to match their gowns. Their bouquets were of pink gladioli with matching satin ribbon bows.

The bride's mother wore a black dress with a multi-colored print top and wore black accessories and a cascade of pink roses.

The groom's mother, in lime green, wore white accessories. Her corsage was like the one worn by the bride's mother.

The main altar, before which the rites took place, was flanked on either side by baskets of white peonies, gladioli and matricaria, while the side altars were decorated with garden flowers and red peonies were used on the altar rail.

Mrs. George Clark played the traditional wedding march on the organ and also accompanied Frederick Martell of Elkhardt, Ind., brother-in-law of the bride, when he sang, during the ceremony, "On This Day, Oh Beautiful Mother, Oh Sacred Heart, Oh Love Divine," "Oh Lord, I Am Not Worthy," and "Oh What Could My Jesus Do More."

Immediately after the ceremony a wedding breakfast was served at the home of the bride's mother to the bride party and at noon a dinner for 45 relatives was given at the Marilyn Inn.

Following a short wedding trip in northern Michigan the couple will be at home at 678 West Middle street.

When she left on her wedding trip the bride wore a white with brown print suit and brown and white accessories. With this she wore a corsage of yellow carnations and blue cornflowers.

Warning Given on GI Insurance Deadline

This is the last month for veterans to reinstate GI Insurance without physical examination.

Veterans Administration officials issued this final warning today while revealing that nearly two thirds of Michigan's 600,000 veterans of World War II have dropped their National Service Life Insurance.

Guy F. Palmer, manager of the Detroit Regional VA office, recalled that a majority of veterans of World War I also dropped their insurance when that war ended, but added that as years passed a large percentage reinstated.

During this last month VA offices throughout the state are authorized to reinstate lapsed policies on payment of only two monthly premiums and a statement of prevailing good health. Physical examinations will be required after August 1.

Under the amended National Service Life Insurance Act, the veteran may name any person of his choice as his beneficiary.

Annual Meeting of School Electors Will Be Held July 14; Consolidation Report Due

The annual meeting of the school electors of the Chelsea Public School district will be held in the high school gymnasium at 8:00 p.m. on Monday, July 14. Items of business will be the approval of the treasurer's report, the adoption of a budget for the school year 1947-48, the election of two trustees and a discussion regarding school district reorganization.

Two trustees are to be elected for a three-year period. The terms of J. Vincent Burg, who has been a member of the board for 10 years and Dr. Louis J. Paul, who has been a member for five years, expire at this time. Both have announced that they are not seeking re-election.

A report on the question of school district reorganization will also be given. At the present time petitions are being circulated in the rural districts in addition to the Chelsea district to bring the matter of forming a Rural Agricultural District to a vote. In case such a district is formed a special election will be called to elect an entire board from the enlarged district.

Districts already having a majority of the electors' signatures on the trial petition and now circulating the legal petitions include the Collins Plains, McIntee, Pumping, College, Howe, Lyndon Center, Savage, Riemenschneider, Schenk, Sylvan Center, Merkle, Irwin, and Staphish districts.

After these legal petitions have been circulated they are turned over to the County School Commissioner, who determines whether or not a sufficient number of signatures are present to call for an election in the districts concerned.

The estimated budget for the new district would call for an 8-mill property tax for operational purposes.

Five of the rural schools would be continued in operation for the first seven grades for the pupils now enrolled in rural schools, and the pupils in grades 8 through 12 in the area would be transported by bus to the Chelsea school.

The steering committee appointed to formulate plans for the program consists of the following members: Earl Beeman, chairman; Henry Schneider, secretary; A. D. Mayer, E. W. Eaton, Harold Widmayer, Paul Pabodori, Lyman Walker, and James Johnson, and Russell McLaughlin.

The citizens of the Chelsea district are urged to attend the meeting on Monday evening, July 14.

Half Year License Plates Discontinued

A. D. Mayer, manager of the Chelsea branch office of the Michigan Department of State, has received notice that there will be no sale of half-year license plates for 1948.

According to the State Department the depression-created system of half-year license plates does not provide enough convenience to justify the cost to the state of implementing this system.

For all half-year plates, commercial, passenger, and otherwise, will be discontinued for the year 1948.

It is believed that this announcement will give ample time to trucking concerns and others to finance the cost of full year license plates for 1948.

The reduced fee for 1947 for vehicle license plates will become effective August 11, 1947.

Fish Bites Woman!

Willie Wells was coming home from Seward's Creek the other evening with a string of trout, when a store-looking lady (trifler at the Borwood Inn) stops him, and tells him a man his size could be better occupied than catching fish.

Willie tells her off real good-naturedly by saying: "Perhaps you're right, but if these fish had kept their mouths shut, they wouldn't be here." (At that, says Willie, laughing out loud, she looked just as if a fish had bit her!)

Blabbing mouths never cease

anything but trouble. Nobody who knew the facts would ever criticize Willie's right to go fishing on his one day off—any more than they'd deny his right to come home to a mellow glass of beer.

From where I sit, the slower we are to criticize—and the quicker we are to recognize another's tastes, the better we'll get along together—whether those tastes apply to beer or fishing.

The real low-down on the Midwest gasoline situation!

More motor cars and trucks are on the road in the Midwest today than in 1941 and the per car consumption of gasoline is higher.

Twice the volume of gasoline is being consumed by tractors on Midwest farms as in 1941.

The railroads have four times as many Diesel locomotive units today as they had in 1941. Diesels burn lots of fuel oil.

Additional hundreds of thousands of homes, old and new alike, are depending on fuel oil for clean, economical, efficient heat.

More planes arrive and depart from Midwest airfields. Every plane has a hungry maw that must be filled with high-octane gasoline.

It takes a lot of tank cars, pipe lines, and barges to bring crude oil to the refineries to produce the needed gasoline and oil.

Steps taken to increase supplies

Thousands of new wells have been drilled and are producing additional supplies of crude oil. Hundreds of miles of new pipe lines are in service. Our refineries are producing as never before—operating at new high levels.

Standard Oil's expansion program was blueprinted long before there was any break in the war clouds. It has been driving ahead ever since V-J Day.

Refinery projects already completed have added 13% to our crude-running capacity and other projects now under way, although behind schedule because of shortages of materials, will increase this figure to 27% by next spring.

Great progress has been made. But all this is not enough.

Why the Midwest feels the pinch

Last winter's heavy demand for heating oil caused Standard Oil to make large increases in fuel oil yields at the expense of gasoline. As the result of this and heavy gasoline demands this spring, Standard's available inventories of gasoline at refineries and terminals are 30% below a year ago.

Also, in the Midwest transportation is a serious bottleneck. At present there just aren't enough pipe lines and available tank cars to carry to the Midwest the extra load

of crude oil and finished products from distant producing and refining areas. Here again, projects which will help the situation, by next spring are under way.

How Standard Oil is handling the situation

In the interest of fair treatment of all our customers, we are putting into effect at once an allocation system for the distribution of our gasoline during June, July and August. Throughout these months the total amount to be supplied Standard Oil Agents and Dealers in the Midwest will be approximately equal to what they received in 1946 during the same period. Since gasoline sales are running millions of gallons ahead of last year's, Standard Oil Agents and Dealers, in turn, will be unable to meet an unlimited demand. This temporary allocation system is adopted for your protection.

We frankly do not know how long this situation will last. We are laying our plans on the belief that it will continue through August—perhaps longer.

We do not believe the situation is serious enough to justify the introduction of formal rationing.

How you may be affected by this situation

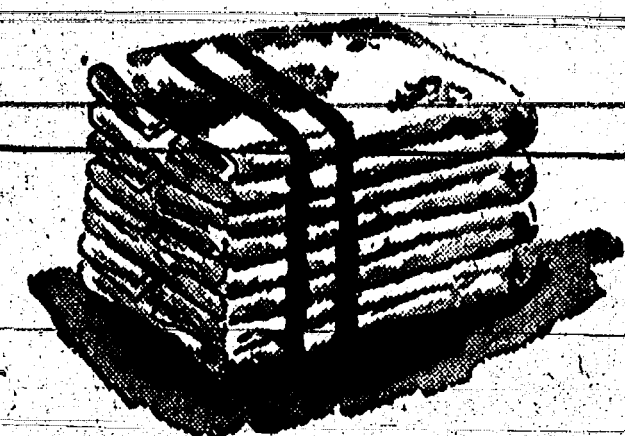

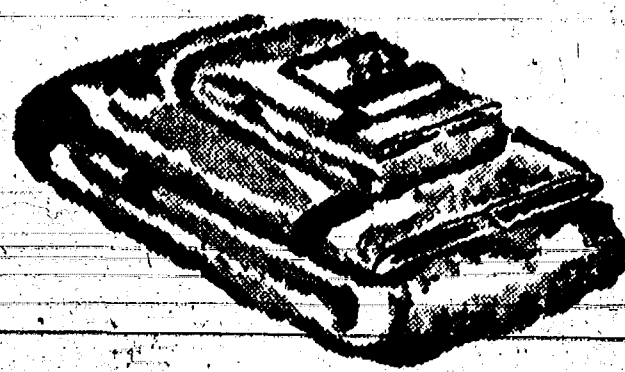

There may be times when your service station dealer will be out of gasoline temporarily. Even if you are not always able to buy all the gasoline you want, there should be no need for real hardship. Although this is vacation time—if folks will take it easy, will reduce unnecessary driving, and not drive at high speeds that consume a lot of gasoline—everybody should be able to stay on a fairly normal basis. Nobody needs to become panicky. Hoarding, which is dangerous, would only aggravate the situation.

Standard Oil Dealers are cooperating wholeheartedly in this temporary emergency, which there is every reason to believe will not be of too long duration.

We earnestly bespeak your cooperation with your favorite Standard Oil Dealer. Both he and we want to see you often—and for a long time to come.

THANK YOU!

In this way I would like to express my thanks and appreciation to my friends and relatives for the many nice things they did and for the cards, flowers and fruit sent to me while I was in the hospital and since my return home.

Looks that stay looked at

- and Ability to match

GIVE yourself five seconds, and you know that here's car styling as up to the minute as the time of day.

Spend a few fast minutes to see why — and you spot both smartness right from tomorrow's designing boards and everything that should go with it.

Measure the reach and spread of that Buick bonnet, brim-filled with Fireball power.

Sweep your glance over the broad beam that spells room, the stretch that means easy-riding wheelbase, the size that tells of enough roadweight to end jounce and jitter.

Here, you tell yourself, is something to see. Here are looks to hold the eye for seasons to come — and lively, durable ability to match:

TUCK AWAY PLENTY! Roomy luggage compartments hold plenty — and high-lifting lids make it easy to get at any place.

... Rich abundance of smooth, hushed Fireball horsepower from a straight-eight kept young and lively by Accurite cylinder finish.

... Tireless coil springing on all four wheels, leveling all roads to boulevard smoothness.

... Riding poise from two steadying tons of roadweight — ease of handling from balance to draw a ballet dancer's envy. Soft, roomy cushions seating three apiece — finish that's the very last word in richness and taste.

Yes, it takes no time at all to show that you and Buick belong together, should go together steady — so what's holding you back?

After all, we can't do much about getting one to you till you make your wishes plain. You do that simply by placing your order — which will get equal consideration whether or not you have a car to trade.
