

Rev. Grabowski Celebrates 25 Years' Service as Pastor of Chelsea St. Paul's Church

Anniversary Service at 10 a.m.; Dinner to Follow at Noon

Committees in charge of the celebration of the twenty-fifth anniversary of Rev. P. H. Grabowski's pastorate at St. Paul's Evangelical and Reformed church here in Chelsea announce that plans for the celebration, which is to be held Sunday, September 14, are now completed.

REV. P. H. GRABOWSKI

The anniversary church service will take place during the regular morning worship hour, beginning at 10:00 a.m. Speakers at this service will be Rev. Walter M. Grabowski of Quincy, Ill., a brother of the Chelsea pastor, and Rev. Arnold E. Klieck, D.D., of Columbus, Ohio, president of the Southwest Ohio Synod, and uncle of Mrs. P. H. Grabowski.

There were eight boys in the first class he confirmed here on Palm Sunday, 1923. They were Paul F. Seitz, Leon L. Beutler, Roland B. Widmayer, Frederick A. Young, Austin Faist and the late LeRoy and Norman Mayer, brothers.

He has married 186 couples; the first being John Schneider and Esther Page. The first funeral he officiated at was that of Christian Andrew Winter, the total number to date being 238.

Under his leadership the congregation remodeled and redecorated the church in 1936. At that time a new trammond organ was installed, as well as new carpeting and chairs.

In 1940 a church hall was built at the rear of the church. The hall has a fine modern kitchen and dining room in the basement, and an upstairs assembly room equipped with a folding wall section which can be closed to form one small and one larger meeting room, or folded back to make a large auditorium.

This year, at the parsonage, extensive improvements have been made, including a completely modernized kitchen, a full bathroom upstairs and the downstairs one made over into a small washroom. A new gas furnace was also installed.

At the time he took over the pastorate here, membership of the church numbered about 200. Sunday school enrollment was 112, including 10 teachers and four officers; the Ladies Aid Society had 82 members; the Auxiliary 46 members, and the Young People's League 48 members.

Grabowski has been pastor at St. Paul's church he has baptized 218 children and adults, the first one being Paul Schneider, son of Mr. and Mrs. Oscar Schneider.

The total number of young people and adults confirmed by him in the 25 years is 255. On Palm Sunday of this year a reunion of confirmands was held at the church here, which was attended by about 150 of the number.

Kiwanis Delegates Attend Convention Held in Lansing

Chelsea's Kiwanis club will be represented at the 1947 convention of the Michigan Kiwanis district to be held September 14 to 16 at Lansing.

According to present plans Rev. W. H. Skentelbury, Dr. P. Sharard, Paul F. Niehaus and H. T. Moore, president, vice-president, secretary, and treasurer, respectively, of the local club, will attend as delegates to the convention.

The three-day meeting will feature addresses by Dr. Norman Vincent Peale, pastor of New York's Marble Collegiate church; Rev. Philip E. Auer, Gallion, O., past Kiwanis International vice-president; and Donald T. Forsythe, Carthage, Ill., member of the board of trustees of Kiwanis International.

Chelsea Rod & Gun Club Plan Jamboree; 1st Since End of War

Tuesday night saw the main hall of the Christmas Seal Camp at North Lake filled with members of the Junior Conservation Club, the Chelsea Rod & Gun Club and their guests.

Several new members were taken into the club, a rather lengthy business meeting was held and the remainder of the evening was devoted to entertainment including moving pictures, in color, shown by Mr. Boyer of the Conservation Department, and refreshments.

A very full fall program is planned by the club—some of the highlights are as follows: Seven members are taking part in the bear hunt held in Missaukee county. These men are part of a

trucky 100 drawn out of more than 4,000 names of hopeful hunters. Plans were made for the annual series of trap shoots to be held north of the Chelsea implement on M-92, between the old pavement and the new. Dates will be announced through the Standard liner columns.

Volunteers from both the Senior club and the Junior club are turning out on the 28th for the purpose of posting the large game reserve located north of Chelsea, consisting of over eight square miles of game cover, that the club has leased over the past three-year period, for strictly game promotion. It has been closed to hunting and the game has been fed through the winter by members of both Senior and Junior clubs.

Reports of an increase of game by members has led to the extension and further development of this program for another year. It was also decided to hold a benefit with three prizes consisting of a Winchester 30-30 deer rifle, a wool hunting coat and a sheepskin gun case, which are now on display in the window of Merkel Bros. Hardware.

And to top off the months activities, a real full fledged, old time, Chelsea Rod & Gun Club Jamboree is scheduled for Wednesday night, September 24. This Jamboree will start off with a trap shoot at 4:30, with prizes for high score and continue on through the evening with a full of fantastic amounts of golden-brown country style fried chicken served on table tops in bushel baskets—(no holds barred), music and entertainment of all kinds.

Local Men in Group Chosen for Bear Hunt

Only Seven of Those Selected Able to Take Part in Event

Of the twelve Chelsea hunters, who were among the 150 selected by lot from an exceptionally large number of applicants throughout the state, only seven are going to be able to take part in the second annual bear hunt sponsored by the MUCC in the Deadstream area of Missaukee county, from September 15 to 20. The others are unable to go at this time because of other obligations.

The seven who are planning to be on hand when the hunt begins are Frederick Belsler, James Park, Roland Spaulding, Harold Spaulding, Claude Isham, Wilfred Lane and Bob Wals.

Those from Chelsea whose names were also drawn at the official MUCC lottery at Grand Rapids, but who are not going, are Julius Strietzer, Norbert Merkel, Leon Chapman, Bill Worden and Alton Gieske.

Game division men who have been observing where bears are likely to be found at this time and thus save time otherwise lost locating the quarry, state that the bears will probably be in the uplands where they feed on wild cherries at this time of the year.

Tennessee hounds are used in the hunt, and Missaukee county hunters serve as guides. Each hunter will also be given a detailed map of the area and, in addition, conservation department cars will keep in touch with the different groups by radio, as was done last year.

The Chelsea men are looking forward to their trip and are expecting to have a very enjoyable time.

New Law Compels Pupils to Attend School Until Sixteen

A new law in Michigan, effective this school year, provides that all boys and girls in our state, regardless of their place of residence, must attend school until at least their 16th birthday.

In the past boys and girls of our state were compelled to attend school until they reached their 16th birthday unless they had completed the highest grade in their district or were transported to a high school at the district expense. The new law will eliminate almost completely the problem of boys and girls dropping out of school after completing the eighth grade.

The law also provides that the parents are responsible for the enforcement of this law.

Twenty-Five Years as Priest Observed by Dexter Pastor

Father Charles T. Walsh of Dexter, who has been pastor at St. Joseph Catholic church there for the past thirteen years and who has completed twenty-five years in the priesthood since his ordination on September 10, 1922, was honored this week, not only by his own parishioners, but by people of the entire community, at a celebration which included a banquet on Tuesday evening in the auditorium of St. Joseph's school, and a Silver Jubilee High Mass in St. Joseph church Wednesday morning at 10 o'clock.

Present at the church for the Jubilee Mass were priests from parishes all over the state, numbering well over one hundred.

Father Charles E. Coughlin, pastor of the Shrine of the Little Flower at Royal Oak, served as toastmaster at the banquet, and Father Edward J. McCormack of St. Stephen's church at Port Huron was the main speaker. Father Lee Laige of Chelsea and Father Bernard P. Hoey of Hudson, took part in the evening's program and Dr. A. G. Wall, president of the Village of Dexter, gave a talk.

Protestant ministers from the other churches in Dexter, with their wives, were honor guests at the banquet and extended best wishes on behalf of the congregations they represented.

Father Walsh came to Dexter from Port Huron where he had been pastor at St. Stephen's church for nine years. He conducted his first Mass, after he was ordained, at Akron, Ohio, and served as assistant pastor at St. Ambrose church in Detroit for 15 months and, in the same capacity at St. Michael's in Flint, for two years before coming to Port Huron.

His Dexter parishioners give him all the credit for the fact that, under his leadership, their parish has become debt-free and, in addition, has accumulated a \$25,000 reserve fund with which they plan to build a convent at some future date.

Dexter Catholics are proud that it has been said that since Father Walsh has been their pastor their parish has become one of the finest village parishes in the country.

Civic Award Given Albert C. Johnson by Chelsea Eagle Aerie

By "Tom" Tucci A civic service award for outstanding community service was presented to Albert C. Johnson, superintendent of schools, by Chelsea Aerie, Fraternal Order of Eagles, last week, at the Aerie home.

The award is given each month by the Aerie to a citizen of Chelsea for noteworthy civic advancement. Mr. Johnson was chosen for the August award for outstanding work among the Junior Element, the F.P.A., Boy Scouts, and Junior Conservation Work.

The presentation of the award, a civic service certificate, was made by George Lawrence, Aerie President. Mr. Lawrence said: "Unselfish community service is one of the highest expressions of good citizenship."

Aerie officers will select the recipient for the September award soon. Mr. Lawrence announced, membership in the Eagles is not requisite for the honor. The award will be given solely on the basis of outstanding community service for a particular month.

At the meeting the Eagles also discussed plans of moving into their new home in the near future.

'Moms' Donation Starts Projector Fund for VFW Aux.

When Chelsea Unit No. 40, Moms of America, disbanded about two years ago, Mrs. Henry Werner, the treasurer, was left in charge of a balance of \$7.50 in the treasury. A short time ago, she contacted a number of the former members of the organization to discuss what disposition should be made of the money. Several plans were suggested, but the one finally adopted was the one proposed by Mrs. Werner, herself, which was to start a fund with which to purchase a projector for a "reading-on-the-ceiling" outfit for the use of bedridden veterans.

Mrs. Werner's husband, who has been confined to bed since last December following a stroke, has had the use of one of these projectors through the courtesy of the Argus Recreation club, and Mrs. Werner was so impressed with the amount of enjoyment it afforded him that she felt if a fund could be started for the purchase of one it would be a very fitting use for this money that had belonged to the "Moms."

As a great many of the former "Moms" club members are now members of the VFW Auxiliary, it was suggested that the matter be brought before the Auxiliary members at their meeting on Monday evening. This was done, with the result that the Auxiliary accepted the donation and voted to have it used as the first donation toward a "Projector" fund sponsored by their organization.

Chelsea Drops First Brighton, Sunday Brighton got off to a head start in the best two out of three game title series in the Tri-County baseball playoffs, Sunday, at Brighton, defeating Chelsea, the Eastern division winner, 6 to 5 in 11 innings.

Brighton, winners of the Western division crown, slid into first place on a forfeit from the Ann Arbor American Legion Seniors last Saturday.

Sunday's game turned out to be a pitching duel between Bill McCannahan of Chelsea and Hank Green of Brighton. The winning run was scored in the 11th inning when a hit batsman, a walk and an error permitted Brighton to score.

Wilbur Beeman paced the Chelsea team with a triple, double and a single while Bob Adams contributed three of Chelsea's hits with including two doubles. Bob Davis, Brighton lead-off man, had a double and two singles.

The two teams will meet again next Sunday in a 2:30 game at the Athletic Field in Chelsea. At this time, Mr. Jamison, president of the Eastern division of the league this year, will present a golden cup to the Chelsea team for winning the Eastern division championship.

Form of Ballot for School Election

Form of ballot to be used at the first election for the purpose of electing trustees in a rural agricultural school district organized under Chapter 5, Part 1, School Code.

Meeting To Be Held in Gymnasium; Five Candidates Named

Election of a Board of Education of five members for the newly-formed Chelsea Rural Agricultural School district will be held in the Chelsea High School gymnasium at 8:00 p.m. tomorrow, Friday, September 12.

Electors will be asked to name one trustee for a one-year term, two trustees for two-year terms, and two trustees for three-year terms. The meeting will be conducted under the supervision of Julius W. Haab, county superintendent of schools. Voting will be by ballot.

Form of the ballot to be used in the election is reproduced elsewhere on this page.

As of Wednesday morning the only persons known to be openly seeking election, are the five whose names have been proposed by the Steering Committee as nominees for positions on the school board. All five of these persons have indicated their willingness to accept the nominations by announcing their candidacy on another page of this issue of The Standard. These candidates are: E. W. Eaton, president of the Chelsea School Board; Russell A. McLaughlin, secretary of the Chelsea School Board; Harold Widmayer, president of Schenk School Board; Earl Beeman, Director of McIntee district; and Mrs. Florence A. Mayer, treasurer of the Chelsea School Board.

The candidates listed above were selected by a large group of representatives and officers of the 12 rural districts merging with the Chelsea school system, and by members of the Steering Committee which did most of the planning and organizing, prior to the special election at which the consolidation was approved, Thursday, August 28, by a majority vote of 508 "yes" to 399 "no."

Because of the unusual amount of confusion and misunderstanding prior to, and following the special election, a brief resume of some of the steps taken in placing the matter before the people may be welcomed.

For some years, the Chelsea School Board has recognized that no real solution of the educational problems of Chelsea and the surrounding area was possible, except by reorganization into a single district. Many of the problems which arose concerned all of the children in all of the districts, and should be solved by all of the people and not by the residents of Chelsea alone, simply because the child might be attending the Chelsea School as a non-resident pupil.

While Chelsea was studying the matter, from time to time, rural school board members were called in for consultation.

In a large meeting, to which the public was invited, held in June of this year, a committee called the Steering Committee was appointed. This committee has held weekly, as well as special meetings, and any person from any of the districts has been welcome at all meetings. Many persons other than the committee members have attended, have voted with, and advised the committee. Practically all actions taken by the committee were taken with the unanimous approval of all persons in attendance.

Informative meetings were held in the various districts concerned, with general invitations given to all electors in those districts to attend. All meetings were well attended.

As a result of this work, representatives in each of the districts (Continued on page ten)

Michigan Having It's Share of Forest Fires

Lansing—In spite of the big fire near Posing, Michigan state park, the state's loss to date—14,368 acres burned over in 1,164 fires—is less than it was on the same date a year ago. But already it exceeds the damage in 1941 and equals that of 1942—a pair of record low-loss seasons. With abundant forest fire ground fuel provided by dead vegetation and peak use of the woods in prospect in hunting season, conservation department forest fire fighters expect little relaxation of their watches and patrols until snow flies.

They passed the Thousand Islands while driving along the St. Lawrence River to Prescott, Ontario. They then went north to Ottawa, Canada's capital, visiting the Parliament Buildings and the beautiful parkways about them. They followed the Ottawa River to Quebec, visiting her grandfather's birthplace. The road to Montreal was very scenic, with mountains and rivers. At Montreal they visited the St. Joseph's Oratory, one of the most famous shrines in the world. They also visited a museum depicting "Life in the Catacombs," and other points of interest. Later the family visited in Chicago and went further north to visit the family of Mr. Alpervitz. Peg Schaible is still bubbling about her trip. On early Sunday morning the Schaibles drove away towards a vacation in the East. Two days later they were in "the largest city in the world." They planted themselves there for six days, seeing all the sights. In one more day, they found themselves in Washington, where they climbed the Washington Monument and the capitol and saw everything worth seeing. After tiring themselves out, they started their journey home. Mrs. Hale, first grade teacher, spent a very enjoyable summer. She visited relatives in Ohio, and then remained home the rest of the summer, during which time the family worked at remodeling the new home. Jane Kompass, second grade teacher from Niles, Mich., spent the summer as a governess for three small cousins. She acted also as a swimming instructor.

JUNIOR RED CROSS

This summer, Audrey Lake, our Junior Red Cross representative, attended a J.R.C. convention and learned several things, picked up some ideas on the work which she hopes to put into practice. She is eager to start a Junior Red Cross Council, to be made up of student representatives, one from each home room. This body would elect its own officers. Some of the goals already set are the making of more support for J.R.C. through the council—the making of toys for hospitalized children, and the sponsoring of some high school recreation. Miss Eleanor Seales is faculty sponsor.

SUMMER VACATIONS

David Slane went to Interlochen, attending the National Music Camp as representative of the Chelsea High School Chorus. Interlochen is a summer music school. It combines business and pleasure. A typical day consisted of esthetic, cabin cleaning, basic musicianship, chorus rehearsal, lights out at 10 p.m. Of course, there are meals and free periods, too. Evenings, there are operettas and band and orchestra concerts, put on by the eight-week students. The National and All-State choruses combined and broadcast each Friday evening over the networks. David was classified as a first tenor, and will also attend the

Later she attended the Mayo Clinic at Rochester, Minn. While there, she decided to kill two birds with one stone, so to speak, and went sightseeing in Minneapolis and St. Paul. Returning to Michigan, she attended the United Profession Work Shop at Kalamazoo. There she had the opportunity of being editor of the publication which summarized proceedings. After a fortnight at Sault Ste. Marie, she came back to Chelsea to "rest" from her vacation.

Memorial Erected to Lumberjacks Near East Tawas

(EDITOR'S NOTE: This is the fourth in a series of stories about historical spots and monuments in Michigan, based on information from the Michigan Historical Collections at the University of Michigan.)

Ann Arbor—The rough-and-tumble lumberjacks who helped write a well known chapter in Michigan's history are remembered by the Lumberman's Memorial at the end of the Thompson Trail, just 15 miles north of East Tawas.

Dedicated to the men who cruised the lands, set up logging camps, cut the trees, bossed the drives and ran the sawmills, the monument was the inspiration of one of the state's leading lumbermen, according to the Michigan Historical Collections at the University of Michigan.

He was William B. Mershon, born

in 1856 in Saginaw. He saw the rise and fall of the state's lumbering industry which reached its peak between 1870 and 1890. Mershon got the idea for a memorial in 1928, but it wasn't until July 16, 1932, that it was dedicated.

Three figures make up the bronze memorial in the Huron National Forest on the banks of the Au Sable river. The middle figure represents a timber cruiser who walked through the wooded land about to be cut, estimating the amount and kinds of lumber that could be secured. At the left is the figure of a lumberjack with a double-bitted axe and at the right is one with a saw over his shoulders.

The Michigan Historical Collections have letters and other information showing that Mershon's plan for the memorial was enthusiastically received in 1928. At that time, over \$30,000 was subscribed by widows and descendants of the pioneer lumbermen and other interested persons.

But as time went on the \$50,000 goal which had been set to pay for

the memorial loomed larger and larger. The stock market crash meant many persons never were able to fulfill their pledges.

Thus it was that a status to commemorate the men of a previous boom era almost never came to be because of the passing of another very prosperous time and the resulting depression. But Mershon and the memorial committee went at their work harder than ever and gradually the goal was reached.

Impatience of the businessmen who wanted the memorial completed as rapidly as possible clashed with the artistic temperament of the sculptor, Robert Atken, of New York. This produced a somewhat one-sided correspondence with innumerable letters to New York and an occasional reply from the sculptor.

But the memorial finally was finished and dedicated on Saturday, July 16, 1932. At the dedication, the memorial was turned over to the United States Department of Agriculture, since it is located in a national forest.

Among dairy product prices, butter and cheese have been going up. In the second half of 1947, dairy farmers probably will get somewhat lower prices than after decontrol in late 1946.

Quarantine on Dogs Imposed in County Because of Rabies

Beginning Wednesday, August 27 a rabies quarantine went into effect in Washtenaw county, and all dogs found running loose will be shot by members of the Sheriff's department, according to Dr. Otto K. Engelke, Director of the Washtenaw county Health department.

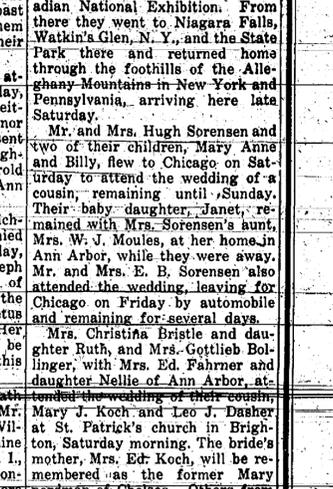

The quarantine was necessary because of the increase in number of rabid dogs found in the county. At present at least 12 persons bitten by rabid dogs are under treatment at the Pasteur Institute, University of Michigan.

Dr. Engelke warns that if a person is bitten by a dog, the dog should not be killed, but should be caught and observed for at least ten days. If the dog dies within this ten-day period, the person bitten should be treated immediately. When rabies are left untreated in man, death is almost certain to result.

There are two types of rabies, one in which the usual "mad dog" symptoms appear, such as irritability, excitement, and at the height of the irritable stage will become vicious and violent. The other, the "dumb" type, the dog will sulk and may become more affectionate than usual and may refuse food and run away and hide. Food and drink are untrouced because of paralysis of the jaws.

The quarantine will end October 10. Posters will be displayed in prominent places by the State department of Animal Husbandry, giving notice of the quarantine.

He has two sisters, Mrs. Henry Heimkamp of Pontiac, and Miss Margaret Grabowski of Saginaw, and five brothers, Adolph, Ernest, and Otto of Saginaw, Hans, of Lansing, and Rev. Dorothy Kraft of St. Louis, and she and Reverend Grabowski were married in St. Louis, November 3, 1920. They celebrated their Silver Anniversary in 1945.

Saline—An event of more than county-wide interest will be the showing of 27 fat steers at the Saline Community Fair, October 2-4, and the auction sale which will take place on the last day of the fair. The steers are the property of members of the Community Steer Feeding Club, organized here last fall and sponsored by local business men. The boys and girls of the club have some very promising animals and their show will without doubt be the finest presentation of finished steers shown in the county this year.—The Saline Observer.

Mich. Bell Tel. Files
Petition Asking for
General Rate Hike

Lansing—The Michigan Bell Telephone company last week filed its petition for a \$10,400,000 annual increase in rates before the Public Service commission here.
The commission did not immediately set a date for the start of public hearings on the petition, but is expected to do so soon in order that proceedings be initiated within 20 days, as required by law.
Thomas N. Lacy, president of Michigan Bell, signed the petition, which cited the increased costs of wages, taxes, and supplies as the reasons for his company's need of rate relief.
In addition to a boost in local and intrastate charges, the company proposed to introduce "extended-area service" in most of the exchanges throughout its territory.
With extended-area service, telephone users could call nearby exchanges with the same community of interest without paying a toll charge. Lacy said this provision of the petition was included in recognition of the growing trend of inter-movement between suburban, residential areas and large employment, shopping, and recreation centers.
The petition proposed to correct rate inequities between communities of comparable development by use of a standard rate schedule divided into groups according to the number of main-station telephones (exclusive of extensions) in an exchange's calling area.
Proposed changes in the intrastate long-distance rates, Lacy said, would keep the increase for local exchange service at a lower level than otherwise would be possible.
The last general rate adjustment, a decrease, was made in 1937. Michigan Bell claims "those rates won't work today." While telephone rates have either remained the same or, in some instances, been decreased further, the cost of everything else—wages, taxes, and supplies—has gone up.

STYLED RIGHT
for what's ahead

CONSIDER, for a moment, just what is ahead when you put your name down for one of these Buicks.
There are weeks and months and years of fun in the step-lively lift of the big Fireball straight-eight that purrs beneath this bonnet.
There's smooth and level going wherever your paths may lead, over boulevards level as a ballroom floor or bad roads tamed by your easy-going coil springs — on all four wheels.
There's plenty of good company in a car big enough to take the crowd, and to give elbow room for six on its soft, deep, three-person seats.
There's long life and durability in a stout chassis and rugged underpinning built big and brawny — there's light handling for the lady of the household and there's enough size to satisfy the most masterful masculinity.
There's fun and satisfaction and pride from the moment one's yours through many a long year; now see how the looks of this beauty fit with all that.
Plainly, no car on the roads today so clearly bears the mark of tomorrow in its styling.
Plainly, no other car is so enduringly smart in the sleekness of its lines, the sweep of its follow-through fenders, the broad-beamed, meant-for-business garb this one wears so proudly.
Whatever the future brings, there's no surer way to be certain you'll be traveling in the newest of the new than to put your money on Buick.
Do that — and you make sure of your future. All that's required is a firm order placed now, with or without a car to trade.

World War II Medals Are Now Available at Recruiting Stations

Army veterans of World War II will be able to receive World War II Victory medals and American Defense medals at their nearest Army Recruiting station, according to an announcement made by Col. Walter C. Cole, head of Michigan Recruiting District.

Recruiting stations in Detroit, Ann Arbor, Battle Creek, Bay City, Benton Harbor, Cheboygan, Flint, Grand Rapids, Jackson, Kalamazoo, Lansing, Monroe, Muskegon, Pontiac, Port Huron, Saginaw and Traverse City will distribute the medals to honorably discharged Army veterans.

Veterans are advised that they can apply either in person or by letter. The applicant, when applying in person, should present his original discharge certificate, or the certificate in lieu of lost or destroyed discharge certificate; if neither of these records is available, the separation record known as Form 100, or any other War Department authenticated statement of service may be used.

Ex-Army personnel, and the next of kin of ex-Army personnel who have died since their discharge from the service, may make application for these medals by mail to the nearest Army Recruiting Station. The letters should include one of the above required records.

Colonel Cole also announced that a number of national veterans organizations are making distribution of the medals; and that members of the Navy, Marine, or Coast Guard should apply to their appropriate agency.

VETERANS NEWS

From the OFFICE OF VETERANS' AFFAIRS LANSING

G. I. Students Eligible for Subsistence Loans

Veterans attending Michigan colleges this fall who are faced with a sixty-day delay in obtaining federal subsistence checks from the Veterans Administration, may obtain a Student Subsistence Loan from the State Office of Veterans' Affairs, Lansing.

These loans are made solely for the purpose of providing the veteran with subsistence during the period between his enrollment and the date of the receipt of his first federal subsistence check.

Eligibility for such loans is confined to veterans, who, at the time of induction, were bona fide residents of this state and who are now engaged in a course of instruction at a school located in the state of Michigan.

The amount of the loan will not exceed \$65.00 for a single veteran, or \$90.00 for a married veteran. Student Subsistence Loans should be initiated and cleared through the veterans' counselor at the school. In cases where the school does not have this service, the veteran should make application for the loan at the nearest community counseling center, or write to the State Office of Veterans' Affairs, 411 West Michigan, Lansing.

Microwave Properties
Microwaves recently were discovered to have properties similar to those of light waves and infra-red rays. They can be focused for signaling purposes on a distant receiving station, much as light waves are focused by a searchlight. For short distances, they are sometimes guided through hollow metal tubes.

Sensitive Feet
At least one man has died from a typographical error. Carlo Alessandro Guidi, Italian lyric poet, was on his way to present a poem to Pope Clement XI when he found a serious typographical error. The poet took it so much to heart that he was seized with an apoplectic fit and died.

HARRY LANG had come prepared to spend fifty dollars for the vase. He sat nervously watching the auctioneer, the people, and the door and prayed that Marjory Higgins (that horrid splinter who seldom missed an auction, and always outbid him for his treasures) had broken a leg or something so she couldn't appear this time when the Majolica vase was to be put up on the block.

THE crowd was awfully restless. Interest was on the wane. Harry took a plunge. "Forty," he finally said. Now the vase was practically in his lap, but the auctioneer held on. "Forty-forty—is all I am offered—who'll make it fifty?" "Fifty," called a clear voice near the door.

Method of Harvesting Bean Crop Should Be Decided upon Now
The 1947 field bean crop has been going through trying conditions throughout the entire season, but the answer to whether there will be a good, fair, or poor harvest will come shortly.

Progress Noted in State Testing of Cattle for Bang's Disease
Interest in testing livestock for Bang's disease is increasing in the state, as manifested by the number of delegations visiting the Department of Agriculture requesting county-wide tests in their respective counties. A delegation from Mecosta county visited the State Department of Agriculture just recently.

Jelly Will Set if You Use Correct Mixture
To make fruit jelly which sets successfully you must have three ingredients in the right proportion—pectin, acid, and sugar.

Burrs in Pastures May Cut Quality of Wool
The quality of the 1948 wool crop will depend on how careful farmers are in handling their sheep during the entire year, points out Graydon Blank, extension animal husbandry specialist at Michigan State college.

Here's Bright Salad For Dreary Days
A bright salad for dreary days is this combination of crisp apples and crunchy peanuts, writes Marjorie Griffin, Rural Home editor of "nationally-circulated Capper's Farmer."
"The family will enjoy helping themselves to the vitamin-packed treat served from a large bowl," she tells homemakers. "Or use individual salads for a pleasant change. For an appetizing touch garnish with peanuts and unpeeled slices of apples."

Home Comfort
Dining-room chairs appear in slip covers at the kitchen breakfast bar. Mr. and Mrs. Harold Ford designed for their farm home in Pottawatomie county, Iowa, Betty Lindsay points out in "nationally-circulated Capper's Farmer. These red waterproof plastic-coated fabric ones match leather-seat upholstery.
Comfort and convenience-promoting ideas abound in the Ford home. In each of the 10 years Mr. and Mrs. Ford have been married, they have made some improvements which will make farm work easier and the home more comfortable.
A busy homemaker who tends a large garden, prepares an abundance of food for freezing and canning, and raises a large flock of chickens, Mrs. Ford manages to be a 4-H club leader, hold an office in the women's home project board and in a church society. Extra moments must be allotted for her flower garden, home improvement and personal care.

acid and others have the acid but not the pectin.
Sometimes you can combine fruits to get the right proportions of pectin and acid. These combinations result in different flavor and color blends. Try currants or gooseberries with raspberries, tart apple with plum or quince; or quince with cranberry. Or you can use commercial pectins. Lemon juice will increase the acid.
Make small amounts of jelly at a time. Use 6 quarts of berries or 8 pounds of other fruits. Two pounds of fruit will yield about a pint of juice and with an equal amount of sugar will make about a pint and a half of jelly.
