

By Gene Allman

Wake up, mister, it's time to get up! The hour is 8:30 a.m.

First, get the sand out of your eyes and start a quick fire under the boiler. The boiler generates steam, and steam pasteurizes milk so it will be safe for public use.

Next, plug in two milking machines. Into your spick and span white parlor—and such is its name—come 40 placid, temperamental, valuable and much pampered cows, four at a time, for their regular morning "giving" of milk. You don't milk the cows; the cows let down their milk. If a stranger is in the parlor, the cows won't enter. Feminine temperament, they say.

At the rate of about 20 cows an hour, you're through the first two milking bees during your workday. And then, of course, thrown in for good measure to keep you awake, are such miscellaneous chores as getting feed to the managers in the pen or loafing barn, bedding down the barn for the feeding the heifers and a couple hundred chickens, and other odds and ends until it's milking time again at 4 p.m.

Such is the daily routine of Earl Parks, husky and energetic, one of four men employed by Ernest W. Reus, who owns and operates the Rosemont dairy farm at Caledonia, Caladonia is 17 miles south-east of Grand Rapids in Kent county.

Mr. Reus, one of Michigan's outstanding dairy farmers, is president of the Michigan Guernsey Breeders' Association. He began farming in 1918, nearly 30 years ago. He started the Rosemont dairy farm in 1921, added a second farm in 1927 and a third farm in 1946, making 360 acres in all. He sells his own bottled milk in his own store in Grand Rapids—80,000 gallons a year!

All this we learned a few days ago when we pulled our 19-foot house-trailer into the farm yard adjoining the Rosemont farm. We spent part of a day and two nights there. We learned much about life on a Michigan dairy farm and some of its problems.

Michigan's dairy industry, seventh among all states—grossed \$207 millions last year. That is aside from the investment of cows and buildings and land. More so than the average Mid-West state, Michigan has made rapid gains in dairying. Rosemont at Caledonia is a symbol of this growth.

"The cows keep us. We don't keep the cows," said Mr. Reus, whose German name is pronounced "Rees." "There's nothing very fancy here at Rosemont. We do produce high quality milk on an economical basis. Our pen barn enables the cows to run loose. Feed to the managers comes by gravity from the barn loft. And so does the bedding, tons and tons of it."

"This straw becomes valuable fertilizer. A manure loader spreads it upon the fields where it helps to maintain soil fertility and to produce better yields of crops. See that tall corn over there? The result of lots of manure." The cows help the soil to produce more. As I said, the cows keep us. We don't keep them."

When you take a glass of pasteurized milk in your hand, think of Earl Parks. Getting up at 8:30 a.m. is no picnic, especially on cold winter mornings.

It reminds us of the story they tell about the Danish farmer who told a visitor that he drank 18 to 20 cups of coffee each day. "Good heavens, man!" exclaimed the visitor. "Doesn't that much coffee keep you awake?" The farmer nodded in agreement and replied: "Yes, it helps."

If every Michigan farmer drank 18 to 20 cups of coffee a day, it wouldn't surprise us one bit. They invest in long hours at work. They put in hard-earned dollars in livestock and buildings. They well earn the relative small sum which the consumer, pay for a quart of milk—nature's perfect food.

Commission States
Funds Inadequate

Kenneth Hallenbeck, chairman of the Washtenaw county road commission, was the speaker at the Kiwanis club meeting, Monday evening. He gave a thought-provoking outline of the road situation in Michigan, which he said was "very grave." He said that something must surely be done soon about providing more funds for the work of maintenance as well as for new work, or all roads in the state will become steadily worse.

He mentioned the mistaken idea some taxpayers on real estate have who think revenue for roads is included in their taxes. This property road tax was eliminated in 1927, he said, and the revenue from the gas and weight tax with the addition of a small amount of the liquor tax is not adequate for the maintenance of good roads, especially since the price of all equipment and material used has become so much higher in cost. He mentioned that the seasonal cost of new highway work costs \$1000 a mile and lasts only two or three years, making the yearly average cost per mile, \$333.

He said road men were doing everything in their power to maintain roads but are not able to do what should be done because of lack of funds.

Committees in charge of the Kiwanis Amateur Show to be held in the High school gymnasium, Nov. 7 and 8, are reminding would-be contestants to get their applications in to Paul F. Niehaus, the chairman in charge of tryouts, as soon as possible. Tryouts are scheduled to be held at the Municipal building Oct. 20 and 22. An entry blank is printed in the Standard this week and anyone interested is asked to clip it and fill it out and mail it to Mr. Niehaus.

Forms as well as complete rules for the contest may be obtained at the Wurstler-Poster store, Schatz Cigar store and Burg's Drug store.

Prizes in the contest include a \$100 War Bond, a \$50 War Bond and a \$25 War Bond and winners will be selected according to the applause they receive as recorded on an applause meter.

It was announced that next Monday's Kiwanis meeting will take place at the Municipal building.

Mrs. Skentelbury
Appears as Guest
at St. Paul's Guild

Mrs. W. H. Skentelbury was a guest of the Women's Guild of St. Paul's church at the regular meeting held in the church hall last Friday. She also displayed a number of souvenirs she had brought home with her, among which was a necklace of fish teeth, bought from a small boy who had worn it as his only item of apparel.

The devotional service which opened the meeting was in charge of Mrs. Wilbur Hinderer, and was followed by a reading, "Ventures in Service," by Mrs. Harold Widmayer, who also read excerpts from a letter she had received from a pastor in Hungary, requesting aid for needy children there. Mrs. P. G. Schaible, in connection with this, mentioned the Evangelical and Reformed Women's Guild project of providing boxes of clothing and school supplies for needy children in all the European countries, and it was noted that the local Guild sends boxes to both places. The missionary chairman, Mrs. P. F. Seitz, and Christian Citizenship chairman, Mrs. Julius Eisele, are to be in charge of the project and donations for the boxes, which may also include food, for separate food packages are to be at the church hall by next Sunday, October 12.

Mrs. Schaible gave a short report of the Women's Guild-Summer conference at Heidelberg, Ohio, which she attended as a delegate of the Ann Arbor Regional Guild, and also reported on the Fall meeting of the Ann Arbor Regional Guild which was held at Jackson last week. Mrs. Otto Lucht added a short report on the latter meeting, and announced the workers conference which is to be held October 26 at St. John's church in Jackson, and urged that the women of the local Guild plan to attend.

Lunch was served at the close of the meeting at a long table in the basement dining room by the month's refreshment committee, Mrs. Mary Faust, Mrs. Howard Flintoft and Miss Cora Feldkamp. About forty-five members and guests of the Guild were present at the meeting.

The annual outing of the primary department children of the Congregational Sunday school was held Saturday afternoon at the Spaulding farm on Walruson Road, where the gathering has been held for a number of years. About 60 children were present having been accompanied by several of the mothers as well as the Sunday school teachers.

Moving pictures were taken as the children enjoyed hay-rides, horseback riding and romping in the hay mow.

CONCLUDING A SUCCESSFUL FUNDS CAMPAIGN on behalf of the Sister Kenny Foundation for treatment of Infantile Paralysis, George Doe as chairman of the local committee, is shown here presenting a check for \$886.01, the total amount contributed, to H. G. Rossman of Detroit, field representative for the Michigan Foundation. Members of the committee shown above from left to right are: Janet Hutzel, Alfred D. Mayer, H. D. Rossman, Paul F. Niehaus, George Doe, Walter Harper, President of the Chamber of Commerce which sponsored the drive, Village President M. W. McClure and Carl J. Mayer.

Local Committee
Turns Over \$886
for Sister Kenny

Closing a highly successful campaign, the local committee in charge of the Sister Kenny Fund drive, last Saturday presented a check for \$886.01 to the Foundation field representative, H. G. Rossman of Detroit.

George Doe, acting chairman of the local committee, reports that out of the total amount about \$30 was contributed in envelopes distributed by the Weinberg Dairy on their milk routes.

On Monday, Sept. 22, the opening day of the campaign, a committee made up of volunteer workers from the VFW Auxiliary, distributed canisters which were prominently displayed in places of business throughout the village.

The same committee spent considerable time again on Saturday, Sept. 27, in collection of the canisters and contributions.

Tag Day volunteer workers on Saturday, Sept. 27, did a fine job. These persons who gave so generously of their time and efforts were Bernice Schneider, Catherine Dorer, Dorothy Lentz, Anna Werner, Magdalen Weber, Loretta Doll and Mary Kniss.

Upon accepting the check on behalf of the Michigan Foundation, Mr. Rossman urged anyone who might be stricken with polio to notify the Detroit clinic immediately, as the Kenny method of treatment is many times more successful if the treatment can be started within 24 hours after the victim has been stricken.

For their generous contributions George Doe, on behalf of the local committee and of the Michigan Foundation, wishes to thank everyone for his or her cooperation—the VFW committee, Tag Day volunteers, the Weinberg Dairy, and the business men of Chelsea who responded so well when they were solicited.

According to Mr. Rossman the amount raised here is considerably greater than that raised in any city of comparable size which has thus far conducted a campaign. He was so well pleased that he intends to use Chelsea as an example in state-wide publicity.

Dexter-Chelsea Y.F.C.
Holds First Meeting
at Municipal Building

On Saturday evening, Oct. 4, the Dexter-Chelsea Youth For Christ held its first program in the Chelsea Municipal building with the Rev. Evan Welsh of Wheaton, Ill., as its very excellent speaker. Special features of the evening were saxophone solos given by Don Waite of Ann Arbor, and a vocal solo by Patricia McGuarty, a U. of M. student, who thrilled her listeners with her lovely voice and personality. Mary Atchison, also a U. of M. student, presided at the piano and played for the group singing, accompanied the soloists and played several selections.

The beautiful autumn leaves with which the room was decorated added greatly to the enjoyment of the splendid program.

The next rally will be held in Dexter at the Copeland auditorium, Saturday, Oct. 18 at 8 p.m., so be sure to keep that date open as you will not want to miss hearing the Rev. E. Kilbourne who is a third generation missionary to China.

Another special feature of this rally will be a violin trio played by Nancy and Ruby Liecht and Marilyn Palm of Detroit. You will love to hear Arthur Bettle as he sings and plays his piano accordion. He will also lead the group singing.

For an evening of real enjoyment come and join us, won't you?

Nearly 1,000 Persons
Witness Spectacle
Under Local Lights

After a first half in which the attack sputtered and failed time after time, Chelsea came to life in the final stages of the game last Friday night, to hand a favored Romulus eleven a 12 to 0 shellacking before a crowd of approximately 1,000 persons.

At first it appeared that the game might be a repeat performance of the Dexter-Chelsea struggle, as neither team could get their attack functioning properly to go all the way. The Bulldogs had three golden scoring opportunities in the first half, but failed to capitalize on any of them. They drove from their own 40-yard line to the Romulus 8-yard line, midway of the first quarter, but the Romulus line then braced and held.

Slane plunged through to the 4-yard line, Carlson was thrown back to the 6-yard line, a fumble lost two more yards, and Miller's fourth

down pass fell incomplete in the end zone.

Romulus promptly punted on first down and Newman's kick rolled dead on the Chelsea 37-yard line. In just nine plays Chelsea had a first down on the Romulus 18-yard line, but again the Romulus forward wall held. This time J. Hadyniak, Romulus left guard, intercepted Miller's fourth down toss and ran it back to his own 31-yard line.

Romulus found it had rough going also, and after gaining only seven yards in three attempts, Newman again dropped back in punt formation and booted one to the Chelsea twenty-five. Carlson fumbled the kick, but recovered his own fumble.

From there the Bulldogs offense appeared to hit high gear. Slane and Miller split up the ballcarrying chores and aided by near-perfect blocking, moved the ball to the Romulus 17-yard line—58 yards in six plays—only to have the clock run out to end the first half. Coach Cameron sent in-order-to-run-only drive and his strategy nearly paid off, as it appeared evident that Romulus was unable to cope with the power plays which are the backbone of this formation.

Chelsea lost no time at the start of the second half. After kicking off to Romulus they held for three downs on the Romulus 49-yard line and then rushed Newman as he tried to punt, so that his kick traveled a bare six yards to the Chelsea 45-yard line. It took just eleven plays to travel the 55 yards for a touchdown this time, with Slane bucking it over from the 2-yard line to score. Baldwin's try for the point after was blocked, so with half of the third quarter gone Chelsea led 6-0.

The second touchdown wasn't long in coming either. Romulus brought the kickoff back to their own 28-yard line. On the first play, after making a first down on the 39-yard line, Campbell, Romulus fullback, was tagged hard and fumbled. McClear, Chelsea left end, recovered and it was first and ten for the Bulldogs on the Romulus 35-yard line, as time ran out in the third quarter.

Chelsea, in nine plays, was on the Romulus 3-yard line, fourth down and goal to go. Miller smashed off right tackle and was hit right on the goal line. It appeared to everyone that he'd gone over—everyone but the head linesman, that is, and on a much disputed play he gave the ball to Romulus with a first down on their own 1-foot line.

Newman didn't have a chance to kick out of danger, Chelsea's line, still thinking they'd been robbed of a positive score, smashed through from end to end, with Robbins blocking the kick and falling on it for the second touchdown. This time Baldwin's kick was wide and with more than the half of last quarter gone, Chelsea was on top, 12 to 0.

In the final two minutes Romulus smashed to Chelsea's 6-yard line on a beautiful 47-yard run by Newman, but that was as far they got. Newman almost went all the way to score, but Slane and Carlson

Former Chelsea Man Praised for Service on School Board

Knowing it will be of interest to the many Chelsea friends and relatives of Jerry Schenk, the following article which recently appeared in the Sault Ste. Marie News, is reprinted here.

"On Friday, Sept. 12, the Sault Ste. Marie board of education will hold its first meeting of the new school year.

"It will be the first time in 14 years that the familiar face of Clayton J. Schenk will be missing. It will also be the first meeting for Gordon Malcolm, his successor.

"Jerry Schenk was not a candidate this year. Schenk has devoted

14 years to the school board and they have been good, productive, solid and trying years. They included years of depression and years of war. Schenk as an engineer had an engineer's passion for detail, solidity, down-to-earth facts. These traits proved precious to the Sault and its schools. His school board members leaned on him, sought his advice, took it.

"His contributions to the school board would be better known if he had been able to trot his own horn more. He rarely did. His value to the board is better known by intimates, intimates who knew him well enough to call him Jerry.

"Sault and Sault's school children, young and old, owe a collective vote of thanks to Schenk. They all could call him Jerry because in this case the nickname stands for a firm and devoted friend."

Teachers Meet in Detroit Oct. 9-10 for Conference

Teachers from five southeastern Michigan counties are assembling in Detroit, Oct. 9 and 10, today and tomorrow, for the annual Region Six Conference of the Michigan Education Association.

An extensive program of speakers has been scheduled for the Region Six conference. It will be headed by Robert Kazmayer, author, news commentator, who will discuss "What Russia Means to Us." Eugene B. Elliott, state superintendent of public instruction, and Mary Ellen Lewis, president of the Michigan Education association, both will address general programs of the conference.

Another headline speaker to appear in Region Six is Mrs. Eslanda Goode Robeson, noted anthropologist and author. Mrs. Robeson's talk will be titled "The Negro in the Pattern of World Affairs."

Music for the general programs will be provided by the Royal Oak High school A Cappella choir, directed by B. Bruce Feighney, and the Northwestern High school chorus, under the direction of Stacey Edwards. Group singing at the general sessions will be led by Carl H. Evans and Roy M. Parsons. Registration headquarters for teachers attending the Region Six conference will be in the Consistory Lobby, Masonic Temple. Registration will begin Thursday morning, Oct. 9 at 8:30, and the first general program will follow shortly after 9:15 a.m. in the Masonic Temple auditorium.

Counties included in the MEA Region Six are Macomb, Monroe, Oakland, St. Clair and Washtenaw.

MUCH NEEDED

FOOTBALL MANNERS
Om! It's a beautiful kick-off and a wonderful night for a game! The lucky (?) people have just arranged themselves on the bleachers and are ready to watch a good Chelsea football game. These people are to have a big surprise as soon as the team works the ball down field.

The cheering, yelling crowd come running down the sidelines before the bleachers to see Chelsea get that touchdown. They do not stop to think that they are blocking the view of others who also pay to see the game. There is also pushing and shoving at the rope strung along the entire length of the field to keep the crowd from getting on the field. Remember, pushing and shoving aren't going to help you to see the game and neither is climbing over the rope, an act which might be used as basis for a penalty for being on the field.

When you go out to the field to see a game try to have good sportsmanship and think of others.

NO COMMENT?
Ain't Misbehaving—1st hour study hall.

Ain't She Pretty—Pat Scott. Rumble, Rumble, Rumble—Virginia Quitt.

Speaking of Angels—Mrs. Claire. In A Lazy Mood—Chelsea High students.

Holiday For Strings—Band. The Sewing Machine—Home Ec. girls.

Two Silhouettes—Mary Ann Schrader and Bob Bauer.

Jersey Bounce—Football team. I'm Forever Blowing Bubbles—Corky Dreyer.

DANCE—R.H.S. vs. C.H.S.

The dance held last Friday night after the football game was considered a success, at least by the Chelsea students. The reason? You guessed it—the victory over Romulus.

The gymnasium was beautifully decorated with red and blue lights and one white one which lasted almost thirty seconds. The music was furnished by some of the leading bands of the nation. They played the top tunes of the past and present, such as, "That Old Black Magic," "Heartaches" and "Peg O' My Heart."

Included as guests were some of the girls and fellows of the Class of '47, the also victorious Dexter fans, a few fans from Grass Lake and some from Romulus at the very first. There was a tag line at times, but all in all the majority of the kids danced and apparently enjoyed themselves.

PEP MEETING

The Junior class put on a very original radio skit at the pep meeting last Friday. The program was entitled "The Adventures of Herlock Sholmes." Mr. Sholmes, played

by T. McClear, was trying to solve a mystery, although he couldn't remember what the mystery was. Several people had interviews with the great detective, Mr. Sholmes. The first people to see him were three C. H. S. football men, B. Stoffer, R. Barlow and B. Knickerbocker, followed by a Romulus representative played by J. Popp.

Mr. Cameron gave a short speech after which there were several cheers given by the cheer leaders. R. Carlson also gave a short talk. Oh, yes, one should not forget to mention Mr. Sholmes' secretary, Miss Cornelia, played by Fritz Weber. Miss Cornelia was quite in fashion with her long skirt, although for a moment it seemed she wasn't going to have a skirt.

B. Merkel was the announcer, D. Kalmbach was at the piano, and D. Downer played "Flash." The skit ended with the school song. If you are still wondering what the mystery was, here it is: Mr. Sholmes was trying to figure out who was going to win the football game—Chelsea or Romulus.

A REPORT(?)
This is station "C.H.S." Flash! News was made last week at station "G.A.M.E." by the great program, "Football Suspense." The audience wasn't as large as at the first program three weeks ago. However, the program turned out to be a much more thrilling one than the first. Everybody was on the edge of their seats and the standees were on their tiptoes. They were all greatly excited at various times and kept in suspense till the final minute when the heroes conquered. Ah! Those exciting moments in the program when the directors, C. S. Cameron and D. J. Newkirk, became greatly excited as the script was fulfilled for a minute and everything was in a hither dither, everybody trying to recover it. The audience was in an uproar. The six producers were jumping up and down, kicking and using violent hand motions, and pulling each others hair out by the roots. The copy boy was running madly between the fountain and

From where I sit... by Joe Marsh

How to Tell You're Getting Old

Doc Walters gave me this formula: It's a sure-fire sign you're getting old when you resent other people having a good time.

And the Doc means it hasn't much to do with age. There are old folks in our town who get a big kick out of seeing other people enjoy themselves—seems to keep them young in spirit, with a twinkle in their eyes!

And there are some others who resent the young folks going fishing—who feel that community games and dances are just a waste

of time; or who criticize temperate people for enjoying a mellow glass of beer with friends.

They're often well-intentioned folks, too. But from where I sit, the minute we criticize our neighbors for enjoying wholesome pleasures—like a game of horseshoes, a glass of beer, or an afternoon's fishing—it's a sure sign we're growing old (in spirit anyway) no matter what our age is.

Farmers Should Locate Wheat Fertilizer Now

Fertilizer for winter wheat will be scarce again this year and farmers should be on the lookout for their supply, according to Dr. C.

E. Millar, head of the soil science department at MSC. On the whole, Michigan farmers are using about double the amount of commercial fertilizer they used in 1940. Dealers should be contacted immediately and delivery of available fertilizer taken whenever it appears on the market. Fertilizers containing 12 per cent or more potash are desirable for

wheat planted on sandy loam soils. However, many of these are not available. If dealers cannot supply high potash content fertilizers, farmers are advised to accept the 2-12-6 or 0-14-7 fertilizers for use this fall on sandy loam soils.

For clay soils the 2-16-8 is a good wheat fertilizer. If this grade is not available, straight superphosphate may be used for wheat on soils well supplied with humus or soils receiving manure in the rotation. On unmanured or depleted soils, the 2-12-6 and 0-14-7 are suggested as substitutes for the 2-16-8. Millar recommends that farmers planting wheat on heavy land do not use the 3-12-12

as the supply is limited and badly needed by farmers on sandy loam soils.

Application at seeding time of 300 to 500 pounds per acre is suitable for wheat in which a legume is to be seeded. When clover or alfalfa are not to be seeded in the grain 200 to 400 pounds per acre is recommended.

ATTENDANCE RECORD

Michigan's 70 state parks set a new attendance record of 11,148,185 persons this year, with some late season figures yet to be added. Last previous high was 9,716,050 in 1941. The 1946 total was 9,165,685.

Care Urged in Potato Digging and Storing

Potato danger season, both digging and storing, is here, says H. C. Moore, potato specialist at MSC. It's hard to be sure of a financial gain in the potato business until the crop is safely in the bin without blight or threat of rot.

Late blight and field frosts are two common causes of potatoes rotting. Although the blight was light over Michigan this year, farmers shouldn't take a chance with the infection. Sometimes potatoes from fields only lightly infected with late blight rot easily in storage where the dirt and moisture on the potatoes favor the growth of the blight rot. It's always safer, according to the potato specialist, to wait until the vines are killed by frost to start harvesting.

Potatoes showing late blight rot should not be put into permanent storage when dug. Place them in pits or temporary storage and sort them carefully two or more times before storing them for the winter. At each sorting, all potatoes showing the characteristic reddish-brown blight spots on the skin should be discarded.

Watch out for Jack Frost making a visit at digging time. If frost freezes the ground, digging should be delayed until the soil is thoroughly thawed.

Field-frosted or chilled potatoes should be handled much the same as stocks affected with blight. They should be put in temporary storage for two weeks or more and carefully sorted several times. If not sorted, a few bushels of bad potatoes may cause spoilage of thousands of bushels of good potatoes.

Chelsea was in darkness for about twenty-five minutes last Saturday evening. At six-thirty the packing around the piston of the engine was blown out and it required about twenty-five minutes to repair the damage. The stores were filled with customers and the merchants had to resort to kerosene lamps to illuminate their places of business.

Eugene Foster had one of his legs injured and James Winters had two of his ribs injured and received other slight bruises when the two men were thrown from the wagon owned by Geo. H. Foster and Sons. Their team of horses became frightened when an automobile came behind them, on a road half way from Saline and the farm of Eric Gentner, last Thursday. One of the horses suffered a broken neck when they ran up against a telephone pole.

The progressive merchants of Chelsea have entered into agreement to close their places of business at six o'clock in the evening, excepting on Wednesday and Saturday evenings. The following firms have signed the agreement: H. S. Holmes Mercantile Co., W. F. Kantlehner, G. Emil Kantlehner, A. E. Winans and Son, F. H. Belser, Homes and Walker, J. B. Cole, John Farrell and Co., L. T. Freeman Co., Lewis P. Vogel, J. Bacon Mercantile Co., H. H. Fenn Co., Fred C. Klingler, Eppler and VanRiper, Kathryn Hooker, Miller Sisters, G. H. Foster and Son, W. P. Schenk and Co., Dancer Bros., and J. Geo. Webster.

Use 2, 4-D in Fall to Control Weeds

October is a good month to begin control of weeds in lawns with 2, 4-D advises B. H. Crisby, specialist in botany at MSC. Light frosts will not interfere seriously with results of the treatments, but work should be done before freezing weather.

All 2, 4-D weed killers are most effective when soils are moist. Directions for use are included on the package and manufacturers' recommendations should be followed closely. The spray should be kept off broadleaf shrubs and flowering plants.

Sprayers used for 2, 4-D should not be used for other spray materials unless thoroughly cleaned.

MSC to Play Host to Prep Students at Journalism Day

Michigan State college will play
host to high school journalists and
their teachers at the first of an
annual series of journalism day
programs Friday, Oct. 17. Prof.
A. A. Applegate, head of the col-
lege department of journalism, is
in charge of the activities.

Feature of the day will be the
announcement of winners in vari-
ous classes of school newspapers.
Awards will be made to papers for
general excellence, and also for
service in the field of community
improvement. Individual awards
will be made for news stories, sport
stories, editorials and feature sto-
ries.

Entries will be divided into clas-
sifications, based on the same sys-
tem as used in classifying schools
for athletic competition. A grand
award will be presented to the out-
standing high school newspaper
entered in the contest, without re-
gard for the class in which it is
entered. First, second and third
awards will be given in each of the
four classes.

Although there will be no com-
petition for yearbooks this year,
clinics and discussions will be held
for yearbook editors and advisors,
as well as for the editors and ad-
visors of the newspapers.

Outstanding Michigan newspaper
men will participate in the clinics
held both Friday morning and after-
noon.

the scene of action. He was carry-
ing cups and buckets of water.
(Thank goodness the fountain was
near.)

At last the main characters
reached their goal. In fact they
reached it twice. Luckily in time.
The directors were jubilant and
congratulated the players for such
a magnificent performance. They
also congratulated the heroes for
recovering the fumbled script in
time. The producers celebrated by
serving a slight repast afterwards.

This "C. H. S." signing off. Don't
forget the program at station
"G.A.M.E." tomorrow night.

STUDENT COUNCIL

Our president, being back with
us this week, opened the meeting.
David Knickerbocker, the social
committee chairman, reported that
the committee had looked into and
approved the matter of dancing
classes for the student body's en-
tertainment. If all goes as planned
the classes will have begun by
Wednesday. The committee is also
inquiring about someone to take in-
dividual pictures of each student,
as has been done before.

There were some changes made
in the pep meeting schedule also.
Since this week was a short school
week, there was no pep meeting.
Hence, the Journalism club grace-
fully answered the Sophomores
question, if they could have the ap-
pointed date of the club's meeting,
with a "yes." So the Journalism
club must put on the first basket-
ball meeting.

FFA NEWS

The FFA are selling apples this
week.
Last week, October second, the
FFA group went to the Saline
Community Fair, where Mr. Rich-
ards, their adviser acted as judge.
On October twenty-first they will
hold their annual game supper.

GAA

The GAA has elected officers for
the year. They are as follows:
President, Rita Gross; vice-presi-
dent, Mary Ann Schrader; secre-
tary, May Slane.
Because of the late start in GAA
Miss De Rose appointed two repre-
sentatives to the Athletic Board.
These are Mary K. Palmer and Pat
Scott.

BAND NEWS

The band will make its first ap-
pearance on Halloween, when it
will play for the parade and also
in the gymnasium afterwards.

The Junior and Senior bands
have been organized, the Senior
band being composed of twenty
pieces. This number could and
should be made larger to be a sat-
isfactory representation of our
school. Mr. Dwight is also offer-
ing group training for any students
interested in band conducting. Why
doesn't everyone give this much
serious consideration?

Perhaps there is some hidden
musical talent which is not being
displayed. Let's all give the band
our all-out co-operation and make
it one we can be proud of.

ATHLETIC BOARD

Plans have been made for Mr.
Alperitz to go about purchasing
four new baskets for the gym.

Ropes, as well as signs, will be
placed on the athletic field to keep
spectators under control during
games.

SENIOR NEWS

The magazine sale ended last
week with the total of five hundred
subscriptions, amounting to one
thousand six hundred twenty-eight
dollars and twenty cents. We did
not reach our goal of eighteen
hundred dollars but with only forty
members in our class we feel we
did well.

Rita Gross, Agnes Forner, Min-

nie Platt, Richard Carlson and Ver-
non Conk are representing the
Senior class in selecting a play to
be given December the fifth.

SEVENTH GRADE NEWS

Three seventh graders, Christine
Rowe, Billy Cutler, and Roy Fitch,
had birthdays October second.
Arnold Moses moved to Jackson,
leaving the seventh grade with an
enrollment of 89 pupils.

The seventh grade enjoyed hav-
ing Mrs. Hinderer teach them on
Tuesday, Sept. 30. Miss Fox was
then at home with a cold.

GRADE NEWS

Grades six down through the
kindergarten had a community sing
last Friday afternoon.

First Grade

The first graders are starting to
read their pre-primers. They also
made a Halloween scene on their
back bulletin board.

SENIOR BIOGRAPHY

On April 29, 1930, a blessed
event was brought to the Harvey
Fischer family. Her name, as we
all know her by, is Phyllis Fischer.
Phyllis is now seventeen years old
and a student of the Senior class.
Phyllis was born in the Dearborn
general hospital.

Phyllis has acquired the nick-
name of "Sunny" among her
friends. The thing she likes to do
the most is read. Her favorite food
is boiled ham. The color green

seems to please Phyllis the most.
The song, "The Old Rugged Cross,"
seems to rate the most with Phyl-
lis. After graduation Phyllis hopes
to attend Ypsilanti Normal college.

His name is David Longworth
and he is a Senior this year. Dave,
as he is nicknamed, was born in
Chelsea, Michigan, on May 16,
1930, so that he is now seventeen
years old. The sport that interests
him most is baseball. His favorite
food is apple pie and his favorite
colors are blue and brown. Dave's
favorite song happens to be Clare
de Lune. His plans after gradua-
tion are undecided.

One for the Bright Blue Weather

THE day is clear and fresh and
spiced with autumn's tang.

Somewhere there's a friendly little
road where Nature has done her
gorgeous best with scarlets and golds
of her own special blending.

It's a moment to be prized — to be
seized — to be implanted forever in
memory's book; so slip into this one
and make the most of it.

Reach forward and touch the control
that swings back the top — on a day
like this, you'll want to be one with
the air and the sky and the sparkling
sunshine.

For a windscreen, lift the handy but-
ton that rolls up the door window — to
adjust the front seat to your liking,
touch a third automatic control, and
you're all set.

Gun the motor. Eight Fireball cyl-
inders answer that they're ready for
anything you are.

Swing the wheel. Light and sure as

your finger, it lets you know that a
hand's weight is enough on this firm
but feathery helm.

Steal a glance at your reflection in a
passing store window. You'll find you
look as you feel, bright and gay as this
wonderful day.

Seek out a rough spot, just for test
purposes. Your soft coil springs are
alert on the job, soaking up the rough
spots; ample inches and abundant
roadweight are here to keep your
going level and true.

You've got everything you need for a
wonderful time, so go ahead. Let your
cares slip away in the breeze you stir
up. Drink in refreshment for soul and
spirit, for mind and nerves.

For that's why we build
this Convertible.

For the fun it can
bring you through the
seasons. For sunny
days and bright blue

weather—for gorgeous days to come,
when all outdoors beckons you to
enjoy the pleasures of the open road.

Why don't you plan now to have one
for your own?

It may take a little waiting, but just as
surely as autumn follows summer, and
winter blossoms into spring, this car
of cars can be yours, if you place an
order now — with or without a car to
trade.

VETERANS NEWS

OFFICE OF VETERANS' AFFAIRS

NEW STANDARDS FOR TRAINING IN FARMING

The passage of P. L. 377 by the 80th Congress establishes new standards for training in agriculture. Effective Sept. 1, 1947, the combination of classroom study and practical farming is to be the basis for all full-time institutions of higher learning, where the full responsibility for proper direction and study lies with the faculty of the course; in Michigan, the veterans' institute.

The length of the training program is dependent on the need of the veteran within the limits of his eligible time. The State remains as the approval agency for institutions offering courses and the individual plans submitted by veterans seeking to enroll.

Application is made directly to the approved institution (veterans' institute) in the community. New forms which will come into use are V. A. 7-1921, to be used in making application to the institution; and V. A. 7-1922, for reporting earnings to V. A. during the training period.

The Veterans Administration will pay the same scale of tuition and instruction fees charged other students in similar courses, or an agreed rate determined to be fair and reasonable. Books and other supplies or equipment necessary to the operation of the farm will be included.

Subsistence payments remain the same: \$65.00 for single veterans, and \$90.00 for those with dependents, subject to the \$200.00 ceiling covering total earnings and subsistence.

SAVE THE HEN PHEASANTS

Schedule for 1947 Hunting Seasons Is Announced

Lansing.—Hard frosts that will knock some leaves from the trees are helping bird hunters in the season that began Oct. 1 in the upper peninsula, but heavy cover produced after unusual spring and early summer rains appears general throughout the state.

Grouse hunting continues over most of the upper peninsula through Oct. 20; in the lower peninsula ruffed grouse may be hunted Oct. 15-Nov. 5, while pheasant hunting lasts only 12 days, Oct. 15-26, with the 10 a.m. starting hour on the first two days of the pheasant season.

Re-orders from several dozen dealers for additional bow and arrow deer licenses indicate more than expected interest in the archery season that started Oct. 1.

From Oct. 11 to the end of the regular archery season Nov. 5, the women may take buck, doe or fawn in 17 northern counties, while in Allegan county their "one deer" hunting continues through Dec. 10 to assure them some tracking snow.

After the noon-hour start on the first day of duck season Oct. 7, waterfowl hunters will be limited to a shooting day that extends from sunrise to one hour before sunset.

Whitewings are hoping for rough weather that will send flight ducks southward in numbers before the duck season ends Nov. 5. The daily limit of four ducks and the possession limit of eight are the smallest ducks permitted in years.

Rabbits are legal game in the upper peninsula now and in lower Michigan after October 15, but interest in rabbit hunting is limited while bird shooting is available.

Deer hunters' regular season Nov. 15-30, is the one for which conservation department game men most assuredly predict an abundant game supply.

Estimate Million Deer for Michigan Hunters Despite Starvation

Lansing.—Michigan hunters still have a herd of about a million deer for their sport, in spite of heavy starvation losses in some deer yards last spring.

I. H. Bartlett, conservation department deer specialist, says a 30 per cent increase reported by conservation officers in the herd in the upper peninsula more than offsets losses in over populated areas lacking winter food below the straits.

All but three upper peninsula counties—Iron, Delta and Schoolcraft—show an increase in the summer counts of deer seen by conservation officers on routine patrol. In the lower peninsula the pattern of increase and decrease is most irregular, with more deer reported in Emmet, Charlevoix, Leelanau, Presque Isle, Montmorency, Kalamazoo, Crawford, Mason, Lake, Muskegon, Clare, Gladwin, Arenac and Isoc counties, with less in the other counties open to deer hunting.

Officers' observations indicate the lower peninsula as a whole has fewer deer than it had a year ago, but the excellent fawn crop reported in the upper peninsula is sufficient to maintain the statewide estimate of one million animals, according to Bartlett.

Another—annual—estimate of the deer population is to be made Nov. 1, just two weeks in advance of the regular deer hunting season.

LEAVE SKINS ON

The cook who saves time by putting sweet potatoes in the oven or kettle without peeling also saves vitamins, the department of agriculture reports. Tests show that sweet potatoes, boiled or baked in their skins, hold their naturally rich content of carotene (for vitamin A) and vitamin C very well. If a little sugar is added to the boiling water, the potatoes will have a sweet flavor. The tests showed that this helps save C—a good up when sugar becomes plentiful.

Our Neighbors

Milan.—Twelve year old Joseph D. Yunkman was killed and a playmate seriously injured about seven o'clock Monday night when the bicycle they were riding was hit by a car near their home on Stony Creek Road.—The Milan Leader.

Manchester.—The Huron Valley Horsemen's show was held at the Goldside Stables at Ann Arbor on Sunday, Sept. 28. R. C. Merithew of the Oklaoma Ranch here entered two horses and came home with two prizes. There were 21 entries in the show. Bill Hendley rode "Butter," an albino belonging to Mr. Merithew, one of the prize winners.—The Manchester Enterprise.

Grass Lake.—Several hundred members and friends of the Grass Lake Methodist church gathered last night in the new church basement for the official dedication services. The new basement is a spacious room, with one corner containing the kitchen, which is separated by serving counters from the rest of the room. The kitchen itself is equipped with modern cooking facilities and a new sink.—The Grass Lake News.

Dexter.—During the recent heavy wind a tree on the Jeffery farm was blown down and in it was found a 6-pound cannon ball. The farm was formerly known as the Taylor farm and is located on the Portage Lake road. From information Mr. Jeffery has, he has determined the house was built in 1860; the trees were about 25 feet high when the house was built according to an old tinsmith and scars on the tree show where the ball went in. Maybe they were shooting at Indians. Possibly, someone had some ammunition left over after the war and was trying out an old cannon. Who knows?—The Dexter Leader.

Williamston.—First of a series of three new wells was driven on the new Camp Kirolex extension on Clear Lake, over the week-end, by members of Williamston Troop 68. The well is located directly behind the cabins which will be used for housing leaders' families. Scouts had only to go 23 feet before they struck water. The time required was only 40 minutes.—The Williamston Enterprise.

Frankfort.—Over 150 interested citizens, representing all sections of Benzie county, joined in forming the new Anna Arkham Hospital association at a meeting called Monday night at the courthouse in Benzie. They elected Probate Judge Berge Lindy to head the organization, named chairmen for each township, and discussed tentative plans for staging an immediate financial drive for the hospital and for maintaining it in the future on a sound basis.—The Benzie County Patriot.

Rochester.—Sunday morning on Walnut street presents a most interesting picture, for within two blocks seven different churches open their doors for their congregations. On one corner is the First Baptist church, and the First Congregational and St. Andrew's Catholic church. Across the street stands St. John's Lutheran and the Nazarene church, and on past these stands St. Paul's Methodist and St. Philip's Episcopal. The Christian Science services are being held in the Avon Township hall which is just one block from Walnut, on the corner of Pine and Fourth.—The Rochester Clarion.
