IN MEMORY OF ALMA V. WAHL

In loving memory of our daughter and sister, Alma V. Wahl, who passed away 9 years ago, Oct. 30. We do not forget her, we loved her so dearly. For her memory to fade from our lives is a dream. Our lips need not speak, when our hearts mourn sincerely, for grief often dwells where it seldom is seen. Sadly missed by her parents, Mr. and Mrs. John Brustle and brothers and sisters.

If your hens are not producing an average of 15 eggs per bird per month, they are not paying their feed bill. Michigan State college poultrymen urge close culling to eliminate "boarders."

OFFICE NEWS

An assembly for both grade and high school pupils featuring a puppet show will be presented on the morning of Tuesday, Nov. 4. The chorus will sing for the meeting of the Rural Teachers' association to be held at Ypsilanti on Nov. 8. The annual Kiwanis Halloween party will be held tomorrow (Friday) evening. The football team plays Saline tomorrow afternoon and the final home game of the season will be with Dundee on Nov. 7. The date for the Senior play is set for December 5.

STUDENT COUNCIL

Monday evening dancing classes were the first discussed at the meeting. After much consideration it was decided that if a chapter could be found, the classes would be held. Everyone is invited, although a fee of twenty-five cents is required to dance.

The third and fourth grades attended for the first time the Wednesday afternoon dancing. It is said that they were surprisingly easy to handle and give direction to.

A matter of an assembly on two different, yet related subjects, given by University students was also talked over.

The more serious matter of money was also brought up. It

seems the records that have been played at the dances so far this school year, are a bit behind times, so, to provide money for this matter, each organization to use the victrola, pays \$1.50.

CONSERVATION MEETING

Tuesday morning, Oct. 14, a meeting was held for all boys in high school interested in pheasant hunting. Mr. Boyer, the conservation officer, told the boys how to handle a gun correctly, the rules of hunting game, and several cautions to take while hunting. The boys, who brought excuses from home, were permitted to go hunting Wednesday morning. About 55 boys went and out of these Jim Ewald and Oscar Baries were the lucky ones who got a pheasant.

BIOLOGY BINGE

On Thursday afternoon all the biology pupils filed out of school and into one of Chelsea High's big buses. The motor roared and they were off to see some sights of nature. The bus arrived at the Waterloo State Project, where nature could be viewed at its finest. All the pupils filed out and started along a foot-path which was plainly marked, "Nature Trail." As they walked along the pupils noticed everything was marked, even in Latin, for identification. Most of the pupils say they learned more about biology during the walk than they could learn in a week of class work. No cases of poison ivy have been

reported yet, but even this could not have spoiled such a good time. All the biology pupils would like to thank Mr. Alistatter for driving them there and all hope to go again sometime as everyone had a lot of fun.

PEP MEETING

"Who Threw the Football in Mrs. Murphy's Chowder?" That was the title of the pep meeting that was given Friday, Oct. 24, in the gymnasium by the freshmen class.

Duane Guenther announced the pep meeting and then the cheer leaders gave a yell. The curtains then parted and before us was a scene of a court room. The judge was Martin Tobin, Gerald Lehman the prosecuting attorney, Donald Pierson, Mrs. Murphy, Buddy Johnson and Victor Gauthier were brothers, Stanley Knickerbocker, Mr. Murphy, David Crocker the defending attorney and Kenneth Proctor and Walt Bauer were Chelsea High football players.

The various witnesses were called to the stand. Court was interrupted for a while when a singing commercial came walking onto the stage. "He" a "She" was advertising Dentene Chewing Gum. Recess was called and two cheers came from the audience. Then Mr. Cameron was called upon to give a speech. Court resumed and Mrs. Murphy was called to the stand. We noticed she wasn't in fashion as her skirt wasn't of the latest style. Next "Harry Pigskin," a football hero, was called to the stand. He admitted being thrown in Mrs. Murphy's Chowder by the U. High team. Court was adjourned and then "four arms" Hafley gave a short talk. Next came to cheers and Donna Kalmbach played the school song.

CHELSEA 26 vs. U. HIGH 20

Last Friday night U. High came here to Chelsea to play another game of exciting football. Chelsea had been favored but after the first quarter it was anybody's game. Chelsea had a 12 to 0 lead but in the second quarter U. High rallied. They came up from behind and went ahead. It was a very exciting game which all people attending should know.

There wasn't much humor in the game due to the seriousness of it. Chelsea's team had a chance at tying for first place but found out later it hadn't because of the outcome of another game. Another thing which added to no humor was the injury of one of U. High's players.

Our thanks goes out to the Shop classes for getting the new ticket booth made. There were some moments when the crowd disagreed with the referee, but then that's what we have a referee for.

CHELSEA SUBS

On Monday, Oct. 20 the Chelsea subs played the Dexter subs here at the athletic field. At the half the score was 18 to 0 in our favor and remained that way for the rest of the game. The touchdowns were made by George Heydlauff and Stanley Knickerbocker. Although Dexter was very good on the defense Chelsea would overpower them with their running. There were no spectators from Dexter besides their team, but a good many Chelsea fans turned out for the game.

DEATHS

Mrs. Ida J. Damon
Mrs. Ida J. Damon died Friday morning at the home of her daughter, Mrs. Blanche Barkley, at the age of 80 years. She had made her home with her daughter since 1928, following the death of her husband, John Lewis Damon, to whom she was married July 22, 1891 at Spring Valley, Ill.

Mrs. Damon's parents were Daniel and Harriet Curtis Miller of Naperville, Ill., where Mrs. Damon was born March 24, 1867. She came to Michigan from Chicago in 1921 and has lived in Chelsea since 1931.

She was a member of R. P. Carpenter Post, No. 210, Women's Relief Corps, and was Color Bearer of the Corps until a short time ago. She had held several other offices at various times during the years she was a member of the W.R.C.

Mrs. Damon is survived by three daughters, Mrs. Barkley of Chelsea and Mrs. E. K. Havice and Mrs. R. S. Atkinson, both of Chicago; seven grandchildren and eight great-grandchildren.

Rev. W. H. Skentelbury officiated at the funeral services which were held at the Miller Funeral home Monday afternoon at 1 o'clock. Burial followed at Oak Grove cemetery.

Miss Eva R. Goetz
Miss Eva R. Goetz, daughter of Otto and Louisa Wenk Goetz, died Saturday evening at the home of her parents. She had been an invalid for many years.

Miss Goetz was born in Lima township Sept. 12, 1901, and was confirmed at St. Paul's church by Rev. A. A. Schoen with the class of 1918.

Survivors, in addition to her mother and father, are four sisters, Mrs. Louis Hackbarth and Mrs. Charles Beckman of Ann Arbor, Mrs. Fred Hall of Flat Rock and Mrs. Merle Lohman of Leslie, and three nieces and three nephews.

Funeral services were held at the Miller Funeral home Tuesday afternoon at 2 o'clock and burial was in Oak Grove cemetery. Rev. P. H. Grabowski officiated at the services.

Mrs. Agnes Mayer
Mrs. Agnes Mayer of Fort Atkinson, Wis., a former Chelsea resident, died at the home of her daughter there during the night on Tuesday of the past week, following a stroke she had suffered on Sunday. Funeral services were held in Fort Atkinson on Friday.

Mrs. Mayer is survived by one sister, Mrs. Emma Kennedy of Ann Arbor, also a former Chelsea resident; the daughter with whom she made her home, Mrs. Clifford Smith; a grandson, Robert Smith of Ann Arbor, and one great-grandson, also of Ann Arbor. A brother died at his home in Buffalo in August of this year.

Mrs. Leonard Melton
Mrs. Maude Melton, 76 years old, wife of Leonard Melton, died Sunday at her home, 481 Steinbach road, following a year's illness. The Meltons came here about five years ago from Chicago where they had lived for about twenty years.

Survivors, besides the husband, are four sons, Clarence, Carl, Ed and Herschel, all of Detroit and three grandchildren, two in Chicago and one in Detroit.

The body was removed on Monday to Sharon, Tenn., where funeral services were held on Wednesday.

CARD OF THANKS
I wish in this way to express my appreciation and sincere thanks to many friends for the flowers, cards and gifts, sent to me while in the hospital and since my return to Chelsea.

Mrs. Emma L. Clayton.

CARD OF THANKS
The children of the late Mrs. Clara Honeck wish to thank relatives, neighbors and friends for their kindness and sympathy shown us during our late bereavement.

The Honeck Family.

Shelterbelt plantings should be cultivated to keep weeds under control and allow moisture to reach the roots and make the trees grow faster.

Predict Record To Be Set for Births

More babies will be born in Michigan during 1947 than have been born in any previous year of the states' history, the Bureau of Records and Statistics, Michigan Department of Health—predicted recently in announcing that 78,884 babies had been born during the first half of the year. The births exceed that of any other first half year, and are exceeded by only the 80,787 births recorded in the last half of 1946.

The births during the first half of this year exceeded by nearly 50,000 the deaths during the same period.

There were more births and deaths than there were during the same period of last year, but marriages were down. There were 28,509 more births, 975 more deaths, but 1,013 less marriages. First half year—deaths in 1947 totaled 29,087, and marriages, 34,277.

From where I sit... by Joe Marsh

Sam's a Matrimony Expert

Sam Abernathy never intended to be a matrimony expert, but he hit the nail on the head the other day when he said:

"What marriage really needs is more open minds and a lot fewer open mouths."

Sam may not think much of his missus' choice of hats or her habit of serving watercress and cream cheese salad. But he keeps his mouth shut (I mean, he just uses it to eat the salad). And the missus never criticizes Sam's affection for that worn-out chair before the fire,

and his mellow glass of beer and pipe at the end of a long day.

From where I sit, that prescription "would apply to most human relationships. Criticism rarely rouses anything but resentment. But an open mind—whether it's applied to a woman's choice of hats, or a husband's preference for a pipe and a moderate glass of beer or two—leads to the conclusion that there's right on both sides.

Hallowe'en Candy Treat for Children

Hallowe'en time is here so let's give the children a double treat by making them some good, wholesome candy.

There is a good supply of Michigan apples this year and Mary Wiseman, Home Demonstration Agent, suggests that "applets" will please the children. Apple Week is October 25 to Nov. 1.

To two cups of unsweetened apple pulp add two cups of white sugar and cook until thick—about 25 minutes. Add two tablespoons of gelatin which has been soaked in one-half cupful of cold water about five minutes. Stir until dissolved. Cool slightly by placing the pan containing the mixture in cold water.

Add one cup chopped nuts or raisins, a few grains of salt, and one tablespoon of lemon juice, stirring well. Pour into a flat, buttered pan, and allow it to remain in a cold place over night. Remove from the pan, cut in cubes and roll in powdered sugar.

For other wholesome candy recipes obtain a copy of the bulletin, "Wholesome Sweets," from your county Extension Office or from the Bulletin Office, Department of Public Relations, Michigan State college.

Little Pigs Thrive on Feed Mixtures High in Proteins

Little pigs thrive and make excellent gains on high protein feed mixtures, says W. N. McMillen, extension animal husbandry specialist at Michigan State college.

MSC tests have shown that "stunting" of little pigs may be caused by rations too low in protein. To find out how protein affected pigs gaining weight, McMillen worked with Dr. R. W. Luecke, an agricultural research chemist, and Dr. Frank Thorpe, Jr., research veterinarian, to conduct the feeding tests.

Weanling pigs, six weeks old, were fed different amounts of protein along with grain. The pigs fed a 14 per cent protein ration consumed a pound and a half of feed per day but gained an average of only one-third of a pound per day. Pigs fed more than 20 per cent protein gained more than a pound a day, eating about two and one third pounds of feed.

Three times the gain was made with less than twice the amount of feed.

McMillen points out that farmers can well afford to feed plenty of supplement to little pigs today because there is little difference in the price of supplement and grain.

Protein needs vary according to the size of the pigs. Part of the protein should be of animal origin,

especially that fed to pigs weighing less than 75 pounds.

McMillen's recommendations for feeding are as follows:

Pigs up to 75 pounds—one bag of 35 to 40 per cent protein supplement to two and one-half bags of grain.

Pigs 75 to 125 pounds—one bag

of 35 to 40 per cent protein supplement to four bags of grain.

Pigs 125 pounds and heavier—one bag of 35 to 40 per cent protein supplement to eight bags of grain.

The owl decorations for our room were copied from patterns made by Robert Bertke, Duane Satterthwaite, Bruce Franklin, Jeanette Bertke, Beverly Hughes, Janet Widmayer and Kay Keeney. Cynthia Paul is general chairman for Halloween decorations. She has been assisted by Janice Wheeler, Freddie Stoll and Beverly Smith. Beverly Hughes has made two chalk drawings which have added interest to the room.

FOURTH GRADE NEWS

Five children in the fourth grade have had birthdays this month. They are Dicky Greene, Neil Fahrner, David Bristol, Billy Neal and Monica Smith.

The fourth grade is very much interested in their science lessons about the earth and how it came to be. The film stripes given our school by the grade school PTA

are a great help. Our rock collection is growing, too. The fourth grade also wants to thank Billy Dick Geddes' mother for lending us the meteorite that fell on the Geddes farm many years ago.

Two of the girls from the grade are moving away. They are Monica Smith and Barbara Allen. Barbara is going back to Kentucky and Monica is going to a country school.

FIRST GRADE NEWS

Friday afternoon the boys and girls had a lovely birthday party. It was Frederick Wagner's sixth birthday. The first grade plans on giving a play with the kindergarten on Nov. 20. The play will be given for the children's parents.

KINDERGARTEN NEWS

The Kindergarten boys and girls are planning on giving a play with the first graders. The play will be given on Nov. 20 for the children's parents. The morning section will be the band and the afternoon section plans on helping give the play.

Farmers Help in Planning Farmers' Week Activities

One thousand Michigan farmers will help plan the program for the revived Farmers' Week to be held on the campus of Michigan State college, East Lansing, January 26 to 30.

Dean Ernest L. Anthony of the school of agriculture has sent a letter to representative farmers who have attended previous sessions asking for suggestions for programs and arrangements. Letters went to farmers in every county in Michigan. For more than a quarter-century prior to 1945, Farmers' Week attracted as many as 25,000 farm people at one time to MSC campus sessions.

When crowded campus conditions and travel restrictions made it impossible to hold the program in 1945, Farmers' Week was dropped.

Dean Anthony explained that it was impossible to send a letter seeking recommendations to all farmers, but he and his committee would appreciate hearing from anyone with suggestions regarding the Farmers' Week program.

Here's Post-war Power for Pre-war Buicks

A brand-new 1947 Fireball engine puts today's Sparkling Zip into your 1937-1942 Buick

If you've been itching to get the thrill of a power-packed 1947 Buick engine under your treadle toe, here's the quick and happy solution.

It's a factory-fresh Fireball engine right off the 1947 production line. It's exactly the same mighty package of power that goes into the flashing new Buicks. You can get it now to repower any Buick built in the last ten years.

How can we do it—when new cars are so hard to get? Here's the answer:

While shortages of bodies and other parts slow up completed cars, Buick engine production has forged ahead. So engines are available now—ready to go into your car and step it up with today's up-to-the-minute power performance.

And it's as simple as this: We take out the old engine—put this new one in its place—and your car's young again, rarin' to go, with a new lease on life and headed for thousands and thousands of miles

of smooth and spirited service.

It doesn't take long—far less time than a thorough overhaul—and often at less cost. Convenient payments can be arranged, if you like.

It's the next best thing to getting a new Buick—and a good investment because it makes your car worth so much more.

Certainly well worth while looking into, isn't it? Come in and let's talk it over.

Gee! A telephone!

Not so many years ago, a telephone was still a curiosity. Few people had them. There was only a limited number of other telephones you could call. But through the years, as more and more telephones have been installed, you've been able to reach more and more people... your telephone has been able to run more and more errands for you. Now, with still greater numbers of telephones being added, to take care of people waiting for service, its value is growing every day.

There are two times when I want my insurance agent nearby and neighborly—

1 When I buy my insurance and need somebody smart who can size up my situation and prescribe tailor-made insurance to fit my needs perfectly.

2 When I have a claim—am in trouble—and need a friend to help me out.

Insurance of all kinds has improved so much in recent years that it takes an expert to keep up with it.

Insurance of today can be fitted to individual needs better than ever before. A good local insurance agent can suggest the right insurance just as a good doctor can diagnose your case and write the right prescription for what ails you.

The local insurance man can perhaps suggest combination policies that will cover you like a tent, safeguard you scientifically and still save you money on premiums.

I'm talking of Fire Insurance, of Accident Insurance, Liability Insurance, Theft Insurance and all other kinds of insurance protection.

New Michigan Milk Producers' Association receiving station nearing completion at Orionville. It is part of the Association's program for modernization of facilities in the Detroit market area and represents the finest obtainable in both building and equipment.

LOOKING TO THE FUTURE

The better to serve—both members and the consuming public—is the primary objective of the Michigan Milk Producers' Association.

From its inception—31 years ago—this organization has operated on a true cooperative basis—the principles of Democracy being carried out to the fullest degree.

On Thursday, November 6th, some 500 delegates selected by the 16,000 members will meet in East Lansing for their annual meeting to hear reports on the past year's activities and formulate plans for future operation of the dairy farmer's organization.

In shaping the policies and program of the Michigan Milk Producers' Association, a majority vote of the delegates elected by the membership is necessary. Majorities are seldom wrong in their decision. To this policy, adopted by the farsighted founders of the organization, may be attributed its constant growth and record of achievements.

Every activity of the Association is guided by the sound principle that the interests of the consuming public must always be given equal consideration with the interests of the milk producer. That is the Democratic way and this is a Democratic body of men.

Providing the highest quality of products, efficiently produced and transported to markets, at prices which are equitable, demands sound planning in order that the public be assured of an adequate supply of nature's most nearly perfect food.

The modern receiving station (pictured above), equipped with the most sanitary machinery obtainable, is a part of the program of progress now being carried out by members serving the Detroit market. This entire program is designed to provide consumers in the area with the purest, best quality milk and dairy products it is possible to produce, always remembering that milk is vital to the public health and welfare and its cost is of paramount consideration.

The experience of the past 31 years together with our cooperative method of operation leads us to look to the future with confidence in our ability to continually better serve both the public and our own members.

FOOTBALL

(Continued from page one)

it back from the 8 to the 29. From that point in a great display of straight power football, Slane, Vogel and Miller juggled the pigskin 71 yards in 7 plays with Slane powering through center the last 5 yards to score standing up. This time Baldwin found the range on the point after, and the score stood 20-19.

Chelsea attempted a short, or an on-side kickoff, but Shipman fell on it for the Cubs and here some questionable quarterbacking gave Chelsea the chance it needed. Leading by one point, midway of the final period, Weatherill attempted to pass again to Dawson, a short jump-pass over the line, only Slane intercepted and was dropped in his tracks, but they had possession of the ball and the chance they needed.

Three line plays took it to the Cub's 39, but here they braced and held for 3 downs and it looked as if Chelsea was about to lose its second game. However, from punt formation, Miller passed to Vogel, and he made it to the Cub's 14-yard line for a first down before being stopped.

Slane rammed over center for 2 and then Miller in one quarterback sneak and three slashing drives off tackle went over from the 1-yard line to score standing up. Baldwin's kick was again good and Chelsea led 26 to 20 with only a couple of minutes to play.

The Bulldogs again attempted a short kickoff and this time Hafley downed it on the Cub's 43-yard line. Six plays later as the gun sounded, Chelsea was again threatening with a first down on the U. High 12-yard line.

All in all the game had everything from a spectator's viewpoint, plenty of scoring, long runs, completed passes, and a thrill-a-minute climax. Chelsea fought from behind to win, which, as the old saying goes, is the test of a champion. However, unless Flat Rock, the winner over Milan last Friday, 20 to 12, is upset in their two remaining games, the Bulldogs can only finish a strong second in the league standings.

Tomorrow afternoon at 3:30, Chelsea travels to Saline, which has yet to win its first game this year. However, they have 11 men on the field at one time just as Chelsea does and anything can happen.

See you at game time!

Pee Wee Footballer's Defeat Dexter 27-12

Chelsea's Pee Wee football team journeyed to Dexter Sunday afternoon and gave the newly organized Dexter boys a good going over.

Deceptive ball handling in the Chelsea backfield by Pearson, Batsakes, Knickerbocker, had their opponents baffled in the first half, piling up their total 27 points. Bob Merkel and Lake, new members of Chelsea team, played a bang-up game on the line.

GIRL SCOUT NEWS

The Chelsea Girl Scout Board of Directors met with the committeemen and leaders in the library at the Municipal building, on Monday evening. The group discussed at length problems and plans for the Scouts.

All Girl Scouts are requested to bring their registration dues to their Troop leader at the next meeting.

The troops have been changed somewhat since last week and they are now as follows:

Mrs. Brands has the Brownie Troop, which is sponsored by the Elementary PTA.

Mrs. Ted Balmer is leader of Troop I, sponsored by the Child Study club.

Mrs. Keith has Troop II and they have no sponsoring group as yet.

Miss Sobocinski is leader of Troop III, which is sponsored by the Chelsea Study club.

Troop I are very enthused about the float they are entering in the Halloween parade Friday night. Watch for it!

This is Girl Scout Week, Oct. 26 to Nov. 1. The Girl Scouts will attend church in a body at the Methodist and Catholic churches next Sunday.

PERSONALS

Mr. and Mrs. George Schlegel and Mr. and Mrs. Paul Braun and son of Bridgewater and Mr. and Mrs. Alton Fletcher of Stockbridge were Sunday afternoon guests of Mrs. F. E. Storms and Mr. and Mrs. Elba Gage. Overnight guests there on Tuesday were Mr. and Mrs. Donald Barden of South Haven.

Mrs. Jack Miller and her baby daughter, Jackie Lee, arrived Friday evening at the home of Mr. and Mrs. E. K. Miller, Sr., from Riverside, Calif., where Mrs. Miller had spent the summer with her parents, Mr. and Mrs. Bert Schneider, and where the baby was born Sept. 6.
