Police Report
3 Accidents
for This WeekStalled Auto Hit by
Fast Freight about
Midnight Saturday

The fast freight train, numbered Adv. J. S. 2, which was due in Chelsea at 12:20 midnight Saturday, was delayed about forty-five minutes after it struck a stalled car on the tracks at the Hayes street crossing. The stalled car was a 1946 Ford coupe, driven by David Stricker, of Condon and West Summit streets, causing some damage to both cars. Vision of both drivers, it was reported, was obscured by steam up car windows and by a drizzle of rain which was falling at the time.

Another accident which occurred on Tuesday, Nov. 4, but was not reported to police until Saturday, Nov. 15, concerned a 1938-39 passenger Ford coupe, driven by Harvey Knickerbocker, which for some undetermined reason, he lost control of, going off the road and rolling the car over. Mr. Knickerbocker was knocked unconscious and when he recovered consciousness found he had suffered a severe cut on the head. The accident occurred on Cavanaugh Lake road about a quarter of a mile west of Kalmbach road about 11:20 in the forenoon.

Between eighty and a hundred persons were guests of the Chelsea Public Library at the open house held in the library quarters on the second floor of the Municipal building Tuesday evening, November 18, beginning at 8 o'clock.

Present to greet the guests as they arrived were the members of the Library Board, Mrs. Edwin Eaton, Mrs. Dor Rogers, Mrs. R. Wagner, Armin Gundersen and Philip Olin. Mrs. George Walworth, the librarian who so graciously serves the patrons of the library, was also present, pointing out special points of interest.

The entire library room is very attractive, appearing spacious and very well equipped with tables and bookshelves placed tastefully at intervals to provide a rather "homey" touch.

The children's corner, with low reading tables and chairs provides for children of different ages, with books for the different age groups very conveniently arranged for their selection.

Tea was served from a beautifully appointed table, with Mrs. A. Palmer and Mrs. Warren Daniels, former library board members, pouring.

Mrs. Dor Rogers was in charge of all arrangements for the Open House.

In connection with the Open House there was a very nice library display in the Merkel Brothers store window during the past week.

SERIES OF PHOTOGRAPHIC STUDIES

Local Children's Pictures Taken Free,
Will Be Published in The Standard

The Chelsea Standard today announces the forthcoming publication of a series of local children's pictures yet to be taken. Arrangements have been completed with the Woltz Studios of Des Moines, Iowa, a nationally known firm specializing in children's photography for newspapers to take the pictures and furnish the engravings.

Expert children's photographers for the studios, with all the necessary equipment for this special work, will be here Saturday, Dec. 6. The pictures will be set up in the Sylvan Town Hall and will be open from 1 to 8 p.m.

There is no charge to the parents. There is absolutely no obligation to this invitation. There is no age limit. It is bonafide in every sense of the word. Parents

do not have to be subscribers, nor even readers of this newspaper. Neither are they obliged to purchase pictures after they are taken. Those who want some additional prints may obtain them by arrangement with the studio representative when they select the poses they want printed in the paper. It is entirely up to them!

You will be happy afterwards, if you let your child or children participate, and very sorry if you don't. The kiddies will have fun and Mother Dad will be very proud to see their pictures in print. Many will clip them out and preserve them until junior grows up. The Standard wants as many pictures as possible, so don't forget the day and date, Saturday, Dec. 6, 1 to 8 p.m., at Sylvan Town Hall.

Again the Question
of Who Is Buying
Sylvan Farm Land

Further subject matter to arouse the curiosity of those already wondering who is buying four sections of land in Sylvan township, south of Chelsea—and for what purpose—has been uncovered with the knowledge that all of the contracts of sale are not the same.

Ray E. Heller, Farm Forester for Washtenaw county, has been asked to estimate the volume of merchantable timber on a few of these farms being sold, and has been informed that some of the other farm owners do not have a right to cut or sell their timber under terms of the contract, while still others have been allowed to cut definitely limited amounts, such as fifty cords of wood and fifty sawlogs.

Those farmers who have requested an estimate of their merchantable timber, will be able to realize the best return possible because they are assured of at least knowing in thousands of board feet, the approximate quantity they have to sell.

His office is in the county Courthouse, Ann Arbor, and his services are available to any woodlot owner upon request.

Bulldogs Ended Grid Season
Friday with Decisive Victory
over Weak Manchester TeamJunior Red Cross
Shows Progress in
Enrollment Drives

Fifty per cent of the schools of the Washtenaw county chapter of the American Junior Red Cross have completed their campaign for Enrollment for Service. Other schools have reported progress in their drives.

Some schools have organized Junior Red Cross Councils; others are working through Junior Red Cross committees in the Student Council organization of the schools. In other schools the Home Room officers work directly with the Junior Red Cross representatives to the County Council.

At the September and October County council meetings there has been a total attendance of 119 Elementary School representatives, and a total of 47 Junior and Senior High-School representatives.

The October Council meetings of the elementary schools—and the High schools of the county were both held in Chelsea. Miss Eleanor Sobocinsky of the Chelsea Elementary school and Miss Eleanor Seales of the Chelsea High school acted as hostesses. Barbara Manore, of the Chelsea High school, served as Chairman of the High School council.

Hallowe'en and Thanksgiving decorations and favors have been made for Veterans hospitals by Junior Red Cross members of the chapter.

Many schools are busy filling gift boxes for shipment to school overseas. Any school wishing lists and directions for filling gift boxes, may contact the Junior Red Cross office of Washtenaw county chapter, 221 Nickels Arcade, Ann Arbor, phone 2-5546.

Statistics for the first half indicate the one-sidedness better than does the score. Manchester gained only 4 yards from scrimmage but got 1 first down with the aid of a 15-yard penalty. Chelsea, meanwhile, rolled up 127 yards and 10 first downs.

Chelsea dominated the second half just as they did the first. Manchester could only run three plays and then kick. Four Chelsea drives were halted by penalties and fumbles; but in the last few minutes of the third quarter, Cannon, Manchester fullback, attempted to pass to Krzyzaniak, only to have Carlson intercept it on the Manchester 46, and go all the way to score without being touched. Baldwin went back into the game to attempt the extra point but his try was wide to the left. Chelsea led 19 to 0 at the end of the third quarter.

With practically an all-senior team in for the fourth quarter, and several of them at different positions than they had played all year, the Bulldogs still continued to dominate the play. They drove to Manchester's 17 yard line in the final quarter but lost the ball on downs. After losing 5 yards on 2 plays, Cannon attempted a quick kick from his own 12. He was rushed badly and his low, wobbly kick was taken by Miller on the 21. Three plays later, Fred Miller dropped back and passed to Bauer in the end zone for the final marker. C. Knickerbocker, moved from tackle to end on this last series of plays, ran the point after touchdown over an end around play, making the score 29 to 0.

An that's the way the game ended four plays later, with Manchester desperately trying to complete a pass for at least one score, but not having any luck.

Statistically, too, it was as much one-sided as the first half. Manchester gained but 11 yards and two first downs, making their total for the game 16 yards and three first downs. The Bulldogs' second half tally was 145 yards and 8 first downs to give them a game total of 272 yards and 18 first downs. Only three major penalties and a couple of fumbles, all at inopportune times, kept the score from being greater than it was.

Chelsea played good ball despite the inclement weather and gained the always prized victory over Manchester to top off a very fine year.

The team had a fine crowd to back them, just as in a very game this year. The support they received, week in and week out helped them keep "up" for each succeeding game. Speaking for the team and High school, thanks to all of you.

Next week these columns will carry a summary of the whole season.

Local Nimrods
Report Success
in Deer Hunting

Theodore Combs was the first hunter from this area to report getting his buck during the present hunting season. He got an eight-point one the first day out Saturday, according to word brought back by Mr. and Mrs. Toivo Rihimaki who spent a few days north of Houghton Lake near Harrison and Clare, with Mr. Combs and the other members of the party, Andy Policht and Robert Dorner, and returned home Sunday the others remaining in the north.

By Wednesday morning, reports of two other Chelsea hunters getting their deer were received.

Roy Bertke, hunting with Dr. L. J. Paul near White Cloud, got a spike deer on Sunday, returning home with it Tuesday afternoon and Junior Seitz, who hunted near Lewiston, with Gene Staebler, of Ann Arbor, got him also a spike deer, on Saturday. He returned home with it Tuesday night.

OFFICE NEWS

Report cards will be handed out next Wednesday.

There will be a Junior High party tomorrow night, Friday. School will be closed Thursday and Friday of next week for Thanksgiving vacation.

The Senior play will be presented on Friday, December 5. The Grade school is presenting an assembly for parents in the gymnasium this afternoon from 2:10 to 3:00.

HEARING AIDS

Everyone about school last Thursday and Friday was mixed up as far as study schedule goes, for the hearing test was taking place in room 24. Friday afternoon everyone was asking his neighbor how he came out on the hearing test. Some proudly said "I filled in every box with what I hope was the number I was supposed to hear." Others mournfully informed friends that they couldn't hear the last three numbers in every column.

All that is as should be expected. If one wondered why he couldn't be interested in any of his classes, the reason could well be that he couldn't hear. Now we'll know the bitter truth. But as one listens in any study hall, the whispers one may overhear, tend to disprove any indication of bad hearing—that the test detected. Often some persons are carried on a private conversation while others probe desperately into their books, trying to concentrate on school activities. Rather hopeless, isn't it? It could be helped if "friends" would be quiet.

A TYPICAL BOOK REPORT

Name of Book—"Can't Remember."

Author's name—"Didn't have any."

Character—"People."

Plot—"Couldn't figure it out."

Was it true to life?—"Yes, it was; or no, I don't think so; it depends."

Was the book interesting?—"Yes and no."

Was the ending drawn out or sudden?—"I don't think it had any."

Name the characters that you liked?—"I didn't like any of them."

Describe the ending—This girl was in love with a man, or was it the other way around? Well, anyway, her mother, no I guess it was his mother, wouldn't do something, I can't remember what it was. Well, you see, it's pretty complicated, I can't exactly explain it.

Did you like the book?—"No."

How would you write it?—"I wouldn't."

Did you like the author?—"No, I think he was crazy."

Pupil's name?—"I can't spell it."

THE HEARING TEST

On Thursday of last week the students of Chelsea Public School had a hearing test to determine if students had anything wrong with their hearing. This test was new to many and old to others. To the new ones it may have happened like this.

When they walked into the room they saw microphones attached to the arm of each chair. The student sat down and placed the phone on his ear. Through the phone came a voice from a record. The voice told a number for the student to place on a sheet of paper. As the voice called out numbers it became fainter and fainter, thus making it more difficult to hear. This permits measurement of the accuracy and degree of hearing in each ear separately. Forty pupils can be tested at a time.

THE VACUUM CLEANER

WE PICK UP ALL THE DIRT

What did Arden find on a study hall desk during third-hour one day?

Jean and her "out-of-town" friend seem to prefer the "Cavanaugh Lake style" of riding from what we hear.

Fifth-hour bookkeeping class! How about informing the rest of us how David Knickerbocker acquired the nickname of "Marty."

Why were there so few girls at Niehaus' party?

"J. H.," now how could those initials happen to appear on Oscar's desk in American history?

The English division class has acquired many different "types" of poems lately.

Could anyone tell us why Myrna is still in school, or doesn't that "45" class ring belong to her?

Could a "Pontiac" have something to do with the disappearance of Helen every noon after she leaves John's?

The Agriculture boys seem to be discussing more than farm problems nowadays.

What was Doris knitting in history? Miss Fox seems to have the right answer to that question.

Girls, when are you ever going to learn how to curtsy to ladies?

Mr. Chandler was explaining to the Tenth grade English class the various figures of speech. He asked

what "spur" meant in the expression "on the spur of the moment." One bright lad said that it was just like in "Shakespeare" (Shakespeare).

Does Agnes prefer these walks at noon with a certain Senior boy rather than waiting for the Army to discharge one of its members?

We wonder whether the snow will stop Joyce from making her way up town to meet Bud every noon.

G.A.A.

The following girls are qualifying for basketball. Forwards: M. Bauer, D. Howard, B. Hollifield, J. Hughes, D. Kalmbach, P. Kelly, J. O'Dell, M. Schrader, P. Scott, M. Slane, W. Franklin, B. Gross. Guards: G. Fouty, R. Fox, M. Palmer, M. Roberts, P. Schabbe, J. McClure, M. Weinkauf, R. Elsemann, M. Johnson, A. Beurele, S. Geer.

SPEECH PLAY

The Speech class presented a one-act comedy, Wednesday morning, entitled "Mrs. O'Leary's Cow." The characters were as follows: Mrs. O'Leary, an Irish woman beset by many troubles—Audrey Lake; Betty O'Leary, a teenage girl who is the daughter of Mrs. O'Leary—Helen Eschenbach; Emmet O'Leary, Mrs. O'Leary's young son—Bob Stoffer; Bridget Donahue, a noisy Irish neighbor—Mary Ann Gage; Eileen Noonan, a young cousin in love with Emmet—Mary Paul; Lida Noonan, Eileen's innocent younger sister—Virginia Christwell; Prof. P. D. Farnum, a boastful owner of a circus—Charlotte Otte.

PEP MEETING

The Manchester pep meeting was sponsored by the H-Y club, announced by Bob Stoffer, and starred Tommy Dorsey Baldwin and his renounced band. The program opened with a rousing cheer from the cheer leaders which was followed by the well-known "Dorsey Boogie."

Frank Sinatra—Hansen was the guest star and sang for his first number, "Time After Time." Then Clare Knickerbocker gave the history of the Manchester football games. His inspiring talk was followed by a cheer and a talk from Mr. Cameron. Frankie returned to sing "Heartaches," but he was interrupted by Captain Jim Miller who gave the names of the Senior players whose last game this was to be.

Then Frankie sang the closing number (very well, too) to the delight of certain Senior ("I") girls.

The audience would not follow Mr. Newkirk to get by without a talk, and the cheer leaders followed up with a "Yay Seniors."

The curtain came down on our good old school song. We enjoyed it all! How about you?

(Continued on page seven)

Mr. and Mrs. O. B. McLaughlin left Tuesday to spend the winter in Lake Worth, Fla.

Mr. and Mrs. Paul Klager, of Ann Arbor, and Mr. and Mrs. George Satterthwaite were Sunday evening supper guests of Mrs. Leon Chapman.

Mr. and Mrs. J. H. Boyd, Mrs. Luella Whipple and Mr. and Mrs. Pearl Whipple were Sunday dinner guests at the home of Mr. and Mrs. Ray Whipple in Jackson.

From where I sit... by Joe Marsh.

Metropolitan Papers Please Copy!

Folks here were burned up over an article on Our Town I reprinted from a city paper. Made us sound like a bunch of "hicks" who whittled sticks and wore chin whiskers. (Last person I saw with chin whiskers was passing through on his way east.)

So I ran an editorial on how we spoke of city "slickers"—as over-dressed wiseacres, only interested in making money, and spending it in night clubs.

Fact is, if we got to know each other, we'd probably find we're not

much different, underneath. City folks work hard; like to come home at night to their families; and relax with a moderate glass of beer, like we do.

From where I sit, it doesn't matter if you live in an apartment house or on a farm—work in an office or a cornfield—the American tradition of quiet home life, temperate habits, and neighborliness is common to all of us.

Citizens of Tomorrow

THIS NEWSPAPER

To Publish Pictures of LOCAL CHILDREN

● Pictures of the children of this community are to be published in this newspaper as a special tribute to our Young Citizens of Tomorrow. Soon the responsibility for world destiny will rest heavily upon their shoulders. As Americans, they will meet those responsibilities without faltering. Among them, in the years to come will be many with fame and fortune. But, just as they are right now... with the dawn of a greater tomorrow in their fresh young faces... this newspaper wants a picture of these future professional men and women, and who knows, perhaps a future president of our country. These pictures will be published in a forthcoming special feature. So, Mother and Dad, your cooperation will be needed to help make this event a colorful and inspiring exhibit!

● Arrangements have been made with The Wolts Studios, nationally known children's photographers for newspapers, to take the pictures at the time and place given below. All you have to do is bring your children to the photographer. There is no charge or obligation. Children must be accompanied by one parent or other guardian.

● You do not have to be a subscriber to this newspaper and you do not need to purchase photographs, although you may do so if you wish. Just bring your children down and have the pictures taken. Later you will be shown proofs from which you select the pose you prefer having printed in the paper. It is as simple as that!

● You can clip these pictures from the paper, thus obtaining a memento of childhood which will become a treasured keepsake and memory record for both you and your children.

Below is the time and place to have your pictures taken without cost!

field and they had a very sensational idea of putting lights approximately 25 feet from the ground, therefore, they don't have to use their stronger lights all the time.

A senior stand on both sides of the field, cable to hold the people back instead of a rope, a bench for the cheer leaders, no bleachers for the spectators, were among things that were noticed during the game.

BAND NEWS

The Seventh and Eighth grades have been tested on their musical ability. The results of the rhythm

and pitch tests show that the majority of the students in these classes could and should start their training on a musical instrument. About 80% of the two classes indicated a definite desire to play band instruments with preference ranging from bass horn to flute and piccolo. We hope we can start all of these interested students in a beginning instruments class very soon.

Friday's Senior band rehearsal will be turned over to student conductors. Many of the band members have a desire to know what it feels like to wave a baton in front of the band. David Yoell will

be the first to try conducting. He will lead the band in several marches. Any member of the band may take part in this conducting program.

JOURNALISM

The Journalism club of Chelsea High has made a request to the Student Council for school letters for its members. The Journalism club believes members should receive school letters because:

(1) The Journalism club is an organization for the good of the school; (2) The Journalism club is a recognized organization of this school and has a legal and approved constitution; (3) Journalism members must have a high average in English; (4) Journalism club meets during activity period, but the actual work is done outside of class. This work is not always easy and sometimes takes a good deal of effort; (5) Journalism club has a textbook, "Experience in Journalism," which they study every week; (6) The work of the Journalism club is published weekly in two papers.

FFA NEWS

The FFA boys have ended their project of selling apples and cider and they wish to thank all who helped them make this project a success.

Doug Vogel brought up the matter of the Christmas program which is always held. The Seniors have charge of names and the distribution of gifts and the Juniors have charge of the program.

CHORUS

On Saturday, Nov. 8, the Chorus boarded one of those big red, white and blue school buses and went to Ypsilanti where they sang the following songs for a teachers' meeting: "My Bonnie Lass," "With a Voice of Singing," "Morning," "Czechoslovakia Dance Song," "Crimson Rose," and "Holiday Song." The group had a wonderful time.

SENIOR CLASS NEWS

BIOGRAPHY

Look! Who is it we now see taking her place in the world? Her name is Wilma Paul, whose friends call her "Wilma." This Senior was born in Chelsea, June 15, 1930. Wilma, like most persons, has her favorite sport, subject and hobby. She likes American government, basketball, and for her hobby she likes to knit. Thus, fish sandwiches rate as her favorite food. The color blue pleases Wilma the most. The song "Night and Day" is tops with her. After graduation Wilma plans to go to school, but in undecided which one she would like to attend.

On Feb. 3, 1930, Robert Freysinger was happily distributing cigars to his fellow workers. The event? You've guessed it, Robert, Jr. had finally arrived. That was 18 years ago and although Robert, Jr. is not so definite about future plans he is definite about things, such as his favorite colors, blue

and brown. He is crazy about chicken. Bowling is right up his alley and he's forever humming "I Wish I Didn't Love You So."

It pays to share the line

With telephone facilities still short, you may be one of those who share a party line. If you are, you'll want to co-operate with your telephone neighbors to get good service. Keeping your calls brief helps—so does spacing them some time apart. Remember, too, to put back the receiver after each call. And, if your neighbor has an emergency call to make, naturally you will let him have the line. Michigan Bell Telephone Company.

How to be Smart — and Show it

Those who drive them, and so should know, will tell you straight out that there is no smarter buy you can make than a Buick Roadmaster.

On the road, they say, there's just nothing to touch the lift and life in its big 144 h.p. Fireball straight-eight power plant.

In town, they find it a dream come true — quick on the green lights, uncomplicated and smooth when traffic crawls, the easiest parking eighteen-footer they ever laid hands on.

For finish and appointments, they declare, it doffs its cap to no one — and where else, they ask you, can you find style that's smarter, more distinguished, more surely a foretaste of the best that's to come?

So, they reason, you mark yourself as a smart investor when you make your highway appearance in a Roadmaster.

You mark yourself as one alert not only to what's fresh-looking and fashion-worthy but to what's fine beyond tradition's standards in finish and ride, handling and lively action.

Why not see a Buick dealer now, with or without a car to trade, and make sure your future holds something truly fine to see — and even finer to own?

ONLY BUICK HAS ALL THESE STAR FEATURES

Dexter Dedicates New Athletic Field

Dexter—Dexter's new athletic field was dedicated in a brief ceremony between the halves of the Dexter-Pinckney football game last Friday night, Nov. 7, 1947. Dexter is indeed fortunate to have the completed field. The land itself is

being paid for by the taxpayers with an increase in school tax for two years. The improvements are being paid for by donations from organizations and individuals and it is believed that it will be completely paid for in a short time. Dexter has again put over a fine community project.—The Dexter Leader.

J. Vincent Burg and Jay Tuttle returned home Sunday from their deer hunting trip in the Upper Peninsula. Each of them returned with a deer to his credit.
Roy Ives was severely injured Tuesday afternoon, while assisting A. Marofsky load scrap iron at the Lewis Spring and Axle Co. building, No. 8, as he stepped in front of his team to back them up, the horses sprang forward and he was pinned against the building by the wagon tongue. His right side was seriously injured.

Invitations have been issued for the wedding of Miss Agnes I. Weber, daughter of J. E. Weber, and Claire H. Fenn, son of Mr. and Mrs. Henry H. Fenn, which will

take place in St. Mary's church on Wednesday morning, November 28. Miss Weber has been a teacher at Rochester and Wyandotte. Mr. Fenn is in the druggist business at Michigan Center.

The Sylvan township clerk has been served with a notice of the determination of the Chelsea-Manchester road, by the Washtenaw county Board of Road Commissioners. This determination makes the Chelsea-Manchester road a county highway and Sylvan and Sharon townships are relieved of the upkeep of this thoroughfare.

The marriage of Miss Isabelle Kerbach and Arthur Merkel took place in St. Mary's church, Wednesday morning. Rev. Father Van Dyke celebrated the mass. The couple were attended by Miss Rose Merkel, sister of the bridegroom, and Norbert Merkel, a cousin of the bridegroom. Following the church services, a wedding breakfast was served to 30 relatives and friends at the home of George Merkel, father of the bridegroom.

George A. Runciman was drawn as juror to serve at the December term of Circuit court.
Ernest Paul has accepted a position in the power plant of the Michigan Portland Cement Co. at Four Mile Lake.

Paul Belser, while engaged in repairing an automobile Monday afternoon, got his right hand caught and a small bone in the palm of the hand was broken.

A new grange was organized in Ann Arbor last Friday evening by P. M. Broesamie of North Sylvan Grange, county grange deputy, assisted by G. T. English of Lafayette.

The Waterloo Telephone company has severed connection with the Chelsea exchange due to the high costs that the Michigan State Telephone company is demanding for service from Chelsea. Chelsea's Village council granted the Waterloo Telephone Co. the right to use the village poles to get into town with their wires.

One of the largest real estate deals ever recorded in Chelsea took place last Saturday when Mrs. Anna Sears sold her farm in Lima to Martin Merkel of Sylvan. Mr. Merkel sold his farm in Sylvan to R. B. Waitrous, who in turn sold a portion of the Merkel farm to George W. Gage.

Current Issue Booklet Planned by MSC Staff

A series of pamphlets designed to acquaint the people of Michigan with political, social, economic and other problems currently before the country is planned by Michigan State college.

The first, entitled "The Marshall Plan," has been published and will be made available to the public through county agricultural agents, the Bulletin office at the college, and at libraries.

The bulletins will be objectively factual in character. They will take no position on the issue but will describe its background, give proposed solutions and various arguments for and against the solutions.

"The Marshall Plan" is a discussion of Secretary of State George C. Marshall's program for rehabilitation of Europe.
