GRADUATES FROM BASIC

Private Earl J. Buku, son of Mr. and Mrs. John G. Buku of Chelsea, graduated from a thirteen-week basic training cycle as a member of Troop B, 83rd Mechanized Cavalry Reconnaissance Squadron, Combat Command A, Third Armored Division, at ceremonies at Brooks Field, Fort Knox, Kentucky, recently.

Prior to entering the service on July 22, 1947, at Ann Arbor, Earl attended Chelsea High school, where he played football for one year.

OFFICE NEWS

School will be closed tomorrow and Friday for Thanksgiving vacation. Report cards will be handed out today. The Senior play will be given on Friday, Dec. 6.

A WORD TO THE WISE

Clang, clang, clang goes the school bell. The kids all say either "Oh, boy, the school's burning up!" or "It's just another fire drill." One hates to be pessimistic (or should I say optimistic?), but who knows, some day it might be the real thing. In case it were, some of the things which have taken place at the practice drills might prove to be disastrous. The main objective is, of course, to get outside of the building, but not by running. After you do get out of the school you should move far enough away so that the last ones out will be at least fifty feet from the building. The pupils should be orderly and quiet. Conversation is strictly out of order. In case of fire, it could be possible that an announcement might need to be made.

Calmness and quick thinking are very necessary and especially of the older students for their help might possibly be needed with the younger children. Every student should have knowledge of the nearest exit or just plainly follow the rest. A good plan that could be followed would be to have one or two leaders in each room, who would see to it that the pupils march out in a straight line. Also, each room should have monitors who would close all windows and doors and see to it that all pupils get out of the room. Roll should be taken after all are outside of the building to see if all are accounted for. Special drills

with artificial obstacles could be practiced. Remember when you hear the fire bell, to think of others and not only yourself.

PRESENTS FOR CHRISTMAS

Christmas time is here again! Everyone is busy tramping the streets buying the same old thing? Dad's inevitable necktie and socks. Mother's stockings and polka-dotted sister's dolls (some present for a tomboy), and last but not least, little brother's electric train (think I'll get to use it?). Oh, yes, we almost forgot big sister's perfume (what a stink), and big brother's suspenders (Oh! why can't he use a belt?). Maybe we'll find different things this year, as you all know there are many war surplus items on hand. Just think, Dad might get an airplane or a tank; Mother an electric dishwasher, dryer, or potato peeler, sister the much needed overalls; army and navy shirts, coats, and hats; and if big brother is lucky he might get some of these clothes to fit. If they are lucky little brother and sister might get some useless guns, combat or pilot hats and big brother and sister might get a typewriter. Start early to buy your presents; then you'll find some very different ones. By the way, these are some very good ideas.

H-Y

The H-Y boys wish to express their thanks to the cheer leaders for their splendid job of feeding the players and the work they did cleaning up after them.

(Continued on page seven)

Mrs. Alvin Hat spent from Thursday until Sunday at the home of a cousin, Mrs. Bertha Judson, near Leslie, and was joined there on Sunday by Mr. and Mrs. Wilber Hat and all of them then went to DuPlain where they attended the dedication of a Wur-liter electric organ at the Church of Christ. The organ is a memorial to Larry Ash, who was killed in Italy during World War II, and was a brother of Mrs. Wayne Holden, a girlhood friend of Mrs. Wilber Hat.

GETTING THE JOB DONE IN CHELSEA

A lot of folks here still are waiting for telephones. That is because we have had to wait for enough new wire and cable to link their homes with the central office.

Bell System telephone factories, swamped with orders for equipment needed to meet the huge nation-wide demand, have been breaking all production records. We're happy to say a substantial amount of wire and cable has arrived and our construction crews are now at work in this area.

But adding new wire and cable takes time. It must be carefully fitted into the existing telephone system. Poles must be set, cable placed and spliced—all without interrupting present telephone service.

Meanwhile, our present facilities are serving more telephones and handling more calls than ever before. And as additional wire and cable are installed, still more families will be getting telephones.

FOOTBALL

(Continued from page one)

the point and Chelsea led 14 to 6. Milan came back in the final quarter to score with Benjamin plunging over from the 2-yard line. They attempted to run this point after, but that failed too, and Chelsea came back with a very nice 14 to 12 win over the champs, which, incidentally, knocked them out of first place and let Flat Rock go to the top all alone, where they stayed for the remainder of the year.

University High of Ann Arbor came out next, and in the most thrilling game of the year Chelsea came from behind in the last quarter to win, 26 to 20. Chelsea racked up two touchdowns with ease in the first quarter, Carlson scoring over left tackle from the nine, for the first one, and Miller passing to Vogel for the 20 for the second. Baldwin missed both points after, but it seemed quite unimportant. However, U. High came to life in the second quarter, successfully stopped the Bulldog's attack and even scored, with West, U. High's outstanding fullback, plunging over center after an 88-yard march. Twining's kick was good and at the half Chelsea led by only 12 to 0. U. High came back just as spirited as they had been in the second quarter and

made two long drives to pay dirt, with West plunging over for both scores and Twining making good on one of two tries for points after. The score stood 20 to 12 in U. High's favor as the fourth quarter started, but here Chelsea showed one and all, as they came from behind that they had the makings of champions, with a 71-yard march. Slane scored from five yards out and Baldwin kicked the extra point making the score read 20 to 19. And then Slane intercepted a U. High pass with only a couple of minutes remaining, and Miller scored off right tackle after a 48-yard march. Baldwin's kick was good and Chelsea had pulled one out of the fire to win 26 to 20.

Saline proved tough but the Bulldogs downed them, 20 to 6. Vogel put Chelsea in the lead early in the first quarter, scoring from the 10 on a reverse. Baldwin's kick was good and the score remained 7 to 0 until the half. Midway of the third period Chelsea again scored, Miller going over right tackle to score and when Baldwin's kick was good Chelsea led 14 to 0. Saline scored early in the fourth quarter, Jaeger going over from two yards out, but their kick was bad. Chelsea added another on a 24-yard run by Slane, but the point after was missed, making the final score 20 to 6. The Dundee Vikings came next

and were defeated 18 to 12 in the last home game of the year. The regulars ran up the 18 points in the first half and then Coach Cameron let everybody on the bench in the game. Slane plunged through center for the first marker, Carlson smashed over left tackle after a blocked punt for the second and Miller scored the third on a 24-yard run. Midway of the last quarter after Dundee's second score, the regulars returned and protected the 6 point lead.

Then came Manchester, but it was very one-sided this year and Chelsea chalked up a 26 to 0 win to end the season. Chriswell scored Chelsea's first marker early in the game, but Carlson's first try for the extra point was wide. Slane got the second marker on a plunge through center from the 10 and then kicked the point after to make the score 18 to 0 at the half.

Carlson raced 46 yards with an intercepted pass for the third score but Baldwin's kick was wide and the score stood 18 to 0 going into the last quarter with an all-senior team on the field. Miller passed to Bauer for the final score late in the last quarter and C. Knickerbocker ran the extra point over to give Chelsea a 26 to 0 win over the Flying Dutchman.

Chelsea scored 146 points to their opponents 76 this year, with

the scoring pretty well spread out among the backfield men, ends, a guard and two tackles. Slane scored 31 points and Vogel 24. Miller scored 18 on three touchdowns and passed for four more. Carlson 18, Bauer six, Baldwin 12, Harley 12, Hansen six, D. Knickerbocker six, Chriswell six, and C. Knickerbocker one.

It was a good year for a well coached, fighting eleven and until football season next year we must let this summary, which you asked for, hold you pigskin fanatics in check.

Thanksgiving

IN THE

Old Tradition

THIS country is rich in traditions which are so basically sound, they will outline all the changes which may take place in another three centuries of progress and existence. Motor cars may give way to flying vehicles. Our baths may be plastic rather than porcelain: all our foods processed, compressed or fed to us like pills: the tempo of our dance music and of our very lives speeded-up and slowed down in alternating generations. Still the great humane urges to tolerance, personal freedom and individual security characteristic of those who gave us the tradition of Thanksgiving will never be forsaken.

When the Pilgrims and their Indian friends sat down with gratitude before the greening board after the first New-World harvest in November, 1621, and gave thanks, they set the precedent for our first purely American holiday. Thanksgiving Day in the 20th century may mean going out to grandmother's house for a gigantic dinner, or it may mean eating at the Automat. But the spirit behind it—the impulse to give thanks for our blessings and bounty—remains as constant as ever.

*To Publish Pictures of
LOCAL CHILDREN*

● Pictures of the children of this community are to be published
in this newspaper as a special tribute to our Young Citizens of
Tomorrow. Soon the responsibility for world destiny will rest
heavily upon their shoulders. As Americans, they will meet those
responsibilities without flinching. Among them, in the years to
come will be many with fame and fortune. But, just as they are
right now... with the dawn of a greater tomorrow in their
fresh young faces... this newspaper wants a picture of these
future professional men and women, and, who knows, perhaps
a future president of our country. These pictures will be pub-
lished in a forthcoming special feature. So, Mother and Dad,
your cooperation will be needed to help make this event a color-
ful and inspiring exhibit!

● Arrangements have been made with The Woltz Studios, na-
tionally known children's photographers for newspapers, to take
the pictures at the time and place given below. All you have
to do is bring your children to the photographer. There is no
charge or obligation. Children must be accompanied by one
parent or other guardian.

● You do not have to be a subscriber to this newspaper and you
do not need to purchase photographs, although you may do so
if you wish. Just bring your children down and have the pic-
tures taken. Later you will be shown proofs from which you
select the pose you prefer having printed in the paper. It is as
simple as that!

● You can clip these pictures from the paper, thus obtaining
a memento of childhood which will become a treasured keep-
sake and memory record for both you and your children.

Below is the time and place to have your
pictures taken without cost!

SOME GET THEIR DEER!
Lansing. — Without the warm weather that in some seasons forces the early return to avoid meat shortages, hunters returning across the Straits of Mackinac still are bringing back about as many deer as they did a year ago, the conservation department reports. In the first few days of the season they

brought 756 bucks past this checking point—just 22 less than in the same period a year ago.

Early French Land Owner Honored by Plain, Bronze Tablet at Sault Ste. Marie

Editors' Note: This is one of a series on historical spots and monuments in Michigan, based on information from the Michigan Historical Collections at the University of Michigan.

High hopes and deep despair are connected with the history of a man commemorated by a simple bronze tablet at Sault Ste. Marie. Located at the corner of Park Place and River Drive, the tablet embedded in a boulder honors Ensign Louis le Gardeur, Sieur de Repentigny. He and Louis de Bonne, Sieur de Misselle, another Frenchman, once owned 214,000 acres of land in that region, including that now occupied by Sault Ste. Marie.

King Louis XV granted the land to his two subjects on June 24,

1751, with the stipulation that they own it for life and that on their deaths it go to "their heirs and assigns." But their heirs and assigns never were able to get the valuable property, although it was once granted to them by a court, for the two Frenchmen did not fulfill completely the terms of the grant.

According to information in the Michigan Historical Collections at the University of Michigan, the two were to build a fort at Sault Ste. Marie. The fort was to help break up the Indian-British fur trade and to be a haven for French traders. By 1762 the fort was erected.

However, best evidence available indicated the two did not live on the land. De Bonne never even visited it while de Repentigny spent only part of his time there until 1768 when army duties demanded him elsewhere. This slackness in fulfilling the residence provisions of the grant was terribly damaging to the heirs when they sued the United

States for possession of the land. Collections information shows. All land in that region had gone to the British in the Treaty of Paris in 1763 and to the U. S. in 1783. Terms of the agreements were that those possessing the land at the time were to continue to own it.

The suit began in Detroit in 1861 and three years later the claimants won their case. But their hopes of immense wealth were dashed, nevertheless. For the Congressional Act which permitted the claimants to sue the government also provided that the U. S. District Attorney take the case to the U. S. Supreme Court if the government lost the legal battle.

The Supreme Court reversed the decision of the lower court. According to the Michigan Historical Collections, the Supreme Court's decision was based mainly on the fact that de Repentigny and de Bonne had deserted the land, and that they had not made sufficient improvement on it to carry out terms of the concession.

STUDENT COUNCIL

At the Christmas program the classes will have these duties: Seniors, distribution of names and gifts; Juniors, program; Sophomores, decorate the building and tree; Freshmen, clean up, decoration of gym and setting up chairs in the gym.

The selling of stationery was rejected because the Student Council is not a money-making organization. This project will be given to some other organization.

Journalism club has asked for letters and the Council discussed this matter. A question was brought up about pins. It was reported that more people wanted letters than pins. This subject was laid on the table for further discussion.

GAA

The name of Marlene Heydlauff was left out of the GAA news last week. She is trying out for the position as forward in basketball.

CHORUS

The Chorus club went on a hayride to Clear Lake last Saturday night.

They have been diligently practicing for the Christmas pageant to be given sometime near Christmas. The Athletic Board has decided to have the alumni represented.

BAND

If you hear drums beating, clarinets and flutes squeaking, trumpets blaring, and an occasional "Oh, gee, I didn't see that whole note rest," don't worry a bit, it's the fifth and sixth grade instrumental classes learning to play their instruments and having a good time doing it.

The fifth and sixth grades meet every day for a lesson on their band instruments. As soon as the group shows enough progress, it will organize a Junior band and hold regular rehearsals. In the meantime the boys and girls are working very hard to make that instrument play the right notes at the right time.

LATIN CLUB

The Latin club went roller skating last Friday evening at Jackson. A good time was had by all. They are working on a radio program to be given sometime soon after Christmas. The committee to write the script is Nellie Atchinson, chairman, Virginia Christwell, Phyllis Hoffman, Bob Toney and Fred Fischer. The club is also working on a constitution.

JUNIOR-RED CROSS

The JRC now have a council to take care of its problems. The council is made up of a representative from each home room. These representatives are as follows: 7th grade, Dick Keizer; 8th grade, Barbara Speer; 9th grade, Beurele and Buddy Johnson; 10th grade, V. Wheeler, Barbara Manore and Audrey Lake; 11th grade, Doris Gilsen and Audrey Taylor; 12th grade, Alton Grau and Ruth Fox.

From these people Audrey Lake was elected president; Buddy Johnson, vice-president; and Audrey Taylor, secretary. The treasurer has not been chosen as yet. Miss Searles is the supervisor.

A JRC membership drive is on now and we hope that each home room will have a 100 per cent enrollment. So far the Senior boys, Mr. Chandler's home room, have about 75 per cent enrollment. What's wrong with the rest of us? Are we going to let the Seniors win every time?

Let's all get on the job, not only the representatives, but the student body, and put this over successfully. Don't let your school down!

SEVENTH GRADE

The seventh grade is working on their afghan and would like volunteers to sew it together.

The children in the seventh grade who were neither absent nor tardy this marking period are: Karen Chase, Bill Clark, Dean Clark, Barbara Collins, Donna

Hinderer, Dick Keizer, Janet Lotridge and Christine Rowe. Our plant holders have been painted by Ernest Aldrich and Gene Lake.

SENIOR NEWS

The Seniors are working diligently on their play, "The Would-Be Gentleman," to be given on Dec. 6.

BIOGRAPHIES

In Chelsea, Michigan, on Dec. 17, 1928, a blessed event occurred in the Earl Bauer household. Robert Bauer, who is now seventeen and a Senior, was born on this day. Bob has the nickname of "Durango." His favorite subject is "study hall." Football, basketball, farm, shop and swimming are his favorite hobbies and sports. "Just about everything that has any taste" is Bob's favorite food. Bob's favorite song is "That's My Desire," and his choice of color is blue. After graduation this Senior hopes to take a taxi trip up north.

In 1930, on a crisp November day, the thirteenth to be exact, the population of this country was increased by a new member. It was Mary Lantis. Since this day Mary

has acquired the favorite of red for a color, goulash for food, "Night and Day" and "Till the End of Time" her favorite songs. She has a hobby of collecting photographs. After graduation Mary may go to a business school or go west to work.

Get 1947 Power and Pop with a Brand-New Buick Fireball Engine

To those whose spirits tingle at the thought of stepping away to the tune of today's flashing Fireball power:

To those who dream of touching toe to treadle and unleashing all the zip and go packed in a 1947 Buick straight-eight engine:

Here's a bright and happy idea that makes dreams come true now.

We'll put a sleek new factory-fresh engine — identical with the engines going in our 1947 cars — right in

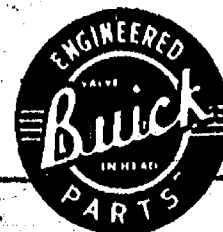

your present Buick. We'll lift out the old engine, lower this sleek new one in its place, hook it up, and there you are with a sweetheart ready for thousands and thousands more miles of thrilling performance and with a car worth much more than it was before. It's the next best thing to getting a new Buick.

How can we do this, when new cars are so hard to get? It's this way. Sheet steel and other parts are short. That holds up bodies and

completed cars. But engines are coming along great guns.

So we have these 1947 honeys ready to put in any Buick built in the last 10 years. To do it takes less time than a major overhaul. It often costs less too. And convenient payments can be arranged if you like.

Pretty nice idea, isn't it? Why not look into it today? We'll be glad to go over it in detail with you.

It Wasn't So Very Long Ago

Items taken from files of The Standard of years past.

Mrs. Fred Natten, Miss Leona McCoy and Fred Cook attended the football game at Ann Arbor, Saturday.
Mrs. David Schneider, who has resided on her farm near Jerusalem, moved to Chelsea, Thursday, where she will make her future home.
Mr. and Mrs. Samuel Mohrlock have returned to their home here from Grand Blanc, where they have been spending several months. Mr. Mohrlock was engaged by the

State Road department on the construction of a trunk line highway. The Chelsea Fire department was called to the residence on Van Buren street, owned by Wm. Doll of Ann Arbor, and occupied by Mr. and Mrs. E. L. Anderson, about 9:30 Tuesday evening. A slight blaze on the roof was the cause of the alarm.

The fair which was given by the members of St. Mary's church in St. Mary's hall on Monday, Tuesday and Wednesday, was well attended. O. R. Barth was awarded the door premium of a barrel of flour, Monday, and Miss Eisele, daughter of Mr. and Martin Eisele of Lyndon, was awarded Tuesday's door premium of a dressed hog.

Honor roll students of District No. 4, tr. Sharon township, Dorsey, Haselchwerdt, teacher, included the following: Marie Bauer, Gertrude Kuhl, Caroline Leeman, Waldo, Horning John, Davison, Richard Wolf, Evelyn Mayer, John Leeman, Clarence Gage, Gwyneth Jones, Francis Dornoff, Russell Wolf, and Catherine Dornoff.

Neither absent nor tardy were Lucile Alber, Marie Bauer and LeRoy Burns.

Geo. A. Peters of Solo, said to be the oldest resident of Washtenaw county at the present time, will be 99 years old next June. Mr. Peters is well known to the residents of Chelsea. He is an uncle of Mrs. D. H. Wurster and Howard S. Holmes. Mrs. R. P. Copeland of Dexter is a niece, and Dr. R. S. Copeland of New York City is a great nephew. "Uncle Gus" Peters has a memory stocked with interesting experiences. "In those days," 1929, the Indiana made their headquarters at Unadilla, Livingston county, and once a year took the trail to Amherstburg, Canada to receive their bounty from the British government. On one of their trips as they were passing our home, an Indian brave picked me up and started to carry me in his blanket, but father came running with a club and the Indian dropped me."

Another of the old land marks of Chelsea has been removed. On Tuesday a force of men cut down the large tree standing near the Michigan Central passenger station in the front yard at the home of Mr. and Mrs. A. Kne. It has stood there for 60 years and was 11 feet 11 inches in circumference near the ground. Some of the limbs measured 76 feet from the trunk of the tree to their tips, and a number of them reached to the roof of the passenger house, while others rested on the roof of the home of Mr. and Mrs. Kne.

Grayling Sports Park Preparing To Open

Grayling—Preparations for operation of the Michigan winter sports area here are well under way with the drafting of an agreement between the conservation department and the Grayling Sportsmen's club, and reconditioning of machinery in the toboggan house. The Sportsmen's club is incorporating as a non-profit organization, and will operate the park with community support. Any excess of income over costs will be put into park improvements, and the club is considering such facilities as tennis courts, skeet and archery ranges to make the site a play place in summer as well as winter.

Workmen are preparing to change gears and counterweights on the toboggan-return machine.

Ma Hoskins Sneezed at Cats!

Ma Hoskins couldn't understand why she got a fit of sneezing every time Harpo, the cat, came in the room. Finally figured she'd have to get rid of Harpo altogether.

Then Doc Hollister explained she had an "allergy." Cat's fur made her sneeze like strawberries give some folks rash. He gave her an inoculation so she and Harpo could live sneezelessly together.

I guess a lot of us have "allergies" in the social sense. Some folks just can't stand movies, or radio comedians. Other folks don't go for

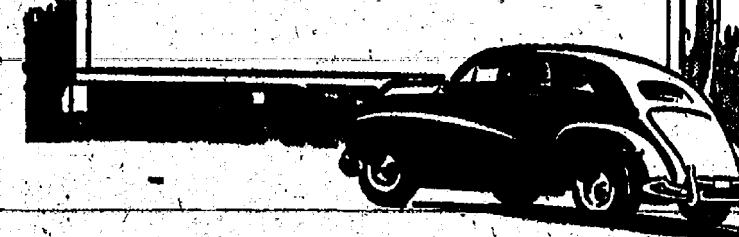

beer. Myself, I enjoy a moderate glass of beer or two with friends... but it's up to them what beverage they choose.

From where I sit, the important thing is not to let our social allergies result in antisocial taboos. Let's not criticize the fellow who likes beer if we like cider. A little inoculation of tolerance can help us live-and-let-live happily together.

It's Just Plain Common Sense

That car of yours cost a lot of money. It's just plain common sense to have faulty brakes fixed immediately... to have inadequate lights made right... to have necessary adjustments taken care of before they grow into larger troubles. We can put your car in top condition for so little. Then you can smile at driving hazards, steep hills, sharp curves... and let those who don't use common sense pay the bill.

Household Records

Should All Be Kept
Simple but Usable

For safety's sake and for the
sake of a well-run household,
housewives should keep four
kinds of household records. Most
of us keep recipes and receipted
bills, but we should add to that
household inventories and ac-
counts.

How you keep records is as
important as what you keep, be-
lieves Mary C. Wiseman, home
demonstration agent. All records
should be simple but usable.

Receipted bills should be kept in
a good box and in alphabetical
order. Fettered receipts are most
useful if kept in a classified card
file and divided into meats, de-
serts, and other main headings.

Household inventories can be
kept in booklets supplied by fire
insurance companies. Such an in-
ventory is a help in presenting an
insurance claim. Be sure and keep
the inventory where it would be
seen in case of fire.

You have a choice of several
methods for keeping household ac-
counts. Whichever method you use
should have a simple way for clas-
sifying household expense. You
will want to use one that provides
for some kind of a summary. Also,
you will find it worth while to
provide a way for comparing what
was actually spent with what your
family planned to spend. The Ag-
ricultural Extension office in the
Court House at Ann Arbor has
available Farm Family Account
booklets recommended by Michigan
State college.
